This means that in the year 1926, and in several years prior thereto, the city officials had overestimated the amount necessary to carry on the city's business. This over-estimation each year has resulted in there now being due the city in back taxes, most of which, of course, is for the last two years, the tremendous sum above mentioned, more than twenty-five per cent of the needs of the city for the present year, even on the figures of the city officials themselves. This is an outrageous situation; it would never be tolerated in any city but Boston and the only reason why it is tolerated in Boston is because the duty of fixing the tax limit is divided between the city officials and the Legislature.

How much will it cost to carry on the business of the City of Boston in 1927? The city officials say \$31,000,000 in round figures. This is \$1,340,000 more than it cost last year. For the sake of the argument on ways and means, grant it. Now, how shall it be met? The city officials acknowledge cash on hand January 1, 1927, the first day of the new fiscal year, \$310,000. They also admit \$6,140,000 from income other than taxes. This leaves \$24,850,000 to be raised by taxes, and will require a tax limit of \$13.50. Since January 1, 1927, the city has collected \$3,500,000 in back taxes against which there is no claim. It is free money in the treasury.

Is it unreasonable to require them to use one half this amount to reduce the tax limit by one dollar. That is the only issue—the only request now made of the Legislature. No question is raised against the Mayor's plan of spending \$1,340,000 this year more than was spent last year when the tax rate was the highest in the history of the city. The enormous increase in the cost of maintaining the city

departments the past five years is without warrant by the growth of the city measured in any direction.

There is no relation between the tax rate finally to be determined by the assessors of Boston for the current year and the tax limit to be put upon the Mayor by the Legislature except that if the limit is low enough it will force the assessors to use all available receipts and force the city government to appropriate a part of their surplus in order to give the citizens of Boston a reasonable tax rate for the current year.

The Boston tax limit can be reduced from \$13 per thousand, which this bill calls for, without affecting the Mayor's appropriation one penny. To utilize the back tax collections in the treasury would be in accord with the general practice in cities and towns throughout the Commonwealth. The tax limit of \$13 could be reduced to \$11.40 and still not affect the expenditures of the city.

The tax limit of \$13 could be reduced one dollar without affecting the expenditures and would leave in the treasury at the end of the year, from the collection of prior years taxes, the sum of \$854,315.43. The tax limit could be reduced fifty cents over that called for by the present bill, which would make it \$12.50, and there would be in the treasury at the end of the year, from the collection of prior years taxes \$1,774,844.21.

If we would emphasize the need of reduced taxes in the cities and towns of the Commonwealth, then we should be willing to resist the temptation to raise unnecessarily large amounts of money, because experience teaches us that if the money is raised in taxes, ways will be found for spending it.

The Legislature of Massachusetts throughout the years of the past has established an enviable reputation for orderly and mature deliberation. It should not be carelessly thrown aside.

For the reasons above set forth, I am returning herewith House Bill No. 257, being "An Act Relative to Appropriations by the City of Boston for Municipal Purposes," without my approval.

POLICE DEPARTMENT ORDERS.

General Order No. 1062.

The resignation of Patrolman Edward W. Daley of Division 17 having been presented while charges against him are pending, it is hereby accepted, to take effect Monday, April 11, 1927, at 7.45 o'clock a. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

General Order No. 1063.

A trial board consisting of Captains Rooney, Laffey and Anderson, having heard by reference a complaint against Patrolman Herbert R. Harrington of Division 4, charging him with neglect of duty and conduct unbecoming an officer, has reported to the commissioner a finding of not guilty on both charges. In accordance with which, it is hereby ordered that the complaint against the said Patrolman Herbert R. Harrington be dismissed.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

RECEIPTS OF MILK IN BOSTON,
1925, BY RAIL.

Total, 198,132,118 quarts, or 151,036,648 by Boston & Maine R. R.; 39,287,886 by New York, New Haven & Hartford R. R.; 7,807,584 by Boston & Albany R. R. The said total exceeds that of 1924 by 6,959,444 quarts and is the largest on record.

PETITIONS ALLOWED.

The Mayor has approved the following petitions received from the Board of Street Commissioners:

Edison Company, Leonard street, Ward 15, erect four poles.

Miller's Service Station, Inc., 85 Broadway, Ward 5, 500 gallons of gasoline (additional).

Blue Hill Auto Tire and Vulcanizing Company, 830 Blue Hill avenue, Ward 14, oxygen and acetylene.

MASSACHUSETTS CIVIL SERVICE
EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

STATIONARY ENGINEERS, STATIONARY
FIREMEN, MARINE ENGINEERS,
MARINE FIREMEN AND OILERS, APRIL
28, 1927.

This examination will be held for the service of the state and all cities and such towns in the state as are classified under civil service.

The examination for each kind of position will include a statement of training and experience, a physical examination, and the possession of a license, either (a) as first, second, or third class stationary engineer; (b) as first or second class stationary fireman; (c) as chief, first assistant or second assistant marine engineer. Oilers and marine firemen are not required to have a license.

The date given above is not the actual examination date, but the date on which, as nearly as possible, applicants who have filed applications will be given a physical examination.

SCHOOL PHYSICIAN, BOSTON SCHOOL
DEPARTMENT, APRIL 29, 1927.

Salary, \$960 per year. The examination is open to both men and women who are registered Massachusetts physicians, and who have an M. D. degree.

The duties of this position are to report every school day to the principal of the schools to which they are assigned by the Director of School Hygiene, to examine all children entering school for the first time, to make an examination and diagnosis of every child returning to school without a certificate from the Health Department or from the attending physician, after absence on account of illness or from unknown cause, and to make such examination and diagnosis of every child who shows signs of ill-health or symptoms of communicable or infectious disease, to exercise general supervision on all matters pertaining to school hygiene, and to report to the Director of School Hygiene in writing any insanitary conditions in their respective schools or districts, and such other duties as are outlined in the pamphlet issued by the Boston School Department, Department of School Hygiene, on Duties of School Physicians.

Subjects and weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Applicants will be required to obtain at least 65 per cent in each subject of the examination in order to become eligible.

Successful applicants will be required to file a certificate, satisfactory to the commissioners, from a reputable physician as to their physical fitness for the position.

WITHOUT ADVERTISING.

The Mayor has approved the following contracts awarded without advertising; requests of heads of departments to do the work with the department forces without advertising; additions to and deductions from contracts.

PUBLIC WORKS DEPARTMENT.

Upon April 8 the Mayor approved a contract with the City Building Wrecking Company for cutting off the buildings at 1 to 9 Kneeland street. A communica-

tion from J. H. Sullivan of the Public Works Department was as follows:

Boston, April 6, 1927.

To the Mayor of Boston.

Your approval is respectfully requested to the award of a contract, without advertising, for cutting off the buildings No. 1 to No. 9 Kneeland street, Boston, to the City Building Wrecking Company, 185 Somerville avenue, Somerville, at a cost of \$1,495.

In order to expedite matters and save time, invitation bids were asked and three bidders experienced in this line of work submitted proposals, that of the City Building Wrecking Company being the lowest.

Respectfully yours,

J. H. SULLIVAN,
Commissioner of Public Works.

PUBLIC WORKS DEPARTMENT (Paving Service).

Upon April 12 the Mayor approved a contract with Max Kaufman for the construction of artificial stone sidewalks. A communication from J. H. Sullivan of the Public Works Department was as follows:

Boston, April 12, 1927.

To the Mayor of Boston.

Permission to award a contract for the construction of artificial stone sidewalks in the public streets, without advertising, to Max Kaufman, 2050 Washington street, Roxbury, is hereby requested on the ground that this contractor is not selected by the city in the first instance but by the abutters; secondly, the expense of construction is to be divided by the city and abutters; also because such contracts vary greatly in amounts and seldom involve one thousand (1,000) dollars.

Respectfully yours,

J. H. SULLIVAN,
Commissioner of Public Works.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved:

PUBLIC WORKS DEPARTMENT (Paving Service).

An addition, amounting to \$300, on contract with A. DeStefano & Son, Inc., for laying granite block pavement in Warren street, on account of excavating and removing the material placed in roadway to make the street safe for the winter. Original contract, \$20,916.75; total additions, \$900; contract as standing, \$21,816.75.

An addition, amounting to \$75, on contract with Warren Brothers Company for laying bitulithic pavement in Crawford street, on account of furnishing and laying Y's in existing surface drain for new catch-basins where directed. Original contract, \$33,694.15; total addition, \$75; contract as standing, \$33,769.15.

An addition, amounting to \$950, on contract with Joseph A. Singarella for rubble wall in Morton street, Dorchester, on account of excavating below subgrade and replacing with concrete on line of wall on Morton street, from Morton road about 500 feet southerly. Price to be paid for each square yard of material excavated and replaced with concrete, the sum of \$10; grading fill as directed on line of Morton street wall, to be paid for by force account. Original contract, \$13,500; total addition, \$950; contract as standing, \$14,450.

PUBLIC WORKS DEPARTMENT (Water Service).

An addition, amounting to \$25, on contract with M. DeSisto Company for laying and relaying water pipes in Goodale road, Dorchester, Duncklee road, Brighton, Francis place, Freeman avenue, Reahton road, Rowe street, Rumford road, Spring road and Welles street, West Roxbury, on account of teaming and placing earth fill in washout trench. Original contract, \$3,807.50; total addition, \$25; contract as standing, \$3,832.50.

An addition, amounting to \$20, on contract with Joseph Capone for laying and relaying water pipes in Bullion road, Cranston road, Pond circle, West Roxbury, and Violante street, Dorchester, on account of hauling inspectors' shanty and furnishing 2-inch plank for wet bottom trench. Original contract, \$3,578; total addition, \$20; contract as standing, \$3,598.

SCHOOLHOUSE DEPARTMENT.

Phandor Company have been allowed the following additions to the contract for the Bennett District School for changing control from hand automatic, \$254.92; for installing extra porcelain drinking fountains and relocating toilet on second floor, \$395.15, per architect's letter of March 23, and the amount of \$648.07 will be added therefor, making the account as follows: Contract price, \$101,000; total additions, \$17,725.39; total deductions, \$900; amount of contract, \$117,825.39.

M. S. Kelliher Company have been allowed the following additions to the contract for the Minot District School to erect fencing, clean lot, fill cellars and do extra grading and seeding on lot. This lot is where the old house which was demolished stood, per architect's letter of March 26, and the amount of \$4,839 will be added therefor, making the account as follows: Contract price, \$187,390; total additions, \$9,934.11; total deductions, \$3,300; amount of contract, \$194,024.11.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

HEAD DIETITIAN, TEWKSBURY STATE INFIRMARY, DEPARTMENT OF PUBLIC WELFARE, APRIL 21, 1927.

Requisition is for a female but the examination is open to both males and females.

The salary is \$1,200 per year with maintenance.

Applicants must be graduates of a recognized domestic science school and have had at least one year's experience as dietitian in a large hospital or other institution.

The duties of this position are to direct and be responsible for the dietary work, involving the preparation of regular and special hospital diets, and the supervision of employees and patients assigned to the kitchen service, and to direct the instruction of nurses in dietetics.

The subjects of examination with their respective weights will be as follows: Training and experience, 4; practical questions on the duties of the position, 3; personality and fitness, as determined by an oral interview, 3; total, 10.

Applicants will be required to obtain a mark of at least 50 per cent in practical questions and at least 65 per cent in experience, in the oral interview, and in general average in order to become eligible.

Successful applicants will be required

to file a certificate, satisfactory to the commissioners, from a reputable physician as to their physical fitness for the position.

SOCIAL SERVICE WORKER, DEPARTMENT OF PUBLIC HEALTH, APRIL 21, 1927.

Requisition is for a female, but the examination is open to both males and females.

The salary is \$1,980 per year.

The duties of this position are to assist the superintendent and the superintendent of nurses of the Pondville Hospital to outline and recommend policies relating to the admission of patients, to investigate applications for admission; to assist in developing an out-patient service; to advise regarding the follow-up work at the various clinics developed over the state, to follow up all patients discharged from the hospital for the purpose of arranging for the continuation of medical treatment, etc., to collect data regarding the social and economic aspects of cancer and regarding the availability of bed service and the extending of the same, to act with the department in developing the cancer program in special communities.

The subjects of examination with their respective weights will be as follows: Training and experience, 4; practical questions on the duties of the position, 3; personality and fitness, as determined by an oral interview, 3; total, 10.

Applicants will be required to obtain a mark of at least 65 per cent in each subject of the examination in order to become eligible.

Successful applicants will be required to file a certificate, satisfactory to the commissioners, from a reputable physician as to their physical fitness for the position.

FIRST ASSISTANT ASSESSOR, BOSTON ASSESSING DEPARTMENT, APRIL 23, 1927.

There are five vacancies. Salary, \$1,700 per year.

The duties of this position are approximately as follows: The City of Boston is divided into districts for assessing purposes. Each first assistant assessor has charge of a district. Beginning April 1 it is his duty to examine all real estate property and all tangible personal property in his district and put a fair valuation thereon for tax purposes. This generally takes from six to eight weeks. During the period after May 15, which is the completion of the street work, the assessors are in daily sessions at a Dooming Board until about August 1. From about the first of October to the first of January the first assistant assessors are required to give about one day a week for hearings in regard to abatement of taxes in their district. It is desirable that applicants should have a good general knowledge of real estate matters with experience in buying and selling, and that they should be good judge of value, both of improved and unimproved real estate. A knowledge of tax laws is also desirable, as is experience as a builder or ability to judge value of new buildings. There is no objection to the assessors having other employment in their spare time.

Subjects and weights: Training and experience, 4; practical questions, 3; personality and fitness, as determined by an oral interview, 3; total, 10.

Applicants will be required to obtain at least 50 per cent in practical questions, and at least 65 per cent in training and experience, in the oral interview, and in general average in order to become eligible.

Successful applicants will be required to file a certificate, satisfactory to the commissioners, from a reputable physician as to their physical fitness for the position.

REPORT TO SCHOOL COMMITTEE.

The School Committee has received the following report from Arthur L. Gould, assistant superintendent, on his attendance at the convention of the Department of Superintendence of the National Education Association at Dallas, Texas, February 26 to March 3.

The annual meeting of the Department of Superintendence of the National Education Association was held at Dallas, Texas, February 26 to March 3, 1927.

Meeting with this department were fifteen affiliated groups, representing all phases of instruction from pre-school and kindergarten to college and university.

The question usually asked of an attendant is, "What was the keynote of the convention?"

Despite the wide range of educational interests and the broad scope of educational problems under discussion, it became increasingly clear as the convention progressed that the development of ideals, of character, and of citizenship constituted the basic theme of the meeting.

Specifically applying this general theme in terms of pupil welfare the thought may be expressed somewhat as follows:

Every child, regardless of wealth, social position, native ability, or other conditions, is entitled to full and free opportunity for the kind and degree of education that will ensure his best and fullest development for a happy, useful and worthy life. Every child has some one power or ability greater than any other, and it is the function of the school to discover this gift and develop it so that the child will be conscious of a driving force which makes him desire to express himself in actual achievement. Knowledge functions as real power only as it gets into the soul. The creative instinct of the child opens the door to right learning and right living.

With this general theme in mind it is the purpose of this report to summarize briefly some of the more important discussions.

1. Need for Character Training.

Much emphasis was given to the necessity of providing for character training in the schools, not incidentally and as a natural outgrowth of general instruction, but as a specific and definite part of the school program with a special technique of teaching and with carefully selected material for instruction. Certain psychologists and specialists in the field of mental pathology have studied intensively the pre-school child. They lay great stress on the importance of the earliest childhood experiences even to the extent of asserting quite generally that habits of emotional reaction and traits of character are fixed by the impressions of the first years of life. In so far as this concerns habits which are allowed to continue without the intervention of later positive education such findings have much of truth in them. The real purpose of education, however, is to strengthen and foster the good habits of the early years and to so organize our teaching procedure that undesirable habits and emotional reactions shall become transformed into newer and more rational modes of behavior.

It is interesting to note here that Boston was one of the first, if not the first, of the larger cities of the country to introduce as a specific part of its curriculum a definite course of study in character education. Recently it has likewise placed at the disposal of its teaching body the

first report of a committee which has been studying the emotional responses of children.

Both these new ventures are attracting country-wide attention.

2. Need of Close Articulation in Secondary and Higher Education.

Two large problems formed the basis of this discussion. The first concerns the junior and senior high schools and was discussed by John W. Withers of New York University somewhat as follows: The value of the contributions which the junior high school has already made to American education can hardly be overestimated. We have reached a time when it is necessary, if this contribution is to become most effective, that the place and function of the junior high school should be more clearly defined and practically respected and applied. Its very newness and lack of crystallization and rigidity in any direction is not the least feature of its value and importance. The lack of co-ordination between the junior and senior high schools is largely due to the conflict of two fundamental types of learning. The first of these—learning by participation—occurs when the learner himself takes part with others in life processes which it is desirable to master. The second—formal or institutional learning—by its very nature tends to be conservative, standardized and fixed. Its purpose is clearly supplementary to the first.

If conditions of organized community life were practically uniform and stable so that the needs of tomorrow as well as of today could be anticipated, the problem of education would be greatly simplified. But conditions of life are changing continuously and rapidly and children must be taught how to meet these new and difficult situations.

The organized curriculum of the junior high school aims to combine as effectively as possible in the school as an institution these two types of learning. The senior high school still holds largely to formalized instruction. The way out of the difficulty is to make such adjustments of secondary curricula that the experiences provided for pupils shall resemble as closely as possible those of real life so that in school and out of school the student shall learn those processes which in adult life it is desirable he should understand.

The problem of articulation between the senior high school and the college was presented by Dr. Frank D. Boynton, Superintendent of Schools, Ithaca, N. Y. He said in substance:

The senior high school has a difficult problem to face. On the one hand it has a constantly increasing stream of students from the upper grade schools pouring into it to receive instruction in accordance with individual needs and abilities. On the other hand, it finds the college, its natural outlet, demanding academic entrance requirements of ever increasing difficulty.

Thus the college, while admitting larger numbers than formerly, has met the challenge of the high school graduates with a more drastic selective policy for obtaining the finest specimens of a particular type of ability and rejecting the others. The high school therefore finds itself facing two serious unrelated problems. First, acceptance of the democratic principle that every child has the right to have developed through education whatever talent he may possess without reference to quantity, quality or

type of that talent, and the further assurance of the opportunity to go as far as condition and ability will permit. Second, the necessity of preparing its graduates to meet severe college entrance requirements based on tradition, giving little consideration to the needs or aptitudes of those seeking further education.

What is to be done with the constantly increasing group of rejected students? Selection from the upper quartile only seems to be the present-day answer of the college. There is, however, a fundamental American doctrine that in education rests the security of popular government. Steadily the nation has moved towards the attainment of this ideal. Beginning as a private enterprise education has gradually passed on to the control of the people and at each succeeding level the ideal has been to make it free and universal. In the elementary school the ideal has been attained; and in the secondary school nearly so. We are now face to face with the problem at the college level and no solution of it will be accepted as adequate that does not assure to every worthy high school graduate the opportunity to prove by actual trial whether or not he can profit by higher training, and that does not assure further that the trial shall be made under conditions which by providing human sympathy and encouragement will aid him in orienting himself to new and strange surroundings. It is apparent that some attempt be undertaken immediately to meet this critical problem. Schoolmen suggest the establishment of state universities and the extension of the junior college as a part of the state and municipal school system. Meanwhile it is suggested that the following steps be taken:

1. A survey of present higher educational institutions to ascertain existing plant capacity, endowment and equipment, together with a scientific determination of what constitutes a reasonable teaching load for a college teacher.

2. Provision by the state of adequate educational facilities from kindergarten through university, including a system of junior colleges with unbroken sequence of promotion for those found capable at each stage of profiting by more advanced instruction.

3. Provision of higher training for various types of mental ability.

4. A reorganization of college courses with definite group objectives and guidance for the orientation of freshman in collegiate work.

5. Teaching ability as well as ability in research as a qualification for the college teacher.

3. Health.

More than seventy-five per cent of the twenty-six million school children in the United States have physical defects which are detrimental to their health and mental growth.

The remedy lies in the incorporation of a sane and adequate program of health education as a vital part of the school system. Such a program should make provision:

1. To give all students adequate health information.

2. To give continuous training for the purpose of establishing health habits.

3. To establish a well-rounded physical education program to provide for the student:

Physically through corrective exercises for posture and carriage.

Mentally through definite training in alertness, obedience, self-control.

Morally through specific training in fair play and good sportsmanship.

Socially through training in the art of working and playing in a spirit of genuine harmony.

4. To co-operate with home, community, state and nation in safeguarding and promoting health.

5. To require specific and definite training for every classroom teacher in the fundamentals of healthful living, the comprehension of vital statistics, health regulations, sanitary requirements, and of health as the basis of character development.

4. Music.

The subject of music was discussed at many meetings and had its place in each of the larger group meetings. Emphasis was placed upon the need of general education and specific teacher training to the end that the results of musical instruction shall give to the students and masses of the people ability to know and appreciate and enjoy good music, and to realize that its greatest contribution to life is not through training of the intellect but through refinement of the soul.

There were two outstanding exemplifications of the importance of music in the public schools.

The first was a remarkably fine concert by the National High School Orchestra, whose membership of two hundred sixty-eight was composed of pupils selected from all the states on a competitive basis.

The second was a demonstration by a chorus of six hundred colored pupils of the Booker T. Washington High School of Dallas, and conducted by the daughter of Booker T. Washington. They sang the old negro spirituals as well as the old southern airs, "Carry Me Back to Old Virginia," "Old Black Joe," "My Old Kentucky Home." It was a musical concert such as is seldom heard even by southerners, and that the chorus took its audience by storm was unmistakably evidenced by the applause after each number and later by the participation of the audience in repetition of the familiar southern melodies.

5. The Platoon School.

The platoon school is developing many adherents throughout the country. Its philosophy is based upon the child's need of work, study and play. This type of school requires playgrounds, auditoriums, science, art and music rooms. The special subjects are in charge of teachers possessing exceptional talent in their chosen fields of work. The rooms are specially equipped, the materials carefully selected, and the teachers chosen because of special talent and ability. These combine to make an environment which interests the child in his school life. The program is planned to utilize the entire school plant all of the time. Thus in an elementary school of twelve hundred pupils only six hundred seats are needed for regular classroom work, three hundred for special activities, one hundred fifty in the assembly hall, and playground space for one hundred fifty. This eliminates the waste of a large assembly hall with a seat for every pupil. The balanced-load principle of organization helps to minimize the cost. The school day is usually six hours long with pupils grouped into two platoons of six hundred pupils each.

The school day of six clock hours is usually divided for home room activities into four ninety-minute periods; and for special rooms into twelve thirty-minute periods. Thus for example, classes of Platoon 1 in home rooms study the usual

major subjects for ninety minutes. They then go to three special rooms, such as art, gymnasium and science, for thirty minutes each. After lunch they return to their home room for another ninety-minute period and then to three more special rooms, such as music, assembly room and library for thirty minutes each. Platoon 2 reverses this plan. This type of school organization is well established in many of our large city systems, such as Baltimore, Birmingham, Denver, Detroit, Jersey City, Newark, Pittsburgh, Portland (Oregon), and elsewhere. Superintendents from these schools report enthusiastically of the value of this type of school organization.

6. Resolutions.

The Department of Superintendence offered the following:

1. Commendation of increasing efforts of boards of education to adapt school organization, courses of study, and methods of teaching to varying needs of children.

2. Approval of scientific research.

3. Employment of teachers based on fitness only.

4. Recommend adequate support of all sound and well considered programs of public education as investments sure of satisfactory returns in good citizenship, cultural and spiritual wealth.

5. Recognition of responsibility of state for the support and administration of education.

6. Commendation of Curtis-Reed bill, which provides for establishment of a department of education and for the support of scientific research under the direction of a Secretary of Education.

7. Opposition to introduction into the program of schools, materials and activities not organically related to the regularly constituted courses of study.

8. Recognition of music, art and other similar studies as fundamental in the education of children.

9. Approval of just and effective legislation to prevent exploitation of children for commercial profit.

10. Commend recognition of ethics of the profession of teaching by teachers, administrative officers and governing boards.

11. Recommend that a worth-while health program be carried on throughout the country; that character building be recognized as a fundamental objective; that the schools encourage respect for law and order, and a sense of personal civic responsibility; and that a happy and helpful attitude of tolerance be inculcated.

FIRE DEPARTMENT ORDERS.

General Order No. 19.

I. EXAMINATION FOR PROMOTION TO THE RANK OF CAPTAIN.

The Massachusetts Department of Civil Service and Registration has announced an examination, for promotion to the rank of captain in the Boston Fire Department to take place on April 20, 1927.

This examination is open to the lieutenants in the Boston Fire Department who have served as such, in accordance with civil service rules, at least one year immediately preceding the date of examination.

The subjects of examination with their respective weights will be as follows: Training and experience, 9; report, 3; practical questions, 8; total, 20. Successful applicants will also be given a physical examination and strength tests.

Application blanks may be secured from the district chiefs of each district. The vouchers on this blank need not be filled out. When completed, applications should be sent to the Department of Civil Service and Registration, Division of Civil Service, Rooms 148-152, State House, Boston, not later than Wednesday, April 13.

Applicants will be notified about a week in advance of the examination as to the exact time and place of examination. Wherever it is necessary, captains and lieutenants will exchange shifts on April 20, so that lieutenants may take the examination for promotion without interfering with the efficiency of the department.

Each applicant must bring his own penholder, pen, blotter, pencil, eraser and ink.

II. RESIGNATION.

The resignation of Michael F. Begley has been accepted by the Fire Commissioner, while charges for absence without leave were pending, to take effect April 5, 1927, rules 305 and 307 being waived.

III. BUNDLE DAY.

Wednesday, April 20, 1927, has been designated as Bundle Day for the Near East Relief, and in accordance with the annual custom the fire stations of the department will be open on that day as receiving stations for bundles of clothing. These bundles will be collected later by agents for the Near East Relief. No bundles should be accepted at the fire stations after the automobiles from the Near East Relief have made the collections.

Posters designating fire stations as bundle stations will be sent out by the Near East Relief and permission is hereby granted to place these posters on the fire stations.

By order of Fire Commissioner E. C. Hultman.

DANIEL F. SENNOTT,
Chief of Department.

General Order No. 20.

I. INFORMATION.

The following letter is published for the information of the department:

HEADQUARTERS FIRE DEPARTMENT,
60 BRISTOL STREET, April 9, 1927.
To the Officers' Club, Boston Fire Department.

GENTLEMEN,—I am in receipt of your letter of April 7 asking the permission of the commissioner to assist a Mr. Bennett, an employee of the Cox Confectionery Company of East Boston, to solicit funds for the family of the late Lieut. Joseph Donovan of the Boston Fire Department; the proposed action of the committee being "the circulation of subscription slips, running benefit concerts and the mailing of a stereotyped letter to business houses, and Mr. Bennett stated he would like to have the Officers' Club participate in all the proposed activities."

While the commissioner has the greatest sympathy for the widow and children of the late Lieut. Joseph M. Donovan, he cannot grant this request because in his opinion it would be seriously detrimental to the discipline and welfare of the department to have officers soliciting funds from privates in the department as well as from business concerns with which the department has an official relationship.

However worthy a case may be the officers of the department must be aware

that the general practice of soliciting subscriptions by members of the department ceased some years ago, because the city and state made reasonable provisions for the protection of the families of firemen killed or injured in the line of duty; further, the Boston Firemen's Mutual Relief Association, which all members must join, was organized distinctly for the purpose of doing away with the practice of taking up collections among the members, and assured the payment of a death benefit of the same amount to the dependents of all deceased members of this department.

In addition to this the business men and citizens of Boston are asked to subscribe to the Relief Fund of the Fire Department once each year by the purchase of tickets to the annual ball, and it is generally understood that no other demands will be made on the business men and citizens of the city except this annual contribution to the Boston Firemen's Relief Fund which is incorporated for the purpose of affording relief to sick and injured firemen as well as for the assistance of the widows and children of deceased firemen.

Respectfully yours,

E. C. HULTMAN,
Fire Commissioner.

By order of Fire Commissioner E. C. Hultman.

DANIEL F. SENNOTT,
Chief of Department.

MAYOR APPROVES AUTO BRAKE TESTS.

Mayor Nichols sent the following communication on April 7 to the Boston Automobile Club indorsing a campaign being conducted by that organization for public brake tests of automobiles.

BOSTON, April 7, 1927.

BOSTON AUTOMOBILE CLUB, MAJ. PAUL H. HINES, Secretary, Hotel Statler, Boston.

DEAR MAJOR HINES,—I desire to indorse heartily the campaign now being conducted by the Boston Automobile Club in co-operation with Frank A. Goodwin, registrar of motor vehicles, for a public brake test.

I know of no problem confronting our citizens of greater importance than the endeavor to devise ways and means for the reduction of automobile accidents upon our public highways. I am pleased to offer every assistance within my power in behalf of this well-directed public movement. Every automobile owner, whether operating car or truck, should actively join in these tests by submitting his machine to the most careful character of test for the alleviation of highway accidents. Your club has in my judgment conducted a splendid method in the arrangement, with appropriate authorities of the City of Boston, in providing the test of brakes upon important thoroughfares, especially where automobile trucks of tremendous power are constantly in operation.

I am pleased indeed to offer every assistance within my power in behalf of this well-directed public movement, and I trust that the response to the movement inaugurated by you will be most generously accepted. With kind regards,

Sincerely yours,

MALCOLM E. NICHOLS, Mayor.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 10-inch earthen pipe, in Roxana street, between Charles and Sunnyside streets, and in Sunnyside street, between Roxana and Church streets in the Hyde Park district, at an estimated cost of \$9,200.

A sanitary sewer and surface drain of 10-inch and 12-inch and 10-inch, 15-inch

and 24-inch pipe, respectively (southern artery), in Evans street, Druid street, Washington street, Owencroft road, Alicia road, Shawmut Branch Railroad, Marsh street, Neponset avenue, in the Dorchester district, at an estimated cost of \$10,000.

A sanitary sewer of 12-inch pipe and a surface drain of 24-inch pipe and 4-foot circular concrete in Woodbrier road, between 90 feet southeast of Centre street and a point 484 feet southeasterly,

in the West Roxbury district, at an estimated cost of \$6,250.

A sanitary sewer of 10-inch pipe and a surface drain of 15-inch pipe and 2 feet 3-inch concrete in Centre street, between Grove street and a point 1,353 feet southerly in the West Roxbury district, at an estimated cost of \$18,170.

A sanitary sewer of 12-inch pipe and a surface drain of 4-foot circular concrete in private land, between Wedgemere road and Woodbrier road, in the West Roxbury district, at an estimated cost of \$5,150.

A sanitary sewer of 12-inch pipe and 36 feet of 24-inch pipe surface drain in Wedgemere road, between Centre street and a point 292 feet southeasterly, in the West Roxbury district, at an estimated cost of \$5,150.

A sanitary sewer of 15-inch earthen pipe in Centre street, between Glendale road and Wedgemere road, in the West Roxbury district, at an estimated cost of \$9,400.

A sanitary sewer of 10-inch pipe, a surface drain of 10-inch and 15-inch pipe and eight catch-basins in Roslindale avenue, between Beech street and Dudley avenue, in the West Roxbury district at an estimated cost of \$10,200.

CHANGES IN CONTRACT.

SCHOOLHOUSE DEPARTMENT.

The Mayor has approved the issuance of the following orders for changes in contracts:

The issuance of an order for change in contract of Thomas O'Connor & Co. for the erection and completion of the Roxbury (Memorial) High School for Boys.

At the time this contract was in contemplation, it was estimated that \$50,000 worth of rock excavation (blasting) might be encountered, and this sum was included in the contract as an allowance. According to the terms of the contract, the Board is requesting authorization of deduction of this total amount at this time, with the intention of putting through each month, with your permission, an order of addition for the amount of rock excavation (blasting) performed during the month, which will be determined by our Civil Engineering Division and paid for at the unit prices named in the contract. For this purpose the Board hereby requests your approval of the issuance of these monthly orders, which will be necessary, without additional letters referring to this excavation.

The issuance of an order of addition, in the sum of \$42,300, to the contract of John Bowen Company for erection and completion of the additions and alterations to the Washington School, West End.

This amount is required to cover the cost of extra foundation work. When the plans for additions and alterations were to be made, the architect was furnished with the plans and specifications of the existing building, from which he procured data to design the new work. When the contractor started work, it was discovered that the existing building structure below grade was not in accordance with the original plans and specifications, and the soil when excavated was found not to be suitable for the erection of the new work thereon. The foundation plans were redesigned, and caissons with grade beams were recommended by the architect and approved by the Board.

EXTENSION OF CONTRACT.

PUBLIC WORKS DEPARTMENT (Sewer Service).

T. J. O'Connell has been granted a further extension of the time of completion of the contract for building sewerage works in Beacon street, Roxbury; Arlington and Providence streets, city proper, and manholes, catch-basins and drains in South Boston, Roxbury and Dorchester, dated October 16, 1926, from April 15, 1927, to May 1, 1927, fifteen days.

POLICE DEPARTMENT ORDER.

General Order No. 1064.

The resignation of Patrolman Bernard G. Farmer of Division 17 having been presented, it is hereby accepted, to take effect Thursday, April 14, 1927, at 5.45 o'clock p. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

ASKS FINANCE COMMISSION TO PROBE STATE FINANCES.

The Mayor on April 13 addressed the following letter to the Finance Commission:

Finance Commission of the City of Boston.

GENTLEMEN,—I hereby direct your attention to the inclosed copy of remarks made by State Treasurer William S. Youngman, who in said remarks makes charges of maladministration and bad finance in certain matters relating to the government of the Commonwealth.

Inasmuch as the City of Boston pays one fourth of the state tax and thus paid to the state the sum of \$3,000,000 last year, it appears that the charges of the State Treasurer bear a close relationship to methods of administration affecting the City of Boston.

The amended Boston City Charter wisely makes provision that the Finance Commission shall have the duty of investigating any and all financial and administrative matters affecting the city. Therefore, in transmitting to you the charges of the State Treasurer I feel confident that I have indicated a field where a thorough and impartial investigation will throw light upon one of the principal sources of our tax burden. The State Treasurer says that the Commission on Administration and Finance has misused its powers, that it has muddled the revenue of the Commonwealth and that it has even misled our Governor.

These charges if true are of grave moment to the City of Boston whose affairs are deeply concerned with the conduct of this state tribunal. It is consequently vital that you take up this investigation at your earliest possible convenience.

As nearly as I can ascertain you are now conducting five investigations of matters relating to city departments. As the charges of Mr. Youngman are clearly of paramount importance you will kindly discontinue forthwith your City Hall inquiry and devote your attention to the inquiry demanded by these charges.

Practically all of the time of the Finance Commission is spent in and about City Hall. The city devotes \$50,000 a year to the Finance Commission and in return receives considerable shabby publicity on not much of anything. Yet, as the State Treasurer says, all is not well at the State House. City Hall needs you at the State House. You will receive an enthusiastic welcome there from those who have expressed anxiety to help the Mayor of Boston.

So kindly proceed without delay and report to me from time to time upon the progress made.

Respectfully yours,

MALCOLM E. NICHOLS, Mayor.

EXTRA WORK UNDER CONTRACT.

Martino DeMatteo has been directed to perform the following extra work under the contract for constructing sheet asphalt pavements in Greylock road, Walk Hill street and Hollingsworth street. Items ordered: Haul excavated material from Walk Hill street and deposit same in slopes on Morton street, between Canterbury street and Morton road. To be paid for under section 1 (c) of this contract. Estimated cost of extra work, \$1,125.

FINANCE COMMISSION REPORT.

The Mayor has received the following report from the Finance Commission.

April 9, 1927.

HON. MALCOLM E. NICHOLS, Mayor.

SIR,—The city has, with certain minor exceptions, two methods of restoring street surfaces where openings have been made by city departments or by public service corporations, or otherwise.

1. The patching of bituminous pavements, including asphalt, bitulithic and other bituminous mixtures, is done under a contract let each year.

2. The repair of block pavements is done by five district contractors, designated to do the work without competition in five districts of the city.

Although each year the form of seeking competition for the bituminous patching contract is gone through, the Public Works Department, whenever necessary, finds an excuse for letting the contract to the Central Construction Company. During the five-year period from 1922 to 1926, inclusive, this company secured the contract twice by being the lowest bidder in the competition; once by being the lowest bidder after the original bids had been rejected and the job had been readvertised; and twice by being preferred to the lowest bidder. This is a very attractive contract, as it not only carries the right to patch bituminous pavements for the city, but the right to replace openings in similar pavements made by the public service corporations and to collect from these corporations for this work.

Whatever price the city obtains under its contract, the public service corporations are forced to pay an arbitrarily fixed and exorbitant price. This additional perquisite should be taken into consideration in advertising for bids, as it is extremely lucrative. Under the contract of 1926 the company received \$104,000 from the city and approximately \$118,600 from the public service corporations, as well as \$2,399.41 from the Water Division of the Public Works Department at corporation prices, a total of about \$224,000.

The following table shows the prices paid by the city to the Central Construction Company in the last five years:

YEAR.	3 and 2 inch bituminous surface. Square Yard.	Concrete base. Square Yard.	Total Paid.
1922.....	\$1 30	\$2 00	\$49,817 91
1923.....	1 65	2 50	83,956 25
1924.....	1 75	2 75	99,512 46
1925.....	1 75	2 75	90,215 63
1926.....	1 70	2 75	104,092 96

At the same time that the city was paying \$4.45 a square yard for bituminous pavement on a concrete base under the 1926 contract, the public service corporations were forced to pay \$7 a square yard for the same paving.

On March 29 bids were opened for repairing bituminous pavement in the current year, with the following results:

BIDDER.	1. 35,000 Square Yards (Sheet Asphalt), 1 1/2 Inches Deep, with Bitulithic Binder 1 1/2 Inches Deep.	2. 20,000 Square Yards (Bitulithic Concrete), 2 Inches Deep, of the Bitulithic and Topeka Types.	3. 12,000 Square Yards 1 Inch or less in Depth for Surface Patching.	4. 100 Cubic Yards Extra Bitulithic Binder.	5. 2,000 Square Yards Concrete Base, 6 Inches in Depth.	8. Wages for Laborers.	Total.
M. F. Gaddis.....	\$1 35	\$1 35	\$0 80	\$10	\$3 75	\$0 65	\$92,350
Central Construction Company.....	1 70	1 70	1 10	12	2 75	65	113,400
Rowe Contracting Company.....	1 85	1 85	1 50	12	2 00	65	124,950
Warren Brothers Company.....	1 92	1 92	1 08	15	3 00	65	126,060

From these figures it will be noted that the lowest bidder is \$21,050 lower than the next bidder. Of the total amount paid under this contract in the past year, approximately 75 per cent was on account of sheet asphalt surface and bituminous concrete surface. For these items the lowest bidder this year made a bid of \$1.35 per square yard, as compared with \$1.70 per square yard which the Central Construction Company bid.

In the opinion of the engineer of the Finance Commission there is a margin of profit in this item for the lowest bidder, assuming that conditions of operation continue as in the past five years. If, as usual, the successful bidder is to have the corporation work at the prices fixed by the Commissioner of Public Works, even at the low figure the contractor should make a handsome profit.

There is no impending emergency which requires the work to be started within one day, as specified by the Central Construction Company. The fact that this contract was not advertised earlier in the year is conclusive on this point. The time estimated by the low bidder for starting the work, that is, within eighteen days, apparently contemplated the time required by him to receive and put in working order an asphalt mixing plant. As a matter of fact, considerable time is required to cut out the old work and put in concrete base before a mixing plant can be used, so that the low bidder could, if required, begin work almost immediately. In fact many of the holes in the streets of a dangerous nature have already been temporarily repaired with cold patch bituminous material.

The low bidder in the present competition was also low bidder last year. He was rejected ostensibly for the reason that he had no asphalt mixing plant in place. There is no difficulty in obtaining such a plant within a reasonable time and the low bidder has satisfied the commission that he is in a position to obtain such a plant, together with other necessary equipment. Last year the difference between the Central Construction Company and the low bidder was \$12,250. This year, as before stated, it is \$21,050.

For patch block paving work the city is at present divided into five districts. Without competition a contractor is designated to do the work in each district and the prices per square yard are arbitrarily fixed. The objectionable feature of this system is that the Public Works Department is ostensibly fixing the price which the contractors may levy upon the public service corporations. These contractors, however, are then allowed to do the city's patching and to charge the city for this type of paving at the same rate.

Until recently much of the patch-paving work for openings made by the

city was done by its own labor force. For many years, however, the administrations have designated contractors to do the block paving work for the public service corporations, but have permitted the corporations to make their own terms. The next step in dealing with the corporations was to fix arbitrary prices which they must pay for this work and then to force them to accept the terms by holding up their permits until they gave in.

The third step was to give the work of repairing this type of pavement for openings made by the city to these favored contractors, without competition, at the prices arbitrarily fixed for the corporations. The city labor force, which had previously to a large extent done this work for the city, was diverted to work for which it was less qualified and the expense to the city for patching this type of pavement was increased.

The following table sets forth the prices which the Public Works Department has fixed for the corporations to pay and then adopted for city work on the block paving type.

1 to 10 square yards, \$12 per square yard
10 to 20 square yards, \$10 per square yard
20 to 50 square yards, \$9 per square yard
Over 50 square yards, \$8 per square yard

These established prices are exorbitant. The contractors try to make each job come within the small area class for which the highest price is paid; even if several jobs are to be done on the same street and within the same block, the attempt is made to treat each as a separate job.

The attempt to make each job a separate undertaking, instead of combining several jobs into one, has another object, namely, to keep the work out of the statutory provision that all contracts for over \$1,000 must be advertised, so that the work can be done without competition. Sometimes this purpose is not accomplished and the work, though unadvertised, runs over \$1,000. Thus recently Coleman Brothers Company was allowed to repave Appleton street without a competitive contract, although the cost exceeded \$1,000 and was obviously contrary to the charter amendments.

The assertion that most of the patching jobs are small and therefore must be paid for at the high rate is not justified. It has been found that the contractors frequently wait until they have an accumulation of small jobs before they go upon the streets to make repairs. The amounts which they have received from the city and from the public service corporations indicate that their work has been in substantial amounts. Thus, the amount which the five favored contractors together received from the city and from

the public service corporations in the year 1926 exceeded \$285,000.

A reasonable cost to the contractor without profit for patching streets by relaying block pavement on a concrete base with grouted joints has been estimated by the engineer of the Finance Commission to be between \$2.70 and \$3 per square yard, depending on conditions and areas patched. These figures are confirmed by bids made by contractors for the work of the Public Works Department, which show prices varying from \$2.60 to \$2.90 per square yard for taking up and relaying old block pavements on a concrete base, which included the contractor's profit. Recent bids received by the Public Works Department for a job in which the principal item was bituminous pavement contained an item for a small amount of granite block pavement with grouted joints, relaid on a 6-inch concrete base. The price for this varied from \$2.35 to \$5 per square yard, with an average of \$3.33 per square yard. The calculations made from the published figures of the Public Works Department of the cost of work done by the day labor force of the department indicate as an average for ten jobs, without profit of course, a cost of \$2.73 for relaying granite block paving and putting in a concrete base.

The facts relating to the patching of bituminous pavements are sent to you in order that you may give them consideration in any present or future awarding of the annual patch-paving contract. The system of designating contractors to repair pavements for the public service corporations at fixed prices and of using these contractors for city work without public competition at the exorbitant prices so fixed was established in a previous administration. It was continued by your Honor in the first year of your administration and appears to be in effect at present. It is time to change the system.

Respectfully submitted,

THE FINANCE COMMISSION,

by CHARLES L. CARR,
Chairman.

ADDITIONAL DAMAGES.

The Mayor has approved the following vote of the Board of Street Commissioners:

Whereas, An award of \$14,280 for the taking of an easement for highway purposes in 1,025 and 493 square feet of land from Benjamin H. Greenhood for the widening and relocation of Cambridge street, was made to said Greenhood under the order for said improvement dated August 20, 1924; and

Whereas, Said sum (\$14,280) was accepted by said Greenhood not in full satisfaction of all damages so sustained but as payment *pro tanto* without prejudice to any right to have the remainder of said damages, if any, assessed by the appropriate tribunal; and

Whereas, Said Greenhood petitioned the Superior Court for a jury to determine said damages in excess of the amount (\$14,280) so awarded, accepted and paid; now, therefore, it is

Voted, After consultation with the Law Department and on its advice, that additional damages in the amount of \$1,720 that be and the same hereby is awarded to Benjamin H. Greenhood, and it is further ordered that the Corporation Counsel agree to judgment in said case on the terms herein stated.

MORTALITY REPORT.

For the week ending April 9, 1927:
Population estimated, July, 1927,
United States Census estimate, 793,000;
number of deaths (stillbirths excluded):
Residents, 209; nonresidents, 43; total,
252.

Death rate per 1,000 of population: All
deaths, 16.57; nonresidents deducted,
13.75.

Death rate per 1,000 of population:
Last week, 15.52; corresponding week
last year, 20.15.

Deaths by age periods, sex, etc.:
Under one year, 30; one year to 5 years,
inclusive, 15; sixty years and over, 102;
total deaths: Male, 142; female, 110;
deaths in hospitals and institutions, 144;
deaths of colored, 6.

REPORTABLE DISEASES: CASES AND DEATHS.*

PROCEEDINGS OF SCHOOL COMMITTEE.

Apr. 4, 1927.

A regular meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 6:45 o'clock P. M., the Chairman presiding.

Present: Mrs. Barron, Dr. Boggan, Messrs. Gray and Sullivan.

AMENDMENT AND APPROVAL OF MINUTES.

On motion, the minutes of previous meetings were amended as follows:

Jan. 10, 1927, on page 7, to provide that the appointment of Helen M. Tivnan, as assistant, kindergarten, two sessions, John Marshall District, to take effect Nov. 3, 1926, shall read "eighth year."

Feb. 21, 1927, on page 47, to provide that the appointment of Hugh J. Cox as second assistant, Boston Trade School, Evening Classes, to take effect Mar. 1, 1927, shall read "second assistant, building trades."

The reading of the minutes of the previous meeting was omitted, the Board approving them as printed.

DEATH.

The Superintendent reported the death of the following-named teacher:

Samuel Adams District—Fannie M. Morris, master's assistant, Mar. 27, 1927.

Placed on file.

The following appointments and transfers by the Superintendent, certified by him as being in accord-

ance with the rules and regulations, to take effect on the dates stated, were presented:

APPOINTMENTS.

(From the Eligible List)

Dorchester High School for Boys—William A. Mahaney, junior master, Apr. 12, 1927.

Bowditch District—Muriel M. Whipple, assistant, elementary, Apr. 12, 1927.

Christopher Gibson District—Catherine G. Donahue, assistant, elementary, (from junior assistant) Apr. 12, 1927.

Edward Everett District—Julia J. Matthes, assistant, elementary, Apr. 12, 1927.

Everett District—Gladys E. Shevlin, assistant, intermediate (from junior assistant, Hyde and Everett Districts), Apr. 12, 1927.

Franklin District—Alice M. O'Leary, assistant, elementary, Apr. 12, 1927.

Henry Grew District—Henry C. Clark, assistant, elementary, Apr. 12, 1927.

Henry L. Higginson District—Mary C. Flynn, assistant, elementary, Apr. 12, 1927.

Jefferson-Comins District—Esther M. Hanney, assistant, elementary, Apr. 12, 1927.

John A. Andrew District—Mary J. Conners, assistant, elementary (from junior assistant, Grover Cleveland Intermediate District), Apr. 12, 1927.

John Marshall District—Esther Sampson, assistant, elementary, Apr. 12, 1927.

Mary Hemenway District—Alice L. Treacy, assistant, elementary, Apr. 12, 1927; Katherine M. Ulrich, assistant, elementary, Apr. 12, 1927.

Oliver Wendell Holmes Intermediate District—Irene M. Bragan, assistant, intermediate, Apr. 12, 1927.

Robert Gould Shaw District—El-

leen T. Raftery, assistant, elementary, second year, (from junior assistant, Bowditch District), Apr. 12, 1927; Mary M. Riordan, assistant elementary, Apr. 12, 1927.

Samuel Adams District—Marion Levine, assistant, elementary, Apr. 12, 1927.

Thomas Gardner District—Sylvia M. DeSimone, assistant, elementary, Apr. 12, 1927.

Warren-Bunker Hill District—Isabelle H. Ehrlich, assistant, elementary, Apr. 12, 1927.

William Lloyd Garrison District—Margaret L. Pratt, assistant, elementary, Apr. 12, 1927.

Laid over.

(By Promotion)

Trade School for Girls—Bertha D. Tucker, head of department (from vocational assistant), Apr. 12, 1927.

Boston Trade School—Thomas L. Sullivan, senior instructor (from instructor), Apr. 12, 1927.

Laid over.

(Re-entry into Service.)

William Lloyd Garrison District—June M. Raymond, assistant, elementary (resigned from Mather District, Sept. 16, 1924), Apr. 12, 1927.

Laid over.

(Assistant, Elementary, from Assistant, Kindergarten.)

Samuel Adams District—Eleanor F. Gartland, assistant, elementary (fifth year), (from assistant kindergarten), Apr. 12, 1927.

Laid over.

(Two-session kindergartens.)

Ellot District—Emma F. Temple, first assistant, kindergarten, two sessions (from first assistant, kindergarten), Jan. 24, 1927.

Hancock District—Bertha V. Martin, first assistant, kindergarten, two sessions (from first assistant, kindergarten), Apr. 25, 1927; Lillian H. Herter, assistant, kindergarten, two sessions (from assistant, kindergarten), Apr. 25, 1927.

Laid over.

EVENING SCHOOLS.

Term 1926-27.

Girls' Evening Commercial High School—Helen L. Barry, assistant, March 3, 1927.

Franklin Evening School—Martha M. Holland, assistant, March 17, 1927 (one evening); James H. Nolan, assistant, March 17, 1927 (one evening).

Phillips Brooks Evening School—George S. McCabe, assistant, March 21, 1927.

Boston Trade School (Evening Classes)—Thomas C. Walsh, assistant, March 8, 1927.

Approved.

PLAYGROUNDS.

Season of 1927.

Playground Teachers—Hannah R. Aronson, Lucy E. Barrett, Helen L. Barron, Agnes T. Barry, Anna T. Barry, Marion L. Bartlett, Esther R. Bass, Catherine E. Beahan, Annie S. Belinsky, Madeline M. Beverlander, Marion R. Boland, Marie L. Boylan, Alice P. Bransfield, Agnes C. Brine, Edith G. Brown, Mary J. Browne, Dorothy M. Buck, Helen G. Buckley, Lillian L. Burke, Mary J. Burke, Elizabeth D. Burns, Lauretta H. Burns, Margaret M. Burns, Blanche Buxbaum, Pauline V.

Byrne, Gertrude C. Cadogan, Aliee V. Campbell, Mary F. Canning, Augusta Cantor, M. Margaret Carroll, Mary F. Cavanaugh, Louise J. Chambers, Anna J. Chapman, Lucy M. Chittick, Barbara A. Clancy, Julia M. Clifford, Julia Cluek, Catherine A. Coffey, Gladys V. Cole, Catherine G. Coleman, Ruth V. Colgan, Mary I. Colwell, Lillian M. Connelly, Rose M. Connelly, Catherine J. Connolly, Mary J. Connors, Mary L. Conroy, Margaret M. Corkery, K. Irene Corrigan, Antoinette C. Craffey, Catherine G. Crane, Katherine E. Creagh, Mary H. Crotty, Helen V. Crowley, Ruth M. Crowley, Eleanor M. Cunningham, Mary A. Curran, Elizabeth M. Daley, Mary E. Daley, Helen F. Dardis, M. Veronica Davin, Catherine B. Day, Catherine R. Day, Julia V. Dee, Sara A. Demask, Margaret E. Devine, Sylvia M. De Simone, Elizabeth S. Devlin, Catherine M. Doherty, Emily F. Doherty, E. Clare Doherty, Teresa M. Doherty, Catherine D. Donahue, Anna H. Donnelly, Marie J. Donovan, Marion P. Dooley, Helen L. Doyle, Margaret Duffy, Mary E. Duffy, Frances Dvillinsky, Madeline C. Dwyer, Clare Eastman, Isabelle H. Ehrlich, Marjorie O. Ellis, Katherine M. Elston, Sophie Eskin, Eleanor V. Fallon, M. Grace Farley, Blanche Feldman, Margaret E. Fields, Josephine A. Finocchiaro, Margaret F. Fitzgerald, Mildred M. Fitzgerald, Margaret L. Flanagan, Hattie G. Fletcher, Mary C. Flynn, Mary E. Forrest, Eleanor S. Foster, Marion B. Gallivan, Helen T. Galvin, Anna M. Genter, Anna C. Geoghegan, Esther M. Germaine, Veronica M. Gillis, Marion C. Gilman, Louise A. Glavin, Anna Glietstein, Anna F. Golden, Winnifred A. Golden, Katherine R. Goode, Lillian E. Goodwin, Caroline A. Gould, Frances M. Griffin, Mary M. Hale, Helen C. Halloran, Katherine C. Hanley, Labeebe Hanna, Esther M. Hanney, Marie F. Harrington, Hilda P. Hayes, Margaret M. Hayes, Carolyn R. Hedstrom, Helen F. Hegarty, Geraldine P. Hennessey, Margaret A. Hickey, Frances K. Higgins, Pauline Hoffman, Kathryn A. Holland, Amelda M. Holthaus, Anna I. Horne, Hazel M. Howard, Mary V. Hubbard, Florence J. Hughes, Louise E. Hurley, Eleanor M. Jennings, Esther K. A. Johnson, Mary P. Keane, Lillian T. Kearney, Gertrude C. Keating, Louise M. Keenan, Elizabeth M. Kelleher, Mary E. Kelleher, Alice H. Kelley, Louise B. Kelley, Margaret M. Kennedy, Marion C. Kiernan, Rebecca D. Kittredge, Thelma M. Knight, Theresa A. Larkin, Vera Leaf, Helen R. Leary, Grace D. Lennon, Jessie G. Littlefield, Grace K. Lonergan, Mary F. Lowney, Beatrice A. MacCuspie, Lucy R. MacDonald, Helen M. MacFarland, M. Ella MacGibbon, Francette E. Madigan, Mary L. Maguire, Marion V. Mahan, Anna M. Mahony, Mary T. Mahoney, Mary M. Mallard, Marguerite F. Maloney, Mary G. Maloney, Marie J. Manning, Ellen M. Mantle, Julia E. Matthes, Mary C. Matthes, Florence J. Matthews, Mary G. McCaffery, Genevieve McCarrick, Mary G. McCarthy, Mary J. McCarthy, Mary A. McClellan, Frances E. McColgan, Mary L. McDevitt, Grace A. E. McGowan, Katherine I. McKenna, Marjorie F. McMahon, Agnes M. McNulty, Mary V. Meagher, Marion C. Mercurio, Pauline E. Miley, Mary

E. Milliken, Harriet A. Mitchell, Annabelle E. Moise, Teresa Monahan, Helen M. Moriarty, Margaret M. Moriarty, Marion V. Morrison, Julia G. Morrissey, Elizabeth J. Moynahan, J. Irene Mulledy, Florence E. Murphy, Marjorie M. Murphy, Sibyl U. Murphy, Anna E. Murray, A. Agnes Norton, Mary P. O'Brien, Mary F. O'Connell, Margaret M. O'Connell, Gertrude R. O'Doherty, Mary G. O'Doherty, Gertrude A. O'Toole, Dorothy J. Page, Marian H. Parker, Elizabeth B. Perlmutter, Loyola P. Pfeffer, Mary M. Powers, Laura E. Preble, Anna C. Quinn, Anna E. Quinn, Sally A. Quinn, Margaret M. Rafferty, Eileen T. Raftery, Barbara T. Raithel, June Raymond, Margaret M. Regan, Mary A. Reilly, Alice V. Rice, Abigail H. Riordan, Mary M. Riordan, Anne P. Roe, N. Sarra Rosenbaum, Muriel Rossman, Antoinette Runci, Anna A. Rush, Barbara E. Ryan, Margaret E. Scanlan, Gertrude E. Schnurr, Isabel C. Scott, Margaret Scully, Roberta Selig, Margaret P. Sheehan, Elinor R. Sheridan, Anna Shultz, Mary J. Sloan, A. Patricia Small, Florence E. Smith, Edna Starnfield, Margaret M. Steptoe, Frances R. Sullivan, Grace E. Sullivan, Elise W. Thurston, Ruth Tilt, Alice L. Treacy, Margaret M. Tuohy, Katherine N. Ulrich, Emily J. Wall, Doris W. Walsh, Lauretta M. Walsh, Marie J. Walsh, Mary M. Walsh, Anna C. Whelan, Miriam Wilson, Alice F. Wood, Dora Zimon.

Approved.

GARDENING.

Season of 1927.

Supervisors—Catherine T. Hunt, Frances Keyes, Mary A. Leary, Henry G. Wendler.

Garden Teachers—Grace M. Broaders, Josephine Broderick, Mary J. Carroll, Josephine Coffin, A. Elizabeth Crowell, Livia DeSimone, Anne Donnelly, Katherine Garrity, Helen Gidney, Josephine M. Haney, Catherine T. Hunt, Frances Keyes, Esther Larson, Marion Leary, Mary A. Leary, Anna Lyons, Helen MacNeil, Virginia McKillop, Frances B. Mea, Adelaide G. Nelson, Bertha Peirce, Florence Ridlon, Edith Rodgers, Frances Rodgers, Mildred Sargent, Rita Sherry, Viola Soelle, Stella F. Thomas, Ellen Watts, Mary Tierney.

First Assistants—M. Olive Duvall, Marion T. Foley, Marion Hughes.

Garden Assistants—Margaret Collins, Ruth H. Soelle.

Assistants in School Gardens—Joseph Baxter, Frederick Cox, John Dunn, Francis Fenton, F. Byam Gee, James Hegarty, Emilia Masciochi, John McGuckian, Joseph O'Mara, Oswald Tippo.

Approved.

TEACHERS APPROVED FOR TEMPORARY SERVICE.

The Superintendent submitted, under the provisions of section 255, paragraph 2, of the regulations, the following additions to the list of teachers approved by him for temporary service:

Day High Schools—Michael J. Fay, Francis W. Leavey.

Day Elementary Schools—Winfred M. Barrett, Katherine B. Callahan, Anna Drohan, Mary M. Griffin, Carolyn S. Hartnett, Kathryn Williams.

Continuation School—Henry L. Supple.

Department of Manual Arts—Walter J. Bonetzky, Joseph F. Lawton.

Department of Special Classes—Jennie Grodsky.

Department of Household Science and Arts—Doris W. Maynard, Cookery. Dorothy M. Peach, Sewing.

Approved.

TRANSFERS.

Francis Parkman District—Hannah E. Tobin, assistant, elementary, to the same position in the Theodore Lyman District, Apr. 11, 1927.

Washington Irving Evening School—Della A. Gallagher, assistant, to the same position in the Franklin Evening School, March 7, 1927 (one evening).

Franklin Evening School—Catherine G. Kelley, clerical assistant, to the same position in the Bowdoin Evening School, April 4, 1927.

Approved.

LEAVES OF ABSENCE.

On the report of the Superintendent, leaves of absence were granted the following-named teachers for the terms specified:

High School of Practical Arts—Myrtle G. Williams, industrial instructor, Mar. 28, 1927, one day, court summons.

Dillaway District—Paraskeve Sarhani, assistant, Mar. 21, 1927, one-half day, court summons.

Dwight District—Natalie T. Callanan, assistant, Mar. 17, 21, 1927, two days, court summons.

Gilbert Stuart District—Mary E. Duffy, assistant, Mar. 18, 1927, one-half day, court summons.

Mary Hemenway District—Alice B. Murphy, assistant, Mar. 15, 1927 one-half day, court summons.

Sherwin District—Celia Bamber, assistant, Mar. 23, 1927, one-half day, court summons.

Department of Manual Arts—Lettie R. Moore, assistant, manual training intermediate, Mar. 22, 1927, one-half day, court summons.

On the report of the Superintendent, leaves of absence for study and travel, or rest, were granted the following-named teachers for the terms specified:

Girls' High School—Sarah E. Potter, assistant, from Sept. 1, 1927, to Aug. 31, 1928, for rest.

Memorial High School—Mary A. Cutter, assistant, from Sept. 1, 1927, to Aug. 31, 1928, for study and travel.

Lowell District—Mary E. Vogel, assistant, from Sept. 1, 1927, to Aug. 31, 1928, for rest.

Robert Treat Paine District—Anina L. Fitzsimmons, first assistant, kindergarten, from Sept. 1, 1927, to Aug. 31, 1928, for rest.

On the report of the Superintendent, leave of absence, under suspension of the rules, was granted the following-named teachers for the terms specified:

Dorchester High School for Girls—Fannie J. Yeaw, assistant, from Apr. 6 to June 28, 1927, without pay.

Norcross District—Kate E. Fitzgerald, assistant, from Mar. 1 to Mar. 31, 1927, without pay.

ASSIGNMENT OF SCHOOL NURSE.

A communication was received from the Superintendent, under date of Apr. 4, 1927, reporting that, subject to the approval of the Board, he

has assigned Alice B. Felton, school nurse, as school nurse in the Trade School for Girls and the Continuation School, half-time each, said assignment to take effect Apr. 25, 1927, and to continue during the school year ending Aug. 31, 1927, unless earlier terminated by the Superintendent with the approval of the Board.

Placed on file and the assignment approved.

On motion of the Superintendent, it was

ORDERED, That, in addition to the regular salary of her rank, there be allowed and paid to Alice B. Felton, school nurse, Department of School Hygiene, assigned to the Trade School for Girls and the Continuation School, half-time each, compensation at the rate of one hundred ninety-two dollars (\$192) per annum, to take effect Apr. 25, 1927.

DESIGNATION OF TEACHERS.

A communication was received from the Superintendent, under date of Apr. 4, 1927, reporting that he has made the following designations of teachers to serve in the positions indicated until such time as they shall be filled otherwise in accordance with the rules and regulations, to take effect on the dates stated:

Everett District—Etta Bell, assistant, elementary, as acting master's assistant (vice Louise Robinson, absent on leave), Mar. 14, 1927.

Harvard-Frothingham District—Paul Cloues, submaster, as acting master, (vice Joseph B. Egan, absent on leave), Jan. 31 to Feb. 18, 1927, inclusive.

Hyde District—Angela M. Pearce, master's assistant, as acting master (vice Caspar Isham, absent on leave), Mar. 21, 1927.

Thomas N. Hart District—Catherine M. McHugh, assistant, elementary, as acting master's assistant (vice S. Louella Sweeney, absent on leave), Mar. 25, 1927.

Placed on file.

TERMINATION OF SERVICE IN TWO-SESSION KINDERGARTEN.

A communication was received from the Superintendent, under date of Apr. 4, 1927, reporting that he has terminated the service of the following-named teacher in the afternoon sessions of the kindergarten indicated, to take effect on the date stated:

Elliot District—Emma F. Temple, first assistant, kindergarten, Feb. 8, 1927.

Placed on file.

TERM OF SUMMER REVIEW AND SUMMER VACATION SCHOOLS.

On motion of the Superintendent, it was

ORDERED, That the orders passed at the meeting of February 21, 1927, establishing the term 1927 of the summer review and summer vacation schools, (see pp. 48, 49,) are hereby rescinded.

On motion of the Superintendent, it was

ORDERED, That the term 1927 of the summer review schools shall begin on Thursday, June 30, 1927, and close on Tuesday, August 16, 1927, and that sessions be held on each day of said term, excepting Sundays and July 4, 1927.

On motion of the Superintendent, it was

ORDERED, That the term 1927 of the summer vacation schools shall begin on Thursday, June 30, 1927, and close on Tuesday, August 16, 1927, and that the sessions be held from 9 o'clock A. M. to 12 o'clock M. on each day of said term, excepting Sundays and July 4, 1927.

CHANGE IN DATE OF APPOINTMENT OF PRINCIPALS.

On motion of the Superintendent, it was

ORDERED, That the appointments of principals of summer review and summer vacation schools for the term 1927, approved to take effect July 5, 1927, (see p. 47,) shall instead thereof take effect on June 30, 1927.

ESTABLISHMENT OF KINDERGARTENS.

On motion of the Superintendent, it was

ORDERED, That the Superintendent is hereby authorized to establish an additional kindergarten in the William E. Endicott District, to be located in the Sarah Greenwood School, to take effect May 2, 1927.

On motion of the Superintendent, it was

ORDERED, That the Superintendent is hereby authorized to establish an additional kindergarten in the Hancock District, to be located in the Paul Revere Schoolhouse, to take effect Apr. 25, 1927.

COMPENSATION OF ATTENDANTS.

On motion of the Superintendent, it was

ORDERED, That the following-named items are hereby stricken from the salary schedule for teachers, members of the supervising staff and others, for the school year ending Aug. 31, 1927, to take effect Apr. 4, 1927:

Order No. 4, Day Elementary and Day Intermediate Schools:

Attendants, Open-Air Classes	\$2.00
Lunch Attendants, Elementary Schools.....	1.00

On motion of the Superintendent, it was

ORDERED, That the following-named ranks and rates of compensation are hereby established, to take effect Apr. 4, 1927, and to continue for the school year ending Aug. 31, 1927:

Lunch and nutrition class attendants (lunch attendants not to exceed two hours per day, and nutrition class attendants not to exceed six hours per day), 50c. per hour or fraction thereof.

Open air class attendants, \$2.00 per morning session.

Open air class attendants (when assigned to nutrition classes), \$1.00 per afternoon session.

COMPENSATION OF LECTURERS.

On motion of the Superintendent, it was

ORDERED, That during the financial year 1927 the Superintendent is hereby authorized to fix the compensation of all persons giving lectures and improvement and promotional courses for teachers

other than those whose compensation is fixed in the salary schedule for teachers and members of the supervising staff.

AMENDMENT TO REGULATIONS.

The following was offered:
ORDERED, That the regulations are hereby amended as follows:

Section 323, paragraph 1. Strike out the paragraph and substitute in place thereof the following:

Section 323. 1. (a) The compensation of a teacher or member of the supervising staff in permanent service appointed to a position or to a rank or grade having a greater maximum salary, whether by promotion or by appointment from an eligible list, shall not be reduced, but such person shall be placed upon that year of service in the new rank or grade for which the compensation for the year following the date of such appointment is not less than \$96 higher than that which would have been received during the year following such appointment had such person remained in his old rank, with the exceptions hereinafter noted, which affect only original appointments by promotion or from an eligible list.

(b) A teacher or member of the supervising staff in permanent service upon original appointment by promotion to The Teachers College, with the rank of dean; master, director of Model School; master; junior master; adviser of women; first assistant; or assistant; or to the Model School with the rank of sub-master; master's assistant; assistant intermediate; assistant elementary; first assistant, kindergarten; or assistant, kindergarten; shall be placed upon that year of service for which the compensation for the year following the date of such appointment is not less than \$288 higher than that which would have been received during the year following such appointment had such person remained in his old rank.

(c) A teacher or member of the supervising staff in permanent service upon original appointment by promotion or from an eligible list to the rank of assistant, Horace Mann School, Disciplinary Day School, Day School for Immigrants, special class, speech improvement class, class for conservation of eyesight, instructor or assistant, Continuation School; shall be placed upon that year of service for which the compensation for the year following the date of such appointment is not less than \$192 higher than that which would have been received during the year following such appointment had such person remained in his old rank.

(d) The adjustments referred to under (a), (b) and (c) immediately preceding shall not apply to teachers appointed under the IV. High School certificate granted on account of obtaining of the college degree under the provisions of Section 80, paragraph IV. of the rules.

Laid over.

ELIGIBLE LIST

A communication was received from the Board of Superintendents, under date of April 4, 1927 reporting the insertion of the name of Henry C. Clark in the Elementary School, Class B list, with the rating of 883 which Mr. Clark carries on the Intermediate List, Mathematics Group; said insertion having been

made on request of the teacher and under the provisions of Section 84 of the Rules.

Placed on file.

ANNUAL APPROPRIATION ORDER ON ACCOUNT.

A communication was received from the Business Manager, under date of April 4, 1927, reporting that under the provisions of Chapter 320 of the Acts of 1889, the School Committee, pending the adoption of the budget for the year and the passing of the appropriation orders connected therewith, may make expenditures which shall not be in excess of one-third of the total expenditures for the financial year immediately preceding.

In view of the fact that the budget and itemized appropriation orders for the current financial year will not be passed until sometime during the current month, it is necessary to put through an appropriation on account, for the reason that the expenditures for the month of April added to the expenditures for the months of January, February and March preceding will be in excess of one-third of the expenditures for the financial year 1926.

The Business Manager recommended the passage of an accompanying order making appropriations on account for all items of maintenance, with the exception of the item, "Alteration and repair of school buildings, and for furniture, fixtures, and means of escape in case of fire, and for fire protection for existing buildings, and for improving existing school yards."

Placed on file.

The following was offered:

ORDERED, That to meet the current expenses of the School Committee, and to provide funds for other school purposes as hereinafter specified during the financial year January 1, 1927, to December 31, 1927, the following sums are hereby appropriated on account:

Salaries of Instructors (principals, teachers, members of the supervising staff and others)	\$6,000,000.00
Salaries of Officers (administrative officers, attendance officers, clerks, stenographers, storekeepers and other employees)	175,000.00
Salaries of Custodians (including matrons)	410,000.00
Fuel and Light (including electric current for power)	225,000.00
Supplies, Equipment and Incidentals	450,000.00
Pensions to Attendance Officers and Custodians	2,500.00
Physical Education (salaries of teachers, members of the supervising staff and others, supplies and equipment—day schools and playgrounds)	136,000.00
Salaries of School Physicians and Nurses	95,000.00
Pensions to Teachers	95,000.00
Extended Use of the Public Schools (salaries, supplies, equipment and incidentals) ..	45,000.00
Total	\$7,603,500.00

Passed by the following vote:

YEAS—Mrs. Barron, Messrs. Bogan, Gray and Sullivan—4.

NAYS—0.

ABSENT—Mr. O'Hare—1.

LEAVES OF ABSENCE.

A communication was received from the Schoolhouse Custodian, under date of Apr. 4, 1927, recommending that William L. Kendrick, custodian, Michael J. Perkins

School-house, be granted leave of absence on one-half net compensation for the period Mar. 21 and 22, 1927, because of personal illness.

Placed on file and leave of absence on one-half net compensation granted for the period specified.

A communication was received from the Schoolhouse Custodian, under date of Apr. 4, 1927, recommending that Jeremiah J. White, custodian, Samuel W. Mason School-house, be granted leave of absence on one-half net compensation for the period Mar. 5 to 26, 1927, inclusive, because of personal illness.

Placed on file and leave of absence on one-half net compensation granted for the period specified.

A communication was received from the Schoolhouse Custodian, under date of Apr. 4, 1927, recommending that Margaret E. Goulding, matron, Brighton High School, be granted leave of absence for the period Feb. 15 to Mar. 30, 1927, inclusive, because of personal illness.

Placed on file and leave of absence granted for the period specified.

APPOINTMENT TO A PORTABLE.

A communication was received from the Schoolhouse Custodian, under date of Apr. 4, 1927, recommending that John G. McLaughlin, custodian, William Lloyd Garrison School-house, be also appointed custodian of Portables Nos. 118 and 159, located in the yard of that school, to take effect Mar. 25, 1927.

Placed on file and the appointment approved, to take effect on the date stated.

RE-ELECTION OF ASSISTANT SUPERINTENDENT.

The Board proceeded to the election of an Assistant Superintendent for the term of six years, beginning Sept. 1, 1927.

The members, as their names were called, respectively stated that they voted as follows:

For WILLIAM B. SNOW—Mrs. Barron, Messrs. Bogan, Gray and Sullivan—4.

ABSENT—Mr. O'Hare—1.

The Chairman declared William B. Snow duly elected Assistant Superintendent for the term specified.

The Board adjourned.

Attest:

ELLEN M. CRONIN,
Secretary.

OFFICE HOURS.

City offices are required to be open for business from 9 a. m. until 5 p. m. on every day except Saturdays, Sundays and legal holidays, and Bunker Hill Day. Department offices are required to be closed on Saturdays at 12 noon throughout the year. The City Treasurer and the City Collector are not required to disburse or receive money after 2 p. m. on any day.

The office of the Health Department is open daily from 9 a. m. to 10 p. m. (except Saturdays, when the hours are from 9 a. m. to 1 p. m. and from 5 to 10 p. m.); on Sundays and holidays from 10 a. m. to 12 m. and 5 to 10 p. m. for the reporting of cases of communicable diseases, issuing of burial permits, distribution of antitoxins and vaccines and receiving of cultures, etc.

PROCEEDINGS OF CITY COUNCIL.

Monday, April 11, 1927.

Regular meeting of the City Council in the Council Chamber, at 2 p. m., President HEFFERNAN in the chair. Absent, Coun. Bush.

ANNUAL LIST OF CONSTABLES.

The following was received:

City of Boston,
Office of the Mayor, April 11, 1927.

To the City Council:

Subject to confirmation by your honorable body I hereby appoint the following-named persons constables of the City of Boston for the term of one year, beginning with the first day of May 1927.

All of the persons named in this list are re-appointments.

Commissions of constables not named herein will expire April 30, 1927, and such constables are hereby removed from office from and after May 1, 1927, for the good of the service.

Respectfully,

MALCOLM E. NICHOLS, Mayor.

(Appended was the list of constables as contained in City Document 55.)

Laid over for one week under the law.

ANNUAL LIST OF MINOR OFFICERS.

The following was received:

City of Boston,
Office of the Mayor, April 11, 1927.

To the City Council.

Subject to confirmation by your honorable body I make the following appointments of minor officers paid by fees for the term of one year beginning with the first day of May, 1927. The appointments of all such officers not named herein are hereby revoked from and after April 30, 1927.

Respectfully,

MALCOLM E. NICHOLS, Mayor.

(Appended was the list of minor officers as contained in City Document 56.)

Laid over for one week under the law.

APPOINTMENT OF CONSTABLES.

The following was received:

City of Boston,
Office of the Mayor, April 11, 1927.

To the City Council.

Gentlemen,—Subject to the approval of your honorable body, I hereby appoint the following-named persons to be constables of the City of Boston for the term ending April 30, 1928:

Michael Joseph Shields, 30 Bellflower street, Ward 7; James Gabriel Curran, 106 Pleasant street, Ward 15; John Falvey, 19 Spring Park avenue, Ward 19; Richard Francis Lombard, 88 Russell street, Ward 2; Philip C. Wolff, 69 Dudley avenue, Ward 20; Samuel Semiansky, 336 Blue Hill avenue, Ward 14; Louis L. Dubrow, 335 Seaver street, Ward 21.

Respectfully yours,

MALCOLM E. NICHOLS, Mayor.

Laid over a week under the law.

USE OF OLD STATION 2 BUILDING.

The following was received:

City of Boston,
Office of the Mayor, April 11, 1927.

To the City Council.

Gentlemen,—I transmit herewith a communication from the Police Department in reply to your order of April 4, 1927, in relation to transferring some branch of the Police Department to the old Station 2 building on City Hall avenue.

Respectfully,

MALCOLM E. NICHOLS, Mayor.

Boston, April 8, 1927.

Hon. Malcolm E. Nichols,
Mayor of Boston.

Dear Mayor Nichols,—Replying to an order of the City Council under date of April 4, that the Police Commissioner be requested to consider the advisability of transferring some branch of the Police Department to the old Station 2 building on City Hall avenue, I wish to state that there is no branch or division of this department which can be transferred to the old Station 2 building on City Hall avenue.

The City of Boston erected a new ten-story building for the accommodation of Police Division 2, Traffic Division and Property Clerk, largely because the building on City Hall avenue was not fitted from any viewpoint for police station work.

Yours respectfully,
HERBERT A. WILSON,
Police Commissioner.

Placed on file.

The following was received:

City of Boston,

Office of the Mayor, April 11, 1927.

To the City Council.

Gentlemen,—I transmit herewith a communication from the Public Buildings Department in reply to your order of April 4, 1927, in relation to an estimate as to the cost of placing in suitable condition for occupancy by some branch of the Police Department the building formerly occupied as Station 2 on City Hall avenue.

Respectfully,

MALCOLM E. NICHOLS, Mayor.

City of Boston,

Public Buildings Department, April 8, 1927.

Hon. Malcolm E. Nichols,
Mayor of Boston.

Dear Sir,—Replying to the inclosed order of the City Council under date of April 4, 1927, that the Superintendent of Public Buildings be requested, through his Honor the Mayor, to submit to the City Council an estimate as to the cost of placing in suitable condition for occupancy by some branch of the Police Department the building formerly occupied as Station 2 on City Hall avenue, I wish to say that it is somewhat vague as to the uses to which the building is to be put. If it were to be used as a substation, it would be necessary to practically rebuild same in order to put it in condition, but if it was merely to be used as a lockup, the same could be made habitable at a cost of approximately \$35,000.

If it is to be occupied at all by prisoners, the cells, which are now located in the basement, would have to be removed and placed on the first floor of the building under sanitary conditions as called for by the present state laws. This feature in itself would entail considerable expense, but until such time as I know just what uses the building is to be put to, it would be impossible to give a more detailed statement.

Respectfully yours,

JOHN P. ENGLERT,
Superintendent of Public Buildings.

Placed on file.

PARKING AT CITY HALL.

The following was received:

City of Boston,

Office of the Mayor, April 8, 1927.

To the City Council.

Gentlemen,—I transmit herewith a communication from the Police Department and the Public Buildings Department in reply to your order of March 28, 1927, in relation to clearing area adjacent to City Hall of automobiles.

Yours respectfully,

MALCOLM E. NICHOLS, Mayor.

City of Boston,

Public Buildings Department, April 4, 1927.

Hon. Malcolm E. Nichols,
Mayor of Boston.

Dear Sir,—Replying to the order of the City Council under date of March 28, 1927, in which it was ordered that his Honor the Mayor request the Police Commissioner, the Board of Street Commissioners and the Superintendent of Public Buildings to co-operate in taking action to clear the area adjacent to City Hall of automobiles, I wish to state that I have had this matter in mind for some time and have repeatedly taken same up with the traffic officer located therein and it appears that, with all his assistance, the situation is not relieved.

He informs me that he consistently tags thirty to forty cars a day, and of course he cannot go any further in the matter. He, no doubt, will continue in this manner in the hope that in time it will have a tendency to clarify the situation.

Respectfully yours,

JOHN P. ENGLERT,
Superintendent of Public Buildings.

Placed on file.

APPROPRIATIONS FOR MORTON STREET IMPROVEMENT.

The following was received:

City of Boston,

Office of the Mayor, April 5, 1927.

To the City Council.

Gentlemen,—Under the provisions of chapter 325 of the Acts of 1925 the city was authorized to borrow \$325,000 outside the statutory limit of indebtedness, provided that appropriations equal to 10 per cent of such loan should be voted from taxes or other sources of revenue, for the widening of Morton street in the Dorchester district. In 1925 \$225,000 of this loan, together with a sum equal to 10 per cent thereof, was appropriated for the widening of this street between Morton road and Canterbury street. In order to complete the project it now becomes necessary to appropriate the balances remaining in the authorization. I accordingly submit herewith two orders, one providing for the appropriation of \$100,000 outside the statutory limit of indebtedness and the other for \$10,000 to be raised by taxation. I respectfully recommend adoption of these orders by your honorable body.

Respectfully,

MALCOLM E. NICHOLS, Mayor.

Ordered, That the sum of \$10,000 be and hereby is appropriated to be expended by the Board of Street Commissioners for Morton Street Improvement, in accordance with chapter 325 of the Acts of 1925, and the amount so appropriated be raised by taxation on the polls and estates in the City of Boston.

Ordered, That under authority of chapter 325 of the Acts of 1925 the sum of \$100,000 be and hereby is appropriated to be expended by the Board of Street Commissioners for Morton Street Improvement, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the City of Boston to said amount, the same to be issued outside the limit of indebtedness.

Referred to the Committee on Finance.

APPROPRIATION FOR PUBLIC WELFARE DEPARTMENT.

The following was received:

City of Boston,

Office of the Mayor, April 9, 1927.

To the City Council.

Gentlemen,—Under General Law, city departments may expend, prior to the passage of the annual appropriation bill, an amount not in excess of "one third the entire amount appropriated for the department for the previous year." Under ordinary conditions, the maintenance costs of city departments for the first four months of the financial year may be financed in accordance with this provision. This year, however, due to the heavy demands for aid and relief resulting from commercial and industrial depression it appears that the expenditure requirements of the Public Welfare Department will exceed one third of the appropriation for last year before the close of the current month.

In 1926 the appropriations of this department totaled approximately \$1,900,000. One third of this amount is approximately \$630,000. The expenditures of the department for the first three months of this financial year were approximately \$500,000, or an average monthly expenditure in excess of \$160,000. From these figures it is evident that the balance of the amount which the department may expend prior to the passage of the budget will be hardly sufficient to meet the requirements of the department for the month of April.

Due to the unusual confusion and misunderstanding attendant upon the fixing of the tax limit for the current year it will be impossible to submit the annual appropriation bill before a week from today. It is barely possible that a much longer time may elapse.

The public welfare of the city and its citizens is of paramount importance. It should not suffer because of delay for which the city is not responsible. In order that the public welfare may not suffer, I deem it advisable at this time to submit a separate appropriation order covering the relief items of the Public Welfare Department.

This order provides for the appropriation of \$1,730,000, an amount approximately \$70,000 less than was actually expended last year for relief by this department. It is my plan, unless conditions beyond my control stand in the way, to include in my budget recommendations of this year an appropriation permitting the employment of additional visitors in the Public Welfare Department. It is my sincere hope that through the employment of these additional people, it will be possible to save the amount which is reflected in the accompanying appropriation order. I recommend that your honorable body give immediate attention to this matter and respectfully recommend passage of the accompanying order.

Respectfully yours,

MALCOLM E. NICHOLS, Mayor.

Ordered, That to meet the current expenses payable during the financial year beginning with the first day of January, 1927, for performing the duties and exercising the powers devolved by statute or ordinance, or by vote of the City Council during the year, upon the City of Boston, or the department or officers thereof, the respective sums of money specified in the tables hereinafter set forth be and the same are hereby appropriated to be expended for the objects and purposes hereinafter stated, that the same be raised by taxation upon the polls and estates taxable in the City of Boston, and that all orders relating to appropriations, taxes and the interest thereon apply to the taxes herein provided for.

PUBLIC WELFARE DEPARTMENT.

Central Office.

F. Special Items.....	\$1,730,000
9. Care of dependents.....	\$1,000,000
10. Mother's Aid.....	730,000

Referred to the Committee on Appropriations.

Coun. DOWD—Mr. President, if there is no objection from the chairman of the Committee on Appropriations (Coun. Parkman), I would move you, sir, that this matter be referred to the Executive Committee so that we can act upon it this afternoon, as I believe the need is pressing.

Coun. PARKMAN—Mr. President, I should not object at all to immediate action if I thought the need were as pressing as the councilor seems to think, but the message which accompanies the order itself states that the money available might not be sufficient for the month of April. It is now only April 11. The Committee on Appropriations can meet during the week and report this bill back April 18, which will be only just past the middle of the month. I think the conditions in the Public Welfare Department, and conditions concerning the relief of the poor are worthy of considerable study, more study than can be given today in a hasty meeting of the Executive Committee, I would therefore prefer to see the matter referred to the Committee on Appropriations, with the assurance that we will meet on the matter this week and report at the next meeting.

Coun. DOWD—Mr. President, I do think it is important that this matter should be taken care of immediately. I believe the Overseers of the Public Welfare should have sufficient money on hand at all times to take care of the poor of the city. If there is no objection from the chairman of the Committee on Appropriations, I would like to see a meeting of the committee this afternoon, so that they could report back the order this afternoon.

Coun. PARKMAN—Mr. President, I do not feel that we could call a hasty meeting of the committee this afternoon and give to this matter the consideration it should have. I agree with the councilor who has just spoken that the Overseers of the Public Welfare should at all times have money available to meet the necessary needs of the poor, but I believe they have sufficient funds on hand and will have sufficient funds on hand by the 20th or 25th of April. Therefore, I cannot see the slightest reason for not holding a meeting on the matter some later day this week, and reporting the order back next week. It will only require one reading; it is not a question of having two readings on the bill.

President HEFFERNAN—Does Coun. Dowd withdraw his motion?

Coun. DOWD—Mr. President, I understand that there has been some talk of the Council taking a recess over the holiday next week, and that would mean that we would not be able to act upon the matter for two weeks. I do not believe there is a member of the Committee on Appropriations or a member of the Council who questions a single item in this bill submitted by the Mayor, and personally I feel that the money should be available at the present time.

President HEFFERNAN—The Chair will say that the councilor has not answered the question. The question is, whether or not you have withdrawn your motion?

Coun. DOWD—Well, Mr. President, in view of the fact that the chairman of the Committee on Appropriations thinks it is not necessary to take action today, I will agree to withdraw the motion, if it meets the wishes of the other members of the Council.

The motion was withdrawn, and the matter stood referred to the Committee on Appropriations.

PETITIONS REFERRED.

The following petitions were received and severally referred to the committees named, viz.:

Claims.

Maud Anderson, for compensation for damage to property at Alley No. 809, caused by city truck.
Bertha F. Batchelder, for compensation for injuries caused by an alleged defect at 405 Washington street, Dorchester.

Bliss Boardman, for compensation for damage to automobile by ball thrown from North End Park.

Luigi Cirone, for compensation for loss of hens killed by dogs.

Dupee & Meadows, for refund on unused refuse tickets.

Mrs. S. Ferrara, for compensation for damage to property at 11A Worthington street, caused by city team.

Ellis Levant, for compensation for injuries caused by an alleged defect in Windermere street.

Ethel Moore, for compensation for injuries caused by an alleged defect at 21 Hammond street.

Elizabeth J. Smith, for compensation for loss of hens killed by dogs.

Mary Spano, for compensation for injuries caused by an alleged defect at 140 Hanover street.

Executive.

Petitions for children under fifteen years of age to appear at places of public amusement, viz.:

Mrs. F. N. Carleton, Norfolk Hall, April 22.
Lillafrances Viles, Current Events Hall, April 30.

APPOINTMENT OF W. FRANKLIN BURNHAM.

Notice was received of the appointment by the Mayor of W. Franklin Burnham, of 294 Washington street, Boston, as member of the Board of Appeal. Placed on file.

APPOINTMENT OF CHAIRMAN OF ELECTION COMMISSIONERS.

Notice was received from his Honor the Mayor of appointment of Frank Seiberlich as chairman of the Board of Election Commissioners. Placed on file.

STORAGE AND SALE OF GASOLINE.

Notice was received from the Street Laying-Out Department of hearings to be held on Monday, April 25, on following petitions for storage and sale of gasoline:

Sadie Kostick, 169-181 Ipswich street, Ward 5, 2,500 gallons.

George A. Leslie, 149 and 151 North Beacon street, Ward 22, 1,000 gallons.

Ellen A. Williams Morrill, 82-98 Hampden street, Ward 8, 2,000 gallons.

Referred to the Executive Committee.

MILTON STREET, WARD 16.

Coun. GILBODY offered the following:
Ordered, That the Board of Street Commissioners, through his Honor the Mayor, be requested to lay out and accept Milton street, Ward 16, as a public highway.

Passed under suspension of the rule.

GUSTINE STREET, WARD 16.

Coun. GILBODY offered the following:
Ordered, That the Board of Street Commissioners, through his Honor the Mayor, be requested to lay out and accept Gustine street, Ward 16, as a public highway.

Passed under suspension of the rule.

CLOSING OF CITY HALL.

Coun. GILBODY offered the following:
Ordered, That his Honor the Mayor be authorized to close City Hall between 12 and 3 p. m. on Friday next, Good Friday.

Passed under suspension of the rule.

FIRE MENACE AT VICTORY ROAD DUMP.

Coun. GILBODY offered the following:
Ordered, That his Honor the Mayor be requested to instruct the proper department heads to take the necessary steps to remove the fire menace at the so-called Victory road dump, and to place this property in proper condition for use as a "Mothers' Rest."

Coun. GILBODY—Mr. President, I have introduced this order on behalf of many citizens who live in the community immediately adjacent to the Victory road dump, and I would also call attention to the fact that a week ago last Sunday a number of alarms of fire were sounded on account of fires at this dump. It is not only a menace in that way, but a menace because of the fact that the fire apparatus responding to alarms of fire at the dump go through communities that are very densely populated, endangering the lives of school children and others, and hindering traffic at Fields Corner and other important parts of Dorchester. I hope some action will be taken to rid the community and the people of Dorchester of this menace.

Coun. McGRATH—Mr. President, I trust the councilor is familiar with the fact that that dump is the dump that has been operated by Mr. Biggs, and that Biggs, who has special privileges at the hands of this administration, is one who should not be trifled with. It is true that I read on the front page of the paper one day of fire engines on five different occasions on that day having raced through Fields Corner—which is, next to Uphams Corner, the most congested section of Dorchester—at great risk to human life and limb. But, of course, they were responding to an alarm of fire at the dump that Biggs was operating without any right from the Board of Health or the Fire Department—although the Finance Commission have ordered that certain things be done in reference to the dump, and have closed the dump. They have also made certain recommendations in regard to the hiring of citizens instead of aliens by Mr. Biggs, under his contract, although apparently none of the recommendations except that concerning the closing of the dump can be carried out, because Biggs is interested. I will say further, that, although this man enjoys a quarter of a million dollar contract with the City of Boston, not being satisfied with concessions he already obtained, beyond the law, he has an automobile of special make, a very handsome car, that he parks back of the Hall, bearing a dealer's number, D76J—doing that to avoid the payment to the City of Boston of \$100, this man who has this quarter of a million dollars contract. Whether he is working in league with somebody, whether he has protection from somebody or not, is a very interesting question,—but be very careful of harming Biggs. He is the man who—having no friends in the administration—has established a gasoline filling station on Blue Hill avenue, near

Mattapan square, and another one over on Old Colony boulevard, soon to be used by thousands of people. But I would advise the Assessing Department that Biggs is the man who is now using that car I have referred to, D76J, in the way I have stated, for over a month, thereby thinking that he is going to avoid this \$100 payment. But don't harm Biggs! While I am in absolute accord with the councilor from Dorchester because I can appreciate what the people of his district have been suffering from this nuisance, let me warn him and others, if they don't want to get in bad with the administration, to do nothing that will harm Biggs.

Coun. GILBODY—Mr. President, I appreciate most heartily the remarks of the other member from Dorchester, but I will simply say that I don't care, so long as I obtain protection for the women and children of my district, who is hurt. The people of my district are my first consideration, and everything else must stand aside.

The order was passed under suspension of the rule.

Later in the session Coun. GILBODY asked permission to have the following letters inserted in the record:

Boston City Council.

Council Chamber, April 5, 1927.

Fire Commissioner Eugene Hultman,
Bristol Street, Boston, Mass.

Dear Commissioner,—Would you please be good enough to give me an estimated cost on the taxpayers caused by the Fire Department responding to alarms of fire at the so-called Victory road dump on Sunday and Monday last?

With kindest regards, I am,

Yours very truly,

GEORGE F. GILBODY.

City of Boston,

Fire Department, April 6, 1927.

Mr. George F. Gilbody,

City Councilor, Boston, Mass.

Dear Mr. Councilor,—In reply to your letter asking me in regard to the cost caused by the Fire Department responding to alarms at the so-called Victory road dump on Sunday and Monday last, I would say that it is impossible for us to give even an approximate idea of the cost of our apparatus responding to individual alarms, because so much of the expense of this department is irrespective of whether the apparatus is responding to alarms or not, and the fact that the cost of running the department would be practically the same, we will say, if we only had to respond to half as many alarms as we do at present.

I cannot answer your question with even a fair degree of accuracy.

Yours very truly,

E. C. HULTMAN,

Fire Commissioner.

Placed on file.

WILCOX ROAD, WARD 16.

Coun. GILBODY offered the following:

Ordered, That the Board of Street Commissioners, through his Honor the Mayor, be requested to lay out and accept Wilcox road, Ward 16, as a public highway.

Passed under suspension of the rule.

FENCE FOR RINGER PLAYGROUND.

Coun. DOWLING offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to provide and erect a suitable fence on the northerly side of the Stanley A. Ringer Playground, Ward 21, from the property of the Andrew Jackson School to Gordon street, formerly Allston Heights.

Passed under suspension of the rule.

BLEACHERS, McCONNELL PARK.

Coun. McGRATH offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to provide for the erection of concrete bleachers with a seating capacity of 2,000 on McConnell Park, Dorchester.

Passed under suspension of the rule.

FLAGPOLE IN McCONNELL PARK.

Coun. McGRATH offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to erect a flagpole in McConnell Park, Dorchester.

Passed under suspension of the rule.

NONRESIDENT EMPLOYEES.

Coun. GUILD offered the following:

Resolved, That the Boston City Council is in favor of legislation amending chapter 31 of the General Laws, so that section 19 thereof shall read as follows:

"Section 19. In all work of any branch of the service of the commonwealth citizens of the com-

monwealth shall be given preference; and in all work of any branch of the service of any city or town therein, citizens of that city or town shall be given preference."

and by adding after section 43 thereof the following:

"Section 43A. Removal of domicile from the commonwealth, or from a city or town by which a person holding office or employment in the classified public service is paid, shall be deemed a just cause for removal from such office or employment, as provided in section 43."

Coun. GUILD—Mr. President, ordinarily I should ask to have this resolve referred to the Committee on Legislative Matters. In the present instance, however, the domicile of employees of the city having been discussed at considerable length already before this body and resolutions having been passed favoring the enforcement of a rule requiring that employees of the city shall be domiciled in the city, I am going to ask for a suspension of the rule and the passage of the order. The section of the statute referred to in this resolve—section 19 of chapter 31 of the General Laws—as it now stands provides for preference only to citizens of the Commonwealth. It reads as follows:

"In all work of any branch of the service of the Commonwealth or of any city or town therein, citizens of the Commonwealth shall be given preference."

It has occurred to me, and I think will occur to other members of the City Council as well, that what is good in the service of the Commonwealth is also good in the service of the City of Boston and in other cities and towns of the Commonwealth. If it is desirable that employees in the service of the Commonwealth be required to be residents of the Commonwealth, it is also desirable that employees and officials of the City of Boston shall be required to be residents of the City of Boston. The amendment which the resolution calls for, of section 19 of chapter 31 of the General Laws, looks to that thing. The other possible impediment which has been brought to our attention in connection with change of residence of municipal employees would arise where an employee moves his residence from the city. That question of removal is now dealt with in section 43 of chapter 31 of the General Laws. That section deals with the causes for removal of those who are under the protection of the civil service laws. Omitting some of the words, it reads that:

"Every person holding office or employment in the classified public service of the Commonwealth, or of any county, city or town thereof, shall hold such office or employment and shall not be removed therefrom . . . except for just cause."

Therefore, the suggestion contained in the resolve is that an addition be made to the General Laws of the state to the effect that removal of residence or domicile from the City of Boston shall be deemed a just cause for removal from office or employment by the city. There has been a diversity of opinion in regard to that particular matter. There are those who have held that, inasmuch as the statutes are silent with regard to whether or not that is a just cause, it shall therefore be interpreted as meaning that it is not a just cause. There is also the question whether a city or town can pass an ordinance covering the question of residence of employees of the city or town, in view of the silence of the acts of the Legislature on the subject. I myself feel that the silence of the Legislature on the subject does not warrant a conclusion in either direction, and that it is equally as plausible to conclude that we have the power to pass such an ordinance as that we have not. But the question can be settled by legislation. This matter having been gone into thoroughly by the Committee on Unemployment, who have given a great deal of attention to the whole subject, and it being a subject matter with which the members of the Council are thoroughly familiar, I would move at this time a suspension of the rule and the passage of the resolution.

The rule was suspended and the resolution was passed.

LEGISLATIVE COUNSEL FOR CITY COUNCIL.

Coun. GUILD offered the following:

Ordered, That his Honor the Mayor be requested to include in the budget for the current year a special appropriation of \$2,500 to pay for legislative counsel to represent the Boston City Council before the Massachusetts Legislature and committees thereof on all matters which the City Council shall direct.

Coun. GUILD—Mr. President, in the past year the Corporation Counsel has represented the city before the Massachusetts Legislature and committees of it, on divers occasions. The administration has had its special representative at the State House, representing the administration as distinguished from the city as a whole, at a salary, I am informed and believe, of \$5,000. There have been times when the City Council has needed to be represented before committees of the Legislature, and when members of the Council have been required to appear in person in order to represent from time to time the ideas of the City Council as perhaps distinguished from those of the Mayor or other branches of the administration. If it is reasonable for the administration to be represented

at the State House on legislative matters, I think it is equally reasonable that the City Council should be represented. The order in question calls for the expenditure of but half the amount which, I am informed, has been expended this year by the Mayor's office in connection with such representation on Beacon Hill.

Coun. RUBY—Mr. President, if there is no objection on the part of the councilor who has just taken his seat, may I suggest that that order be referred to the Committee on Legislative Matters?

Coun. GUILD—I do not object, Mr. President.

Coun. GILBODY—Mr. President, I would make the same request, and would go even farther—not only having our individual counsel to represent us at the Legislature, but before committees, but having counsel, say at a salary of \$5,000 a year, who will give to the Council legal advice on all matters that may arise during the entire year. We all know that the Corporation Counsel at all times will render opinions agreeable to the Mayor of Boston, regardless of who he is, and I think the time has come when we should have counsel of our own. I would therefore unite in the request that such action be taken, except that I believe that it should go further, increasing the salary to \$5,000 a year and having counsel who will advise the City Council 365 days in the year, and I also feel that the matter should be referred to the Executive Committee at the present time.

Coun. GUILD—Mr. President, I am not certain that I would go as far as Coun. Gilbody suggests at the present time in his suggested amendment. I do feel that for the present the order as originally drawn should be sufficient, taking care of the question of legislative counsel for the few months of the year in which he would be obliged to serve.

Coun. GILBODY—Well, Mr. President, I will say that I am not really opposing the order as originally introduced. I am perhaps simply indulging in a little political chicanery in the remarks I have made for the record at this particular time.

Coun. GUILD—Mr. President, I have no objection of reference of the order to the Executive Committee.

The order was referred to the Executive Committee.

SOAP FACTORY, CHARLESTOWN.

Coun. GREEN—Mr. President, I would move that the papers relating to the soap factory in Charlestown, which have been placed on file, be taken from the files and referred to the Executive Committee.

President HIEFFERNAN—There being no objection, the papers relating to the matter referred to will be taken from the files and referred to the Executive Committee.

The message and communications relating to the soap factory on Charles street in Charlestown, received on April 4 and placed on file, were taken from the files and referred to the Executive Committee.

RANDIDGE FUND OUTINGS.

Coun. DOWD offered the following:

Ordered, That the Commissioner of Penal Institutions be requested, through his Honor the Mayor, to allow no one who holds any public office, or who is a candidate for any public office, to have the direction of any of the outings provided for under the provisions of the Randidge Fund.

Coun. DOWD—Mr. President, my motive in presenting this order is that recently the money provided through the Randidge Fund for outings for children who are being taken care of by charitable organizations in the City of Boston have been turned over to men in public office and men running for public office, who have made a commercial proposition out of the same. I have in mind several men. I must say, giving due credit to members of the Boston City Council, that not one member of the Council has undertaken to exploit this fund, despite the fact that there have been men running for office who have taken advantage of the political opportunities afforded by the fund, inviting anywhere from ten to fifty of their own personal friends, men and women, to the island on such occasions, and thereby diverting from the children food and ice cream to which they were entitled. That has not been true of members of this Council, and I feel that the members of the Boston City Council do not desire to derive any political plunder from money set aside for the entertainment of the poor children, through the so-called Randidge Fund.

Coun. FITZGERALD—Mr. President, if there is no objection, I would like to have the matter referred to the Executive Committee, and Mr. Chapman called before us. He has charge of the matter, and let us find out how it stands.

The order was referred to the Executive Committee.

REPAVING OF I STREET.

Coun. MAHONEY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to provide for the repaving of I street, South Boston, between First and East Sixth streets, with smooth paving.

Passed under suspension of the rule.

LOCKER BUILDING, FATHER BUCKLEY PLAYGROUND.

Coun. MAHONEY offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to provide for the construction of a locker building and convenience station on the Father Buckley Playground, Third street, South Boston.

Passed under suspension of the rule.

REPAVING OF SHEPTON STREET, WARD 16.

Coun. GILBODY offered the following:

Ordered, That his Honor the Mayor request the Public Works Commissioner to repave Shepton street, Ward 16, with a smooth paving.

Passed under suspension of the rule.

CONCRETE BLEACHERS, COLUMBUS PARK.

Coun. LYNCH offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to provide for the erection of concrete bleachers with a seating capacity of 2,000 at Columbus Park, South Boston.

Passed under suspension of the rule.

WILLIAM D. LANCASTER SQUARE.

Coun. WILSON offered the following:

Ordered, That the intersection of Richmond, Sanford and Washington streets, Dorchester, be named William D. Lancaster square, to perpetuate the memory of the late Representative Lancaster whose public life was so unsparingly devoted to the service of the citizens of Boston, particularly with reference to the Morton street extension project.

Coun. WILSON—Mr. President, it has been most gratifying to me to see come through from the Mayor's office a final appropriation and loan order which will mean the completion of the Dorchester end of the so-called Morton street extension, and it seems most appropriate, at this time, that this body, particularly the councilor from that district, make some recognition of the services of the late William D. Lancaster, to whose unsparing and tireless efforts in the Massachusetts Legislature, in 1925, the final putting through and success of this extension was finally due, and I would ask the suspension of the rule and the passage of this order at the present time.

The rule was suspended and the order passed.

RECESS TAKEN.

The Council voted, on motion of Coun. GILBODY, at 2.45 to take a recess. The members reassembled in the Council Chamber at 4.15 p. m.

EQUIPMENT FOR NEW NURSES' HOME.

The following was received:

City of Boston,
Office of the Mayor, April 4, 1927.
To the City Council.

Gentlemen,—I am advised by the Board of Trustees of the City Hospital that the new Nurses' Home will be ready for occupancy some time in July or early in August and that to provide the necessary furnishings and equipment for the home a loan appropriation of \$40,000 will be required. I accordingly submit herewith an appropriation order providing for the necessary amount and respectfully recommend its approval by your honorable body.

Respectfully,
MALCOLM E. NICHOLS, Mayor.

Ordered, That the sum of \$40,000 be and hereby is appropriated to be expended by the trustees of the Boston City Hospital for Nurses' Home, Furnishing and Equipping, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Referred to the Committee on Finance.

EXECUTIVE COMMITTEE REPORTS.

Coun. GILBODY, for the Executive Committee, submitted the following:

1. Report on petitions (referred today) for children under fifteen years of age to appear at places of public amusement, viz.:

Mrs. F. N. Carleton, Norfolk Hall, April 22; Lilla Frances Viles, Current Events Hall, April 30—that same be granted.

Report accepted; said permits granted under the usual conditions.

2. Report on resolutions (referred March 21) that the City Council opposes Senate Bill No. 251

and adheres to its position as expressed in resolution adopted January 17 in favor of a new courthouse to be built by City of Boston—that same be referred to the Committee on Legislative Matters.

Report accepted; said resolutions referred to the Committee on Legislative Matters.

3. Report on resolution (referred April 4) that City Council favors enactment of legislation authorizing the city to pay counsel fees and expenses for services rendered for Suffolk County Apportionment Commissioners—that same be referred to the Committee on Legislative Matters.

Report accepted; said resolution referred to the Committee on Legislative Matters.

4. Report on message of Mayor with communications (referred today) *in re* conditions at soap factory on Charles street, Charlestown, same having been taken from the files today—recommending that matter be referred to the Committee on Public Safety.

Report accepted; referred to the Committee on Public Safety.

5. Report on order (referred today) that the Commissioner of Penal Institutions be requested to allow no one who holds any public office or is a candidate for public office to have the direction of any outings provided for under provisions of Rindge Fund—that same ought not to pass.

Report accepted; said order rejected.

SOLDIERS' RELIEF.

Coun. ENGLERT, for the Committee on Soldiers' Relief, submitted report recommending passage of orders for payment of aid to soldiers and sailors and their families in the City of Boston for month of April.

Approved and ordered paid.

NURSES AT BOSTON CITY HOSPITAL.

Coun. FREELEY offered the following:

Ordered, That the Board of Trustees of the Boston City Hospital be requested, through his Honor the Mayor, to provide for the relief from duty for sixteen hours out of twenty-four, of nurses employed at the Boston City Hospital.

Coun. FREELEY—Mr. President, I might say, in presenting this order, that the time has come, I feel, when the nurses at the Boston City Hospital should be given some sort of relief. In Chicago, St. Louis, Worcester and Springfield, the nurses work eight-hour shifts, and I feel that no one, whether they be male or female, is able to continue on in their service unless some sort of relief is granted after eight hours on duty, and I move you, sir, suspension of the rule and passage of the order.

The rule was suspended and the order was passed.

HIGH PRESSURE SERVICE, PARKER HILL.

Coun. FREELEY offered an order—That the Commissioner of Public Works be requested, through his Honor the Mayor, to provide for high pressure fire protection service in the Parker Hill district, Roxbury, Ward 10.

Coun. FREELEY—Mr. President, in introducing this order, in the past three years, on Iroquois street and Pequot street, up in the Parker Hill district, there have been fifty-five two-family houses of wooden construction built there, assessed anywhere from \$9,000 to \$11,000. A year ago, the Coca-Cola concern on Tremont street, handy to the Mission Church, had a fire. The Fire Department got there and they found they had only about thirty pounds of water pressure, and the building was practically demolished. After they had seen their mistake, in about three or four weeks, they installed what they called high pressure, and I feel, for the protection of the hospitals on Parker Hill and the protection of the residents who live there on the hill, that high pressure water should be installed there, and I move you, sir, suspension of the rule and the passage of the order.

The rule was suspended and the order was passed.

ACCEPTANCE OF BOWDOIN TERRACE.

Coun. RUBY offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to lay out and accept as a public highway Bowdoin terrace, Ward 14.

Passed under suspension of the rule.

COPIES OF CITY RECORD FOR CITY COUNCIL.

Coun. KEENE offered the following:

Ordered, That the Statistics Department be requested, through his Honor the Mayor, to furnish each member of the City Council with a bound copy of *City Record* for the year 1926.

Passed under suspension of the rule.

SIDEWALK ON GREENWICH STREET.

Coun. McMAHON offered the following:

Ordered, That the Commissioner of Public

Works make a sidewalk along Greenwich street, both sides, between Dorchester avenue and Freeport street, Ward 15, in front of the estates bordering thereon, said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

MORTON STREET BRIDGE.

Coun. WILSON offered the following:

Ordered, That his Honor the Mayor be and he hereby is respectfully requested to advise the City Council, through the Street Commissioners or other proper department heads, what provision, if any, has been made, or is being made, to provide for suitable reconstruction or widening of the Midland Division railroad bridge near the Morton Street Station incidental to the construction of the so-called Morton street extension at that point.

Coun. WILSON—Mr. President, with Coun. Wragg's able assistance, I want to make the statement that, at the present time, the powers that be are planning and starting to construct an 80-foot boulevard, sweeping across Blue Hill avenue and the Dorchester district, but when this boulevard, 80 feet in width, crosses the railroad near the Morton Street Station on the Midland Division, if present plans are carried out, the 80-foot street will narrow into practically a 30-foot width, which will be like sending the traffic over that boulevard through the waistline of an hour-glass, and it seems that some real vision at this time should insure that the traffic sweeping down on a boulevard of that width will not be stopped and the entire purpose of the boulevard negated by being forced through such a narrow passageway at the line of the railroad station.

The rule was suspended and the order passed.

OPPOSITION TO PUBLIC CONTROL OF ELEVATED.

Coun. DONOVAN offered the following:

Resolved, That the City Council of Boston hereby opposes the extension of public control of the Boston Elevated Railway Company.

Coun. DONOVAN—Mr. President, my reason for filing that order at this time is because this bill which is now pending in the legislature is of such vital importance to the people of Boston. You and I know that, since the inception of the Public Control Bill, the trustees of the Boston Elevated Railway have, since their inception, favored the stockholders or directors of the Boston Elevated Railway to the discomfort of the people of Boston—or the car-riding public of Boston. Today, if the Governor of this Commonwealth means business—and I have been forced to admire the Governor for his stand in attempting to lower the rates on electricity within the confines of this Commonwealth—if the Governor of this Commonwealth means business, let him order the trustees of the Boston Elevated Railway to re-establish service on the Lexington street car line in East Boston, on the Bay View car line in South Boston, and on the car lines in the Codman Hill section of Dorchester, where it has discomforted and discommoded some hundred thousand people, the car-riding public of Boston. This will have a tendency, Mr. President, to clarify this situation. This will have a tendency to allow this Council to stand on their feet and assert themselves, and it will have a tendency to stop the members of the House and Senate from passing the buck to us city councilors. This will have a tendency to clarify the situation. It will put us on record as opposed to legislation which is a menace to public safety and to public service. I hope that there will be a suspension of the rule, and that this order will pass.

Coun. GUILD—Mr. President, I should favor, at this time, a reference of the matter to the Executive Committee. I understand, from the reading of the newspapers, that this is a matter which is fraught with a great many ramifications. I, myself, have not had the time to give any considerable study to it. I think that Coun. Donovan has probably given it a great deal of attention. I do not think that the City Council should hastily pass upon a matter of so much importance as this. It is a matter that is engrossing the attention of the Massachusetts Legislature, and has for a considerable number of days. I think that no injury can be worked if the matter is referred to the Executive Committee, and I so move.

The question came on suspension of the rule, and the rule was suspended. The question then came upon the passage of the order, and the order was passed.

WIRE TAPPING ON TELEPHONES.

Coun. McGRATH called up, under assignment No. 1 on the calendar, viz.:

1. Report of the Committee on Unemployment concerning wire tapping and listening in on telephones. (Document 49.)

The question came on the acceptance of the report of the committee.

Coun. McGRATH—Mr. President, I would like to say I moved that this report be printed

as a public document because I felt from the number of letters and telephone calls I had received about it, that there were a great many subscribers in our city who are interested, and so on each councilor's desk, today, there is a copy of this partial report of the Committee on Unemployment which I think is self-explanatory. Now, to go back just a little, let me say that the only purpose of the original order which I introduced in the Council was to ask the Mayor, in the proper manner, to petition, with the City Council, for the Legislature to admit a bill at this time striking out section 102 which would prevent the legalizing of the method of the New England Telephone Company in listening in on telephone conversations. It was in an attempt to give protection to subscribers in this city and state that I took this means first of introducing the order. Since that time, sir, I have learned that, during the entire investigation by our Law Department of the increase in rates, that allowed \$10,000,000 to be exacted from the people of our state, our Law Department was listened in on by the New England Telephone and Telegraph Company, and they could anticipate its every action, and one of the members of the Law Department with whom I have spoken now sees why they were making a practically hopeless fight. He is a member of the Law Department now and was under the past administration, and if his Honor will refer to the Law Department he will find that every single action by this city, which cost our citizens thousands of dollars, was stolen from the people of the city by this company who listened in from 30 Federal street to everything that our city was going to do. And so not even the people of the city, when they spend their money in an honest effort to get a proper deal by this corporation, are protected. I say now that, because of the fact that his Honor the Mayor has aligned himself on the side of the company, as against subscribers, because he vetoed this order, which was a simple one but yet a very necessary one, that our hands, so far as the Council is concerned, are tied, and the only thing I can say to all the subscribers of Boston, especially to lawyers and doctors who may have cases against the telephone company, to be careful, because they are listening in on your lines from 30 Federal street, and his Honor the Mayor won't help this Council in preventing that very sneaking and nefarious practice. So, our hands are tied because he prefers to tie our hands. But, even though the Council as a whole may be stopped from acting in behalf of the people in this matter, all of the data we have compiled, starting with the bill in its inception of the Legislature, right up to the finish of this report, which contains the answer of the chairman of the Department of Public Utilities, who, when he says "to effectively enforce such an order made by this department would involve the employment of a very great number of inspectors," is practically saying, "We can't do it, we can't prevent it,"—I am going to take all the compiled data and I am going on behalf of the people of my district, at least, and place them in the hands of his Excellency the Governor, a man who is fearless against corporations, a man who will wage the people's fight against the special privilege class, and I am going to ask the Governor of this Commonwealth to prevent the Mayor from stifling the wishes of hundreds of telephone subscribers who are paying for protection and service and not getting it.

Coun. GUILD—Mr. President, I observe that this document is entitled, "Report of the Committee on Unemployment." At the time the Committee on Unemployment was appointed I was under the idea that it had to do with finding out what could be done to alleviate the situation in regard to unemployment. Now I am confronted with a report, rather elaborate, in regard to listening in on telephone lines, and the nefarious condition that exists there, and, while I am inclined thoroughly to agree with what the last speaker said in regard to the wickedness of such a situation, I do not quite see the connection with the unemployment situation and, therefore, sir, I should like to have him elucidate that point.

Coun. McGRATH—Mr. President, if the members of the Council will bear with me for a moment, because it will cause a repetition on my part to explain this, as I have explained it, as the records will show, before. When the order on unemployment was introduced by Coun. Green, a great part of the unemployment locally had been caused by the discharge of some 4,000 people by the New England Telephone and Telegraph Company, and while we were in committee, working on the unemployment situation so far as the New England Telephone Company had contributed to that situation, I was advised by a certain person that my line was being listened in on, as well as the lines of other members of the committee, one of which was your Honor's, Mr. President, for the purpose of ascertaining, if possible, where we were getting our information and, when I found that a committee appointed for any purpose was being hampered by a practice of the telephone company in listening in in order to find out where that information came from, and if they found it was from an employee to discharge that employee, or to threaten him with discharge, then I took up that phase of the situation which had to do with a meeting of a duly constituted committee of this Council. We had a right to be meeting there,

and they had no right to be listening in, and I think the history of this thing proves that, although the charges which were made were startling, no one, up to this time, in the employ of the company has denied it, and, although individuals have been accused, no official has denied it. I felt, when we went through with this proposition, which was subsequent to the employment meeting, that we were acting within the jurisdiction of the committee in a situation which had cropped up and over which we had no control, and I feel that if it had gone to this year's Legislature, section 102 would have been stricken out and the Governor would have signed it, and it would have placed the New England Telephone and Telegraph Company on the same official footing as any other individual in the city and state, but, because it is necessary by law to petition through the Mayor and City Council, I took the duly authorized course of procedure in asking the Mayor to co-operate, and he refused, and that is why in this partial report of the Committee on Unemployment the initiative taken by the New England Telephone Company in the matter has caused us to digress, possibly, from the unemployment situation.

The report of the committee was accepted.

PLAYGROUND FOR WEST END.

Coun. FITZGERALD offered the following:

Ordered, That the sum of \$150,000 be and the same is hereby appropriated, to be expended under the direction of the Park Commission, for the purchase of land for playground purposes in the West End section of Ward 3, and that to meet said expense the City Treasurer be authorized to issue, from time to time, upon the request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Referred to the Committee on Finance.

ABANDONED TRACK LOCATIONS OF ELEVATED.

Coun. FITZGERALD offered the following:

Ordered That the Board of Street Commissioners be requested, through his Honor the Mayor, to furnish the City Council with a list of the streets in Ward 3 where track locations of the Boston Elevated Railway Company have been abandoned and to inform the Council as to what steps may be necessary to cause the removal of the tracks in said locations.

Passed under suspension of the rule.

IMPROVEMENTS IN CHARLESTOWN PLAYGROUNDS.

Coun. GREEN offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to provide for the erection of a concrete handball court at the Sullivan Square Playground, that the park at Charlestown Heights be placed in suitable condition and that improvements be made and showers installed in the building located thereon, that a locker building be erected on the Barry Playground, and that the Emmons Playground be enlarged.

Passed under suspension of the rule.

PAVING OF FORBES STREET.

Coun. GUILD offered the following—That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving Forbes street, Wards 10 and 19.

Passed under suspension of the rule.

NONRESIDENT EMPLOYEES.

Coun. GUILD offered the following:

Ordered, That the Legislative Committee of the Boston City Council draft, and introduce into the Massachusetts Legislature at its next session, a bill for the amendment of chapter 31 of the General Laws, in accordance with the resolve this day passed.

Referred to the Committee on Legislative Matters.

GREATON AND PARKVALE ROADS, WEST ROXBURY.

Coun. KEENE offered an order:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Greaton road and Parkvale road, West Roxbury.

Passed under suspension of the rule.

SWINGS, MICHAEL PERKINS SCHOOL.

Coun. LYNCH offered an order:

Ordered, That the Schoolhouse Commission be requested, through his Honor the Mayor, to provide for the erection of swings in the yard of the Michael Perkins School, South Boston.

Passed under suspension of the rule.

COMMUNICATION FROM INTERNATIONAL PAVING CUTTERS' UNION LOCAL NO. 169.

A communication was received from local 169 of International Paving Cutters' Union calling attention to unfair conditions existing under DeSteffano's contract on Medford street, Charlestown, and asking for a hearing on the matter.

Coun. GILBODY moved reference to the Committee on Unemployment.

Coun. GREEN—Mr. President, for the information of the gentleman who has just taken his seat, I might say that I spoke to Mr. Sullivan, after receiving this communication from that gentleman, and it appeared that the trouble had been adjusted, the parties had gotten together and everything is all straightened out; they had a working agreement, a gentlemen's agreement, and every thing was all right now.

The communication was referred to the Committee on Unemployment.

GENERAL RECONSIDERATION.

Coun. GREEN moved reconsideration of all business transacted at the meeting, hoping that the same would not prevail.

Reconsideration was refused.

Adjourned, at 4.40 p. m., on motion of Coun. KEENE, to meet on Monday, April 18, at 2 p. m.

READVERTISEMENT.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING ENAMELED PLATES FOR STREET SIGNS.

The Supply Department of the City of Boston invites proposals for furnishing enameled plates for street signs to the Paving Service, Public Works Department of the City of Boston, according to specifications to be obtained from the office of the Supply Department, Room 801, City Hall Annex. Bidder must use the form of proposal to be obtained at this office, and the successful bidder must furnish a bond for one half the amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. Bids, with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 801, City Hall Annex, before 12 m., Monday, May 16, 1927, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left with the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all proposals or any part of a proposal, and to award the contract as he deems for the best interest of the city. All contracts made subject to appropriations to meet payments thereunder.

HERBERT S. FROST,
Superintendent of Supplies.

(April 16.)

CITY OF BOSTON.

POLICE DEPARTMENT.

PROPOSALS FOR COAL.

The Police Department of the City of Boston invites proposals for furnishing, from May 1, 1927, to April 30, 1928, as follows:

2,000 tons, more or less, egg coal.
200 tons, more or less, stove coal.
75 tons, more or less, nut coal.

The bidder must use the form of proposal to be obtained at the office of the property clerk, 229 Milk street, and deposit his bid with a properly certified check for \$500, payable to and to become the property of the Police Commissioner for the City of Boston, if the proposal is not carried out. Proposals will be publicly opened and read on Monday, April 25, 1927, at 12 o'clock noon, at the office of the Police Commissioner, 154 Berkeley street. The Police Commissioner reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as he deems for the best interests of the city. Surety bond will be required from the successful bidder in an amount equivalent to 20 per cent of the contract price.

HERBERT A. WILSON,
Police Commissioner.

(April 16.)

CITY OF BOSTON.

SCHOOL COMMITTEE.

PROPOSALS FOR FUEL OIL FOR BOSTON PUBLIC SCHOOLS.

The School Committee invites bids for furnishing fuel oil required for school buildings having oil-burning equipment from June 16, 1927, to December 31, 1927, deliveries to be continued until June 15, 1928, provided appropriations are made therefor and the School Committee so orders. Proposals made on the form to be obtained at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street, will be received until Monday, May 2, 1927, at 12 o'clock m. at said office, at which time and place they will be publicly opened and read. Envelopes containing proposals must be plainly marked "Proposal for Fuel Oil." Each bid must be made in duplicate, one to be sent to the Business Manager of the School Committee as above and the other to be filed with the City Auditor, City Hall, Boston, previous to the time named for opening bids. Fuel oil is to be delivered in the tanks of the several buildings and the price per gallon named in the proposal must include the delivery in said tanks in a manner satisfactory to the School Committee. The total estimated quantity of fuel oil required during the period June 16, 1927, to June 15, 1928, both dates included, is as follows:

1,337,000 gallons of heavy fuel oil.
45,000 gallons of light fuel oil.

A certified check for three hundred dollars (\$300) payable to the City of Boston must be filed with the copy of bid sent to the Business Manager of the School Committee, and any bidder awarded a contract must furnish a bond for not less than twenty-five (25) per cent of the estimated amount of the contract awarded him. The School Committee reserves the right to reject any or all bids, and to accept the bid or bids which it deems best for the interests of the city.

ALEXANDER M. SULLIVAN,
Business Manager.

(April 16.)

CITY OF BOSTON.

FIRE DEPARTMENT.

PROPOSALS FOR REPAIRING FIREBOAT WHARF OF ENGINE 44 AT NORTHERN AVENUE BRIDGE.

The Fire Commissioner of the City of Boston, office Fire Department Headquarters, 60 Bristol street, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for repairing fireboat wharf for Engine 44 at Northern Avenue Bridge, and giving bond therefor of a surety company approved by the Commissioner in the sum of fifteen hundred (1,500) dollars, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Fire Department Headquarters, 60 Bristol street. Each proposal should be enclosed in an envelope, sealed, marked "Bid for Repairing Fireboat Wharf for Engine 44 at Northern Avenue Bridge," and left at Fire Department Headquarters, 60 Bristol street, before 12 o'clock m. on Friday, April 29, 1927, with a certified check for five hundred (500) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the bid containing such price. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interest of the city so to do.

EUGENE C. HULTMAN,
Fire Commissioner.

DELINQUENT TAX SALES.

CITY OF BOSTON.

CITY COLLECTOR'S NOTICE.

The owners and occupants of the following described parcels of real estate situated in the City of Boston, in the County of Suffolk and Commonwealth of Massachusetts, and the public, are hereby notified that the taxes and assessments thereon severally assessed for the years hereinafter specified, according to the lists committed by the assessors of taxes of said City to me as collector of taxes for said City, including assessments for the suppression of gypsy and brown-tail moths, remain unpaid, and that the smallest undivided part of said land sufficient to satisfy said taxes and assessments, with interest and all legal costs and charges, or the whole of said land if no person offers to take an undivided part thereof, will be offered for sale by public auction at the City Collector's office, on the second floor of the City Hall Annex on Court street, in said City of Boston, on Wednesday, May 4, 1927, at 9.30 o'clock a. m., for the payment of said taxes and assessments, with interest, costs and charges thereon, unless the same shall be previously discharged.

The sums set against the following descriptions of the several parcels of land show the amounts due thereon respectively for the taxes and assessments for the nonpayment of which each of said parcels of land is to be sold but do not include the costs and interest thereon and costs and charges incident to this sale.

WARD THREE.

TRANSIT DEPARTMENT.

PROPOSALS FOR WOVEN WIRE FENCE.

The Transit Department of the City of Boston, 1 Beacon street, seventh floor, invites proposals from citizens of the United States and corporations or legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States for furnishing and erecting 5,500 linear feet, more or less, of woven wire fence along the right of way of the Dorchester Rapid Transit. If the proposal is accepted a bond of an approved surety company will be required for the faithful performance of the contract in the sum of \$2,000. Proposals should be filled out and signed by the bidder on forms to be obtained at this office, inclosed in an envelope, sealed, indorsed "Proposal for Woven Wire Fence," and left at the above address before 12 o'clock noon on Wednesday, April 27, 1927, at which time and place they will be publicly opened and read. A properly certified check in the sum of \$1,000, payable to the city, must accompany this proposal. The check shall become the property of the city if the contract, within the time prescribed after the date of the notification by the department of the acceptance of the proposal and the readiness of the contract for signature, is not executed by the bidder. Proposals must be made in duplicate. The sealed duplicate, without check, is to be deposited by the bidder with the City Auditor, Room 20, City Hall, previous to the time named for opening the proposals. Specifications and forms of contract can be obtained at this office. Bids will be received for any or all items of the proposal.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR LAYING AND RELAYING WATER PIPES IN ALICIA ROAD AND ORMOND STREET, DORCHESTER; ORANGE STREET AND SANBORN AVENUE, WEST ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for laying and relaying about 2,300 feet of 12-inch water pipe in Alicia road and Ormond street, Dorchester; Orange street and Sanborn avenue, West Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of two thousand (2,000) dollars, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Laying and Relaying Water Pipes, Alicia Road, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Tuesday, April 26, 1927, with a certified check for two hundred (200) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JAMES H. SULLIVAN,
(April 16.) *Commissioner of Public Works.*

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

NOTICE.

The Board of Street Commissioners in accordance with chapter 393 of the Acts of 1906 has passed orders for the laying out and construction of the following highways:

BRIGHTON.

Antwerp street, from Lincoln street to Holton street.
Ascot street, from Antwerp street to Litchfield street.
Bevson street, from Antwerp street to Litchfield street.
Cygnat street, from Antwerp street to Litchfield street.
Duval street (formerly Dumas street), from Antwerp street to Litchfield street.

Notice is hereby given that the Public Works Department is about to do the work contemplated in said order, and that all work to be done in said highways by all persons or corporations having rights in the same to lay or repair either sewer, gas, water or other pipes must be done before Monday, May 9, 1927, as after that time no permits for openings will be granted until two years after said highways are completed.

JAMES H. SULLIVAN,
(April 16.) *Commissioner of Public Works.*

SCHOOLHOUSE DEPARTMENT.

TO CONTRACTORS FOR HARDWARE.

The Schoolhouse Commissioners of the City of Boston invite sealed proposals for furnishing the finish hardware required or necessary for the complete equipment of the Continuation School (Boys' Unit), Abraham Lincoln district, Warrenton street, South End district, Boston, and giving bond of a surety company approved by the Commissioners therefor in the sum of 45 per cent of the entire contract price. Only proposals obtained at the office of the Commissioners, Room 1009, City Hall Annex, signed by the bidder and left before 12 o'clock m. of Monday, April 25, 1927, at said office with a certified check for \$500, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above and the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Commissioners reserve the right to reject any or all proposals. A deposit of \$10 in cash or by certified check will be required for a complete set of plans and specifications, said sum to be refunded on return of plans and specifications. Mutilation of the plans or specifications will be deemed sufficient cause for the forfeiture of the said deposit.

(April 16.) *Commissioners.*

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 19.

SATURDAY, APRIL 23, 1927.

No. 17

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, April 25, at 2 p. m.

A special meeting of the School Committee of the City of Boston will be held in the Administration Building, 15 Beacon street, on Monday, April 25, at 6.30 o'clock p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped areas for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the regulation of street traffic; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marqueses, bay windows, coal holes and vaults.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter

houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts; also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE SCHOOLHOUSE COMMISSIONERS, Room 1007, City Hall Annex, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down of buildings.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, the building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 906, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings in the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

EXTRA WORK UNDER CONTRACT.

J. J. McCarthy & Co. have been directed to perform the following extra work under contract for laying artificial stone sidewalks in Ashmont street (south side), from Carruth street to Adams street. Items ordered: Remove two (2) trees on line of work where directed; price to be paid for each tree and stump removed, the sum of \$150; estimated cost, \$300; remove stumps and cut roots on line of work where directed; to be paid for by force account; estimated cost, \$200. Estimated cost of extra work, \$500.

OFFICIAL PROGRAM, PATRIOTS' DAY CELEBRATION.

Mayor Malcolm E. Nichols, and Boston citizens generally, shared lavishly in the celebration of Patriots' Day, April 19, with many services. The program for the day was as follows:

CHRIST CHURCH, SALEM STREET, BOSTON.
(More commonly known as "The Old North Church.")

Rev. ERNEST J. DENNEN, Rector.

Monday, April 18, at 8 p. m.

Public patriotic services commemorating the anniversary of the hanging of the lanterns from the steeple.

Address by Rt. Rev. Charles L. Slattery, D. D.

The lanterns were carried down the aisle and up into the steeple by Miss Harriet Hancock Newman, granddaughter of Robert Newman, who hung the lanterns in 1775.

TWELFTH ANNUAL REPRODUCTION OF THE RIDE OF PAUL REVERE FROM NORTH SQUARE, BOSTON.

North End Committee.

(Representing Local Civic, Veterans, and Patriotic Organizations and Co-operating with the Patriots' Day Committee of Boston.)

Chairman, George J. Murray; secretary, Felix A. Marcella; Augustus Rasmussen, Edward P. Bacigalupo, James Penta, Romeo Fralli, John Palladino, Anthony Squillacioti, Joseph DiGiovanni, Benjamin Otto, Nicholas Scaramella, James V. Donnaruma.

9 a. m.—Assembly of Freni's Band, Joseph Freni, leader; World War Veterans, Eliot School Cadets, and Boy Scouts on Hanover street, and school girls and Girl Scouts at Cushman School on Parmenter street.

9.20 a. m.—Parade to North square.

9.30 a. m.—Invocation by Rev. Charles J. Ring, pastor of St. Stephen's Church.

9.35 a. m.—Singing of "America" by school children.

9.40 a. m.—Oration by Prof. Joseph H. Sasserno, President Eliot School Alumni Association.

9.50 a. m.—Address by his Honor Malcolm E. Nichols, Mayor of Boston.

10 a. m.—Presentation of message to rider by the Mayor and departure of "Paul Revere" to Lexington. Singing of "The Star-Spangled Banner" by school children.

10.25 a. m.—Formation of parade and march to Copp's Hill.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.]

April 6, J. L. Hammett Company, \$36,993.53; April 6, Carter, Rice Company, \$3,153.

WITHOUT ADVERTISING.

The Mayor has approved the following contracts awarded without advertising; requests of heads of departments to do the work with the department forces without advertising; additions to and deductions from contracts.

PUBLIC WORKS DEPARTMENT (Paving Service).

Upon April 14 the Mayor approved a contract with Felix Pasqualino & Co. for the construction of artificial stone sidewalks. A communication from J. H. Sullivan of the Public Works Department was as follows:

Boston, April 13, 1927.

To the Mayor of Boston.

Permission to award a contract for the construction of artificial stone sidewalks in the public streets, without advertising, to Felix Pasqualino & Co., 175 North street, Boston, is hereby requested on the ground that this contractor is not selected by the city in the first instance but by the abutters; secondly, the expense of construction is to be divided by the city and abutters; also because such contracts vary greatly in amounts and seldom involve one thousand (1,000) dollars.

Respectfully yours,

J. H. SULLIVAN,
Commissioner of Public Works.

PUBLIC WORKS DEPARTMENT (Water Service).

Upon April 18 the Mayor approved a contract with the B. E. Grant Company for the employment of two pressure flushers. A communication from J. H. Sullivan of the Public Works Department was as follows:

Boston, April 18, 1927.

To the Mayor of Boston.

Permission is respectfully requested to employ two pressure flushers from the B. E. Grant Company for dust suppression, for a period of three weeks beginning April 18, 1927, the estimated expense of which will be in excess of \$1,000.

Due to the delay in connection with the budget we have been unable to advertise this contract, and the protracted dry weather is making it necessary that we proceed with the work in order to take care of our streets.

Yours respectfully,

J. H. SULLIVAN,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

Upon April 20 the Mayor approved a contract with the American LaFrance Fire Engine Company for furnishing the Park Department with one fire truck. A communication from Herbert S. Frost of the Supply Department was as follows:

Boston, April 15, 1927.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising for same, to the American LaFrance Fire Engine Company for furnishing to the Park Department, Franklin Park Yard, the following:

One 2½-ton American LaFrance truck at the regular list price of \$4,906.25; less discount to the City of Boston of 20 per cent, \$981.25; net amount of the contract, \$3,925; above price to include all extra equipment.

As the American LaFrance Fire Engine Company are the manufacturers of this

truck nothing would be gained by publicly advertising for same.

Respectfully yours,

HERBERT S. FROST,
Superintendent of Supplies.

Upon April 20 the Mayor approved a contract with the Buffalo Springfield Roller Company for one seven-ton spur drive steam tandem roller. A communication from Herbert S. Frost of the Supply Department was as follows:

Boston, April 15, 1927.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising for same, to the Buffalo Springfield Roller Company to deliver to the Park Department the following:

One latest type seven-ton spur drive steam tandem roller as per specifications at a price f. o. b. Boston of \$3,795; less allowance for old Buffalo roller belonging to the Park Department and offered in exchange, \$600; net amount of the contract, \$3,195.

As the Buffalo Springfield Roller Company are the manufacturers of this particular type of steam roller no advantage would accrue from publicly advertising for same.

Respectfully yours,

HERBERT S. FROST,
Superintendent of Supplies.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved:

HOSPITAL DEPARTMENT.

Matthew Cummings Company, contractor for erection and completion of Nurses' Home, Boston City Hospital, has been instructed to deduct from contract the sum of \$900 dollars for difference between allowance of \$4,500 for tile work in swimming pool, Room No. 40, as called for on page 77 of specifications, and \$3,800 amount of actual contract, deduct \$900. Original contract, \$405,422; corrected contract, as per order No. 1422, \$415,474.66; deduction \$900; corrected contract, \$414,574.66; total addition, \$13,735.66; total deduction, \$4,583.

PARK DEPARTMENT.

Low & Robbins Company have been directed to make the following change in contract for new piping for fresh water system at the Aquarium, South Boston, signed January 4, 1927:

Furnish special valves for end of supply pipes to exhibition and reserve fish tanks; the same to cost \$371 instead of \$350 as allowed in contract, page 13, paragraph H. For this change in the cost of valves furnished the sum of \$21 will be added to contract price. Contract price, \$4,800; addition as per order signed March 10, 1927, \$458.17; addition as per this order, \$21; contract as standing, \$5,279.17.

LOCATION OF STREETS.

The Mayor has approved the following votes of the Board of Street Commissioners.

That the location, direction, width and grade of the private way, in the West Roxbury district, designated as Newpark avenue, from Beech street to Border road, as shown on a plan approved in writing

by the Board of Street Commissioners and on file in the office of the Street Laying-Out department, be and the same hereby are approved.

That the location, direction, width and grade of the private way, in the East Boston district, designated as Montmorenci avenue, East Boston district, from Orient avenue to Tower street, as shown on a plan approved in writing by the Board of Street Commissioners, and on file in the office of the Street Laying-Out Department, be and the same hereby are approved.

That the location, direction, width and grade of the private way, in the Brighton district, designated as Madeline street, from Faneuil street to Harriet street, as shown on a plan approved in writing by the Board of Street Commissioners and on file in the office of the Street Laying-Out Department, be and the same hereby are approved.

That the location, direction, width and grade of the private way, in the Brighton district, designated as Rose Garden circle, leading southeasterly from Foster street, as shown on a plan approved in writing by the Board of Street Commissioners, and on file in the office of the Street Laying-Out Department, be and the same hereby are approved.

POLICE DEPARTMENT ORDERS.

General Order No. 1065.

A trial board consisting of Captains Rooney, Laffey and Anderson, having heard by reference a complaint against Patrolman John F. Boggie of Division 17, charging him with conduct unbecoming an officer, reported to the commissioner a finding of guilty on charge and specifications. In accordance with which, the said Patrolman John F. Boggie was on April 9, 1927, dismissed from the Police Department.

Due written notice of such dismissal with the reasons therefor was duly and specifically given in hand on April 9, 1927, to the said John F. Boggie.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

General Order No. 1066.

A trial board consisting of Captains Rooney, Laffey and Anderson, having heard by reference a complaint against Patrolman Oliver J. Burns of Division 10, charging him with neglect of duty, has reported to the commissioner a finding of guilty as charged. In accordance with which, it is hereby ordered that the said Patrolman Oliver J. Burns perform seventy hours, punishment duty.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

General Order No. 1067.

A trial board consisting of Captains McConnell, McDevitt and Campbell, having heard by reference a complaint against Patrolman Samuel Shelburne of Division 9, charging him with conduct unbecoming an officer, reported to the commissioner a finding of guilty on the charge and on Specifications 2 and 3 thereunder, and not guilty on Specification 1 thereunder. In accordance with

which, the said Patrolman Samuel Shelburne was on March 5, 1927, dismissed from the Police Department.

Due written notice of such dismissal with the reasons therefor was duly and specifically given in hand on March 5, 1927, to the said Samuel Shelburne.

On the seventh day of March, 1927, the said Samuel Shelburne requested in writing a public hearing as provided by law, and the Police Commissioner set down Thursday, March 17, 1927, at eleven o'clock a. m. at the office of the Police Commissioner as the time and place for said hearing and duly notified said Samuel Shelburne, said hearing, at request of counsel for said Samuel Shelburne, being continued and set down for hearing at eleven o'clock a. m. on Friday, April 8, 1927, at the office of the Police Commissioner.

The said Samuel Shelburne was present at said time and place with counsel and was heard with his witnesses, the case being continued for completion on Monday, April 11, 1927, at the office of the Police Commissioner, and the said Samuel Shelburne was again present at said place on said date with counsel and was heard with his witnesses. Whereupon, after hearing the complaint, with the exception of Specification 1 of said complaint, alleging an assault and battery on one Madeline J. Prentiss, upon which specification, the trial board made a finding of not guilty, the Commissioner finds the said Samuel Shelburne not guilty of Specification 2 of said charge of conduct unbecoming an officer, and guilty on Specification 3 of said charge, and rescinds the order of dismissal; and it is hereby ordered that the said Samuel Shelburne be reinstated as a patrolman of the Police Department of the City of Boston, to take effect as of today, with loss of pay from the date of the notice of his dismissal, and that he perform two hundred and ten hours' punishment duty.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

General Order No. 1068.

James J. Buckley, patrolman, assigned to Division 3, was on April 14, 1927, dismissed from the Police Department for neglect of duty and conduct unbecoming an officer.

Due written notice of such dismissal with the reasons therefor was duly and specifically given in hand on April 14, 1927, to the said James J. Buckley.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

General Order No. 1069.

It is hereby ordered that vacations for members of the force for 1927 shall begin June 1 and end November 23, and that not more than one eleventh of the whole number attached to any division shall be absent on vacation at the same time.

Members of the Traffic Divisions will have no day of relief on Wednesday, October 12, but members of these divisions not assigned for duty on other holidays may take their days of relief on such holidays.

No days of relief will be allowed to other members of the force on July 3 and

4, October 12, and November 7 and 8 (the day before and city election day). Members entitled to a day of relief on any of those days may take their day off either before or after the regular time by arrangement with and at the discretion of their division commander.

Patrolmen appointed after March 4, 1927, and up to July 1, 1927, will be allowed one week, to be taken at such times as the commanding officers of divisions shall designate.

Patrolmen appointed after July 1, 1927, will not receive any vacation.

The time for each vacation will be determined by lot in the usual way, on Monday, May 2, 1927.

Vacations to begin and end as follows:

No. 1, to begin at 7.45 a. m., June 1, and end at same hour June 15; No. 2, to begin at 7.45 a. m., June 18, and end at same hour July 2; No. 3, to begin at 7.45 a. m., July 5, and end at same hour July 19; No. 4, to begin at 7.45 a. m., July 19, and end at same hour August 2; No. 5, to begin at 7.45 a. m., August 2, and end at same hour August 16; No. 6, to begin at 7.45 a. m., August 16, and end at same hour August 30; No. 7, to begin at 7.45 a. m., August 30, and end at same hour September 13; No. 8, to begin at 7.45 a. m., September 13, and end at same hour September 27; No. 9, to begin at 7.45 a. m., September 27, and end at same hour October 11; No. 10, to begin at 7.45 a. m., October 13, and end at same hour October 27; No. 11, to begin at 7.45 a. m., November 9, and end at same hour November 23.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

BOSTON BANK STATISTICS, 1925.

Bank clearings or exchanges in calendar year 1925, \$22,481,915,310 the largest on record in Boston or \$1,158,503,640 (5.43 per cent) increase over 1924.

The clearings for first six months of 1926 amounted to \$12,411,900,000 (approx.) or 13.77 per cent more than in corresponding period of 1925.

The Boston Clearing House, established in 1856, ranks fourth among leading cities in total clearings.

On April 12, 1926, the 12 national banks showed aggregate capital of \$48,650,000; surplus and undivided profits, \$53,664,039; deposits, \$612,061,573; loans and discounts, \$537,226,278.

The 13 trust companies showed aggregate capital of \$23,850,000; surplus, undivided profits and guaranty fund, \$34,404,402; deposits, \$309,950,864; loans and discounts, \$266,868,421; 11 trust companies each have a savings department with total deposits of \$38,621,299.

Total resources of the national banks on April 12, \$905,327,247 or \$80,249,747 more than in 1925; of the trust companies (both commercial and savings) \$446,983,462; grand total of the 25 banks \$1,352,310,709.

Savings banks, 24 with \$489,969,046 deposits (as of Oct. 31, 1925); co-operative banks, 50 with total assets of \$94,988,736 (as of same date).

Among the twelve Federal Reserve banks that of Boston on June 30, 1926, ranked fifth as to total resources (*i. e.*, \$373,837,000); fifth as to total deposits, surplus and capital paid in, combined; sixth as to F. R. notes in actual circulation.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Ferndale street, Dorchester district, as a highway, from Norfolk street to Southern avenue, bounded and described as follows:

A highway, named Ferndale street, is hereby laid out, from Norfolk street to Southern avenue, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southeasterly by Norfolk street, forty and 5-100 feet; southwesterly by the southwesterly line of said Ferndale street as hereby laid out, four hundred seventy-five and 14-100 feet; northwesterly by Southern avenue, forty feet; and northeasterly by the northeasterly line of said Ferndale street as hereby laid out, four hundred seventy-seven and 12-100 feet.

Trees or structures standing upon or affixed to the aforesaid described land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lots of abutting land on both sides of Ferndale street, from Norfolk street to Southern avenue, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement therein ordered, each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof of being shown on a plan marked "City of Boston, Ferndale Street, Dorchester, Assessment Plan, January 7, 1927, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Crowell street, Dorchester district, as a highway, from Norfolk street to Evans street, bounded and described as follows:

A highway named Crowell street is hereby laid out, from Norfolk street to Evans street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northerly by Norfolk street, forty and 66-100 feet; easterly by the easterly line of said Crowell street as hereby laid out, six hundred twelve and 8-100 feet; southerly by Evans street, forty and 2-100 feet; and westerly by the westerly line of said Crowell street as hereby laid out, six hundred five and 95-100 feet.

Trees or structures standing upon or affixed to the aforesaid described land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lots of abutting land on both sides of Crowell street, from Norfolk street to Evans street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount herein-after respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Crowell Street, Dorchester, Assessment Plan, January 11, 1927, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining

any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Summit road, bounded:

Northeasterly by land hereinafter de-

scribed as taken from owners unknown (Shaw street), ten feet; southeasterly by another part of Summit road, three hundred eighteen and 59-100 feet; southwesterly by the same, ten feet; and northwesterly by the same, three hundred eighteen and 62-100 feet, containing thirty-one hundred and eighty-six square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Shaw street, bounded:

Southwesterly by land hereinbefore described as taken, owners unknown (Summit road), ten feet; northwesterly by another part of Shaw street, fifteen feet; again southwesterly by the same, thirty-four and 83-100 feet; northerly by La Grange street, forty-seven and 86-100 feet on a curved line; and southeasterly by another part of Shaw street, thirty-one and 87-100 feet, containing five hundred and eleven square feet, more or less.

The sewerage works to be constructed are as follows: 350 linear feet of 10-inch pipe sanitary sewer, in the above described premises, being part of the private way known as Summit road, leading southwesterly from Shaw street for a distance of approximately three hundred and nineteen feet, and part of the private way known as Shaw street, adjoining Summit road.

This Board determines that no person sustains damages in his estate by the making of the aforesaid improvement and construction of said sewerage works and awards no damages therefor.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lot of abutting land on both sides of Summit road, southwesterly from Shaw street for a distance of approximately three hundred and twenty feet, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 742, Sewerage Works, Summit Road, Shaw Street, West Roxbury, March 8, 1927, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

AUTHORITY TO DO WORK.

The Mayor has granted the request of the Public Works Department for authority to resurface with asphalt macadam E street, from West First street 1416 feet northeasterly, with division forces without advertising, the estimated cost for labor and material being \$1,500.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

STATIONARY ENGINEERS, STATIONARY FIREMEN, MARINE ENGINEERS, MARINE FIREMEN AND OILERS, APRIL 28, 1927.

This examination will be held for the service of the state and all cities and such towns in the state as are classified under civil service.

The examination for each kind of position will include a statement of training and experience, a physical examination, and the possession of a license, either (a) as first, second, or third class stationary engineer; (b) as first or second class stationary fireman; (c) as chief, first assistant or second assistant marine engineer. Oilers and marine firemen are not required to have a license.

The date given above is not the actual examination date, but the date on which, as nearly as possible, applicants who have filed applications will be given a physical examination.

SCHOOL PHYSICIAN, BOSTON SCHOOL DEPARTMENT, APRIL 29, 1927.

Salary, \$960 per year. The examination is open to both men and women who are registered Massachusetts physicians, and who have an M. D. degree.

The duties of this position are to report every school day to the principal of the schools to which they are assigned by the Director of School Hygiene, to examine all children entering school for the first time, to make an examination and diagnosis of every child returning to school without a certificate from the Health Department or from the attending physician, after absence on account of illness or from unknown cause, and to make such examination and diagnosis of every child who shows signs of ill-health or symptoms of communicable or infectious disease, to exercise general supervision on all matters pertaining to school hygiene, and to report to the Director of School Hygiene in writing any insanitary conditions in their respective schools or districts, and such other duties as are outlined in the pamphlet issued by the Boston School Department, Department of School Hygiene, on Duties of School Physicians.

Subjects and weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Applicants will be required to obtain at least 65 per cent in each subject of the examination in order to become eligible.

Successful applicants will be required to file a certificate, satisfactory to the commissioners, from a reputable physician as to their physical fitness for the position.

BOSTON POSTAL DISTRICT, 1926.

Area, 253.2 square miles; population served, 2,267,482 (estimated); postal stations and branches, 86; letter carriers, 1,740; rural carriers, 7; clerks and other employees, including substitutes, 3,216; contract numbered stations, 180; street letter boxes, 4,430.

Gross receipts, fiscal year ending June 30, 1926, were \$16,141,985; money order transactions in same year numbered 8,002,587, amounting to \$75,794,593; total number of pieces registered during year, 2,310,204.

Postal savings system deposits on July 1, 1926, amounted to \$6,031,875.

PROCEEDINGS OF CITY COUNCIL.

Monday, April 18, 1927.

Regular meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., President HEFFERNAN in the chair and all the members present, except Coun. Dowd, Freely and Gilbody.

FIRE COMMISSIONER AND CHAIRMAN OF SCHOOLHOUSE COMMISSION.

Coun. McGRATH—Mr. President, I ask unanimous consent to introduce an order at this time.

President HEFFERNAN—There being no objection, the order will be received.

Coun. McGRATH offered the following:

Ordered, That the Clerk of Committees be directed, in the name of the City Council, to request the Fire Commissioner and the chairman of the Schoolhouse Commission to appear before the Executive Committee of the City Council this afternoon at three o'clock.

Passed under suspension of the rule.

VETO OF BOSTON MOTOR TOURS COMPANY LICENSE.

The following was received:

City of Boston,
Office of the Mayor, April 13, 1927.
To the City Council.

Gentlemen,—I return herewith the petition of the Boston Motor Tours Company for license to operate buses from Boston to Fall River. Under date of December 8, 1926, I vetoed a similar petition and it does not seem to me that there has been sufficient change in the situation from that time to the present to sustain a different course of action.

Yours respectfully,
MALCOLM E. NICHOLS, Mayor.

Placed on file.

SALARY OF BUDGET COMMISSIONER.

The following was received:

City of Boston,
Office of the Mayor, April 18, 1927.
To the City Council.

Gentlemen,—I transmit herewith an amendment to the Revised Ordinances of 1925 which will establish the salary of the Budget Commissioner at the level of \$6,500 a year.

The duties of the Budget Commissioner involve an unusual degree of discretion and good judgment which are not fully represented by the present salary of \$6,000 a year.

I am strongly of the opinion that this salary ought to be increased by at least \$500 and therefore ask your favorable consideration for the accompanying order.

Respectfully,
MALCOLM E. NICHOLS, Mayor.

City of Boston.
In the Year Nineteen Hundred and Twenty-Seven.
An Ordinance Concerning the Salary of the Budget Commissioner.

Be it ordained by the City Council of Boston, as follows:

Section five of chapter three of the Revised Ordinances of 1925 is hereby amended in the clause establishing the salary of the budget commissioner by striking out the words "six thousand" and inserting in place thereof the words "sixty-five hundred."

Referred to the Committee on Ordinances.

BUDGET FOR 1927.

The following was received:

City of Boston,
Office of the Mayor, April 18, 1927.
To the City Council.

Gentlemen,—I submit herewith my budget recommendations for the City of Boston for the fiscal year 1927 in full segregated form, in substitution for the lump sum recommendations submitted on January 28, 1927.

Last year the statutory tax limit for general municipal purposes was fixed by the Legislature at \$14 per thousand. This year, after an intensive survey and study of the estimates submitted by department heads and after reducing these estimates by approximately \$2,000,000, I requested that the Legislature fix for this year a tax limit of \$13.50 per one thousand dollars. After a series of hearings on my request, the Legislative Committee on Municipal Finance

unanimously recommended that the tax limit for this year be fixed at \$13 per thousand. This recommendation is now law and the budget herewith submitted is based on a tax limit of \$13 per thousand. The reduction of 50 cents in the limit made by the committee has made necessary a further reduction in departmental estimates of approximately \$900,000, so that the budget for municipal purposes as here submitted represents a total reduction of approximately \$2,900,000 from the original estimates submitted by department heads.

In reducing departmental estimates by such a large amount, it has been necessary to curtail, and in some cases eliminate, services to which the citizens of this community are reasonably entitled. In my opinion, however, it is wiser to follow this policy than to adopt a radical and unsound method of financing which would give an advantage but for one year and thereafter seriously impair the financial standing of the city.

This budget is the twelfth of its kind to be submitted since the adoption of the segregated budget plan. In point of time, it is the latest of the entire series to be submitted to the Council, but it is submitted at the earliest moment possible under the law which is chapter 243 of the Acts of 1927, effective only last Monday.

Under the provisions of chapter 320 of the Acts of 1889, departments may spend, prior to the passage of the budget, "one third the entire amount appropriated for the department for the previous year." With one third of the year practically over, many departments are now at the point where their expenditures must cease. It is therefore desirable that the budget receive immediate consideration by your honorable body and I respectfully recommend its adoption.

Respectfully,
MALCOLM E. NICHOLS, Mayor.

APPROPRIATIONS AND TAX ORDERS FOR THE FINANCIAL YEAR 1927.

Ordered, That to meet the current expenses payable during the financial year beginning with the first day of January, 1927, for performing the duties and exercising the powers devolved by statute or ordinance, or by vote of the City Council during the year, upon the City of Boston or County of Suffolk or the departments or officers thereof, and to meet their obligations for interest on debt, sinking fund requirements and maturing debt not provided for by sinking fund, the respective sums of money specified in the tables and schedules hereinafter set out be and the same are hereby appropriated for the several departments and for the objects and purposes hereinafter stated.

Ordered, That the appropriations for Water Service, current expenses and the payment to the state under the provisions of chapter 488 of the Acts of 1895, and acts in addition or amendment thereto, and for the interest and debt requirements or for loans issued for water purposes be met by the income of said works and any excess over income from taxes; that the appropriation for Printing Department be met by the department income and any excess over income from taxes; and the appropriation for *City Record* be met by the income of said publication and any excess over income from taxes; that the other appropriations hereinafter specified be met out of the money remaining in the treasury at the close of business on December 31, 1926, exclusive of the money raised by loan or needed to carry out the requirements of any statute, gift, trust or special appropriation, and by the income of the financial year beginning January 1, 1927, and taxes to the amount of \$29,874,523.57 and that said amount be raised by taxation on the polls and estates in the City of Boston.

Ordered, That all sums of money which form no part of the income of the city, but shall be paid for services rendered or work done by any department or division for any other department or division, or for any person or corporation other than the City of Boston, be paid into the general treasury, and that all contributions made to any appropriation be expended for the objects and purposes directed by several contributors thereof.

Ordered, That all taxes raised to meet the appropriations of the city and all taxes assessed for meeting the city's proportion of its state tax for the year 1927, or for any other taxes or assessments payable to the Commonwealth, be due and payable on the fifteenth day of September, 1927; that interest shall be charged on all taxes remaining unpaid after the second day of October, 1927, in accordance with the provisions of chapter 59, section 57, of the General Laws, until paid, except the taxes assessed upon shares of national banks, which shall bear interest at the rate of 12 per cent per annum from the fifteenth day of September, 1927, until paid; and that all interest which shall have become due on taxes shall be added to and be part of such taxes.

Ordered, That except as the appropriation for any purpose or item shall be increased by additional appropriations or transfers lawfully made, no money shall be expended by any department for any of the purposes or items designated in the tables and schedules hereinafter set out in excess of the amount set down as appropriated for such specific purposes or item; and except as aforesaid, no salary or wages shall be paid in excess of the rate specified in said tables and schedules.

PETITIONS REFERRED.

The following petitions were received and severally referred to the committees named, viz.:

Claims.

Harold A. Brewster, for compensation for damage to automobile by street cleaning cart.

Charlotte E. Bryant, for compensation for damage to trunk at City Hospital.

Edmund A. Connelly, for compensation for damage to automobile caused by patrol wagon.

Catherine Costello, for compensation for injuries caused by an alleged defect at No. 1 Vine avenue, Roxbury.

Phyllis Ferrara, for compensation for injuries caused by an alleged defect in bath house at Bennet street.

Samuel A. Fuller, for compensation for damage to property at 461 Audubon road, caused by ash truck.

Mr. and Mrs. A. H. Gerstel, for compensation for damage to property at 131 Boylston street, caused by ash truck.

Grand Garden Restaurant, for refund on refuse tickets.

W. J. Jakstos, for refund on refuse tickets.

Ada D. Leach, for compensation for damage to clothing caused by being struck by mud and water thrown by city truck.

Frank A. MacCormack, for compensation for loss of property taken by ashmen from 70 Brookside avenue, Jamaica Plain.

Joseph V. Maddock, for compensation for loss of glasses while working at Dover Street Bridge.

Annie J. Meany, for refund of money expended in fixing pipes at 100 C street, South Boston.

Henry W. Merry, for compensation for damage to property at 206 Huntington avenue, caused by city wagon.

Patrick Saraceno, for compensation for injuries caused by an alleged defect at 52 Wall street.

Bessie Snyder, for compensation for injuries caused by an alleged defect at 10 Belcher lane.

Edward L. Williams, for compensation for damage to automobile caused by an alleged defect in Falmouth street.

Mrs. William Clarke, for compensation for damage to property at 667 East Fifth street, caused by backing up of sewage.

James H. Cunningham, for compensation for damage to automobile caused by collision with fire chief's car.

Executive.

Petitions for children under fifteen years of age to appear at places of public amusement, viz.: Basil Thorne, Whittan Hall, May 6 and 7.

Ruth I. Byrne, Hotel Somerset, April 30.

Mrs. N. A. Grenier, Catholic Union Hall, April 21.

Charles A. Stratton, Municipal Building, Roslindale, April 28.

Special Committee on Jitney Licenses.

Petition of Boston Elevated Railway to operate buses between Mattapan Station and junction of Hyde Park avenue and Ashland street.

Petition of Boston Elevated Railway to operate buses between Park square and North Station.

REPORT OF FINANCE COMMISSION
IN RE BUDGET.

The following was received:

Finance Commission of City of Boston,
11 Beacon Street,
Boston, Mass., April 18, 1927.

To the Honorable the City Council.

Gentlemen,—In response to your order requesting information on the budget estimates of the various city departments for the year 1927, the Finance Commission sends you herewith a report covering all the departments of the city. You will please note that this study was made on estimates presented by the departments to the Mayor before he made his allowances and that the reductions recommended by the commission were made on the following basis:

1. Elimination of obviously unnecessary employees.
2. Elimination of all vacancies.
3. Elimination of all salary increases excepting for the uniformed force, i. e., fire and police.
4. Elimination of new positions, excepting in the Hospital Department for two new buildings, and the Boston Sanatorium Out-Patient Building.
5. Elimination of travel to conventions.
6. Elimination of unnecessary major repairs.

The recommendations in the Street Laying-Out Department, the Statistics Department and the City Record were based on extensive studies of those departments made by the commission in 1926.

The commission has provided a copy for each member of the Council.

Respectfully submitted,

CHARLES L. CARR, Chairman.

Referred to the Committee on Appropriations.

COMMUNICATION FROM METROPOLITAN
DISTRICT COMMISSION.

A communication was received from the Metropolitan District Commission transmitting bond to the City of Boston from the Biggs Construction Company on contract for water pipes.

Placed on file.

STORAGE AND SALE OF GASOLINE.

Notice was received from the Street Laying-Out Department of hearings on Monday, May 2, 1927, on petitions for storage and sale of gasoline as follows:

Florence K. Barry, 161 London street, Ward 1, 2,000 gallons.

Hans M. Johnson, 571-583 East First street, etc., Ward 6, 2,000 gallons.

Frances DeVirgilio, 675 South street, Ward 19, 1,000 gallons.

Gulf Refining Company, 5-9 Broadway, etc., Ward 6, 5,000 gallons.

Leighton & Barrie, 259 Albany street, Ward 3, 1,000 gallons.

Najeeb N. Meshaka, 5332-5340 Washington street, Ward 20, 2,000 gallons.

Shea-Stevenson Company, 421 Old Colony avenue, Ward 7, 2,000 gallons.

Samuel Skolnick, 410 Columbus avenue, Ward 4, 1,000 gallons.

H. A. Stevenson, 549 Washington street, Ward 22, 1,000 gallons.

Referred to the Executive Committee.

COST OF CONSTRUCTION OF
SIDEWALKS.

A communication was received from the Commissioner of Public Works submitting cost of constructing edgestone and artificial stone sidewalks on Farrington avenue, Ward 21, half cost being \$557.62, with accompanying order:

Ordered, That the persons named in the foregoing schedule be and the same are hereby assessed the sums set against their names as their proportionate parts of the cost of constructing sidewalks and edgestones in front of their estates bordering on Farrington avenue, Harvard avenue to Linden street, Ward 21, and the sum is ordered to be certified and notice be given to the persons as aforesaid.

The order was passed under suspension of the rule.

PAVING OF WEST TREMLETT STREET.

Coun. WILSON offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the

Mayor, to repave with smooth paving West Tremlett street, from Washington street to Whitfield street, Ward 17.

Passed under suspension of the rule.

BUILDING LINE WASHINGTON STREET,
DORCHESTER.

Coun. WILSON offered the following:

Ordered, That the Board of Street Commissioners, through his Honor the Mayor, be requested to establish forthwith a 92-foot building line along the easterly side of Washington street, Dorchester, adjacent to the present corner lot at the further intersection of Washington street with Columbia road.

Coun. WILSON—Mr. President, with reference to this order, there is at present being demolished at the corner of Columbia road and Washington street, Dorchester, an old building, and an opportunity is afforded to buy land for this necessary improvement at the corner of those streets. This is not my idea, but the idea of Mr. Ufford of Dorchester, the one who originally favored the Shawmut Branch rapid transit plan, making Blue Hill avenue 126 feet, and other improvements in the district. It is his suggestion that while the land is available it would be well to take, when it can be obtained at a reasonable price, a piece which will enable a 30-foot widening at that point, a swinging corner at the corner of Washington street, going towards Boston, and turning into Columbia road in the direction of City Point.

The order was passed under suspension of the rule.

DE LUXE BUS SERVICE.

Coun. WILSON offered the following:

Ordered, That the Jitney Committee of the City Council inquire into and report to this body with reference to recent announcement of the early inauguration of so-called "de luxe bus service," by the Boston Elevated Railway Company, between Coolidge Corner, Brookline, and Water street, Boston, and the matter of a reported 25 cent fare.

Coun. WILSON—Mr. President, during 1926 I was fortunate or unfortunate enough to be a member of the Jitney Committee of this body, and I distinctly remember at that time that the Jitney Committee of the City Council turned down flatly a petition filed by the Boston Elevated Railway Company which allowed a charge of 25 cents to our wealthy friends who live in Brookline for the privilege of being brought in de luxe buses into the congested district of Boston. I have just read in the papers the following, and it may or may not be authentic:

"De luxe bus service soon. Coolidge Corner to Water street with four stops. Announcement was made yesterday by Manager Edward Dana of the Boston Elevated that de luxe bus service will be inaugurated between Coolidge Corner, Brookline, and Washington and Water streets within the next few days, affording the passengers a seventeen-minute service from Brookline to the business section of downtown. There will be four stops to take on passengers in either direction, and the fare will be 25 cents."

I don't know, so far as the Elevated is concerned, whether the wish is father to the thought, or whether the petition is to be put into the City Council at an early date, or whether the petition has already shipped through, carrying with it the 25-cent fare, unknown to the members of this body. But, so far as I personally am concerned, I feel very strongly that before the Boston Elevated Railway Company is granted the privilege of running Pullman cars or de luxe buses, with cushioned seats, tufted leather easy chairs, beautifully upholstered, with gold mountings and other luxuries for our friends in Brookline to come into the streets of Boston in state, if they have money available it should be spent in furnishing the ordinary working men of Boston with more accommodations in the way of street cars, bad as they are, at 10 cents a throw. It seems to me this newspaper report must be erroneous, when it says that the Elevated management are at the present moment planning to furnish our banking friends in Brookline with 25-cent transportation in large de luxe buses to the corner of Washington and Water streets.

The order was referred to the Committee on Jitneys.

SIDEWALK, ON SHELDON STREET.

Coun. GUILD offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Sheldon street, both sides from Prospect avenue to Ashland street, Ward 19, in front of the estates bordering thereon,

said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

SIDEWALK ON ROCKVIEW STREET.

Coun. GUILD offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Rockview street, west side, from St. John street 125 feet southerly, Ward 19, in front of the estates bordering thereon, said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

APPOINTMENTS OF CONSTABLES.

President HEFFERNAN, under unfinished business, called up No. 1 on the calendar, viz.:

1. Action on appointments submitted by the Mayor April 11, 1927, of constables reapportioned for the term beginning May 1, 1927, as contained in City Document No. 55.

President HEFFERNAN—The Chair would state that last year, in passing on these constables, it was the practice, if any member objected to any particular constable's name being acted upon at the time, to lay it on the table; and I would suggest at this time, before a vote is taken, that if there are any particular names that anyone wants to question, in order that the issue may be raised, such names be laid on the table and the others acted upon.

Coun. MCMAHON—Mr. President, I would like at this time to refer the whole matter to the Executive Committee, to consider in their session this afternoon. I think there are quite a few names there that ought to be looked into. With the performance of some of these constables that was brought to our attention last year, I think we should look into the list carefully.

The matter was referred to the Executive Committee.

CONFIRMATION OF EXECUTIVE
APPOINTMENTS.

President HEFFERNAN called up, under unfinished business, No. 2 on the calendar, viz.:

2. Action on appointments submitted by the Mayor April 11, 1927, of minor officers paid by fees, as contained in City Document No. 56.

The question came on confirmation. Committee, Coun. Green and Dowling. Whole number of ballots 16, and the appointments were confirmed, yeas 16, nays 0.

President HEFFERNAN called up, under unfinished business, No. 3 on the calendar, viz.:

3. Action on appointments submitted by the Mayor April 11, 1927, of the following-named persons to be constables: Michael J. Shields, James G. Curran, John Falvey, Richard F. Lombard, Philip C. Wolff, Samuel Semiansky and Louis L. Dubrow.

The question came on confirmation. Committee, Coun. Wilson and Mahoney. Whole number of ballots 16, and the appointments were confirmed, yeas 16, nays 0.

LEASE TO DORCHESTER POST NO. 498.

President HEFFERNAN, under unfinished business, called up No. 4 on the calendar, viz.:

4. Ordered, That his Honor the Mayor be and he hereby is authorized in the name and behalf of the City of Boston, and in form satisfactory to the Law Department, to execute a lease to Dorchester Post No. 498, Veterans of Foreign Wars, of one room in the city building situated at the corner of Washington and Norfolk streets, in that part of Boston formerly called Dorchester, for a term not exceeding five years beginning with the passage of this order, at a rental of one dollar per annum.

On April 4, 1927, the foregoing order was read once and passed, yeas 15, nays 0.

The order was given its second and final reading and passage, yeas 17, nays 0.

RELEASE OF EASEMENTS.

President HEFFERNAN, under unfinished business, called up No. 5 on the calendar, viz.:

5. Whereas, The Board of Street Commissioners of the City of Boston by a resolve and order, approved by the Mayor of the said City of Boston, July 30, 1913, took an easement for sewer purposes in land in West Roxbury as shown on a plan marked "City of Boston, Plan No. 293, sewerage works, Vermont street and Roberts avenue, West Roxbury, July 15, 1913, F. O. Whitney, Chief Engineer, Street Laying-Out Department," on file in the office of said department; and

Whereas, There was awarded as damages caused by said taking to Thomas F. Welch and Max

Jacobs the sums of two hundred thirty-two dollars (\$232) and twenty-nine dollars (\$29) respectively; and

Whereas, There was no award for damages caused by said taking to the owners of Roberts avenue, so called, a private way in said Roxbury, shown on said plan; and

Whereas, The Commissioner of Public Works of said City of Boston has by a communication dated January 3, 1927, to the honorable City Council declared that that part of said easement that was taken in the land of Thomas F. Welch and Max Jacobs and in Roberts avenue, so called, a private way as shown on said plan, is no longer required for public purposes;

Now, therefore, it is hereby ordered that upon the City of Boston receiving waivers of and releases for the damages caused by said taking to said above-mentioned property, satisfactory in form to the Law Department, the Mayor of said City of Boston be and he hereby is authorized in the name and behalf of said city, for a nominal consideration, to execute and deliver to Frank Holland, Alexandria Hammond and Max Jacobs, individually, as their interests may appear as owners of the hereinafter described parcels, releases satisfactory in form to the Law Department of said easement in the following described premises:

Northwesterly by land now or formerly of Clara E. Pinkham, twenty-seven and 95-100 feet; north-easterly by land now or formerly of Thomas F. Welch, eight and 2-100 feet; southeasterly by said land of Thomas F. Welch, nineteen and 45-100 feet; northeasterly again by the said land of Thomas F. Welch, seventy-two feet; again northeasterly by Roberts avenue, so called, a private way, forty feet; again northeasterly by land of Thomas F. Welch situated on the southeasterly side of said Roberts avenue, fifteen and 94-100 feet; again northeasterly by land now or formerly of Max Jacobs, fourteen and 6-100 feet; southeasterly by said land of Max Jacobs, eight feet; southwesterly by said land of Max Jacobs, fourteen and 54-100 feet; again southwesterly by land of Thomas F. Welch, fifteen and 46-100 feet; again southwesterly by said Roberts avenue, forty feet; again southwesterly by land of Thomas F. Welch situated on the northwesterly side of Roberts avenue, eighty feet; containing, as shown on said plan, 798 square feet in the parcel lying northwest of Roberts avenue, so called; 320 square feet in the parcel lying within Roberts avenue, so called; 126 square feet in the parcel lying southwest of Roberts avenue, so called; 114 square feet in the parcel on said Jacobs' land, lying southeast of said Welch's land, as all of said parcels are shown on said plan No. 293, sewerage works, hereinbefore referred to.

On April 4, 1927, the foregoing order was read once and passed, yeas 16, nays 0.

The order was given its second and final reading and passage, yeas 17, nays 0, viz.:

RECESS AWAITING APPROPRIATION REPORT.

Coun. PARKMAN—Mr. President, I believe the report of the Committee on Appropriations is on the two items relative to the Public Welfare Department, is outside, ready to come in in a moment, and, if there is no objection, I would move that we wait a few moments before going into executive session. I will move that we take a recess subject to the call of the Chair, for the purpose of receiving the report of the committee when it comes in.

The motion was carried, and the Council voted at 2.28 p. m. to take a recess, subject to the call of the Chair.

The members reassembled in the Council Chamber and were called to order by President Heffernan at 2.34 p. m.

APPROPRIATION FOR PUBLIC WELFARE DEPARTMENT.

Coun. PARKMAN, for the Committee on Appropriations, submitted report on message of Mayor with order (referred April 11) appropriating \$1,730,000 for Public Welfare Department—recommending passage of the order.

Coun. PARKMAN—Mr. President, I would like to say just a word on this appropriation. The investigation of the committee disclosed that the expenditures under F-10, in the appropriation for the Department of Public Welfare, was running for the first three months of the year at a rate which would aggregate about \$1,200,000 for the full year. It is possible that, as unemployment conditions improve, this amount may be reduced, but there seems to be no question but what the entire amount will very likely be exceeded. On the other hand, on the item of appropriation for mothers' aid, it seems quite probable that there will be a balance at the end of the year, that the expenditures will not quite equal the amount appropriated by this order. However, taking the two items together, the committee felt that the entire sum of \$1,730,000 would be used, and therefore recommends that the entire sum be appropriated.

The Report was accepted, and the order passed, yeas 16, nays 0.

REPORT OF STANDARDIZATION COMMISSION.

Coun. PARKMAN offered the following:

Ordered, That his Honor the Mayor be again respectfully requested to transmit to the City Council a copy of the report of the committee, appointed to make a survey of the personal service rendered the city, known as the Standardization Commission.

Passed under suspension of the rule.

RECESS.

The Council voted at 2.44 p. m., on motion of Coun. Lynch, to take a recess, subject to the call of the Chair.

The members reassembled in the Council Chamber at 4.01 p. m., President HEFFERNAN in the chair.

EXECUTIVE COMMITTEE REPORTS.

Coun. DOWLING, for the Executive Committee, submitted the following:

1. Report on petitions (referred today) for children under fifteen years of age to appear at places of public amusement, viz: Basil Thorne, Whiton Hall, May 6 and 7; Ruth I. Byrne, Hotel Somerset, April 30; Mrs. N. A. Grenier, Catholic Union Hall, April 21; Charles A. Stratton, Municipal Building, Roslindale, April 28, that permits be granted.

Report accepted; said permits granted under usual conditions.

CONNECTING SCHOOLHOUSES WITH CENTRAL FIRE ALARM SYSTEM.

Coun. McGRATH offered the following:

Ordered, That the Fire Commissioner and the chairman of the Schoolhouse Commission be requested to appear before the Committee on Public Safety at 12 m. on Wednesday next, April 20, relative to connecting all Boston schoolhouses with the central fire alarm system.

Coun. McGRATH—Mr. President, the first order that I introduced today was a request that the Fire Commissioner and the chairman of the Schoolhouse Commission appear before the Executive Committee today to answer a statement that had appeared in the Boston newspapers with regard to the alarms in schoolhouses not being connected with the central fire alarm system, and carrying a story that when a teacher who rang in an alarm for an actual fire in her schoolhouse the children responded to the fire drill alarm and filed out, but that the engines did not respond. Unfortunately we were not able today to communicate with the Fire Commissioner who, I understand, has gone to a distant part of the city on business, but the chairman of the Schoolhouse Commission, Mr. Slattery, put in an appearance and said that, so far as that particular instance was concerned, it was the fault of the school teacher, in that she had not really rung in the alarm, so far as the central station was concerned, that as she failed to close the door there was lack of proper contact and therefore the engines did not respond. He placed the responsibility in that case on the shoulders of the teacher rather than the system. He says, further, that every schoolhouse in Boston is directly connected with the central system, except one schoolhouse where the alarm box is just outside the door, but there are two systems of fire alarms in the schools, and that things are being changed over so that very soon there will be uniform systems throughout the schools of Boston. That will be the case within a period of a few weeks. The fact that the Fire Commissioner did not come to our meeting made it rather embarrassing. Therefore, I have introduced this later order, calling a meeting of the Committee on Public Safety on Wednesday at twelve, at which we hope to have both the Fire Commissioner and the Schoolhouse Commissioner, Schoolhouse Commissioner Slattery having already agreed to be there. The Schoolhouse Commissioner went on record as saying that the Fire Commissioner, as he understands, did not give out the statement that purported to come from him. I was not so much concerned with the question of whether he gave out the statement as with the question of whether the statement itself was true. Oftentimes, there are conditions existing that leak out and that cause a good deal of excitement in the public mind; and in this case it was not so much the statement itself, purporting to come from the Fire Commissioner, as the condition which might exist that concerned me; because the Schoolhouse Commissioner himself admitted that there could be no situation that would seem so horrible to parents throughout the city in general as one where a school with a number of small children would not be connected with the fire alarm system, particularly in cases where, as the Boston Post says in an editorial, only the raising of a few ladders to a second or third story might be required to get the children out. One of the reasons why I have been so much concerned here is that when former Building Commissioner O'Hearn was fire commissioner of Boston, I rode down with him to a fire in the city of Peabody, at the time of the fire there. I was then a member

of the Legislature, and I will never forget the sight that greeted my eyes at the bottom of the stairway of a school, where there were the charred and huddled bodies and bones of a number of children. The lives of those children would have been saved if the doors had opened outward instead of pulling in. The result was that the children became wedged in next to the door, which they could not open inwards because of the pressure of others behind them, and a barrier was thereby formed which prevented their getting out. If the door had swung out, those little children would have been saved, and at that time there was an order put through the Boston School Board that all such doors must swing out towards the street. So, as I say, the awful possibilities of fire in a school were thus vividly impressed upon my mind, by a scene that I have never been able to forget. It is one of those things that makes one remember and shudder. I shall await with interest the coming of the Fire Commissioner to the meeting Wednesday noon not entirely to find out whether he issued the statement that purported to come from him, but to find out whether the conditions that have been alleged to exist did exist. We have the story of the Schoolhouse Commissioner, but I will not be satisfied until the man to whom the story is attributed puts in his appearance, and until we know just what the situation is.

Coun. GUILD—Mr. President, I cannot see just what useful purpose is to be served by having Commissioner Hultman take up his time to come before a committee of the Council Wednesday noon, in view of the statement that has been made to us in the Executive Committee by Mr. Slattery this afternoon. Schoolhouse Commissioner Slattery stated that all steps have been taken and are being taken as rapidly as possible to have the fire alarm systems in the schoolhouses put on a uniform basis and made as nearly foolproof as can be done. The councilor says it is the situation that exists in which he is interested, and I think we now know what the situation is. We have been informed by the Schoolhouse Commissioner that all steps that can be taken are being taken to make the system uniform, and that the story as it appeared in the newspaper article is not correct. What actually occurred in the schoolhouse apparently occurred by reason of uniformity of practice in the schoolhouses, the fact, however, being that all schoolhouses are more or less connected with the central fire system. If that is the situation, and I understand it to be such, and if everything is now being done and will shortly be completed to bring about complete uniformity in the schools in this matter, I cannot see what useful purpose is to be served by asking Commissioner Hultman to come in and thrashing this all over again.

Coun. McGRATH—Mr. President, I believe I have been particularly temperate in my remarks, and I have just one word to add in view of what has been said by the councilor from Jamaica Plain. I believe if Mr. Hultman made this statement, if this statement is true, and he does not stand behind it, it is up to him to let us know that fact. I cannot imagine a more horrible situation that can confront fathers and mothers in the community than to lead them to think that there is this menacing situation in the schools in which their children are housed. This is a matter for which the councilor from Jamaica Plain, myself and every other elected official of the city is responsible, because we are sent here to take care of the physical welfare of the children in so far as it may be affected by lack of proper accommodations in the school buildings. If there are not proper facilities and accommodations, that is certainly a matter in which we should interest ourselves. If there is a man, Commissioner of the Fire Department, here who issues a statement of that type without any authority or without anything to back it up, I for one want to know it, and I want Commissioner Hultman here Wednesday and I want Mr. Slattery here on Wednesday, sitting face to face, and through them I want every father and every mother in Boston to know whether their children are protected or not. I can then tell in fifteen minutes whether there was authority for the issuance of the statement, whether the condition does exist, whether it was suppressed in the Mayor's office or somewhere else. But I am placing paramount the interest of the children in the schools. I want to know primarily whether the conditions exist. I am not playing politics or attempting to get cheap publicity. I want to know whether the children in our schools are properly protected, and I will not listen to one side of an argument and let it go at that. I am waiting for the Fire Commissioner to come before the committee and tell us if he made the statement, or hear him deny it. I think that is a perfectly reasonable request, and I insist that my order be acted upon, sir.

The order was passed under suspension of the rule.

FINANCE REPORTS.

Coun. GREEN, for the Committee on Finance, submitted the following:

1. Report on order (submitted by the Mayor and referred April 11) appropriating \$40,000, to be expended by the trustees of the Boston City Hospital for nurses' home, furnishing and equipping, and that to meet said appropriation the City Treasurer be authorized to issue, from time

to time, on the request of the Mayor, bonds or certificates of indebtedness of the city to said amount—that same ought to pass.

The report was accepted, and the question came on the passage of the order.

Coun. DOWLING—Mr. President, before the roll is called, may I ask what relation that has to the proposed million-dollar loan?

Coun. GREEN—Mr. President, for the information of the gentleman from Brighton, I will say that this is to equip the nurses' home of the City Hospital, which will be ready for occupancy about the last of July or the first of August. I will say, by the way, that it has nothing to do with Long Island.

The order was given its first reading and passage, yeas 16, nays 0.

2. Report on orders (submitted by the Mayor and referred April 11) for a loan of \$100,000, under authority of chapter 325 of the Acts of 1925, to be expended by the Board of Street Commissioners for Morton street improvement, and appropriating \$10,000 to be expended by the Board of Street Commissioners for Morton street improvement, in accordance with chapter 325 of the Acts of 1925, the amount so appropriated to be raised by taxation on the polls and estates in the City of Boston—that said orders ought to pass.

The report was accepted, and the orders were severally passed, yeas 16, nays 0.

3. Report on order (referred from last year) for a loan of \$18,000 to be expended by the Superintendent of Public Buildings for construction of a public convenience station in Codman square on land owned by the city—that the same ought to pass.

On motion of Coun. GREEN, the order was recommitted to the Committee on Finance.

4. Report on order (referred April 11) for a loan of \$150,000 for the purchase of land for playground purposes in the West End section of Ward 3, recommending the passage of the accompanying new draft:

Ordered, That the sum of \$250,000 be and the same is hereby appropriated, to be expended under the direction of the Park Commission, for the purchase of land for playground purposes in the West End section of Ward 3, and that to meet said expense the City Treasurer be authorized to issue, from time to time, upon the request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

The question came on the acceptance of the report and the passage of the order.

Coun. McGRATH—Mr. President, may we have that matter explained by the chairman of the committee?

Coun. GREEN—Mr. President, as I understand it, the engineers of the Park and Recreation Department went down to the West End, in this particular section, and found out that they could not get anywhere, as they said, with an appropriation of \$150,000. So the man who introduced the order, Coun. Fitzgerald, appeared before the committee and stated—and I guess he was quoting the Park Commissioner when he did so—that it would probably cost \$250,000 to buy a site that would be available for playground purposes in that particular section of the city. On the strength of that we reported this order out.

Coun. BUSH—Mr. President, I rise to a point of information. Has that site been picked? Where is the proposed site?

Coun. FITZGERALD—Mr. President, I don't know where the site will be. All I know is that the people of my district have been clamoring for a great many years for a playground for the benefit of the district. It is the most congested district in the entire country, not excepting the east side of New York. There are more people housed there within a square mile than you will find in any other section of the country. We have one out of every twenty-two children of the City of Boston in that congested section. I previously introduced the order here asking for \$150,000. The Mayor of Boston, I understand, requested the Park Commissioner to look over the ground in that section of the city and the report was that for \$150,000 it would be impossible to find a site for the construction of a playground, the report being that they would have to have nearly \$300,000. I don't know what the attitude of the Mayor is to be on this proposition. We know that throughout his term of office he has repeatedly turned down playgrounds and municipal buildings. But, as we pay 43 cents out of every dollar of the taxation of the city in our ward, I feel that the people there should have some consideration. It may be of interest to you to know that every week some little child is run over in our congested streets, because there is no place to play, and is laid away in the cemetery. The congestion there is something appalling. Poor people are housed there in crowded quarters, with their families of children, some apartments containing twelve, fourteen, sixteen and eighteen families. They have no chance to play. The old Charlesbank gymnasium was erected away back in 1883. There is a small gymnasium there, known as the girls' gymnasium, which has in the past afforded a place for small children to go. But automobile traffic, as you know, has been increasing by leaps and bounds, and it has become impossible for little children to cross the streets with any safety so that they can use the Charlesbank Gymnasium. I have attempted to get the co-operation of the school authorities so that the children might use the school yards. But we all know their attitude

upon that matter. I have a letter stating that the attendance at the Charlesbank Gymnasium has dropped off considerably because parents will not allow their children to cross the streets. Something should certainly be done. The Boston Post took the matter up editorially. The people representing the settlement house work in that district are in favor of the proposition. There is in the district plenty of dilapidated property that could well be torn down, using the land for playground purposes. The late George Parkman died and left to the city millions for the benefit of the citizens, and he was interested during his life to a large extent in property in the West End. What he left to the city, which is now being used throughout the city for park and playground betterments, came from that section. The great Massachusetts General Hospital has been obliged to use whatever land it could command for hospital purposes. I simply trust, fellow members, that his Honor the Mayor will give this matter his most careful and earnest consideration. We have no interest in any site; we don't care where any playground may be placed, so long as it is well situated for use. But, as I say, that is the most congested part of the city, and for the benefit of the children of that locality something should be done. Certainly the district is entitled to some consideration. Not a cent has been spent there by the City of Boston for playground purposes since 1883. The property there, of course, is assessed at a pretty high value, as you well know, and it is within a few minutes walk of the great business district. I don't know whether Mr. Long or the engineers are right or not. My idea is simply that there should be a playground there for the benefit of the children, and I believe there is no purpose for which the money of the city can be better expended. I do not believe in these gigantic propositions. People have waited on the Mayor in regard to this matter, very substantial people, people like Mr. Lee, greatly interested in playground work and settlement house work. The Peabody House down there is interested in this sort of thing, and many philanthropic people have realized the need of work in the interest of the young people of that district. We have, for instance, the example of the late James J. Storrow, who supported, carried on an important enterprise there for the young men during his life, and who has left by his will a million dollars to be spent in connection with West End House. Along that line a building is about to be erected there containing a gymnasium, shower baths, and so forth, for the benefit of the members of West End House. That, however, only takes in certain elements in the community. The playground proposition appeals to everybody, universally, irrespective of race or creed. All are in favor of the proposition. I hope that we will pass this and that it will be put up to the Mayor for his signature or veto.

Coun. DOWLING—Mr. President, I think I would be the last member of the Council to oppose a playground in the West End section of the city, so well represented by the gentleman who has just finished his remarks. I do not believe today, however, that I could vote for the recommendation of the committee, and before I get through I am going to move that the original order be substituted for the order reported by the committee. Every member of this Council ought to be more or less familiar, after sixteen months of service here, with the mounting expenses of government. I was a little bit surprised when I found the relative situation of Boston and other large cities of the country in respect to matters of this kind, through a new source of information, and a reliable one, I believe. It goes into the question of how the big cities of the country are spending their money, and I discovered with some surprise that for recreation purposes in this city we spend \$3.14 for each person of population. New York spends \$1.08 for each person of population, Chicago, \$1.97; Philadelphia, \$1.49; Detroit, \$1.75; Cleveland, 59 cents; St. Louis, \$1.56; Baltimore, \$1.27; Pittsburgh, \$1; San Francisco, \$1.66; and Buffalo \$2.32. The expenditures of this city for recreation purposes, as I say, amount to \$3.14 for each person of population. It seems to me we should consider our situation very seriously in comparison with what others are doing. I am not so proud of Boston—and I have pride in Boston—that I feel that I can really stand up in the open anywhere else and say that our parks and playgrounds are better than those in other cities. They are as good as we can make them with the money we spend, and in some directions we are spending too much. I am going to have more to say on that point when we discuss the Park Department appropriation. What I am saying now may not appear to bear much relation to the request presented to the Council at this time but it does have a relation just the same; and I simply wish to say that the Park Department comes in here each year, this year as in previous years and asks for lump sums of money, confers with the Budget Commissioner and the members of the Council, promises \$1,200, \$2,000, \$5,000, \$8,000, to be spent in different parks in our local communities, but really uses those communities merely for the purpose of getting a lump sum, which it spends where it wants to. An important thing for us to bear in mind is that Boston is now spending \$3.14 for each person of population for recreation purposes, far in excess of the amount spent by other cities, and it is not certainly being spent in a way that makes us boastful. I will

now move, Mr. President, that the original order be substituted for the order reported by the committee. I will vote for the original order, but I cannot vote for the larger amount.

Coun. BUSH—Mr. President, I have listened with a great deal of interest to the pitiful plea presented by the councilor from Ward 3 (Coun. Fitzgerald) and, although I do not disagree with him as to the advisability of having more playgrounds in such a congested center as the West End, I cannot help feeling that the information we have received up to the present time concerning the matter is entirely inadequate as a basis for our action. In the first place, we don't know how large a playground is contemplated or what area of land is available to be purchased with the sum that he proposes to spend for it. In the second place, he is not able to furnish us with any proposed site for the prospective playground. I am not in favor of making an appropriation of money at large to purchase a place, without regard to its size and without regard to its location. I would move that the matter be laid on the table until further information can be obtained.

The motion to lay on the table was declared carried. Coun. Fitzgerald doubted the vote and asked for a rising vote.

Coun. GUILD—Mr. President, I rise for information. Is this one of the orders which require two readings and a vote of fifteen in order to be passed?

President HIEFFERNAN—The Chair will state that it is.

Coun. BUSH'S motion to lay on the table was lost, and the question came on Coun. Dowling's motion to substitute \$150,000 for \$250,000.

Coun. GREEN—Mr. President, I was going to request the Councilor from Brighton to withdraw his motion, and I would then move, sir, that we refer the matter back to the committee. If that is satisfactory to the councilor from Brighton, we can give the matter more study in the committee. I would move that the order be recommitted to the Committee on Finance.

President HIEFFERNAN—The question comes on recommitment to the Committee on Finance.

Coun. McGRATH—Mr. President, just a word before we vote on recommitment. As set forth on page 245 of the records of the Council of last year, I introduced the following order:

"That the School Committee of the City of Boston be requested to consider the advisability of keeping open for play purposes the yards of all available schoolhouses, after school hours until sundown, and all day on Saturday."

We have a couple of hundred or more of potential community playgrounds, which might well open their gates after school hours, until eight o'clock at night, and on Saturdays and holidays, for the recreation of the children of the different communities. Later, as set forth, on page 328 of our records of last year, we received a communication from the School Committee on our order relative to the use of schoolyards for play purposes, stating that at present opportunities could not be extended without securing an additional appropriation from the Legislature. All I want to say is this that, so far as an additional appropriation is concerned, it would probably be a matter of not more than \$2,000 or \$3,000 to hire a superintendent to take care of the yards. I have no question that the district of the gentleman from Ward 3, on account of the increasing use of automobiles, needs more playground accommodation for small children. But that same situation confronts us in every district, Mr. President. What is happening in his district is happening in every district of the City of Boston, and there are in those districts numerous schoolyards for which enormous sums of the citizens' money have been appropriated, that could well be used at times outside of school hours, during the ten weeks of vacation in the summer, and on Saturdays and holidays, for just such purposes, providing healthful recreation and a chance to play with safety to the young children of our community. They could thus be used for the very children for whom they have been established and are being maintained. And so, when we speak of playgrounds, I think we ought to take some concerted action towards opening up the school yards of all the schools throughout the City of Boston, in the various communities. Let us as councilors get together on this matter; let us petition next year's Legislature, putting a plan before them and showing exactly what can be accomplished in every one of the twenty-two wards of Boston, simply by using a little common-sense.

Coun. FITZGERALD—Mr. President, I agree with what the councilor from Dorchester has stated, and I will also say that I have had occasion to take the same matter up with the School Committee. I have endeavored to have the school yards thrown open; but we all know the position that the School Committee takes. I am perfectly willing that the order should be recommitted to the Committee on Finance. I am merely endeavoring to do my duty to the people of my district. As far as endeavoring to select a site is concerned, that would certainly be a very foolish thing to do. If I should in any way suggest where I wanted a site to be put, you can all imagine the hue and cry that would go up, the charge that the site had been selected and the property bonded, and that there was graft in it. Of course, that is a situation that we always have to face when we are trying

to do anything in public life. I simply hope that if the order goes through a site will ultimately be selected that will be properly located for the benefit of the children of the district. Of course, we all know that in the past there has been a great deal of money made by the sale of land for schoolhouses, playgrounds and municipal buildings. Certain families have profited very greatly from that sort of thing, and there are families in this town today whose fortunes have been largely made by selling to the city land for schoolhouses and for public buildings and playgrounds. We know that it was a gigantic steal to place Station 2 at the foot of Milk street, and I could name other such cases in the past twenty years. There have been cases, for instance, where playgrounds were not properly placed, but were simply selected so that somebody could make something out of selling the land. Take the Randolph Street Playground; that is hardly ever used, is idle most of the time, and the land should be sold for some manufacturing purpose. It was placed at the very end of the district. Another playground was laid out in the South End section a few years ago, in the wrong place, right alongside a church, and is hardly used by the people of the district. But here is a section that is absolutely overcrowded with poor people, many of them having large families of children, many of the heads of the families widows who are compelled to go out and scrub for a living, being compelled to leave their homes and go to work in the office buildings and other buildings of this city in the early hours of the morning. They don't want to send their children out to homes and farms in distant parts of the state. They are struggling for an existence, trying to keep their families together, and they would like to have near their homes a place where the children could play safely and have some room to enjoy themselves. I wonder how many of you read the New York papers, so that you are familiar with the situation in that town. I was interested in an article yesterday in the Sunday *Globe*, by Judge McQuade, in regard to the situation. He has made a study of the subject for 15 or 20 years, and is very much interested in this playground problem. As he states, you cannot expect a judge who has never been cold or hungry to pass understandingly on the case of a boy or girl who might steal a loaf of bread when hungry, and you can never expect anybody who has not suffered from deprivation of one sort or another to be able to realize what it means, whether it be in the matter of food or a proper opportunity for outdoor recreation. As far as legislative bodies who are acting upon such matters are concerned, those men come and go, and most of them never knew what it was to be poor, never knew what it was to be deprived of things that children in our thickly congested sections need, never knew what it was to shine boots, to sell newspapers, to toil and sweat for an existence in their younger days. I plead for the poor people of my section, that they may have an opportunity to enjoy some of the privileges that those in the outlying districts have an opportunity to enjoy. Do you realize that there are houses in my district where the people can hardly see the light of day, where the gas is turned on during the daytime and burns away into the night? And do you realize that much of that property is owned by so-called philanthropists, millionaires, who never go near the property themselves but leave it to agents who begrudge the amount that should be expended for repairs and improvements that are greatly needed? I sincerely hope that the matter will be recommitment, and that an opportunity will be given to the people of the district to have some needed facilities of this sort. The need is recognized and action is urged by Protestant ministers, Catholic priests, Jewish rabbis, by all interested in the welfare of the young and old people of the district, and I simply ask, in justice to the district, that people who are so earnestly interested may be given an opportunity to come before the committee and be heard, expressing their opinion. I realize that many members have left the Council. I did not realize that there would be opposition to the measure, or I would have been better prepared to bring out arguments and facts that would convince the members of the justice of the cause for which I plead here today. I hope, under the circumstances, that the motion to recommit will prevail.

Coun. GREEN—Mr. President, I move you, sir, that we proceed to a vote.

Coun. DOWLING—Mr. President, may I ask the chairman of the Committee on Finance through you, sir, what arguments were presented to the committee which justified it in raising the amount from \$150,000 to \$250,000?

Coun. FITZGERALD—Mr. President, I might state that there has been an order before the committee that has never been acted upon, asking for \$75,000. I felt that there might be a playground established in the most congested part of the district, around by Poplar and Chambers streets, at a possible cost of \$75,000. But Mr. Long stated that under no conditions would he think of spending that small amount for such a purpose. I believe that the engineer also agreed with him. I do not agree with the engineer or with Mr. Long in that matter; I think that for \$100,000, certainly, we could find a suitable playground in that section. But, as there is a question of doubt, I would like to have the matter recommitment. I don't want to have it jeopardized. Then, Mr. Long and others can be brought before

the committee, and we can obtain information as to how that amount was arrived at.

Coun. GREEN—Mr. President, might I say, for the information of the gentleman from Brighton (Coun. Dowling) and for my committee, that we accepted what we thought were the suggestions of the men best qualified as experts for the City of Boston, and on the strength of such reported out this order.

The report was accepted, and the order was recommitment to the Committee on Finance.

STUDY OF BUDGET FOR PARK DEPARTMENT.

Coun. DONOVAN offered the following:

Ordered, That the Finance Commission be requested to furnish the City Council with its study of the budget allowances for the Park Department.

Coun. DONOVAN—Mr. President, my reason for introducing that order at this time is this: I have never had anything in common with the Finance Commission during my public career; but in the budget submitted by the Finance Commission for the benefit of the members of the Council, on page 59 we have the Park Department, with an itemized list of figures offered to the Council with practically no explanation. Last year we understood that there would be \$25,000 or \$50,000 available, that could be utilized in the different districts of members of the Council, and when we petitioned the Park Commission for some money for the parks in our district, we were told that there was no money available—until at the last of the session last year Mr. Long came in and told us that he had \$50,000 that he wanted to spend in Fenway Park. This is a matter of a good deal of interest to the members of the Council. We all have parks or playgrounds in our district that have been in existence since 1887, for which money from the Parkman Fund can be used, and if the Finance Commission will send in an itemized report we may be able to account for the different figures that we see in the budget. I hope the order will pass.

The order was passed under suspension of the rule.

GENERAL RECONSIDERATION.

On motion of Coun. PARKMAN, a general reconsideration of all action taken today was refused.

Adjourned at 4.40 p. m., on motion of Coun. MAHONEY, to meet on Monday, April 25, at 2 p. m.

BOSTON AS A TOWN.

From its foundation until 1755, or a period of 125 years, Boston was not only the most outstanding but the most populous town in the American colonies. In 1760, Philadelphia's population was ahead, viz. 18,756, Boston's then being 15,631 and New York's about 14,000. In the last year of town government, viz., 1821, Boston's population was about 45,000 and its public debt \$100,000, all incurred for new county buildings.

The history of Boston as a town during a period of nearly two centuries surpasses in civic interest that of Boston as a city because of the untiring zeal and successful efforts of its townsmen to realize more of true democracy than had ever been attained before. Their obligations were held as sacred as their liberties.

INCORPORATED AS A CITY, 1822.

The Act of incorporation was passed by the Legislature on February 23, 1822. On March 4 following, the voters of Boston accepted said Act, Chap. 110, 1821-22, as its first City Charter by a majority of 1,916 in a total vote of 4,678. Previous attempts to incorporate as a city had been made in 1650, 1659, 1667, 1708, 1744, 1762, 1874, 1791, 1804 and 1815. The charter was revised in 1854, 1885 and 1909. Amendments to the 1909 charter were enacted in 1910, 1912, 1914, 1918, 1919, 1921, 1922 and lastly in 1924 (see Municipal Register for 1925, pp. 19-43).

NATIVES AND CITIZENS OF BOSTON AND VICINITY HONORED IN HALL OF FAME.

In the American Hall of Fame, New York City, dedicated in 1901, are inscribed on bronze tablets the names of 58 eminent men and 7 distinguished women deemed worthy of the highest honor on account of their services and attainments. Of the 65 individuals thus selected (up to 1925 inclusive) by an electorate of 100 leading Americans, 27 were natives or for some time citizens of Boston or vicinity. The names of the latter are as follows:

Chosen in 1900—John Adams, Benjamin Franklin, William Ellery Channing, Ralph Waldo Emerson, Daniel Webster, Henry Wadsworth Longfellow, Horace Mann, Nathaniel Hawthorne, George Peabody, Samuel Finley Breese Morse, Joseph Story, Asa Gray, Gilbert Stuart—total, 13.

Chosen in 1905—John Quincy Adams, James Russell Lowell, John Greenleaf Whittier—total, 3.

Chosen in 1910—Edgar Allan Poe, Oliver Wendell Holmes, George Bancroft, John Lothrop Motley, Phillips Brooks—total, 5.

Chosen in 1915—Louis Agassiz, Francis Parkman, Rufus Choate, Charlotte Cushman—total, 4.

Chosen in 1920—William Thomas Green Morton, Alice Freeman Palmer. Five additional names every fifth year are to be selected and inscribed until the year 2000, when the 150 tablets in the colonnade will be complete.

No Bostonian was selected in 1925.

If those who were natives or residents elsewhere in the State are added to the list, the following 7 names increase the total to 34 for Massachusetts or more than half the whole number, viz.: William Cullen Bryant, Jonathan Edwards, Mark Hopkins, Elias Howe, Eli Whitney, Maria Mitchell, Mary Lyon.

If all New England is included, 4 more names will bring up the total to 38 or 58.46 per cent of whole number chosen, these being Roger Williams, Henry Ward Beecher, Harriet Beecher Stowe, Emma Willard.

WATER DISTRICT—GALLONS USED DAILY IN 1925.

Arlington.....	1,576,400

DELINQUENT TAX SALES.

CITY OF BOSTON.

CITY COLLECTOR'S NOTICE.

The owners and occupants of the following described parcels of real estate situated in the City of Boston, in the County of Suffolk and Commonwealth of Massachusetts, and the public, are hereby notified that the taxes and assessments thereon severally assessed for the years hereinafter specified, according to the lists committed by the assessors of taxes of said City to me as collector of taxes for said City, including assessments for the suppression of gypsy and brown-tail moths, remain unpaid, and that the smallest undivided part of said land sufficient to satisfy said taxes and assessments, with interest and all legal costs and charges, or the whole of said land if no person offers to take an undivided part thereof, will be offered for sale by public auction at the City Collector's office, on the second floor of the City Hall Annex on Court street, in said City of Boston, on Wednesday, May 4, 1927, at 9.30 o'clock a. m., for the payment of said taxes and assessments, with interest, costs and charges thereon, unless the same shall be previously discharged.

The sums set against the following descriptions of the several parcels of land show the amounts due thereon respectively for the taxes and assessments for the nonpayment of which each of said parcels of land is to be sold but do not include the costs and interest thereon and costs and charges incident to this sale.

WARD THREE.

Ann Louise Hatfield Heirs or Devises

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN NORFOLK TERRACE, ORMOND STREET, MYRTLEBANK AVENUE, HAZLETON STREET, HILLSBORO ROAD, CHESTER STREET AND HOLBORN STREET, DORCHESTER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Norfolk terrace, Ormond street, Myrtlebank avenue, Hazleton street, Hillsboro road, Chester street and Holborn street, Dorchester. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of forty-seven hundred (4,700) dollars, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Norfolk Terrace, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Wednesday, May 4, 1927, with a certified check for five hundred (500) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

SUPPLY DEPARTMENT.

PROPOSALS FOR HAY, GRAIN AND STRAW.

Sealed proposals will be received at the office of the Superintendent of Supplies, Room 801, City Hall Annex, until 12 m., Friday, April 29, 1927, at which time and place they will be publicly opened and read, for furnishing hay, grain and straw to the various departments during the month of May, 1927. The bidder must include the cost of delivery. The bidders are requested to bid on domestic United States No. 2 timothy hay, United States No. 2 light grass mixed, United States No. 2 light clover mixed, large and medium size bales. The straw to be rye straw in good condition. The grade of hay must comply with Federal hay grades and straw must comply with the National Hay Associations. The bidders are requested to bid on No. 2 white oats, thirty-six pounds or over, graded under the Federal standards. The hay and oats must be weighed by a sworn weigher. The bidder must use the form of proposal to be obtained at Room 801, City Hall Annex. Proposals must be accompanied by a certified check for \$200. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The successful bidder must furnish a bond for one quarter the total amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder. No reservations or stipulations submitted by the various bidders will be considered by the Superintendent.

HERBERT S. FROST,
(April 23.) *Superintendent of Supplies*.

PUBLIC WORKS DEPARTMENT.

NOTICE.

The Board of Street Commissioners in accordance with chapter 393 of the Acts of 1906 has passed orders for the laying out and construction of the following highways:

DORCHESTER.

Fessenden street, from Blue Hill avenue to Norfolk street.
Greenmount street, from Dorchester avenue to Pleasant street.
Fossdale road, (formerly Foss road), from Beaumont street to Elm avenue.
St. Marks road, (formerly Rosemont road N. E.), from Florida street to Adams street.
Glenrose road (formerly Rosemont road S. E.), from Rosemont road N. E. to Adams street.

Notice is hereby given that the Public Works Department is about to do the work contemplated in said order, and that all work to be done in said highways by all persons or corporations having rights in the same to lay or repair either sewer, gas, water or other pipes must be done before Wednesday, May 25, 1927, as after that time no permits for openings will be granted until two years after said highways are completed.

JAMES H. SULLIVAN,
(April 23.) *Commissioner of Public Works*.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SHEET ASPHALT OR BITULITHIC PAVEMENT IN FESSENDEN STREET, WARD 18, FROM BLUE HILL AVENUE TO NORFOLK STREET; FOSSDALE ROAD, WARD 16, FROM BEAUMONT STREET TO ELM AVENUE; GREENMOUNT STREET, WARD 15, FROM DORCHESTER AVENUE TO PLEASANT STREET; GLENROSE ROAD, WARD 16, FROM ST. MARKS ROAD TO ADAMS STREET; ST. MARKS ROAD, WARD 16, FROM FLORIDA STREET TO ADAMS STREET.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States for sheet asphalt or bitulithic pavement in Fessenden street, Ward 18, from Blue Hill avenue to Norfolk street; Fossdale road, Ward 16, from Beaumont street to Elm avenue; Greenmount street, Ward 15, from Dorchester avenue to Pleasant street; Glenrose road, Ward 16, from St. Marks road to Adams street; St. Marks road, Ward 16, from Florida street to Adams street. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of twenty thousand (20,000) dollars, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sheet Asphalt or Bitulithic Pavement, Fessenden Street, Etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Tuesday, May 3, 1927, with a certified check for two thousand (2,000) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JAMES H. SULLIVAN,
(April 23.) *Commissioner of Public Works*.

SCHOOLHOUSE DEPARTMENT.

TO CONTRACTORS FOR HARDWARE.

The Schoolhouse Commissioners of the City of Boston invite sealed proposals for furnishing the finish hardware required or necessary for the complete equipment of the Elementary School, Henry Grew District, Sunnyside street, Hyde Park district, Boston, and giving bond of a surety company approved by the Commissioners therefor in the sum of 45 per cent of the entire contract price. Only proposals obtained at the office of the Commissioners, Room 1007, City Hall Annex, signed by the bidder and left before 12 o'clock m. of Monday, May 2, 1927, at said office with a certified check for \$500, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above and the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Commissioners reserve the right to reject any or all proposals. A deposit of \$10 in cash or by certified check will be required for a complete set of plans and specifications, said sum to be refunded on return of plans and specifications. Mutilation of the plans or specifications will be deemed sufficient cause for the forfeiture of the said deposit.

FRANCIS E. SLATTERY,
CHARLES P. NORTON,

SCHOOL COMMITTEE.

PROPOSALS FOR FURNISHING NEWSPRINT PAPER IN PACKAGES AND BLOCKS FOR THE BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing and delivering at the several school buildings, in accordance with orders, newsprint paper in packages and blocks. Only proposals obtained at the office of the Business Manager of the School Committee, 15 Beacon street, tenth floor, signed by the bidder and left before 12 o'clock m. on Monday, May 2, 1927, at said office, with a certified check for one hundred (100) dollars, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bids must be in duplicate, the one with the check to be sent as directed above, the other filed with the City Auditor, City Hall, previous to the time named for opening bids. The successful bidder will be required to deposit a certified check or a surety bond for not less than 25 per cent of the amount of the contract payable to the City of Boston, which check shall become the property of the city unless the bidder carries out his agreement in accordance with the specifications. The School Committee reserves the right to reject any or all bids and to accept such bid or part of bid as may be deemed best for the interests of the city. All bids are received and accepted subject to appropriations to meet the cost of this material.

ALEXANDER M. SULLIVAN,
Business Manager of the School Committee,
(April 23.)

CITY OF BOSTON.

SCHOOLHOUSE DEPARTMENT.

PUBLIC AUCTION.

By order of the Schoolhouse Commission, I shall sell at public auction upon the premises, Wednesday, April 27, 1927, at two o'clock p. m., buildings Nos. 681 and 685 on Metropolitan avenue, and buildings Nos. 125 and 141 Central avenue, Hyde Park district, Boston, Mass. The same to be removed from the lots on or before May 25, 1927. The successful bidder must deposit with the auctioneer, at the time and place of sale, 25 per cent of the sale price in cash or certified check, and the balance of the purchase price is to be paid ten days after the date of purchase. The city authorities reserve the right to confirm bid. Further particulars from auctioneer.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN ATLANTIS STREET, PERHAM STREET AND KNOLL STREET, WEST ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Atlantis street, Perham street and Knoll street, West Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of twenty-six hundred (2,600) dollars, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed marked "Proposal for Sewerage Works in Atlantis Street, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Thursday, May 5, 1927, with a certified check for three hundred (300) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

(April 23.) *Commissioner of Public Works*.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 19.

SATURDAY, APRIL 30, 1927.

No. 18

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, May 2, at 2 p. m.

Regular meeting of the School Committee of the City of Boston will be held in the Administration Building, 15 Beacon street, on Monday, May 2, at 6.30 o'clock p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, ROOM 401, CITY HALL ANNEX, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped areas for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the regulation of street traffic; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway, or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issu-

ance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts; also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE SCHOOLHOUSE COMMISSIONERS, Room 1007, City Hall Annex, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down of buildings.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, the building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 906, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

CONTRACTS AMENDED.

J. C. Coleman & Sons Company has been allowed to amend the contract for grading playfield at the Dorchester High School for Boys by striking out the word and figures, "November 15, 1926," on page 12, section 3, and substituting therefor the word and figures, "June 1, 1927," so that the beginning of the last paragraph of said section 3, on page 12, shall read: "The work is to be commenced on or about October 12, 1926, and is to be completed on or before June 1, 1927."

MAYOR SEEKS RAPID TRANSIT RELIEF BEFORE LEGISLATURE ENDS SESSION.

Mayor Nichols sent a letter to the Governor on April 27, expressing the hope that he will not prorogue the Legislature until some definite steps have been taken toward the relief of rapid transit. The letter is as follows:

DEAR GOVERNOR FULLER,—It is my sincere hope that you will not prorogue the Legislature until some definite steps have been taken toward the enactment of legislation for the relief of rapid transit in Boston. Bills providing for such relief have been pending throughout the legislative session, only to be defeated at the close of it.

When it appeared certain that there was to be no rapid transit legislation enacted, I presented a new measure for the extension of the Boylston Street Subway at Governor square. This measure ought to be considered upon its merits by the Legislature, as it contains a principle which I think is susceptible of being carried into practical operation.

I am sending you herewith a copy of this bill, and I trust that it will be possible for you to transmit to the Legislature at your earliest convenience a message which will deal with this most important traffic problem, even if it goes no further.

The act authorizing construction at Governor square has for two years been in existence, but has met with two main objections from the Elevated: First, that the road did not care to execute this lease until after the control and management of the road had been determined. I do not believe that the comfort and convenience of our riders, or the solution of such an important transit problem should be set aside for any such reason as this. Secondly, the road objected on the ground that additional burden might be placed upon our riders. This bill I have filed meets this objection.

Therefore, I hope it may be possible for you to take such action as will lead to the enactment of this permissive measure, or such other legislation as may make it possible to begin construction work at Governor square without further delay.

Very sincerely yours,

MALCOLM E. NICHOLS, Mayor.

The bill submitted by the Mayor was entitled:

"An Act to Provide for the Elimination of the Crossing at Grade at Governor Square in the City of Boston by Street Railway Cars Using the Boylston Street Subway."

The bill read:

Section 1. Chapter three hundred and forty-one of the acts of the year nineteen hundred and twenty-five is hereby amended by adding at the end of sec-

(Continued on page 463.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.]

RAPID TRANSIT RELIEF.

(Continued from page 461.)

tion two the following:—When said alterations and extensions are completed and in use if the payment of the annual rental for the same is the sole cause for increasing the cost of service beyond the income of the company, the trustees shall not be obliged to increase the rates of fare to reasonably insure sufficient income to meet such additional costs as provided in chapter one hundred fifty-nine of the special acts of nineteen hundred and eighteen and amendments thereto; and the receiver-general of the commonwealth shall investigate or cause to be investigated as to whether said rental has increased the cost of service beyond the income, and to what amount; and the amount thus determined by the receiver-general of the commonwealth shall be met as provided in section eleven of chapter one hundred fifty-nine of the special acts of nineteen hundred and eighteen.

Section 2. Said chapter three hundred forty-one of the acts of the year nineteen hundred and twenty-five is further amended by adding thereto the following new section,—Section 4. Chapter three hundred forty-one of the acts of the year nineteen hundred and twenty-five as amended shall take effect upon its acceptance by a majority of the board of directors and by the holders of not less than a majority of all the stock of the Boston Elevated Railway Company and also by the holders of not less than a majority of all the stock of the West End Street Railway Company given at meetings called for the purpose and the filing of certificates of acceptance with the secretary of the commonwealth.

MAYOR'S STATEMENT ON BILL.

When presenting the bill the Mayor issued the following statement:

The construction of the Governor Square Subway and other extensions was contemplated in the Elevated measures which have failed in the Legislature. There is, therefore, nothing before the Legislature at this time except the Mayor's Governor Square Bill.

In presenting his bill the Mayor stated that the problem of rapid transit was of more immediate importance than the problem relating to the control and management of the Elevated. He said that the most important project in rapid transit was the relief of the difficult situation at Governor square which will amount to an extension of the Boylston Street Subway and give opportunity in the use of that subway for a genuine rapid transit as originally contemplated.

The Mayor's bill is the result of many conferences with the officials of the Boston Elevated during which the Mayor repeatedly urged the acceptance of the Governor square act which was passed by the Legislature two years ago, and requires the assent of the Boston Elevated directors.

The Mayor had pointed out to the Elevated the advantage of proceeding with the simplest plan and yet the most immediate plan which had already been authorized by the Legislature before trying to settle the most complicated questions relating to the finances of the Elevated and its control and management.

The view expressed by the Mayor was quite contrary to the view of the trustees and the directors of the road, who felt that the control and management of the Elevated ought to take precedence.

The Mayor had hoped for the passage of the measure which would ensure the construction of Governor square, but when this appeared impossible he presented his bill and stated that the Governor Square Subway problem was so pressing that it ought to be considered by this session of the Legislature.

The bill presented by the Mayor is intended to meet the objection of the Elevated that the road may be unable to pay the rentals of the Governor square project, and that they may have to raise the fare beyond 10 cents. The bill, therefore, provides that the fare shall not be raised beyond 10 cents, and that if the treasurer and receiver-general finds that the rental of Governor square has increased the cost of service beyond the income, the amount of this increase shall be met by assessments as provided in the public control act of 1918.

Inasmuch as the Mayor's bill in respect to fare changes the contract made by the Act of 1918, the Mayor's bill is made subject to the acceptance, not only by the directors of the Elevated, but by the stockholders of the Elevated and the West End.

In effect, the Mayor's bill is one which provides for rapid transit without an increase of fare beyond 10 cents.

The measure was given leave to withdraw.

MAYOR COMMENTS ON REFUSAL.

Upon refusal of the Legislature to consider the Mayor's bill for relief at Governor's square the Mayor issued the following statement:

The opposition of the Boston Elevated did more than anything else to kill the plan which I presented to the Legislature today for the improvement of rapid transit by extending the subway at Governor square. This measure answered the only objection that the Elevated had ever made that it should not be required to raise the fare above 10 cents in case the rental of the new subway should result in a deficit. The testimony at the hearing and the debate indicated a strong desire on the part of the public to have this necessary improvement started immediately, and no valid argument was made against the financial soundness of the plan I proposed, as it was completely adapted to present conditions. Although this plan was defeated, I am very glad that opportunity was given for the discussion raised, as I feel that this discussion will do much to clear up the situation and help in the solution of the transit problem for next year.

Meanwhile, if I were in a position of authority in the affairs of the Elevated I should take into consideration the great benefits which have been conferred upon the road by the public, and I should make up my mind that the best way to win public favor would be to adopt the Governor Square Act already in existence. By doing this the Elevated could make more friends and create more good will without incurring the slightest danger of being treated unfairly than by doing anything else I know. It could do more than that by accepting the provisions of the Governor Square Act. It could perform a real public service and place itself in a position of tremendous advantage before the Legislature next year when its affairs will again come up for settlement.

MAYOR NICHOLS APPEALS TO SECRETARY OF NAVY FOR WORK FOR CHARLESTOWN YARD.

Mayor Nichols has addressed the following letter to Secretary of the Navy Curtis D. Wilber in behalf of work for Charlestown Navy Yard on ships of war:

MAYOR'S OFFICE,

BOSTON, April 28, 1927.

HON. CURTIS D. WILBUR, Secretary of the Navy, Washington, D. C.

DEAR SECRETARY WILBUR,—I desire to bring to your attention on behalf of the City of Boston, a situation with reference to the Boston Navy Yard, which is of vital importance to this section of the country.

I am informed that the Navy Department has made awards to various sections of the country for the construction of six cruisers with no allotment to Boston, and that the work of modernization of the U. S. S. "Oklahoma" and U. S. S. "Nevada" has been awarded to the Philadelphia and Norfolk Navy Yards. The exclusion of Boston from any of this work presents a very serious situation here, and in view of the fact that the cruisers have been assigned to other sections of the country, we feel strongly that at least the modernization of either the "Oklahoma" or the "Nevada" should rightfully be delegated to the Boston Navy Yard.

In view of the performance of the yard on the reconditioning of the U. S. S. "Utah," now undergoing modernization, wherein we are now one month in advance of Norfolk and two months in advance of Philadelphia, the records indicate that Boston has accomplished more work on the U. S. S. "Utah" than the other two yards on the ships upon which they are engaged, notwithstanding that all three yards started their projects at the same time, and that the character of the work being done by all three is approximately the same.

There is a very serious danger that the Boston yard in the absence of additional work may be reduced from a force of 3,200 employees to 1,000 on or before the completion of the U. S. S. "Utah," which date has been established for October 1, 1927; in fact, I understand plans are in progress to start a reduction of the force immediately.

Boston desires to place its claim for consideration in the distribution of this work upon the record and accomplishments of its yard and believes that in view of the performance of its Navy Yard on the U. S. S. "Utah" and the new construction work that has been done in the past, namely, the building of U. S. S. "Bridge," "Neches," "Brazos," "Pecos" and "Whitney," it has merited the support of all and is warranted in its claim for recognition in a reasonable portion of the work to be done. Furthermore, if such assignment is not made, there is grave possibility of injury to an institution that is a most important factor in the progress and development of New England, one of the most important sections of the country.

I feel sure that careful review of the case will assure Boston that consideration to which it is justly entitled.

With very kind regards, I am,

Sincerely yours,

MALCOLM E. NICHOLS, Mayor.

PROPOSALS ADVERTISED.

Bids have been asked for by advertising in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time for the receipt of such proposals. This will be published weekly.

For the week ending Thursday, April 28:

Mt. Hope Cemetery.

Michael J. Conway, Edward F. Curley, Joseph Horgan, Arthur J. Moore, Patrick Sullivan, laborers, 1 day, \$5 each.

Fairview Cemetery.

Thomas D. Faherty, James A. Kingston, laborers, 1 day, \$5 each.

Penal Institutions Department.

For the week ending Thursday, April 21:

House of Correction.

William O'Melia, Patrick Shea, Andrew Para, John Fay, engineers, 1 day, \$6.50 each. Total, \$26.

David J. Tobin, Frederick Morse, Albert W. Burns, Justin W. McCarthy, Thomas J. Goodwin, Edward H. Valente, firemen, 1 day, \$6 each. Total, \$30.

Substitute Work.—Albert W. Burns, 1½ days, \$9.

Printing Department.

For the week ending Thursday, April 21:

Arthur J. Sennett, pressman, 2 hours, \$2.86; John Foley, pressfeeder, 2 hours, \$2.42.

Total, \$5.28.

Street Laying-Out Department.

For the week ending Thursday, April 28:

Timothy J. McCarthy, 3 days, \$19.73; William G. Joy, 3 days, \$18.08.

FIRE DEPARTMENT ORDERS.

General Order No. 21.

I. COMMENDATIONS.

At a fire on April 1, 1927, Box 3376, 10.26 a. m., at 980 Blue Hill avenue, Ladderman Anthony E. Nelson of Ladder Company 15, while off duty, rescued Mrs. Lillian Frim, an occupant of the third floor. Mrs. Frim was severely burned about the face, hands and body. Ladderman Nelson, by his prompt attention to duty, saved Mrs. Frim from further injury. The Fire Commissioner commends Ladderman Nelson for this act and hereby grants him two days' leave, without loss of pay, to be added to his annual vacation.

Hoseman Edward J. White of Engine Company 12 is hereby commended for reporting to and working at both fires, Box 2165, two alarms, at 7.28 p. m. and Box 3155, 9.22 p. m., March 31, 1927.

The Fire Commissioner is in receipt of the following letter from the Superintendent of Public Buildings, City Hall Annex:

BOSTON, April 13, 1927.

MR. EUGENE C. HULTMAN,
Fire Commissioner.

DEAR SIR,—I wish to advise you that about 11 o'clock a. m. today, a small incipient fire was started in the City Hall building and I desire to commend two members of your department, Messrs. Arthur J. Short, Assistant Engineer of Engine 13, and Edward Powers of Ladder 8, who, it appears, having a day off, were transacting some business in City Hall at the time, and by their timely aid, rushing to the scene with fire extinguishers, prevented what possibly might have been a serious fire owing to the nature of the dry material located in this room.

It is indeed gratifying to know that so many members of the Fire Department, realizing their responsibilities to the city, are so eager, even when off duty, to do all within their power to prevent a conflagration.

I bring this matter to your attention as I feel they are entitled to very great credit for the service rendered.

Very truly yours,

JOHN P. ENGLERT,
Superintendent of Public Buildings.

II. CAPTAIN FRED W. BATTIS.

It is with deep regret that the Fire Commissioner announces the death of Capt. Fred W. Battis of Ladder Company 25 on April 14, 1927.

Captain Battis was appointed to this department as a call man on March 1, 1886, and became a permanent member on February 4, 1887. He was promoted to lieutenant on March 12, 1897, and to captain, March 12, 1915.

The funeral will be held from his late home, 53 Oak street, Hyde Park, Sunday, April 17, 1927, at 2 p. m.

Ladder Company 25 will be excused from duty in order to attend the funeral. The Chief of Department will arrange for a detail to act as a funeral escort under command of the District Chief of District 15. The detail will report at the quarters of Engine Company 48 at 1.30 p. m. Members of the department

who are off duty are invited to join the department escort.

III. FIREBOAT COMPANIES.

On fireboat companies the second engineer and the masters assigned to each platoon shall be relieved of watch duty, and no details shall be made from the crews of fireboats, but such details shall be made to them as are necessary to keep their companies at full strength at all times.

IV. ALL-OUT SIGNAL.

Hereafter, when giving an order for an all-out signal, telegraphers will write "send all out," giving the box number.

V. BOX REMOVED FROM SERVICE.

Box 3472, formerly located in the Walnut Street School, has been removed from service. This building is no longer in use as a schoolhouse.

By order of Fire Commissioner E. C. Hultman.

DANIEL F. SENNOTT,
Chief of Department.

MAYOR APPEALS IN AID OF FLOOD SUFFERERS.

Mayor Nichols wired the following statement from New York on April 13 relative to the Mississippi Valley flood and has headed the list of donations with his check for \$100.

More than seventy-five thousand people have been forced to leave their homes in the Mississippi Valley on account of the greatest flood in the history of the river. The waters are still rising, so that the number of refugees will be even greater. These people must be fed, clothed, and sheltered by the American Red Cross for a period of from four to six weeks.

President Coolidge and Governor Fuller have issued appeals for funds to enable the Red Cross to meet this stupendous task. Five million dollars will be needed.

As Chief Executive of the city, I would urge the citizens of Boston to respond to this appeal with their customary generosity, in order that the plight of these unfortunate people may be promptly and adequately relieved. Every cent contributed goes directly to the scene of the disaster, all cost of collection and administration being borne by the Red Cross.

Checks should be made payable to the American Red Cross and all contributions sent to the Boston Metropolitan Chapter, 45 Newbury street, Boston.

CHANGE IN CONTRACT.

Frank J. Gallagher & Co., contractor for alterations of basement and certain other work, Brighton Branch Library Building, Brighton, have been ordered to make the following change in the contract. Item added: Support with steel beams and concrete footings old brick wall in basement where the wall has settled, \$38. Contract sum, \$6,085; amount added by this order, \$38; amount of contract to date, \$6,123.

DAMAGES AWARDED.

Jennie F. Campbell has agreed to accept the sum of \$1,000 as full payment for all rights acquired in and all damages occasioned to her estate on Walworth and Beech streets by the laying out and construction of an extension of Walworth street over Bellevue avenue, under the order of the Street Commissioners and Mayor of June 30, 1926.

ASKS SCHOOL COMMITTEE TO AID IN LOWERING TAX RATE.

On April 16 the Mayor addressed the following letter to the School Committee relative to aid in reducing the tax rate:

MAYOR'S OFFICE,
April 16, 1927.

FREDERICK L. BOGAN, *Chairman, Boston School Committee*, 15 Beacon Street, Boston.

DEAR SIR,—Your communication to me states that it is not possible for the School Committee to aid in reducing the tax rate this year by leaving unappropriated a substantial sum. Some three months ago, after learning of the huge cash surplus of \$739,000 remaining after closing the School Department accounts for the year 1926, I sent the City Auditor and the Budget Commissioner to consult with your Business Manager. They told him that the School Committee should appropriate only such amounts as it could reasonably expect to expend, rather than appropriate all the law allows.

By my instructions they proposed that the School Committee should leave a part of this \$739,000 unappropriated so that to that extent the tax rate might show a beneficial decrease. The entire amount of this surplus, however, you now tell me the committee is about to appropriate. This information comes after the Mayor has cut almost \$3,000,000 from the city department estimates. Inasmuch as I had expected the School Committee to aid in reducing the tax rate this year I must say with candor that your communication is disappointing and difficult to understand.

Permit me to call your attention to the following statistics which are exclusive of any figures for new building construction:

	School Expenditures.	Cash Surplus, End of Year.
1922-23.....	\$11,778,471 00	\$166,939 87
1923-24.....	12,421,826 16	415,388 78
1924-25.....	13,131,300 13	360,927 99
1925 (11 months)...	12,769,323 05	589,174 52
1926.....	15,118,502 40	739,519 94

While there may be substantial reasons advanced for the rapidly increasing expenditures for school maintenance, they are, nevertheless, startling in amount. It does not appear, however, that the same reasons can be advanced for making appropriations that will produce a cash surplus of almost three quarters of a million in a single year. It is this extraordinary surplus that encourages me to hope that a substantial saving will yet be made in the appropriations of the School Committee for the benefit of the taxpayer.

The possible appropriations of the School Committee for the year 1927 are approximately as follows:

School tax limit of \$8.26 on the thousand.....	\$15,207,135 50
Estimated revenue (1926 income \$611,157).....	600,000 00
Cash surplus.....	739,519 94
Total.....	\$16,546,655 44

Were you to estimate an expenditure \$1,000,000 in excess of last year, there would still remain an amount of \$428,000 that might not be appropriated, which could be added to the tax rate reduction I have promised to make this year.

The attitude of the public towards school expenditures has been very liberal. Unlike other city officials, your committee has been remarkably free from the petty criticisms of official investigators. Yet an annual increase of \$1,000,000 in school expenditures is so disquieting that a public demand for economy in school expenditures may become general. Until then I believe it is only reasonable to expect from your committee that such detailed study of your budget be made as to effect the elimination of every expenditure that can economically be made without injury to the service.

All municipal expenditures have grown, but school expenditures have outstripped the rest. Not in the history of the city has there been an expansion of activities like those under the control of your committee. Yet the school attendance has not appreciably increased. It is the ways to spend that multiply.

It is my opinion that half a million dollars of your appropriating power need not be used this year. Your financial history shows that if you appropriate all the law allows you will have a sum in excess of three quarters of a million dollars left at the end of this year.

In view of the importance of making as large a reduction in the city tax rate as possible I request that you carefully review your preliminary estimates.

Respectfully yours,

MALCOLM E. NICHOLS, *Mayor*.

CITY WILL FIGHT BALTIMORE DIFFERENTIALS PLEA.

Mayor Nichols announced on April 29 that the City of Boston would appear against the petition of the city of Baltimore requesting the addition of approximately 100 per cent in Baltimore freight differentials at the hearing to be given May 6 with the Interstate Commerce Commission. Boston will join with the Chamber of Commerce in this fight against the Baltimore petition. The city will be represented by Assistant Corporation Counsel Samuel Silverman, who will co-operate with Charles F. McSorley, Assistant Manager of the Maritime Division of the Chamber of Commerce.

The importance of the hearing is shown by the fact that should Baltimore be successful that city would enjoy freight differentials far in excess of those granted to any city as a shipping port in the United States.

PETITIONS ALLOWED.

The Mayor has approved the following petitions received from the Board of Street Commissioners:

New England Telephone & Telegraph Company and Edison Company, Ashley street, Ward 1, erect one pole.

Boston Elevated Railway Company, Adams square, Ward 3, erect one pole, remove two.

Edison Company, Bromley street, Ward 10, erect one pole.

Charlestown Gas & Electric Company, Dunstable street, Ward 2, erect one pole.

New England Telephone & Telegraph Company and Edison Company, Rossmore road, Ward 11, erect eight poles.

Edison Company and New England Telephone & Telegraph Company, Thorn-ton street, Wards 9-11, erect one pole.

George I. Blumberg, 181-191 Harrison avenue, Ward 3, 2,000 gallons of gasoline.

FIRE DEPARTMENT ORDERS.

General Order No. 22.

I. CHANGE OF TIME.

Sunday, April 24, 1927, is the date required by law to make a change in clock time. In order to conform with the law, clocks in the department stations will be set ahead one hour at 2 a. m. (the official time for the change), and all tower clocks maintained by this department will be set ahead one hour at 6 a. m.; or as soon thereafter as is practical, by men who are regularly assigned to wind clocks.

II. GARAGES.

The Fire Commissioner recently wrote to the Fire Marshal in regard to an opinion on the interpretation of the rule relating to garages for two motor vehicles in dwelling houses. Following is the opinion received from the State Fire Marshal, which is published for the information of the department:

"I beg leave to advise that this rule was made with the intention of not having anyone outside the families living in such dwelling house controlling the garage; and I would approve the interpretation of the rule as follows: to the words "which are the property of the applicant or his immediate family," I would apply the words "which are occupied by the applicant and one other tenant"; and to the words "but such part shall only be occupied as a dwelling by the applicant and his employee," I would apply the words "but such part shall only be occupied as a dwelling by the applicant and one other tenant."

III. SEVENTY-FIFTH ANNIVERSARY OF FIRE ALARM.

During the week of April 25 the seventy-fifth anniversary of the installation in Boston of the first electric fire alarm telegraph system in the world will be celebrated at Fire Alarm Headquarters, 59 Fenway.

All members of the Fire and Protective Departments are cordially invited to attend between the hours of 9 a. m. to 4 p. m. Old and new types of apparatus will be on exhibition, showing the progress which has been made since 1852 when the first alarm was struck.

IV. CHARGES.

Hoseman John A. Cavanagh of Engine Company 23 has been suspended from duty for two weeks from 12 noon April 20, 1927, because of charges preferred against him by Capt. John M. Donovan of Engine Company 23 for absence without leave. Hoseman Cavanagh was due to report for duty at 8 a. m. April 17 and did not report until 8 p. m. April 17, 1927.

By order of Fire Commissioner E. C. Hultman.

DANIEL F. SENNOTT,
Chief of Department.

AUTHORITY TO DO WORK.

The Mayor has been granted authority to resurface with asphalt macadam Kirtledge street, West Roxbury, from Washington street across Rosecliff street, with division forces, without advertising, the estimated cost for labor and material being \$7,000.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Upon April 20 the Mayor approved a contract with bidders as indicated for cleaning catch-basins in the various districts as follows: District No. 1, Patrick J. Healy, \$1.65 per cubic yard; District No. 2, Patrick J. Healey, \$1.65 per cubic yard; District No. 3, Thomas H. Gorman, \$1.49 per cubic yard; and District No. 4, Montrose Catch Basin Cleaning Company, \$1.75 per cubic yard. Bids, opened March 24, were as follows:

District No. 1, City Proper.—Patrick J. Healey, \$1.65 per cubic yard; James L. Pierce, \$1.70 per cubic yard; Edward J. Byrne, \$1.70 per cubic yard; John J. Loonie, \$1.70 per cubic yard; David W. Norton, \$1.70 per cubic yard; Dell Construction Company, \$1.70 per cubic yard; John J. Ward Company, \$1.72 per cubic yard; P. J. Tuffy, \$1.72 per cubic yard; Montrose Catch Basin Cleaning Company, \$1.75 per cubic yard; John J. Keogh, \$1.85 per cubic yard.

District No. 2, Roxbury.—Patrick J. Healey, \$1.65 per cubic yard; Edward J. Byrne, \$1.74 per cubic yard; Montrose Catch Basin Cleaning Company, \$1.75 per cubic yard; William R. Keogh, \$1.80 per cubic yard.

District No. 3, South Boston.—Patrick J. Healey, \$1.70 per cubic yard; Edward J. Byrne, \$1.73 per cubic yard; John J. Loonie, \$1.90 per cubic yard; P. J. Tuffy, \$1.76 per cubic yard; Montrose Catch Basin Cleaning Company, \$1.75 per cubic yard; William R. Keogh, \$1.70 per cubic yard; Joseph A. Sprissler, \$1.68 per cubic yard; Thomas F. Meaney, \$1.74 per cubic yard; Thomas H. Gorman, \$1.49 per cubic yard.

District No. 4, Charlestown and East Boston.—Patrick J. Healey, \$2.25 per cubic yard; Edward J. Byrne, \$1.97 per cubic yard; David W. Norton, \$1.78 per cubic yard; Dell Construction Company, \$1.85 per cubic yard; John J. Ward Company, \$1.77 per cubic yard; Montrose Catch Basin Cleaning Company, \$1.75 per cubic yard; John T. Keogh, \$1.85 per cubic yard.

Total.—District No. 1, \$14,850; District No. 2, \$12,375; District No. 3, \$5,215; District No. 4, \$6,125.

SCHOOLHOUSE DEPARTMENT.

Upon April 27 the Mayor approved a contract with the Frost & Adams Company for furnishing and delivering blue-printing equipment in the Charlestown High School Annex (Spencer Memorial). Bids, opened April 11, were as follows:

Frost & Adams Company, \$1,171.66; Spaulding-Moss Company, \$1,180; B. L. Makepeace, Inc., \$1,180.

SUPPLY DEPARTMENT.

Upon April 27 the Mayor approved a contract with the Warren Foundry and Pipe Company for fifty tons of 4-inch pipe in 6-foot lengths for the Water Service. Bids, opened April 6, were as follows:

Warren Foundry and Pipe Company, \$81.10 per ton of 2,000 pounds; United States Cast-Iron Pipe and Foundry Company, \$83 per ton of 2,000 pounds.

Upon April 27 the Mayor approved a contract with M. McGinnis & Co. for

approximately 3,000 cubic yards loam for the Park Department. Bids, opened April 11, were as follows:

M. McGinnis & Co., \$1.47 per cubic yard, discount for payment in ten days, 1 per cent; Robert E. Cuniff Company, \$1.74 per cubic yard; John McCourt Company, \$1.73 per cubic yard, discount for payment in ten days, 2 per cent; D. M. Biggs & Co., \$2.85 per cubic yard, discount for payment in ten days, 1 per cent.

Upon April 27 the Mayor approved a contract with the Trimount Oil Company for approximately 70 tons refined tar for hot application for the Park Department. Bids, opened April 6, were as follows:

Trimount Oil Company, \$22.93 per ton applied, discount for payment in ten days, 1 per cent; Independent Coal Tar Company, \$23.50 per ton applied, discount for payment in ten days, 1 per cent; the Barrett Company, \$26.25 per ton applied.

Upon April 27 the Mayor approved a contract with the Independent Coal Tar Company for furnishing approximately 36,000 gallons of nonasphaltic road oil to be delivered to the Park Department. Bids, opened April 6, were as follows:

M. E. Lemery, No. 1, 9.75 cents per gallon applied; No. 2, 8 cents per gallon applied; No. 1, gravity, 26-28; flash, 150; fire, 185; viscosity, 300 at 350 degrees F; No. 2, gravity, 28-34; flash, 140; fire, 180; viscosity, 40 at 180 degrees F; Trimount Oil Company, 10.44 cents per gallon applied; discount for payment in ten days, $\frac{1}{2}$ of 1 per cent; Standard Oil Company of New York, 10.33 cents per gallon applied; Independent Coal Tar Company, 8.75 cents per gallon applied; discount for payment in ten days, 1 per cent.

Upon April 27 the Mayor approved a contract with the Rockport Granite Company for furnishing approximately 1,000 lineal feet of straight edgestone to be delivered on the wharf at Deer Island. Bids, opened April 18, were as follows:

Rockport Granite Company, 90 cents per lineal foot delivered on the wharf at Deer Island; discount for payment in ten days, 2 per cent; Terminal Supply Company, \$1.388 per lineal foot delivered on the wharf at Deer Island; discount for payment in ten days, 1 per cent.

Upon April 27 the Mayor approved a contract with bidders as indicated for furnishing bank gravel and sand to the various city departments. Bids, opened March 28, were as follows:

South Boston.—Massachusetts Sand and Gravel Company, gravel, \$1.05; sand, \$1.05; George H. Noone Sand and Gravel Company, gravel, \$1; sand, \$1.10; Edward O'Toole, gravel, \$1.55; sand, \$1.30; D. M. Biggs & Co., gravel, \$1.10; sand, \$1.10; Boston Sand and Gravel Company, gravel, \$1.05; sand, \$1.05; Garrett J. O'Riorden, gravel \$1.20; sand, \$1.20.

East Boston.—Massachusetts Sand and Gravel Company, gravel, \$1.15, sand, \$1.15; George H. Noone Sand and Gravel Company, gravel, \$1.60; sand, \$1.60; D. M. Biggs & Co., gravel, \$1.85; sand, \$1.85; Boston Sand and Gravel Company, gravel, \$1.15; sand, \$1.15; Garrett J. O'Riorden, gravel, \$1.20; sand, \$1.20.

Charlestown.—Massachusetts Sand and Gravel Company, gravel, \$1.10; sand, \$1.10; George H. Noone Sand and Gravel

Company, gravel, \$1.50; sand, \$1.50; D. M. Biggs & Co., gravel, \$1.75; sand, \$1.75; Boston Sand and Gravel Company, gravel, \$1.15; sand, \$1.15; Garrett J. O'Riorden, gravel, \$1.05; sand, \$1.05; J. H. McNamara, Inc., gravel, \$1.75; sand, \$1.25.

Brighton.—Massachusetts Sand and Gravel Company, gravel, 90 cents; sand, 90 cents; George H. Noone Sand and Gravel Company, gravel, 75 cents; sand, 80 cents; D. M. Biggs & Co., gravel, \$1.65; sand, \$1.65; Thomas J. McCue, gravel, 83 cents; sand, 83 cents; Riverside Sand and Gravel Company, gravel, 90 cents; sand, 75 cents; J. H. McNamara, Inc., gravel, 83 cents, sand, 83 cents.

West Roxbury.—Massachusetts Sand and Gravel Company, gravel, 90 cents; sand, 90 cents; Martino DeMatteo, gravel, 45 cents; sand, \$1.24; George H. Noone Sand and Gravel Company, gravel, 80 cents; sand, 80 cents; Edward O'Toole, gravel, \$1.40; sand, \$1.05; M. Doyle & Co., Inc., gravel, \$1.25; sand, \$1.25; D. M. Biggs & Co., gravel, \$1.25; sand, \$1.25.

Dorchester and Ashmont.—Massachusetts Sand and Gravel Company, gravel, \$1.05; sand, \$1.05; George H. Noone Sand and Gravel Company, gravel, 90 cents; sand, 98 cents; Edward O'Toole, gravel, \$1.45; sand, \$1.15; M. Doyle & Co., Inc., gravel, \$1.25; sand, \$1.25; D. M. Biggs & Co., gravel, \$1; sand, \$1; Boston Sand and Gravel Company, gravel, \$1; sand, \$1.

Roxbury.—Massachusetts Sand and Gravel Company, gravel, \$1.05; sand, \$1.05; George H. Noone Sand and Gravel Company, gravel, 90 cents; sand, 90 cents; Edward O'Toole, gravel, \$1.40; sand, \$1.10; M. Doyle & Co., Inc., gravel 95 cents; sand, 95 cents; D. M. Biggs & Co., gravel, \$1.20; sand, \$1.20; Boston Sand and Gravel Company, gravel, \$1.15; sand, \$1.15.

City Proper No. 8.—Massachusetts Sand and Gravel Company, gravel, \$1.05; sand, \$1.05; George H. Noone Sand and Gravel Company, gravel, 88 cents; sand, 95 cents; D. M. Biggs & Co., gravel, \$1.20; sand, \$1.20; Boston Sand and Gravel Company, gravel, \$1.05; sand, \$1.05.

City Proper No. 10.—Massachusetts Sand and Gravel Company, gravel, \$1.05; sand, \$1.05; George H. Noone Sand and Gravel Company, gravel, \$1; sand, \$1.10; D. M. Biggs & Co., gravel, \$1.35; sand, \$1.35; Boston Sand and Gravel Company, gravel, \$1.05; sand, \$1.05; Garrett J. O'Riorden, gravel, \$1.25; sand, \$1.25.

Hyde Park.—Massachusetts Sand and Gravel Company, gravel, \$1.10; sand, \$1.10; George H. Noone Sand and Gravel Company, gravel, 90 cents; sand, \$1; Edward O'Toole, gravel, \$1.35; sand, 90 cents; D. M. Biggs & Co., gravel, \$1.20; sand, \$1.20.

Discount, Ten Days.—Martino DeMatteo, 2 per cent; George H. Noone Sand and Gravel Company, 2.1 per cent; Edward O'Toole, 2 per cent; M. Doyle & Co., Inc., 1 per cent; D. M. Biggs & Co., 1 per cent; Boston Sand and Gravel Company, 1 per cent; Thomas J. McCue, 2 per cent; Garrett J. O'Riorden, 1 per cent; J. H. McNamara, Inc., 2 per cent.

* Contract awarded.

FISCAL YEAR.

The fiscal year begins on January 1 and closes on December 31, as provided by the Charter amendments.

WITHOUT ADVERTISING.**ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.**

The following additions to and deductions from contracts have been approved:

PUBLIC WORKS DEPARTMENT (Paving Service).

An addition, amounting to \$220, on contract with A. DeStefano & Son, Inc., for laying Portland cement concrete and recut granite block pavement in Medford street, Charlestown, on account of excavating and removing material used to make street safe for travel during the winter. Original contract, \$80,081.30; total addition, \$220; contract as standing, \$80,301.30.

An addition, amounting to \$5, on contract with Warren Brothers Company for laying bitulithic pavement in Crawford street on account of removing the tree roots from the edgestone trench. Original contract, \$33,694.15; total addition, \$80; contract as standing, \$33,774.15.

Additions, amounting to \$750, on contract with J. J. McCarthy & Co. for artificial stone sidewalks in Ashmont street, Dorchester, on account of removing two trees on line of work where directed; removing stumps and cutting roots on line of work where directed; resetting edgestone; relaying granite block gutters and constructing artificial stone sidewalks on the southerly side of Caruth street. Original contract, \$3,861.25; total additions, \$750; contract as standing, \$4,611.25.

An addition, amounting to \$1,125, on contract with Martino DeMatteo for constructing sheet asphalt pavement in Greylock road, Walk Hill street and Hollingsworth street, on account of hauling excavated material from Walk Hill street and depositing the same in slopes on Morton street, between Canterbury street and Morton road. Original contract, \$47,686.80; total addition, \$1,125; contract as standing, \$48,811.80.

PUBLIC WORKS DEPARTMENT (Sewer Service).

An addition, amounting to \$900, on contract with the Atlantic Works for new suction chamber for No. 5 pump, Calf Pasture, on account of disconnecting lowering end of main drive rod; furnishing swing for alignment; refitting box; furnishing and placing new channels and hangers for floor support in pit; reboring cylinder of governor engine and fitting new valve. Original contract, \$28,904; total addition, \$900; contract as standing, \$29,804.

SCHOOLHOUSE DEPARTMENT.

Paul Caputo has been allowed the following changes in the contract for the Washington Irving School Addition: Furnishing and installing conduit and wiring to a halfway outlet box in elevator shaft and a light on switch in pent house, \$129.80; grilles around roof ladder, windows at stair landings, \$330; boxing pipes and shelves in closets, \$210; kalamein door and frame for motor room, \$55; total addition, \$724.80, per architect's letter of March 10, 1927, and the amount of \$724.80 will be added therefor, making the account as follows: Contract price, \$179,200; total additions, \$10,184.87; total deductions, \$4,000; amount of contract, \$185,384.87.

Paul Caputo has been allowed the following changes in the contract for the Washington Irving School Addition: For furnishing and installing 12-inch copper vent duct, \$220.70; for cutting opening

and installing window frame and window in fan room, \$102.50; for patching terrazzo floors in old building, \$185.90; for extra cinder fill for floor slabs, \$410.50; total addition, \$919.60, per Architect's letter of March 29, 1927, and the amount of \$919.60 will be added therefor, making the account as follows: Contract price, \$179,200; total additions, \$11,104.47; total deductions, \$4,000; amount of contract, \$186,304.47.

Lamont Brothers Company have been allowed the following changes in the contract for moving four portable schools: To build new floor (laid in sections) per Civil Engineer Patterson's letter of March 12, 1927, and the amount of \$300 will be added therefor, making the account as follows: Contract price, \$4,790; total additions, \$300; amount of contract, \$5,090.

Narragansett Machine Company have been allowed to make the following changes in the contract for the New East Boston High School: Add for one "F" cabinet for Indian clubs, \$42; one set of scales, \$42; one 5-foot by 12-foot mat, 2 inches thick, \$60; total additions, \$144. Deduct for three pairs basket ball goals and backstops, \$144, per Civil Engineer Patterson's letter of March 28, 1927. Amount of contract, \$3,492.

Matthew Cummings Company have been allowed to deduct from the contract for substitution of slagblock construction in place of Republic two-way system of fireproofing for the Henry Grew District School, per Architect's letter of April 5, 1927, and the amount of \$900 will be deducted therefor, making the account as follows: Contract price, \$165,620; total deductions, \$900; amount of contract, \$164,720.

CONSTRUCTION WORK.

The Mayor, upon request of the Public Works Department, has approved the following construction work:

A surface drain of 10-inch and 12-inch pipe and four catch-basins in Midvale road, between Maple street and Corey street, in the West Roxbury district, at an estimated cost of \$3,300.

A sanitary sewer of 10-inch pipe in Forest Hills street (northwesterly side), between Rossmore road and Lotus street, in the West Roxbury district, at an estimated cost of \$3,300.

A sanitary sewer of 10-inch pipe in Rossmore road, between Plainfield street and Forest Hills street, in the West Roxbury district, at an estimated cost of \$4,200.

A surface drain of 20-inch pipe and two catch-basins in Eldridge road, between 100 feet east of Wachusett street and a point 498 feet easterly, in the West Roxbury district, at an estimated cost of \$5,000.

A surface drain of 10-inch, 12-inch and 15-inch pipe and eight catch-basins in Murray Hill road, between Washington street and Florence street, in the West Roxbury district, at an estimated cost of \$6,700.

Six catch-basins in Stellman road, between Washington street and end of street, in the West Roxbury district, at an estimated cost of \$2,100.

POLICE DEPARTMENT ORDERS.*General Order No. 1070.*

Notwithstanding two previous orders upon the subject, bills are being submitted to the Police Commissioner for medical and surgical services to injured police officers rendered not at hospitals approved by the Police Commissioner, but either

at the homes of the officers or at private offices of physicians, and for which treatment special permission was not granted by the Police Commissioner. General Order No. 632, dated November 4, 1924, explicitly notified the department where medical and surgical treatment could be obtained by injured police officers, and Superintendent's Order of March 24, 1925, again explained the same subject in detail.

Police officers injured in the line of duty may have the services of hospitals and physicians other than those selected by the Police Commissioner, but the bills rendered for the same will not be approved by the Police Commissioner unless assent for the rendering of these services has been obtained in advance from the Police Commissioner.

Division commanders again will read carefully to the men General Order No. 632, dated November 4, 1924, and Superintendent's Order of March 24, 1925.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

General Order No. 1072.

The resignation of Patrolman Lester G. Strachan of Division 4 having been presented while charges against him are pending, it is hereby accepted, to take effect Monday, April 25, 1927, at 7.45 o'clock a. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

General Order No. 1073.

The resignation of Patrolman Herbert F. Goodridge of Division 6 having been presented while charges against him are pending, it is hereby accepted, to take effect Wednesday, April 27, 1927, at 7.45 o'clock a. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

General Order No. 1074.

The resignation of Patrolman Chester G. Ostergard of Division 6 having been presented while charges against him are pending, it is hereby accepted, to take effect Wednesday, April 27, 1927, at 7.45 o'clock a. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

General Order No. 1075.

Mary Kenney, assistant chief matron, serving in the House of Detention, is hereby appointed chief matron of the House of Detention.

Genevieve Barratta, serving as assistant matron in the House of Detention, is hereby appointed assistant chief matron of the House of Detention.

This order will take effect at 7.45 o'clock a. m., Friday, April 29, 1927.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

EXTRA WORK UNDER CONTRACT.

The Atlantic Works have been directed to perform the following extra work under contract for new suction chamber for No. 5 pump, Calf Pasture. Items ordered: Disconnect lower end of main drive rod, swing for alignment and refit box, estimated cost, \$350; furnish and place new channels and hangers for floor support in pit, estimated cost, \$300; rebore cylinder of governor engine and fit new valve, estimated cost, \$250; estimated cost of extra work, \$900.

Carmine Russo has been directed to perform the following extra work under contract for laying and relaying water pipes in Donald road, Milton avenue, Dorchester; Dana road, Knoll street, Roslindale avenue, Sanborn avenue and Walworth street, West Roxbury. Items ordered: Replacing defective post hydrant, searching for buried gates, salvaging 8-inch cap. Estimated cost of extra work, \$28.

Warren Brothers Company have been directed to perform the following extra work under contract for laying bitulithic pavement in Crawford street, from Warren street to Walnut avenue. Items ordered: Remove the tree roots from the edgestone trench at the corner of Elm Hill avenue and Crawford street. To be paid for by force account. Estimated cost of extra work, \$5.

J. J. McCarthy & Co. have been directed to perform the following extra work under contract for laying artificial stone sidewalks in Ashmont street (south side), from Carruth street to Adams street. Items ordered: Reset edgestone, relay granite block gutters and construct artificial stone sidewalks on the easterly side of Carruth street, from Ashmont street about 100 feet southerly. Prices to be paid the same as those bid for similar work in the contract for Ashmont street. Estimated cost of extra work, \$250.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Halford road, West Roxbury district, as a highway, from Church street to Theodore Parker road, bounded and described as follows:

A highway named Halford road is hereby laid out, from Church street to Theodore Parker road, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northeasterly by Church street, forty and 99-100 feet; southeasterly by the southeasterly line of said Halford road as hereby laid out, three hundred sixty-five and 58-100 feet; southwesterly by Theodore Parker road, forty feet; and northwesterly by the northwesterly line of said Halford road as hereby laid out, three hundred fifty-six and 63-100 feet.

Trees or structures standing upon or affixed to the aforesaid described land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Included in the above described land (taken hereunder) are parts of certain parcels of land registered in the Land Court, said parcels being shown on the plan hereinbefore referred to, and said parts being the portions of said registered parcels which lie between the side lines of said Halford road and the middle line thereof; the owners of said portions, the number of the certificate of title and the book and page where the same is registered are as follows:

George A. Craffey, Certificate No. 18789, Book 89, Page 189.

Katherine R. King, Certificate No. 8541, Book 38, page 141.

Barbara and Pauline D. Pfaffle, Certificate No. 19095, Book 91, page 95.

Mark M. Sink, Certificate No. 11848, Book 55, page 48.

Herbert C. and Jessie R. Stevens, Certificate No. 18574, Book 88, page 174.

Ralph E. and Emma W. Abbott, Certificate No. 16761, Book 79, page 161.

Annie M. Millen, Certificate No. 20784, Book 99, page 184.

J. Charles Caldwell, Katherine Caldwell, Certificate No. 6779, Book 29, page 179.

Inez L. Watts, Certificate No. 9866, Book 45, page 66.

Ordered, That this Board estimates that the lots of abutting land on both sides of Halford road, from Church street to Theodore Parker road, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount herein-after respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Halford road, West Roxbury, Assessment Plan, November 1, 1926, William J. Sullivan, Chief Engineer Street Laying-Out Department," and on file in the office of said department.

Lot.	Amount.
1. George A. Craffey.....	\$360 00
2. Katherine R. King.....	300 00
3. Barbara Pfaffle, Pauline D. Pfaffle.....	300 00
4. Mark M. Sink.....	300 00
5. Herbert C. Stevens, Jessie E. Stevens.....	292 40
6. Ralph E. Abbott, Emma W. Abbott.....	200 00
7. Ralph E. Abbott, Emma W. Abbott.....	200 00
8. Annie M. Millen.....	300 00
9. Annie M. Millen.....	300 00
10. J. Charles Caldwell, Katherine C. Caldwell.....	300 00
11. Inez L. Watts.....	329 60
Total.....	\$3,282 00

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Halford road, West Roxbury district, as a highway, under the order of the Board, of even date herewith, and awards no damages therefor.

CHANGES IN CONTRACTS.

Smith & Lovett Company, contractor for replacement of wrought iron and other work supporting lanterns, Dartmouth street entrance, Boston Public Library, Copley square, have been ordered to make the following change in the contract. Item deducted: Omit painting, Item M, section 4 of the specifications, \$100. Contract sum, \$3,500; amount deducted by this order, \$100; amount of contract to date, \$3,400.

The Federal Electric Supply Company has been authorized to make the following changes in work at Boston Sanatorium, Out-Patient Department: Credit for gas cocks, \$4; unexpended balance of allowance for motor generator, switch board, etc., \$1,467.50. Total, \$1,471.50.

Sewer Service.

Peter J. Mullen, carpenter, salary at time of retirement, \$1,560 a year.

Street Cleaning Service.

William J. Hayes, laborer, salary at time of retirement, \$1,560 a year.

Water Service.

John H. Finnerty, carpenter, salary at time of retirement, \$1,716 a year.

SCHOOL DEPARTMENT.

Emily Fifield District.

Madeline B. Driscoll, master, salary at time of retirement, \$4,608 a year.

AUTHORITY TO DO WORK.

The Mayor has granted the request of the Public Works Department for authority to resurface with asphalt macadam Sunset street, Roxbury, from Hillside street to Parker Hill avenue, with division forces, without advertising, the estimated cost for labor and material being \$1,500.

The Mayor has granted the request of the Public Works Department for authority to resurface with asphalt macadam Hyde Park avenue, from Ashland street to Metropolitan avenue, without advertising, the estimated cost for labor and material being \$6,000.

THE SCHOOL YEAR.

The school year begins on September 1 in each year and closes on August 31 next ensuing.

The sessions of the regular day schools begin on the second Tuesday following the first Monday in September and continue 42 weeks, including three weeks of vacation, one each in December, February and April. Sessions are suspended on Saturdays, Sundays, legal holidays; from 12 o'clock (noon) on day before Thanksgiving Day until the following Monday; from 12 o'clock (noon) on the second calendar day next preceding Christmas to and including New Year's Day; the week in which February 22 falls; Good Friday; the week which includes April 19 (Patriots' Day), also June 17 (Bunker Hill Day). Whenever a holiday falls upon Sunday the schools are closed on the following Monday.

The evening schools open on the last Monday in September and continue to the April vacation. The sessions of the high and industrial are on Monday, Tuesday and Thursday evenings from 7.30 to 9.30; of the elementary on same evenings beginning at 7.15.

The school centers are open from the first Wednesday in October to the last day of June, some on three evenings and one afternoon each week, others on two evenings only.

The summer review schools are in session for 40 consecutive days from the Monday following the close of the day schools in June, Sundays and holidays excepted.

The summer term of the day industrial schools extends from July 5 to the last Friday in August.

The sessions of the regular day schools closed for the year on Thursday, June 24, 1926, and resumed on Tuesday, September 14. In 1927 the closing date will be June 28.

WEALTH AND TAXATION OF MASSACHUSETTS, 1925.

Total assessed valuation of real estate on April 1, 1925, in the 39 cities and 316 towns of Massachusetts, \$5,560,636,090 (\$311,007,183 more than in 1924) of which 61.64 per cent applied to buildings and 38.36 per cent to land; of personalty, \$1,072,119,187; aggregate valuation, \$6,632,755,277 (5.35 per cent increase over 1924) on which the total tax levy was \$189,246,767, showing an average tax rate of \$28.53 per \$1,000. Boston's valuation (\$1,862,799,900) equal to 40 per cent of all other valuations in the State.

Massachusetts ranks fifth in amount of Federal income tax paid, this total being \$99,444,237 in year ended June 30, 1925. N. Y., Penn., Ill. and Mich. rank first, second, third and fourth.

Total taxes assessed by Mass. (exclusive of \$12,000,000 State Tax on municipalities) in year 1925, \$45,064,532, divided thus: Income tax, \$16,742,791; business tax on domestic corporations, \$10,345,057; same on foreign corporations, \$3,049,507; inheritance tax, \$6,064,517; franchise tax on 247 out of 374 public-service companies making returns, \$3,184,641; on insurance premiums, etc., \$2,653,564; on savings bank deposits (incl. Trust Co. Savings Depts.) \$2,041,823; on national banks, \$597,525; all other, \$385,107. Total share value of all domestic corporations, \$2,821,888,435.

Number of Mass. income tax returns received in 1925, \$353,750; of which 221,-

473 were found taxable. Total taxable income reported in these for 1924 and assessed in 1925, \$509,155,307, divided thus: Business income, \$281,016,419; interest and dividends, \$172,918,977; gains, \$53,426,633; annuities, \$1,793,278.

Total distribution of income tax to Mass. cities and towns in 1925, \$15,701,802 (\$1,729,380 more than in 1924) of which Boston's share was \$3,970,047; distribution of business, public-service, etc., taxes, \$12,907,822 of which Boston received \$2,995,629. Number of business corporations taxed, 22,672 of which 2,461 were foreign.

Total property in State exempted from taxation in 1925, \$1,188,768,668 (mostly real estate) divided thus: Public property of cities and towns, \$492,969,770; of literary and scientific institutions, \$216,661,100; of United States, \$143,809,609; of churches, \$118,580,281; of charitable and benevolent institutions, etc., \$89,374,110; of State, \$94,731,549; of counties, \$15,904,098; cemeteries, etc., \$8,716,509, all other, \$8,021,642. In Boston, the total exempt property in 1925 was \$374,601,292 or 31.51 per cent of all in Mass.

The total wealth in the United States on Jan. 1, 1923 as ascertained by the Federal Census Bureau, was \$320,803,862,000 or \$2,918 per capita. This is an apparent increase of 72.2 per cent in the 10 years since 1913. The value of real estate, with improvements, amounted to \$155,908,625,000, not including public, ecclesiastical and institutional property exempt from taxation, which amounted to \$20,505,819,000.

The increase in money value of other classes of property is largely due to the price inflation of recent years and should not be represented as a permanent increase in the quantity of wealth.

In Massachusetts the total wealth increased 106.7 per cent or from \$6,279,266,000 in 1913 to \$12,980,839,000 in 1923, the latter averaging \$3,243 per capita.

On June 30, 1925 the 8,072 national banks in U. S. had aggregate capital of \$1,369,435,000; deposits, \$19,909,669,000; total resources, \$24,350,863,000.

BOSTON YEAR BOOK, 1924-25 (2nd YEAR).

This is the most comprehensive book thus far issued relating to the public interests and activities of today in New England's metropolis. Special articles and statistics on metropolitan Boston follow the extensive and varied output devoted to municipal Boston, illustrations and diagrams being an attractive feature. Compiled and edited by Statistics Department, 73-76 City Hall.

VALUATION AND TAX RATE, 1925 AND 1926.

PROPERTY.	1925 (April 1)	1926 (April 1)
Real Estate.....	\$1,685,597,700	\$1,728,305,200
Personal Estate..	177,202,200	169,749,700
Total.....	\$1,862,799,900	\$1,898,054,900

County.....	1.62	1.83
State.....	2.56	2.63
Total Rate..	\$26.70	\$31.80

* \$10.43 is for school expenditures |

AREA TO WARD LINES.

Total, 30,598 acres (i. e., 47.81 square miles), 2,944 acres being filled land, 1,143 acres water area and 1,436 acres flats. Land area only, 28,019 acres (i. e., 43.78 square miles). Included in the latter are 160 acres of filled flats recently added to the land area of South Boston and 175 acres to that of East Boston.

Original Boston contained about 780 acres of land. Of the twelve leading American cities, eight are larger in land area than Boston, viz., Los Angeles (364 square miles), New York (318), Chicago (199.4), Philadelphia (129), Baltimore (91.9), Detroit (80), Cleveland (56.6) and St. Louis (61.25). The only city in Massachusetts with larger land area is Taunton (50 square miles).

If Boston should expand by annexation as New York, Chicago, Philadelphia, Los Angeles and others have expanded, its total area, in case of including the 39 cities and towns within the 15-mile radius, would exceed the largest, viz., Los Angeles, the present land area of "Greater Boston" being 409.5 square miles.

MANUFACTURES OF BOSTON IN YEAR 1925.

Number of establishments conducted under so-called factory system, having annual product valued at \$500 or over, 2,655; value of year's product, \$602,332,668, or \$47,927,870 increase over the 1924 product; average number of wage earners, 78,093; total wages paid in year, \$104,845,860; value of materials used, \$303,175,079; value added by manufacture, \$299,157,589; value of leading products ranked from largest amount:

- (1) Printing and publishing, 375 establishments, with \$72,184,131 products;
- (2) Boots and shoes, including cut stock and findings, 76 establishments, with \$49,167,414;
- (3) Clothing, men's and women's, 326 with \$46,616,269;
- (4) Confectionery, 61 with \$36,469,163;
- (5) Foundry and machine-shop products, 112 with \$24,170,259;
- (6) Bread and other bakery products, 231 with \$22,057,080;
- (7) Coffee and spice, roasting and grinding, 16 with \$19,681,455;
- (8) Electrical machinery, apparatus and supplies, 37 with \$15,712,040;
- (9) Druggists' supplies and patent medicines, 41 with \$11,465,809;
- (10) House furnishing goods, not elsewhere classified, 31 with \$10,330,811;
- (11) Furniture, 77 with \$10,116,538;
- (12) Musical instruments and parts, 7 with \$7,551,783;
- (13) Steam fittings and heating apparatus, 12 with \$7,003,481;
- (14) Tobacco, cigars, etc., 23 with \$6,517,171;
- (15) Food preparations, not elsewhere classified, 22 with \$6,009,994;
- (16) Slaughtering and meat packing, wholesale, 11 with \$5,194,207;
- (17) Copper, tin and sheet-iron work, 41 with \$5,143,343.

The above-named industries are all that show a product value of \$5,000,000 or more.

Largest number of establishments (i. e., 375) also highest product value in printing and publishing industry. (From Mass. Dept. of Labor and Industries, Division of Statistics.)

MORTALITY REPORT.

For the week ending April 23, 1927:
Population estimated, July, 1927,
United States Census estimate, 793,000;
number of deaths (stillbirths excluded):
Residents, 191; nonresidents, 60; total,
251.

Death rate per 1,000 of population: All
deaths, 16.51; nonresidents deducted,
12.56.

Death rate per 1,000 of population:
Last week, 14.73; corresponding week
last year, 18.22.

Deaths by age periods, sex, etc.:
Under one year, 31; one year to 5 years,
inclusive, 8; sixty years and over, 113;
total deaths: Male, 131; female, 120;
deaths in hospitals and institutions, 149;
deaths of colored, 5.

PROCEEDINGS OF SCHOOL
COMMITTEE.

Apr. 11, 1927.

A special meeting of the School
Committee of the City of Boston
was held in the Administration
Building, 15 Beacon Street, at 7
o'clock P. M., the Chairman pre-
siding.

Present: Mrs. Barron, Messrs.
Bogan, Gray, O'Hare and Sullivan.

AMENDMENT AND APPROVAL
OF MINUTES.

On motion, the minutes of previous
meetings were amended as follows:

Sept. 27, 1926, on page 209, as
amended Oct. 25, 1926, on page 241,
to provide that the appointment
from the eligible list of Cecil D. Mc-
froy, as senior instructor, Boston
Trade School, to take effect Oct. 11,
1926, shall read "second year."

The reading of the minutes of the
previous meeting was omitted, the
Board approving them as printed.

APPROVAL OF APPOINTMENTS

The Chairman stated the ques-
tion was on approving the appoint-
ments of teachers as reported by
the Superintendent and laid over at
the previous meeting.

The appointments were approved.

APPROVAL OF COURSE AT BOS-
TON TRADE SCHOOL

A communication was received
from Robert O. Small, Director, Di-
vision of Vocational Education, un-
der date of Apr. 6, 1927, reporting

that the establishment of a part-
time course for apprentices in ma-
chine trade at the Boston Trade
School, located at the plant of the
Gillette Razor Company, has been
approved, and that if the plans are
carried out as submitted, the work
of this part-time course will be
given approval and the City of
Boston recommended for reimburse-
ment under the provisions of Chap-
ter 74 of the General Laws, reim-
bursement to date from Mar. 9,
1927.

Placed on file.

DEATH.

The Superintendent reported the
death of the following-named
teacher, who had been retired on
pension under the Boston Retirement
System:

Bowditch District—Nellie I. Lap-
ham, Mar. 20, 1927.

Placed on file.

The following appointments by
the Superintendent, certified by him
as being in accordance with the
rules and regulations, to take ef-
fect on the dates stated, were re-
sented:

APPOINTMENTS.

(From the Eligible List.)

Brighton High School—William J.
Murphy, junior master, May 1, 1927.

Bowdoin District—Katherine I.
McKenna, assistant elementary,
May 1, 1927.

Dwight District—Josephine Allen,
assistant elementary, May 1, 1927.

Elihu Greenwood District—Ed-
mund H. Barry, assistant, elemen-
tary, May 1, 1927; Dorothy M. Buck,
assistant, elementary, May 1, 1927.

Francis Parkman District—Cath-
erine G. Crane, assistant, elemen-
tary, May 1, 1927.

Samuel Adams District—Marian
T. Donely, assistant, elementary,
May 1, 1927.

Theodore Roosevelt Intermediate
District—Francis P. O'Brien, assist-
ant, intermediate (from junior as-
sistant, Dorchester High School for
Girls), May 1, 1927.

Ulysses S. Grant District—Marie
Manna, assistant, elementary, May
1, 1927.

William Lloyd Garrison District—
Mabel E. Fletcher, assistant, ele-
mentary May 1, 1927; Mary B. Glea-
son, assistant, elementary, May 1,
1927.

Laid over.

TRADE SCHOOL FOR GIRLS, EX-
TENSION CLASSES.

Term 1926-27.

Trade School for Girls (Extension
Classes)—Mary T. Doyle, assistant,
Mar. 21, 1927.

Approved.

EVENING SCHOOLS.

Term 1926-27.

On motion of the Superintendent,
it was

ORDERED, That the employment
of Walter F. Connolly as substitute
assistant in the Boston Trade School,
Evening Classes, is hereby author-
ized for one evening, Mar. 31, 1927,
compensation for such service to
be at the rate of five dollars (\$5)
per evening.

On motion of the Superintendent,
it was

ORDERED, That the employment
of Clara M. Dorr as assistant, lip
reading, in the Franklin Evening
School on March 17, 1927 (one eve-
ning), is hereby authorized and that
she be paid for her services at the
rate of four dollars (\$4) per evening.

LEAVES OF ABSENCE.

On report of the Superintendent,
leave of absence under a suspension
of the rules, was granted the fol-
lowing-named teacher for the term
specified:

Warren-Bunker Hill District—
Elizabeth M. Hayes, assistant, ele-
mentary, from Apr. 1, 1927, to June
28, 1927, without pay.

CONDUCT OF SUMMER CLASSES
AT BOSTON CITY HOSPITAL.

On motion of the Superintendent,
it was

ORDERED, That the Superin-
tendent is hereby authorized to con-
tinue the hospital class at the Bos-
ton City Hospital during the months
of July and August, said class to be
attached to the City Summer Re-
view Elementary School.

On motion of the Superintendent,
it was

ORDERED, That the employment
of a temporary teacher in the class
at the Boston City Hospital during
the months of July and August is
hereby authorized, compensation to
be at the rate of five dollars (\$5) for
each day of service.

PRINTING OF SCHOOL DOCUMENT.

On motion of the Superintendent, it was

ORDERED, That fifteen hundred (1,500) copies of the accompanying pamphlet "School Planning and Trend of School Population" is hereby authorized to be printed as a school document.

AMENDMENTS TO REGULATIONS.

The Superintendent offered the following:

ORDERED, That the regulations are hereby amended as follows:

Section 305, paragraph 1. Strike out the paragraph and substitute in place thereof the following:

SECTION 305. 1. The superintendent may grant leaves of absence to teachers, members of the supervising staff, librarians, secretaries, clerical assistants, and bookkeepers for the causes and not to exceed the periods herein set forth:

- (a) Personal illness (not to exceed one year).
- (b) Weddings 1 day
- (c) Ordinations or entrance into religious orders 1 day
- (d) Death in the immediate family *5 days
- (e) Critical illness in the immediate family (in each school year) 20 days
- (f) Attendance at the funeral of a teacher or school officer in the employ of the city or of a principal emeritus 1 day
- (g) Attendance at funerals. 1 day
When travel is required, not more than 2 days
- (h) To act as readers for college entrance examination board.
- (i) Jewish holy days 3 days
- (j) Service in teachers' institutes held under the direction of state boards of education or to take part in teachers' associations, or in the case of nurses, similar educational conferences (in each school year) 3 days
- (k) Court attendance on school business.
- (l) To take promotional examinations or examinations for certificates of qualification.
- (m) To receive a degree at a college or university 1 day
- (n) Personal business.

Section 324, paragraph 1. Add the following new item as item (k):

(k) To act as readers for college entrance examination board.

*Consecutive calendar days which period shall include and may also immediately precede or immediately follow the day of the death.

(f) Does not apply to secretaries, clerical assistants and bookkeepers.
Passed under a suspension of the rules.

COMPENSATION OF CUSTODIANS OF NEW BUILDINGS ACCEPTED FOR SCHOOL USE.

On motion of the Superintendent, it was

ORDERED, That during such period as a custodian is required to furnish twenty-four-hour heat to a new building accepted for school use, he shall be allowed and paid,

in addition to the regular compensation for the building, eight dollars (\$8.00) per day for each day that twenty-four-hour heat is recommended by the Schoolhouse Commission to the Schoolhouse Custodian, said compensation to be paid to the custodian on weekly certification to the Business Manager by the Schoolhouse Custodian covering the period beginning with Friday of one week and ending with Thursday of the following week.

REPORT ON ATTENDANCE AT CONVENTION.

A communication was received from the Superintendent, under date of Apr. 11, 1927, submitting, in accordance with the provisions of Section 3 of Chapter 274 of the Acts of 1914, report of Arthur L. Gould, Assistant Superintendent, on his attendance at the convention of the Department of Superintendence of the National Education Association, held at Dallas, Texas, Feb. 26 to Mar. 3, 1927.

Placed on file.

APPOINTMENT OF ASSISTANT IN SUPERINTENDENT'S AND SECRETARY'S OFFICES.

A communication was received from the Secretary, under date of Apr. 11, 1927, reporting that, subject to the approval of the Board and with the approval of the Adjutant General, Commonwealth of Massachusetts, she has appointed Frances C. Davern, assistant, Group C, in the offices of the Superintendent and the Secretary, by transfer from the Adjutant General's office, to take effect Apr. 18, 1927.

Placed on file and the appointment approved, to take effect on the date stated.

On motion, it was

ORDERED, That the salary of Frances C. Davern, assistant, Group C, in the offices of the Superintendent and the Secretary, is hereby established at the rate of twenty dollars (\$20) per week, to take effect Apr. 18, 1927, and to continue until otherwise ordered.

CERTIFICATION AND APPOINTMENT OF SUPERVISOR OF NUTRITION CLASSES.

A communication was received from the Secretary, under date of Apr. 11, 1927, reporting that the Division of Civil Service has certified the following-named persons as eligible for appointment as supervisor of nutrition classes:

Clara Loitman, Mary M. Beatty, Anna H. Kandib.
Placed on file.

The Board proceeded to the appointment of a supervisor of nutrition classes.

The members, as their names were called, respectively stated that they voted as follows:

For CLARA LOITMAN—Mrs. Barron, Messrs. Bogan, Gray, O'Hare and Sullivan—5.

The Chairman declared Dr. Clara Loitman, the candidate standing highest on the list, duly appointed supervisor of nutrition classes, to take effect Apr. 12, 1927.

ELIGIBLE LIST.

A communication was received from the Board of Superintendents, under date of Apr. 11, 1927, reporting the amendment of School Document No. 7, 1926—Candidates Eligible for Appointment as Teachers, by the insertion in the Elementary School, Class B list, of the name of Edmund H. Barry, with the rating of 867 which he now carries on the Intermediate School list, in accordance with Mr. Barry's request.

Placed on file.

TRANSFER OF APPROPRIATIONS

A communication was received from the Board of Apportionment, under date of April 11, 1927, recommending, in accordance with Section 127 of the Rules, the passage of an accompanying order providing an additional appropriation by transfer to cover the cost of a land and building item previously authorized.

Placed on file.

The following was offered:

ORDERED, That of the amount appropriated by the School Committee under date of March 15, 1923 (see p. 46), the following amount is hereby transferred to the 1927 item of school accommodations as set forth below:

FROM

Item 14, 1926—Bennett District Brighton: Plans and construction of four-room addition to the Alexander Hamilton building, Grades I to VI.....\$196.50

TO

Item 19, 1927—Shurtleff District, South Boston: Land and construction of eight class-room unit (kindergarten and Grades I to III). (Item 35, 1924, as amended Apr. 6, 1925; Item 6, 1925).....\$196.50

Passed by the following vote:

YEAS—Mrs. Barron, Messrs. Bogan, Gray, O'Hare and Sullivan—5.
NAYS—0.

UNFINISHED BUSINESS.

The order laid over at the meeting of Apr. 4, 1927, amending section 323 of the regulations, relative to the compensation of teachers promoted, was taken up and passed.

The Board adjourned.

Attest:

ELLEN M. CRONIN,
Secretary.

OFFICE HOURS.

City offices are required to be open for business from 9 a. m. until 5 p. m. on every day except Saturdays, Sundays and legal holidays, and Bunker Hill Day. Department offices are required to be closed on Saturdays at 12 noon throughout the year. The City Treasurer and the City Collector are not required to disburse or receive money after 2 p. m. on any day.

The office of the Health Department is open daily from 9 a. m. to 10 p. m. (except Saturdays, when the hours are from 9 a. m. to 1 p. m. and from 5 to 10 p. m.); on Sundays and holidays from 10 a. m. to 12 m. and 5 to 10 p. m. for the reporting of cases of communicable diseases, issuing of burial permits, distribution of antitoxins and vaccines and receiving of cultures, etc.

CITY AND COUNTY OFFICIALS AND EMPLOYEES.

Total number (receiving pay) on June 1, 1926, 18,729 (about 5,800 being women), or 302 more than in 1925, of which increase 143 were for the schools. Of the 40 departments, the largest is the Dept. of School Committee, 5,884; (2) Public Works Dept., 3,237; (3) Police Dept., 2,202; (4) Fire Dept., 1,667; (5) Hospital Dept., 1,123; (6) County of Suffolk, 954; (7) Park Dept., 867; (8) Library Dept., 628; (9) Institutions Dept., 267; (10) Boston Sanatorium, 267; (11) Health Dept., 267; (12) Public Buildings Dept., 218; (13) Assessing Dept., 130; (14) Transit Dept., 122; (15) Building Dept., 114; (16) Printing Dept., 108; 24 other departments (each under 100) 674.

Notable changes since 1920:—Increase of 1,269 in Dept. of School Committee; 282 in Police Dept.; 60 in Public Works Dept.; 294 in Fire Dept.; 325 in Hospital Dept.; 47 in Boston Sanatorium; 82 in Health Dept.; 52 in Transit Dept.; 16 in Election Dept.; 42 in Institutions Dept.; 192 in County of Suffolk; 24 in Public Buildings Dept.; 19 in Collecting Dept.; 16 in Soldiers' Relief Dept.; 14 in Assessing Dept.; 21 in Building Dept.; 21 in Schoolhouse Dept.; 66 in Library Dept.; 16 in Park Dept. Decrease of 2 in City Clerk Dept. Total net increase 1920 to 1926 was 2,955, of which 1,766 were in departments not under Mayors' control.

Total payroll disbursements in fiscal year 1925 (11 months), were \$30,779,903.

Per cent of salaries and pensions to total maintenance cost in Police Dept. in 1925 was 89.23; Park Dept., 70.95; Hospital Dept., 51.14. In addition to those mentioned above there were 82 officials who served on various municipal boards and commissions without pay.

Total paid for pensions to retired employees, etc., in year 1925 was \$1,069,181 (\$84,302 less than in 1924) or \$246,035 by Fire Dept.; \$180,224 by Police Dept.; \$134,360 by School Committee; \$364,330 by Boston Retirement Board (third year of this new system); \$75,875 by Public Works Dept.; \$39,605 by Suffolk County; \$28,752 by other departments.

Total number of pensioners, December 1, 1926, 1,878, divided as follows: Teachers, etc., 301; firemen, 360; various, under new retirement system, 702; police, 247; laborers, 147; war veterans, 75; county officers, etc., 45; others, 1. Of the laborers 115 were from the Public Works Dept. and 32 from the Park and several other departments.

SCHOOLHOUSE DEPARTMENT.

New Schoolhouses finished and opened in year 1925.

NAME OF SCHOOL AND LOCATION.	Rooms.	Total Cost, incl. land.
Beethoven, West Roxbury..	4	\$108,414
Champlain, Dorchester.....	12	215,323
Dorchester High for Boys, Dorchester.....		1,283,331
Grover Cleveland, Dorchester.....	20	562,514
James A. Garfield, Brighton,	8	218,169
Morrison House, Roxbury...	12	225,567
Addition to Frank V. Thompson, Dorchester...	9	204,931
Aggregate Cost.....		\$2,818,249

TRUST FUNDS AND BEQUESTS.

Number of permanent funds and bequests held by the City, January 1, 1926, for various purposes, 153, representing a total value of \$20,769,952. The earliest dates back to 1674, viz., Gibson School Fund. The largest fund is the bequest of the late George F. Parkman, consisting of various parcels of real estate now sold and reinvested in bonds, all valued at \$5,455,653, the income from which is used for the upkeep and improvement of the older parks.

Nearly as large a bequest is that of the late George Robert White, consisting of first-class realty valued at \$4,922,400, also an invested fund amounting to \$330,000. Revenue in 1925 from White bequest, \$401,574, of which \$155,248 was expended for new Health Unit building in East Boston and \$68,000 towards new Health Unit in South Boston. (3) 3 Boston Retirement System funds, \$4,145,064; (4) 10 Cemetery funds, \$1,041,818; (5) 18 funds in charge of Public Welfare Overseers, amounting to \$1,022,756; (6) Public School Teachers' Retirement, \$938,328; (7) 3 Franklin and Franklin Union, \$839,710; (8) 49 Public Library funds, \$719,694; (9) Permanent School Pension, \$677,218; (10) Police Charitable, \$207,550; (11) 23 School funds, \$172,481; (12) 24 City Hospital funds, \$126,742; 18 others, \$170,538. Average annual income from all invested funds, nearly 4 per cent.

PORT OF BOSTON.

Boston Harbor comprises an area of about 47 square miles, (exclusive of the islands) including all the expanse of tidewater within a straight line from Point Allerton to Point Shirley and extending therefrom to the mainland. It is the best of natural harbors, near open sea, sheltered and spacious for anchorage; main ship channel 35 feet in depth at mean low water, increasing to 40 feet from President Roads to open sea; new dredging operations in charge of U. S. engineers are under way for increasing depth of said main channel to 40 feet; waterfront (i.e., lineal pier space) 40 miles, 6 miles fronting on 30 feet depth at low water.

Commonwealth Pier No. 5, South Boston, 1,200 feet long, 400 feet wide, accommodating five 600-foot ships at one time, 40 feet depth at mean low water on both sides, with three 2-story fireproof buildings of steel and concrete construction, containing 900,000 square feet of floor space, total cost of this enterprise to State, \$4,500,000. Commonwealth Pier No. 6, South Boston, (Fish Pier), buildings on same erected by lessee, Boston Fish Market Corporation, cost to State, \$1,487,361. Commonwealth Pier, No. 1, East Boston, 900 feet long, costing State \$764,600 for site and \$426,674 for construction. New dry dock at South Boston, (probably the largest in world), completed in 1919, 1,200 feet long and 120 wide, costing \$3,169,651 and taken by U. S. Government at total cost.

Islands in Boston Harbor over 3 acres in area, 17, with total area of 965 acres; Long Island the largest, or 215.5 acres. Owned by United States, 392 acres; by City of Boston, 334 acres. Number of wharves, 143, of which 8 are owned by the City.

There are 32 foreign steamship lines with regular sailings to and from Boston and 18 coastwise lines (5 to Pacific ports).

In 1915 a revision of the harbor lines was made and the project undertaken whereby 600 acres of flats between Governor's Island and Jeffries Point, will be filled in and used for extensive commercial developments under State control. About 175 acres of flats have recently been filled in and added to the land area of East Boston and 160 acres to that of South Boston.

In April, 1918, the Government decided to establish its Army Supply Base on a portion of the Commonwealth lands in South Boston. About 57.6 acres were purchased of the State, the price being \$1,317,510, soon followed by the construction of two pier sheds, each 920 feet long, a wharf shed and other buildings, including one of the largest storehouses in the world, built of reinforced concrete, eight stories high, 1,638 feet long, 126 feet wide and with floor space of over 1,650,000 square feet. The total outlay for the plant was \$26,000,000.

Total expenditures by State for improvement of Boston Harbor \$22,160,342, from 1859 to 1925, inclusive; in the same period, there was expended additionally \$843,676 on small channels; total Federal expenditure from 1790 to June 30, 1925, \$13,046,044 (corrected figure).

EXPORTS AND IMPORTS, 1925.

For Mass. Customs District (Boston and eight minor ports) in calendar year, 1925, the total value of exports was \$47,473,803 or \$9,881,843 less than in 1924; of imports, \$321,563,908 or \$67,712,375 more than in 1924; total foreign trade, \$369,037,711 or \$57,830,532 more than in 1924. Boston's total foreign trade for year 1925 ranked sixth among American ports, New York, Galveston, New Orleans, Seattle and San Francisco exceeding the former in value. As to imports alone, Boston ranked second, Seattle taking third place, and as to exports alone, 18th (the unusual decline in exports due largely to discrimination against Boston in through railroad freight rates). Tonnage of vessels in foreign trade in year 1925, entered 3,896,383; cleared, 2,457,605; number of vessels entered, 1,540; number cleared 1,082.

For the fiscal year ending June 30, 1926, the total imports at Boston reached \$327,860,000 in value.

VALUATION AND TAX RATES OF GREATER BOSTON.

Total valuation of taxable property in District on April 1, 1925, \$3,430,298,752 or an increase of \$167,103,259 (5.12 per cent) over the 1924 total. Of said 1925 valuation 54.30 per cent applied to property in Boston and 45.70 per cent to that in the 13 cities and 26 towns outside.

The 13 cities in the Metropolitan District outside of Boston all had higher tax rates than Boston's (\$26.70) in 1925. The highest of these was Revere's, \$48.80; (2) Chelsea's, \$38.80; (3) Lynn's, \$35.80; (4) Medford's, \$33.20; (5) Woburn's, \$33.20; (6) Cambridge's, \$32.50; (7) Everett's, \$32.20; (8) Malden's, \$32.20; (9) Melrose's, \$32.20; (10) Waltham's, \$31.40; (11) Newton's, \$27.40; (12) Somerville's, \$27.40; (13) Quincy's, \$27.00. Average tax rate of the 13 cities of Metropolitan District other than Boston, \$33.24 or \$6.54 more than Boston's rate. Said average tax rate was \$1.99 more than in 1924.

LOCATION OF STREETS.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the location, direction, width and grade of the private way, in the Brighton district, designated as Lakeshore road, as shown on a plan approved in writing by the Board of Street Commissioners and on file in the office of the Street Laying-Out Department, be and the same hereby is approved.

Voted, That the location, direction, width and grade of the private way in the West Roxbury district, designated as Brook road, from Forest Hills street to Plainfield street, as shown on a plan approved in writing by the Board of Street Commissioners and on file in the office of the Street Laying-Out Department, be and the same hereby is approved.

MAYOR APPEALS FOR FLOOD VICTIMS.

Mayor Nichols sent out the following appeal on April 28 for contributors for the Mississippi flood refugees.

Boston's quota for contributors to the fund being raised by the Red Cross for relief of the 200,000 Mississippi flood refugees is now placed at \$150,000. Less than one half of this amount has been received to date.

In view of the appalling extent of this greatest of floods, contributions should not lag. I simply ask all our citizens to give this appeal their most careful thought and by so doing there will be no question of delay in their prompt and generous response.

Please make checks payable to the American Red Cross, and send contributions to the Boston Metropolitan Chapter, 45 Newbury street.

BOSTON AS A TOWN.

From its foundation until 1755, or a period of 125 years, Boston was not only the most outstanding but the most populous town in the American colonies. In 1760, Philadelphia's population was ahead, viz. 18,756, Boston's then being 15,631 and New York's about 14,000. In the last year of town government, viz., 1821, Boston's population was about 45,000 and its public debt \$100,000, all incurred for new county buildings.

The history of Boston as a town during a period of nearly two centuries surpasses in civic interest that of Boston as a city because of the untiring zeal and successful efforts of its townsmen to realize more of true democracy than had ever been attained before. Their obligations were held as sacred as their liberties.

INCORPORATED AS A CITY, 1822.

The Act of incorporation was passed by the Legislature on February 23, 1822. On March 4 following, the voters of Boston accepted said Act, Chap. 110, 1821-22, as its first City Charter by a majority of 1,916 in a total vote of 4,678. Previous attempts to incorporate as a city had been made in 1650, 1659, 1667, 1708, 1744, 1762, 1874, 1791, 1804 and 1815. The charter was revised in 1854, 1885 and 1909. Amendments to the 1909 charter were enacted in 1910, 1912, 1914, 1918, 1919, 1921, 1922 and lastly in 1924 (see Municipal Register for 1925, pp. 19-43).

CITY OF BOSTON.

SINKING FUND BONDS.

(Interest at the Rate of 4 Per Cent Per Annum.)

DORCHESTER RAPID TRANSIT, \$1,500,000.

Chapter 480, Acts of Massachusetts 1923. Payable May 1st, 1927.

All loans will be issued in Registered Bond Certificates of \$1,000 each, or any multiple thereof, and will be paid on the dates specified for each loan, all with interest payable semi-annually, on the first days of May and November in each year, at the office of the City Treasurer, Boston.

These Bonds are exempt from taxation in Massachusetts and from the Federal Income Tax.

The certificates will be dated May 1st, 1927, and will be ready for delivery, and money received for the same, May 24th, 1927. Interest will begin May 1st, 1927, and will cease on the date on which the Bonds are payable.

Holders of these certificates, if they so desire, can receive the semi-annual interest through the mail by check payable to their order.

Proposals must be sealed and addressed to Frank L. Brier, City Treasurer, Boston, Mass., endorsed "Proposals for Loans," and clearly state whether for the whole or part of said loans, and, if for part, the amount. Each proposal must be accompanied by a certified check on a Boston National Bank or Trust Company, or by cash, equal to one per cent. of the amount of loans bid for, the check made payable to the City of Boston, Frank L. Brier, City Treasurer. The check or cash of any bidder to whom an award is made will be retained as part payment for the loan or loans awarded, but no interest will be allowed thereon. All other checks or cash will be returned.

Accrued interest from May 1st, 1927, to date of delivery is to be paid by the purchaser.

All proposals will be opened in the office of the City Treasurer, Friday, May 6th, 1927, at 12 o'clock m. The City Treasurer reserves the right to reject any or all bids or to accept such bid or bids, as may seem to him to be the most advantageous to the city.

FRANK L. BRIER,
City Treasurer.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR YELLOW PINE.

The Supply Department of the City of Boston invites proposals for furnishing yellow pine to the Park Department. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex, and the successful bidder must furnish a bond for one quarter the total amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The bids, with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the Supply Department, Room 801, City Hall Annex, before 12 m., Monday, May 9, 1927, at which time and place the bids will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

HERBERT S. FROST,
(April 30.) Superintendent of Supplies.

CITY OF BOSTON.

PARK DEPARTMENT.

PROPOSAL FOR ALTERATIONS AND REPAIRS TO L STREET BATHHOUSE, SOUTH BOSTON.

Proposals on blanks obtained at the office of the Park Department, 33 Beacon street, Boston, for alterations and repairs to L Street Bathhouse, South Boston, signed by the bidder and left before 12 o'clock noon on Thursday, May 12, 1927, at the office of the Park Department with a certified check for \$500 payable to and to be the property of the city if the proposal is not carried out, will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work of a surety company approved by the Commissioners in the sum of \$2,000 to secure the due performance of the contract and the full protection of the city. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, Chairman,
MYRON P. LEWIS,
CHARLES P. NORTON,
Commissioners.

(April 30.)

RECEIPTS OF MILK IN BOSTON,

(April 30-May 7-14.)

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR EXCAVATING AND REFILLING ABOUT 2,500 LINEAR FEET OF SERVICE PIPE TRENCHES IN ROXBURY, DORCHESTER, WEST ROXBURY AND BRIGHTON.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for excavating and refilling about 2,500 linear feet of service pipe trenches in Roxbury, Dorchester, West Roxbury and Brighton. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of twenty-one hundred (2,100) dollars, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Excavating and Refilling about 2,500 Linear Feet of Service Pipe Trenches in Roxbury, Dorchester, West Roxbury and Brighton," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Friday, May 6, 1927, with a certified check for three hundred (300) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JAMES H. SULLIVAN,
Commissioner of Public Works.
(April 30.)

PROPOSALS FOR LAYING AND RELAYING WATER PIPES IN SOUTHERN ARTERY, FROM DORCHESTER AVENUE TO HALLET STREET, DORCHESTER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for laying and relaying about 9,000 feet of 24-inch and 12-inch water pipe in southern artery, from Dorchester avenue to Hallet street, Dorchester. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of nine thousand (9,000) dollars, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Laying and Relaying Water Pipes, Southern Artery," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Tuesday, May 10, 1927, with a certified check for nine hundred (900) dollars payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

HOSPITAL DEPARTMENT.

TO CONTRACTORS.

The Trustees of the Boston City Hospital invite sealed proposals for additions and alterations, complete, including the plumbing, electric work, heating and ventilating work, Boiler Building, Albany street, Boston, for the Boston City Hospital, Boston, Mass., giving bond of a surety company satisfactory to the Board of Trustees therefor in the sum of 45 per cent of the entire contract price. Only proposals obtained at the office of the architects, Ritchie, Parsons & Taylor, 15 Ashburton place, Boston, Mass., signed by the bidder, and left before twelve o'clock noon of Friday, May 20, 1927, at the office of the Superintendent of the Boston City Hospital, with a certified check for fifteen thousand dollars (\$15,000), payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bid must be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, before the time of opening the bids. The Board of Trustees reserves the right to reject any or all proposals. Plans and specifications may be obtained at the office of the architects, Ritchie, Parsons & Taylor, 15 Ashburton place, Boston, at twelve o'clock noon of Friday, May 6, 1927. A deposit of fifty dollars (\$50) will be required for each set of plans and specifications, said sum to be refunded on return of drawings and specifications. Mutation of the plans or specifications will be deemed sufficient cause for the forfeiture of the said deposit.

JOSEPH P. MANNING,
President of the Board of Trustees, Boston City Hospital.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 19.

SATURDAY, MAY 7, 1927.

No. 19

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, May 9, at 2 p. m.

A special meeting of the School Committee of the City of Boston will be held in the Administration Building, 15 Beacon street, on Monday, May 9, at 6.30 o'clock p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped areas for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the regulation of street traffic; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vin-

egar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts; also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE SCHOOLHOUSE COMMISSIONERS, Room 1007, City Hall Annex, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down of buildings.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, the building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 906, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

SALE OF STEAM ROLLER.

Approval has been granted for the sale at the Highland Street Yard, of a 15-ton Buffalo Pitts steam roller, which is unfit for further service and which has been condemned. The Buffalo-Springfield Roller Company has offered to purchase this machine for \$200, in order to use certain of its parts for repairs to a customer's roller.

MOTHER'S DAY, SUNDAY, MAY 8, 1927.

Mayor Nichols has announced plans for the annual official observance of Mother's Day under the direction of George H. Johnson, Director of Public Celebrations.

Appropriate exercises will be held at the Parkman Memorial Bandstand on Boston Common from 2.30 to 4.30 p. m. Sunday, May 8.

Hon. John J. Heffernan, President of the City Council, will preside.

There will be a band concert by the First Corps Cadets Band. Invocation by Rev. H. Clinton Hay, pastor of the Church of the New Jerusalem. Community singing of patriotic numbers and addresses by Mayor Nichols, Judge T. Zottoli, Col. Nellie M. Duncan of the Volunteers of America, Miss Eugenie M. Foss of the American Legion Auxiliary, and Rabbi Samuel J. Abrams of Temple Ohabei Shalom. Miss Ethel M. Crishbaum will sing two mother songs. The benediction will be given by Rev. Francis V. Murphy, D. D., pastor of Our Lady of Pompeii Church.

Seats around the Parkman Memorial Bandstand will be reserved until 2.30 p. m. for uniformed groups and for ladies with or without escorts.

It is expected that large delegations of Gold Star Mothers, veterans' organizations and auxiliaries, and members of the armed forces of the United States will be in attendance.

STUDY SCHOOL SYSTEM.

The Mayor has received the following from the Finance Commission:

Boston, May 3, 1927.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

SIR,—The Finance Commission has retained Mr. L. O. Cummings, assistant professor of the Graduate School of Education of Harvard University, to make a preliminary study to determine the objectives of a survey of the educational system of the City of Boston and the probable cost.

Yours very truly,

CHARLES L. CARR,
Chairman.

Letters also were sent to the following: Doctor Burke, Superintendent of Schools; Alexander Sullivan, Business Manager of the School Committee; Francis E. Slatery, Chairman, Schoolhouse Commission; Rupert S. Carven, City Auditor; Charles J. Fox, Budget Commissioner; Louis K. Rourke, Building Commissioner; Elisabeth M. Herlihy, Secretary, City Planning Board.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.]

DRURY HIGH SCHOOL BAND PLAYS.

Mayor Nichols announced on May 2 that the Drury High School Band of North Adams would give a concert at the Parkman Bandstand on Thursday, May 5, from four o'clock to five o'clock.

The program was as follows:

Path of Honor.....	Jewell
Officer of the Guard.....	Jewell
Myrtle	Cook
E Pluribus Unum.....	Jenkins
The Undertow.....	Sanders
Semper Fidelis.....	Sousa
Cuban Dance.....	Jewell
Quality Plus.....	Jewell
El Capitan.....	Sousa
Star-Spangled Banner.....	Key

They paid their respects to the Mayor at City Hall at three o'clock on that day and played in front of City Hall.

The band consists of seventy-five uniformed boys and girls under the leadership of Mr. James Morley Chambers, Director of Music of the North Adams Public Schools. This band has won a New England Championship for High School Bands, has made excursions to Washington and New York City, has played before President Coolidge and former Mayor Hylan of New York, and has given selections on the stage of the Hippodrome Theater. It has also broadcasted from Washington and New York.

MAYOR NICHOLS WELCOMES W. C. T. U. TO BOSTON.

Mayor Nichols on May 3 delivered the following address before the New England Conference of the National Women's Christian Temperance Union at the Old South Church.

I know of no more attractive place for an organization of widespread influence like your own to assemble than in this historic and progressive city—your own metropolis. We take deep pride in being a city of strong community influence. We are a city of over 150,000 homes. I think of Boston in fulfillment of the fine idea expressed by the President of the United States when he said that America was a land of homes, and without the power and protection of the home America cannot sustain its greatness.

You who come from all parts of New England will realize the influence that New England ideals have had in the upbuilding of this city. I would have these ideals more vigorously expressed and directed toward making this city, fine as it is, a finer city to live in. You have not had a convention here since 1906. You would do well to give more thought to the desirability of assembling here more frequently.

I wish it were possible to tell you what the City of Boston does for her citizens, how her home activities have multiplied in education and in community spirit, how the city extends service to all, how far we have progressed during the past few years, and to what heights our prosperity has risen. We do not perhaps fully realize our own greatness. We do not let it become widely enough known, as we should. I want you to take this thought away with you, and in that thought to come again.

INDORSES NATIONAL HOSPITAL DAY.

On May 3 the Mayor sent the following letter relative to the observance of National Hospital Day:

Boston, May 3, 1927.

E. O. CROSSMAN, *Medical Officer in Charge, United States Veterans' Hospital, West Roxbury, Mass.*

DEAR DOCTOR CROSSMAN,—In bringing to mind the observance of National Hospital Day on Thursday, May 12, 1927, it is an honor and a pleasure to extend my unreserved indorsement of the service that has been rendered by the Medical and Surgical Corps of the United States Veterans' Hospital at West Roxbury in behalf of the disabled veterans of our country.

The story of the patriotism and valor of American soldiers, sailors and marines in the history of the military and naval achievements of the world has never been surpassed, and their service and sacrifice will live forever in the minds and hearts of the people of our country.

The agencies of destruction which attended the great war were relentless and frightful in their common casualty. Men of the highest courage and of the finest physical type were made the sad victims of war's merciless penalties.

The American nation, true to the spirit of the ages, will provide for the disabled ex-service men the finest character of hospital service, such as has been afforded by your great institution, and every citizen of Boston will continue to aid in every manner possible for the extension of this service in behalf of those who saved the world for civilization and human destiny.

I thank you sincerely for the cordial invitation extended to me on behalf of the staff of the hospital to be present on National Hospital Day, and I shall arrange to be present.

With every assurance of my highest regard for the professional service and civic spirit which has been shown our veterans of the United States Hospital at West Roxbury, I am, with kind regards,

Sincerely yours,

MALCOLM E. NICHOLS, *Mayor.*

DAMAGES AWARDED.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That in the matter of John H. Payne, petitioner for damages on account of the taking of 684 square feet of land on Kneeland street, for highway purposes, under the order of the Street Commissioners and Mayor of October 26, 1925, after consultation with the Law Department, and on its advice, the Board assesses the petitioner's damages in the sum of \$19,000 flat, and consents that the Corporation Counsel agree to judgment in said case on the terms herein stated.

Voted, That in the matter of Joseph A. Conry, petitioner for damages occasioned his estate by the taking of an easment for sewerage purposes in 2,547 square feet and 960 square feet of land (Rockwood street), under the order of the Street Commissioners and Mayor of July 1, 1926, after consultation with the Law Department, and on its advice, the Board assesses the petitioner's damages in the sum of \$701.40 flat, and consents that the Corporation Counsel agree to judgment in said case on the terms herein stated.

Timothy J. McCarthy, 3 days, \$19.73; William G. Joy, 3 days, \$18.08; James J. Kelly, Frederick F. Murphy, 3 days, \$17.26 each.

EXTRA WORK UNDER CONTRACT.

Warren Brothers Company have been directed to perform the following extra work under contract for laying bitulithic pavement in Crawford street, from Warren street to Walnut avenue. Although this is in addition to the work contemplated in the original contract, it is incidental thereto. Items ordered: Reset the edgestone, furnish and lay bitulithic pavement on macadam base, furnish and lay artificial stone sidewalks on Harold street, between Crawford street and Abbotsford street and on Abbotsford street, between Harold street and Crawford street. Prices to be paid the same as those bid for similar work in the Crawford street contract. Estimated cost of extra work, \$1,380.

Henry F. Malley has been directed to perform the following extra work under contract for constructing artificial stone sidewalks in Aldie street, Farrington avenue, Louis Prang street, St. John street and Elton street, dated November 1, 1926. Items ordered: Set edgestone, pave gutter and furnish and lay artificial stone sidewalk on west side of Rockview street from St. John street 160 feet southerly. Prices to be paid: The same as those bid for similar work in the contract. Estimated cost of extra work, \$310.

Henry F. Malley has been directed to perform the following extra work under contract for constructing artificial stone sidewalks in Aldie street, Farrington avenue, Louis Prang street, St. John street and Elton street, dated November 1, 1926. Items ordered: Construct artificial stone sidewalks in front of 18 and 22 Sagamore street, at Elton street. Prices to be paid: The same as those bid for similar work in the Elton street contract. Estimated cost of extra work, \$225.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 10-inch pipe in Ormond street, between Wellington Hill street and 502 feet southeasterly, in the Dorchester district, at an estimated cost of \$4,000.

A sanitary sewer of 10-inch pipe in Myrtlebank avenue, between 117 feet northwest of Milton street and a point 275 feet northwesterly, in the Dorchester district, at an estimated cost of \$2,200.

A sanitary sewer of 10-inch pipe in Halborn street, between 172 feet southeast of Delhi street and a point 182 feet southeasterly, in the Dorchester district, at an estimated cost of \$1,456.

A sanitary sewer of 10-inch pipe in Hazleton street, between Westmore road and Hillsboro road and in Hillsboro road, between Hazleton and Gilmer streets, in the Dorchester district, at an estimated cost of \$3,056.

A sanitary sewer of 12-inch pipe in Norfolk terrace, between Norfolk street and a point 200 feet northwesterly, in the Dorchester district, at an estimated cost of \$1,400.

A sanitary sewer of 10-inch pipe in Chester street, between Rockway street and a point 215 feet northeasterly, in the Dorchester district, at an estimated cost of \$2,580.

A sanitary sewer of 10-inch pipe and a surface drain of 12-inch pipe in Knoll street (to be built in old taking),

between 455 feet southeast of Centre street and a point 200 feet northwesterly, in the West Roxbury district, at an estimated cost of \$2,400.

A sanitary sewer of 10-inch pipe in Perham street, between Vermont street and Keith street, in the West Roxbury district, at an estimated cost of \$2,660.

A sanitary sewer of 10-inch pipe in Atlantis street, between 160 feet west of Lasell street and Glenham street, in the West Roxbury district, at an estimated cost of \$1,500.

LOCATION OF STREETS.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the location, direction, width and grade of the private way, in the Dorchester district, designated as Aroroth street, from Train street to Laban Pratt road, as shown on a plan approved in writing by the Board of Street Commissioners and on file in the office of the Street Laying-Out Department, be and the same hereby are approved.

Voted, That the location, direction, width and grade of the private way, in the Dorchester district, designated as Laban Pratt road, from Boutwell avenue to Fairview street, as shown on a plan approved in writing by the Board of Street Commissioners and on file in the office of the Street Laying-Out Department, be and the same hereby are approved.

MAYOR ACCEPTS FLOOD FUNDS FROM MARKETMEN.

The Mayor has addressed the following letter to the Superintendent of Markets:

DANIEL H. ROSE, *Superintendent, Market Department, Quincy Hall Market, Boston.*

DEAR MR. ROSE,—I beg to acknowledge the receipt of \$1,008 subscribed by the lessees of the Faneuil Hall Market and placed in your hands for transmission by me to the American Red Cross.

May I say that I deeply appreciate the generosity in which these funds are made available for the flood sufferers in the Mississippi valley.

Will you please express my thanks to the business men of the market and say that I am grateful for the ready cooperation in the appeal which I made to all our citizens.

Very truly yours,

MALCOLM E. NICHOLS, *Mayor.*

AUTHORITY TO DO WORK.

The Mayor has approved the request of the Public Works Department for authority to resurface with asphalt macadam, Greenough street, Jamaica Plain, from Centre street to Elm street, with division forces, without advertisement, the estimated cost for labor and material being \$1,800.

The Mayor has approved the request of the Public Works Department for authority to build, with the department force, a sanitary sewer of 10-inch, 12-inch pipe and a surface drain of 10-inch, 15-inch, 24-inch pipe in Evans street, Druid street, Washington street, Owen-croft road, Alicia road, Shawmut Branch Railroad, Marsh street and Neponset avenue, Dorchester (southern artery),

without advertisement, the estimated cost for labor and materials being \$10,000.

The Mayor has approved the request of the Public Works Department for authority to resurface with asphalt macadam Marion street, East Boston, from Bennington street to White street, with division forces, without advertisement, the estimated cost for labor and material being \$5,000.

The Mayor has approved the request of the Public Works Department for authority to resurface with asphalt macadam Ashmont street, Dorchester, from Adams street to Carruth street, with division forces, without advertisement, the estimated cost for labor and material being \$4,000.

POLICE DEPARTMENT ORDERS.

General Order No. 1071.

Sergeant James A. Murphy of Division 15 having arrived at the age of sixty years, having performed faithful service in the Police Department for thirty-two and four-twelfths years, and having requested to be retired from active service, it is hereby

Ordered, That the said Sergeant James A. Murphy be retired from active service and that his name be placed upon the Department Pension Roll with pay at the rate of eleven hundred and fifty (1,150) dollars per annum, said sum being one-half the amount of compensation received by him in the office from which he is retired; to take effect Saturday, April 23, 1927, at 5.45 o'clock p. m.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

ADDITIONS TO CONTRACT.

M. Solimando has been ordered to do the following additional work on the contract for grading and shelter at Almont Street Playground, Mattapan, signed September 28, 1926: Excavate and remove material filled in the brook crossing the playground.

M. Solimando has been granted an extension of time until May 15, 1927, for the completion of contract for filling and loaming at Almont Street Playground, Mattapan, signed November 18, 1926.

THE METROPOLITAN DISTRICT.

With its 40 Municipalities.

Consists in the most inclusive sense of 40 municipalities, including Boston, or 14 cities and 26 towns, all within 15 miles of the State House but not yet consolidated in one complete governmental system. The 7 cities in the first zone, *i. e.*, adjacent to Boston, are these, *viz.*, Cambridge, Chelsea, Everett, Newton, Quincy, Revere and Somerville; the 6 cities in the second zone, not adjacent, are Lynn, Malden, Medford, Melrose, Waltham and Woburn. The 6 adjacent towns are Brookline, Dedham, Milton, Needham, Watertown and Winthrop; the 20 other towns are Arlington, Belmont, Braintree, Canton, Cohasset, Dover, Hingham, Hull, Lexington, Nahant, Reading, Saugus, Stoneham, Swampscott, Wakefield, Wellesley, Weston, Westwood, Weymouth and Winchester. North and northwest of Boston are situated 11 of the cities and 12 of the towns; south and southwest, 2 cities and 14 towns.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

Bids, opened Thursday, March 10, were as follows:

R. A. Abbey Company, Arcadia Company, E. E. Babb & Co., Beckley-Cardy Company, Milton Bradley Company, Dowling School Supply Company, J. L. Hammett Company, Holden Patent Book Cover Company, Kenney Brothers & Wolkins, L. E. Muran, Richard Best Pencil Company, Ryan & Buker, Iroquois Publishing Company, Supremacy Pen and Ink Company, Thorp & Martin, Wells Different Ink Company, Wemco Products Company.

SUPPLY DEPARTMENT.

Upon April 27 the Mayor approved a contract with the Metropolitan Coal Company for furnishing approximately 2,500 tons of semi-bituminous coal on board the fireboats, and approximately 1,200 tons of semi-bituminous coal on board the police boats. Bids, opened April 21, were as follows:

Fire Boats, Twenty-five Hundred Tons.—Metropolitan Coal Company, \$5.84 per net ton; Maritime Coaling Company, \$6.29 per net ton.

Police Boats, Twelve Hundred Tons.—Metropolitan Coal Company, \$5.84 per net ton; Maritime Coaling Company, \$6.29 per net ton.

Upon April 27 the Mayor approved a contract with the Burton Furber Coal Company for furnishing approximately 12,000 tons semi-bituminous coal to the

Ferry Service. Bids, opened April 21, were as follows:

Twelve Hundred Tons.—Burton-Furber Company, \$6.29 per net ton; Maritime Coaling Company, \$6.33 per net ton; Metropolitan Coal Company, \$6.69 per net ton.

B. T. U.—Burton-Furber Coal Company, \$14,600; Maritime Coaling Company, \$14,600; Metropolitan Coal Company, \$14,600.

Ash in Dry Coal.—Burton-Furber Coal Company, \$5.50 per cent; Maritime Coaling Company, \$5.50 per cent; Metropolitan Coal Company, \$5.50 per cent.

Upon April 27 the Mayor approved a contract with the New England Coal and Coke Company for furnishing 6,500 tons of semi-bituminous coal to Long Island and 7,000 tons of semi-bituminous coal to Deer Island. Bids, opened April 21, were as follows:

Sixty-five Hundred Tons, Long Island.—Maritime Coaling Company, \$7.52 per gross ton; New England Coal and Coke Company, \$7.47 per gross ton; Metropolitan Coal Company, \$7.54 per gross ton.

Seven Thousand Tons, Deer Island.—Maritime Coaling Company, \$6.84 per gross ton; New England Coal and Coke Company, \$6.78 per gross ton; Metropolitan Coal Company, \$6.84 per gross ton.

B. T. U.—Maritime Coaling Company, \$14,600; New England Coal and Coke Company, \$14,550; Metropolitan Coal Company, \$14,400.

Ash in Dry Coal.—Maritime Coaling Company, \$5.50 per cent; New England Coal and Coke Company, \$5.75 per cent; Metropolitan Coal Company, 6 per cent.

TO OMIT AND SUBSTITUTE WORK UNDER CONTRACT.

A. DeStefano Son, Incorporated, have been directed to perform the following extra work under contract for laying Portland cement concrete and recut granite block pavement in Medford street, from Chelsea street to Main street. Items ordered: Omit the laying of reinforced concrete pavement, Item 7 of contract, from a point 16 feet northwest of Lexington street to a point 115 feet northwest of Monument street and substitute the relaying of recut granite block pavement on concrete base, cement grout joints, Item 5 of contract. Estimated cost of omitted work, \$3,290; estimated cost of substituted work, \$3,990; estimated increase in cost, \$700.

BONDING COMPANY SURRENDERS.

Mayor Nichols announced on May 4 that the Law Department has received a check from the Surety Company on the bond of John J. McCarthy in the sum of \$11,816.34, and that a release has been given the Bonding Company covering the shortage so far as is now known, it being fully understood and agreed between the city and the Bonding Company that if any further shortage is discovered that the Bonding Company will make good such shortage.

This refers to the case of John J. McCarthy, former cashier in the Collecting Department of the city. So far as is now known the city has suffered no loss whatsoever because of the shortage found at the time.

CLAIMS ALLOWED.

Upon recommendation of the Corporation Counsel the Mayor has approved the following claims:

Mary L. R. Hanlon, in the sum of \$500, for compensation for personal injuries caused by hole in sidewalk at 125 Tremont street, August 12, 1925.

Edward T. Higgins, in the sum of \$400, in an action to recover for personal injuries caused by hole in sidewalk at 15 Lyman street, July 17, 1926.

Samuel Temple, conservator for William F. Temple, 53 Charles street, Boston, in the sum of \$165.90, as compensation for damage to property by leak in main water pipe in front of the Temple Building, 240 Huntington avenue, December 9 to 20, 1926.

Mary C. Quimby, 14 Barnes street, Dorchester, in the sum of \$50, as compensation for damage to property by backing up of sewer at 14 Barnes street, December 29, 1926.

Queensberry Realty Company, Henry C. Sheils, treasurer, 59 Queensberry street, Boston, in the sum of \$171.50, as refund of amount paid for laying artificial stone sidewalk in front of 59-75 Queensberry street, in November, 1925.

Frank E. Berghaus, 415 South Huntington avenue, Jamaica Plain, in the sum of \$28.43, as compensation for damage to automobile by being struck by city truck, at the corner of Boylston and Lamartine streets, Jamaica Plain, October 28, 1926.

Rosa Abbisso, 372 Hanover street, in the sum of \$490, as compensation for personal injuries received June 23, 1926, by defect in sidewalk on Tileston street, opposite the entrance to the Christopher Columbus School.

James I. Wingate & Son, 563 Boylston street, Boston, in the sum of \$3.38, as refund on thirty unused refuse tickets.

Margaret J. Tobin, 21 Corbet street, Dorchester, in the sum of \$100, as compensation for personal injuries received March 9, 1926, by defect in sidewalk at the corner of Morton street and Blue Hill avenue.

Mrs. Jennie Siciliano, 422 Hanover street, in the sum of \$100, as compensation for personal injuries received October 9, 1926, by hole in sidewalk in front of 76 Fulton street.

Edward J. Ford, 321 Dudley street, Roxbury, in the sum of \$100, as compensation for personal injuries received June 4, 1926, by defective sidewalk on Harrison avenue near corner of East Canton street, near premises occupied by the Boston Laundry Company.

Gaetano DeLucia, 35 Oneida street, Boston, in the sum of \$47.50, as compensation for damage to property at 14 Mercer street by water being shut off without proper notification, July 9, 1926.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Westover street, West Roxbury district, as a highway, from Weld street to Dunbar street, bounded and described as follows:

A highway named Westover street is hereby laid out, northwesterly from Weld

street for a distance of approximately five hundred and ten feet, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southeasterly by Weld street, forty and 17-100 feet; southwesterly by the southwesterly line of said Westover street as hereby laid out, five hundred seven and 96-100 feet; northwesterly by the northwesterly line of said Westover street as hereby laid out, forty feet; and northeasterly by the northeasterly line of said Westover street as hereby laid out, five hundred eleven and 12-100 feet.

Included in the above described land (taken hereunder) is a part of a certain parcel of land registered in the Land Court, said parcel being shown on the plan hereinbefore referred to, and said part being the portion of said registered parcel which lies between the northeasterly side line of said Westover street and the middle line thereof; the owner of said portion, the number of the certificate of title and the book and page where the same is registered is as follows:

Margaret J. Stuart, Certificate No. 20615; Book 99; page 15.

Trees or structures standing upon or affixed to the aforesaid described land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lots of abutting land on both sides of Westover street, for a distance of approximately five hundred and ten feet northwesterly from Weld street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Westover Street, West Roxbury, Assessment Plan, November 5, 1926, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Westover street, West Roxbury district, as a highway, northwesterly from Weld street for a distance of approximately five hundred and ten feet, under the order of the Board, and awards no damages therefor.

PETITIONS ALLOWED.

The Mayor has approved the following petitions received from the Board of Street Commissioners:

Hans Apsit, 11 Taft place, Ward 20, oxygen and acetylene.

William Stafford, 4275 Washington street, Ward 20, acetylene and oxygen.

Edward J. Bergin, 209 South street, Ward 11, oxygen and acetylene.

New England Iron Works Company, 365 Summer street, Ward 6, acetylene and oxygen.

George Ross, 418 La Grange street, Ward 20, oxygen and acetylene.

Boston Elevated Railway Company, 3640 Washington street, Ward 11, acetylene and oxygen.

Boston Elevated Railway Company, 619 Main street, Ward 2, acetylene and oxygen.

Boston Elevated Railway Company, 552 Harrison avenue, Ward 3, acetylene and oxygen.

Boston Elevated Railway Company, 229 Broadway, Ward 3, acetylene and oxygen.

Boston Elevated Railway Company, 42 Braintree street, Ward 22, acetylene and oxygen.

Boston Elevated Railway Company, 434 Blue Hill avenue, Ward 14, acetylene and oxygen.

Boston Battery Parts Company, 51 Falmouth street, Ward 4, oxygen.

Boston Saw Manufacturing and Repairing Company, 116 Pearl street, Ward 3, acetylene and oxygen.

C. A. Gallivan, 22-30 Bowdoin street, Ward 14, oxygen and acetylene.

Selden Sales and Service Company, 130-138 North Beacon street, Ward 22, oxygen and acetylene.

Charles A. Carroll, 145 Washington street, Ward 14, acetylene and oxygen.

Keystone Manufacturing Company, 288 A street, Ward 6, oxygen.

Joseph Burnett Company, 437 D street, Ward 6, 7,000 gallons of fuel oil.

Herbert Lawton, 61 Beacon street, Ward 5, 2,000 gallons of fuel oil.

Mead-Morrison Manufacturing Company, 125 Prescott street, Ward 1, 500 gallons of gasolene.

Emil Facktoroff, 1009 Blue Hill avenue, Ward 14, 500 gallons of gasolene.

Charlestown Gas and Electric Company, Charles River avenue, Ward 2, erect three poles.

N. E. T. & T. Co., Ramsey street, Ward 7, erect one pole.

Edison Company and N. E. T. & T. Co., Summer street, Ward 1, erect one pole.

N. E. T. & T. Co., Princeton street, Ward 1, erect one pole.

Edison Company, Grant street, Ward 13, erect one pole.

Edison Company, Corbet street, Ward 17, erect one pole.

Edison Company, Weld street, Ward 20, erect and remove one pole.

N. E. T. & T. Co. and Edison Company, Leyden street, Ward 1, joint ownership, one existing pole.

Edison Company and N. E. T. & T. Co., Southern avenue, Ward 17, joint ownership, six existing poles.

N. E. T. & T. Co. and Edison Company, Baker street, Ward 20, erect three poles.

Edison Company, Idaho street, Ward 17, erect three poles.

Walter H. Crouse, 476 Meridian street, Ward 1, 5,000 gallons of gasolene.

THE FENWAY FIRE ALARM STATION.

The recent observance of the seventy-fifth anniversary of the first fire alarm telegraph system has again called attention to the handsome new Fire Alarm Station in the Fenway, and hundreds of citizens, who took advantage of the opportunities for inspecting the building and its wonderful machinery during the week of April 25-30, have a clearer idea of the workings of the elaborate system and a better appreciation of the beautiful building than ever before.

Approaching the station by way of Westland avenue the building does not appear particularly imposing, almost completely hidden as it is at present by the green foliage of the Fenway trees. A closeup of the Fenway facade discloses no doors and but two windows. And the first visitor is a little puzzled to find the entrance, which is at the northern end of the structure.

The building was designed to meet the artistic requirements of the neighborhood and yet provide every facility and convenience for the work of sounding fire alarms without the slightest delay, no matter how fast the service may develop in the years to come. The site affords greater privacy than could be obtained elsewhere. It is partly due to this condition that the entrance to the building is located on the northwest side, off the main drive, and it was likewise thought wise to omit the entrance from the park front so that no architectural feature would appear to conflict with any monumental development likely to occur on the plot immediately in front of the building.

But there is no lack of light in the interior, the big, high operating room being flooded during the daytime with bright sunlight from the generously proportioned windows on the southwest side, from which a fine view is obtained of the part of the park system in the immediate neighborhood. Being completely isolated in its location all danger from a conflagration is eliminated and the station, with its elaborate and intricate machinery, will continue to receive and transmit to the various city fire houses all over the metropolis the fire alarms for many years to come.

The main floor is given over largely to the machines that receive and record, in a manner impossible to mistake, the alarms pulled all over the city. Some idea of the magnitude of this work may be gained from the records which show over 8,200 alarms, still and box, as being received during the past year. The fact that in the basement are 6,500 batteries is also impressive. In the basement also is an independent dynamo ready at any time to supply the necessary current in case of the failure, for any reason, of the power from outside sources.

On the main floor, besides the machinery, are the desks and instruments of the operators, telephone, radio and telegraph, and of these operators five are always on hand to stand their watches. During anniversary week, against the eastern wall of the main room, were arranged tables on which were displayed fire alarm boxes dating from the earliest date, the type of seventy-five years ago, to the modern box, with its hook to be pulled and with a telegraph sounder for the use of the district chiefs in communicating with the Fenway station. These boxes

attracted a great deal of interest from the anniversary visitors who listened intelligently to the explanations of the workings of the several patterns.

Another part of the exhibition to attract much attention is the radio broadcasting outfit which allows communication with the fireboats in the harbor and prevents the continuance of many unnecessary trips by the boats after they have left the docks.

To the citizens who may think that time is lost in sending all alarms to the Fenway station first it may be said that no call requires more than fifteen seconds to complete and that boxes with small numerals are received at the fire stations within seven seconds after the hook is pulled.

FIRE DEPARTMENT ORDERS.

General Order No. 23.

I. ENGINEER FRANK H. LASKEY.

It is with deep regret that the Fire Commissioner announces the death of Engineer Frank H. Laskey of Engine Company 11 on April 27, 1927.

Engineer Laskey was appointed to this department March 15, 1895, and was made an assistant engineer on June 19, 1903. He was promoted to engineer on May 22, 1924.

The funeral will be held from his late residence, 120 Coleridge street, East Boston, at 9 a. m., Saturday, April 30, 1927, followed by services at St. Mary's Star of the Sea Church, Saratoga and Moore streets, at 10 a. m.

Engine Company 11 will be excused from duty in order to attend the funeral. The Chief of Department will make the customary detail of members to act as funeral escort. Members who are off duty are invited to join the detail. The department detail will report at the quarters of Engine Company 11 at 8.45 a. m. to District Chief Henry Krake, who will be in command. The uniform will be sack coats and white gloves.

II. AMERICAN LEGION CONVENTION.

If any members of the department contemplate submitting requests for leaves of absence to attend the American Legion Convention in Paris this year they are instructed to forward such requests for consideration on or before May 15, 1927.

III. FOAM GENERATOR.

The foam generator formerly assigned to Engine Company 22 has been transferred to Engine 1.

IV. APPARATUS.

An American LaFrance four-wheel tractor-drawn 75-foot aerial truck has been placed in service with Ladder Company 3, replacing Christie tractor-drawn city service truck formerly in service with that company.

V. CLASSES IN INSTRUCTION.

The classes in instruction conducted by deputy chiefs, and authorized in General Orders No. 10, c. s., are hereby suspended until after the vacation period, when a new schedule will be immediately started.

VI. COMMENDATIONS.

Ladderman Archibald W. McInness of Ladder Company 28 is hereby commended for responding to and working at fire, off Bradley street and Wood avenue, April 15, 1927, while off duty.

Hoseman John C. J. Merrill of Engine Company 53 is hereby commended for extinguishing a fire at 48 Woodlawn street, while off duty on April 20, 1927, before the arrival of the fire apparatus.

Ladderman Daniel J. Foley of Ladder Company 1 is hereby commended for the efficient rescue work performed by him and for assisting the members of Engine Company 50 at the fire, Box 411, March 6, 1927, while off duty.

By order of Fire Commissioner Eugene C. Hultman.

DANIEL F. SENNOTT,
Chief of Department.

General Order No. 24.

I. RESIGNATION.

The resignation of Alexander A. Turley of Engine Company 18 was accepted by the Fire Commissioner to take effect at 8 a. m., April 29, 1927.

II. CIVIL SERVICE.

The Fire Commissioner is in receipt of a communication from the Department of Civil Service and Registration in which it was stated that the Civil Service Commissioners voted to hold promotional examinations for the grades of captain, district chief and deputy chief once each year.

The communication also stated that the subjects of telegraphy and motor pump operation would be covered in future promotional examinations.

III. NEAR EAST RELIEF.

The Fire Commissioner is in receipt of the following letter from Dr. W. A. Bartlett, National Representative of the Near East Relief:

NEAR EAST RELIEF.

BOSTON, April 29, 1927.

COMMISSIONER E. C. HULTMAN, Fire Headquarters, Boston, Mass.

DEAR COMMISSIONER HULTMAN,—Permit me to thank you on behalf of the Massachusetts Committee for your fine co-operation regarding our bundle-day. It is through such co-operation that we are able to carry on our work.

You will be interested to know that in spite of the cold weather and other adverse conditions the amount of clothing contributed by Massachusetts bids fair to be as much as in any previous year. You will have the satisfaction of knowing that many who would otherwise suffer this coming fall and winter in the colder regions such as the Armenian Caucasus, will be comfortable because of your assistance.

Very truly yours,

W. A. BARTLETT,
National Representative.

By order of Fire Commissioner E. C. Hultman.

DANIEL F. SENNOTT,
Chief of Department.

EXTENSION OF CONTRACTS.

Anthony Cefalo has been granted an extension of the time of completion of the contract for building sewerage works in Delmont street, from Adams street to Charlemont street, Dorchester, dated December 23, 1926, from March 12, 1927, to April 29, 1927, forty-six days.

DeCristofara Brothers Company has been granted an extension of the time of completion of the contract for the building of sewerage works in Russett road and Pierpont road, West Roxbury, from April 8, 1927, to May 8, 1927 (30 days).

BUILDING PERMITS ISSUED APRIL 28 TO MAY 4.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Maple street, bounded:

Northwesterly by land hereinafter described as taken from owners unknown (Addington road), six and 9-100 feet; northeasterly by another part of Maple street, four hundred thirty-nine and 66-100 feet; southeasterly by another part of Maple street, six feet; and southwest-erly by the same, four hundred thirty-eight and 61-100 feet, containing twenty-six hundred and thirty-five square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Addington road, bounded:

Southeasterly by land hereinbefore described as taken from owners unknown (Maple street), six and 9-100 feet; southwesterly by another part of Addington road, nineteen and 15-100 feet; northwesterly by easement taken by the City of Boston for sewerage purposes September 16, 1904, six and 29-100 feet; and northeasterly by another part of Addington road, sixteen and 22-100 feet; containing one hundred and six square feet, more or less.

The sewerage works to be constructed are as follows: 450 linear feet of 12-inch pipe surface drain, in the above described premises, being part of the private way known as Maple street, leading southeasterly from Addington road for a distance of approximately 440 feet; and part of the private way known as Addington road, adjoining Maple street.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

POLICE DEPARTMENT ORDERS.

General Order No. 1076.

The resignation of Patrolman Frank A. Bowen of Division 10 having been presented while charges against him are pending, it is hereby accepted, to take effect as of Wednesday, April 27, 1927, at 5.45 o'clock p. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of

any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land

in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the City's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston, formerly Dorchester, and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Croyden street, bounded:

Southeasterly by Itasca street, ten and 1-100 feet; southwesterly by another part of Croyden street, one hundred thirty-seven and 47-100 feet; northwesterly by land hereinafter described as taken from Samuel Samuels et al., ten and 1-100 feet; and northeasterly by another part of Croyden street, one hundred thirty-eight and 28-100 feet, containing thirteen hundred and seventy-nine square feet, more or less.

A parcel of land, supposed to belong to Samuel Samuels, Bernard Samuels and Joseph Sonnabend, bounded:

Southeasterly by land hereinbefore described as taken from owners unknown (Croyden street), ten and 1-100 feet; southwesterly by other land supposed to belong to said Samuels et al., sixty-two and 65-100 feet; southerly by the same, seventeen and 28-100 feet; again south-easterly by the same, two hundred eighty-six and 8-100 feet; again southwesterly by Oakland street, ten and 64-100 feet; northwesterly by other land supposed to belong to said Samuels et al., three hundred one and 3-100 feet; again southwesterly by the same, two hundred forty and 15-100 feet; again northwesterly by the same, fourteen and 24-100 feet; northeasterly by land hereinafter described as taken from Henry S. Moody, trustee, eighteen and 83-100 feet; easterly by other land supposed to belong to said Samuels et al., five and 71-100 feet; and northeasterly by the same, three hundred one and 99-100 feet, containing sixty-four hundred and six square feet, more or less.

A parcel of land, supposed to belong to Henry S. Moody, trustee, bounded:

Southwesterly by land hereinbefore described as taken from Samuels et al., eighteen and 83-100 feet; northwesterly by other land supposed to belong to said trustee, twenty-three and 60-100 feet; northeasterly by land hereinafter described as taken from owners unknown (Alabama street), ten feet; southeasterly by other land supposed to belong to said trustee, nine and 60-100 feet; and easterly by the same, fifteen and 58-100 feet, containing two hundred and ninety-two square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Alabama street, bounded:

Southwesterly by land hereinbefore described as taken from Henry S. Moody, trustee, ten feet; northwesterly by another part of Alabama street, five hundred ten and 50-100 feet; northeasterly by Canaan street, ten and 1-100 feet; and southeasterly by another part of Alabama street, five hundred ten and 72-100 feet, containing fifty-one hundred and six square feet, more or less.

The sewerage works to be constructed are as follows: In Alabama street, 560 linear feet of 12-inch pipe sanitary sewer; in Croyden street and private land northwesterly thereof, 240 linear feet of 12-inch pipe sanitary sewer, 220 linear feet of 1-foot 3-inch by 2-foot U-shaped concrete sanitary sewer and 220 linear feet of 5-foot 3-inch circular concrete

surface water conduit; and in proposed extension of Colorado street, 220 linear feet of 12-inch pipe sanitary sewer and 207 linear feet of 3-foot 6-inch circular concrete surface water conduit.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the parcels of abutting land on both sides of a proposed extension of Colorado street to Oakland street, the lots of abutting land at the northerly and easterly corners of Colorado street and a proposed extension of Croyden street, and the lots of abutting land on both sides of Alabama street, from Canaan street to proposed extension of Croyden street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 743, Sewerage Works, Croyden street and Alabama street, Dorchester, March 5, 1927, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department:

PROCEEDINGS OF CITY COUNCIL.

Monday, April 25, 1927.

Regular meeting of the City Council in the Council Chamber, at 2 p. m., President HEFFERNAN in the chair and all the members present.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council the Mayor submitted the following appointments for the term ending April 30, 1928:

Constables: William A. Iannone, 23 Fleet street, Ward 3; Caetano Lopes, 681 Shawmut avenue, Ward 9; James S. Duval, 9 Cortes street, Ward 9; Max Wortman, 185 Glenway street, Ward 14; Allen Libby, 11 Waban street, Ward 12; Nathan Mazur, 277 Humboldt avenue, Ward 12; Alexander Goodman, 21 Sonoma street, Ward 12.

Severally laid over a week under the law.

REPORT OF STANDARDIZATION COMMISSION.

The following was received:

City of Boston,
Office of the Mayor, April 22, 1927.
To the City Council.

Gentlemen,—In reply to your request of April 18, 1927, I transmit herewith a copy of the report of the committee appointed to make a survey of the personal service rendered the city, known as the Standardization Commission.

Respectfully yours,
MALCOLM E. NICHOLS, Mayor.

April, 1, 1927.

Hon. Malcolm E. Nichols,
Mayor of Boston,

Dear Sir,—Under date of April 3, 1926, the undersigned were appointed by your Honor as a committee "to make a survey of the personal service rendered to the city." In the months which have elapsed, the committee has endeavored in accordance with your expressed wish to ascertain "the character and duties of the various positions in the city," and to determine "just and equitable salary schedules."

The committee has met as a whole twenty-five times. In addition, the subcommittees have given consideration to particular groups, and independent investigations by individual members have been carried on. Conferences and consultations have been held with the heads of twenty-five city departments, while representatives of over forty groups have appeared before the general committee or its subcommittees.

As a result of these studies and investigations, the committee submits herewith a formal report covering briefly personnel conditions as they now exist in our city and a suggested plan for the classification of employees and standardization of salaries.

Respectfully,
CHARLES J. FOX, Chairman,
JOSEPH P. MANNING,
WILLIAM P. LONG,
ERNEST R. SPRINGER,
ELIZABETH M. HERLIHY,
BERNARD C. KELLEY,
WILFRED J. DOYLE.

(Annexed was the report referred to.)

Placed on file and ordered printed as a city document, on motion of Coun. PARKMAN.

PETITIONS REFERRED.

The following petitions were received and severally referred to the committees named, viz.:

Claims.

Ella N. Andrews, for compensation for injuries caused by an alleged defect in Washington street, near R. H. White's.

Joseph C. Baillet, for compensation for injuries caused by an alleged defect at 104-108 Summer street.

Boston Fruit and Produce Exchange, for compensation for damage to property at South Market street, caused by broken water pipe.

T. C. Brooks Company, for compensation for damage to truck by city truck.

William J. Dacey, for compensation for damage to automobile by ash truck.

Samuel Davis, for compensation for damage to property at 92 Winthrop street, Roxbury, caused by ash team.

Nina M. Farr, for compensation for injuries caused by an alleged defect at Bunker Hill and Mystic streets.

Mabel E. Graves, for compensation for injuries and damage to clothing caused by an alleged defect in Broad street and Atlantic avenue.

Ella Grossman, for compensation for injuries caused by an alleged defect at Harrison avenue and Oswego street.

Anna G. Hurley, for compensation for collapse of boiler at 34 Lane park, Brighton, caused by water being shut off.

Angela M. Jansen, for compensation for injuries caused by an alleged defect at 17 Milton avenue, Dorchester.

Mrs. David J. Kelleher, for compensation for injuries caused by an alleged defect at 244 Boylston street.

Mary Kelleher, for compensation for injuries caused by an alleged defect at 92 Blackstone street.

Frazil Khan, for compensation for injuries received on Deer Island while prisoner there.

Thomas Kyron et al., for compensation for injuries caused by city truck.

Julius Martin, for compensation for injuries caused by an alleged defect at 511 Columbus avenue.

Eleanor L. McAuliffe, for compensation for injuries caused by an alleged defect at Putnam and Henley streets, Charlestown.

James J. McGonagle, for compensation for injuries caused by fire apparatus.

Mrs. David McGrath, for compensation for injuries caused by an alleged defect at 11 Belmore terrace.

George Mearns, for compensation for damage to automobile by ladder truck of Fire Department.

Mrs. Charles Moren, for compensation for injuries caused by piece of chain from city truck.

Lawrence Munroe, for refund on refuse tickets.

Frances Navarro, for compensation for injuries received in Bowditch School.

Hyman Pelowsky, for compensation for damage to automobile on ferryboat.

Gordon D. Riedell, for compensation for damage to automobile caused by an alleged defect in Walk Hill street.

Samuel Slavin, for compensation for damage to property at 141 Homestead street, caused by ash truck.

Eva Smith, for compensation for loss of clothing at City Hospital.

Nellie Spofford, for compensation for injuries caused by an alleged defect at 18 Welles avenue.

J. VanVloten, for compensation for injuries caused by fire apparatus.

Executive.

Petitions for children under fifteen years of age to appear at places of public amusement, viz.:

Mrs. June Moody Fox, Jordan Hall, May 5.
Louise M. Barry, Bloomfield Hall, April 27.
Robert Livesey, St. Mary's Hall, April 25.
Massachusetts Auto Operators Association, Elks Ballroom, April 29.

REGISTRY OF DEEDS PAY ROLL.

The pay roll of the Registry of Deeds, for the period from March 21 to April 16, inclusive, amounting to \$12,792.27, was received and approved.

APPROVAL OF APPOINTMENTS.

Notices were received of the approval by the Civil Service Commission of the appointments by the Mayor of Edward T. Kelly of 278 Arborway, Jamaica Plain, as assessor, and Dr. Henry S. Rowen, of 30 Bennett street, Brighton, as trustee of Boston City Hospital. Placed on file.

STORAGE AND SALE OF GASOLINE.

Notice was received from the Street Laying-Out Department of hearings to be held on Monday, May 9, on petitions for storage and sale of gasoline, viz.:

W. F. Loughman, 40 Necco street, Ward 6, 3,000 gallons.

John F. Coleman, 900-910 Old Colony avenue, Ward 7, 5,000 gallons.

Standard Oil Company of New York, 144-148 West Broadway, etc., Ward 6, 3,420 gallons.

Referred to the Executive Committee.

LOCATION TO EDISON COMPANY.

Notice was received from the Metropolitan District Commission of location granted to the Edison Electric Illuminating Company of Boston for poles in Old Colony Parkway. Placed no file.

LAYING OUT OF PERKINS STREET.

Coun. WRAGG offered the following:

Ordered, That the Street Commissioners be requested through his Honor the Mayor to accept and lay out Perkins street, Ward 18, as a public highway, and that the name of the street be changed to Plaindale street.

Passed under suspension of the rule.

PAVING OF SEDGWICK STREET.

Coun. GUILD offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface with smooth paving Sedgwick street in Ward 19.

Passed under suspension of the rule.

PAVING OF GREENOUGH AVENUE.

Coun. GUILD offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface with smooth paving Greenough avenue in Ward 19.

Passed under suspension of the rule.

PAVING OF ELM STREET.

Coun. GUILD offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface with smooth paving Elm street in Ward 19.

Passed under suspension of the rule.

PAVING OF SEAVERN AVENUE.

Coun. GUILD offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface with smooth paving Seaverns avenue in Ward 19.

Passed under suspension of the rule.

ELECTION DEPARTMENT FEES.

Coun. GUILD offered the following:

Be it ordained by the City Council of Boston as follows:

Chapter 14 of the Revised Ordinances of 1925 is hereby amended by adding thereto the following:

Section 2. The election department shall, after payment of the fee hereinafter provided, issue to any registered voter of the City of Boston who applies therefor in person, a certificate, signed by one of the board of election commissioners and sealed with the seal of the department, stating the street address at which, and the ward and precinct in which the applicant is registered as a voter. Applicants for such certificates shall pay to the City Collector a fee of one dollar for each certificate to be issued; and the election department shall not issue any such certificates except in exchange for receipts of the City Collector for the payment of such fees.

Coun. GUILD—Mr. President, in introducing that ordinance, I will state that at the hearings before the Committee on Appropriations held during the past week, at the time when the statements for the Election Department were being made before the committee in regard to its budget for the coming year, it appeared that they issued through the year upwards of 2,500 certificates to various people who applied for them, which were used principally by those going into Canada, to have in their pockets to avoid payment of a \$10 head tax on their return. If those certificates are valuable to the people who go into Canada for that purpose, it seems to me that they should be valuable to the city as a means of revenue. I believe the revenue thus available to the city would be upwards of \$2,000 a year. In order to capitalize that possible asset to the city, I have introduced this ordinance.

The ordinance was referred to the Committee on Ordinances.

FEES CHARGED FOR PERMITS, ETC.

Coun. PARKMAN offered the following:

Ordered, That the Budget Commissioner be requested, through his Honor the Mayor, to make a survey and study of the fees charged for licenses, permits and services, of which the proceeds form part of the income of the

city, and to report to the City Council what action is necessary to increase such fees sufficiently to represent a fair equivalent for the services rendered, and also to report such other recommendations as he may consider advisable.

Coun. PARKMAN—Mr. President, I have introduced this order because of the fact that the situation in regard to fees for licenses and permits issued by various city departments is a very antiquated one. The prices charged are obsolete, and are made under the authority of a very great number of statutes, ordinances and regulations. In all the city departments there is no question but what the fees represent a very small proportion of the cost of the service, and there seems to be no reason whatever why the fees should not be increased to represent an adequate remuneration for the service performed. The Commonwealth of Massachusetts has been enabled to keep the state tax down largely because of the new sources of revenue which have been found through increase in fees obtained by the state. While there is not such an extensive possibility for the City of Boston, at the same time it seems to me a great deal of additional revenue can be found in that way without unfairness or injustice to any particular party, and with great advantage to the general public in the reduction of the tax rate. I have gathered together a good deal of information on this subject in the course of the last few months, and I understand that the Budget Commissioner at the present time is working to the same end. I have also had a letter from the Fire Commissioner containing his entire schedule of fees charged throughout his department, and a comparison of those fees with those charged in New York, which seem to show that the fees charged here are altogether inadequate and too low. I ask for a suspension of the rule and passage of the order.

The order was passed under suspension of the rule.

RESANDING OF L STREET BATHS.

Coun. LYNCH offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to provide for the resanding of the L Street baths.

Passed under suspension of the rule.

RECESS.

On motion of Coun. DOWLING, the Council voted at 2.25 p. m. to take a recess subject to the call of the Chair.

The members reassembled in the Council Chamber and were called to order by President HEFFERNAN at 3.48 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. GILBODY, for the Executive Committee, submitted the following reports:

1. Report on petitions (referred today) for children under fifteen years of age to appear at places of public amusement, viz.: Mrs. June Moody Fox, Jordan Hall, May 5; Louise M. Barry, Bloomfield Hall, April 27; Robert Livesey, St. Mary's Hall, April 25; Massachusetts Auto Operators Association, Elks Ballroom, April 29, recommending that permits be granted.

Report accepted; said permits granted.

Report on annual list of constables (referred April 18) recommending confirmation of the constables connected with official positions and to serve without bonds.

Coun. RUBY—Mr. President, I am opposed to the report, because I believe, in view of the fact that we have 300 or 400 constables, some of whom have served for twenty or twenty-five years, with reference to whom objections have never been made either to his Honor the Mayor, so far as we know, or to this Council, those men should not be very seriously injured in their business because of the fact that there are constables in this city against whom there have been grievances presented. There are many on this list who are family men, who have children dependent upon them for support, and whose actions have never been questioned. If we adopt this report this afternoon it means that no constable for the City of Boston can be approved before two weeks, it being one week before action can be taken by the body and another week before the bonds of the constables who may be confirmed can be accepted by the body. As I have said, I have noticed on the list, Mr. President, a number of men who have served for a number of years acceptably, observing faithfully their oath of office as constables, men who have maintained offices in Boston, employed a stenographer and

who go to a considerable expense each month for the conduct of the office. We have heard from the Committee on Unemployment in recent weeks of 60,000 or 65,000 people who are unemployed in this city today, and by taking the step proposed here by the committee we are adding 200 or 300 more to that list of unemployed, because we are performing an act that puts those men out of employment. They cannot do anything else. They are constables by profession, by trade, and while pursuing their trade have done nothing else. It is true that in the executive session we have heard of men who have usurped their power. For those men I hold no brief. I say if a man is unfit to be a constable of the City of Boston he should be stricken from the list. But I do not believe in striking off those men who have performed their duties acceptably and properly, simply in order to get at a few others against whom complaints have been made. I sincerely trust that in order to get at the few we will not strike at the many, the great majority who have filed their applications as constables not only in this year but in previous years, who have always served acceptably, and who are entitled to proper treatment at our hands. Every person on this list has filed a bond and has paid \$30 on this bond in previous years. So we have a right to assume that they have accepted the duties of the office and performed them in good faith until there is a complaint against any one of these constables, a grievance that should be examined into, we should let them alone if they are performing their duties acceptably. It was brought out in executive session that some men would not be hindered at all, and that the men for whom they serve papers will not be hindered at all. But you know that where these names are held up, it will not only inconvenience the appointees, but also lawyers who have occasion to use their services, and would otherwise have to appeal to the sheriff's office. So in holding up this list we would not only be striking at the 400 or so constables in Boston, but also at the thousands of lawyers and others who are employing them in good faith, and who wish to employ them. These lawyers wish to employ certain of these constables, and have the privilege of doing so today, and it is of mutual advantage to both the constables and the lawyers. So I believe when we suggest action which will mean firing them all on April 30, we have made a grave mistake.

Coun. GUILD—Mr. President, I believe the councilor is suffering under a grave misapprehension as to the terms of the committee report before us. As I read the report that has been presented, it is that we confirm the list connected with official positions and to serve without bond, and nothing more. The Executive Committee made no further report, although the matter was discussed in committee. So there is no report before us except that recommending confirmation of the list connected with official positions and to serve without bonds. So, while some of us might agree with the position taken generally by the councilor, I will simply say that the Executive Committee did not make a report which would lead to any action such as he suggests, and that that matter is not before us in any way, shape or manner. As I understand it, the report before us is confined to recommending confirmation of the list connected with official positions and to serve without bonds.

(At request of Coun. RUBY, the Clerk read the report.)

Coun. RUBY—Mr. President, I had in mind the other part of the report, which I understand is to be presented after this one. I was not opposing the confirmation of these constables.

The report was accepted, and the question came on confirmation of the list connected with official positions and without bonds.

Committee, Coun. Fitzgerald and Dowling. Whole number of ballots 18, yeas 18, and the appointments referred to were confirmed.

Coun. DOWLING—Mr. President, I wish to submit a report for the Committee on Ordinances.

Coun. RUBY—Mr. President, I rise for information. Do I understand that the Executive Committee is not reporting with reference to those constables authorized to serve civil process and to file bonds?

President HEFFERNAN—The gentleman is correct in his understanding so far as any report of the committee is concerned.

Coun. RUBY—Mr. President, I rise for further information. As I understand it, in the executive session it was decided that certain action should be taken with reference to these other constables. Does that report come into the body today?

President HEFFERNAN—I would say to the gentleman that it does not. The only report of the committee is that which has been introduced by the chairman of the committee and which has just been acted upon.

Coun. RUBY—Then Mr. President, I move that that part of the subject matter not reported

upon by the Executive Committee today be taken from that committee and acted upon here this afternoon.

Coun. BUSH—Mr. President, I second that motion.

President HEFFERNAN—The question is on recalling from the committee the annual list of constables.

Coun. RUBY—Mr. President, I am not going to repeat the short speech I just made but will simply state that I understood in Committee it was intended that we should act today upon the constables who are supposed to serve process upon filing bonds. I hope, therefore, that that list will be taken from the committee and will be acted upon this afternoon.

Coun. Ruby's motion to take the list of constables referred to from the committee was declared lost by a rising vote, two thirds of the members present not voting therefor.

PASSENGERS CARRIED ON JITNEYS.

Coun. DOWLING, for the Committee on Ordinances, to which was referred March 24, petition of Boston Elevated Railway Company in re changing ordinance relative to passengers carried on jitneys, submitted a report recommending the passage of the following ordinance:

Be it ordained by the City Council of Boston, as follows:

Chapter thirty-nine of the Revised Ordinances of 1925 is hereby amended by striking out section one hundred and one, and inserting in place thereof the following:

Section 101. The license issued for each motor vehicle shall fix and specify its seating capacity, exclusive of the operator. Passengers in excess of twenty-five per cent above the seating capacity of such motor vehicle shall not habitually be carried. Whenever the number of passengers regularly applying for transportation exceeds the number hereinbefore provided for it shall be the duty of the licensee to furnish sufficient additional facilities to carry such passengers. No person operating or in charge of any such vehicle shall take on or suffer or permit more persons to ride or to be carried thereon at any one time than is authorized by this section, or permit any person to stand or sit upon any running board, steps, fender, dash or hood thereof, or permit any person to ride on such motor vehicle outside the body thereof; provided, however, that in addition to the number of passengers which said motor vehicle by the terms of this section is permitted to carry, children under seven years of age may be carried therein, in arms, or seated on the laps of adult persons accompanying them, but no passenger with a child in arms or seated on the lap shall be permitted on any front seat of the vehicle.

Coun. WILSON—Mr. President, do I understand that this is the report of the Committee on Ordinances with reference to allowing Elevated passengers to stand in jitneys?

President HEFFERNAN—The gentleman is correct.

Coun. WILSON—Mr. President, as a member of the Committee on Ordinances, and as one who voted against the ordinance in committee, I wish at this time to express my opposition to the passage of this ordinance which, as I understand it, would allow the Boston Elevated Railway Company to vary the present rule which requires all passengers in jitney buses to be seated by allowing a leeway so that seven or eight passengers can stand, thereby creating a new and perhaps more exclusive class of straphangers. I am opposed to the passage of this, in the first place, on the ground of safety. I consider that straphanging is sufficiently dangerous in vehicles running on street car rails, but to allow seven or eight bus passengers to stand when the seating capacity of the bus has been exhausted seems to me extremely dangerous, as the average passenger on such a bus is not only in danger of being thrown against the side of the bus on turns, but his head is within a few inches of the roof of the bus and there is that added danger. In the second place, while I was originally in favor of letting down the bars so as to allow a passenger or two to stand, it now appears to me a question of adopting one rule or the other, because if the Elevated Company is to be allowed to allow two or three or seven or eight more to stand, the obvious result will be that the jitney buses will be crowded with swaying passengers hanging to straps, bringing about a straphanging situation on the buses that will be even worse than the almost impossible situation that at present prevails on our Elevated system. I accordingly oppose the passage of this ordinance.

Coun. McGRATH—Mr. President, I feel like the councilor who has just taken his seat, that this is an extremely improper thing for us to do at this time. If the streets of Boston were in such repair as to make it possible for jitney buses to go over them without the possibility of

a person breaking his neck, that might be one thing; but can you picture a jitney bus going through some of the streets of this city, where the holes are big enough for the ordinary car to break a spring, where 25 per cent in addition to the seating capacity of the bus are standing? Coming down Adams street, Dorchester, I have stood up with the roof of the bus not 6 inches above my head, and in snowy weather, and with the bad and dangerous condition of the roads, with the great hollows in the street and the consequent shaking up of the passengers, certainly the danger is very seriously added to when you have a number of people standing up. Whenever we change an ordinance in this city we must be extremely careful, and here we have the Elevated coming in, not with a petition to run more buses, not with a petition to give better service, but with a petition that will enable them to still further crowd transportation conditions, which at the present time in the minds of many people are about as bad as they should be. We heard the councilor from East Boston come in and tell us about the big meeting in his district opposing buses, but desiring additional service from electric cars riding on the rails. With the crowding of our streets today and with the terrible condition that most of the streets are now in, it is now proposed that these buses be crowded to standing capacity. I think if the Council allows this to go through it will be establishing a precedent which will result in such bad conditions that those favoring it today will oppose it strongly a year from today. I heartily oppose it.

Coun. DOWLING—Mr. President, I must confess some admiration for the optimism of the Elevated Company when it proposes to carry as standing passengers 25 per cent of its seating capacity, in one of these buses, particularly in view of the objections stated by Coun. McGrath, I think, however, that the matter would be better understood if there is an opportunity for presentation of the arguments in favor of the report of the committee, which I am prepared to give now if necessary, but I think it would be better understood if the matter could be laid on the table, so that we may be able to give some attention to the objections. I move, therefore, that the report be laid on the table. The matter can then perhaps be taken up a week from now.

Several members addressed the Chair.

President HEFFERNAN—The motion to lay on the table is not subject to debate.

Coun. DOWD—Mr. President, do I understand that a motion to lay on the table for one week is not debatable?

President HEFFERNAN—That is not the motion. The motion is to lay on the table.

The report was laid upon the table by a rising vote, 10 to 8.

Coun. GILBODY—Mr. President, I would move that the committee on Ordinances be instructed to hold a public hearing in connection with this matter.

It was voted, on motion of Coun. GILBODY, that the Committee on Ordinances be instructed to hold a public hearing upon the matter.

FINANCE COMMITTEE REPORTS.

Coun. GREEN, for the Committee on Finance, submitted the following reports, viz.:

1. Report on order (referred April 26) on loan of \$18,000 to be expended for construction of convenience station in Codman square—that same ought to pass.

The question came on the acceptance of the report, and the order was given its first reading and passage, yeas 21, nays 0.

Assigned for fourteen days for final action.

2. Report on message of Mayor and order (referred March 21) for a loan of \$1,000,000 for new buildings and additions to existing buildings at Long Island, as well as for furniture and equipment for such new buildings and additions, all for Institutions Department purposes,—that the same ought to pass.

The report was accepted, and the question came on the passage of the order.

Coun. WARD—Mr. President, this question was brought before the Council some six weeks ago, and members of the body placed before the body their arguments against placing this hospital on Long Island. Other members arose and stated that they thought a chronic hospital should be placed on Long Island. I wish here to read an extract from Coun. McGrath's remarks at that time:

"Take those old souls back again into society, back from their exile, back where they can look through the fence and see the passing autoists, see something of what is going on in the world, and where they can be readily visited by their friends and by those who are interested in them. Give their old neighbors a chance to see them, and let them enjoy the human touch."

Mr. President, I repeat those remarks. It has been rumored around town that the Mayor has the necessary number of votes to

put the order across and perpetuate the mistake made years ago of placing the almshouse at Long Island. If there are here the necessary votes to pass this order, I wish simply to say that there is only one other recourse for the citizens, and that is for ten citizens of this city to go before the Supreme Court and restrain the Mayor from expending \$1,000,000 for erecting a chronic hospital at Long Island.

Coun. GUILD—Mr. President, some weeks ago, as indicated by the councilor who has just spoken, this matter came before the City Council, and at that time there were various opinions expressed as to the amount of money necessary to take care of the immediate and pressing needs of the hospital at Long Island. The Mayor had stated that this amount of money was sufficient to take care of the immediate and pressing needs at Long Island, and that it should be voted, without regard to whether the hospital should be on Long Island or on the mainland. The Council at that time did not pass the loan order because, as I believe, a great many felt that the sum of \$1,000,000 was in excess of what was necessary to take care of the immediate and pressing needs at Long Island. Since that time the matter has been presented to the Council again, and has gone to the Finance Commission, and a careful investigation has been made by competent engineers employed by the city and by the Boston Finance Commission as to the cost of the immediate and pressing needs at Long Island. The speaker who has just taken his seat made no reference to the question whether the items in the Mayor's order are for immediate and pressing needs although I understand he concedes that there are some immediate and pressing needs. The only question is whether \$1,000,000 is too much to take care of them. I think no one will say that the immediate and pressing needs at Long Island should not be taken care of. I understand that the engineer appointed by the Finance Commission and those designated or requested by his Honor the Mayor to make reports on the cost—Mr. Rourke and Mr. Norton—are agreed that the sum of \$1,000,000 will not cover the cost of all these immediate and pressing needs. I certainly feel that the opinions expressed by members of the Council on a previous occasion, that the amount was too large, ought to be governed by the opinions of these competent engineers. The question of the previous speaker in regard to ten citizens petitioning the Supreme Court carries very little weight in my mind, because it is my experience that ten citizens going before the Supreme Court must at least have a reason for doing so before the Supreme Court will issue any injunction against the expenditure of public money. I think the reports of the engineers on this question are sufficient to warrant anybody who had the opinion that \$1,000,000 was too large in altering that opinion to conform to the opinion of the experts who have looked into the case.

Coun. GREEN—Mr. President, I would like to ask the councilor from Roxbury a question,—if in his experience as a politician he ever received a complaint from a constituent of his about conditions on Long Island and, if he did, has he got that communication with him?

Coun. WARD—Mr. President, I wish to answer, first, that I have had no experience as a politician (laughter), but if I ever heard one complaint, I can readily say I have heard hundreds of complaints from Long Island, and I heard complaints when the committee invited me to visit Long Island. I walked around and heard complaint after complaint, and the only cry of those people was, "For God's sake, get us away from this island."

Coun. BUSH—Mr. President, I am not going into great detail on the question now, simply referring to the remarks I made on March 14 upon this same matter. Since that time, however, an estimate has been submitted by the Building Commissioner as well as by some of the engineers appointed by his Honor the Mayor and the Finance Commission, in regard to what certain improvements on the island will mean, showing amounts that total a million dollars and adding also the amount of \$50,000 for incidentals, exclusive of equipment and furniture. There will be a still further amount necessary to take care of the equipment and furniture. Therefore, even this million dollars will not adequately take care of the situation, as outlined, by the Mayor at the present time. I will admit that at the time of the first estimate it seemed to me that it was a little exorbitant for the particular kind of buildings to be constructed, but I now confess that I believe myself to have been mistaken on that point. That is particularly so in view of the estimate submitted by the Finance Commission's engineer with regard to buildings and the cost of con-

struction. Because of the fact that I do not consider myself, nor would anybody else consider me, an expert on the construction of buildings, I am willing to take the estimate of these men as to the cost of that construction, and confess that I was mistaken. I will go farther, however, and say that if it is true that this is going to cost that much more for buildings on Long Island—merely for the buildings alone—and a further amount will be necessary to equip those same buildings, we are not through with the matter with the expenditure of a million dollars, but a considerably larger amount will have to be appropriated for the purpose of equipping those buildings. I do not believe, as one of the councilors, that the immediate or pressing needs call for or require any such extraordinary expenditure on Long Island, and I still feel that to spend that sum of money when there is no immediate necessity or requirement for it, is merely putting another nail in the coffin of the idea of attempting to bring that institution to the mainland at some future date. As I remarked on March 14, it is merely a perpetuation of the mistake made originally in placing those institutions on that island. I still feel that I cannot vote for this appropriation, of this amount, at this time. I will, however, vote for the appropriation of an amount that will be enough to take care of such immediate and pressing needs as the councilor spoke of.

Coun. KEENE—Mr. President, I might say for the information of the councilor from Ward 12 that the expense necessary for the equipment and furnishings of the buildings will amount to \$100,000. That seems to be the opinion of the Institutions Commissioner and the engineers with whom the matter has been discussed. It seems to me to be a question of what the policy of the city should be. A study and examination of the situation shows that the question has been presented before this body and those which have preceded it, for twenty-seven years, and it is fair to assume that twenty-seven years more is likely to elapse before the question of where the hospital shall eventually remain is likely to be finally determined. That it has been brought out at the hearings before the committee, and I think by expressions of members of this board, leads me to believe that there are pressing needs at this institution. We have been to the trouble to get estimates from the Building Commissioner, the Schoolhouse Commissioner, and from the Finance Commission. They all seem to think that if we are going to build the buildings which were mentioned in his Honor's message, \$1,000,000 would be a moderate sum. I was much impressed by one statement in the letter from the Finance Commission to this effect:

"As the position of the Finance Commission on the merits of the loan has already been stated in a former communication to the City Council, no further comment is made on that point. If, however, you contemplate the passage of the pending loan, it is, of course, for you to determine whether it is wise for you to authorize a loan for the contemplated additions at this time, or whether it would be better to provide funds for making plans, so that accurate estimates of the undertaking may be obtained."

Then they go on to cite the method of the School Committee when it contemplates building construction, making an appropriation for taking the land and making plans in the first instance, and providing the money for constructing the building only after the plans have been made. Their opinion seems to be that they would prefer possibly to have the institution at Long Island brought to the mainland, but providing in the first instance, funds for the land and for the plans, and then for the construction of the buildings over a period of time. That coincides exactly with the expressions of opinion I have heard, that it would take a period of five or six years before necessary buildings could be constructed to enable the move to be made, if contemplated. But it is the opinion of the gentleman who has looked into this matter that, even if that were done, the buildings down there should not be allowed to continue in their present condition. I am of the opinion, under the circumstances, that this matter should receive careful attention: that the contemplated additions and improvements should be made for the benefit of the people there. I trust that later these reports will be made a part of the record.

Coun. WARD—Mr. President, I was going to move that the remarks made upon this matter on March 14 be inserted in today's record.

Coun. McGRATH—Mr. President, I have not changed my stand on this matter since it came up in the Council before, and my reason for opposing it at this time is the same as it was at that time. That is, any

appropriation of the size of a million dollars means that perhaps during our lifetime these people will be exiled on that island down the harbor. So far as votes of members having changed upon this matter is concerned, I do not impugn the motives of any man in this body, because I feel that our hearts rather than our heads are being appealed to; that therefore there are men here who may change their votes, but they do it only because they really feel in their hearts that they are doing the thing that is right for those who are less fortunate than we are. I am not going to quarrel with any man who changes his vote on this matter, because I think every man wishes to be governed by the proper spirit when he thinks of those who are the wards of our city. It is because of that feeling, and because of that conviction, that I personally never will change from the stand I have adopted of saying to those on Long Island: "You are as good as I am; come up here on the mainland and live where I do. I will not exile you down there forever." But it is not my opinion and it is not the Mayor's opinion that should be taken in the final analysis. It is the opinion of those on the island who are of the unfortunate class, who have to bear the burden and stigma which attaches to many of them of being known as paupers. Every effort has been made in our Legislature, every effort has been made even by this administration, to try to eradicate forever the word "pauper"; but just so long as Long Island is Long Island the name of pauper will always stigmatize those who are sick and unfortunate, and who must go down there to that island. I spoke before of the graveyard on the island. The conditions there in that respect may seem insignificant to some, but it is the fact that on that island, just outside the window, where it is to be seen by every inmate, is that graveyard, the last resting place of the poor folks who go down there. It is not a pleasant thing for any of us who are well, healthy, strong, and who can enjoy some of the good things of God's earth, to see continually within the range of our vision a graveyard which we know is finally to contain our remains. We surely don't want to spend much time in such a place. But when you are exiled on an island, and the one thing you look at forever is such a graveyard it makes an impression, and I have never been so strongly impressed with that fact as when I have recently had occasion to go down there and speak with the old folks about conditions surrounding them. Some of them speak their minds freely, longing to get up to the mainland and away from the conditions that surround them there. But the superintendent goes on record in favor of keeping them down there. One doctor, perhaps, says, "Remove them," and some other man says, "Keep them there." But when those in authority on the island say that that is the place for them to stay, what can the poor old folks say except, "Yes, this is the place to stay." I had a letter sent to me by one of the poor old fellows, an inmate who has spent a long time on the island. His name is on the paper, but I will not read it, although I will be glad to show it personally to any member of the Council. I do not, however, want to read the name of this poor old fellow who has had to go down to the island, to a place where when they die they are even buried without a name, with nothing but a numbered cross forever hiding the identity of the family name that they bear. This letter is from the heart of a poor old soul down there, and I will let him talk to the members of the Council through this letter, which contains not the Mayor's sentiments, not my sentiments, but his sentiments, saying what he thinks of that graveyard and what he thinks of the numbered headstones. He says:

City Councillor McGrath.

Honored Sir,—You will forgive this intrusion when an old blind fellow here informs you that he could not restrain the impulse of proffering to you and your manly associates the thanks and gratitude of many of the old folks here whom you so nobly tried to safeguard,—the old and infirm charity wards of your city.

Dear Sir, please recollect that I am not criticising or casting any reflections upon any public servant connected with the institution.

It seems to an old senile fellow like me that if for no other motive save the motive of civic pride, some one would pay more heed to the plot of land that contains the ashes of those who have journeyed over the borderland.

In my hastily constructed and crude composition I have tried to express some of the serious thoughts that sway the hearts of some of the old folks here, who must eventually abide in some of the wee domiciles that constitute our little hamlet of the dead.

Rest I weary you, dear sir, and baving no desire to do that, I remain, your humble ward, yet sincere well wisher.

And then he signs it.

And I have here a poem that he writes himself. This I have verified. It is entitled:

The Pauper's Grave.

Down by the side of the winding road,
That leads to the sobbing sea,
They have laid aside life's weary load
In the Island Cemetery.
Where even in spring no blithe birds sing
To disturb their last repose,
Where kinship's hand never deigns to bring
To the pauper's grave a rose.

II.

But what do they care, if graves are bare,
Were their lives not barren, too,
Of all the joys that ours did share,
They drained the chalice of rue.
Yes, maybe they had themselves to blame
Or reap what their own did sow,
As long as we bring ourselves the shame
Why the outcast's tears must flow.

III.

Oblivious now to grief and shame
They are numbered with the dead,
E'en the bitter wood contains no name
Stationed at the small mound's head.
Mutilated here the dross we hide
But somewhere beyond our ken
One claims souls stained on the cross He died
For just such women and men.

IV.

Oh, we all nursed at a mother's breast,
And knelt at a mother's knee,
And loving kiss our lips once pressed
Holds sacred that memory.
And when erring ones are called away
To be nameless with the dead,
If the bitter truth seems harsh to say
Leave the unkind words unsaid.

There we have the point of view of a poor inmate; and, presenting these to you, I simply ask, Should we not bring these people back from exile? Should we not take them away from the conditions surrounding them there? I leave it with the Council to vote on the matter.

Coun. WILSON—Mr. President, I was severely criticized in some quarters for voting on March 14 against a million dollar expenditure on Long Island, and the suggestion was made that if I was in doubt at all, I should vote with the administration to spend the money. Mr. President, on general principles when in doubt I consider it better judgment to vote against an expenditure of \$1,000,000 of the people's money. I ask to be shown. I was not opposed to the expenditure of any money at Long Island, but I have sincerely felt that a million was too stiff an order. In justice to all concerned, I have therefore taken some pains to probe to the root of the entire question. I assume, on a loan order which involves the expenditure of \$1,000,000, and which is deemed of sufficient importance to be again sent back promptly to this body by the Mayor after an initial defeat, every member of this Council has done some real and constructive thinking. Accordingly, I shall not take your time with details, as to which I naturally assume we are all now familiar. But, briefly, as I understand it, the present situation is just this. Neither the Finance Commission nor the Mayor advocates total abandonment of the Long Island almshouse, chronic hospital and ancillary buildings; both the Mayor and the Finance Commission strongly oppose any consideration of the Parker Hill Chronic Hospital, which would mean the expenditure not of a million but of \$6,000,000 for the hospital, not including \$3,000,000 more for an almshouse, and another \$1,000,000 or more for outbuildings,—not to mention the scrapping of Long Island valued at least \$5,000,000. The Finance Commission specifically advises the Mayor to abandon the Parker Hill site, but to continue to maintain the almshouse and hospital at Long Island, with a further recommendation that the city plan the development of another chronic hospital in West Roxbury. Thus we find no clear-cut proposition of a choice between Long Island and the mainland. I am therefore now inclined to agree with the Mayor's March 14 statement, as follows: "No other practical measures have been suggested except those embodied in the accompanying loan order, and whatever the future need of an additional chronic hospital on the mainland may develop is no answer to immediate urgent necessities of the inmates of Long Island." It has therefore come down flatly to the test: What are the absolutely indispensable present requirements at the island? \$750,000 of the million requested are for additional almshouse accommodations, the children's building, the nurses' home, and items quite independent of the chronic hospital, and therefore independent

of the much disputed question whether additional chronic hospital facilities should properly be provided on the island or on the mainland. Since the dispute between the Mayor and the Finance Commission logically reduces to that proposition alone, I prefer to spend the \$250,000 balance at the island hospital rather than a much greater sum on the mainland at West Roxbury. Both sides are apparently in accord that we should not attempt the \$6,000,000 Parker Hill expansion. I am not an engineer, nor an architect,—every man to his own trade. I never built any hospitals. But I have been able to verify that with an average daily hospital attendance of 376 at Long Island with 70 nurses, there is but one nurse to some 16 patients, including children, as compared with a daily provision of 1 nurse for every 9 patients at the City Hospital. Ordinary arithmetic also proves that 500 men cannot properly be housed in buildings designed for 325. I am impressed, on verification of the fact, that there are in our city at the present time over three times as many children, eligible and ready for aid, as can possibly be housed under present conditions, and the further fact that even among the seventy-nine children on the island there is no proper provision for isolating contagious cases. I have learned that sentiment among many of the inmates themselves appears to be strongly in favor of continued residence off the mainland. The letters I have read lacked some of the literary merit found in Coun. McGrath's letters, but are no less authentic. Finally, it has been most enlightening to me to have the Finance Committee of this body quite constructively consult certain qualified gentlemen on actual facts and figures, and they report that a million dollars appears to be a very fair and conservative estimate for the absolute necessities at Long Island. Something must be done. It is bad news. And it is bitter medicine to take,—in or out of a hospital, but it now appears to me, Mr. President, that we shall have to authorize this expenditure, that it is necessary at the present time.

Coun. DOWD—Mr. President, my remarks will be very brief. I feel the same way that I felt on March 14, when I said, referring to the million dollars:

"In questioning Mr. Kinney, in the committee room, he admitted that that figure was a trifle high. I agree with him that it is not only a trifle high, but that that item has been padded good and proper, and if one item in this million has been padded, I say to you, gentlemen, that the other three are padded also."

The report of the Building Commission has already been referred to and we are now told that an additional amount will be needed. The members of the Finance Committee, of which I am a member, know what happened. We all know what was said in that committee. Isn't it true that Mr. Kinney said that the figure was a trifle high? And it was understood that Mr. Kinney was to send a committee and to have a report made, and we all know what we find here in that report. Mr. Rourke and Mr. Norton went down, and Mr. Emerson looked into the matter for the Finance Commission, and we find here additional figures submitted, so much for nurses' home, so much for equipment, \$100,000 for this, so much for that. So you see, gentlemen, what we are getting into. On March 19, I think it was, his Honor the Mayor broadcasted his views on the matter, stating that a small minority of the Boston City Council were trying to block this appropriation. I disagree very much with the Mayor, because I firmly believe that we, as elected members of the city government, have the same privilege and right that the Mayor has to take a stand upon matters coming before us, and that it is our privilege and duty to vote as we think we ought to vote. Of course, when he broadcasted the statement that a minority of the members by voting against the order had blocked the appropriation, I wrote a letter to the Edison Illuminating Company asking them to give the same privilege of broadcasting our views which actuated us in voting against the million dollar appropriation, that the Mayor had been given in favoring it. On April 1 I received this letter:

"Dear Mr. Dowd—I hope that by allowing Mayor Nichols to broadcast his financial ideas we have not involved the station in an endless controversy. However, I cannot see why there should be an objection to a broadcast of the other side of the argument. While I am looking around for a suitable place on the program, won't you please send me a manuscript of the talk you intend to give?"

That was signed by Charles W. Burton, Superintendent of Broadcasting. A manuscript was drawn up and sent to Mr. Burton. But in the meantime I am going to ask Mr. Burton of the Edison Company if I am not correct when I say that the Mayor of Boston called him on the telephone and asked him not to allow Coun. Dowd to broadcast the manuscript sent to him. So, in spite of the

fact that on April 1 I had the permission of the Edison Company to broadcast our manuscript, which, by the way, I will say was very tame, very conservative and very dignified—because some members of the Council can be as dignified when they are talking to the public on the air as his Honor the Mayor—on April 13 I received this letter:

"Dear Mr. Dowd—I am sorry to say that the crowded condition of our program will prevent our broadcasting your statement. The slack season which we expected to begin at this time has not arrived. Instead, we are being sent more programs from New York than ever. I think the best thing for you to do is to try to make arrangements with one of the other local stations through which you would reach just as large an audience as did the Mayor from WEEL. I am returning your manuscript with regret."

But the other stations are not controlled by the Edison Electric Light Company. Now, Mr. President, my first vote on this matter was a vote not against immediate repairs. Of course not. In that committee room at the time of the last committee meeting, I stated to one of the Board my attitude, that I would vote for any amount up as high as \$750,000. But his Honor the Mayor evidently would not retreat one step from the original stand he had taken. I would say in all fairness that the sum of \$250,000 would be hardly missed by the architects and contractors in this large sum. I say again, in all seriousness, that it is a waste of money, an extravagance on the part of the Boston City Council, to allow this sum of money to be spent on a barren island such as Long Island is, and if we vote to expend this money today, as I know we are going to do, what is the answer? We have driven a nail in the coffin, and there will be no chance of doing anything to get the almshouse away from the island and on to the mainland, such as many of us want to see accomplished, for at least the next seven or eight years. I am going to stand by the original position that I took on March 14, and vote against the appropriation.

Coun. PARKMAN—Mr. President, the councilor from Dorchester who preceded the last speaker, in my opinion put his finger on the exact point in controversy between his Honor the Mayor and the Finance Commission in this question. The report of the Finance Commission did not meet the question in any sense or at any point. They advocated a new chronic hospital, an additional chronic hospital, on the mainland, to offset the one at present on Long Island. The bulk of the loan order under consideration at the present time is for the other needs. As his reasons expressed my convictions, I don't think it is necessary for me to say anything more. I shall vote for the order.

Coun. McMAHON—Mr. President, on March 14 I had something to say in regard to the Long Island situation. I did not think at that time that it would take a million dollars to take care of the folks at Long Island. Since March 14, however, I have made an additional study of the subject and I feel that I know a good deal more about it than I did at that time. From gentlemen in the employ of the City of Boston who know their business, we learn that it will take a much larger amount than the million dollars. I stated in my talk here on March 14:

"I will vote as quickly to help those poor folks down there as anybody, but I don't think that \$1,000,000, that large sum, should be spent down there. I feel that a much less sum would take care of immediate wants, would give them sufficient beds so that they will not have to park them down in the basement."

Since that time I have studied the proposition carefully, and I cannot find that the million dollars will take care of them. Further, it appears that those who are running the finances of this administration are not proposing to move anybody from Long Island at the present time. Personally I would like to see them moved from Long Island to the mainland but, as they are not going to move them, I don't feel personally that I can vote against this million dollars. I personally feel that if my vote is going to help make the people there more comfortable and make their living quarters better, I am going to vote for the million dollars. This administration will not move them, and I don't know about the next administration. I do feel, however, that I should, so far as is possible by my vote, try to make those people as comfortable as they can be made, and I hope, therefore, that the order will pass.

Coun. ARNOLD—Mr. President, I have been very much interested in listening to the arguments pro and con in regard to the improvements at Long Island. The argument that has perhaps interested the Council very much is that of the eloquent gentleman from Dorchester who, if I understand him correctly, would remove all graveyards from this surface of this oblate spheroid, more commonly called the earth, so that nothing sug-

gesting the passing away of us poor mortals might ever be seen again by the human eye. That certainly will not be done until humanity has in toto subscribed to cremation. Of course, that is a position that sentimentalists are very prone to take. If I felt as he does, Mr. President, I could not stand in this hall and gaze out of the windows upon that old, old graveyard called King's Chapel Burying Ground. It has been said by some one that it is better to attend a house of mourning than a house of feasting, and I believe human sentiment will always be enriched by attendance upon those who are suffering. The sick, in my opinion, must always be to a certain degree exiled. Their own physical condition makes it necessary that they should be to a considerable extent exiled. And so, sir, I cannot subscribe to that beautiful sentiment so well expressed in regard to the exile of the sick. As they must, in my opinion, be so exiled, I feel that they are being very finely taken care of in their so-called exile at Long Island. The poor sick who go to Tewksbury are perhaps even more exiled than are those at Long Island, but we have had no such eloquent defence of their terrible situation as we have of the situation of those on Long Island. My opinion has not changed a bit since the matter was last before this body, and I sincerely urge that the Council, Mr. President, pass this appropriation at this time, thereby showing to those who are sick that we have their interests really and sincerely at heart.

Coun. GUILD—Mr. President, I desire simply to add a word to complete the record and to supplement the statement of the councilor from Ward 8 in regard to the item of an additional story for the nurses' home, with regard to which he quoted Mr. Kinney and also referred to what has been said by some of the experts who looked into the matter. He neglected to state that the engineer of the Finance Commission also placed an estimate of about \$100,000 on this item, and it is my opinion that no more disinterested—if not actually hostile—engineer could have been picked to make this investigation.

Coun. WARD—Mr. Chairman, I would like to ask the gentleman from Watertown or Belmont a question if I may.

President HEFFERNAN—The Chair will rule that there is no gentleman here from Watertown or Belmont.

Coun. WARD—I would like to ask the gentleman professionally if he feels that in a chronic case the seashore is better than the country?

Coun. DOWLING—Mr. President, the councilor who occupies the second seat to my left (Coun. Guild) said he wanted to complete the record, and included in his remarks something that was said by the engineer of the Finance Commission. I submit, Mr. President, that there is more involved in this question than appears here this afternoon. I submit that the engineer of the Finance Commission is a gentleman who has held one of the most responsible positions in this city for several years, and with credit, Mr. Guy C. Emerson. Although one may not agree with him in all he says, as representing the Finance Commission, the records of the city prove that he was a competent, capable, efficient engineer in the city's service. I submit that his opinion on this subject is as good as the opinion of Mr. Rourke, who is my personal friend, or of Mr. Charles Norton, of the Schoolhouse Commission, whom I do not happen to know. The latter two are, however, familiar with buildings. Mr. Emerson is also familiar with buildings, and I submit that the records will not be complete and that this Council will not have an opportunity to know some of the arguments connected with this matter, unless the Committee on Finance allows to be read into the record, either by myself or some member of the committee, the report filed by Mr. Emerson. The gentleman on my right (Coun. Keene) intimated that he was going to move that the communication from Mr. Emerson be incorporated in this debate. That, sir, I submit is about as unfair as anything you can imagine. After the vote has been taken and to clear the skirts of the Committee on Finance, the gentleman on my right suggests that it would then be a good time to read into the record what Mr. Emerson has to say! I assume that I have permission to read Mr. Emerson's report. I cannot add any wisdom to what Mr. Emerson says, but I can give you a page out of my own early life to confirm what Mr. Emerson says. In my early life I learned the trade of a carpenter, and for ten years I was steadily employed at it, going through the different grades until I became a foreman and built houses myself. So I feel somewhat intimate and familiar with construction. And it just happens, Mr. President, that about thirty years ago, after I came back from Cuba, I went on to Long Island and helped to build some of the houses

that are now owned by the government there. I have a very vivid recollection of what it cost to build those officers' houses on Long Island. We were lightered down the harbor through the winter, leaving the wharf in the city proper at the usual hour for work, and landing there perhaps two hours afterwards. We would work for an hour, then take a half hour for lunch, then work perhaps an hour more, and prepare to go home. So the labor cost (laughter)—you may laugh, but the labor cost on the building of the officers' houses on Long Island represented an outrageous expenditure of the public money, and I benefited some by it. I am now going to omit a considerable part of Mr. Emerson's comments here, but I will, in part, read what he says:

"It is not improbable that the total of the amount estimated may be, under certain conditions that often arise in municipal work, greatly exceeded. In connection with the matter, I have been requested to give an opinion regarding the increased cost for doing building work on Long Island, as compared with the cost of similar structures on the mainland. This is an exceedingly difficult matter regarding which to make an accurate estimate; as the elements of time, character of materials, sources of supplies and other things greatly affect the matter. It may be assumed roughly that the cost of buildings will be divided between labor and materials approximately in the proportion of 40 per cent for labor to 60 per cent for materials. As regards labor, there must be taken into consideration the cost of transportation and the time lost in transit—he must have known of my early experience there—for which laborers will expect to be paid. These two items would, I believe, increase the cost of labor by approximately 30 per cent. As regards materials, the increased cost is less certain. For example, if lumber were purchased in Boston and shipped to the island, requiring to be rehandled twice, the cost would be greater than if brought directly to the island by water. The same is true of bricks. If a foreign brand of cement is purchased and shipped directly from the Army Stores to the island, it will probably cost no more than if delivered by teams in the city. Sand and gravel would probably be brought directly to the island by water and should be secured more cheaply than in town. The remaining materials, such as doors, windows, roofing material, terra cotta blocks, etc., would have to be shipped from the city, requiring one or more rehandling in addition to the cost of transportation. At a rough estimate an increase of 20 per cent would be warranted on materials. This would make an average increase in cost of approximately 25 per cent over the cost of doing the same work on the mainland." I believe Mr. Emerson has shown that he is a competent engineer. He is familiar with building, much more familiar with it than any man in this Council, and is certainly as familiar with it as Mr. Rourke and Mr. Norton. I submit that his opinion is worth something and, which it may not change the opinion of other members of the Council, and I don't believe it will—and I say this in all fairness to the men who are voting opposite to my views in the matter—his opinion is certainly entitled to a great deal of weight. I think, however, that the cards have been stacked and that the very selection of Mr. Rourke and Mr. Norton, both appointed by the Mayor in connection with this matter, is entirely misleading. I hope the order will not pass.

The order was given its first reading and passage, yeas 15, nays 6:

Yeas—Coun. Arnold, Donovan, Englert, Fitzgerald, Green, Guild, Heffernan, Keene, Lynch, Mahoney, McMahon, Parkman, Ruby, Wilson, Wragg—15.

Nays—Coun. Bush, Dowd, Dowling, Freelcy, McGrath, Ward—6.

Coun. KEENE—Mr. President, I would move that the report of the Finance Commission, including the report of the engineer of the commission, and that the report of the Building Commissioner and the Schoolhouse Commissioner, be made a part of the record.

President HEFFERNAN—That will be done if there is no objection.

Coun. DOWLING—I object, on the grounds that I have stated.

President HEFFERNAN—Coun. Keene moves that the several letters he has referred to in his motion be made a part of the record. Coun. Keene's motion was carried.

The papers referred to are as follows:

City of Boston,
Finance Commission, April 25, 1927.
To the Honorable the Committee on Finance of the City Council.

Gentlemen,—You have requested that the Finance Commission obtain an estimate from its consulting engineer of the expense of the proposed additions and alterations at Long

Island, for which a loan of \$1,000,000 is now pending. Complying with your request I annex hereto a copy of the engineer's report.

No plans for the proposed changes have been prepared. Under these conditions an estimate can show only the probable cost of the kind of building which the estimator has in mind. When final plans are made the estimate of cost might be entirely different.

The engineer of the Finance Commission has estimated the cost of the proposed changes at \$1,220,000. Other expense, however, is likely. For example, the engineer in estimating the power plant has not provided for a basement, and in the case of the addition to the nurses' home he thinks, from his examination of the walls, that when the roof is removed it may be found that substantial additional expense must be incurred for repairs to the original structure. It would appear, therefore, that \$1,000,000 would be only the beginning of the expense to which the city would be committed.

As the position of the Finance Commission on the merits of the loan has already been stated in a former communication to the City Council, no further comment is made on that point. If, however, you contemplate the passage of the pending loan, it is, of course, for you to determine whether it is wise to authorize a loan for the contemplated additions at this time, or whether it would be better to provide funds for making plans, so that accurate estimates of the undertaking may be obtained. When, for example, the School Committee contemplates building construction, it usually makes an appropriation for taking the land and making plans in the first instance and provides the money for constructing the building only after the plans have been made.

Yours very truly,
CHARLES L. CARR,
Chairman.

City of Boston,
Finance Commission, April 22, 1927.
To the Finance Commission.

Gentlemen,—Complying with the instructions of the chairman, I have made such an investigation as conditions would allow regarding the probable cost of making additions to the buildings of the Institutions Department and constructing additional new buildings. I understand that the loan order calling for \$1,000,000 is now pending before the City Council. The work that it is proposed to do and the estimated cost of the same has been given me by the Institutions Commissioner over the telephone and confirmed at a subsequent personal meeting, as follows:

1. Extension to the Almshouse to accommodate 300 patients, a 600,000 cubic foot extension.....	\$330,000
2. Children's hospital, 250 beds (at \$1,700)	425,000
3. Additional story on nurses' home....	100,000
4. New laundry, ground area 55 feet by 90 feet approximately.....	35,000
5. Power plant: 4 new boilers, 72 inches, with mechanical stokers, \$90,000; 2-125 KW generating sets at \$10,000 each, \$20,000.....	110,000
6. Miscellaneous work.....	50,000
Total	\$1,050,000

I have made, in company with the commissioner, an examination of the premises at Long Island and observed the conditions existing.

No plans have been made for any of the structures and except that the buildings are anticipated to be of the same general character as the buildings now existing, no information is obtainable as regards details of construction. The only method for calculating the probable costs is the cubic foot method, by which the cost of the proposed structures may be compared with the cost of buildings that have been already built for similar purposes. Much information regarding the cost of buildings for all purposes has been tabulated and various formulas have been perfected for modifying the costs of a particular period to present conditions, taking into consideration the changes in costs of construction, such as rates of wages and increased cost of materials. Using the above methods I have attempted to make a rough estimate of the cost of the work proposed, as herein previously outlined.

It appears to me extremely doubtful that the amount asked for, \$1,000,000, will be sufficient for the purpose. Unquestionably, work of some character could be obtained for this sum. On the other hand, experience with city work indicates that it is not likely to be of the cheapest or most economical character.

Estimates based upon my own conception of the character of the work and the cost of the same give results approximately as follows:

Almshouse extension.....	\$390,000
Children's hospital.....	500,000
*Additional story on nurses' home....	125,000
†New laundry building.....	45,000
Power plant, as estimated by the commissioner	110,000
Miscellaneous work, as estimated by the commissioner.....	50,000
Total	\$1,220,000

The commissioner's estimate for the children's hospital was made, so I was informed, by experts from the Building and Schoolhouse

*The condition of this building indicates the necessity for a substantial amount of general repairs in the lower stories. No provision for such repairs is contained in this estimate.

†The building estimated for is a single story with the floor resting directly on the earth, with only such excavation as will be necessary to remove loam and furnish drainage. If a basement story is considered advisable, the amount estimated should be substantially increased.

Departments, after consideration of the cost of a hospital recently constructed in a neighboring city. Certain additions were made to the price per bed for this hospital, on account of Long Island conditions, making the estimated price for the proposed hospital \$1,700 per bed.

The cost of a hospital on a per bed basis is a matter regarding which I have been able to obtain very little information. Costs of various hospitals built about the year 1902 indicate a cost from \$1,800 to \$2,300 per bed at that time. As the cost of general building construction has increased more than 100 per cent since 1902, it may be that the cost per bed would far exceed the amount of \$2,000 allowed in my estimate.

It is not improbable that the total of the above estimates may be, under certain conditions that often arise in municipal work, greatly exceeded.

In connection with the matter, I have been requested to give an opinion regarding the increased cost for doing building work on Long Island, as compared with the cost of similar structures at some place on the mainland. This is an exceedingly difficult matter regarding which to make an accurate estimate, as the elements of time, character of materials, sources of supplies, and other things, greatly affect the matter.

It may be assumed roughly that the cost of buildings will be divided between labor and materials approximately in the proportion of forty per cent for labor to sixty per cent for materials.

As regards labor, there must be taken into consideration the cost of transportation and the time lost in transit, for which laborers will expect to be paid. These two items would, I believe, increase the cost of labor by approximately thirty per cent.

As regards materials, the increased cost is less certain. For example, if lumber were purchased in Boston and shipped to the island, requiring to be rehandled twice, the cost would be greater than if brought directly to the island by water. The same is true of bricks. If a foreign brand of cement is purchased and shipped directly from the Army Stores to the island, it would probably cost no more than if delivered by teams in the city. Sand and gravel would probably be brought directly to the island by water and should be secured more cheaply than in town. The remaining materials, such as doors, windows, roofing material, terra cotta blocks, etc., would have to be shipped from the city, requiring one or more rehandling in addition to the cost of transportation. As a rough estimate an increase of 20 per cent would be warranted on materials. This would make an average increase of cost of approximately 25 per cent over the cost of doing the same work on the mainland.

Respectfully submitted,

GUY C. EMERSON,
Consulting Engineer.

City of Boston,
Institutions Department, April 18, 1927.
Mr. Charles G. Keene, City Councilor, Council Chamber.

Dear Sir,—In considering the estimate of the cost of the proposed alterations and extensions at the Long Island Hospital, as estimated by Louis K. Rourke, Esq., and Charles P. Norton, Esq., you will note that no provision has been made for the equipment of

the buildings, and it is necessary in order to cover these items that the sum of \$100,000 be provided.

Very truly yours,
WILLIAM S. KINNEY,
Commissioner.

City of Boston,
Building Commissioner, April 15, 1927.
Hon. Malcolm E. Nichols,
Mayor of Boston.

Dear Sir,—In compliance with your request we visited Long Island on the morning of April 14 to take up the proposed alterations and extensions and the cost of same as submitted by Commissioner Kinney.

1. The extension to the Men's Almshouse will contain approximately 600,000 cubic feet, and our estimated cost of this structure is \$330,000.

2. The construction of a 250-bed Children's Hospital, our estimated cost is \$425,000.

3. A new laundry, 50 by 100, one story in height, our estimated cost is \$35,000.

4. The replacement of four (4) antiquated steam boilers and a proper storage for coal and handling equipment, \$90,000.

5. Two (2) 125 kilowatt dynamos, \$20,000.

6. The repair and an additional story to the Nurses' Home, \$100,000, making a total of \$1,000,000, to which should be added \$50,000 for incidentals, piping, etc.

These figures are for construction only and allow nothing for the equipment of said buildings.

Respectfully yours,
L. K. ROURKE,
Building Commissioner,
CHARLES P. NORTON,
Schoolhouse Commissioner.

REPORTS OF COMMITTEE ON CLAIMS.

Coun. GUILD, for the Committee on Claims, submitted reports, on petitions of Elizabeth J. Smith, 841 La Grange street, West Roxbury, and Luigi Cirone for compensation for loss of fowls killed by dogs, recommending passage of following orders:

Ordered, That there be allowed and paid to Elizabeth J. Smith, 841 La Grange street, West Roxbury, the sum of \$4 in compensation for the loss of two hens killed by a dog or dogs February 16, 1927, said sum to be paid from the income for dog licenses.

Ordered, That there be allowed and paid to Luigi Cirone, 444 Beech street, Roslindale, the sum of \$12 in compensation for the loss of six hens killed by a dog or dogs July 17, 1926, said sums to be paid from the income for dog licenses.

Reports accepted, said orders severally passed.

CONSTRUCTION OF GREYLOCK ROAD.

Coun. DOWLING offered the following:

Ordered, That the Commissioner of Public Works, through his Honor the Mayor, be directed to require that Martino DeMatteo, who has the contract for the construction of Greylock road, Ward 21, reset the edgestones and relay the granolithic sidewalks in that thoroughfare so that the work will conform with the specifications.

Coun. DOWLING—Mr. President, I do not want to take any more time than is necessary to explain the situation out in my ward which warrants the attention of the Superintendent of Public Works in my ward, and I have an interest in the street. Last year, on my order, with the approval of the Council and with the recommendations of the Street Commissioners, and with the further approval of the Mayor, it was voted to lay out Greylock road. The work began in the early summer and it was duplicated in the fall on account of cold weather but after the contractor had set his edgestones and laid his granolithic walks. With the coming of cold weather the edgestones were separated from his sidewalks so that there is a hiatus between the two, and I understand that the contractor expects to fill in with cement in the holes, and leave the sidewalk exactly as it is. The interest I have in there is the interest of my constituents. They are going to pay half the cost of that street, and they are entitled to a decent job. If the contractor took the job a little too low and is not going to make something out of it, that is his fault; if he is going to reset the edgestones at an expense to himself, that is his hunch. This matter of incompetence on the part of contractors came out before the Committee on Unemployment in several ways, and I think the members of the committee should take notice. There is no doubt but that there is a lot of bidding being done by men who do not intend to give the city any kind of service, and I hope the Council will pass this order so that my constituents, who are also my personal friends there, will have a sidewalk

in the street like the city expected them to have and what they expected to pay for, and I hope the order will pass.

The order was passed under suspension of the rule.

LAND IN JAMAICA PLAIN.

Coun. FREELEY offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to consider the advisability of taking, for park purposes, the lot of land on Centre street and Bickford street, Jamaica Plain, adjacent to the Plant Factory and now maintained as a recreation park.

Passed under suspension of the rule.

PIER AT HEAD HOUSE.

Coun. MAHONEY—Offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to provide for the repair of the pier leading from the Head House at South Boston.

Passed under suspension of the rule.

HEARING ON UNEMPLOYMENT CONDITIONS.

Coun. GREEN offered the following:

Whereas, The establishment of the Boston Terminal Market has thrown out of employment some three or four hundred men, and, Whereas, It is reported that 2,000 men will be discharged from the service of the New York, New Haven & Hartford and Boston & Maine Railroads, be it

Ordered, That the Committee on Unemployment of the City Council call a public hearing for the purpose of ascertaining the reasons for these wholesale discharges.

Referred to the Committee on Unemployment.

GENERAL RECONSIDERATION.

On motion of Coun. GREEN general reconsideration of all business passed at the meeting was refused.

Adjourned at 5.05 p. m., on motion of Coun. KEENE, to meet on Monday, May 2, at 2 p. m.

ASSESSMENTS ABATED.

The Mayor has approved the following votes of the Board of Street Commissioners:

In the matter of petition for abatement of assessment of \$50 billed March 31, 1927, to Julia E. Bradford heirs, Lot 206, for a sewer laid in Belgrade avenue and completed August 23, 1892, the Board of Street Commissioners, deeming it just and proper that abatement should be made from said assessment, acting under chapter 359 of the Acts of the year 1896.

Voted, That from so much of said assessment of \$50 to said estate as remains unpaid at this date the sum of \$31.80 be and the same hereby is abated.

In the matter of petition for abatement of assessment of \$50 billed March 31, 1927, to Julia E. Bradford heirs, Lot 205, for a sewer laid in Belgrade avenue and completed August 23, 1892, the Board of Street Commissioners, deeming it just and proper that abatement should be made from said assessment, acting under chapter 359 of the Acts of the year 1896.

Voted, That from so much of said assessment of \$50 to said estate as remains unpaid at this date the sum of \$31.80 be and the same hereby is abated.

In the matter of petition for abatement of assessment of \$50 billed March 31, 1927, to Julia E. Bradford heirs, Lot 204, for a sewer laid in Belgrade avenue and completed August 23, 1892, the Board of Street Commissioners, deeming it just and proper that abatement should be made from said assessment, acting under chapter 359 of the Acts of the year 1896.

Voted, That from so much of said assessment of \$50 to said estate as remains unpaid at this date the sum of \$31.80 be and the same hereby is abated.

MORTALITY REPORT.

For the week ending April 30, 1927:

Population estimated, July, 1927, United States Census estimate, 793,000; number of deaths (stillbirths excluded): Residents, 196; nonresidents, 50; total, 246.

Death rate per 1,000 of population: All deaths, 16.18; nonresidents deducted, 12.89.

Death rate per 1,000 of population: Last week, 16.51; corresponding week last year, 15.64.

Deaths by age periods, sex, etc.: Under one year, 26; one year to five years, inclusive, 14; sixty years and over, 96. Total deaths: Male, 129; female, 117; deaths in hospitals and institutions, 115; deaths of colored, 9.

REPORTABLE DISEASES: CASES AND DEATHS.*

DISEASES.	Cases and Deaths Reported Week Ended April 30, 1927.		Cases and Deaths Reported Week Ended May 1, 1926.

PROCEEDINGS OF CITY COUNCIL.

Monday, May 2, 1927.

Regular meeting of the City Council in the Council Chamber, City Hall, President HEFFERNAN in the chair and all the members present.

JURORS DRAWN.

Jurors were drawn in the manner prescribed by law, as follows:

Twelve additional traverse jurors, Superior Civil Court, Fourth Session, to appear May 9, 1927:

Frederick J. Carroll, Ward 4; Charles A. Gardner, Ward 6; Francis P. Brennan, Ward 13; John E. Garrity, Ward 13; Theodore R. Kelley, Ward 13; Louis C. Marr, Ward 13; Joseph F. Eaton, Ward 14; Joseph B. Forsyth, Ward 18; John J. Quinlan, Ward 18; John L. McInerney, Ward 19; Henry Stone, Ward 19; Waldron G. Lawrence, Ward 21.

Forty traverse jurors, Superior Criminal Court, First Session, to appear June 6, 1927:

Manuel J. Adams, Ward 1; George A. Butler, Ward 1; David S. Donahoe, Ward 1; Edward A. Murphy, Ward 1; John Ambrose Keane, Ward 2; William Russell, Ward 2; John J. Sweeney, Ward 2; Henry Buckley, Ward 3; Parker G. Bullard, Ward 3; Thomas B. Copper, Ward 3; Angelo M. Coshia, Ward 3; John J. Flynn, Ward 3; Michael J. Hogan, Ward 3; Peter Vintre, Ward 3; Leroy T. Gardner, Ward 4; Joseph P. V. Greenan, Ward 5; John J. Sweeney, Ward 6; William J. Rosemond, Ward 7; Andrew J. Dowd, Ward 7; Abel McKenzie, Ward 8; Axel F. Peterson, Ward 8; Daniel J. Sullivan, Ward 8; Clemon E. Jackson, Ward 9; John E. O'Connor, Ward 10; Adolph Otto Moenning, Ward 11; Reddick J. Royster, Ward 12; William G. Cadigan, Ward 14; Louis N. Kaiser, Ward 14; Benjamin H. Robbins, Ward 14; William M. Gilbert, Ward 15; Alexander P. Brown, Ward 17; John H. Quigley, Ward 17; Frank C. Healy, Ward 18; Neil F. Alonahan, Ward 18; Henry R. Engelhardt, Ward 19; Edward A. Anderson, Ward 20; Frank G. Cluff, Ward 20; William A. Liston, Ward 20; Herbert E. Prescott, Ward 21; William Craig, Ward 22.

Fifteen traverse jurors, Superior Criminal Court, Second Session, to appear June 6, 1927:

Nicola Guarino, Ward 1; Thomas Sweeney, Ward 3; Philip Doherty, Ward 4; Howard J. Barnett, Ward 5; Henry C. Everett, Jr., Ward 5; Laurence E. Miller, Ward 5; James T. O'Sullivan, Ward 10; William F. Rooney, Ward 13; Maxwell A. Cohen, Ward 14; Olaf Larson, Ward 14; John B. Mason, Ward 14; Daniel O'Malley, Ward 15;

Leon W. Barritt, Ward 16; Ralph W. Peters, Ward 16; William F. Himmelreich, Ward 22.

Forty traverse jurors, Superior Criminal Court, Third Session, to appear June 6, 1927:

Antonio D. Argenio, Ward 1; John J. Hoar, Ward 1; Joseph L. Mullen, Ward 2; Eugene N. Burnham, Ward 4; Leland W. Pollock, Ward 4; John C. Lane, Ward 5; John J. Martin, Ward 5; James F. Cummings, Ward 6; Ralph L. Smith, Ward 8; Sterling Bagby, Ward 9; Daniel L. Coyne, Ward 9; Edward J. Butler, Ward 10; James Shields, Ward 10; Henry G. Cooper, Ward 11; Melvin J. Atherton, Ward 12; Edward M. Lynch, Ward 12; Joseph R. Melnes, Ward 12; William L. Campion, Ward 14; Thomas J. Garrity, Ward 14; Solomon S. Hopper, Ward 14; Frank Sumner, Ward 14; Mendall Yeretsky, Ward 14; James E. McCarthy, Ward 15; Alexander McGillivray, Ward 15; Michael J. Flynn, Ward 16; John A. Malloon, Ward 16; John J. Riordan, Ward 16; Michael J. Whelan, Ward 16; George H. Frost, Ward 18; Frank E. Frykstrand, Ward 18; Morton P. Whitmore, Ward 18; Joseph A. Hasenfuss, Ward 19; Francis A. Pierce, Ward 19; Harry E. Smith, Ward 19; Harry S. Hoagland, Ward 20; Thomas G. Houghton, Ward 20; Clyde B. Harvey, Ward 21; Richard Murdoch, Ward 21; Henry B. Rising, Ward 21; Joseph Longden, Ward 22.

Twenty-six traverse jurors, Superior Civil Court, First Session, April Sitting, to appear June 6, 1927:

John A. Barry, Ward 1; William L. Humphrey, Ward 1; James Ruggerio, Ward 1; Robert Swadel, Ward 1; Daniel E. Whelton, Ward 3; Christopher A. Burke, Ward 4; Charles M. Curley, Ward 7; John E. Murphy, Ward 7; Peter Reilly, Ward 8; Daniel M. Donovan, Ward 9; James E. Goslin, Ward 9; Cornelius F. Sheehan, Ward 10; Robert T. Armstrong, Ward 11; Patrick J. Connelley, Ward 12; Peter Larsen, Ward 12; Joseph D. McDonald, Ward 13; Louis Davis, Ward 14; Henry S. Dunn, Ward 14; Philip C. Albrecht, Jr., Ward 15; James Hanabury, Ward 15; John W. Leach, Ward 15; George A. Leggett, Ward 16; Francis P. Carroll, Ward 16; William F. Mahoney, Ward 17; Edward Noyes, Ward 18; Thomas W. Branch, Ward 22.

Twenty-six traverse jurors, Superior Civil Court, Second Session, April Sitting, to appear June 6, 1927:

John F. Donovan, Ward 1; Joseph P. Higgins, Ward 1; James F. Scanlon, Ward 2; Mahlon E. Havener, Ward 4; George A. Hayes, Ward 4; William L. Wing, Ward 4; George R. Alley, Ward 5; Henry F. B. Magee, Ward 5; Fred E. Nason, Ward 5; Rufus W. Stimson, Ward 5; John J. Desmond, Ward 6; Bernard F. Fitzgerald, Ward 7; Jeremiah J. Sheehan, Ward 7; Henry Green, Ward 8; Frank J. Keohane, Ward 8; Percy E. Ginn, Ward 11; Patrick A. Moynihan, Ward 13; Dana R.

Small, Ward 15; Daniel F. Collins, Ward 16; Arthur F. Hall, Ward 16; Michael J. Holland, Ward 16; Thomas J. Kennedy, Ward 16; Frank McNamara, Ward 16; J. Edward Jansen, Ward 17; Joseph A. McKenna, Ward 17; Ernest H. Chase, Ward 21.

Twenty-six traverse jurors, Superior Civil Court, Third Session, April Sitting, to appear June 6, 1927:

Thomas F. Early, Ward 2; John A. Kelley, Ward 2; Charles J. Whelan, Ward 3; Edward F. Andrews, Jr., Ward 4; Louis B. Johnson, Ward 6; William V. Maloney, Ward 6; Arthur V. Coughlin, Ward 7; Collins M. Eagon, Ward 8; Philip Kearney, Ward 10; Patrick R. Whalen, Ward 10; Daniel E. Hannaford, Ward 11; Harry L. Nevons, Ward 11; Frederick Young, Ward 11; Albert G. Kenny, Ward 12; John C. Clapp, Jr., Ward 13; Louis Epstein, Ward 14; Fred E. Kalning, Ward 14; Holzer Nickelson, Ward 14; John F. Boyle, Ward 15; William E. Cahill, Ward 15; Frederick E. Clark, Ward 17; Charles Frascar, Ward 18; Alexander J. Dewar, Ward 20; Howard G. Chapin, Ward 21; Robert Y. McIntosh, Ward 21; Joseph M. Hanlon, Ward 22.

Twenty-nine traverse jurors, Superior Civil Court, Fourth Session, April Sitting, to appear June 6, 1927:

Joseph M. Mahoney, Ward 1; Phillip Walsh, Jr., Ward 1; Levi S. Jeffery, Ward 2; Phillip McGowan, Ward 2; Joseph C. Whittier, Ward 2; Richard A. Quilty, Ward 3; Frank E. Newgent, Ward 4; Albert S. Graves, Ward 5; Stanley King, Ward 5; Edward J. Dowlong, Ward 7; John J. McManus, Ward 8; John F. Cass, Ward 10; Matthaas Heiler, Ward 10; Charles A. Rivers, Ward 12; Daniel Apostol, Ward 13; Thomas A. Foley, Ward 14; Alexander C. Fisher, Ward 15; Robert B. Logue, Ward 15; H. Gerard Lydon, Ward 15; John C. Finegan, Ward 16; Sven Magnus N. Johnson, Ward 16; John F. Hessian, Ward 18; John Bunszel, Ward 19; John Hyneman, Ward 19; Edmund O. P. Ihfeldt, Ward 19; Joseph C. White, Ward 19; Francis H. Allen, Ward 20; James R. Haigh, Ward 20; Frank W. Buxton, Ward 21.

Twenty-eight traverse jurors, Superior Civil Court, Fifth Session, April Sitting, to appear June 6, 1927:

William J. Cutcliffe, Ward 1; Charles E. Durgin, Ward 1; James E. Joyce, Ward 1; Michael M. Moran, Ward 1; Michael J. Sullivan, Ward 1; Hamilton McLatchie Galloway, Ward 2; George D. Kane, Ward 3; James A. Clarke, Ward 5; John Sargeant, Ward 5; Eliot Spalding, Ward 5; Robert Annis, Ward 7; John Spillane, Ward 7; Thomas J. Boland, Ward 8; Edward J. FitzGibbon, Ward 8; Daniel P. Hannon, Ward 9; Joseph H. Kelley, Ward 10; Charles Huether, Ward 11; James F. Barry, Ward 12; Patrick H. McCarthy, Ward 12; Philip McLaughlin, Ward 12; Edward H. Yanes, Ward 12; William Miller, Ward 14; George H. Carter, Ward 15; John G. Danner, Ward 18; Martin W. Riley, Ward 18; Dana E. Sargent, Jr., Ward 19; James J. Flaherty, Ward 20; John A. Havey, Ward 20.

Twenty-seven traverse jurors, Superior Civil Court, Sixth Session, April Sitting, to appear June 6, 1927:

James J. Hurley, Ward 1; John L. Melanson, Ward 1; Peter S. DeCosta, Ward 2; James Galloway, Ward 2; William J. Condon, Ward 3; James B. Conley, Ward 3; John M. Coyne, Ward 3; George D. Huckson, Ward 3; Edward A. Smith, Ward 5; Nathan Stillier, Ward 5; Henry R. Madden, Ward 6; Arthur C. Richards, Ward 8; Thomas J. Darcy, Ward 9; Edgar E. Hill, Ward 10; Patrick J. Brady, Ward 11; Henry A. Eichorn, Ward 14; Max Rubin, Ward 14; John Y. Smith, Ward 16; Patrick B. Cronin, Ward 17; John W. Ellsworth, Ward 17; George M. Powers, Ward 17; Thomas A. Connolly, Ward 18; Albert A. Allendorff, Ward 19; William J. Crisp, Ward 20; Edmund C. Campbell, Ward 21; Edwin F. Ripley, Ward 21; John J. Seufert, Ward 21.

Twenty-five traverse jurors, Superior Civil Court, Seventh Session, April Sitting, to appear June 6, 1927:

Daniel C. Clague, Ward 1; Thomas L. Murray, Ward 1; James M. Gallagher, Ward 2; George F. Marden, Jr., Ward 3; Daniel P. Shedd, Ward 4; James F. Halpin, Ward 6; Jeremiah F. O'Connell, Ward 6; Timothy J. Hurley, Ward 7; William W. Dunn, Ward 9; Arthur G. Graham, Ward 9; Frank A. McLeod, Ward 10; Edward L. Callahan, Ward 12; James H. Gorman, Ward 12; Samuel E. Horton, Ward 12; Joseph H. Tarpley, Jr., Ward 12; Patrick J. Mahoney, Ward 13; Ralph A. Plunkett, Ward 14; Lazarus Wingersky, Ward 14; Arthur B. Fitzmaurice, Ward 15; Austin F. O'Brien, Jr., Ward 15; Ellsworth Marshall, Ward 17; Charles L. Alden, Jr., Ward 18; Wallace A. Buntin, Ward 18; Glover J. Tolland, Ward 18.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council the Mayor submitted appointments for the term ending April 30, 1928, as follows:

Constables: Leslie P. Mann, 1293 Commonwealth avenue, Ward 21; Albert J. Honsy, 83 Oak street, Ward 3; James H. Waugh, 24 Willis street, Ward 13.

Weighers of Coal: John F. Corrigan, 11 Nott street, Hyde Park, Joseph L. Corrigan, 11 Nott street, Hyde Park, James E. Sheridan, 15 Gordon avenue, Hyde Park, with T. H. Corrigan & Sons, Hyde Park; W. H. Hubbard, 48 Quincy street, Roxbury, Joseph L. Sullivan, 37 Fairbanks street, Brighton, Edward J. Sullivan, 9 Harvard avenue, Dorchester, with Metropolitan Coal Company, Boston; Michael J. O'Haire, 32 Hall street, Jamaica Plain, with Whittemore Sons; Emory W. Sweet, 68 Overlook road, West Roxbury, with Boston Consolidated Gas Company; S. J. Rubin, 24 Ralston road, Mattapan.

Weighers of Goods: Daniel J. MacKay, 16 Payson street, Revere, with Davis & Hough, Inc., Boston; Edward Dodds, 15 Wrentham street, Dorchester, with Corn Products Sales Company; John H. Hagerty, 129 Hudson street, Somerville; S. Dexter Hedge, 289 Medford street, Charlestown.

Weigher of Beef and Weigher of Goods: Walter Anderson, 11 Dexter street, Medford, with Brighton Stock Yards Company.

Severally laid over under the law.

RESIGNATION OF CONSTABLE.

The following was received:

City of Boston,
Office of the Mayor, May 2, 1927.
Hon. James Donovan, City Clerk, City Hall, Boston, Mass.

Dear Sir,—Crescenzo DeSimone of 394 Meridian street, East Boston, has this day resigned as a constable of the City of Boston.

Very truly yours,
MALCOLM E. NICHOLS, Mayor.

Placed on file.

ASHLAND STREET BRIDGE.

The following was received:

City of Boston,
Office of the Mayor, April 25, 1927.
To the Honorable the City Council.

Gentlemen,—I have received from the Commissioner of Public Works a letter hereto appended, in which he states that the widening and construction of Ashland street, West Roxbury, authorized by last year's Legislature and upon which the Street Commissioners are about to pass an order, will involve the widening and rebuilding of the bridge over the tracks of the New York, New Haven & Hartford Railroad Company. Before this work can be done it will be necessary to petition the Department of Public Utilities for its decision as to the necessity of the alteration or alterations contemplated in compliance with the request contained in the commissioner's letter.

I therefore recommend the passage of the accompanying order.

Respectfully yours,
MALCOLM E. NICHOLS, Mayor.

City of Boston,
Public Works Department, March 29, 1927.
To the Honorable the Mayor.

The widening and construction of Ashland street, West Roxbury, authorized by last year's Legislature, and upon which the Street Commissioners are about to pass an order, will involve the widening and rebuilding of the bridge over the tracks of the New York, New Haven & Hartford Railroad.

So as to comply with the legal forms necessary in the widening of bridges, I respectfully recommend that you ask the City Council to petition the Department of Public Utilities for a decision as to the necessity for widening this bridge.

Yours respectfully,
J. H. SULLIVAN,
Commissioner of Public Works.

Whereas, Ashland street, a public way in the West Roxbury district in the City of Boston, crosses the tracks of the New York, New Haven & Hartford Railroad by an overhead bridge commonly known as the Ashland Street Bridge; and

Whereas, We are of the opinion that it is necessary for the security and convenience of the public that an alteration be made which does not involve the abolition of the crossing at grade but which does require the widening and rebuilding of said overhead bridge and its approaches:

Ordered, That the Corporation Counsel in the name and behalf of the City Council apply to the Department of Public Utilities for its decision upon the necessity of such alteration or alterations, and for prescribing the manner and limits within which it shall be made; and if the decision of the Department of Public Utilities is that an alteration or alterations is necessary, that the Corporation Counsel take such legal proceedings as are necessary to have such decision carried into effect in compliance with sections 59 to 64, both inclusive, of chapter 159 of the General Laws of Massachusetts, 1921, or any additions or amendments thereto.

Referred to the Executive Committee.

COPIES OF CITY RECORD.

The following was received:

City of Boston,
Office of the Mayor, April 22, 1927.
To the City Council.

Gentlemen,—I transmit herewith a communication from the Statistics Department in reply to your order of April 11, 1927, in relation to furnishing each member of the City Council with a bound copy of the *City Record* for the year 1926.

Yours respectfully,
MALCOLM E. NICHOLS, Mayor.

City of Boston,
Statistics Department, April 18, 1927.
Hon. Malcolm E. Nichols,
Mayor of Boston.

Dear Sir,—I beg to inform you of the receipt of your communication relative to City Council order passed on April 11, 1927, and requesting the Statistics Department to furnish each member of the City Council with a bound copy of the *City Record* for the year 1926.

It is not possible for the Statistics Department, or the City Record office, to furnish these bound volumes, as many numbers have been completely sold out and our files are incomplete.

The demand for copies of the *City Record* varies; some weeks many copies are unsold; other weeks issues are entirely sold out, and it is impossible to reprint these missing copies.

The same condition is true for 1927, as several numbers are even now out of print.

I would suggest that the *City Record* be requested to furnish binding folders so each member of the Council may preserve, for himself, the copies being mailed him weekly.

Respectfully,
JAMES P. BALFE, Chairman.

Placed on file.

HOURS OF NURSES, CITY HOSPITAL.

The following was received:

City of Boston,
Office of the Mayor, April 25, 1927.
To the City Council.

Gentlemen,—I transmit herewith a communication from the Boston City Hospital in reply to your order of April 11, 1927, in relation to duty of nurses.

Respectfully yours,
MALCOLM E. NICHOLS, Mayor.

City of Boston,
Hospital Department, April 20, 1927.
Hon. Malcolm E. Nichols,
Mayor of Boston.

Dear Mr. Mayor,—The recent order of the City Council, "That the Board of Trustees of the Boston City Hospital be requested, through his Honor the Mayor, to provide for the relief from duty for sixteen hours out of twenty-four, of nurses employed at the Boston City Hospital," was presented at the last meeting of the Board of Trustees, and on behalf of the trustees I assure you that the matter will be given very careful consideration by the Board.

Yours respectfully,
JOSEPH P. MANNING,
President, Board of Trustees.

Placed on file.

BLEACHERS, COLUMBUS PARK.

The following was received:

City of Boston,
Office of the Mayor, April 25, 1927.
To the City Council.

Gentlemen,—I transmit herewith a communication from the Park Department in reply to your order of April 11, 1927, in relation to the erection of concrete bleachers at Columbus Park, South Boston.

Respectfully yours,
MALCOLM E. NICHOLS, Mayor.

City of Boston,
Park Department, April 21, 1927.
Hon. Malcolm E. Nichols,
Mayor of Boston.

Dear Sir,—I have your memorandum of April 14, with inclosure, order of the City Council, that the Park Commission be requested, through his Honor the Mayor, to provide for the erection of concrete bleachers with a seating capacity of 2,000 at Columbus Park, South Boston.

In reply I desire to say that the studies made for the completion of the Columbus Park improvements include the erection of bleachers at the upper end of the park near Columbus Circle. No improvements can be made in Columbus Park at the present time, owing to the fact that the Supreme Court has the question of Columbus Park improvements under consideration.

In the event that it is advisable to erect these bleachers, they will cost in the vicinity of \$24,000 or \$12 a seat. This money will have to be provided for as the department has no available funds for this purpose.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

FLAGPOLE, MCCONNELL PARK.

The following was received:

City of Boston,
Office of the Mayor, April 25, 1927.
To the City Council.

Gentlemen,—I transmit herewith a communication from the Park Department in reply to your order of April 11, 1927, in relation to the erection of a flagpole in McConnell Park, Dorchester.

Respectfully yours,
MALCOLM E. NICHOLS, Mayor.

City of Boston,

Park Department, April 21, 1927.
Hon. Malcolm E. Nichols,
Mayor of Boston.

Dear Sir,—I have your memorandum of April 14, with inclosure, order from the City Council, that the Park Commission be requested, through his Honor the Mayor, to erect a flagpole in McConnell Park, Dorchester.

In reply I desire to say that the erection of a flagpole in McConnell Park will cost in the vicinity of \$1,000. This money has not been provided for in the budget and before same can be erected this amount must be made available to the Park Department.

Very respectfully yours,

WILLIAM P. LONG, Chairman.

Placed on file.

BLEACHERS, MCCONNELL PARK.

The following was received:

City of Boston,
Office of the Mayor, April 25, 1927.
To the City Council.

Gentlemen,—I transmit herewith a communication from the Park Department in reply to your order of April 11, 1927, in relation to the erection of concrete bleachers on McConnell Park, Dorchester.

Respectfully yours,
MALCOLM E. NICHOLS, Mayor.

City of Boston,

Park Department, April 21, 1927.
Hon. Malcolm E. Nichols,
Mayor of Boston.

Dear Sir,—I have your memorandum of April 14, with inclosure, order from the City Council, that the Park Commission be requested, through his Honor the Mayor, to provide for the erection of concrete bleachers with a seating capacity of 2,000 on McConnell Park, Dorchester.

In reply I desire to say that, owing to the fact that the playground is on made land and soundings have been made to a depth of 43 feet before hard pan was reached, it would be a very expensive proposition to erect concrete bleachers on this area.

I regret exceedingly we have no funds available for this purpose and I estimate that it will cost between \$12 and \$15 a seat for any bleachers that would have to be erected. An appropriation of \$25,000 to \$30,000 would be necessary for this improvement.

Very respectfully yours,

WILLIAM P. LONG, Chairman.

Placed on file.

CHARLESTOWN IMPROVEMENTS.

The following was received:

City of Boston,
Office of the Mayor, April 24, 1927.
To the City Council.

Gentlemen,—I transmit herewith a communication from the Park Department in reply to your order of April 11, 1927, in relation to a concrete handball court at the Sullivan Square Playground, the Charlestown Heights Park improvements, the erection of a locker building on the Barry Playground and the enlargement of the Emmons Playground.

Very respectfully yours,
MALCOLM E. NICHOLS, Mayor.

City of Boston,

Park Department, April 21, 1927.
Hon. Malcolm E. Nichols,
Mayor of Boston.

Dear Sir,—I have your memorandum of April 14, with inclosure, order from the City Council, that the Park Commission be requested, through his Honor the Mayor:

1. To provide for the erection of a concrete handball court at the Sullivan Square Playground.

In reply I regret exceedingly to inform you that at the present time there is a wooden handball court there and the department has no funds available for the erection of a concrete one.

2. That the park at Charlestown Heights be placed in a suitable condition and that improvements be made and showers installed in the building located thereon.

In reply I desire to say that the park will be placed in a suitable condition, in fact improvements are being made there at the present time by the departmental employees. The condition of the building will not allow of the installation of any showers. It is not large enough to take care of the needs of the department at the present time.

3. That a locker building be erected on the Barry Playground and that the Emmons Playground be enlarged.

In reply I desire to say that it will require an appropriation of \$40,000 to build a suitable locker building to care for this playground. The department has no funds available for this purpose at the present time.

Relative to the Emmons Playground I desire to say it will be necessary for the Board of Street Commissioners to take by right of eminent domain the property between the playground and Austin street, the assessed valuation of which is in the vicinity of \$45,000.

Very respectfully yours,

WILLIAM P. LONG, Chairman.

Placed on file.

LOCKER BUILDING, FATHER BUCKLEY PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, April 25, 1927.
To the City Council.

Gentlemen,—I transmit herewith a communication from the Park Department in reply to your order of April 11, 1927, in relation to construction of a locker building and convenience station on the Father Buckley Playground, Third street, South Boston.

Very respectfully,

MALCOLM E. NICHOLS, Mayor.

City of Boston,

Park Department, April 21, 1927.
Hon. Malcolm E. Nichols,
Mayor of Boston.

Dear Sir,—I have your memorandum of April 14, with inclosure, order from the City Council, that the Park Commission be requested, through his Honor the Mayor, to provide for the construction of a locker building and convenience station on the Father Buckley Playground, Third street, South Boston.

In reply, I would say that I regret exceedingly the department has no funds available for this purpose. A suitable locker building will cost \$12,000. It is not advisable to include a convenience station on any playground building connected with the Park Department.

Very respectfully yours,

WILLIAM P. LONG, Chairman.

Placed on file.

STANLEY A. RINGER PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, April 25, 1927.
To the City Council.

Gentlemen,—I transmit herewith a communication from the Park Department in reply to your order of April 11, 1927, in relation to fence on Stanley A. Ringer Playground.

Respectfully yours,

MALCOLM E. NICHOLS, Mayor.

City of Boston,

Park Department, April 21, 1927.
Hon. Malcolm E. Nichols,
Mayor of Boston.

Dear Sir,—I have your memorandum of April 14, with inclosure, order from the City Council, that the Park Commission be requested, through his Honor the Mayor, to provide and erect a suitable fence on the northerly side of the Stanley A. Ringer Playground, Ward 21.

In reply I desire to say that the Park Department will be pleased to erect a fence as far as its appropriation will allow it on this property to protect the property owners—a fence approximately 300 feet.

Very respectfully yours,

WILLIAM P. LONG, Chairman.

Placed on file.

WIDENING OF CHARLESTOWN STREETS.

The following was received:

City of Boston,
Office of the Mayor, April 22, 1927.
To the City Council.

Gentlemen,—I transmit herewith a report from the City Planning Board in reply to your order of March 28, 1927, in relation to widening of streets in vicinity of Rutherford avenue and Chapman street, and Austin and Main streets, Charlestown.

Yours respectfully,

MALCOLM E. NICHOLS, Mayor.

City of Boston,

City Planning Board, April 13, 1927.
Hon. Malcolm E. Nichols,
Mayor of Boston.

Dear Sir,—In compliance with the foregoing order passed by the City Council at its meeting March 28, 1927, the City Planning Board respectfully submits the following report with regard to the advisability of widening streets in the vicinity of Rutherford avenue and Chapman street, and in the vicinity of Austin and Main streets, Charlestown, with a view to relieving traffic conditions.

It is a fact that there is an unusually large volume of traffic at each of these points and at each point also the present street layout serves to emphasize the inconvenience and actual danger which would ordinarily exist.

Chapman street leads directly from Rutherford avenue across Prison Point Bridge, and connections to the commercial and industrial sections of Cambridge, between Lechmere and Kendall squares, and to Memorial Drive and the Charles River road beyond, intersecting the various bridges over the Charles river. This means that it is the natural outlet for an immense volume of commercial traffic and pleasure vehicles from Boston, Cambridge and other communities on the west and south to Rutherford avenue, Charlestown, Chelsea, Somerville and points beyond.

A portion of this traffic will doubtless use the new Northern Artery, and the situation will be accordingly relieved to a certain extent; but it is probably perfectly safe—and safer—to assume that new traffic will develop to such an extent that the Chapman street route will continue to be used to its full capacity.

Rutherford avenue at its intersection with Chapman street is approximately 50 feet wide on the northerly side and 60 feet wide on the southerly side. This irregularity, together with the grade on Chapman street and the left-hand turn which is permitted into Rutherford avenue at a right angle, combine to confuse and complicate traffic materially at this point.

An obvious measure of correction would appear to be afforded by the cutting back of the southwesterly corner of Rutherford avenue and Chapman street, but at the present time this property is occupied by brick tenement houses owned by the Commonwealth and used for homes for prison officers. While it might be possible to secure the co-operation of the Commonwealth in the matter, the City Planning Board questions the wisdom of expending any money at this time as a temporary measure of relief which might not readily conform to a final plan for the solution of the entire difficulty.

Studies have been made by the Division of Metropolitan Planning for the widening of Rutherford avenue at an expense of approximately \$1,000,000. For the most part, the widening was made on the northeasterly side, and also provided for a rounding off of the Commonwealth property at the corner of Rutherford avenue and Chapman street. In the meantime, the freight yards of the Boston & Maine have been transferred from Rutherford avenue to the Cambridge-Somerville yards, and the widening of Rutherford avenue on the southwesterly side might possibly be effected through co-operation with the Boston & Maine Railroad by setting back of buildings as a different type of use develops.

Conditions at the corner of Austin and Main streets are much the same in a general way. The large number of horse-drawn and motor vehicles and the street-car lines passing through Thompson square, the elevated station with its entrance and exit stairways and surface platform, together with the traffic already referred to from Rutherford avenue and Prison Point Bridge, result in a congestion which is already beyond the reach of one-way street or other remedial regulation.

The City Planning Board has already given considerable study to conditions at this point and has taken up with the Boston Elevated Railway the possible relocation of Thompson Square station, accompanied by the rearrangement of the surface platform and entrance and exit stairways so as to permit of a freer circulation of traffic in the vicinity but the estimated cost for carrying out such a plan was considered prohibitive.

Until recently a comparatively inexpensive opportunity existed for the cutting back of the southwest corner of Main and Austin streets, but the construction of a three-story brick building at this point stands in the way of any such recommendation at this time.

The City Planning Board has under way at the present time, under the direction of Mr. Robert Whitten of New York, a major street plan for the City of Boston. After giving the matter considerable thought, the Board has come to the conclusion that it would be the part of wisdom to delay making any recommendation for the relief of conditions at these two locations in Charlestown until a complete plan is available. The Board hopes that the plan now in preparation under the direction of Mr. Whitten will assume definite proportions, and to a certain extent, final shape, before the end of the present year. It is therefore disposed to recommend delay in the matters now under discussion in order that the solution eventually recommended may be in conformity with the final plan which will be based upon an intensive study of street and transportation conditions not only in the Charlestown district but throughout the entire city.

With the permission of your Honor, therefore, and that of the City Council, the City Planning Board, with a full appreciation of the seriousness of the situation toward the relief of which the City Council Order is directed, begs to refrain from making any definite recommendation in the matter at this time.

Yours very truly,

FREDERIC H. FAY, Chairman.

Placed on file.

LIGHTS ON FATHER BUCKLEY PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, May 2, 1927.
To the City Council.

Gentlemen,—I transmit herewith communications from the Park and Public Works Departments

in reply to your order of January 17, 1927, in relation to the installation of the two arc lights on the Father Buckley Playground on West Third street, South Boston.

Respectfully yours,
MALCOLM E. NICHOLS, Mayor.

City of Boston,
Park Department, January 20, 1927.
Mrs. I. Hibbard, Assistant Secretary,
Mayor's Office.

Dear Madam,—I have your memorandum of January 19 with enclosure, order from the City Council that the Park Commission be requested to install two arc lights on the Father Buckley Playground on West Third street, South Boston.

In reply I desire to say that this playground is approximately 280 feet long and 100 feet wide and contains about 28,000 square feet. I would recommend that the arc lights be located on West Third street just in front of the playground which will illuminate it very well.

I would suggest that the matter be referred to the Public Works Department, Street Lighting, with the request that they install the lights on West Third street, opposite the playground, as same would be much more satisfactory than locating the lights on the playground—would be cheaper and more practical and would illuminate the entire area.

Very truly yours,
W. P. LONG, Chairman.

City of Boston,
Public Works Department, April 27, 1927.
To the Honorable the Mayor.

I return order of the City Council, requesting the installation of two arc lamps on the Father Buckley Playground, West Third street, South Boston, together with letter from Mr. W. P. Long, chairman of the Park Department.

In accordance with the recommendation of the Park Department that the lamps be located on the sidewalk, instead of on the playground itself, we have issued the necessary order to the Edison Company. The lamps will be put into commission as soon as possible.

Yours very truly,
J. H. SULLIVAN,
Commissioner of Public Works.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and severally referred to the committees named, viz.:

Claims.

Teresa J. Anderson, for compensation for clothing destroyed in sterilizer at City Hospital.

Bernard J. Arntz, for refund on refuse tickets.

Frank J. Beck, for compensation for damage to automobile caused by an alleged defect at 381 Ashmont street.

Charlestown Gas and Electric Company, for compensation for damage to pole at Monument court, caused by city truck.

George J. Connor, for refund on victualler's license.

D. DeStefano Company, Inc., for compensation for injuries to horse caused by defective sewer inlet at Cross and North streets.

Jewell A. Dowling, for compensation for damage to property at corner of Commonwealth avenue and Harvard street, caused by city truck.

Dorothy Bukelow, for compensation for damage to clothing by fire hose.

A. J. Fassitt, for compensation for damage to automobile caused by being struck by city wagon No. 850.

Fisher-Webster Company, for compensation for damage to property at Faneuil Hall Market, caused by defective water system.

Bernard Gottlieb, for compensation for injuries caused by an alleged defect at 922 Canterbury street.

Grove Hall Fruit Market, for refund on refuse tickets.

Augustus Howard, for refund on victualler's license.

Charles H. Johnson, for compensation for damage to property at 4 Marble street, Roxbury, caused by city truck.

Lillian Kelly, for compensation for injuries caused by an alleged defect at 22 Cedar street, Roxbury.

Pasqualina LaMarca, for compensation for injuries received on ferryboat.

Josephine L. Libby, for compensation for damage to clothing caused by an alleged defect in common on Tremont street side.

John G. Marshall, for refund on refuse tickets.

A. J. Mitchell, for compensation for damage to automobile by city truck.

Mary A. Mitchell, for compensation for damage to clothing by fire hose.

Anthony Pilato, for compensation for injuries received on ferryboat.

Dorothy Pilato, for compensation for injuries received on ferryboat.

Mrs. Mary Ploof, for compensation for loss of articles taken from 76 Gold street, South Boston, by ashmen.

Ralph Rossi, for compensation for injuries received on ferryboat.

C. M. Ryder Company, Inc., for compensation for damage to stock at Faneuil Hall Market, caused by defective water system.

Antonetta Signora, for compensation for injuries caused by an alleged defect at 11 Salem street.

Joseph E. Townsend, for compensation for damage to automobile commandeered by policeman.

John E. Walsh, for compensation for injuries caused by an alleged defect at West Cedar and Cambridge streets.

Julia M. Wiley, for compensation for damage to shabby at 157 Kilsyth road, caused by street cleaners.

Executive.

Petitions for children under fifteen years of age to appear at places of public amusement, viz.:

Bessie Ferguson, Jordan Hall, May 10.

Gertrude Murphy, Municipal Building, South Boston, May 27.

Gertrude Dolan DePetro, Jordan Hall, May 11-17.

Mrs. W. S. Butler, Mechanics Building, May 7.

Alice M. Sullivan, Odd Fellows Hall, May 5.

Dorothy Smith, Whiton Hall, May 20.

SIDEWALK ASSESSMENTS.

A communication was received from the Commissioner of Public Works submitting cost of constructing edgestone and artificial stone sidewalks on Parkman street, Ward 16, amounting to \$3,298.14, half of said cost to be assessed on owners of record of estates bordering thereon, together with the following order:

Ordered, That the persons named in the foregoing schedule be and the same are hereby assessed the sum set against their names as their proportionate parts of the cost of constructing sidewalks and edgestones in front of their estates bordering on Parkman street, both sides; from Dorchester avenue to Adams street, Ward 16, and the same is ordered to be certified and notice given to the persons as aforesaid.

Passed under suspension of the rule.

APPOINTMENT OF TRUSTEE, STATISTICS DEPARTMENT.

Notice was received of the appointment by the Mayor of Edward G. Graves, 388 Meridian street, East Boston, to position of trustee of Statistics Department.

Placed on file.

APPOINTMENT OF LIBRARY TRUSTEE.

Notice was received of the appointment by the Mayor of Rev. Arthur T. Connolly, 365 Centre street, Jamaica Plain, to position of trustee of the Boston Public Library.

Placed on file.

APPROVAL OF CONSTABLE'S BOND.

The constable's bond of Philip C. Wolff, having been duly approved by the City Treasurer, was received and approved.

STORAGE AND SALE OF GASOLINE.

Notice was received from the Street Laying-Out Department of hearings on petitions for storage and sale of gasoline on Monday, May 16, viz.:

Joseph Corinan, 915 Washington street, Ward 7, 2,000 gallons.

Emma Sampson, 303 Freeport street, Ward 16, 1,000 gallons.

Referred to the Executive Committee.

MINORS' LICENSES.

President HEFFERNAN submitted report recommending granting of licenses to twenty-seven newsboys and seven vendors. Licenses granted on usual conditions.

MORTON STREET IMPROVEMENT.

President HEFFERNAN called up, under unfinished business, No. 2 on the calendar, viz.:

2. Ordered, That under authority of chapter 325 of the Acts of 1925 the sum of \$100,000 be and hereby is appropriated to be expended by the Board of Street Commissioners for Morton Street Improvement, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the City of Boston to said amount, the same to be issued outside the limit of indebtedness.

On April 18, 1927, the foregoing order was read once and passed, yeas 16, nays 0.

The order was given its second and final reading and passage, yeas 19, nays 0.

EQUIPPING NURSES' HOME.

President HEFFERNAN called up, under unfinished business, No. 3 on the calendar, viz.:

3. Ordered, That the sum of \$40,000 be and hereby is appropriated to be expended by the trustees of the Boston City Hospital for Nurses' Home, Furnishing and Equipping, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

On April 18, 1927, the foregoing order was read once and passed, yeas 16, nays 0.

The order was given its second reading and passage, yeas 19, nays 0.

SIDEWALK ON WILLOWWOOD STREET.

Coun. RUBY offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Willowwood street, both sides, from Woodrow avenue to Norfolk street, Ward 14, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from from 5 to 12 feet in width, and to be built of granolithic with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

HOMEOPATHIC HOSPITAL BUILDINGS.

Coun. WILSON offered the following:

Ordered, That the Institutions Commissioner, through his Honor the Mayor, be and he hereby is respectfully requested to investigate and report to the City Council with reference to the availability and possible purchase price by the City of Boston of the Homeopathic Hospital buildings for use of same by the chronic sick.

Coun. WILSON—Mr. President, on Monday, March 14, action was taken by this Council after some hours of debate, with reference to the Long Island proposition. From the reports we received, neither the Finance Commission nor the Mayor of Boston were in favor of abandoning the almshouse and hospital at Long Island; both the Finance Commission and the Mayor of Boston held out hopes of later addition or substitution of a chronic hospital on the mainland. If that is so, what more proper spot could there be for such a chronic hospital than the buildings of the Homeopathic Hospital, near the City Hospital, which buildings I understand are now on the market for sale.

The order was passed under suspension of the rule.

PRICES TO BE CHARGED AT PARK CONCESSIONS.

Coun. McGRATH offered the following:

Ordered, That the Park Department be requested, through his Honor the Mayor, to include in the requirements which must be observed by the successful bidders for refreshment and other concessions in the parks of the City of Boston, a stipulation that all articles shall be sold at the prevailing price charged throughout the city for similar merchandise.

Coun. McGRATH—Mr. President, I introduce this order at this time because of the fact that they will be soon letting the concessions on the various parks and playgrounds of Boston, and it does seem too bad, when we spend so much money on maintaining the parks for the pleasure of the people, that certain individuals obtaining concessions in connection with the parks, should endeavor to derive benefits to a degree beyond which they are entitled, by charging practically any prices they want for hot dogs, ice cream and various things that people desire in the way of refreshment. So I believe in the future the Park Department should not allow such people to take advantage of the citizens, but should compel them to charge the same prices that are charged by competitors on the outside.

The order was passed under suspension of the rule.

PAVING OF WALNUT PARK ROAD.

Coun. ENGLETT offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving Walnut Park road, Ward 11.

Passed under suspension of the rule.

SHOWER BATHS AT AQUARIUM.

Coun. MAHONEY offered the following:

Ordered, That the Park Department be requested, through his Honor the Mayor, to repair the shower baths at the Aquarium, South Boston.

Coun. McGRATH—Mr. President, will the gentleman who introduced that order in regard to shower baths at the Aquarium explain it? (Laughter.)

Coun. MAHONEY—Mr. President, in answer to the councilor from Dorchester I would simply say that this is for the benefit of the tennis players

there. They have been using the shower baths at the Aquarium all the season, and they are now in very poor condition.

The order was passed under suspension of the rule.

REPAVING OF THIRD STREET.

Coun. MAHONEY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth pavement Third street, from B street to Dorchester street, Ward 6.

Passed under suspension of the rule.

QUARTERS FOR THOMAS J. FITZGERALD POST.

Coun. MAHONEY offered the following:

Ordered, That the Fire Commissioner be requested, through his Honor the Mayor, to provide permanent quarters for Thomas J. Fitzgerald Post, Veterans of Foreign War, in the building owned by the Fire Department at Dorchester and Fourth streets, South Boston, and now used as a place for storage.

Passed under suspension of the rule.

REPAVING LINDEN STREET.

Coun. DOWLING offered the following:

Ordered, That the Commissioner of Public Works, through his Honor the Mayor, be requested to repave Linden street, Ward 21, from Cambridge street to Brighton avenue.

Passed under suspension of the rule.

RECESS.

The Council voted, on motion of Coun. PARKMAN, at 2.56 p. m., to take a recess subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by President HEFFERNAN at 3.37 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. GILBODY, for the Executive Committee, submitted reports as follows:

1. Report on petitions (referred today) for children under fifteen years of age to appear at places of public amusement, viz.: Bessie Ferguson, Jordan Hall, May 10; Gertrude Murphy, Municipal Building, South Boston, May 27; Gertrude Dolan DePetro, Jordan Hall, May 11-17; Mrs. W. S. Butler, Mechanics Building, May 7; Alice M. Sullivan, Odd Fellows Hall, May 5; Dorothy Smith, Whiton Hall, May 20, that leave be granted under usual conditions.

Report accepted; permits granted on usual conditions.

2. Report on constables appointed for the term of one year, beginning May 1, 1927 (referred April 11),—that the list of names here submitted be approved as constables and the remaining names be laid on the table.

The list is as follows:

Julius Ansel, Ralph J. Banks, Daniel J. Barry, Ernest M. Bellows, David Belson, Joseph W. Bennett, Carl Birger Berg, Theodore R. Bernson, George W. Bloomberg, George A. Borofski, Thomas F. Brett, Charles B. Broad, George W. Brooker, James L. Brooks, Warren A. Brown, Louis Budd, Henry P. Burns, Sherman H. Calderwood, Atlantic Campagna, James A. Canton, Daniel B. Carmody, Thomas C. Carr, William S. Casey, Morris Chalfin, Hyman Charney, William K. Coburn, William F. Cogan, Louis Cohen, Denis J. Collins, William A. Colluppy, Arthur E. Connor, William S. Cooper, Albert A. Cosby, Charles Cunio, James T. Curran, James B. Cushing, Joseph P. Cutter, August P. D'Arcy, William Davis, Thomas J. Donnellon, Joseph F. Downey, George G. Drew, Charles W. Duran, Louis Ebb, Frank R. Farrell, Thomas Fee, Michael J. Field, Daniel G. Finnerty, Thomas Freedman, Harris Friedberg, Gerald W. Garten, Paul R. Gast, George L. Gilbert, James W. Gilmore, Maurice J. Glick, Louis Goldberg, Samuel Goldkand, Samuel Goldmeier, Samuel Goldsmith, Joseph M. Goode, Edmund C. Brady, John S. Grady, Joseph Granara, Sears H. Grant, Salvatore Grassa, George W. Green, Harry Greenbaum, William C. Gregory, Joseph Guttentag, Joseph S. Halbert, Charles F. Hale, St. Clair E. Hale, John F. Halligan, James P. Hayes, John D. Hayes, John H. Howard, Jacob Isgur, Walter Isidor, Charles H. Jackson, Walter E. Jackson, Max Jacobs, David Kaplan, James Kaplan, David Keller, Francis E. Kelly, Joseph F. Kelly, William H. Kenney, Thomas J. Killian, Thomas H. King, Thomas E. Kittredge, Clarence H. Knowlton, Bronis Kontrim, Mark H. Krafur, Abraham Krinsky, William J. Lally, Martin J. Leggett, John J. Levy, Antonio Longarini, Joseph G. Luke, William J. MacDonald, Salvatore Maffei, Bernard H. Magee, Samuel Mandelstam, John C. McCluskey, William E. McIlvane, Anthony D. McMann, John A. McMeniham, John B. Mikalauskas, William P. Miles, John J. Miller, Patrick J. Monahan, John J. Moriarty, Andrew W. Murphy, Joseph M. Murphy, Elmer S.

Nyman, Michael W. Ober, Daniel W. O'Brien, James E. O'Brien, James F. O'Donnell, Michael O'Donnell, George F. Oliver, Joseph J. O'Mara, Jefferson H. Parker, Phillip S. Phillips, Leland C. Pierce, Benjamin F. Powell, James A. Quinn, George A. Ramacorti, Robert Reid, Davis Reinherz, Bartholomew F. Roach, Joseph H. Ryan, Philip Saklad, Robert E. Scott, Barnet Serkin, Samuel Shain, Frank Shaw, Sidney J. Sheinfeld, Joseph P. Silsby, Abraham Singer, Edward F. Slager, Henry J. D. Small, George C. Souther, Arthur J. Sullivan, Jerome Suvalle, Bernard A. Swaney, Benjamin J. Tackeff, Walter R. Tarbett, Joseph H. Tirrell, Francis J. Tobin, Joseph Todisco, Joseph M. Torr, Jeremiah A. Twomey, Aber Uckerman, Sidney A. Vinton, Adolph Vogel, John J. Walsh, Charles F. Weinberg, Abraham I. Weiss, Richard W. Whipple, Thomas F. Womboldt, Hugh Wylie, Maurice Zecman.

The report of the committee was accepted.

Coun. WILSON—Mr. President, the subcommittee appointed to report for proper action the proposed confirmation of the list of 205 constables of the City of Boston reappointed by the Mayor as authorized to serve civil process upon filing of bonds for the year commencing May 1, 1927, reports as follows:

Notice to appear before the committee at 3.15 p. m. on April 28 having been mailed each constable your committee sat on that afternoon and at a public hearing considered the names of each constable separately. Of the 205 listed, 39 failed to answer their names, 152 answered and no objection to appointment was raised, and 24 constables were challenged.

Your committee thereupon heard all complaints severally in executive session, and adjourned until 10 a. m. Friday, April 29, to offer a full and fair opportunity for each of the 24 challenged officers severally to respond in person to any charges made. Hearings were concluded Friday afternoon. Many charges and criticisms directed against some of the officers appeared of doubtful merit; in other cases it has been considered advisable not to report favorably at the present time. Of the 205 names listed on the attached list your committee therefor recommends confirmation of the 163 names not marked; a majority of your committee recommends that the 42 marked names be laid on the table at this time.

Your committee, as was naturally anticipated, of course found a large majority of our constables courteous, well qualified and experienced,—men rightly depended upon to serve civil process as officers of the law with all due regard for the individual rights of the citizens of our city under the law. But the wisdom of reliance upon certain other constables properly to exercise the duties of the office may well be questioned.

The committee feels that the list of constables should not be passed annually in any purely perfunctory manner, but rather that the real interest of the public suggests the advisability of some examination into the personal qualifications of these public officials, or at least a well-defined opportunity for the citizens of the city annually to lay before this body any merited complaints against such constables as may appear clearly to have abused the power of their office.

It appears that the public at large is not cognizant of its right to complain at any time to the office of the Mayor with reference to an unfit constable, and therefore the annual confirmation of the Mayor's reappointments is a convenient and appropriate time periodically to take stock.

It is the earnest belief of certain members of your committee that a more general restriction in the number of constables for the City of Boston, and more stringent requirements for appointment, would enure not only to the welfare of the general public but prove of distinct benefit to the scores of experienced and competent constables who are admittedly a credit to their office.

Of distinct advantage also might be the early passage of a legislative act increasing the size of civil writs which may be served by constables from \$300, as at present, to \$500. In other words the City of Boston, and its officials, would both benefit by qualifying fewer and more competent constables but with increased responsibility.

Finally, your committee recommends that it be not discharged at this time but that it may be permitted further to consider the 42 names not reported for confirmation at this time, as well as such other and further constable appointments as may be made during the balance of 1927, subject to confirmation by this Council.

Committee, Coun. McMahon, McGrath, Ruby, Ward, Wilson.

The question came on confirmation of the names reported.

Coun. WARD—Mr. President, I would like to have three of the names voted back favorably by the committee voted on separately, if we are going to vote on the entire list. There are three names on the list that I do not wish to vote for at this time. I am perfectly willing to vote for the rest.

President HEFFERNAN—What are the names?

Coun. WARD—Harry Greenbaum, Jacob Isgur and William S. Cooper.

On motion of Coun. WARD, the three names just referred to were excepted, and the question came on confirmation of the others. President HEFFERNAN appointed as a committee to receive, sort and count ballots Coun. Englert and Ruby.

Coun. WILSON—Mr. President, as chairman of the Committee on Constables, I would state that the name of William S. Cooper was held up, and that the objection was afterwards withdrawn. I now understand that Coun. Ward wishes the name still held up. That being the case, I would like to have additional information.

President HEFFERNAN—The Chair would say that we are voting on the other names. If there is no objection, we will now proceed to the question of confirmation on the names as reported, with the three just referred to to be acted upon separately. When those names come up for action, the Council can do as it wishes.

(The committee proceeded to collect, sort and count ballots, and the names of constables as reported by the committee, with the exception of Harry Greenbaum, Jacob Isgur and William S. Cooper were confirmed, yeas 18, nays 0.)

President HEFFERNAN—The question now comes on the confirmation of the other three names—Harry Greenbaum, Jacob Isgur and William S. Cooper.

Coun. RUBY—Mr. President, with reference to those three names, I understood that one of those names, the name of Mr. Cooper, was held up in committee. With reference to the names of Greenbaum and Isgur, certain objections were made to both of those men, jointly. It seems that one of the constables was assisting another in the performance of his duty. This particular complaint was heard by the committee on Thursday afternoon and Friday morning, and the two constables themselves put in an appearance and explained their end of the matter. In consequence of their explanation, the two constables were acted upon favorably by the committee, after listening to the complaint, and after hearing a man, whose name I don't think it is necessary to mention at this time, who came in and said that he had been a party to this particular transaction, not speaking from the side of the constables themselves, and that he felt that the constables had acted in a decent manner and should not be held up at this time. I think the committee gave particular attention to this case, and it was only after a careful investigation that the two men were passed upon favorably with the rest. I do not feel that at this time those two men, who have acted as constables in previous years, should be held up. I believe that in fairness I should make this statement at this time with reference to the name of Isgur. Some months ago, he, acting properly and within his rights on an execution, went to the home of a very dear friend of mine at half past six in the morning and placed this man under arrest on a legitimate proposition. I was communicated with at the time. I called at the home of this fellow, who is a man with a wife and family, and asked the constable to release the man and that I would agree to have him in court at 11 o'clock that morning, knowing as he did and as I did that when the man was released he was released, and I had never seen the constable before. But when I introduced myself to him, he said, "All right, I will let this fellow go on your word that he will be there at 11 o'clock." I had the man in court at 11 o'clock that morning, as per agreement. And when Coun. McMahon, if I may use his name, asked this constable in the committee room if he would do the same thing if a request were made by any member of the City Council, under the circumstances, he said, "Yes, I would take the word of any councilor of the City of Boston and do the same thing for that councilor as I did for Coun. Ruby." I simply mention this to show the calibre of the man upon whose name we are now going to vote. I think both of those men convinced the committee, after investigation, that they were acting within their rights, and I hope the members of the Council will vote to confirm the appointment of those two constables.

President HEFFERNAN—The question is on the confirmation of the appointments. The Chair will appoint Coun. Donovan and Dowling a committee to receive, sort and count ballots on confirmation of the appointment of Greenbaum, Isgur and Cooper.

The committee performed the duty assigned and reported as follows:

Whole number of ballots 19; necessary for confirmation, 10; yeas 14, nays 5, and the appointments of Harry Greenbaum, Jacob Isgur and William S. Cooper were confirmed.

Coun. WILSON—Mr. President, I understand that there are quite a few constables waiting to see whether they are to be confirmed or not, having the question of the filing of bonds, and so on, to consider, and for that reason, I think it would be well to have the names of the forty-two who are being held up at the present time read. All the others whose names are not mentioned, are confirmed.

City Clerk Donovan read the names of the forty-two referred to, as follows:

A—Carleton N. Baker, H—Aleck Berg, A—Morris Berkman, A—Jacob Berman, T—John H. Brady, A—Thomas A. Brannely, A—John M. Brennan, H—John J. Buckley, A—Eugene F. Canney, T—Thomas Cannizzaro, H—Matthew W. Chait, A—Nathaniel M. Clark, A—Barney DeLuca, A—Crescenzo Desimone, A—Paul V. Dicicco, A—Saverio Didonato, A—John E. Dowling, A—William L. Frost, A—Reny Goduti, A—Hugh F. Kiernan, A—William H. Kivlan, A—William J. Lally, of Old South Building, A—John F. Laundry, T—Barnet Levenbaum, A—Calvin E. A. MacKenzie, A—John D. Maguire,

A—Edward J. McTiernan, A—Edward F. Murphy, A—William F. O'Connell, A—John A. Packard, H—Corrado Palladino, A—Frank J. Penney, A—Howard W. Pinn, A—George M. Potter, R—Maurice Rosenberg, A—James P. Rosenfield, A—Herbert D. Sawyer, A—Benjamin Schnetzer, T—Roman J. Vasil, A—Arthur W. Wade, H—Albert V. Walton, T—John F. Welch.

President HEFFERNAN—The question comes on laying the names just read on the table.

Coun. McMAHON—Mr. President, I notice the name here of Maurice Rosenberg. I understand that he has already resigned.

President HEFFERNAN—Well, inasmuch as we have no official notice of that, I suppose whatever action we take here will stand.

Coun. WARD—Mr. President, the statement just made by Coun. McMahon suggests the possible position that some of these members may be put in. Here they are, all being treated alike, although the action taken in holding these names up, I understand, is taken for different reasons. Some are men whom some of us feel should be rejected as not fit for duty, not fit to be constables, but some, I understand, are held up for entirely different reasons. Some of them, for instance, did not appear before the committee, perhaps from inability to do so or from some other cause. It does not necessarily reflect on them, and no doubt a number of men in this list are perfectly competent and proper men to attend to the duties of constables. But the fact remains that these names have gone to the press, and it holds all of them up, as being in the undesirable class. I simply say this for the benefit of the press.

Coun. FITZGERALD—Mr. President, I was going to say the same thing as the councilor who has just spoken. I think the committee has taken very wrong action, having that particular thing in view, action that is very unfair to some of these constables. I really think the whole thing should be stricken from the record. Some of these men did not appear, some of them probably being unable to come before the committee at the time, and to set this thing before the public in this way is unfair to many of them. People will have a wrong impression. Such things frequently ruin a man's reputation.

President HEFFERNAN—The Chair will simply state that, from the report of the committee, it is understood that the names of these men are laid on the table either because of complaints or because they have not appeared in person. They are not rejected. They will be acted upon at some future date by the Council, and no doubt many of them will be confirmed.

Coun. WILSON—Mr. President, to allay the conscientious scruples of the councilor from Ward 3, I have no objection to reading what appears—

Coun. FITZGERALD—Mr. President, one moment.

President HEFFERNAN—For what purpose does the gentleman rise?

Coun. FITZGERALD—Mr. President, I think the remarks of the councilor are uncalled for. One of these men in whom I am interested, simply because he lives in my ward and I feel that a very great injustice is being done to him in this matter, is Hugh F. Kiernan. Mr. President, there has been a whole lot of funny work done in this committee. A number of people who had grievances went before the committee, the thing was taken up in a one-sided way, some of these men were not able at the time to come in and explain things, and this is now sprung upon us here in a way that casts a very serious reflection on some worthy men. A lot of people with axes to grind, in my opinion, went before the committee—in my opinion, no lawyers should have been on the committee, any way.

Coun. WILSON—Mr. President, do I understand that the gentleman from Ward 3 has completed his interruption to my remarks?

President HEFFERNAN—I cannot answer for the gentleman from Ward 3. I will simply say that the question is on laying these names on the table, and that that question is not subject to debate. Questions of information are in order, but no debate.

Coun. WILSON—Mr. President, I was about to say something which will probably clear up certain phases of this matter. I was about to say before I was interrupted that against each of the names read by the Clerk is an initial. "A" means "Absent," and accordingly not even heard; "R" means "Resigned," and "T" and "H" mean "Tabled" or "Held" for further investigation and for further enlightenment. I was about to say, before interrupted, so that there might be no misunderstanding, that the names of those tabled or held are Aleck Berg, John H. Brady, John J. Buckley, Thomas Camizzaro, Matthew W. Chait, Barnet Levenbaum, Corrado Palladino, Roman J. Vasil, Albert V. Walton and John F. Welch.

President HEFFERNAN—The question comes on laying on the table.

Coun. FITZGERALD—Mr. President, that explanation had not been made when the names were read off. I simply rise here in justice to some of these men, some of whom did not appear, for some reason or other, which had not been stated. You know, a wrong impression goes forth from the publication of names in this way in the newspapers and men are subjected to a lot of criticism. We all know how men in public life are wrongly quoted in the newspapers, things being said about them and things being inferred that

are not so. One of these men just happens to live in my ward. I did not know until recently that he lived there, but I have known him, and known him by reputation. Several persons of prominence, judges, men holding high office, eminent citizens of the community, have asked me to intercede for him. Of course, I was not at the hearing. I don't know whether the charges brought against him there are true or not. But certainly, it is very strange that men high up in this city, financially and otherwise, attorneys and men of high standing, occupying important positions in the community, should appear in the interest of this man, if he is not all right. I do know that a committee of this sort should not be dominated by lawyers. We all know that a great many lawyers take cases that they should not take, and many men cause writs to be served on innocent people when they see the opportunity to get the almighty dollar, and when that sort of thing is done we can all understand how unjust criticism may be brought against the men serving the writ. I have observed that it is always the lawyers who start the trouble on the constables, not the laymen, but eminent gentlemen at the bar. I don't think the gentleman from Dorchester was within his rights when he got up and talked in the sarcastic manner that he did. We all know a good deal about members of the bar. They are the ones who are criticized more than anybody else, who have to face serious charges. We have all heard for a good many years about the exorbitant fees that they charge. They don't hesitate to take any and every kind of a case, and then they come in and get these constables to serve papers, and the constables are blamed. I, for one, believe that there are too many constables, but they all have their friends, and many on the list here have held the position for a number of years. I am not greatly interested in any individual names here, but, as I say, there is this young man whose name has been read off, who lives on the same street that I do, and I feel very strongly that in this case an injustice is being done by the action we are taking, having these names placed before the public in this way, without any proper explanation. There are always two sides to every story, and when you have a young man of that sort, in whose behalf many of the big and honored men in the community, men elected by the people and appointed to high positions by the Governor of the Commonwealth in the past, vote, it makes you realize the injustice that is being done to this young man and no doubt is being done to many others by this procedure. Of course, we know that in many cases people don't pay their bills and don't take very kindly to methods which will make them pay their bills. There are people who have never owned a dollar, who don't have any property, who are not responsible, and who are always trying to dodge and evade. We all know of people who want to beat others, if they can, and when an attempt is made to bring them to account, somebody has to do the work. Perhaps you may have listened to some constituent of yours who thought he was wrongly dealt with by a constable, but you hear nothing about the landlord, the man who sold him goods and who is simply trying to get his money for them. You simply hear the complaints made about the constable who served the writ, and in many cases you have heard nothing else. You have simply listened to some constituent who thinks he has a little grievance. I don't care personally what you do, but I am simply speaking in the interest of one young man in the section that I represent. You have all had your favorites, your friends, whom you have been trying to please, and you have tried to take care of them. I have not favored the procedure that has been carried on from the first. I was not interested in having secret hearings, but wished to have public hearings. I believe where charges of this sort are made against men they should be given the fullest opportunity to meet them and to remove any possible stigma that may be attached to their method of conducting their business. But there has been funny work here, there have been lawyers with axes to grind, there has been much in the deliberations of this committee that I don't think should have occurred, and I feel that I would be false to my duty if I did not arise at this time and make this statement. I am speaking particularly for this man who lives in the ward where I happen to live, the ward I represent, because, after all, what I have heard shows that other representatives in this Council are interested in the people who live in their wards and are influenced by the position they have taken. So, in justice to this man, I am making this appeal. When the name of this young man was read off here, I didn't want it to go into the newspapers in that way, that his name was held up. I would not want the people of my district to say that I sat here idly while his name was read off as one who was to be held up or rejected.

Several members addressed the Chair.

President HEFFERNAN—The Chair will rule that, the question simply being on laying on the table, it is not subject to debate. Considerable leeway has been allowed to the last two speakers. If a gentleman rises for information, that is one thing, but the question is not subject to debate.

Coun. McGRATH—Mr. President, I rise to a question of personal privilege.

President HEFFERNAN—The gentleman will state his question of personal privilege.

Coun. McGRATH—Mr. President, I wish to say a word, as a member of the committee. Some-

thing has been said about the committee, and I feel that it is proper under the circumstances that I should rise to a question of personal privilege and say a word for the committee.

President HEFFERNAN—The gentleman will proceed, if there is no objection.

Coun. McGRATH—Mr. President, I am not an attorney and I can, therefore, speak as one who is pure in answer to what the gentleman from Ward 3 has just said. (Laughter.) I think he will agree with me that the name of the man to whom he has just referred appears down toward the end of the list, the man about whom he is aroused. All I will say about that man is this, that I had nobody come to me in his interest, nor anybody opposed to him, but it was the attitude of the man in that room that settled the question in my mind. I have never sat on a committee while I have been a member of the Council that worked so diligently as did this committee in the matter of the investigation of constables. They gave two hearings, one in the afternoon, and the next the next forenoon, at ten o'clock, hearing the cases until after six o'clock. We questioned every man who came before us, and any man who had a complaint to make, listening to the complaint. But, in regard to the man from the gentleman's district, it was his attitude before the committee that led me to vote to table him. When one member of the Council asked a question, he accused the member of being interested, insulting the committee, and saying to the man who asked him a question, "I will get you," and then repeating the threat. I said to that man, "You are not here showing the proper spirit. If that is the spirit you show when you are serving a writ, you are not the type of man who should go into any place, into any home, for any such purpose." I will say here that I am opposed to the majority of the constables in the city, and if I continue to be member of the Council I will vote to cut down the number of men now on the list, if I have an opportunity to do so, because I feel that there are abuses and I feel that there is a great hardship to many people because of the way in which they work. Many of them working for credit clothing houses or furniture houses, go to homes and collect money which they have no authority to collect. No man who uses undue intimidation towards women folks, who goes in and threatens people with false arrest, should be allowed to continue on the staff of constables, and I say that many of the men, men who were under charges, came here in a threatening way, showed a threatening manner. When we sent the City Messenger out to inform certain men to come in, he would be told by some of the men gathered there that they didn't care to be bothered by this sort of thing, didn't care to wait around. I said in such cases that they needn't wait any longer, if they didn't wish, that they could continue with other business but not as constables, as far as I was concerned. In regard to the man referred to, whose name has not been mentioned, and I do not mention it now, I don't think he is a fit man to be on the constables' staff. He came in and insulted the chairman and didn't care anything about any complaints that might be made. When he was asked if he wouldn't like to hear them he said "No, I am not interested in the matter. I don't want to talk to you. There is only one decent fellow sitting in the room, and he is not a member of the Council," and then he turned around and told a member of the Council twice that he would "get him." I certainly thought the man was not qualified to have my sanction to go out and arrest people in this city. I simply say that most of these constables are on probation and I say to any constables who may be within the hearing of my voice, guard yourselves, because if I am in this body again, I will be in this Council against any constables that I feel are lax in their duty, and it is my conviction that the list should be considerably thinned out.

Coun. RUBY—Mr. President, I will ask the indulgence of the members of the Council for a moment, if I may do so as a member of the committee and also a member of the legal profession, to say a word or two in answer to the accusation of the councilor from Ward 3 (Coun. Fitzgerald).

President HEFFERNAN—Coun. Ruby asks unanimous consent. Is there objection?

Coun. FITZGERALD—Mr. President, I object. The Council voted to put the list of names of constables referred to on the table.

Coun. RUBY—Mr. President, I rise to a question of personal privilege.

President HEFFERNAN—The gentleman will kindly state the question of personal privilege.

Coun. RUBY—Mr. President, I would like to state to members of the Council just a word pertaining to some of the duties of members of the City Council.

President HEFFERNAN—Coun. Ruby asks unanimous consent to make a statement. If there is no objection, Coun. Ruby will proceed.

Coun. RUBY—Mr. President, I am not disturbed by what my good friend, the councilor from Ward 3 (Coun. Fitzgerald), has said with reference to the question of the constables upon whom we have acted this afternoon. I say "my good friend" because I think we understand each other. But I do think it is unnecessary for any of us to get disturbed unduly about the matter that he has brought up. It is true, however, that this committee, honestly, conscientiously and fairly tried to do their work, and has received criticism at the hands of my good friend, the councilor from Ward 3. In this connection I might say that Coun.

Bush and myself—if I may use Coun. Bush's name—were the only two members of this body who voted against the method which the Council decided to follow with reference to constables of the City of Boston this year. When the question of the investigation of the constables was presented at the last meeting, Coun. Bush and Ruby were the only two men who stood on the floor of this Council and voted against this method in investigation, and if the councillor from Ward 3 (Coun. Fitzgerald) was here on that day he must necessarily have voted in favor of this method of investigation. Having done that, if he had taken the pains to go into the hearing room on Thursday afternoon and Friday morning and listen to the proceedings with reference to these men who, after all, are citizens of this city and are responsible to us, would have heard complaints of some of the most dastardly actions made against some of the constables who have been held up this afternoon. You have not heard some of the complaints that we heard. The councillor speaks of lawyers holding up people, but we heard of cases where it was claimed that for bills of \$12 or \$13 poor unfortunates were held up by constables and had to pay \$60 and \$70 on the bill, through unscrupulous constables who were engaged, without even the assistance of these so-called unscrupulous lawyers that he speaks of. I believe no councillor in this body should take it upon himself to stand up here as the councillor has and attack the legal, medical or any other profession in any such manner as we have heard lawyers attacked here this afternoon. It is unfair to us who happen to be members of the legal profession. I, for one, don't feel that I have to offer any apology to the councillor from Ward 3 for the business I am engaged in. I have been engaged in that line of business for thirteen years, and I feel that I may take some personal pride in the way that I have conducted myself in it. I hold no brief for the profession, but it is an honorable profession, and I think it needs no apology from its members in this body or in any other place. As a member of the legal profession, I will simply answer for myself as well as I can. I think it is unfair of the councillor to make the statement he did. In the first place, I don't think that he was referring at all to the constable to whom the councillor from Ward 13 (Coun. McGrath) referred. He was referring to a young chap for whom I have the highest regard, not at all the constable who has been referred to here as insulting the committee. I know the young man who has been referred to as well as the councillor from Ward 3 knows him, and in my opinion he is one who will act properly and with ability as a constable of the City of Boston. I will say, however, entirely apart from the individual merits of different constables, if the councillor from Ward 3 was opposed to this kind of investigation by a subcommittee it was his duty to vote as I did and as Coun. Bush did a week ago, against this method of investigation.

3. Report on message of Mayor and order (referred today) relative to alterations of Ashland Street Bridge—that the order ought to pass.

Report accepted; said order passed.

COMMITTEE ON JITNEY LICENSES.

Coun. WARD, for the Committee on Jitneys, submitted reports as follows:

1. Report on petition of Boston Elevated Railway Company to operate motor vehicles between Mattapan station and the junction of Hyde Park avenue and Ashland street via Mattapan square, Oakland street, Ashland street, Canterbury street, and Hyde Park avenue, returning via Ashland street, Oakland street and Mattapan square—that same ought to pass.

Coun. DOWD—Mr. President, I would like to ask the chairman of the committee whether the route proposed for the buses is over streets on which the Elevated Railway still maintains tracks and whether, if there are now tracks there, they are to be abandoned?

Coun. WARD—Mr. President, the chairman of the Committee on Jitneys cannot answer that question, because it is not my district. Probably the gentleman from Hyde Park can answer the question better than I can.

Coun. WRAGG—Mr. President, I was very much surprised to find that the committee reported favorably on that matter without first calling the councillor from the district in to the hearing. With last year's committee it was always the custom of the chairman to invite the councillor from the district involved to be heard. I am opposed to this permission in its present form, because on Oakland street at the present time there are tracks which I understand the Elevated intends to tear up when Ashland street is reconstructed. There is in circulation at the present time a petition of citizens along the line that the tracks be left there and that the buses be not put on. So I am going to ask that this matter be laid on the table.

Coun. GILBODY—Mr. President, I have a chip on my shoulder now.

President HEFFERNAN—For what purpose does the gentleman rise?

Coun. GILBODY—In connection with the original report of the committee.

President HEFFERNAN—The question is on laying the matter on the table, and that is not debatable.

Coun. GILBODY—Mr. President, I rise to a question of personal privilege.

President HEFFERNAN—The gentleman will state his question of personal privilege.

Coun. GILBODY—An attack has been made on the Committee on Jitneys, and I desire to make a statement.

President HEFFERNAN—The gentleman asks unanimous consent to make a statement. If there is no objection, the gentleman may proceed.

Coun. GILBODY—Mr. President, as a member of the Committee on Jitneys I desire to say that I inquired and understood that the gentleman concerned, in whose ward the lines were being granted, was in accord with the petition. Otherwise, I certainly, as a member of the committee, would not have voted in favor of the report.

It was voted to lay the report on the table.

2. Report on petition of Boston Elevated Railway Company to operate motor vehicles between Park square and the North Station via Charles, Leverett and Causeway streets, returning via Portland, Traverse, Merrimac, Lowell, Brighton, Leverett and Charles streets—that same ought to pass.

Coun. WILSON—Mr. President, with reference to the petition of the Elevated to be allowed to run jitney buses from the North Station to Park square, I personally am very much opposed to the granting of any petition. It seems to me a waste of money to use that jitney line to supplant the subway system on which we have spent millions of dollars, which runs practically directly from the North Station to Boylston street. It seems to me if anybody wishes to take that trip he should use the route upon which we have expended an enormous amount of money, a route which properly should be used for just that purpose. Then, anybody living in the vicinity of Charles street can walk a few hundred yards and take a surface car line. It seems to me an unusual thing for the Boston Elevated to request that it be allowed to put a jitney line on this particular route, not only because it is supplementing and paralleling the subway system but because it is adding congestion to our already congested streets in the center of the city. If the Boston Elevated has any money to spend, I would prefer to see it spent in the outlying districts, such as West Roxbury and Dorchester, where in places they do not have a choice between subway and jitney lines, and where there are not facilities already afforded to go from one point to another.

On motion of Coun. GUILD the report was laid on the table.

GENERAL RECONSIDERATION.

On motion of Coun. FITZGERALD, a general reconsideration of all action taken today was refused.

Adjourned, at 1.20 p. m., on motion of Coun. BUSH, to meet on Monday, May 9, at 2 p. m.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

NURSES, MAY 13, 1927.

This examination will include school nurses (excluding Boston school nurses), health nurses, visiting nurses, etc., and will be held for the service of all cities and of such towns in the state as are classified under civil service.

The examination for nurses who are registered by the Board of Registration of Nurses, Department of Civil Service and Registration, will consist of the following subjects and weights: Training and experience, 4; the mark on file with the Division of Registration, 3; personality and fitness as determined by an oral interview, 3; total, 10.

The date given above is not the actual examination date, but the date on or before which application blanks must be filed.

Applicants will be notified later of the oral interview.

The examination for nurses who are not registered will be as follows: Training and experience, 4; written examination, 3; personality and fitness as determined by an oral interview, 3; total, 10.

Applicants will be required to obtain a mark of at least 65 per cent in training and experience in order to become eligible.

Physical fitness to be determined by physical examination.

Since registered nurses will go on the list ahead of nonregistered nurses, applicants should state in their applications whether or not they are applying as registered nurses.

Applicants who are not registered must be graduates of a hospital or similar institution giving a course of instruction in nursing of at least two years in length or must have equivalent training.

ASSISTANT TO STATE ACTUARY, DEPARTMENT OF BANKING AND INSURANCE, SAVINGS BANK LIFE INSURANCE DIVISION, MAY 14, 1927.

Requisition is for a male, but the examination is open to both males and females.

The salary is \$1,920 per year. Applicants must be not more than thirty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application.

Applicants must be graduates of a college or university of recognized standing.

The duties of this position are to assist the State Actuary in the performance of the duties prescribed in section 15 of chapter 178 of the General Laws, and to perform such other duties as shall from time to time be prescribed by the Deputy Commissioner of Savings Banks Life Insurance. Applicants should have a thorough knowledge of mathematics, and, if possible, should have a practical knowledge of actuarial work and life insurance theory as applied in the computation of premiums and reserves, surrender and loan values, and in the preparation of the annual statements and gain and loss exhibits of insurance companies, and have practical experience in bookkeeping and accounting.

The subjects of examination with their respective weights will be as follows: Training and experience, 4; practical questions, 3; personality and fitness as determined by an oral interview, 3; total, 10.

Applicants will be required to obtain a mark of at least 50 per cent in practical questions and at least 65 per cent in experience, the oral interview, and in general average in order to become eligible.

Successful applicants will be required to file a certificate, satisfactory to the commissioners, as to their physical fitness for the position.

ALTITUDES IN BOSTON.

(1) Highest, Custom House tower, 510.71 feet, i. e., top of finial above mean low water (same as "City base") or 495 feet from surface of street; (2) Bellevue Hill, West Roxbury, 376.3 feet to top of new reservoir, or about 320 feet to top of hill (3); Bunker Hill Monument, 307.84 feet, or top of Breed's Hill, Charlestown, at base of monument, 86.44 feet; (4) Slocum Hill, near Allandale street, Jamaica Plain, about 300 feet; (5) High Fort Observatory, Highland Park, Roxbury, 291 feet, on top of hill at base of tower, 158 feet; (6) Revolution Memorial Monument, Telegraph Hill, South Boston, 270 feet, or top of hill at base of monument, 145 feet; (7) State House, top of dome, 261 feet; (8) Hill between Poplar and Dale streets, West Roxbury, near Hyde Park boundary line, about 258 feet; (9) Peters Hill, Arnold Arboretum, 237 feet; (10) Fairmount Hill, Hyde Park, about 220 feet. Beacon Hill, now 107.89 feet (i. e., at corner Mt. Vernon and Joy streets), was originally about as high as the base of the State House dome.

CITY OF BOSTON.
TRANSIT DEPARTMENT.

PROPOSALS FOR LONG-LEAF YELLOW PINE
LUMBER.

The Transit Department of the City of Boston, 1 Beacon street, seventh floor, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for furnishing and delivering, transportation prepaid, at Geneva avenue and Greeley street, near Fields Corner, Dorchester, Mass., 113,000 feet board measure of long-leaf yellow pine lumber. If the bid is accepted a bond of an approved surety company will be required for the faithful performance of the contract in the sum of \$1,000. Proposals should be filled out and signed by the bidder on forms to be obtained at this office, inclosed in an envelope, sealed, indorsed "Proposal for Yellow Pine Lumber," and left at the above address before 12 o'clock noon on Tuesday, May 17, 1927, at which time and place they will be publicly opened and read. A properly certified check in the sum of one thousand (1,000) dollars, payable to the city, should accompany this proposal. The check shall become the property of the city if the contract, within the time prescribed after the date of the notification by the department of the acceptance of the proposal and the readiness of the contract for signature, is not executed by the bidder. Proposals must be made in duplicate. The sealed duplicate, without check, is to be deposited by the bidder with the City Auditor, Room 20, City Hall, previous to the time named for opening the proposals. Specifications and forms of contract can be obtained at this office.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

(May 7.) A. D. ADAIR,
Acting Secretary.

CITY OF BOSTON.
PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN WEST
BORDER ROAD, WEST ROXBURY PARKWAY,
NEW PARK AVENUE, LASSELL STREET, AND
SEDGWICK STREET, WEST ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in West Border road, West Roxbury Parkway, New Park avenue, Lasell street, and Sedgwick street, West Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of eighty-two hundred (8,200) dollars, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in West Border Road, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Friday, May 20, 1927, with a certified check for nine hundred (900) dollars, payable to and to become the property of the city, if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

(May 7.) JAMES H. SULLIVAN,
Commissioner of Public Works.

NOTICE OF LAND-TAKING.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON, May 5, 1927.

Ordered, That due notice be given that this Board is of the opinion that public necessity requires the taking of land and buildings, bounded by Hull street, Copp's Hill Burial Ground, Pormort School (land of the City of Boston) and Snelling place, Boston proper district, for school purposes, substantially as shown on a plan on file in the office of this Board, that it intends to pass an order to make said taking, and that it appoints 12 o'clock m. of May 24, 1927, and the office of this Board as the time and place for a public hearing in the matter.

A true copy of an order passed by said Board on said day.

Attest: JOSEPH F. SULLIVAN,
(May 7-14.) Secretary.

CITY OF BOSTON.
PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR FURNISHING AND INSTALLING BOILERS, ETC., ON FERRYBOAT "JOHN H. SULLIVAN."

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for furnishing and installing boilers, etc., on ferryboat "John H. Sullivan." A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of twenty-five thousand (25,000) dollars, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Ferryboat 'John H. Sullivan,'" and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Thursday, May 26, 1927, with a certified check for twenty-five hundred (2,500) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JAMES H. SULLIVAN,
Commissioner of Public Works.
(May 7.)

CITY OF BOSTON.
PARK DEPARTMENT.

PUBLIC AUCTION.

By order of the Park Department, I will sell at public auction, on Wednesday, May 11, 1927, at 2 p. m., in the Franklin Park Yard, a lot of iron junk, estimated at about thirty tons.

At 2.30 p. m. I will sell at Mt. Hope Cemetery, on Walk Hill street, a lot of iron junk, estimated at about fifteen tons.

Terms cash at time and place of sale. Further particulars from auctioneer.

ROBERT T. FOWLER,
Municipal Auctioneer,
702 Centre Street, Jamaica Plain.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 19.

SATURDAY, MAY 14, 1927.

No. 20

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, May 16, at 2 p. m.

A regular meeting of the School Committee of the City of Boston will be held in the Administration Building, 15 Beacon street, on Monday, May 16, at 6.30 o'clock p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, ROOM 401, CITY HALL ANNEX, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped areas for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the regulation of street traffic; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE COMMISSIONER OF PUBLIC WORKS, ROOM 511, CITY HALL ANNEX, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, ROOM 1107, CITY HALL ANNEX, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issu-

ance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts; also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE SCHOOLHOUSE COMMISSIONERS, Room 1007, City Hall Annex, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down of buildings.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, the building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 906, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MAYOR WALKER INVITED TO BE CITY'S GUEST JUNE 17.

Mayor Nichols announced on May 12 that he had asked City Councilor Green, who went to New York a couple of days ago, to extend to Mayor Walker the Mayor's good wishes, and an invitation to come to Boston for the June 17 celebration, and Mayor Nichols has just received word that Mayor Walker has promised to come. He plans to be here for the night before the 17th celebration.

BOSTON OFFICIAL HIGHLY HONORED.

Boston has been officially honored in the selection of Dr. Charles F. Wilinsky, Deputy Commissioner of Health, by the commission which has been internationally constituted thoroughly to survey Palestine.

Doctor Wilinsky will assist Milton J. Roseneau, professor at Harvard University, one of the world's foremost authorities in the field of preventive medicine, in a survey and health study of that country.

The selection of Doctor Wilinsky emphasizes the world-wide interest and keen appreciation of the health unit program which has been under his direction since the opening of the Blossom Street Health Unit in 1916.

The work carried on there and the benefits derived from the same resulted in the commitment of the trustees of the George Robert White Fund to a policy of erecting a chain of these health units located in sections of the city where they appear to be needed the most.

It is a matter of knowledge that three splendid temples of health have already been built in the North End, East Boston and South Boston, and others are to follow. To these institutions flock the residents of the neighborhood "Shopping for Health."

Prenatal service, infant and preschool age clinics, dental work, posture, nutrition, mental hygiene, periodic health examinations for adults, beside nursing, district physician for the poor and general health education are stressed.

The most recent and very valuable contribution to the health unit program is the decentralized tuberculosis clinic, based on a recent survey and recommendations made by Prof. Haven Emerson of Columbia University, and made possible by Mayor Nichols' farsightedness and appreciation of the need of a better functioning program for the prevention of tuberculosis in Boston. Decentralization offers the greatest advantage in making possible local clinics to which the tuberculosis nurse is able to bring not only the active cases but the most important group of contacts, for whom a preventive program is carried on near their own homes.

Doctor Wilinsky sails on the "Majestic," on May 14, with Dr. Maurice Hexter, executive director of the Federated Jewish Charities and instructor at Harvard, and Dr. Lee K. Frankel, vice president of the Metropolitan Life Insurance Company, both of whom are associated with this commission.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.]

CITY RECORD.

Published weekly under legislative act by the
City of Boston, Massachusetts.

FRANK H. CUSHMAN, *Editor*, Room 78, City Hall.

JOSHUA H. JONES, JR., *Associate Editor*.
EDWARD F. O'DOWD, *Business Agent*, Room 78, City Hall.

Single Copies 10 Cents
IN ADVANCE.

Advertising.

A rate of \$2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at News-stand, Court Square, north corner, and at the Statistics Department, Room 78, City Hall.

CITY'S BOND SALE.

On May 6 the Mayor commented as follows on the sale of city bonds:

Bids were opened at noontime today by the City Treasurer for \$2,728,000 registered serial bonds, interest at 3½ per cent per annum, and \$1,500,000 registered sinking funds bonds, interest at 4 per cent per annum.

The maturity of the terms of the serial bonds are ten, fifteen and twenty years, while the sinking fund bonds are for forty-five years.

There were four bids received, the lowest of which was for 100.30, and the highest, 100.5471. The latter, the successful bidder, was by a syndicate comprising the National City Company, Lee, Higginson & Co., and Blake Brothers.

It should be gratifying to the citizens and taxpayers to know that this issue comprising bonds at 3½ per cent interest, and representing a premium on the total issue in excess of \$23,000, is the lowest rate at which the city has issued bonds since 1916, which confirms my repeated statements of the high character of the financial condition of the city.

LIST OF GARAGE PETITIONS FOR HEARING BEFORE THE BOARD OF STREET COMMISSIONERS.

MONDAY, MAY 23, 1927.

TRAFFIC TOWER AT UPHAMS CORNER.

Mayor Nichols announced on May 5 that he had instructed Commissioner of Public Works Sullivan to proceed with the work necessary in preparation for the installation of the new traffic tower at Uphams Corner. This traffic tower will be erected on an island practically in the same location where the present traffic box now stands.

This tower has been presented to the city by the Uphams Corner Improvement Association and its construction and installation will amount to about \$2,000. It is the first one to come from any purely civic organization. It is expected that the Executive Committee of the association will sign the contract to proceed with the erection of the tower promptly.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

FIRE DEPARTMENT.

Upon May 9 the Mayor approved a contract with John F. Burke for the sale of old material at the Fire Alarm Shop, in accordance with an order passed by the City Council on February 28, 1927, and in response to an advertisement in the *City Record* on April 9, 1927.

A communication from E. C. Hultman, Fire Commissioner, was as follows: The following bids were received and opened at this office on April 14, 1927:

Lead Covered Cable.—John Hallett, 4 cents a pound; William S. Nolan, 3½ cents a pound.

Old Iron.—John Hallett, 25 cents a hundredweight; William S. Nolan, 50 cents a hundredweight.

Three bids were deposited in the auditor's office which were not deposited at this office. Because of the extremely low bids and the irregularity in the bidding, I readvertised for bids to be opened at this office on Thursday, May 5, 1927.

The following bids were received and opened at this office on May 5, in response to an advertisement in the *City Record* of April 30, 1927:

Lead Covered Cable.—John F. Burke, \$6.02 a hundredweight; Boston Junk Company, 5½ cents a pound; Roxbury Iron and Metal Company, \$5.55 a hundredweight; Gordon & Gerber, 5.01 cents a pound; S. Bornstein, .45 cents a pound; Thomas Burke, .405 cents a pound; John Hallett, \$3.90 a hundredweight; William S. Nolan, .35 cents a pound.

Old Iron.—John F. Burke, \$10.25 a ton; Boston Junk Company, \$13.50 a ton; Roxbury Iron and Metal Company, \$5 a ton; Gordon & Gerber, 30.4 cents a hundredweight; S. Bornstein, \$5 a ton; Thomas Burke, .41 cents a pound; John Hallett, .40 cents a hundredweight; William S. Nolan, .4 cents a pound.

I have on hand a certified check from John F. Burke for \$491.85, which is the total amount of his bid. Any material which is in excess of the estimated weights he is to pay for at the prices given in his bid.

With your Honor's approval I will award the contract to the highest bidder, John F. Burke, 40 Court street, Boston.

Yours very truly,

E. C. HULTMAN,
 Fire Commissioner.

PARK DEPARTMENT.

Upon May 6 the Mayor approved a contract with Percy S. Watts for leasing for a term of five years the exclusive right and privilege to keep bathhouses, floats and rafts, and to use, operate and rent boats for the accommodation of the public, at the public park known as Charlesbank. There was but one bid opened April 21, as follows:

Percy S. Watts, \$125.

Upon May 6 the Mayor approved a contract with P. J. Dinn & Co. for wire fence at North End Park, Boston. Bids, opened Thursday, May 5, were as follows: W. A. Snow Iron Works, Inc., \$5,807.45; P. J. Dinn & Co., \$5,669.50.

Upon May 6 the Mayor approved a contract with Samuel J. Tomasello for

constructing concrete surface on the Tyler Street Playground. Bids, opened Thursday, May 5, were as follows:

Maplewood Construction Company, \$1,992; C. W. Dolloff & Co., \$1,800; J. J. McCarthy & Co., \$1,704; M. Solimando, \$1,672; J. A. Singarella, \$1,672; John McCourt Company, \$1,552; Samuel J. Tomasello, \$1,544.

Upon May 9 the Mayor approved a contract with Stacy & Ross Company for building two rustic wooden footbridges across Fens Pond, Back Bay Fens. Bids, opened Thursday, May 5, were as follows:

Maurice M. Devine, \$9,590; A. Grande, \$5,600; Roy B. Rendle & Co., Inc., \$3,800; Guiney & Hanson Construction Company, \$3,480; The Rendle Corporation, \$3,300; J. A. Singarella, \$2,900; McLean Company, \$2,884; Buck-MacDonald Company, \$2,300; John P. Cavanagh, \$2,265; Stacy & Ross Company, \$1,843.

PUBLIC WORKS DEPARTMENT (Paving Service).

Upon May 10 the Mayor approved a contract with Warren Brothers Company for laying bitulithic pavement in Fessenden street, Fossdale road, Greenmount street, Glenrose road and St. Marks road. Bids, opened May 3, were as follows:

Sheet Asphalt.—S. J. Tomasello, \$39,465.80; A. DeStefano & Son, Inc., \$42,454.35; Joseph A. Singarella, \$42,872.40; H. F. Malley, \$43,320.90; M. DeMatteo, \$43,736.25; Charles Capone, \$44,855; M. F. Gaddis, \$37,713.70.

Bitulithic.—Warren Brothers Company, \$38,340.70; S. J. Tomasello, \$39,885.05; A. DeStefano & Son, Inc., \$42,481.35; Joseph A. Singarella, \$43,291.65; H. F. Malley, \$43,320.90; M. DeMatteo, \$43,736.25; Charles Capone, \$45,265.25.

Upon May 10 the Mayor approved a contract with M. F. Gaddis for laying sheet asphalt pavement in Antwerp, Ascot, Benson, Cygnet and Duval streets. Bids, opened April 21, were as follows:

Sheet Asphalt.—M. F. Gaddis, \$24,524.40; S. J. Tomasello, \$28,766.80; J. J. McCarthy & Co., \$29,078.15; Henry F. Malley, \$30,333.15.

Bitulithic.—M. F. Gaddis, \$27,851.90; S. J. Tomasello, \$29,360.80; J. J. McCarthy & Co., \$29,696.65; Henry F. Malley, \$30,634.15; Warren Brothers Company, \$27,341.80; V. Grande, \$34,912.30.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Upon May 10 the Mayor approved a contract with Joseph Todesca for sewerage works in Atlantis street, Perham street and Knoll street, West Roxbury. Bids, opened Thursday, May 5, were as follows:

Joseph Todesca, \$4,164; Charles Struzziery, \$4,300.50; M. Guarino, \$4,325; C. Russo, \$4,464; A. Cefalo, \$4,563.40; D. Vozzella, \$4,625.10; N. DiBartolomeo Company, \$4,686.20; Zoppo & Civitarese, \$4,737.90; M. DeSisto Company, \$4,832; J. J. Conway, \$5,168; John Williams, \$5,576.

Upon May 12 the Mayor approved a contract with James J. Conway for sewerage works in Norfolk terrace, Ormond street, Myrtlebank avenue, Hazleton street and Hillsboro road, Chester street and Halborn street, Dorchester. Bids, opened May 4, were as follows:

James J. Conway, \$7,194; George J. Regan, \$7,581.50; John Williams, \$8,012.50; Zoppo & Civitarese, \$8,429; M. DeSisto Company, \$8,764.75; C.

Russo, \$8,771.75; C. Struzziery, \$9,335.50; N. DiBartolomeo Company, \$9,648; A. Cefalo, \$10,281.

PUBLIC WORKS DEPARTMENT (Water Service).

Upon May 10 the Mayor approved a contract with John Williams for excavating and refilling service pipe trenches in Roxbury, Dorchester, West Roxbury and Brighton.

The price of the lowest bidder, D. Vozzella, is only \$25 less than the second lowest bidder. Mr. Williams has done this work to great advantage last fall, under a similar contract, and he is better equipped and has greater facilities for transacting and prosecuting this contract to the limit in order to relieve the serious condition, especially in Dorchester, of applicants waiting for service pipes for which they applied in some cases two or three months ago. Bids, opened May 6, were as follows:

D. Vozzella, \$3,175; John Williams, \$3,200; Zoppo & Civitarese, \$3,325; J. A. Singarella, \$3,450; C. M. Callahan, Inc., \$3,825; M. DeSisto Company, \$4,325; M. Guarino, \$4,950.

SUPPLY DEPARTMENT.

Upon May 6 the Mayor approved a contract with the Standard Oil Company of New York for furnishing approximately 150 barrels heavy engine and machine oil and approximately 100 barrels cylinder oil to the various city departments. Bids, opened April 26, were as follows:

Approximately 150 Barrels Heavy Engine and Machine Oil.—The Alden Speare's Sons Company, 34 cents per gallon; Pennsylvania Oil Company, 25 cents per gallon; Vacuum Oil Company, 25 cents per gallon, oil P 965; Beacon Oil Company, Inc., 29½ cents per gallon; Standard Oil Company of New York, 19.3 cents per gallon, Socony engine; Explosive Chemical Company, Inc., 32.43 cents per gallon; Commonwealth Oil Company, 28 cents per gallon.

Approximately 100 Barrels Cylinder Oil.—The Alden Speare's Sons Company, 38 cents per gallon; Pennsylvania Oil Company, 37 cents per gallon; Vacuum Oil Company, 33.1 cents per gallon, Gargoyle cylinder Oco; Beacon Oil Company, Inc., 40½ cents per gallon; Standard Oil Company of New York, 27½ cents per gallon, Socony cylinder; Explosive Chemical Company, Inc., 31.43 cents per gallon; Commonwealth Oil Company, 40 cents per gallon.

Discount for Payment in Ten Days.—The Alden Speare's Sons Company, 1 per cent; Pennsylvania Oil Company, 1 per cent; Vacuum Oil Company, 1 per cent; no bid at auditor's office; Beacon Oil Company, Inc., no bid at auditor's office; Explosive Chemical Company, Inc., 1 per cent; Commonwealth Oil Company, 1 per cent; no bid at Supply Department.

WITHOUT ADVERTISING.

The Mayor has approved the following contracts awarded without advertising; requests of heads of departments to do the work with the department forces without advertising; additions to and deductions from contracts.

HOSPITAL DEPARTMENT.

Upon May 6 the Mayor approved a contract with the Otis Elevator Company for the installation of an elevator. A communication from Joseph P. Manning of the Hospital Department was as follows:

BOSTON, April 30, 1927.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

DEAR MR. MAYOR,—The old hydraulic elevator in Pavilion III (Wards K, L and M), has broken down, so that it has become necessary to shut off all power, and the patients are being carried to the various wards when necessary, and discharged in the same manner. The Hospital Department has requested three bids, one from the Portland Elevator Company, one from the Otis Elevator Company, and one from the A. B. See Elevator Company. The bids received were as follows, for new elevator: A. B. See Elevator Company, \$9,000, complete; Portland Elevator Company, \$8,050, complete; Otis Elevator Company, \$7,650, complete.

This money was requested and provided for in the budget, and on behalf of the trustees I respectfully request that the contract may be awarded to the lowest bidder, the Otis Elevator Company, without advertising. This is a real emergency.

Yours respectfully,

JOSEPH P. MANNING,
President, Board of Trustees.

PARK DEPARTMENT.

Upon April 28 the Mayor approved a contract with the Edison Electric Illuminating Company for furnishing and installing overhead wires along walk at Marine Park and Castle Island. A communication from Daniel J. Byrne of the Park Department was as follows:

BOSTON, April 15, 1927.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

DEAR SIR,—The Board of Park Commissioners respectfully asks your authority to award a contract, without advertising, to the Edison Electric Illuminating Company, 39 Boylston street, Boston, for furnishing and installing overhead wires, carrying poles, are poles, etc., to supply electric service for relocating lights along the new walk now under construction, between Marine Park and Castle Island.

The cost of the work to be paid for by the city will be figured on the basis of the cost of same to the Edison Electric Illuminating Company plus fifteen (15) per cent and ten (10) per cent for engineering and overhead cost. The estimated cost of this work to the city is approximately \$3,500, and the estimated cost to the Edison Electric Illuminating Company is approximately \$2,065, making a total cost of \$5,565 for this work.

The reason for requesting that this contract be awarded to the Edison Company is that it has agreed to pay approximately \$2,065 of the cost of the entire work (\$5,565), which will put in operation the arc lamps which are to be removed from the Castle Island pier to the new locations, namely, adjacent to the new concrete walk now under construction on the hydraulic fill between Marine Park and Castle Island.

It is necessary that these lights be relocated as the wooden bridge is to be torn down, and it is also necessary that other lights be operated in other places adjacent to the new concrete walk now being constructed.

The cost of the work done under this contract to be paid for by the city, being approximately \$3,500, is to be charged to the maintenance appropriation, B-39, General Plant.

Very truly yours,

DANIEL J. BYRNE,
Secretary.

PUBLIC BUILDINGS DEPARTMENT.

Upon April 28 the Mayor approved a contract with R. J. Connolly for the installation of new floors at the Quincy Market. A communication from John P. Englert of the Public Buildings Department was as follows:

BOSTON, April 7, 1927.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

DEAR SIR,—In connection with the contract of R. J. Connolly for new floors at the Quincy Market, I desire to state that Mr. Connolly has just informed me that he is in very grave doubt as to his ability to complete this contract within the sum stated in his contract, namely, \$20,000. He claims that this is due to the fact that he has been called upon to do considerable work which he does not consider part of the original contract.

This extra work is as follows:

Item 1, rebuilding refrigerator in Prior & Townsend Company's cellar.

Item 2, concreting floors in Prior & Townsend Company's and Lord & Spencer Company's cellars.

Item 3, painting walls in Prior & Townsend Company's cellar.

Item 4, extra plumbing work entailed by conforming to the present city plumbing laws.

Item 5, incidentals, \$500.

The change in Item 1 was caused by the fact that the refrigerator in the basement was built up against the floor beams and in order to remove these beams it was necessary to take down the refrigerator partitions and the cooling coil attached to same. These partitions were in such condition that if left alone they would probably last a while longer, but once disturbed they would have to be rebuilt, and as it was impracticable to try to leave them undisturbed, it was necessary to take them down and later rebuild them. His estimate for this work was \$500.

Item 2 was caused by his being ordered to install concrete floors in the above cellars. These floors were partly brick and partly concrete. The Prior & Townsend cellar had an open drain in one part of it which was condemned by the plumbing inspector, with the result that he had to dig a trench and install a Callahan floor drainer and connect same to the sewer, and properly vent same. This necessitated the putting in of a new concrete floor which was done at an additional cost of \$325.

Item 3. Paint the cellar walls and refrigerator walls in Prior & Townsend Company's cellar which cost \$100.

Item 4. This work was brought about by the fact that the plumbing as it was originally, was not vented and was not, therefore, in accordance with the plumbing laws of the City of Boston. The soil pipe was corroded and eroded to such an extent that none of it could be reclaimed for use. Practically all of the brass tubing and galvanized-iron pipe could not be reclaimed for reuse. The plumbing inspector, Mr. Maloney, insisted that the new plumbing would have to conform strictly to the plumbing laws, a condition which did not obtain in the original installation, with the result that a far greater amount of labor and materials were required, than would be necessary if it were just a matter of replacing what was there originally. I have gone into this matter with Mr. Connolly and Mr. Fennessey, the plumbing contractor, and they both estimate the cost of the extra plumbing work to be from \$2,000 to \$2,200 more than the cost of putting

same back in its original condition, and I am inclosing to you a copy of a communication from Mr. Connolly regarding same.

You will observe that these extras total approximately \$3,500, and Mr. Connolly feels that the work cannot be completed in the proper manner unless this additional sum is provided. If it is your desire to grant this request, I would add that no extra appropriation would be required as it is assumed by the General Plant appropriation of the Public Buildings Department.

I might add that if this permission is granted it will of necessity change Mr. Connolly's contract, but I deem it proper to first acquaint you of the conditions before proceeding with the making of the forms necessary to legalize said change, and I respectfully request your early consideration. I heartily approve the above changes.

Respectfully yours,

JOHN P. ENGLERT,
Superintendent of Public Buildings.

PUBLIC WORKS DEPARTMENT (Paving Service).

Upon May 9 the Mayor approved a contract with the Gulf Refining Company for the construction of artificial stone sidewalks. A communication from James H. Sullivan of the Public Works Department was as follows:

BOSTON, May 6, 1927.

To the Mayor of Boston.

Permission to award a contract for the construction of artificial stone sidewalks in the public streets, without advertising, to the Gulf Refining Company, Park Square Building, Boston, is hereby requested on the ground that this contractor is not selected by the city in the first instance but by the abutters; secondly, the expense of construction is to be divided by the city and abutters; also because such contracts vary greatly in amounts and seldom involve one thousand (1,000) dollars.

Respectfully yours,

JAMES H. SULLIVAN,
Commissioner of Public Works.

SCHOOLHOUSE DEPARTMENT.

Upon May 9 the Mayor approved a contract with the Boston Buick Company for a seven-passenger sedan. A communication from Charles P. Norton of the Schoolhouse Department was as follows:

BOSTON, May 5, 1927.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

DEAR SIR,—The Board of Schoolhouse Commissioners respectfully requests the approval of your Honor to the awarding of a contract, without advertising, under the provisions of section 30, chapter 486 of the Acts of 1909, to Boston Buick, Inc., 97 Massachusetts avenue, for one seven-passenger Buick sedan with equipment complete, at a cost of \$2,072 net (\$2,222 less allowance of \$150 for old Bay State sedan owned by the department), delivered in Boston.

This car is to be used by the chairman of the commission, and also as may be required by other members of the Board and chiefs of division of the department.

The reason for requesting authority to contract without advertising for bids is that no advantage would result from advertising. The car to be purchased is the type deemed most suitable for the re-

quirements of the department, and the price is the lowest that could be obtained.

Respectfully yours,

CHARLES P. NORTON,
Acting Chairman.

SUPPLY DEPARTMENT.

Upon April 27 the Mayor approved a contract with the New England Coal and Coke Company for furnishing coal to the Sewer Service, pumping station, Calf Pasture. A communication from Herbert S. Frost of the Supply Department was as follows:

BOSTON, April 25, 1927.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising for same, to the New England Coal and Coke Company for furnishing approximately 300 tons of semibituminous coal to the Sewer Service, pumping station, Calf Pasture, at a price of \$7.47 per ton delivered in the bins.

The reason for this request is as follows: At the present time and for some time past the pumping station has been operating on an oil-burning basis and the engineer finds that extensive repairs to the oil-burning boilers are absolutely necessary. For this reason they have ceased operating the boilers and are operating the plant at the present time by means of coal. Their supply of coal has become practically exhausted and this permission is requested in order that there may be no cessation of activities at this station. The 300 tons of semibituminous coal requested will carry them for the time necessary to make repairs to the oil-burning apparatus.

The New England Coal and Coke Company have agreed with this office to supply the 300 tons at the same price that they bid on publicly advertised bid of April 21, 1927, for semibituminous coal to be delivered to Long Island Hospital, namely \$7.47 per gross ton delivered in the bins, they being the lowest bidders on this contract.

In view of this explanation, I respectfully request that the permission asked for be granted.

Respectfully yours,

HERBERT S. FROST,
Superintendent of Supplies.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved:

PUBLIC BUILDINGS DEPARTMENT.

Portland Elevator Company has been ordered to make a change in the contract for furnishing and installing electric passenger elevators in City Hall, said change being to substitute Tyler fronts for Burtman ornamental iron elevator inclosures as called for in this contract, and the amount of \$2,836 will be added therefor, making the account as follows: Contract price, \$28,777; total additions, \$2,836; amount of contract, \$31,613.

PUBLIC WORKS DEPARTMENT (Paving Service.)

Additions, amounting to \$535, on contract with Henry F. Malley for laying artificial stone sidewalks in Aldie street, Farrington avenue, Louis Prang street, St. John street and Elton street, on account of constructing artificial stone sidewalks in front of 18 and 22 Sagamore street; setting edgestone; paving gutter

and furnishing and laying artificial stone sidewalks on west side of Rockview street, from St. John street 160 feet southerly. Original contract, \$10,651.59; total additions, \$2,535; contract as standing, \$13,186.59.

An addition, amounting to \$1,380, on contract with Warren Brothers Company for laying bitulithic pavement in Crawford street, on account of resetting the edge-stone; furnishing and laying bitulithic pavement on macadam base; furnishing and laying artificial stone sidewalks on Harold street, between Crawford street and Abbottsford street, and on Abbottsford street, between Harold street and Crawford street. Prices to be paid, the same as those bid for similar work in the contract. Original contract, \$33,694.15; total additions, \$1,460; contract as standing, \$35,154.15.

Additions, amounting to \$950, on contract with A. DeStefano & Son, Inc., for laying Portland cement concrete and recut granite block pavement in Medford street, on account of furnishing Lumnite cement for grout joints; paving where it is necessary to open the street for immediate use; omitting the laying of reinforced concrete pavement, Item 7 of the contract, from a point 16 feet northwest of Lexington street to a point 115 feet northwest of Monument street, and substituting and relaying of recut granite block pavement on concrete base, cement grout joints, Item 5 of contract. Original contract, \$80,081.30; total additions, \$1,170; contract as standing, \$81,251.30.

PUBLIC WORKS DEPARTMENT (Water Service).

An addition, amounting to \$5,000, on contract with Simpson Brothers Corporation for the construction of concrete tunnel with steel pipe shafts under the New York, New Haven & Hartford Railroad and the Boston & Albany Railroad, at Arlington square, city proper, on account of relocating three wooden box sewers encountered in the Fayette street shaft below grade O, there being no records of said sewers in the files of the Public Works Department; building two manholes, etc. Original contract, \$100,000; total addition, \$5,000; contract as standing, \$105,000.

SCHOOLHOUSE DEPARTMENT.

John Bowen Company has been allowed the following changes in the contract for the Washington District School, to sink caissons and putting in grade beams according to revised foundation plans, in accordance with letter of April 7, 1927, from the Schoolhouse Department, City of Boston, per architect's letter of April 11, 1927, and the amount of \$42,300 will be added thereto making the account as follows: Contract price, \$145,000; total additions, \$42,300; amount of contract, \$187,300.

TO OMIT AND SUBSTITUTE WORK UNDER CONTRACT.

John Williams has been directed to omit and substitute the following work under contract for laying and relaying water pipes in Barlow street, Cedar road, Forest Hills street, etc. Although this is in addition to the work contemplated in the original contract, it is incidental thereto. Items ordered: Omit the laying of 300 linear feet of 6-inch pipe in Barlow street, West Roxbury, and substitute for this the laying of 300 linear feet of 6-inch pipe in Wilson park, Brighton, as per item of the contract.

EXTRA WORK UNDER CONTRACT.

Martino DeMatteo has been directed to perform the following extra work under contract for laying sheet asphalt pavement in Greylock road, Walk Hill street and Hollingsworth street. Items ordered: Connect the broken house drains with the existing sewer where directed on Walk Hill street.

Price to be paid: For each linear foot of drain relaid and connected, including all labor and materials necessary, the sum of \$3. Estimated cost of extra work, \$600.

Henry F. Malley has been directed to perform the following extra work under contract for laying bitulithic pavement in Glenburne street, Montecalm avenue, Regina road and Verdun street. Items ordered: Remove the gutter mouth stones from the two catch-basins at the easterly end of the roadway on Regina road, from Washington street to Alpha road. To be paid for by force account. Estimated cost of extra work, \$10.

L. P. Federico & Co. have been directed to perform the following extra work under contract for laying and relaying water pipes in Dock square, Faneuil Hall square and Merchants row. Although this is in addition to the work contemplated in the original contract, it is incidental thereto. Items ordered: Salvage two 12-inch gates and gate boxes and one Lowry hydrant. Cut out steel girders. Estimated cost of extra work, \$55.

W. H. Ellis & Son Company has been directed to perform the following extra work under contract for foundations for Ferry Bridge, North Ferry, East Boston. Although this is in addition to the work contemplated in the original contract, it is incidental thereto. Items ordered: Dressing down and handling granite flagstones at wooden platform. This work is to salvage otherwise satisfactory flagging. Estimated cost of extra work, \$300.

LAND TAKING IN EAST BOSTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston known as East Boston, and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Chelsea place, bounded:

Southeasterly by Chelsea street, ten feet; southwesterly by another part of Chelsea place, one hundred forty-nine and 34-100 feet; northwesterly by the northwesterly line of Chelsea place, ten feet, and northeasterly by the northeasterly line of Chelsea place, one hundred forty-nine and 94-100 feet, containing fourteen hundred and ninety-six square feet, more or less,

The sewerage works to be constructed are as follows: 150 linear feet of 10-inch pipe surface drain, in the above described premises, being part of the private way known as Chelsea place, leading northwesterly from Chelsea street for a distance of approximately 150 feet.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

POLICE DEPARTMENT ORDERS.

General Order No. 1077.

Patrolman George Murray of Division 2 having arrived at the age of sixty and six-twelfths years, having performed faithful service in the Police Department for twenty-six and six-twelfths years, and having requested to be retired from active service, it is hereby

Ordered, That the said Patrolman George Murray be retired from active service and that his name be placed upon the department pension roll with pay at the rate of one thousand (1,000) dollars per annum, said sum being one half of the amount of compensation received by him in the office from which he is retired; to take effect Monday, May 9, 1927, at 7.45 o'clock a. m.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

General Order No. 1078.

A trial board consisting of Captains Rooney, Laffey and Anderson having heard by reference a complaint against Patrolman Leonard R. Travis of Division 13, charging him with conduct unbecoming an officer, has reported to the commissioner a finding of guilty as charged. In accordance with which, it is hereby ordered that the said Patrolman Leonard R. Travis perform one hundred and forty hours punishment duty.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

PETITIONS ALLOWED.

The Mayor has approved the following petitions received from the Board of Street Commissioners:

Frank Merrill, 98 Granite street, Ward 9, acetylene and oxygen.

Martin J. Shufro, 852 Blue Hill avenue, Ward 14, acetylene and oxygen.

H. F. Robert, 48 Binford street, Ward 6, acetylene and oxygen.

Albert and J. M. Anderson Manufacturing Company, 289 A street, Ward 6, acetylene and oxygen.

Economy Grocery Stores Corporation, 37 Granite street, Ward 6, oxygen.

Ralph C. Small, 509-515 Cambridge street, Ward 21, 1,000 gallons of gasoline.

RECEIPTS OF MILK IN BOSTON, 1925, BY RAIL.

Total, 198,132,118 quarts, or 151,036,648 by Boston & Maine R. R.; 39,287,886 by New York, New Haven & Hartford R. R.; 7,807,584 by Boston & Albany R. R. The said total exceeds that of 1924 by 6,959,444 quarts and is the largest on record.

FIRE DEPARTMENT ORDERS.

General Order No. 25.

I. STANDPIPE TEST.

On Sunday, April 24, 1927, a test was made of the standpipes and other private auxiliary fire-fighting appliances at the United States Custom House, McKinley square. The results of the tests are published herewith for the information of the department.

The Custom House is of the tower type of construction, first class, 510½ feet high, the floor area ranging from medium to small, and used entirely for office purposes.

A 4-inch fire department standpipe has recently been installed, replacing a 3-inch first-aid standpipe. This standpipe, with outside engine connections and standard 2½-inch fire department outlets at each floor landing, extends to the nineteenth floor, 328 feet, where it connects to a 3-inch standpipe that terminates at the twenty-eighth floor, 461 feet high. It is equipped with a check valve on the twenty-seventh floor.

All playpipes used at this demonstration were equipped with 1½-inch nozzles.

The nozzle pressures were determined by Pitot gauges.

Test No. 1.

At the first test Engine No. 26, American-LaFrance 1,000-gallon rotary gear pump connected to high service post hydrant, hydrant pressure 55 pounds. Two lines, 250 feet 3-inch hose from pump to standpipe connections; 100 feet of 2½-inch hose connected to standpipe at the twenty-fourth floor and playpipe carried to balcony at twenty-fifth floor, 50 feet 2½-inch hose connected to standpipe at twenty-fifth floor and carried to balcony, making both playpipes at the same level, one being fed from hose connection at standpipe at twenty-fourth floor and the other being fed from hose connection of standpipe at twenty-fifth floor.

First Reading: P.P. 275 lbs. N.P. line connected at 24th floor 20 lbs.; line connected at 25th floor 25 lbs. Discharge 167 G.P.M. 20-lb. nozzle; discharge 187 G.P.M. 25-lb. nozzle. Total, 354 G.P.M. both nozzles.

Second Reading: P.P. 280 lbs. N.P. line connected at 24th floor 25 lbs.; line connected at 25th floor 30 lbs. Discharge 187 G.P.M. 25-lb. nozzle; discharge 205 G.P.M. 30-lb. nozzle. Total, 392 G.P.M. both nozzles.

Third Reading: P.P. 290 lbs. N.P. line connected at 24th floor 26 lbs.; N.P. line connected at 25th floor 31 lbs. Discharge 191 G.P.M. 26-lb. nozzle; discharge 208 G.P.M. 31-lb. nozzle. Total, 399 G.P.M. both nozzles.

Same layout as above, with a 50-foot length of 2½-inch hose connected at 18th floor, P.P. 290 lbs.

First Reading: N.P. 18th floor, playpipe from window, 62 lbs.; line from 24th floor N.P. 25th floor, playpipe from balcony, 13 lbs.; line from 25th floor N.P. 25th floor, playpipe from balcony, 15 lbs. Discharge 295 G.P.M. 62-lb. nozzle; discharge 135 G.P.M. 13-lb. nozzle; discharge 145 G.P.M. 15-lb. nozzle. Total, 575 G.P.M. 3 nozzles.

Second Reading: N.P. 18th floor, playpipe from windows, 64 lbs. P.P. 295 lbs. Line from 24th floor N.P. 25th floor, playpipe from balcony, 12 lbs.; line from 25th floor N.P. 25th floor, playpipe from balcony, 18 lbs. Discharge 299 G.P.M. 64-lb. nozzle; discharge 130 G.P.M. 12-lb. nozzle;

discharge 159 G.P.M. 18-lb. nozzle. Total, 588 G.P.M. 3 nozzles.

Third Reading: P.P. 295-lbs. N.P. 18th floor, playpipe from window 65 lbs. Line from 24th floor N.P. 25th floor, playpipe from balcony, 10 lbs.; line from 25th floor N.P. 25th floor, playpipe from balcony, 15 lbs. Discharge 301 G.P.M. 65-lb. nozzle; discharge 118 G.P.M. 10-lb. nozzle; discharge, 145 G.P.M. 15-lb. nozzle. Total, 564 G.P.M. 3 nozzles.

Test No. 2.

Engine Company No. 25, American-LaFrance 750-gallon rotary gear pump with same layout as above.

First Reading: P.P. 280 lbs. Line from 24th floor N.P. 25th floor, playpipe from balcony 18 lbs. line from 25th floor N.P. 25th floor, playpipe from balcony 20 lbs. Discharge 159 G.P.M. 18-lb. nozzle; discharge 167 G.P.M. 20-lb. nozzle. Total, 326 G.P.M. both nozzles.

Second Reading: P.P. 290 lbs. Line from 24th floor N.P. 25th floor, playpipe from balcony 30 lbs.; line from 25th floor, N.P. 25th floor, playpipe from balcony 40 lbs. Discharge 205 G.P.M. 30-lb. nozzle; discharge 237 G.P.M. 40-lb. nozzle. Total, 442 G.P.M. both nozzles.

Third Reading: P.P. 290 lbs. Line from 24th floor N.P. 25th floor, playpipe from balcony, 30 lbs.; line from 24th floor N.P. 25th floor, playpipe from balcony, 40 lbs. Discharge 205 G.P.M. 30-lb. nozzle; discharge 237 G.P.M. 40-lb. nozzle. Total, 442 G.P.M. both nozzles.

Same layout as above, with 50 feet of 2½-inch hose, 1 ½-inch nozzle at 18th floor, all pipes open.

First Reading: P.P. 300 lbs. N.P. 18th floor, playpipe from window, 68 lbs.; line from 24th floor, N.P. 25th floor, playpipe from balcony, 12 lbs.; line from 25th floor, N.P., 25th floor, playpipe from balcony, 18 lbs. Discharge 308 G.P.M. 68-lb. nozzle; discharge 130 G.P.M. 12-lb. nozzle; discharge 159 G.P.M. 18-lb. nozzle. Total, 597 G.P.M. 3 nozzles.

Second Reading: P.P. 290 lbs. N.P. 18th floor, playpipe from window, 65 lbs.; line from 24th floor N.P. 25th floor, playpipe from balcony, 15 lbs.; line from 25th floor N.P. 25th floor, playpipe from balcony, 18 lbs. Discharge 301 G.P.M. 65-lb. nozzle; discharge 145 G.P.M. 15-lb. nozzle; discharge 159 G.P.M. 18-lb. nozzle. Total, 605 G.P.M. 3 nozzles.

Third Reading: P.P. 290 lbs. N.P. 18th floor, playpipe from window 65 lbs.; line from 24th floor N.P. 25th floor, playpipe from balcony, 15 lbs.; line from 25th floor N.P. 25th floor, playpipe from balcony, 18 lbs. Discharge 301 G.P.M. 65-lb. nozzle; discharge 145 G.P.M. 15-lb. nozzle; discharge 159 G.P.M. 18-lb. nozzle. Total, 605 G.P.M. 3 nozzles.

Test No. 3.

Both pumpers at same hydrant (1,000 gallon and 750 gallon) with same leads, two 250 foot length of 3-inch hose each, into Siamese, connected to standpipe Siamese (4 lines): 18th floor 50 feet 2½-inch hose, 1½-inch nozzle; 24th floor 100 feet 2½-inch hose, 1½-inch nozzle (playpipe at 25th floor); 25th floor 50 feet 2½-inch hose, 1½-inch nozzle; all three pipes open.

First Reading: P.P. 280 lbs. N.P. 18th floor, playpipe from window, 80 lbs.; line from 24th floor N.P. 25th floor, playpipe from balcony, 18 lbs.; line from 25th floor N.P. 25th floor, playpipe from balcony, 20 lbs. Discharge 335 G.P.M. 80-lb. nozzle; discharge 159 G.P.M. 18-lb. nozzle; discharge 167 G.P.M. 20-lb. nozzle. Total, 661 G.P.M. 3 nozzles.

Second Reading: P.P. 280 lbs. N.P. 18th floor, playpipe from window, 82 lbs.; line from 24th floor N.P. 25th floor, playpipe from balcony, 18 lbs.; line from 25th floor N.P. 25th floor, playpipe from balcony, 20 lbs. Discharge 339 G.P.M. 82-lb. nozzle; discharge 159 G.P.M. 18-lb. nozzle; discharge 167 G.P.M. 20-lb. nozzle. Total, 665 G.P.M. 3 nozzles.

Third Reading: P.P. 29 lbs. N.P. 18th floor, playpipe from window, 85 lbs.; line from 24th floor N.P. 25th floor, playpipe from balcony, 19 lbs.; line from 25th floor N.P. 25th floor, playpipe from balcony, 22 lbs. Discharge 345 G.P.M. 85-lb. nozzle; discharge 163 G.P.M. 19-lb. nozzle; discharge 175 G.P.M. 22-lb. nozzle. Total, 683 G.P.M. 3 nozzles.

Same pumps at hydrant, same layout from pumps as above, 100 feet, 2½-inch hose, 1½-inch nozzle, connected to standpipe at 27th floor, playpipe at 30th floor, 494 feet, two pumps operating.

P.P. 275 lbs. nozzle pressure 43 lbs. vertical effective reach 35 feet.

Test No. 4.

Layout from high pressure hydrant to same Siamese connections at standpipe, high pressure gauges on outlets at high pressure hydrant four 150 feet lengths of 3-inch hose from hydrant to standpipe; 50 feet of 2½-inch hose, 1½-inch nozzle, at 18th floor; 100 feet of 2½-inch hose, 1½-inch nozzle, playpipe at 25th floor; 50 feet of 2½-inch hose, 1½-inch nozzle, 25th floor; 100 feet of 2½-inch hose, 1½-inch nozzle, 27th floor, playpipe at 30th floor.

First Reading: P.P. 275 lbs. N.P. 18th floor, playpipe from window, 65 lbs. line from 24th floor N.P. 25th floor, playpipe from balcony, 12 lbs.; line from 25th floor N.P. 25th floor, playpipe from balcony, 15 lbs.; line from 27th floor N.P. 30th floor, playpipe from window, 2 lbs. Discharge 301 G.P.M. 65-lb. nozzle; discharge 130 G.P.M. 12-lb. nozzle; discharge 145 G.P.M. 15-lb. nozzle; discharge 32 G.P.M. 2-lb. nozzle. Total, 608 G.P.M. 4 nozzles.

Second Reading: P.P. 275 lbs. Same as above.

Third Reading: P.P. 300 lbs. N.P. 18th floor, playpipe from window, 89 lbs.; line from 24th floor N.P. 25th floor, playpipe from balcony, 18 lbs.; line from 25th floor N.P. 25th floor, playpipe from balcony, 20 lbs.; line from 27th floor N.P. 30th floor, playpipe from window, 7 lbs. Discharge 353 G.P.M. 89-lb. nozzle; discharge 159 G.P.M. 18-lb. nozzle; discharge 167 G.P.M. 20-lb. nozzle; discharge 99 G.P.M. 7-lb. nozzle. Total, 778 G.P.M. 4 nozzles.

By order of Fire Commissioner E. C. Hultman.

DANIEL F. SENNOTT,
Chief of Department.

General Order No. 26.

I. FREE SWIM WEEK.

The Fire Commissioner has been requested to extend to the members of the department an invitation to participate in "Free Swim Week" at the Y. M. C. A. swimming pool during the week of May 9 to May 14. This invitation is intended particularly for members of the department who cannot swim. Any member of the department who desires to take advantage of this invitation should report to the Control Desk, Y. M. C. A., Huntington avenue.

II. COMMENDATIONS.

The Fire Commissioner is in receipt of the following letter which he is pleased to publish for the information of the department:

May 8, 1927.

To the Fire Commissioner.

DEAR SIR,—This is to express my appreciation through you to a member of Ladder 1 of the Boston Fire Department who carried me to safety when the stairway and all means of ordinary escape had been blocked at a fire on Saturday, May 7, at 16 Joy street, Boston.

The calmness and extreme courtesy and gentlemanliness of the young fireman who helped me to gather my things together, and aided me through the window and over the fire escape and roof and a drop of some sixteen feet is very greatly appreciated.

Sincerely yours,

MARY ELOISE PINKHAM,
Dean Academy, Franklin, Mass.

Ladderman Richard Lane of Ladder Company 23, Hosemen Edward Farley and Edward Mitchell of Engine Company 24 and aid to Deputy Chief George Leary are hereby commended for rescue work performed by them under adverse conditions at the fire, Box 2176, Friday, April 15, 1927.

Hoseman John B. Dougan of Engine Company 14 is hereby commended for responding to and working at fire, Box 2271, May 2, 1927, while off duty.

By order of Fire Commissioner E. C. Hultman.

DANIEL F. SENNOTT,
Chief of Department.

AUTHORITY TO DO WORK.

The Mayor has approved the request of the Public Works Department for authority to repair mechanism, counters, etc., at Charlestown Bridge, by the Boston Bridge Works, Inc., 47 Winter street, Boston, without advertising, the estimated cost for labor and material being \$1,500. This work is of an emergency nature and it is of extreme importance that it be done promptly as this bridge carries the Elevated structure. The Boston Bridge Works are better fitted to do this work and have more experienced employees than any organization in Boston. The draw span has not been operating properly and this work is to remedy existing conditions.

The Mayor has approved the request of the Public Works Department for authority to renew wooden surfacing on Blue Hill Avenue Bridge, over New York, New Haven & Hartford Railroad, Midland Division, with department force, without advertising, the estimated cost for labor and material being \$15,000.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

CLERICAL SERVICE, STATE AND CITIES,
JUNE 11 AND JUNE 25, 1927.

This is an examination for the clerical service of the state and of all cities and of such towns in the state as are classified under civil service. On June 11 the examination will be held in various centrally located cities. On June 25 the examination will be held in Boston, and all persons who reside within commuting distance will be notified for examination on this day. Certification may be made from the eligible lists established by this examination for office, institutional, or other positions of a similar nature at the discretion of the Commissioner of Civil Service. Special qualifications in bookkeeping, stenography, typewriting, cataloguing, filing, etc., and in foreign languages may be recognized by the commissioner in certifying persons for positions demanding such qualifications. Persons qualifying in the examination may have their names placed on the state list as well as on the list for the city or town in which they reside.

This examination will be given to fill positions in all grades of the Clerical Service except Grade V (chief clerk, secretary). All applicants will be given the same examination, and will be placed on the list in the order of marks received, and will be certified for any and all clerical positions in the order of standing on the list, unless in the opinion of the Commissioner of Civil Service the mark attained is lower than is proper for the particular position to be filled.

Applicants must be not less than sixteen years of age at the time of filing application, and must have attended high school for at least two years.

All applicants will be marked on each subject of the examination; and will be given a general average on such marks according to the following schedule: Training and experience, 5 points; spelling, 2; letter writing, 2; arithmetic, multiplication, division and decimals, 1; arithmetic problems, 1; word knowledge, 1; sentence meaning, 1; grammar, 1; reasoning, 1; total 15.

Applicants will be required to obtain a mark of at least 64 per cent in spelling, and at least 65 per cent in general average in order to become eligible. For positions paying \$1,200 or more, only clerks who receive a mark of at least 65 per cent in experience will be certified.

The usual entrance salary for clerks for state service is \$840.

Sample questions for clerks available.

OFFICE BOY OR OFFICE GIRL, STATE AND CITIES, JUNE 16, 1927.

The entrance salary for office boy or office girl is usually \$600 per year.

Applicants must be not less than 14 nor over 18 years of age at the time of filing application.

The subjects of examination with their respective weights will be as follows: Training and experience, 3; spelling, 3; arithmetic, 2; letter writing, 2; total, 10.

Applicants will be required to obtain a mark of at least 65 per cent in general average in order to become eligible.

MAY NAME SHIP FOR BOSTON.

Mayor Nichols announced on May 12 that he had received from Mr. Frank S. Davis, manager of the Maritime Association of the Boston Chamber of Commerce a communication stating that the Hamburg-American line regarded with great favor increasing the Boston service, and naming its new ship "Boston." The present sailing of the Hamburg-American is about every two weeks from Boston, which is on the in and out trip. The benefit of increased service, therefore, is obvious.

The Mayor expressed deepest interest in this communication in view of the opening of the new cable service at which he communicated with the Mayor of London, and expressed the view that the proximity of Boston to European ports would in the near future give Boston its rightful standing in commerce and attract the export trade to which it is entitled.

Mr. Davis reached Paris by aeroplane from Hamburg, and got in touch immediately with the Hamburg line. He had with him a letter addressed to Dr. Wilhelm Cuno, president of the line, from Mayor Nichols, who made a special request that service be extended to the Port of Boston, and that the name "Boston" be given to the newest ship of the Hamburg-American line.

ASSESSMENTS ABATED.

The Mayor has approved the following vote of the Board of Street Commissioners:

That in the matter of Max Wyzanski *et al.*, trustees, petitioners for abatement of betterment assessments levied on account of the Stuart street improvement (Lot 88, \$4,818, Lot 92, \$2,625), after consultation with the Law Department, and on its advice, the Board agrees to abate the sum of \$401 on Lot 88, and the sum of \$339 on Lot 92; and consents that the Corporation Counsel agree to judgment in said case on the terms herein stated.

ADDITIONAL DAMAGES AWARDED.

The Mayor has approved the following order of the Board of Street Commissioners:

Whereas, An award of \$14,234 for the taking of an easement for highway purposes in 1,696 square feet of land from the Union Institution for Savings for the widening and relocation of Cambridge street, was made to said Union Institution for Savings under the order for said improvement dated August 20, 1924; and

Whereas, Said sum (\$14,234) was accepted by said Union Institution for Savings not in full satisfaction of all damages but as payment *pro tanto* without prejudice to any right to have the remainder of said damages, if any, assessed by the appropriate tribunal; and

Whereas, Said Union Institution for Savings petitioned the Superior Court for a jury to determine said damages in excess of the amount (\$14,234) so awarded accepted and paid; now, therefore, it is

Voted, After consultation with the Law Department, and on its advice, that additional damages in the amount of \$4,000 flat be and the same hereby is awarded to the Union Institution for Savings, and it is further ordered that the Corporation Counsel agree to judgment in said case on the terms herein stated.

BUILDING PERMITS ISSUED MAY 5 TO MAY 11.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Dorchester, and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Myrtlebank avenue, bounded:

Southerly by easement taken by the City of Boston for sewerage purposes in said avenue September 17, 1924, six feet; westerly by another part of said avenue, two hundred fifty-five and 19-100 feet; northerly by easement taken by the City of Boston for sewerage purposes in said avenue July 30, 1926, six feet; and easterly by another part of said avenue, two hundred fifty-five and 19-100 feet; containing fifteen hundred and thirty-one square feet, more or less.

The sewerage works to be constructed are as follows: 278 linear feet of 10-inch pipe sanitary sewer, in the above described premises, being part of the private way known as Myrtlebank avenue, between easement taken September 17, 1924, and easement taken July 30, 1926 in said street.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lots of abutting land on both sides of Myrtlebank avenue, as designated on the plan hereinafter referred to, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof are shown on a plan marked "City of Boston, Plan No. 749, Sewerage Works, Myrtlebank Avenue, Dorchester, March 24, 1927, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

TO REMOVE BUILDINGS.

The Mayor has approved the request of the Building Department for the removal of buildings as follows:

To enter the building at 38 Terrace street, Ward 10, and secure or remove the same.

The owners, the Old Colony Railroad Company, care of G. R. Kent, 579 South Station, have been served with a notice relative to the unsafe condition of the building, but neglect to remove the cause for complaint.

The building is in such a condition as to constitute a fire menace and a nuisance.

To enter the building at 87 West Eighth street, Ward 6, and secure or remove same.

The owner, Nathan D. A. Clark of 25 Central square, Lynn, has been served with a notice relative to the unsafe condition of the building, but neglects to remove the cause for complaint.

The building is in such a condition as to constitute a fire menace and a nuisance.

To enter the building at 63 Leonard street, rear, Ward 15, and secure or remove the same.

The owner, the Thomas P. Corliss estate, care of Alice M. Waye of 103 Merrimac street, Haverhill, has been served with a notice relative to the unsafe condition of the building, but neglects to remove the cause for complaint.

The building is in such a condition as to constitute a fire menace and a nuisance.

To enter the building at 63 Leonard street, Ward 15, and secure or remove the same.

The owner, the Thomas P. Corliss estate, care of Alice M. Waye of 103 Merrimac street, Haverhill, has been served with a notice relative to the unsafe condition of the building, but neglects to remove the cause for complaint.

The building is in such a condition as to constitute a fire menace and a nuisance.

To enter the building at 165 Shawmut avenue, and vacate and secure or remove same.

The owner, Morris Spack of 15 Ellington street, Dorchester, has been served with a notice relative to the unsafe condition of the building, but neglects to remove the cause for complaint.

The building is in such a condition as to constitute a fire menace and a nuisance.

To enter the building at 156 Heath street, rear, Ward 10, and secure or remove the same.

We have been unable to ascertain the address of the owner, Lloyd A. Murray, but we have tacked a notice on the building relative to its unsafe condition. Nothing has been done to remove the cause for complaint.

The building is in such a condition as to constitute a fire menace and a nuisance.

To enter the building at 248 Broadway, rear, Ward 3, and vacate and secure or remove same.

The owner, D. P. McIntire, of 444 Southampton street, South Boston, has been served with a notice relative to the unsafe condition of the building, but neglects to remove the cause for complaint.

The building is in such a condition as to constitute a fire menace and a nuisance.

To enter the building at 8 Euclid street, rear, Ward 17, and vacate and secure or remove same.

The owners, the Algonquin Corner Stone Association, Inc., care of Thomas A. Hunter of 667 Washington street, Dorchester, have been served with a notice relative to the unsafe condition of the building, but neglect to remove the cause for complaint.

The building is in such a condition as to constitute a fire menace and a nuisance.

To enter the building at 280 Ruggles street, Ward 4, and secure or remove same.

The owner, Sydney H. Hessellon, of 9 Thayer street, Quincy, has been served with a notice relative to the unsafe condition of the building, but neglects to remove the cause for complaint.

The building is in such a condition as to constitute a fire menace and a nuisance.

To enter the building at 711 Columbia road, rear, Ward 7, and vacate and secure or remove same.

The owner, G. V. Wattendorf of 720 Columbia road, has been served with a notice relative to the unsafe condition of the building, but neglects to remove the cause for complaint.

The building is in such a condition as to constitute a fire menace and a nuisance.

To enter the building at 10 Wilton street, Ward 22, and secure or remove same.

The owner, Sam Meloin of 31 Templeton park, Watertown, has been served with a notice relative to the unsafe condition of the building, but neglects to remove the cause for complaint.

The building is in such a condition as to constitute a fire menace and a nuisance.

To enter the building at 3283 Washington street, Ward 11, and secure or remove same.

The owner, Edna Adamson, care of William Schell of 73 Tremont street, has been served with a notice relative to the unsafe condition of the building, but neglects to remove the cause for complaint.

The building is in such a condition as to constitute a fire menace and a nuisance.

BOSTON EARTHQUAKE PROOF.

The following statement was made by Building Commissioner Rourke at the annual meeting of the Eastern section of the Seismological Society of America, held at the Massachusetts Institute of Technology on May 5:

Mr. Chairman and Gentlemen.

Doctor Keith's explanation regarding seismological disturbances in the north-east has been of remarkable interest and considerable comfort in that he does not look for any earthquake stronger than a No. 8 in Boston.

As regards the condition of Boston you will realize perhaps that there is a very bad earthquake risk in view of the fact that two thirds of downtown Boston is built on filled land or silt, but I wish to say right now that our first-class buildings as built are practically earthquake proof. In other words, I would not look for any serious damage in them unless a fault should open up in the immediate vicinity of the building. Some of our second-class buildings are fairly earthquake proof, depending largely on where they stand. The old builders, not for safety from earthquake, but rather in order to get the necessary bearing to carry the buildings, used pile foundations which they drove through the fill or silt. Today our trouble with these foundations is that the ground water level has dropped approximately a foot or a foot and a half from where it was when these foundations were put in. The result is in many cases the tops of these piles are rotted, and as we discover them they are sawed off and pinned up with concrete.

As regards safety from earthquakes in Boston, Mayor Nichols appointed an Emergency Committee to investigate emergencies, of which I was chairman. Among these emergencies were those that might arise from earthquake. The committee investigated the equipment of the various departments and we found that they all realize what an emergency may mean and are fairly well equipped to handle same.

The main danger comes in downtown Boston. To the south, beyond Northampton street, Roxbury, most of the buildings are on solid ground. The most damage done in earthquakes does not come from the earthquake itself but rather from the fire which usually follows. In this connection, I feel that our high pressure fire service in downtown Boston, which has an emergency connection with the salt water supply, would stand quite a shock, and we are fortunately situated in that we have water practically surrounding the peninsula of downtown Boston.

It is a common-sense proposition, realizing that earthquakes are possible in Boston, to provide against them by the best of work, but considering the conditions in Boston, I do not think that we need worry too much about safety.

AUTHORITY TO DO WORK.

The Mayor has approved the request of the Public Works Department for authority to reset edgestone on special foundation, relay brick sidewalks and gutters in Brent street, Dorchester, from Washington street to Wainwright street, with division forces, without advertising, the estimated cost for labor and material being \$3,000.

CITY CHARTER CHANGES.

In 1854, 1885, 1909 and 1924 important changes in the original City Charter of 1821 were effected for the purpose of improving the methods and efficiency of the City Government. The revision of 1854 (Chapter 448, Statute 1854) referred to the voters for acceptance, gave the Mayor a qualified veto over the action of the City Council, also the power of removal of appointed officials, besides providing for his election by a plurality instead of a majority vote. The amendments of 1885 (Chapter 266, Statute 1885) were not submitted to the voters for approval. They transferred all the executive powers to the Mayor prohibiting the City Council from interference with the executive and administrative business of the City. This was done in order to end the inefficiency resulting from an excessive number of joint committees, a municipal development conforming to the traditions of the outgrown town government.

The amendments of 1909 (Chapter 486, Statute 1909) cut down the number and powers of the legislative branch of the government to a minimum, the Board of Aldermen (13 members) and the Common Council (75 members) being abolished. For these was substituted a single City Council of nine members to be elected at large for 3-year term. The Mayor's position was further strengthened by giving him a 4-year term, subject to recall at end of two years, but requiring a majority of the registered voters to make the recall effective. The Mayor's power over appointments was no longer subject to check by aldermen but by a State board, the Civil Service Commission, and City elections were removed from all connection with national and State politics, no primaries nor caucuses being permitted, all candidates for office to be selected by means of nomination papers. The only question in this Act of 1909 which was submitted to the voters was contained in section 35, *i. e.*, whether Plan 1 or Plan 2 should be adopted, the first providing for a term of two years for Mayor and a City Council of 36 members to be chosen in primaries. Plan 2, providing for City Council of 9 members, was adopted by a majority of 3,894.

Charter of 1909 amended later as follows: (1) By Chapter 437, Acts of 1910, exempting loans issued for Rapid Transit construction from the prohibition of the establishing of sinking funds, as contained in section 26. (2) Chapter 730, Acts of 1914, fixing date of annual municipal election on the sixth Tuesday after the state election instead of in the following January, as in section 32; changing the requirement as to signatures on nomination papers to 3,000 for Mayor and 2,000 for City Council and School Committee instead of 5,000 for all, as in section 53, also limiting the number of nomination papers issued to 300 for a candidate for Mayor and 200 for other candidates, referring to section 54. (3) Chapter 37, Special Acts of 1918, annulling the jurat at end of nomination papers. (4) Chapter 94, Special Acts of 1918, abolishing recall of Mayor, and making him ineligible for re-election, *i. e.*, establishing a single term of four years, but not prohibiting the election of any Mayor for other than consecutive terms. (5) Chapter 288, Acts of 1921, fixing date of the annual municipal

election on the first Tuesday after the second Monday in December, also making slight changes as to nominations. (6) Chapter 133, Acts of 1922, changing publication of list of City officials and employees to every second year from 1923. (7) Chapter 479, Acts of 1924, providing for biennial City elections (dating from November 3, 1925); for borough or ward representation in City Council; for a fiscal year dating from January 1 to December 31, beginning in 1926, also a municipal year dating from the first Monday in January, to begin in 1926; for election of the five members of School Committee in 1925, the candidates receiving the two largest votes to hold office four years, the other three for two years and at the election in 1927 and thereafter the term for all to be four years. (8) Chapter 136, Acts of 1925, increasing the number of signatures of registered voters required to nominate a candidate for election to the City Council. (9) Chapter 105, Acts of 1926, relative to nominations for municipal elective offices.

The only amendment of 1924 subject to a referendum was the alternative of Plan 1 or Plan 2 as to the City Council. At the State election on November 4 Plan 2 was adopted, providing for the election by each ward in 1925 and every second year thereafter of one councillor for 2-year term.

MAYORS OF BOSTON.

In its 103 years of existence as a city Boston has had 36 elected Mayors and five *ex-officio* Acting Mayors. Of the 36 men who have held the office for one year or more, six were elected for other than consecutive terms and 25 were re-elected one or more times. Those born within the present limits of Boston numbered 21; in towns near Boston, 8; in neighboring New England States, 5; in Ireland, 2. The Mayor longest in office was Mayor Curley, who served 4 years ending February, 1918 and 3 years and 11 months, ending 1925. Next in length of service was Mayor Lincoln, serving 3 years ending 1860 and 4 years ending 1866. The first Mayor Quincy had the distinction of serving through six successive one-year terms ending 1828, and Mayor Fitzgerald also served 6 years but in two separated terms. Those who served 4 years were Mayors Prince, O'Brien, Matthews (third), Quincy, Hart and Peters. Mayor Collins was in office nearly 4 years, his death occurring 3½ months before his second term expired. Those serving 3 years were Mayors Otis, Eliot, Chapman (second), Quincy, Bigelow, Shurtleff and Cobb; 2 years, Mayors Wells, Lyman, Brimmer, Seaver, Smith, Rice, Wightman, Gaston, Pierce (22 months) and Hibbard; 1 year Mayors Phillips, Armstrong, Davis, Norcross, Green, Palmer, Martin and Curtis. The five Acting Mayors were Chairman (Board of Aldermen) Parker, Leavitt, Allen, Cutter and Whelton.

Mayor Otis was Speaker of Massachusetts House of Representatives, President of Senate, Representative in Congress also Senator before becoming Mayor. Mayor Armstrong was Lieutenant-Governor and at times Acting Governor before serving as Mayor. Mayors Rice and Gaston served 3 years and 1 year (respectively) as Governor after their terms as Mayor. Mayors Collins, Curley, Fitzgerald, Peters, Pierce and Rice have represented Boston in

the lower house of Congress, Mayor Peters having also served as assistant secretary of the Treasury.

Ex-Mayor Curtis was appointed Police Commissioner in 1919 for term of five years but his service was terminated by his death in 1922. Ex-Mayor Quincy died in 1919, and Ex-Mayor Green in 1918. (See annual City Document, *Municipal Register*, for full list of Mayors from 1822 to 1925, with place and date of birth, years of service and date of death.)

AREA AND POPULATION OF GREATER BOSTON.

Area of Northern Division, 150.8 square miles and population in 1920, 699,685, or a density of 4,619 per square miles; Southern Division, 214.8 square miles and 211,191 population, or density of only 983 per square miles; in the whole Metropolitan District, 4,051 per square miles. In percentages Boston shows 10.5 per cent of District's area and 45.09 per cent of population; Northern Division, 36.2 of area and 42.18 of population; Southern Division, 53.3 of area and 12.73 of population. In the period 1915-1920, increase of population 34,798 larger in Northern than in Southern Division.

Total land area of District, 409.5 square miles; population by census of 1920, 1,713,744 (as corrected) or 7.52 per cent increase over that of 1915. Of the total population of the State in 1920 "Greater Boston" had 43.86 per cent.

In 1925, as ordered by the new census law (Chap. 453, Acts of 1924) each municipality of the District undertook its own enumeration, the total population counted being 1,808,845 as of March 31. Boston's proportion of said total was 43.10 per cent. By the more reliable State Census of 1915 that proportion was 46.77 per cent.

TREASURY DEPARTMENT, 1925.

Treasury transactions in year 1925 (11 months) were as below:

PROCEEDINGS OF SCHOOL COMMITTEE.

Apr. 25, 1927.

A deferred regular meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 6.58 o'clock P. M., the Chairman presiding.

Present: Mrs. Barron, Dr. Bogan, Messrs. Gray, O'Hare and Sullivan.

AMENDMENT AND APPROVAL OF MINUTES.

On motion, the minutes of previous meetings were amended as follows:

Feb. 21, 1927, on page 47, to provide that the appointment of John F. Murphy, as temporary shop instructor, Boston Trade School, to take effect Feb. 28, 1927, shall read "shop instructor, building trades."

Apr. 4, 1927, on page 75, to provide that the appointment from the eligible list of William A. Mahaney as junior master, Dorchester High School for Boys, to take effect Apr. 12, 1927, shall read "third year, Apr. 13, 1927."

Apr. 4, 1927, on page 75, to provide that the appointment from the eligible list of Catherine G. Donahue, as assistant, elementary (from junior assistant), in the Christopher Gibson District, to take effect Apr. 12, 1927, shall read "second year."

The reading of the minutes of the previous meeting was omitted, the Board approving them as printed.

APPROVAL OF APPOINTMENTS.

The Chairman stated the question was on approving the appointments of teachers, as reported by the Superintendent and laid over at the previous meeting.

The appointments were approved.

DEATHS.

The Superintendent reported the death of the following-named teacher and school physician:

Henry L. Pierce District—Gertrude F. Briggs, first assistant, kindergarten, two sessions, Apr. 3, 1927.

Department of School Hygiene—Bradford Kent, M. D., school physician, Apr. 8, 1927.

Placed on file.

RESIGNATIONS.

The following resignations reported by the Superintendent, to take effect on the dates stated, were presented:

Agassiz District—Ellen G. Earnshaw, first assistant, kindergarten, Apr. 8, 1927.

Chapman District—Pauline C. Luppold, assistant, elementary, Apr. 14, 1927.

Accepted.

The following appointments and transfer by the Superintendent, certified by him as being in accordance with the rules and regulations, to take effect on the dates stated, were presented:

APPOINTMENTS.

(From the Eligible List).

Dorchester High School for Boys—George A. Reardon, junior master, May 3, 1927.

Dorchester High School for Girls—Edward E. Hunkins, junior master, (from junior assistant, Brighton High School), May 3, 1927.

Bennett District—Barbara T. Raithel, assistant, intermediate (from assistant, elementary, Everett District), May 3, 1927.

Department of School Hygiene—Mary C. Mullaney, school nurse, May 3, 1927.

Chapman District—Mary E. Forrest, Anna N. Mahony, assistants, elementary, May 3, 1927.

Everett District—Gertrude C. Cadogan, assistant, elementary, May 3, 1927.

William E. Russell District—Mary J. O'Leary, assistant, elementary, May 3, 1927.

Laid over.

Temporary School Nurses.

Department of School Hygiene—Mary E. Barry, Rose A. Murphy, school nurses, April 11, 1927.

Approved.

PLAYGROUNDS

Season of 1927.

Play Teachers—J. Ellis Ames, Ernest W. Anderson, John F. Barnicle, William F. Barrett, Edmund H. Barry, William F. Barry, Harry Brooks, Edward F. Brickley, William J. Brown, Paul M. Burke, Walter M. Burke, William H. Burke, J. Maynard Cheney, William A. Collieran, James P. Collins, John J. Connolly, Everett J. Conway, John W. Corcoran, John J. Coughlin, Thomas D. Craven, Walter A. Cremin, Charles J. Cronin, William J. Cunningham, John B. Dacey, Charles M. Doherty, James E. Dolan, James A. Donovan, Eugene H. Dorr, William F. Dowling, Francis J. Driscoll, Francis A. Duffey, James L. Dunbar, Frederick A. Dunfey, Frederick L. Eames, Charles H. Early, James L. Early, Ethel T. English, Miah Falvey, James J. Foley, Herbert G. Forsell, Roscoe G. Frame, Francis P. Frazier, Patrick L. Geary, John F. Gorman, John W. Gorman, Charles J. Hamlin, Frank J. Herlihy, Raymond F. Higgins, Cornelius J. Holland, Edwin C. Howard, William L. Hughes, B. Hazel Kane, John B. Kelley, Joseph E. Kelly, William S. Lenihan, Grace D. Lennon, Forrest Levis, Francis J. Lyons, William F. Mack, Frederick L. Mahoney, John J. Mahoney, W. Francis Mahoney, Joseph N. Manino, John L. Mayer, Frank E. McCarthy, Walter F. McCarthy, George F. McCarthy, John P. McEleney, Patrick J. McGuinness, Nelson I. Mixer, Charles L. Milward, James H. Nolan, Francis A. O'Brien, Francis P. O'Brien, John J. O'Brien, Cornelius J. O'Connell, Hugh O'Regan, William A. O'Shea, George H. Pearce, William H. Powers, Irvin D. Reade, William A. Reed, Joseph J. Reynolds, John A. Rice, Herman Roche, Chester S. Sevens, Albert L. Shaughnessy, John J. Sheehan, William R. Silva, James P. Sullivan, John P. Sullivan, Frederick L. Sweeney, Thomas F. J. Teehan, Francis Tobin, John H. Treanor, Frederick S. Whelton, Walter C. Winston, Francis O. Wood, Everett C. Yates.

Playground Teachers—Arline D. A'Hearn, Marie E. A'Hearn, Agnes T. Ahearn, Lily G. Alexander, Alma L. Ames, Lillian C. Aronson, Marguerite C. Baker, Beatrice Barish, Mary C. Barrett, Florence Barrish, Isabelle C. Barry, Gertrude Batattis, Mary L. Batchelder, Dorothy E. Baxter, Annie Bell,

Hilda Bensliman, Anna Block, J. Lillian Bloomberg, Charlotte C. Blue, Florence G. Bogrette, Marion E. Bogrette, Augusta F. Borenstein, Mary L. Bowes, Goldie Brass, Anna L. Brawley, Harriette M. Brazzelle, Dorothea E. Brett, Loretta A. Brodie, Ruth S. Brodie, Marie E. Brolund, Helen G. Brooks, Dolores M. Bryan, Catherine L. Burke, Anna T. Burke, Anna T. Burns, Mary C. Butler, Elizabeth A. Byrne, Mae A. Caffery, Anna M. Callahan, Josephine E. Campana, Ethel M. Campbell, Genevieve F. Campbell, Mary T. Carew, Mary C. Carr, Margaret M. Carton, Margaret L. Casey, Kathryn A. Chamberlain, Gladys C. Clahane, Margaret B. Clancy, Margaret E. Cleary, Julia Cluck, Geraldine M. Coffey, Delia G. Cohan, F. Gertrude Cohen, Eleanor S. Colwell, Elizabeth P. Condon, Frances Ruth Condon, Ruth E. Condon, Mary A. Consodine, Janet L. Cook, Mary A. Cooney, Edith E. Corchemny, Marie C. Cosgrove, Alice A. Costello, Ruth F. Coughlin, Kathleen D. Cox, Martha E. Crane, Mary A. Creagh, Bertha M. Crimmins, Mary G. Crofwell, Catherine L. Crowley, Catherine M. Crowley, Elizabeth M. Crowley, Lillian C. Crowley, Marie E. Cullity, Catherine C. Curran, Eleanor C. Curran, Katherine E. Curran, Marie F. Curran, Mary A. Curran, Mary P. Curran, Sadie M. Curran, Regina K. Curley, Mary E. Curry, Helen D. Curtin, Anabel M. Dacey, Helen E. Davis, Margaret H. Davis, Irene J. DeMeulenaer, Margaret M. Dempsey, Rose A. Dente, Virginia Dente, Alice L. Desmond, M. Irene Devine, Helen A. DeWitt, Edna L. Diedricks, Anna M. Dirksmeier, Mary L. Dixon, Mary C. Doherty, Mary V. Doherty, Mildred A. Doherty, Mildred A. Dolliver, Alice J. Donahoe, Alice R. Donahue, Elizabeth A. Donahue, Margaret B. Donigan, Clare R. Donahue, Helen V. Donnelly, M. Margaret Dorgan, Lillian Dosick, A. Gertrude Downey, Blanche M. Downing, Dora Doser, Dorothy P. Doyle, Mary M. Doyle, Evelyn V. Drew, Helen G. Drinan, Dorothea Duane, Margaret C. Dubb, Eleanor D. Duggan, Dorothy S. Dunbar, Dorothy E. Dunn, Beatrice Dvinsky, Helena F. Dwyer, Marie A. Dwyer, Katherine A. Eaton, Mary V. Eaton, Mary M. Edwards, Ruth A. Edwards, Katherine A. Eldridge, Freda Entoff, Rose M. Falbo, Eleanor F. Fallon, Katherine M. Fallon, Elene Farelo, Genevieve J. Farley, Anna G. Fennessy, Alma E. Field, Helen A. Finn, Mary B. Finn, Margaret E. Fisher, Mary F. Fitzgerald, Mary R. Flaherty, Ann I. Flynn, Esther Fleishman, Amelia A. Foss, Emily M. Fox, Helen E. Freeman, Mary R. Freiburger, Mary L. Furlong, Rose E. Gaffney, Mary B. Gallagher, Louise C. Galvin, Mary A. Galvin, Frances H. Garrett, Gertrude A. L. Geswell, Anna J. Gibbons, Josephine F. Gildea, Mary J. Gill, Bertha H. Gilmartin, Mary J. Glancy, Kathleen M. Gleason, M. Elizabeth Gleeson, Margaret M. Glennon, Katharine F. Glynn, Sadie Goldfine, Rose Goldsmith, Elizabeth M. Good, Grace M. Goodfellow, Helen Gorodetzky, Ada Gould, Eleanor Grant, Helen A. Greenblat, Alice M. Greene, Bessie L. Greenstein, Mary F. Griffin, Bertha Grund, Dorothy I. Guy, Hannah J. Hanlon, Frances A. Hanrihan, Grace Hardy, Eleanor K. Harrigan, Anna G. Harrington, Hazel A. Harrington, Hazel S. Harris, Mary B. Hart, Mary W. Hasty, Ella T. Hayes, Emma K. Heggie, Mary B. Helfrich, Julia R. Hennessey, Louise M. Hennessey, Mary M. Herlihy, Charlotte Herman, Marie L. Hohman, Agnes E. Holland,

Ruth E. Holland, Dorothy M. Holmes, Florence E. Horne, Evelyn L. Houghton, Margaret S. Humphrey, Catherine T. Hurley, Sue G. Hurley, Gladys Hurstak, Gertrude Hurwitz, Mary E. Hutchens, Martha L. Johnson, Margaret M. Kane, Evelyn A. Karcher, Mary E. Kean, Eleanor B. Keane, Sarah A. Keefe, Helen M. Kelley, Frances J. Kelly, Marie L. Kelley, Marjorie P. Kendrick, Josephine G. Kenneally, Grace G. Kiernan, Florence M. Killion, Dora E. King, Claire B. Kirkjian, Rose M. Klaus, Sarah Koplovsky, Sophia E. Koziewicz, Mildred M. Kresser, Sibyl Kuskin, Ruth P. Lang, Florence M. Lappin, Elizabeth R. Larrabee, Helen M. Leaney, Winifred A. M. LeDiouris, Louise R. Leen, Helen M. Leonard, Anna A. Leonardi, Rose Levitt, Leonore E. Lewis, Annie G. Libby, Margaret O. Lien, Mary H. Lill, Alice C. Lindberg, Edna Livingston, Carolyn R. Lowenstein, Ella F. Lombard, Grace R. Long, Edna F. Lufkin, Margaret E. Lundell, Alice A. Lyons, Helen M. Macdonald, Mary P. MacIntyre, Alice R. MacIsaac, Anna M. Madden, Pauline E. Madden, Rose L. Madden, Madeleine J. Maguire, Marion L. Mahoney, Kathleen B. Mahoney, Mary L. Mahoney, Miriam I. Mahoney, Catherine J. Mangan, Catherine T. Manning, Helen E. Mannix, Helen B. Maxwell, Julia C. McAndrew, Marie C. McCabe, Winifred A. McCabe, Grace E. McCall, Anna T. McCarron, Anna E. McCarthy, Clare McCarthy, Helen J. McCarthy, Katherine F. McCarthy, Mary E. McCarty, Marion L. McCarthy, Theresa C. McCarthy, Mary D. McCusker, Catherine H. McDonagh, Margaret E. McDonald, Myrtle M. McDonald, Helen J. McDonough, Sara M. McDonough, Helen M. McGinley, Bertha C. McGinty, Eleanor R. McGowan, Grace I. McInnes, Lillian C. McKay, Grace E. McKinnon, Jennie W. McKnight, Leona M. McLane, Dorothea A. McLaughlin, Mary M. McLaughlin, Helen A. McMorrow, Elizabeth A. McMurtry, Alice I. McTiernan, Lenore W. E. Mehringer, Doris B. Mellings, Mabel A. Michie, Ruth E. Miller, Edith A. Morris, Pearl D. Monaghan, Alice E. Moore, Alice G. Moran, Catherine Morley, A. Evelyn Morrison, Helen F. Morrison, Julia F. Morrison, Catherine G. Mulcahy, Margaret P. Mullen, Carolyn V. Murphy, Ellen A. Murphy, Helen F. Murphy, Margaret M. Murphy, Muriel H. Murray, Frances J. Nelson, Alberta H. Nickerson, Elise M. Nolan, Helen L. Noone, Mary C. Norton, Eleanor F. O'Brien, Elizabeth Ann O'Brien, Jane E. O'Brien, Helen M. O'Connell, Mary T. O'Connell, Helen M. O'Connor, Mary C. O'Connor, Elizabeth A. O'Doherty, Ruth M. O'Hara, Elizabeth M. O'Keefe, Frances C. O'Leary, Margaret F. O'Leary, Alice L. O'Neill, Helen O'Neill, Fred R. Oppen, Alice L. O'Rourke, Agnes M. O'Shea, Marguerite F. Otis, Elizabeth A. O'Toole, Isabel H. Owens, Anne M. Panico, Ethel M. Patridge, Rosalie A. Paten, Etta Perlmutter, Helen D. Perry, Viola R. Perry, Rae Pimentor, Alice L. Pomfret, Mary V. Quane, Ethel M. Queen, Marguerite E. Quilty, Anna R. Quinn, Ruth P. Rasmussen, Beatrice M. Reardon, Anna J. Reavey, Helen L. Regan, L. Josephine Reid, Emma Richter, Ida M. Rizzo, Clare M. Roach, Marguerite A. Rogers, Stella D. Rose, Josephine M. Roundtree, Barbara E. Ryan, Margaret M. Ryan, Anna M. V. Santosuosso, Florence K. Sarant, Nora A. Scanlon, Ada Schlosberg, Beatrice Segall, Anne Segal-

off, Dorothy G. Sharkey, Esther L. Shaw, M. Alice Sheridan, Sara I. Silverman, Mollie Sirkin, Margarita M. L. Sloan, Bernice A. Smith, Dorothy M. Sommers, Anna K. Spinale, Natalie Strauss, Mary V. St. Thomas, Beatrice E. Sudhalter, Mildred M. Sughrue, Catherine C. Sullivan, Elizabeth K. Sullivan, Helen F. Sullivan, Helen T. Sullivan, Margaret L. Sullivan, Monica P. Sullivan, Helen E. Sweeney, Mary C. Tapp, Elizabeth I. Teaffe, Ada V. Tedeschi, Helen M. Tilley, Mary A. Tilley, Kathleen A. Toland, Mary L. Trotter, Dorothy Troy, Ida C. Tucker, Helen F. Twiss, Mary T. Ulrich, Ellen A. Valuski, Elvira L. Vecchione, Mary T. Veracka, Gladys J. Vienneau, Florence Walden, Mary L. Walsh, Olive B. Watson, Eva B. Weiner, Edna A. Weierich, Helen C. Weiss, Mary E. Welch, Margaret M. Welch, Selma Wenetsky, Gertrude F. Whelan, Esther White, Freida G. White, Teresa M. White, Elizabeth P. Wight, Elizabeth G. Williams, Edna M. Wood, Annie L. Young, Rebecca Zoken, Rebecca Zobel.

Approved.

TEACHERS APPROVED FOR TEMPORARY SERVICE.

The Superintendent submitted under the provisions of section 255, paragraph 2 of the regulations, the following additions to the list of teachers approved by him for temporary service:

Day High Schools—Bertha M. S. Bragg, Morris H. Hewitt, Sadie M. Morse, Agnes M. Reardon.

Day Elementary Schools—Lillian E. Brooks, Helen K. Flynn, Lydia F. Higgins, Marguerite C. McBride, Mary R. McCooey, Gertrude T. McNamara, Helen C. Miles, Mary D. Sullivan.

Kindergartens—Marie E. Bulger. Continuation School—Thomas J. Collieran, George C. Gardiner.

Department of Special Classes—Marion L. Buker, Lillian G. Butler, Elizabeth M. Donnelly, Helen K. Flynn, Mary M. Goode, Mary K. Fitzgerald, Marguerite P. Leary, Esther T. Riggs, Grace Stewart.

Department of Household Science and Arts—Elizabeth C. Lawler, Sewing.

Approved.

TRANSFER OF TEACHER.

Quincy District—Lillian P. Silvestri, assistant, intermediate (boys' class), to the same position in the Michelangelo Intermediate District, Apr. 27, 1927.

Approved.

LEAVES OF ABSENCE.

On the report of the Superintendent, leave of absence was granted the following-named teachers for the terms specified:

High School of Practical Arts—Myrtle G. Williams, industrial instructor, April 6, 1927, one day, court summons.

Memorial High School (Girls)—Sophia M. Palm, assistant, April 1, 1927, one day, service on committee for the revision of course of study, without loss of pay.

Dearborn District—Alice C. Coleman, assistant, April 11, 1927, one-half day, service on course of study committee, without loss of pay.

Emily A. Fifield District—Margaret M. Briel, assistant, April 11, 1927, one-half day, service on course of study committee, without loss of pay.

William Lloyd Garrison District—B. Hazel Kane, assistant, elementary, April 11, 1927, one-half day, service on course of study committee, without loss of pay.

On the report of the Superintendent, leave of absence for study, study and travel or rest, was granted the following-named teachers for the terms specified:

Dorchester High School for Girls—Nina E. Titus, assistant, from Sept. 1, 1927 to Aug. 31, 1928, for rest.

Mechanic Arts High School—Edward H. Temple, junior master, from Sept. 1, 1927 to Aug. 31, 1928, for study.

Department of Manual Arts—Grace Reed, assistant, from Sept. 1, 1927, to Aug. 31, 1928, for rest.

DESIGNATION OF TEACHER.

A communication was received from the Superintendent, under date of April 25, 1927, reporting that, subject to the approval of the Board, he has made the following designation of a teacher to serve in the position indicated, until such time as it shall be filled otherwise, in accordance with the rules and regulations, to take effect on the date stated:

Hyde District—Ellen J. Brosnahan, assistant, intermediate, as acting master's assistant (vice Angela M. Pearce), Mar. 21, 1927.

Placed on file.

SALARY OF SUPERVISOR OF NUTRITION CLASSES.

On motion of the Superintendent, it was

ORDERED, That for the year ending Aug. 31, 1927, the salary of supervisor of nutrition classes is hereby established at the rate of fifteen hundred dollars (\$1500) per annum.

DATE OF GRADUATING EXERCISES, THE TEACHERS COLLEGE.

The Superintendent offered the following:

ORDERED, That the graduating exercises of The Teachers College be held on Tuesday afternoon, June 28, 1927.

Passed under a suspension of the rules.

AMENDMENT TO 'COURSE OF STUDY FOR THE LATIN SCHOOLS.

On motion of the Superintendent, it was

ORDERED, That School Document No. 11, 1917—Course of Study for the Latin Schools—is hereby amended as follows:

Page 8—Six-Year Course—Sixth Year (Class I.).

Page 9—Four-Year Course—Fourth Year (Class I.).

In each case amend the fifth line to read "Physics or Chemistry . . . 5"

Add the following footnote to pages 8 and 9:

Whether Physics or Chemistry shall be given is optional with the school.

Page 24—Six-Year Course.

Page 34—Four-Year Course.

Add the following paragraph after the paragraph which describes the course in Physics:

Chemistry: Five periods a week. Descriptive: A study of the methods of preparation and the properties and uses of the commoner elements and their more important compounds. Theoretical: A study of the simpler laws and theories necessary to an understanding of the subject. Practice in equation writing and the solution of problems. Laboratory work and teacher's demonstration experiments.

Add the following footnote to pages 24 and 34:

Physics and Chemistry will not be offered at the same time. Either subject may be given at the option of the school.

REPORT ON NON-ENGLISH LECTURES AND DISCUSSIONS IN SCHOOL BUILDINGS.

A communication was received from the Superintendent, under date of Apr. 25, 1926, submitting a report on the orders passed at the meeting of Mar. 21, 1927 (see p. 72), as follows:

"ORDERED, That the Superintendent is hereby requested to report to this Board at his early convenience, as to non-English lectures talks or oral discussions of any kind which have taken place, which are taking place and which are contemplated in public school buildings and be it further

"ORDERED, That the Superintendent, as a result of his investigation, recommend to this Board a definite policy as to further continuance of said non-English lectures talks or other oral discussions."

The Superintendent reported that immediately following the passage of the above orders, he held a conference with Mr. Joseph F. Gould, Director of Evening Schools, and with Mr. James T. Mulroy, Director of the Extended Use of the Public Schools. Mr. Michael J. Downey, Assistant Superintendent in charge of these two departments, also was present. From the testimony of Mr. Gould, it appears that in no instances is the use of a foreign language permitted in any of the evening schools, in Americanization classes, or in any of the activities under his direction. Mr. Mulroy stated that in a few instances, in the evening centers, announcements are made in a foreign tongue, and that very rarely an address by a foreign speaker is given. In order that we may have in the files a very definite statement with reference to these activities in the centers, the Superintendent sent the following communication to Mr. Mulroy under date of March 31:

"Will you kindly prepare for me a brief statement relative to the extent to which foreign languages are used by outside speakers or by school employees in the evening centers.

"In our recent interview, I understood that—

1. Occasional announcements are made in Yiddish at the Blackstone center.
2. Occasional announcements in Italian are similarly made at the Michelangelo center.
3. Occasionally, remarks or addresses in a foreign language are made at the centers, such as the Sarah Greenwood.

"Will you kindly reaffirm "1" and "2" above, and elaborate "3" to include specifically all instances that have come to your attention of addresses or remarks in a foreign language during the past year.

"Furthermore, I understood that you were to instruct your managers

to report to you forthwith in the future every instance of the use of a foreign language by any speaker other than a manager, associate manager, or some employee of the center."

In response thereto, Mr. Mulroy replied, under date of April 4, as follows:

"Replying to your letter of March 31, 1927, in which you request a statement relative to the extent to which foreign languages are used by outside speakers or by school employees in the evening centers:

"1. Occasional announcements, that might not be understood if made in English, are given in Yiddish at the William Blackstone School Center by one of the staff.

"2. Occasional announcements in Italian are similarly made in the Michelangelo School Center.

"3. At the Michelangelo School Center in conjunction with a series of historical motion pictures entitled the 'Chronicles of America,' explanatory remarks in Italian have been made between the reels.

"At this same school center an address in Italian was given during the present season by the Secretary of the North American Civic League for Immigrants on 'Keeping Your Child in School.'

"At the Sarah Greenwood School Center in connection with a free concert given by a Zion organization, a member of the committee in charge, between numbers, urged the audience in Yiddish to buy union bread only.

"At the William Blackstone School Center a local resident delivered an address in Yiddish on 'Boston and Its Educational Opportunities.'

"Recently I issued written instructions to the heads of school centers hereafter to report to me forthwith every instance of the use of a foreign language by any speaker other than an employee of the School Centers."

In order that there may be a complete record in the office of the Superintendent with reference to addresses in foreign languages, the Superintendent has asked Mr. Mulroy to report monthly the occasions when such addresses have been made by any speaker other than an employee of the school centers. These reports will be presented to the School Committee for its information.

It seems that for the present no further action is necessary.

The report was accepted and the communication placed on file.

APPOINTMENT OF ASSISTANT IN SUPERINTENDENT'S AND SECRETARY'S OFFICES.

A communication was received from the Secretary, under date of Apr. 25, 1927, reporting that, subject to the approval of the Board, she has appointed Ida A. Eichorn as assistant, Group C, in the offices of the Superintendent and the Secretary, to take effect Apr. 26, 1927.

Placed on file and the appointment approved.

On motion, it was ORDERED, That the salary of Ida A. Eichorn, assistant, Group C, in the offices of the Superintendent and the Secretary, is hereby established at the rate of twenty dollars (\$20) per week to take effect Apr. 26, 1927, and to continue until otherwise ordered.

APPOINTMENT OF SCHOOL PHYSICIANS.

A communication was received from the Secretary, under date of Apr. 25, 1927, reporting that the Division of Civil Service has certified the following-named persons as eligible for appointment to fill two vacancies as school physicians:

Morris A. Silberg, Maurice L. Silverstein, Jacob H. Matzkin, Edward D. Hartnett.

Placed on file.

On motion, Dr. Morris A. Silberg and Dr. Maurice L. Silverstein, the candidates standing highest on the list, were appointed school physicians, to take effect May 2, 1927.

A communication was received from the Secretary, under date of Apr. 25, 1927, reporting that the Division of Civil Service has certified the following-named person as eligible for appointment to fill one vacancy as school physician (woman):

Elizabeth V. O'Neill.

Placed on file.

On motion, Dr. Elizabeth V. O'Neill, the only candidate certified, was appointed school physician, to take effect May 2, 1927.

TRANSFER OF APPROPRIATIONS.

A communication was received from the Board of Apportionment, under date of Apr. 25, 1927, recommending the passage of the accompanying order providing an additional appropriation by transfer to cover the cost of a land and building item previously authorized.

Placed on file.

The following was offered:

ORDERED, That of the amount appropriated by the School Committee under date of Mar. 15, 1926 (see p. 46), the following amount is hereby transferred to the 1927 item of school accommodations as set forth below.

FROM

Item 14, 1926—Bennett District, Brighton: Plans and construction of four-room addition to the Alexander Hamilton Building, Grades I to VI.....\$30,000.00

TO

Item 8, 1927—Grover Cleveland Intermediate District, Dorchester: Construction of six classroom addition to Grover Cleveland School building (Item 45, 1926). (To cover change to an eight classroom addition).....\$30,000.00

Passed by the following vote:

YEAS—Mrs. Barron, Messrs. Bogan, Gray, O'Hare and Sullivan—5.
NAYS—0.

COMPENSATION OF CUSTODIANS OF UNOCCUPIED PORTABLE BUILDINGS.

A communication was received from the Business Manager, under date of April 25, 1927, reporting that the Committee which is now considering custodians' regulations has given attention to the communication from the Arbitration Committee of the Custodians' Association of the Boston Public Schools addressed to the School Committee under date of March 18, 1927, with reference to some payment for portable schools remaining unoccupied for school use in school yards.

A majority of the Committee recommends a rate of \$1.00 per week during such time as portables in school yards are unoccupied for school use, with the understanding that the Business Manager shall recommend the passage of an order to cover such rate, retroactive to September 1, 1926. The representative of the custodians believes the rate ought to be one-half the amount now allowed for portables.

The Business Manager recommended the passage of the accompanying order allowing compensation at the rate of \$1.00 per week to the custodians of portable schools remaining unoccupied for school use in school yards.

Placed on file.

On motion, it was

ORDERED, That beginning September 1, 1926 and during such period as portable schools shall remain unoccupied for school use in school yards, custodians shall be allowed and paid at the rate of one dollar (\$1.00) per week for each week in such period of unoccupancy, said compensation to be paid to the custodian on weekly certification to the Business Manager by the Schoolhouse Custodian covering the period beginning with Friday of one week and ending with Thursday of the following week.

APPOINTMENT TO A PORTABLE.

A communication was received from the Schoolhouse Custodian, under date of Apr. 25, 1927, recommending that James J. Walsh, custodian, Thomas J. Kenny Schoolhouse, be also appointed custodian of Portable No. 126, located in the yard of that school, to take effect Apr. 15, 1927.

Placed on file, and the appointment approved to take effect on the date stated.

MINIMUM COMPENSATION OF CERTAIN CUSTODIANS.

A communication was received from the Schoolhouse Custodian, under date of Apr. 25, 1927, recommending that the minimum rate of compensation, namely, thirty-two dollars (\$32) per week, shall apply to all school buildings heated with a horizontal return tubular boiler without regard to the number of class rooms, to take effect Jan. 1, 1927.

Placed on file.

On motion, it was

ORDERED, That the minimum rate of compensation for custodians of school buildings, namely, thirty-two dollars (\$32) per week, shall apply to all school buildings heated with a horizontal return tubular boiler, without regard to the number of class rooms, to take effect Jan. 1, 1927.

INSTALLATION IN SCHOOL BUILDINGS OF SAFETY DEVICES FOR WINDOW WASHERS.

On motion of Mr. Sullivan, it was **ORDERED,** That the Board of Schoolhouse Commissioners is hereby requested to equip all school buildings in the city with safety devices for the washing of windows in order

to safeguard the lives of custodians or others whom they may employ for the work, and, further, to arrange to have all school buildings hereafter erected so equipped.

The Board adjourned.

Attest:

ELLEN M. CRONIN,
Secretary.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

DIRECTOR, TUBERCULOSIS DIVISION, BOSTON HEALTH DEPARTMENT, MAY 17, 1927.

Requisition is for a male but the examination is open to both males and females.

Salary, \$5,000 per year.

Applicants must be not less than thirty-five nor over fifty-five years of age at the time of filing application.

A certificate of date of birth must be filed with the application.

Applicants must be graduates of a Class A medical school and be registered physicians under the Division of Registration in Medicine. It is desirable that applicants have special training in public health matters with at least five years' practical experience in epidemiology, including tuberculosis, either in national, state, or municipal health departments. It is also desirable that applicants have had experience in addressing public gatherings of medical, social, commercial or other lay groups on public health subjects and in promoting programs in regard to said public health measures.

Subjects and weights: Training and experience, 4; practical questions, 3; personality and fitness, as determined by an oral interview, 3; total, 10.

Applicants will be required to obtain at least 65 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

SCHOOL CUSTODIAN, LYNN SCHOOL DEPARTMENT, MAY 28, 1927.

Salary, \$3,000 per year.

This examination is open to all residents of Massachusetts.

Applicants must be not less than thirty nor over forty-five years of age at the time of filing application.

A certificate of date of birth must be filed with the application.

The duties of this position are to have custody of the school buildings and grounds, to recommend repairs, alterations and additions, and have supervision of same. The custodian should be able to construct plans for ordinary repair work, to draw definite, careful specifications, to estimate costs of minor repairs, to read blueprints, check jobs as per specifications, guard against waste by contractors, etc. He is required to visit and inspect the school buildings and is immediately responsible for the work of the janitors, engineers, and firemen. He also keeps or supervises the keeping of definite records covering the above activities.

Subjects and weights: Training and experience, 4; practical questions, 4; personality and fitness, as determined by an oral interview, 2; total, 10.

Applicants will be required to obtain at least 65 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

SALES AGENT (MALE), DEPARTMENT OF EDUCATION, DIVISION OF THE BLIND, MAY 28, 1927.

Salary, \$30 per week and expenses, and 5 per cent commission on all sales over \$200 a week.

It is desirable that applicants have a thorough knowledge of the broom trade and experience in selling brooms and mops.

Subjects and weights: Training and experience, 5; report, 1; special questions on salesmanship, 4; total, 10.

Successful applicants will be required to file a certificate, satisfactory to the commissioners, from a reputable physician as to their physical fitness for the position.

NUTRITIONIST AND HEALTH EDUCATOR, BOSTON HEALTH DEPARTMENT, MAY 31, 1927.

Requisition is for a female but the examination is open to both males and females.

Salary, \$1,800 per year.

Applicants must be not more than forty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application. It is desirable that applicants be graduates of a college or a recognized school of home economics or have equivalent training and education.

The duties of this position are the development and carrying out of a nutritional and educational program in the health units of the Boston Health Department; to teach proper food habits and home economics, and to conduct food and cooking classes at the health units; to be present at the health units when pre-school age clinics are functioning and during the periodic health examinations, so that the physicians in charge may refer to her diet problems; to work in connection with the prenatal clinics; to promote a general health educational program at the units tending to emphasize personal hygiene and proper health habits, which is to be carried out through poster work, playlets, organized games, and visual education.

Subjects and weights: Training and experience, 4; practical questions, 3; personality and fitness, as determined by an oral interview, 3; total, 10.

Applicants will be required to obtain at least 50 per cent in practical questions, and at least 65 per cent in training and experience, in the oral interview, and in general average in order to become eligible.

Successful applicants will be required to file a certificate, satisfactory to the commissioners, from a reputable physician as to their physical fitness for the position.

CLAIMS DISAPPROVED.

The Law Department has disapproved seventy-three claims against the city, aggregating \$9,633.87, and they are classified as follows:

Against the Collecting Department, one, amounting to \$63.90; against the Park Department, four, amounting to \$552.50; against the Police Department, one, amounting to \$22.50; against the Public Buildings Department, one, amounting to \$150; against the Public Works Department, sixty-five, amounting to \$8,544.97; against the Schoolhouse Department, one, amounting to \$300.

PROCEEDINGS OF SCHOOL
COMMITTEE.

May 2, 1927.

A regular meeting of the School
Committee of the City of Boston
was held in the Administration Build-
ing, 15 Beacon Street, at 6.43 o'clock
P. M., the Chairman presiding.

Present: Mrs. Barron, Messrs.
Bogan, Gray, O'Hare and Sullivan.

APPROVAL OF MINUTES.

The reading of the minutes of the
previous meeting was omitted, the
Board approving them as printed.

APPROVAL OF APPOINTMENTS

The Chairman stated the question
was on approving the appointments
of teachers, as reported by the Su-
perintendent and laid over at the
previous meeting.

The appointments were approved.

WITHDRAWAL OF NAME FROM
LIST OF TEACHERS APPROV-
ED FOR TEMPORARY SERVICE.

A communication was received
from the Superintendent under date
of May 2, 1927, reporting that he has
withdrawn the name of Morris H.
Hewitt, Day High Schools, from the
list of teachers approved for tem-
porary service, as submitted by him
at the meeting of April 25, 1927.

Placed on file.

RETIREMENT.

A communication was received
from the Superintendent under date
of May 2, 1927, reporting that, in ac-
cordance with the provisions of Sec-
tion 11, Chapter 521 of the Acts
of 1922, he has made application for
the retirement of Madeline B. Dis-
coll, master, Emily A. Fifield Dis-

trict, because of ordinary disability.
Placed on file.

The Superintendent reported the
retirement from active service of
the following-named member of the
Boston Retirement System, to take
effect Apr. 30, 1927, as certified by
the Boston Retirement Board, un-
der date of Apr. 21, 1927:

Emily A. Fifield District—Made-
line B. Driscoll, master, Apr. 30,
1927.

Placed on file.

The following appointments and
transfers by the Superintendent cer-
tified by him as being in accord-
ance with the rules and regulations,
to take effect on the dates stated,
were presented:

APPOINTMENTS.

Robert Gould Shaw, Theodore Roosevelt and Washington Irving Intermediate Schools at John W. Murphy, Jr., playground, Wednesday, May 25, 1927.

Grover Cleveland, John Winthrop and Lewis Intermediate Schools at Franklin Park Playground, Thursday May 26, 1927.

Donald McKay, Joseph H. Barnes and Michelangelo Intermediate Schools at Donald McKay Playground, Thursday, May 26, 1927.

Abraham Lincoln, Bennett, Bigelow, Washington and Washington Allston Intermediate Schools at Boston Common, Friday, May 27, 1927.

RESIGNATION FROM ADVISORY COMMITTEE.

A communication was received from the Superintendent, under date of May 2, 1927, submitting the resignation of E. Grosvenor Plowman as a member of the Advisory Committee on the Co-operative Industrial Course for Boys, Hyde Park High School.

Placed on file and the resignation accepted.

APPOINTMENT OF ASSISTANT IN SUPERINTENDENT'S AND SECRETARY'S OFFICES.

A communication was received from the Secretary, under date of May 2, 1927, reporting that, subject to the approval of the Board and with the approval of the Commissioner and Purchasing Agent, Commonwealth of Massachusetts, she has appointed Mary McGillicuddy, assistant, Group C, in the offices of the Superintendent and the Secretary, by transfer from the offices of the Commissioner and Purchasing Agent, to take effect May 11, 1927.

Placed on file and the appointment approved, to take effect on the date stated.

On motion, it was

ORDERED, That the salary of

Mary McGillicuddy, assistant, Group C, in the offices of the Superintendent and the Secretary, is hereby established at the rate of twenty dollars (\$20) per week, to take effect May 11, 1927, and to continue until otherwise ordered.

APPROPRIATIONS FOR ALTERATIONS AND REPAIRS.

A communication was received from the Board of Apportionment, under date of May 2, 1927, recommending that Item 19 of Major Educational Items, Alterations and Repairs, as approved by the School Committee at the meeting of Mar. 21, 1927, be rescinded, and that the accompanying new item be substituted in place thereof.

Placed on file.

On motion, the Board voted, yeas 5, nays 0, to rescind that part of its action of March 21, 1927 (sec pp. 69-71), which approved the following item of the order making appropriations "to provide funds for the alteration and repair of school buildings, for furniture, fixtures and means of escape in case of fire and for fire protection for existing buildings and for improving existing schoolyards, during the financial year January 1 to December 31, 1927":

B. Major Educational Items:
19. Michelangelo Intermediate District:

- (a) Change three suites of three rooms into three suites of two rooms.
- (b) Alter and repair domestic science accommodations.
- (c) Fit up new standard kitchen and new standard millinery room.
- (d) Alter accommodations for boys' shops as needed.

The following was offered:

ORDERED, That the following item is hereby substituted for Item B 19 of Major Educational Items of the order passed at the meeting of Mar. 21, 1927, making appropriation "to provide funds for the alteration and repair of school buildings, for furniture, fixtures and means of escape in case of fire and for fire protection for existing buildings and for improving existing schoolyards, during the financial year Jan. 1 to Dec. 31, 1927":

B. Major Educational Items:
19. Michelangelo Intermediate District:

- (a) Change three suites of three rooms into three suites of two rooms.
- (b) Remodel the domestic science suite.
- (c) Remodel and equip rooms 301 and 303 for sewing and millinery.
- (d) Enlarge rooms 107, 207 and 307.
- (e) Equip room 201 as a teachers' rest and study room.
- (f) Equip room 203 as a library.
- (g) Remodel the basement for manual training purposes.

Passed by the following vote:
YEAS—Mrs. Barron, Messrs. Bogan, Gray, O'Hare and Sullivan—5.
NAYS—0.

CONTRIBUTIONS FOR RELIEF OF MISSISSIPPI FLOOD SUFFERERS.

Mr. Sullivan offered the following:
ORDERED, That the Board of Superintendents is hereby instructed to authorize principals of schools and districts to permit and supervise the collection of voluntary contributions for the relief of thousands of homeless in the Mississippi catastrophe;

and, further, that this collection be given to the Red Cross for proper distribution.

In connection with the foregoing, Mr. Sullivan said: I sincerely hope that the school children throughout America will join with their Boston colleagues in measures of relief and aid to the thousands of school children in the stricken area made homeless by the devastating flood. I am sure that other school systems will desire to contribute to the general fund, and I would like to see Boston lead the way. If the children of the city contribute but one cent each, some \$1,280 will result; and if the children throughout America give but a meagre amount, hundreds of thousands of dollars will be obtained. The order submitted by Mr. Sullivan passed.

TRANSFER OF CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of May 2, 1927, transmitting a list of applicants desiring transfer to the custodianship of the Dwight School-house, and recommending that Arthur B. Callahan, custodian of the Girls' High School Annex, who stands at the head of the list, be appointed to the position, to take effect Apr. 29, 1927.

Placed on file and the transfer of Arthur B. Callahan approved, to take effect on the date stated.

A communication was received from the Schoolhouse Custodian, under date of May 2, 1927, transmitting a list of applicants desiring transfer to the custodianship of the Charles Bulfinch School-house, and recommending that Christopher C. Callahan, custodian of the Abby W. May and Old Thornton Street School-houses, who stands at the head of the list, be appointed to the position, to take effect Apr. 29, 1927.

Placed on file and the transfer of Christopher C. Callahan approved, to take effect on the date stated.

A communication was received from the Schoolhouse Custodian, under date of May 2, 1927, transmitting a list of applicants desiring transfer to the custodianship of the Spencer Memorial Annex, and recommending that Daniel J. Gibbons, custodian of the B. F. Tweed School-house, who stands at the head of the list, be appointed to the position, to take effect Apr. 29, 1927.

Placed on file and the transfer of Daniel J. Gibbons approved, to take effect on the date stated.

A communication was received from the Schoolhouse Custodian, under date of May 2, 1927, transmitting a list of applicants desiring transfer to the custodianship of the Abby W. May and Old Thornton Street School-houses, and recommending that Martin W. Green, custodian of the Aaron Davis School-house, who stands at the head of the list, be appointed to the position, to take effect May 8, 1927.

Placed on file and the transfer of Martin W. Green approved, to take effect on the date stated.

A communication was received from the Schoolhouse Custodian, under date of May 2, 1927, transmitting a list of applicants desiring transfer

to the custodianship of the Harvard School-house, and recommending that Lawrence J. McGovern, custodian of the Commodore Barry School-house, who stands at the head of the list, be appointed to the position, to take effect Apr. 29, 1927.

Placed on file and the transfer of Lawrence J. McGovern approved, to take effect on the date stated.

A communication was received from the Schoolhouse Custodian, under date of May 2, 1927, transmitting a list of applicants desiring transfer to the custodianship of the Commodore Barry School-house, and recommending that Thomas W. McLean, who stands at the head of the list, be appointed to the position, to take effect May 8, 1927.

Placed on file and the transfer of Thomas W. McLean approved, to take effect on the date stated.

STATEMENT RELATIVE TO MONEY AVAILABLE FOR INCREASING SALARIES.

Mr. Thomas E. Winston, representing the Boston Schoolmen's Economic Association, asked for and was granted the privilege of addressing the Committee in connection with the recent request of His Honor the Mayor that the School Committee withhold from appropriating to the full extent money available for the maintenance of the public schools.

Mr. Winston, on behalf of his organization, objected to the transfer of any available money under the control of the School Committee to the City Treasurer, even if it shall be found that such action can be taken legally, and referred to the attitude of the School Committee two years ago when it was stated that if money were available further salary adjustments would be made. If money is now available, Mr. Winston suggested that it be devoted to the salary schedule.

He then referred to the communication recently filed with the Committee showing the total assessed valuation and per capita valuations of the larger cities of the country, and saw no reason why Boston should not be able to pay salaries as large as any of the ten cities included in the said statement.

Mr. O'Hare referred to the record mentioned by Mr. Winston and read from the minutes of the meeting of June 18, 1925, the following extract from Mr. O'Hare's statement then made:

"Personally, stands for the schedule as presented, believing that while it does not give salaries deserved, it is a fair distribution of the money available."

The Board adjourned.

Attest:

ELLEN M. CRONIN,

Secretary.

POPULATION OF SUFFOLK COUNTY, 1920.

Total population 835,522, or 412,927 males and 422,595 females. Native whites 549,167 (270,494 males and 278,673 females) of which 202,412 were of native parentage, 266,949 of foreign parentage and 79,806 of mixed parentage; foreign-born whites 268,202, or 132,775 males and 135,427 females; Negroes, 16,880 or 8,560 males and 8,320 females; other races, 1,098 males and 175 females, totaling 1,273, 1,116 of these 1,273 were Chinese

PROCEEDINGS OF CITY COUNCIL.

Monday, May 9, 1927.

Regular meeting of the City Council, in the Council Chamber, City Hall, at 2 p. m., President HEFFERNAN in the chair, and all the members present.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council the following appointments were submitted by the Mayor:

Weigher of Goods: F. S. Hopkins, with Jenness Brothers & Co., Inc., 55 Fargo street, Boston.

Weigher of Coal and Weigher of Goods: Albert E. Robertson, with George H. Lincoln Company, 609 Main street, Wakefield.

Severally laid over a week under the law.

PIER AT HEADHOUSE.

The following was received:

City of Boston,

Office of the Mayor, May 5, 1927.

To the City Council.

Gentlemen,—I transmit herewith communication from the Park Department in reply to your order of April 25, 1927, in relation to repairing pier leading from Headhouse at South Boston.

Respectfully yours,
MALCOLM E. NICHOLS, Mayor.

City of Boston,

Park Department, May 3, 1927.

Hon. Malcolm E. Nichols,
Mayor of Boston.

Dear Sir,—I have your memorandum of April 28, with inclosure, order from the City Council that the Park Commission be requested, through his Honor the Mayor, to provide for the repair of the pier leading from the Headhouse at South Boston.

In reply I desire to inform you that two contracts were awarded for this work early in April, one of which has been completed and the other is in process of completion.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

QUARTERS OCCUPIED BY MAHONEY POST.

The following was received:

City of Boston,

Office of the Mayor, May 5, 1927.

To the City Council.

Gentlemen,—I transmit herewith a communication from the Public Buildings Department in reply to your order of April 4, 1927, in relation to placing in suitable condition the quarters occupied by the Mahoney Post, Veterans of Foreign Wars.

Yours respectfully,
MALCOLM E. NICHOLS, Mayor.

City of Boston,

Public Buildings Department, April 29, 1927.

Hon. Malcolm E. Nichols,
Mayor of Boston.

Dear Sir,—Replying to the inclosed order of the City Council that the Superintendent of Public Buildings be requested, through his Honor the Mayor, to place in suitable condition the quarters occupied by the Mahoney Post, V. F. W. on Elmwood street, Roxbury. I wish to say that as soon as the budget for the Public Buildings Department has been passed and approved I will pay a visit to this building and make any repairs that are necessary to protect the city's interest in the property.

Respectfully yours,

JOHN P. ENGLERT,

Superintendent of Public Buildings.

Placed on file.

COST OF FIRE APPARATUS.

City of Boston,

Office of the Mayor, April 30, 1927.

To the City Council.

Gentlemen,—I transmit herewith communication from the Supply Department in reply to your order of April 4, 1927, in relation to cost of five 750-gallons pumpers purchased for Fire Department from the American La-
France Company.

Respectfully yours,
MALCOLM E. NICHOLS, Mayor.

American LaFrance Fire Engine Company, Inc.

1265 Boylston street, April 11, 1927.
Mr. Herbert Frost,
Superintendent of Supplies.

Dear Mr. Frost,—Acknowledging your recent telephonic request for apparatus price comparisons.

Our company has always maintained an exact standard in chassis specifications, although we depart from standard when required in the matter of accessories and body work. Deviation, whether one of omission or addition, upsets the established routine of production.

In order to produce a standard chassis, there is involved engineering and design expressed in drawings, patterns, dies, templates, tools, etc. There is also involved the familiarity of our factory employees in the design and construction of our standard chassis gained through long experience and repetition of operation.

Departures from said standard to meet requirements of a customer require consultations between salesman, department representative and engineers involving expense in addition to cost of the changes in established practice and the cost of the items themselves. Special items required by Boston greatly outnumber those specified by St. Louis.

The company has to duplicate the special items and agrees to maintain a stock devoted only to Boston Fire Department at their Boston Branch; an imposed expense additional to those above mentioned.

We believe this satisfactorily answers your inquiry and justifies our prices.

Very truly yours,
JOSEPH A. WEBBER,
Sales Representative.

Placed on file.

TRANSFER OF LAND ON SCHOOLHOUSE COURT, CHARLESTOWN.

The following was received:

City of Boston,
Office of the Mayor, April 22, 1927.
To the City Council.

Gentlemen,—I hereby transmit the attached order of transfer. This order refers to a parcel of land on Schoolhouse court, Charlestown, Boston, Mass., given by George Holden Tinkham and others, for play purposes. This parcel of land was accepted by the City Council on January 12, 1920, and the acceptance approved by the then Mayor on January 13, 1920, and has been under the jurisdiction of the Park Commissioners.

The Schoolhouse Commissioners wish to enlarge the play yards of the Bunker Hill and Thomas Starr King Schools and have voted to take, subject to my approval, five parcels of land. The above-mentioned parcel is needed in addition to these five, to provide necessary play space.

The Park Commissioners voted, as of September 16, 1926, to request me to forward this order to you, and I respectfully recommend its passage.

Respectfully yours,
MALCOLM E. NICHOLS, Mayor.

Ordered, That the parcel of land on Schoolhouse court, Charlestown, Boston, Mass., be and hereby is transferred from the Park Department of the City of Boston to the School Committee of the City of Boston for play purposes in connection with the Bunker Hill and Thomas Starr King Schools, Charlestown.

Referred to the Executive Committee.

PARK AT CENTRE AND BICKFORD STREETS.

The following was received:

City of Boston,
Office of the Mayor, May 6, 1927.
To the City Council.

Gentlemen,—I transmit herewith communication from the Park Department in reply to your order of April 25, 1927, in relation to establishing of park at Centre street and Bickford street, Jamaica Plain.

Respectfully yours,
MALCOLM E. NICHOLS, Mayor.

City of Boston,
Park Department, May 2, 1927.
Hon. Malcolm E. Nichols,
Mayor of Boston.

Dear Sir,—I have your memorandum of April 28, 1927, with inclosure, order from the City Council that the Park Commission be requested, through his Honor the Mayor, to consider the advisability of taking, for park purposes, the lot of land on Centre and Bickford streets, Jamaica Plain.

In reply I desire to say that after an inspection of this property by the Park Commissioners and the landscape architect, it was deemed inadvisable to recommend the purchase of same, due to the fact that the area is too small, only part of the property would be sold, there is a large and dangerous reservoir connected with it and it is in close proximity to the Mozart Street Playground.

The difference between public and private ownership in pleasant naturalistic layouts like this one is most remarkable and the experience of the Boston Park Department has shown the destruction that awaits sloping grass land of this kind or even grass on any surface where intensive use is involved. The proximity of the ground to the windows of the factory would require high protective screens, and the deep reservoir adds another complicating feature.

If it were possible to urge the owners to continue the maintenance of this charming spot for the private use for which its layout seems peculiarly adapted, it would be of considerable benefit to the neighborhood.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

L STREET BATHS.

The following was received:

City of Boston,
Office of the Mayor, May 6, 1927.
To the City Council.

Gentlemen,—I transmit herewith communication from the Park Department in reply to your order of April 25 in relation to resanding of the L Street Baths.

Respectfully yours,
MALCOLM E. NICHOLS, Mayor.

City of Boston,
Park Department, May 3, 1927.
Hon. Malcolm E. Nichols,
Mayor of Boston.

Dear Sir,—I have your memorandum of April 28, with inclosure, order from the City Council that the Park Commission be requested, through his Honor the Mayor, to provide for the resanding of the L Street Baths.

In reply I desire to say that the Board of Park Commissioners feel that the sand which has been washed up to the walk can be placed back on the beach, thus covering over the small stones, sea shells, etc. This work will be completed in the near future.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

BRANCH LIBRARY, EGLESTON SQUARE.

The following was received:

City of Boston,
Office of the Mayor, May 9, 1927.
To the City Council.

Gentlemen,—I transmit herewith a communication from the Public Library of the City of Boston in reply to your order of April 4, 1927, in relation to locating and maintaining a branch library and reading room at Egleston square, Ward 11.

Yours respectfully,
MALCOLM E. NICHOLS, Mayor.

City of Boston,
Library Department, May 7, 1927.
Mrs. I. Hibbard, Assistant Secretary,
Office of the Mayor.

Dear Mrs. Hibbard—The order of the City Council of April 4 requesting a branch library at Egleston square was presented to the Board of Trustees at their regular meeting on May 2. The matter was referred to Mr. Gordon Abbott, who constitutes the Board's Committee on Branches.

Because of the drastic cut in the annual budget submitted by the Board, amounting to over \$121,000, it is the Board's opinion that no branch library extension will be possible this current year.

Very truly yours,
CHARLES BELDEN,
Director.

Placed on file.

CHANDLER POND, BRIGHTON.

The following was received:

City of Boston,
Office of the Mayor, May 9, 1927.
To the City Council.

Gentlemen,—I transmit herewith a communication from the City Planning Board in reply to your order of February 14, 1927, in relation to taking over Chandler pond, Brighton, for park purposes.

Yours respectfully,
MALCOLM E. NICHOLS, Mayor.

City of Boston,
City Planning Board, May 5, 1927.
Hon. Malcolm E. Nichols,
Mayor of Boston.

Dear Sir,—In compliance with the foregoing order passed by the City Council at its meeting February 14, 1927, the City Planning Board submits the following report relative to the advisability of the City of Boston taking over Chandler pond, Brighton, for park purposes.

Chandler pond, Brighton, as indicated on the accompanying photostat, lies on the west-erly side of Lake street, and comprises, according to the 1926 assessors' list, 1,249,811 square feet of land, valued at \$37,500.

At the present time, the pond on the south-east side is being filled with refuse. Four new houses have been constructed along the sewer taking between the pond and Lake street, while several other houses are under construction on the northerly side. From the work already done, therefore, and from the plans tentatively submitted to various city departments, it would appear to be the intention to eventually develop the entire area for residential purposes.

The City Planning Board is advised by the Park Department that in its opinion the area is not suitable for park or playground purposes, in view of its close proximity to Rogers Park, while at the head of Lake street is Chestnut Hill, one of the largest parks in the city, and within a short distance is Chestnut Hill Playground.

While the acquisition of the area under consideration would have certain advantages, it is a fact that this particular section of the Brighton district is apparently more fortunate, so far as recreational facilities are concerned, than is the case in many other localities.

There is also the further fact that the location of this particular area is at the extreme edge of the district and within about 1,000 feet of the Newton line.

In addition to the purchase price, which the city would be called upon to assume in case of the acquisition of the area, there would be a very considerable amount required for its development, and also a considerable annual amount for maintenance and supervision particularly if maintained as a water area.

It is the opinion of the City Planning Board, therefore, that the interests of the community would be better served by the expenditure of such sums of money as are available in the further development of Rogers Park with regard to which a recommendation was submitted under date of August 12, 1925, and in the establishment of additional playground facilities in the Faneuil district as reported upon under date of July 30, 1926.

The acquisition by the City of Boston for park purposes of the area known as Chandler pond, therefore, is not recommended.

Respectfully submitted,
THE CITY PLANNING BOARD,
FREDERIC H. FAY,
Chairman.

Placed on file.

COLUMBUS AVENUE BRIDGE.

The following was received:

City of Boston,
Office of the Mayor, May 9, 1927.
To the City Council.

Gentlemen,—I am in receipt of the attached letter from the Commissioner of Public Works relative to the condition of that section of the Columbus Avenue Bridge which runs over the tracks of the Boston & Albany Railroad. In the opinion of the commissioner plans should be made for the reconstruction of this bridge, which, at the present time, is in very bad condition. Before any reconstruction work can be started it will be necessary to petition the Department of Public Utilities for its decision as to the necessity for rebuilding. I submit herewith an order providing for the necessary petition and respectfully recommend its adoption by your honorable body.

Respectfully,
MALCOLM E. NICHOLS, Mayor.

City of Boston,
Public Works Department, March 29, 1927.
To the Honorable the Mayor.

It has been known for some time that Columbus Avenue Bridge, over the Boston & Albany Railroad, was in bad condition. An inspection on March 23, 1927, shows that the bridge is in very poor shape, and undoubtedly it will not last another year and it may not go through this year.

Surveys and studies are being made for its reconstruction. To rebuild this bridge will cost about \$80,000, which sum could properly be obtained by loan as has been the custom in past years.

I respectfully recommend that an order be sent to the City Council to petition the Public Utilities Commission as to the necessity for rebuilding and that the usual legal re-

quirements be complied with in order that the work may be started.

The bridge should be rebuilt of steel and concrete, with all the steel encased in concrete to protect it from the action of locomotive gases.

Yours respectfully,
JAMES H. SULLIVAN,
Commissioner of Public Works.

Whereas, Columbus avenue, a public way in the City of Boston, crosses the tracks of the Boston & Albany Railroad by an overhead bridge; and

Whereas, We are of the opinion that it is necessary for the security and convenience of the public that an alteration which does not involve the abolition of the crossing at grade should be made in said overhead bridge and its approaches;

Ordered, That the Corporation Counsel, in the name of the City Council of Boston, apply to the Department of Public Utilities for its decision upon the necessity of such alteration, and for prescribing the manner and limits within which it shall be made; and if the decision of the Department of Public Utilities is that an alteration is necessary, that the Corporation Counsel take such legal proceedings as are necessary to have such decision carried into effect in compliance with sections 59 to 64, both inclusive, of chapter 159 of the General Laws.

Referred to the Executive Committee.

PETITIONS RECEIVED.

The following petitions were received and severally referred to the committees named, viz.:

Claims.

Waldo Carlson, for compensation for damage to automobile by city truck.

Lena Catalano, for compensation for injuries received on ferryboat.

Anthony Cerniglia, for compensation for injuries caused by an alleged defect at 131 Chambers street.

Joseph B. Corey, for compensation for collapse of boiler at 37 Glenhill road, caused by shutting off water.

Catherine Desmond, for compensation for loss of umbrella at City Hospital.

Beverly B. Dickerson, for refund on refuse tickets.

Eleanor A. Frederick, for compensation for damage to property and person caused by collision with fire apparatus.

Paul Ginsberg, for compensation for damage to automobile caused by collision with officer on motorcycle.

Jacob Glazer, for refund on fee paid for license for lunch room.

William A. Hinton, for compensation for damage to automobile by fire apparatus.

John H. Kelly, for compensation for damage to automobile by city car.

George J. Maitland, for compensation for damage to automobile caused by an alleged defect in Warren street, Brighton.

George L. Noel, for compensation for damage to automobile by sanitary cart.

Edward L. Sturtevant, for refund on building permit.

Munroe & Arnold-Merritt Express Company, for compensation for injuries to horse caused by falling into sewer hole on Portland street.

Harrison White, for compensation for damage to truck by sanitary truck.

Executive.

Petitions for children under fifteen years of age to appear at places of public amusement, viz.:

Ethel Dwyer, Whiton Hall, May 16.

Amelia Burnham, Jordan Hall, May 23.

ORGANIZATION OF HOSPITAL TRUSTEES.

Notice was received of the organization of the Trustees of the Boston City Hospital by the election of Joseph P. Manning as president and Thomas Forsyth as secretary.

Placed on file.

APPROVAL OF APPOINTMENT.

Notice was received of the approval by the Commissioners of Civil Service of the appointment of W. Franklin Burnham, as member of the Board of Appeal.

Placed on file.

APPOINTMENTS BY THE MAYOR.

Notice was received of the following appointments by the Mayor:

Morris Bronstein, 480 Jamaica way, member of Board of Overseers of Public Welfare.

Sophie M. Friedman, 206 Bay State road, member of Board of Overseers of Public Welfare.

James J. Moynihan, 5 Rocky Hill avenue, Dorchester, member of Board of Overseers of Public Welfare.

John D. Marks, 44 Quint avenue, Allston, member of Board of Appeal.

Thomas F. Sullivan, 1736 Columbia road, South Boston, Commissioner of Transit Department.

Nathan A. Heller, 41 Howland street, Roxbury, Transit Commissioner.

James B. Noyes, 186 Bay State road, Transit Commissioner.

Severally placed on file.

ACTING PARK COMMISSIONER.

Notice was received from his Honor the Mayor of designation of Frank S. Deland, Corporation Counsel, to be Acting Park Commissioner, beginning at close of business May 3, 1927, in place of Myron P. Lewis, resigned. Placed on file.

APPOINTMENT OF SANITARY INSPECTOR.

Notice was received from the Health Department of appointment of Joseph T. Ryan as sanitary inspector, effective April 27, 1927. Placed on file.

RAILROAD POLICE.

Notice was received from the Police Department of appointment of railroad police on New York, New Haven & Hartford Railroad. Placed on file.

SIDEWALK ASSESSMENTS.

A communication was received from the Commissioner of Public Works submitting cost of construction of artificial stone sidewalk on Ellington street, Ward 14, half cost of \$1,818 to be assessed according to a schedule submitted, and submitting following order:

Ordered, That the persons named in the foregoing schedule be and the same are hereby assessed the sums set against their names as their proportionate parts of the cost of constructing sidewalks and edgestones in front of their estates bordering on Ellington street, south side, Nos. 87-97, north side, Nos. 78-150, from Erie street to Greenwood street, both sides, Ward 14, and the sum is ordered to be certified and notice be given to the persons aforesaid.

The order was passed under suspension of the rule.

STORAGE AND SALE OF GASOLINE.

Notice was received from the Street Laying-Off Department of hearings to be given on May 23 on petitions for storage and sale of gasoline, viz.:

Jacob Brown, 321 Freeport street, Ward 16, 2,000 gallons.

John P. Clancy, 126 Bowdoin street, Ward 15, 2,000 gallons.

New England Rendering Company, 39 Market street, Ward 22, 1,000 gallons.

James P. Pierce, 970 Washington street, Ward 17, 3,000 gallons.

Referred to the Executive Committee.

CONSTABLES' BONDS APPROVED.

The bonds of the following-named constables, having been duly approved by the City Treasurer, were received and approved, viz.:

Daniel J. Barry, David Belson, George A. Borofski, Charles B. Broad, George W. Brooker, Louis Bubb, Henry P. Burns, Sherman H. Calderwood, Daniel B. Carmody, Thomas C. Carr, Hyman Charney, William K. Coburn, William F. Cogan, Louis Cohen, Arthur E. Connor, William S. Cooper, George G. Drew, Charles W. Duran, Frank R. Farrell, Thomas Fee, Thomas Freedman, Harris Friedberg, Paul R. Gast, James W. Gilmore, Maurice J. Glick, Louis Goldberg, Samuel Goldmeer, John S. Grady, Sears H. Grant, Salvatore Grassa, George W. Green, Harry Greenbaum, William C. Gregory, Charles F. Hale, St. Clair E. Hale, John D. Hayes, John H. Howard, Jacob Isgur, Walter Isidor, Max Jacobs, David Kaplan, James Kaplan, David Keller, William H. Kenney, Clarence H. Knowlton, Bronis Kontrim, Mark H. Krafus, Antonio Longarini, Joseph G. Luke, John C. McCluskey, William E. McIlvane, Elmer S. Nyman, Michael W. Ober, James E. O'Brien, Michael O'Donnell, Jefferson H. Parker, Philip S. Phillips, Benjamin Powell, Robert Reid, Robert E. Scott, Barnett Serkin, Samuel Shain, Frank Shaw, Joseph P. Silsby, Abraham Singer, Joseph Todisco, Joseph M. Torr, Aber Uckerman, Sidney A. Vinton, John J. Walsh, Charles F. Weinberg, Abraham I. Weiss.

TRANSIENT VENDOR.

The application for license as transient vendor of Albert Greene, accompanied by bond for \$500 of Maryland Casualty Company, was received and placed on file.

LOAN FOR LONG ISLAND HOSPITAL.

President HEFFERNAN called up, under unfinished business, No. 5 on the calendar, viz.:

5. Ordered, That the sum of one million (1,000,000) dollars be and the same is hereby appropriated for new buildings and additions to existing buildings at Long Island, as well as for equipment and furniture for such new buildings and additions, all for Institutions Department purposes, and that to meet said appropriation the City Treasurer be and hereby is authorized to issue from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

On April 25, 1927, the foregoing order was read once and passed, yeas 15, nays 6.

The question came on giving the order its second reading and passage, and the order was passed yeas 16, nays 5, viz.:

Yeas—Coun. Arnold, Donovan, Englert, Fitzgerald, Gilbody, Green, Guild, Heffernan, Keene, Lynch, Mahoney, McMahon, Parkman, Ruby, Wilson, Wragg—16.

Nays—Coun. Dowd, Dowling, Freeley, McGrath, Ward—5.

REPAVING OF PARK STREET.

Coun. WILSON offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving, Park street, from Washington street to the Midland Division of the New York, New Haven & Hartford Railroad, Ward 17.

Passed under suspension of the rule.

PURCHASE OF ELECTRIC LIGHT POLES.

Coun. WILSON offered the following:

Ordered, That the Greater Boston Committee of the City Council investigate the practicability and estimated expense of purchasing the 6,010 electric light poles and equipment now above ground in use by the City of Boston and eliminating by such purchase hereafter any charge per lamp per year other than a measured charge per kilowatt hour for the actual electric light current used in each electric street lamp.

Referred to the Committee on Greater Boston.

EDISON CHARGES TO CITY.

Coun. WILSON offered the following:

Ordered, That the Commissioner of Public Works, through his Honor the Mayor, be and he hereby is respectfully requested to obtain forthwith from the Public Utilities Commission and also from the Edison Electric Illuminating Company, for the information of the City Council, such facts and figures as may substantially determine:

1. The total amount paid by the City of Boston during the year 1926 to the Edison Light Company for the 6,000 electric lamps, more or less, maintained on the streets of the City of Boston.

2. The annual charge per lamp made to the City of Boston by the Edison Light Company during 1926 with reference to lamps in use commencing January 1, 1926.

3. What proportionate amount of the charge of \$93.42 per lamp per year made by the Edison Light Company to the City of Boston is for (a) the lamp and equipment, (b) maintenance, (c) electric current.

4. The actual present additional cost to the Edison Light Company of installing one additional electric light pole and lamp ready to light, on Massachusetts avenue, in the City of Boston.

5. The total annual charge per lamp being made by the Edison Light Company to the City of Boston for electric current supplied the 6,000 electric lights, more or less.

6. The total annual charge per lamp being made for the year 1927 by the Edison Light Company to the City of Boston for the maintenance, repairs and replacements.

7. The total annual charge per lamp being made for the year 1927 by the Edison Light Company to the City of Boston for each electric light pole and its equipment, and presumably covering amortization or depreciation of such pole and equipment.

8. The actual initial present expense to the Edison Light Company of installing one additional electric light pole and equipment on

Talbot avenue, Dorchester,—connected with the present electric light system and ready to light.

9. Why it is not just as feasible and practicable for the City of Boston itself to purchase outright and own each separate electric light pole above ground as it is for the City of Boston to purchase and own each gas pole above ground.

10. Why it is not just as feasible and practicable for the City of Boston to purchase outright and own each additional electric light pole, completely installed above ground and ready to light as it is for the individual house owner of the City of Boston to install in his privately owned dwelling house all electric light equipment ready for metered use of the electric light current of the Edison Light Company.

11. Why it is not just as feasible and practicable for the Edison Light Company gratuitously to furnish electric light globes for each of the 6,010 electric lamps in use by the City of Boston on January 31, 1927, as it is for the Edison Light Company to furnish gratuitously for each individual private dwelling equipped with electric wiring a complete set of electric light bulbs.

12. The cause and items comprising the increase in the cost to the City of Boston per lamp per year from \$89 per lamp annually in 1923 or 1924 to \$93.42 annually per lamp in 1926 or 1927.

13. The separate items which are included in the total annual price of \$93.42 per lamp together with the estimated separate cost of each said item per lamp per year.

14. The total cost per pole of each of the 123 electric light poles purchased and now in use by the Police Department of the City of Boston, not including any cost of maintenance or operation.

Coun. WILSON—Mr. President, these two orders are to a great extent self-explanatory. At the present time, I might state, as is well known by the members of the Council, the City of Boston pays the Edison Electric Illuminating Company \$93.42 annually per lamp for each of the 6,010 boulevard electric lights on the streets of our city. This includes equipment, maintenance and electric current. I believe the facts and figures will show that one third of the amount is for pole rental, on poles which could probably be purchased outright for less than \$100 each. I submit that if only \$10 on the \$93.42 is for pole rental, it means an item of \$60,000 a year on 6,000 poles, and if the rental figure is \$30 per pole, it means \$180,000 annually. The private householder buys his own electric wiring and fixtures, and pays the Edison Company only for the current used. Ordinary business efficiency would seem to suggest the city's doing likewise. If we find the City of Boston buying outright the gas light poles, it would seem equally feasible and practicable to buy outright the electric light poles. If the idea is not practicable, then why is the city able to buy its gas light poles and pay the Boston Consolidated Gas Company no rental on poles, but only for gas used? It is simply that we may obtain the facts and figures from the Edison Company, and perhaps consider the matter at an early Greater Boston hearing, that I submit this list of detailed questions.

The order was referred to the Executive Committee.

HOMEOPATHIC HOSPITAL BUILDINGS.

Coun. WARD—Mr. President, I would like to ask if we have had any report on the order introduced by Coun. Wilson on May 2, as follows:

"Ordered, That the Institutions Commissioner, through his Honor the Mayor, be and he hereby is respectfully requested to investigate and report to the City Council with reference to the availability and possible purchase price by the City of Boston of the Homeopathic Hospital buildings for use of same by the chronic sick."

I have been wondering if a report has been received back upon that order yet?

President HEFFERNAN—No report has been received as yet.

MORTON STREET BRIDGE.

Coun. WILSON offered the following:

Whereas, The new Morton street extension, a public way in the Dorchester district of the City of Boston, crosses over the tracks of the Midland Division of the New York, New Haven & Hartford Railroad by an overhead bridge adjacent to the Morton street station; and whereas it is necessary for the security and convenience of the public and particularly automobile traffic on Morton street that an alteration be made which shall not involve the abolition of the crossing, but which does require the widening and the repairing of said overhead bridges and its approaches now

barely 30 feet wide, to the approximately 80 foot width of said highway;

Ordered, That the Corporation Counsel in the name and behalf of the City Council be and he hereby is requested and required to apply to the Department of Public Utilities for its decision upon the necessity of such alteration or alterations and for prescribing the manner and limits within which same shall be made, and if the decision of the Department of Public Utilities is that alteration or alterations be necessary, that the Corporation Counsel take such legal proceedings as may be necessary or advisable to have such decision carried into effect in compliance with the General Laws of the Commonwealth of Massachusetts and any additions and amendments thereto.

Referred to the Executive Committee.

SAFETY OF FLOORS IN SCHOOL BUILDINGS.

Coun. WILSON offered the following:

Ordered, That the Schoolhouse Department, through his Honor the Mayor, be requested to advise the City Council forthwith whether the Continuation School and the new schools being constructed in Roxbury and Hyde Park will meet safe and proper engineering requirements with floor slab material composed of the slag blocks, as at present manufactured by the Republic Fireproofing Company, and further, whether, if the floors of these three schools are so constructed, the completed buildings are expected to pass and will pass the building laws of the City of Boston.

Coun. WILSON—Mr. President, at the time when an answer comes through to this question, which has been directed to the Schoolhouse Department, I will probably have some remarks of importance to make. At the present time I merely ask that the order be passed under suspension of the rule, hearing in mind the fact that if there is one class of buildings in the City of Boston that must be undeniably and assuredly safe, it is the schoolhouse buildings.

The order was passed under suspension of the rule.

INCINERATORS FOR REFUSE DISPOSAL.

Coun. WILSON submitted the following:

Ordered, That the Commissioner of Public Works, through his Honor the Mayor, be and hereby is respectfully requested to advise the City Council as to the prospects, if any, of an early serious consideration of the problem of installation of incinerators for refuse disposal in at least one or more of the seven rubbish disposal districts of the City of Boston.

Coun. WILSON—Mr. President, on the second day of August, last year, an order was put into this Council requesting an estimate of the cost of incinerator installation in this city in lieu of the present antiquated and unsanitary dump system. Three months later, on the 8th of November, the Commissioner of Public Works submitted an estimate of \$4,000,000 "to properly solve the problem." He divided the city into seven districts, at varying costs, estimated at from \$335,000 up. I submit, although it may or may not take \$4,000,000 to properly solve the problem in its entirety, for all seven districts, I see no reason why a start cannot be made in one or two of the districts during the current year.

The order was referred to the Executive Committee.

CONDITIONS OF SUFFOLK COUNTY COURTHOUSE.

Coun. WILSON offered the following:

Ordered, That the Committee on County Accounts be instructed to make further investigation of the overcrowded conditions of the Suffolk County Courthouse and the possibility of purchasing the adjoining properties, numbered 29, 35 and 37 Pemberton square, for the construction of a suitable modern annex on said locations as well as on the dead end of Pemberton square which public areaway is now chiefly used for all day parking of automobiles.

Coun. WILSON—Mr. President, I will simply say with reference to this order that I am moved to put it in owing to the fact that, as I understand the situation, Superintendent Englert of the Public Buildings Department and Mr. Seaver of Oak and Tyler streets, together with others, made a very conclusive and exhaustive survey of these particular buildings of Saturday of last week, and the information they gleaned may be most enlightening. Last spring the Committee on Counties heard such evidence, I think, as would warrant the belief that early and substantial additions to the present Suffolk

County Courthouse are an absolute necessity. Since that time the police headquarters has been moved to Stuart street, and the former quarters are idle and untenanted. In view of the existing situation it seems to me idle to talk of locations for a new courthouse building, when adequate quarters are idle and available, adjacent to the courthouse, not only Nos. 29, 35 and 37 Pemberton square, but also with the addition of the dead-end street in Pemberton square, which at the present time so far as the naked eye can observe is used chiefly for the parking all day of automobiles. The order was referred to the Executive Committee.

ELEVATORS IN CITY HALL.

Coun. KEENE offered the following:

Ordered, That the Superintendent of Public Buildings be requested, through his Honor the Mayor, to install electric or self-operating equipment on at least one of the new elevators in City Hall from the balance of \$15,000 still available in the \$50,000 loan passed for new elevators by the City Council. Passed under suspension of the rule.

CLOSING OF COLUMBUS AVENUE.

Coun. WARD offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to close Columbus avenue until such time as it is safe for vehicular travel.

Coun. WARD—Mr. President, what prompts me to present this order is the deplorable condition of Columbus avenue. Probably most of the members have had occasion to realize the condition that the street is in, but I think the greatest criterion of that is the fact that reference to our Law Department will show the number of suits that are brought against the city because of broken springs and axles of automobiles going over the avenue. Therefore, I move a suspension of the rule and the passage of the order.

The order was passed under suspension of the rule.

ANNUITY TO WIDOW OF FRANK H. LASKEY.

Coun. DONOVAN offered the following:

Ordered, That an annuity of \$600 be allowed and paid to the widow of Frank H. Laskey, late member of the Boston Fire Department, who died from injuries received in the performance of his duty, such annuity to continue so long as said widow remains unmarried, and to be charged to the appropriation for Fire Department, Pensions and Annuities.

Referred to the Executive Committee.

SIDEWALK TO SAVIN HILL AVENUE.

Coun. McGrath offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Savin Hill avenue, north side, from Tuttle street about 120 feet easterly, Tuttle street, east side, from Savin Hill avenue about 300 feet northerly, Ward 13, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

WALES PLACE, DORCHESTER.

Coun. RUBY offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Wales place, Dorchester, as a public highway.

Passed under suspension of the rule.

COTTAGE PARK, WARD 15.

Coun. McMAHON offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Cottage park, Ward 15, as a public highway.

Passed under suspension of the rule.

PERMIT OF NEW ENGLAND TRANSPORTATION COMPANY.

Coun. FREELEY offered the following:

Ordered, That the Committee on Jitney Licenses be requested to consider the advisability

of revoking the permit of the New England Transportation Company to discharge passengers on South Huntington avenue and Huntington avenue, Ward 10.

Coun. FREELEY—Mr. President, I would simply like to state, in introducing this order this afternoon, that at a recent meeting of the Jitney Committee I called the attention of the committee to the fact that the New England Transportation Company, coming in town from Providence and different places over routes where they have permits to operate, discharge passengers at the junction of Huntington and South Huntington avenues, and also at Huntington avenue and Tremont street. Both of these crossings that I refer to are in thickly congested sections. I had occasion last evening, at quarter of eleven, to watch one of their buses, which came down through there and tied up traffic for a period of about ten minutes. I called the attention of Mr. Hohbs of the New England Transportation Company, to the matter at one of the meetings of the Jitney Committee, and he told me, and promised the committee also, that from then on he would see that that sort of thing was discontinued. I move you, sir, the passage of the order under suspension of the rule.

The order was passed under suspension of the rule.

SILENT POLICEMAN, WARD 10.

Coun. FREELEY offered the following:

Ordered, That the Commissioner of Police be requested, through his Honor the Mayor, to install a silent policeman at the junction of St. Alphonsus street and Smith street, Ward 10.

Passed under suspension of the rule.

REPAVING OF SOUTH BOSTON STREETS.

Coun. MAHONEY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth pavement East Second street, from N to P streets, and O street, from First street to Columbia road, South Boston.

Passed under suspension of the rule.

CONVENIENCE STATION, CODMAN SQUARE.

On motion of Coun. WILSON, the Council took up, under unfinished business, No. 4 on the calendar, viz.:

4. Ordered, That the sum of \$18,000 be and hereby is appropriated to be expended by the Superintendent of Public Buildings for the construction of a public convenience station in Codman square, on land owned by the city, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

On April 25, 1927, the foregoing order was read once and passed, yeas 21, nays 0.

The order was given its second and final reading and passage, yeas 21, nays 0.

RECESS.

On motion of Coun. WARD, the Council voted at 2.40 p. m. to take a recess subject to the call of the Chair. The members re-assembled in the Council Chamber and were called to order by President HEFFERNAN at 3.39 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. GILBODY, for the Executive Committee, submitted reports as follows:

1. Report on message of Mayor and order (referred today) recommending transfer of land on Schoolhouse court, Charlestown, from Park Department to School Committee—recommending reference of same to Committee on Public Lands.

Report accepted; said reference ordered.

2. Report on petitions (referred today) for children under fifteen years of age to appear at places of public amusement, viz.: Ethel Dwyer, Whiton Hall, May 16; Amelia Burnham, Jordan Hall, May 23, that said permits be granted.

Report accepted; said permits granted on usual conditions.

3. Report on order (referred today) that Committee on County Accounts be instructed

to make further investigation of overcrowded conditions of Suffolk County Courthouse and possibility of purchase of property in Pemberton square—that same ought to pass.

Report accepted; said order passed.

4. Report on order (referred today) that the Commissioner of Public Works obtain information from Department of Public Utilities and from Edison Electric Illuminating Company as to costs and charges of said company to City of Boston—that same ought to pass.

Report accepted; said order passed.

5. Report on order (referred today) requesting the Commissioner of Public Works to advise Council as to use of incinerators for refuse disposal—recommending passage of order in following new draft:

Ordered, That a special committee of five members of the City Council be appointed by the Chair to hold public hearings on the question of collection of garbage and installation of incinerators.

Report accepted; said order passed.

6. Report on order (referred today) that the Corporation Counsel apply to Department of Public Utilities for its decision as to necessity of alteration of bridge at Morton street over tracks of New York, New Haven & Hartford Railroad—that same ought to pass.

Report accepted; said order passed.

7. Report on communication from the Mayor and order (referred today) recommending reconstruction of Columbus Avenue Bridge over tracks of Boston & Albany Railroad, and asking decision of Public Utilities Department as to its necessity—recommending passage of the order.

Report accepted; said order passed.

FRANKLIN PARK IMPROVEMENTS.

Coun. GILBODY, for the Committee on Parkman Fund, submitted report on message of Mayor and order (referred March 14) recommending appropriation of \$15,000 from income of Parkman Fund to be expended on Franklin Park improvements—that same ought to pass.

Coun. McGRATH—Mr. President, I would like to ask the chairman of the committee, who introduces this report, whether there is any truth in what has been stated that, although this Council has to pass on each appropriation for the Parkman Fund, on this appropriation of \$15,000 the Park Department has gone ahead with the work without consulting the Council until now, and that about 50 per cent of that work has been done without any authorization of the Council; and whether, if a situation came about whereby the order was defeated, they would have indebted themselves for some \$6,000 or \$7,000 without any authority? I would like to know from the chairman if he knows how much truth there is in that report.

Coun. GILBODY—Mr. President, in compliance with the gentleman's request I will say that the order was dated the 14th day of March; that the Park Department did advertise for bids and that they were opened the 17th of March, and that the contract, with J. A. Singarella was awarded by his Honor the Mayor March 26. I had the same thought in mind that the councilor had, but if the money is not available from the Parkman Fund it can be taken from the ordinary revenue of the department, and the work will not be held up anyway. The money will be paid from the regular revenue of the department.

Coun. McGRATH—Mr. President, with all due respect to my colleague from Dorchester, for whom I have the highest regard, I think this is one of the worst precedents that we can be called upon to establish here. Here we have a man in the City of Boston who left a great deal of money to the city for specific purposes, and he left it in your charge and in my charge, left it in charge of the Mayor and the Council, and the way in which this money is expended will serve as an incentive to other men to leave their money in a similar way to the city or will prevent them from doing so. What will be thought by people related to Mr. White and to Mr. Parkman, when money is left in this way for a specific purpose, in the hands of his Honor the Mayor and the City Council, who are to sit as a board of trustees to pass on the proper expenditure of the money, when one man, his Honor the Mayor, goes ahead and contracts a bill to the extent of \$19,000 without any authority? It is an absolute insult to you, Mr. President, and to every other member of the Council. Here we are, trustees of the money left by Mr. Parkman, and we are supposed to vote on appropriations for the expenditure of this money in a proper manner. We are the guardians of the money while we sit here as elected officials of this city, and think of the boldness of the man who, as chief executive of this city, makes a contract of this kind for the expenditure of the

money to the extent of \$19,000, which is proceeded with and half completed when he comes in and asks us to appropriate the money for the completion of the contract. I think that is the boldest move in the way of ignoring the Council that I have known in my time in this body. It may be true that they can take the money out of the Park Department funds. If they can, let them do so. Why should we, however, now vote to get them out of a situation that they brought about themselves, knowing what they were doing? If they have made such a contract, and now ask for the authorization of this body, who are trustees of this money, I think we ought to vote against the order and not allow them to usurp our powers and absolutely ignore us, Mr. President.

Coun. GUILD—Mr. President, I don't feel so grievously insulted as does the previous speaker in this situation, and perhaps the reason why I do not feel so grievously insulted is that I understand Coun. Gilbody's explanation of the situation in an entirely different way. It seems to me there is a bare possibility, in view of the previous speaker's apparently preconceived notion that the work in question was almost completed as soon as the contract was made, that that is an indication of the inaccuracy with which he has judged the whole situation. I take it that the situation in question is this: that it was determined that the Park Department should do a certain amount of work of a certain character this year; that that determination was made by those in charge, the executive heads of the Park Department and of the city in general, who were the proper officers to make the determination. It is now only a question whether the work which they have determined should be done shall be paid for through one bookkeeping item or another bookkeeping item. The suggestion is put up to us that we charge this bookkeeping item, \$15,000 of it, at least, to the Parkman Fund, and it strikes me that it is far from usurping the powers of the City Council or insulting the City Council in any way; that it simply means a straightforward, manly proposition, out in the open, that we charge \$15,000 of this money for the work that the executives have determined should be performed to the Parkman Fund. I think the report ought to be accepted.

Coun. McGRATH—Mr. President, I don't know upon what the councilor who has just spoken bases his idea that all my statements are erroneous. I think I took the proper method, asking the chairman of the committee in charge of this report whether the work had been started. On the face of it, it looks like a brand new appropriation, to be charged up to the Parkman Fund. That is why I endeavored to get information from the proper source. The chairman says the work has begun, that this contract was awarded last March, and we have now gone through April. Of course, it is not completed, but I think it is fair to say that it is more than half done. I don't know whether it is a question of bookkeeping or not. But it does now seem that we are called upon to pass an appropriation, as trustees of the fund, for the doing of specific work which is now on its way to completion, the work having been contracted for and initiated without any authority from us. This is simply another illustration of the way the Mayor of Boston ignores the directors elected to sit with him on these matters, going ahead and doing the work as he sees fit, and, when he gets around to it, coming to us for approval of the matter as a new measure, when as a matter of fact he has already started it and has got half way through it.

Coun. GILBODY—Mr. President, I would like to say, as chairman of the committee, that perhaps I did not make myself clear. I think the order is dated the 14th day of March. Am I right, Mr. Clerk?

City Clerk DONOVAN—Yes, sir.

Coun. GILBODY—I understand from the City Record that bids were called for on the 17th day of March and that the contract was awarded the 26th day of March. But the committee, in its wise judgment, did not see fit to pass upon it until today.

Report accepted; order passed, yeas 16, nays 2.

Yeas—Coun. Arnold, Bush, Dowd, Dowling, Englert, Fitzgerald, Gilbody, Guild, Heffernan, Lynch, Mahoney, McMahon, Ruhy, Ward, Wilson, Wragg—16.

Nays—Coun. McGrath, Parkman—2.

CONFIRMATION OF CONSTABLES.

Coun. WILSON—Mr. President, I move that we take from the table and vote on the confirmation of the appointments as constables of John M. Brennan, Paul V. DiCicco, John D. Maguire, Aleck Berg, John J. Buckley, and Matthew W. Chait.

The names referred to were taken from the table and the question came on confirmation. Committee, Coun. Ward and Englert. Whole number of ballots 18, yeas 17, nays 1, and the appointments were confirmed.

CONFIRMATION OF APPOINTMENTS.

President HEFFERNAN called up, under unfinished business, No. 3 on the calendar, viz.:

3. Action on appointments submitted by the Mayor May 2, 1927, of John F. Corrigan, Joseph L. Corrigan, James E. Sheridan, W. H. Hubbard, Joseph L. Sullivan, Edward J. Sullivan, Michael J. O'Hare, Emory W. Sweet, and S. J. Rubin, to be Weighers of Coal; Daniel J. MacKay, Edward Dodds, John H. Hagerty, and S. Dexter Hedge, to be Weighers of Goods; Walter Anderson to be a Weigher of Beef and a Weigher of Goods.

The question came on confirmation. Committee, Coun. Guild and Parkman. Whole number of ballots 14, yeas 13, nays 1, and the appointments were confirmed.

GENERAL RECONSIDERATION.

On motion of Coun. WRAGG, the Council refused a general reconsideration of all action taken today.

Adjourned, at 3.57 p. m., on motion of Coun. WILSON, to meet on Monday, May 16, at 2 p. m.

NATIVES AND CITIZENS OF BOSTON AND VICINITY HONORED IN HALL OF FAME.

In the American Hall of Fame, New York City, dedicated in 1901, are inscribed on bronze tablets the names of 58 eminent men and 7 distinguished women deemed worthy of the highest honor on account of their services and attainments. Of the 65 individuals thus selected (up to 1925 inclusive) by an electorate of 100 leading Americans, 27 were natives or for some time citizens of Boston or vicinity. The names of the latter are as follows:

Chosen in 1900—John Adams, Benjamin Franklin, William Ellery Channing, Ralph Waldo Emerson, Daniel Webster, Henry Wadsworth Longfellow, Horace Mann, Nathaniel Hawthorne, George Peabody, Samuel Finley Breese Morse, Joseph Story, Asa Gray, Gilbert Stuart—total, 13.

Chosen in 1905—John Quincy Adams, James Russell Lowell, John Greenleaf Whittier—total, 3.

Chosen in 1910—Edgar Allan Poe, Oliver Wendell Holmes, George Bancroft, John Lothrop Motley, Phillips Brooks—total, 5.

Chosen in 1915—Louis Agassiz, Francis Parkman, Rufus Choate, Charlotte Cushman—total, 4.

Chosen in 1920—William Thomas Green Morton, Alice Freeman Palmer. Five additional names every fifth year are to be selected and inscribed until the year 2000, when the 150 tablets in the colonnade will be complete.

No Bostonian was selected in 1925.

If those who were natives or residents elsewhere in the State are added to the list, the following 7 names increase the total to 34 for Massachusetts or more than half the whole number, viz.: William Cullen Bryant, Jonathan Edwards, Mark Hopkins, Elias Howe, Eli Whitney, Maria Mitchell, Mary Lyon.

If all New England is included, 4 more names will bring up the total to 38 or 58.46 per cent of whole number chosen, these being Roger Williams, Henry Ward Beecher, Harriet Beecher Stowe, Emma Willard.

MUNICIPAL YEAR.

From 1926 the municipal year begins on the first Monday in January. This change is in accordance with the City Charter amendments of 1924.

THE BOSTON AIRPORT.

An interesting and very informative article on The Boston Airport and Commercial Aviation appeared in Boston Year Book, 1924-1925, a publication issued by the Boston Statistics Department.

The year 1926 witnessed the inauguration of an air mail system between Boston and New York, with Hartford as a way station. The Colonial Air Transport, Inc., are the present operators over a distance of 185 miles.

On the morning of July 1, 1926, a Fokker Universal and a Curtiss Lark landed at the airport with the first load of air mail, and on the afternoon of the same day, in the presence of five thousand persons assembled, three hundred and thirty-seven pounds of mail left Boston for Hartford, New York and points west.

The airplane leaves Boston daily at about 2.45 P. M.

By chapter 275 of the acts of 1926 the aircraft landing field has been leased to the United States until 1947. In October, 1926, a fireproof hangar large enough to house about ten of the small commercial type planes was completed for the Boston Airport Corporation.

The Weather Bureau has an agent stationed regularly at the Airport to make daily tests of aerological conditions at the field.

On October 30, 1926, a public-spirited gentleman presented the city, through the Mayor, with a revolving beacon light on the top of a down-town building for the guidance of aviators on their way to Boston after dark.

Eventually, the Airport is to be equipped with flood lights which will give an impetus to commercial air transportation here.

BOSTON BANK STATISTICS, 1925.

Bank clearings or exchanges in calendar year 1925, \$22,481,915,310 the largest on record in Boston or \$1,158,503,640 (5.43 per cent) increase over 1924.

The clearings for first six months of 1926 amounted to \$12,411,900,000 (approx.) or 13.77 per cent more than in corresponding period of 1925.

The Boston Clearing House, established in 1856, ranks fourth among leading cities in total clearings.

On April 12, 1926, the 12 national banks showed aggregate capital of \$46,650,000; surplus and undivided profits, \$53,664,039; deposits, \$612,061,573; loans and discounts, \$537,226,278.

The 13 trust companies showed aggregate capital of \$23,850,000; surplus, undivided profits and guaranty fund, \$34,404,402; deposits, \$309,950,864; loans and discounts, \$266,868,421; 11 trust companies each have a savings department with total deposits of \$38,621,299.

Total resources of the national banks on April 12, \$905,327,247 or \$80,249,747 more than in 1925; of the trust companies (both commercial and savings) \$446,983,462; grand total of the 25 banks \$1,352,310,709.

Savings banks, 24 with \$489,969,046 deposits (as of Oct. 31, 1925); co-operative banks, 50 with total assets of \$94,988,736 (as of same date).

Among the twelve Federal Reserve banks that of Boston on June 30, 1926, ranked fifth as to total resources (*i. e.*, \$373,837,000); fifth as to total deposits, surplus and capital paid in, combined; sixth as to F. R. notes in actual circulation.

CITY OF BOSTON.

SCHOOL COMMITTEE.

EXAMINATIONS FOR ADMISSION TO THE TEACHERS COLLEGE OF THE CITY OF BOSTON, LATIN AND DAY HIGH SCHOOLS.

Boston Public Schools.—The 1927 examinations for admission to the Teachers College of the City of Boston, Latin and day high schools will be held this year as follows:

The Teachers College of the City of Boston.—For the regular four-year college courses and the regular three-year courses open to high school graduates who have completed the preparatory course: From Monday, June 6, to Saturday, June 11, inclusive, at the Teachers College of the City of Boston, on Huntington avenue, near Longwood avenue.

Candidates for the four-year college courses are required to report for registration and conference on Monday, June 6, at 9 o'clock a. m. Candidates for the three-year college courses are required to report for registration and conferences on Monday, June 6, at 2 o'clock p. m.

Latin Schools.—(For admission to the six-year course); On Friday, June 3, and on Wednesday, September 7, at 9 o'clock a. m. Boys will be examined at the Public Latin Schoolhouse, on Avenue Louis Pasteur; girls, at the Girls' Latin Schoolhouse, on Huntington avenue, near Longwood avenue.

Candidates are required to pass an examination equivalent to that required for admission to the seventh grade of the elementary schools. The subjects of the examination will be English (including reading, literature and spelling); arithmetic; geography; and history and civics.

For admission to the four-year course:

Candidates for admission to the four-year course in the Public Latin or Girls' Latin schools, will be examined *only* on September 7, at the place, and in the subject indicated under High Schools, below. (See note below.)

High Schools. Note.—Attention is especially called to the change in date for holding examinations for admission to the high schools. Hereafter examinations for admission to the high schools and to the four-year courses in the Latin schools will be held on the day immediately preceding the opening of schools in September.

Accordingly, the 1927 examinations for admission to the high schools and to the four-year courses in the Latin schools will be held on Wednesday, September 7, 1927.

Boys and girls will be examined at the Teachers College of the City of Boston, on Huntington avenue, near Longwood avenue. The subjects of examination will be: English language, including reading, writing and spelling, grammar and composition; history and civil government of the United States; geography; arithmetic; French; Spanish; and Italian.

For further particulars apply to the undersigned.

JOEL HATHEWAY,

Chief Examiner.

CHARLES P. NORTON,

Commissioners.

(May 14.)

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN POPLAR STREET, BATES STREET, JEFFERS STREET, MANSFIELD STREET, WEEKS AVENUE AND ALPHEUS ROAD, WEST ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Poplar street, Bates street, Jeffers street, Mansfield street, Weeks avenue and Alpheus road, West Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 50 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Poplar street, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Tuesday, May 24, 1927, with a certified check for six hundred (600) dollars, payable to and to become the property of the city, if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JAMES H. SULLIVAN,
(May 14.) *Commissioner of Public Works.*

CITY OF BOSTON.

NOTICE OF HEARING.

OFFICE OF CLERK OF COMMITTEES,
CITY HALL, May 16, 1927.

The Committee on Ordinances of the Boston City Council will give a public hearing on Monday, May 23, 1927, at twelve o'clock noon, at Room 49, City Hall, on a proposed ordinance to exempt from the restrictions on park frontages a portion of Columbia road, between Buttonwood street and Moseley street.

By order of the Committee.

JOHN E. BALDWIN,
(May 14.) *Clerk of Committees.*

CITY OF BOSTON.

BOSTON PUBLIC LIBRARY.

PROPOSAL FOR PAINTING AND PAINTER'S WORK AT THE FOLLOWING BRANCH LIBRARY BUILDINGS: WEST END BRANCH, BRIGHTON BRANCH, CHARLESTOWN BRANCH, NORTH END BRANCH, EAST BOSTON BRANCH, HYDE PARK BRANCH, FANEUIL BRANCH.

The Trustees of the Public Library of the City of Boston invite sealed proposals for painting and painter's work at the following Branch Library Buildings: West End Branch, Brighton Branch, Charlestown Branch, North End Branch, East Boston Branch, Hyde Park Branch, Faneuil Branch, and giving bond of a surety company therefor in the full amount of the contract price. Only proposals in form obtained at the office of the architects, Fox & Gale, 3 Hamilton place, Boston, signed by the bidder, and left before 12 o'clock noon Tuesday, May 31, 1927, at the office of the Trustees, Central Library Building, Copley square, with a certified check for two hundred and fifty dollars (\$250), payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bid must be made in duplicate, the one with the check to be sent as above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening bids. The Trustees reserve the right to reject any or all proposals, and to accept any proposal if it shall be deemed for the interest of the city so to do. Specifications and drawings (with forms of proposal and contract) may be obtained of the architects, as above, on and after Monday, May 9, 1927.

THE TRUSTEES OF THE PUBLIC LIBRARY OF
THE CITY OF BOSTON,
by GUY W. CURRIER,
(May 14.) *President.*

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SHEET ASPHALT OR BITULITHIC PAVEMENT IN BYNNER STREET, WARD 10, FROM SOUTH HUNTINGTON AVENUE TO JAMAICAWAY; DENNISON STREET, WARD 11, FROM WALNUT AVENUE 617 FEET NORTH-WESTERLY; MURRAY HILL ROAD, WARD 19, FROM WASHINGTON STREET TO FLORENCE STREET, AND TRUXTON STREET, WARD 17, FROM MILTON AVENUE TO CAPEN STREET.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sheet asphalt or bitulithic pavement in Bynner street, Ward 10, from South Huntington avenue to Jamaicaaway; Dennison street, Ward 11, from Walnut avenue 617 feet northwesterly; Murray Hill road, Ward 19, from Washington street to Florence street, and Truxton street, Ward 17, from Milton avenue to Capen street. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of twenty-two thousand (22,000) dollars, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sheet Asphalt or Bitulithic Pavement, Bynner Street, Etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Monday, May 23, 1927, with a certified check for two thousand (2,000) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JAMES H. SULLIVAN,
(May 14.) *Commissioner of Public Works.*

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR CATCH-BASINS AND MINOR DRAINS IN E STREET, FROM EAST FIRST STREET TO A POINT ABOUT 1,440 FEET NORTHEASTERLY, SOUTH BOSTON.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for catch-basins and minor drains in E street, from East First street to a point about 1,440 feet northeasterly, South Boston. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 50 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Catch-basins, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Monday, May 23, 1927, with a certified check for three hundred (300) dollars, payable to and to become the property of the city, if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JAMES H. SULLIVAN,
(May 14.) *Commissioner of Public Works.*

CITY OF BOSTON.

SCHOOLHOUSE DEPARTMENT.

TO MANUFACTURERS OF STEEL LOCKERS.

The Schoolhouse Commissioners of the City of Boston invite sealed proposals for furnishing and setting up steel lockers in the Washington Irving School, Poplar and Hawthorne streets, Roslindale, Boston, Mass., and giving bond of a surety company approved by the Commissioners therefor in the sum of 45 per cent of the entire contract price. Only proposals obtained at the office of the Commissioners, Room 1009, City Hall Annex, signed by the bidder and left before 12 o'clock m. of Thursday, May 26, 1927, at said office, with a certified check for \$300, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, and the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Commissioners reserve the right to reject any or all proposals. A deposit of \$10 in cash or by certified check will be required for a complete set of specifications, said sum to be refunded on return of specifications. Mutilation of the specifications will be deemed sufficient cause for the forfeiture of the said deposit.

FRANCIS E. SLATTERY,
CHARLES P. NORTON,
JAMES W. H. MYRICK,
Commissioners.

(May 14.)

CITY OF BOSTON.

NOTICE OF HEARING.

OFFICE OF CLERK OF COMMITTEES,
CITY HALL, May 16, 1927.

The Committee on Ordinances of the Boston City Council will give a public hearing on Monday, May 23, 1927, at 12.30 p. m., at Room 49, City Hall, on a proposed ordinance to allow standing passengers to be carried in jitney buses.

By order of the Committee.

JOHN E. BALDWIN,
(May 14.) *Clerk of Committees.*

CITY OF BOSTON.

PARK DEPARTMENT.

PROPOSALS FOR REPAIRING CONCRETE WALKS ON BOSTON COMMON.

Proposals on blanks obtained at the engineer's office of the Park Department, 33 Beacon street, Boston, for repairing concrete walks on Boston Common, signed by the bidder, and left before 12 o'clock noon on Thursday, May 26, 1927, at the office of the Park Department, with a certified check for \$300 payable to and to be the property of the city if the proposal is not carried out, will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work of a surety company approved by the Commissioners in the sum of \$1,000 to secure the due performance of the contract and the full protection of the city. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, *Chairman,*
CHARLES P. NORTON,
FRANK S. DELAND,
(May 14-21.) *Commissioners.*

CITY OF BOSTON.

PARK DEPARTMENT.

PROPOSALS FOR LEASING REFRESHMENT AND BOAT PRIVILEGES AT THE SHELTER HOUSE AND BOAT LANDING AT JAMAICA POND.

Proposals on blanks obtained at the office of the Park Department, 33 Beacon street, for leasing for a term of three years the refreshment and boat privileges at the shelter house and boat landing at Jamaica Pond, signed by the bidder and left before 12 o'clock noon on Thursday, May 19, 1927, at the said office, with a certified check for \$100, payable to and to be the property of the City of Boston if the proposal is not carried out, will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the proposals. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, *Chairman,*
CHARLES P. NORTON,
(May 14.) *Commissioners.*

CITY OF BOSTON.

TRANSIT DEPARTMENT.

PROPOSALS FOR WOVEN WIRE FENCE, CONCRETE FENCE POST FOUNDATIONS AND CURBS.

The Transit Department of the City of Boston, 1 Beacon street, seventh floor, invites proposals from citizens of the United States and corporations or legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States for furnishing and erecting 5,000 linear feet, more or less, of woven wire fence and 2,000 linear feet, more or less, of concrete fence post foundations and curbs along the right of way of the Dorchester Rapid Transit. If the proposal is accepted a bond of an approved surety company will be required for the faithful performance of the contract in the sum of \$5,000. Proposals should be filled out and signed by the bidder on forms to be obtained at this office, inclosed in an envelope, sealed, indorsed "Proposal for Woven Wire Fence, Concrete Fence Post Foundations and Curbs," and left at the above address before 12 o'clock noon on Wednesday, May 25, 1927, at which time and place they will be publicly opened and read. A properly certified check in the sum of \$3,000, payable to the city, must accompany this proposal. The check shall become the property of the city if the contract, within the time prescribed after the date of the notification by the department of the acceptance of the proposal and the readiness of the contract for signature, is not executed by the bidder. Proposals must be made in duplicate. The sealed duplicate, without check, is to be deposited by the bidder with the City Auditor, Room 20, City Hall, previous to the time named for opening the proposals. Specifications and forms of contract can be obtained at this office.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

(May 14.) A. D. ADAIR,
Acting Secretary.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

NOTICE.

The Board of Street Commissioners in accordance with chapter 393 of the Acts of 1906 has passed orders for the laying out and construction of the following highways:

ROXBURY.

Dennison street, from Walnut avenue, 617 feet northwesterly.

WEST ROXBURY.

Blynnor street, from South Huntington avenue to Jamaica way; Murray Hill road from Washington street to Florence street.

DORCHESTER.

Truxton street, from Milton avenue to Capen street.

Notice is hereby given that the Public Works Department is about to do the work contemplated in said order, and that all work to be done in said highways by all persons or corporations having rights in the same to lay or repair either sewer, gas, water or other pipes must be done before Tuesday, June 14, 1927, as after that time no permits for openings will be granted until two years after said highways are completed.

JAMES H. SULLIVAN,
(May 14.) Commissioner of Public Works.

CITY OF BOSTON.

STREET LAYING-OUT DEPARTMENT.

NOTICE OF LAND-TAKING.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON, May 5, 1927.

Ordered, That due notice be given that this Board is of the opinion that public necessity requires the taking of land and buildings, bounded by Hull street, Copp's Hill Burial Ground, Formort School (land of the City of Boston) and Snelling place, Boston proper district, for school purposes, substantially as shown on a plan on file in the office of this Board, that it intends to pass an order to make said taking, and that it appoints 12 o'clock m. of May 24, 1927, and the office of this Board as the time and place for a public hearing in the matter.

A true copy of an order passed by said Board on said day.

Attest:
(May 14.) JOSEPH F. SULLIVAN,
Secretary.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR LAYING AND RELAYING WATER PIPES IN SOUTHERN ARTERY AND OWEN STREET, DORCHESTER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for laying and relaying about 400 feet of 12-inch water pipe in southern artery, and Owen street, Dorchester. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of eight hundred (800) dollars, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Laying and Relaying Water Pipes, Southern Artery," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Thursday, May 19, 1927, with a certified check for one hundred (100) dollars payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JAMES H. SULLIVAN,
(May 14.) Commissioner of Public Works.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING IRON MANHOLE STEPS.

The Supply Department of the City of Boston invites proposals for furnishing to the Public Works Department, Sewer Service, wrought-iron manhole steps. Blank proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex. The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the Supply Department. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Monday, May 23, 1927, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all proposals or any part of a proposal, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

HERBERT S. FROST,
(May 14.) Superintendent of Supplies.

CITY OF BOSTON.

PARK DEPARTMENT.

PROPOSALS FOR LEASING THE REFRESHMENT PRIVILEGE AND RENTAL OF BOATS CONcession AT THE PUBLIC LANDING, CITY POINT, SOUTH BOSTON, FOR A TERM OF THREE YEARS.

Proposals on blanks obtained at the office of the Park Department, 33 Beacon street, for leasing for a term of three years the refreshment privilege and rental of boats concession at the public landing, City Point, South Boston, signed by the bidder and left before 12 o'clock noon on Thursday, May 19, 1927, at the said office, with a certified check for \$100, payable to and to be the property of the city if the proposal is not carried out, will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, Chairman,
(May 14.) CHARLES P. NORTON,
Commissioners.

CITY OF BOSTON.

SCHOOLHOUSE DEPARTMENT.

TO CARPENTER CONTRACTORS.

The Schoolhouse Commissioners of the City of Boston invite sealed proposals for additional drawing tables, cabinets, etc., in the English High School, Montgomery street and the High School of Commerce, Avenue Louis Pasteur, Boston, Mass., giving bond of a surety company approved by the Commissioners in the sum of 45 per cent of the entire contract price. Only proposals obtained at the office of the Commissioners, Room 1009, City Hall Annex, signed by the bidder and left before 12 o'clock m. of Monday, May 23, 1927, at said office, with a certified check for \$300, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, and the other to be deposited, with the City Auditor, City Hall, previous to the time named for opening proposals. The Commissioners reserve the right to reject any or all proposals. A deposit of \$10 in cash or by certified check will be required for a complete set of plans and specifications, said sum to be refunded on return of plans and specifications. Mutilation of the plans or specifications will be deemed sufficient cause for the forfeiture of the said deposit.

FRANCIS E. SLATTERY,
CHARLES P. NORTON,
JAMES W. H. MYRICK,
(May 14.) Commissioners.

CITY OF BOSTON.

SCHOOLHOUSE DEPARTMENT.

TO MANUFACTURERS OF B LABEL RECORD SAFES.

The Schoolhouse Commissioners of the City of Boston invite sealed proposals for furnishing, delivering and setting up B Label Record safes and equipment for same in the various schools, Boston, Mass., and giving bond of a surety company approved by the Commissioners therefor in the sum of 45 per cent of the entire contract price. Only proposals obtained at the office of the Commissioners, Room 1009, City Hall Annex, signed by the bidder and left before 12 o'clock m. of Tuesday, May 31, 1927, at said office with a certified check for \$500, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, and the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Commissioners reserve the right to reject any or all proposals. A deposit of \$10 in cash or by certified check will be required for a complete set of specifications, said sum to be refunded on return of specifications. Mutilation of the specifications will be deemed sufficient cause for the forfeiture of the said deposit.

FRANCIS E. SLATTERY,
CHARLES P. NORTON,
JAMES W. H. MYRICK,
(May 14.) Commissioners.

CITY OF BOSTON.

LIBRARY DEPARTMENT.

TO CONTRACTORS.

The Trustees of the Public Library of the City of Boston invite sealed proposals for gutter around the cornice of the Court, two special skylights, reconstruction of four finials, and certain other work, at the Boston Public Library, Copley square, Boston, Mass., and giving bond of a surety company therefor in the full amount of the contract price. Only proposals in form obtained at the office of the architects, Fox & Gale, 3 Hamilton place, Boston, signed by the bidder and left before 12 o'clock noon Tuesday, May 31, 1927, at the office of the Trustees, Central Library Building, Copley square, with a certified check for two hundred and fifty dollars (\$250) payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bid must be made in duplicate, the one with the check to be sent as above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening bids. The Trustees reserve the right to reject any or all proposals, and to accept any proposal if it shall be deemed for the interest of the city so to do. Specifications and drawings (with forms of proposal and contract) may be obtained of the Architects, as above, on and after Tuesday, May 17, 1927.

THE TRUSTEES OF THE PUBLIC LIBRARY OF THE CITY OF BOSTON,
By ARTHUR T. CONNOLLY, President.
(May 14.)

THE SCHOOL YEAR.

The school year begins on September 1 in each year and closes on August 31 next ensuing.

The sessions of the regular day schools begin on the second Tuesday following the first Monday in September and continue 42 weeks, including three weeks of vacation, one each in December, February and April. Sessions are suspended on Saturdays, Sundays, legal holidays; from 12 o'clock (noon) on day before Thanksgiving Day until the following Monday; from 12 o'clock (noon) on the second calendar day next preceding Christmas to and including New Year's Day; the week in which February 22 falls; Good Friday; the week which includes April 19 (Patriots' Day), also June 17 (Bunker Hill Day). Whenever a holiday falls upon Sunday the schools are closed on the following Monday.

The evening schools open on the last Monday in September and continue to the April vacation. The sessions of the high and industrial are on Monday, Tuesday and Thursday evenings from 7.30 to 9.30; of the elementary on same evenings beginning at 7.15.

The school centers are open from the first Wednesday in October to the last day of June, some on three evenings and one afternoon each week, others on two evenings only.

The summer review schools are in session for 40 consecutive days from the Monday following the close of the day schools in June, Sundays and holidays excepted.

The summer term of the day industrial schools extends from July 5 to the last Friday in August.

The sessions of the regular day schools closed for the year on Thursday, June 24, 1926, and resumed on Tuesday, September 14. In 1927 the closing date will be June 28.

WEALTH AND TAXATION OF MASSACHUSETTS, 1925.

Total assessed valuation of real estate on April 1, 1925, in the 39 cities and 316 towns of Massachusetts, \$5,560,636,090 (\$311,007,183 more than in 1924) of which 61.64 per cent applied to buildings and 38.36 per cent to land; of personalty, \$1,072,119,187; aggregate valuation, \$6,632,755,277 (5.35 per cent increase over 1924) on which the total tax levy was \$189,246,767, showing an average tax rate of \$28.53 per \$1,000. Boston's valuation (\$1,862,799,900) equal to 40 per cent of all other valuations in the State.

Massachusetts ranks fifth in amount of Federal income tax paid, this total being \$99,444,237 in year ended June 30, 1925. N. Y., Penn., Ill. and Mich. rank first, second, third and fourth.

Total taxes assessed by Mass. (exclusive of \$12,000,000 State Tax on municipalities) in year 1925, \$45,064,532, divided thus: Income tax, \$16,742,791; business tax on domestic corporations, \$10,345,057; same on foreign corporations, \$3,049,507; inheritance tax, \$6,064,517; franchise tax on 247 out of 374 public-service companies making returns, \$3,184,641; on insurance premiums, etc., \$2,653,564; on savings bank deposits (incl. Trust Co. Savings Depts.) \$2,041,823; on national banks, \$597,525; all other, \$385,107. Total share value of all domestic corporations, \$2,821,888,435.

Number of Mass. income tax returns received in 1925, \$353,750; of which 221,-

473 were found taxable. Total taxable income reported in these for 1924 and assessed in 1925, \$509,155,307, divided thus: Business income, \$281,016,419; interest and dividends, \$172,918,977; gains, \$53,426,633; annuities, \$1,793,278.

Total distribution of income tax to Mass. cities and towns in 1925, \$15,701,802 (\$1,729,380 more than in 1924) of which Boston's share was \$3,970,047; distribution of business, public-service, etc., taxes, \$12,907,822 of which Boston received \$2,995,629. Number of business corporations taxed, 22,672 of which 2,461 were foreign.

Total property in State exempted from taxation in 1925, \$1,188,768,668 (mostly real estate) divided thus: Public property of cities and towns, \$492,969,770; of literary and scientific institutions, \$216,661,100; of United States, \$143,809,609; of churches, \$118,580,281; of charitable and benevolent institutions, etc., \$89,374,110; of State, \$94,731,549; of counties, \$15,904,098; cemeteries, etc., \$8,716,509, all other, \$8,021,642. In Boston, the total exempt property in 1925 was \$374,601,292 or 31.51 per cent of all in Mass.

The total wealth in the United States on Jan. 1, 1923 as ascertained by the Federal Census Bureau, was \$320,803,862,000 or \$2,918 per capita. This is an apparent increase of 72.2 per cent in the 10 years since 1913. The value of real estate, with improvements, amounted to \$155,908,625,000, not including public, ecclesiastical and institutional property exempt from taxation, which amounted to \$20,505,819,000.

The increase in money value of other classes of property is largely due to the price inflation of recent years and should not be represented as a permanent increase in the quantity of wealth.

In Massachusetts the total wealth increased 106.7 per cent or from \$6,279,266,000 in 1913 to \$12,980,839,000 in 1923, the latter averaging \$3,243 per capita.

On June 30, 1925 the 8,072 national banks in U. S. had aggregate capital of \$1,369,435,000; deposits, \$19,909,669,000; total resources, \$24,350,863,000.

BOSTON YEAR BOOK, 1924-25 (2nd YEAR).

This is the most comprehensive book thus far issued relating to the public interests and activities of today in New England's metropolis. Special articles and statistics on metropolitan Boston follow the extensive and varied output devoted to municipal Boston, illustrations and diagrams being an attractive feature. Compiled and edited by Statistics Department, 73-76 City Hall.

VALUATION AND TAX RATE, 1925 AND 1926.

PROPERTY.	1925 (April 1)	1926 (April 1)
Real Estate.....	\$1,685,597,700	\$1,728,305,200
Personal Estate ..	177,202,200	169,749,700
Total.....	\$1,862,799,900	\$1,898,054,900
Tax Rate:		
City.....	\$22.52	* \$27.34
County.....	1.62	1.83
State.....	2.56	2.63
Total Rate..	\$26.70	\$31.80

* \$10.43 is for school expenditures.

AREA TO WARD LINES.

Total, 30,598 acres (i. e., 47.81 square miles), 2,944 acres being filled land, 1,143 acres water area and 1,436 acres flats. Land area only, 28,019 acres (i. e., 43.78 square miles). Included in the latter are 160 acres of filled flats recently added to the land area of South Boston and 175 acres to that of East Boston.

Original Boston contained about 780 acres of land. Of the twelve leading American cities, eight are larger in land area than Boston, viz., Los Angeles (364 square miles), New York (318), Chicago (199.4), Philadelphia (129), Baltimore (91.9), Detroit (80), Cleveland (56.6) and St. Louis (61.25). The only city in Massachusetts with larger land area is Taunton (50 square miles).

If Boston should expand by annexation as New York, Chicago, Philadelphia, Los Angeles and others have expanded, its total area, in case of including the 39 cities and towns within the 15-mile radius, would exceed the largest, viz., Los Angeles, the present land area of "Greater Boston" being 409.5 square miles.

MANUFACTURES OF BOSTON IN YEAR 1925.

Number of establishments conducted under so-called factory system, having annual product valued at \$500 or over, 2,655; value of year's product, \$602,332,668, or \$47,927,870 increase over the 1924 product; average number of wage earners, 78,093; total wages paid in year, \$104,845,860; value of materials used, \$303,175,079; value added by manufacture, \$299,157,589; value of leading products ranked from largest amount:

- (1) Printing and publishing, 375 establishments, with \$72,184,131 products;
- (2) Boots and shoes, including cut stock and findings, 76 establishments, with \$49,167,414;
- (3) Clothing, men's and women's, 326 with \$46,616,269;
- (4) Confectionery, 61 with \$36,469,163;
- (5) Foundry and machine-shop products, 112 with \$24,170,259;
- (6) Bread and other bakery products, 231 with \$22,057,080;
- (7) Coffee and spice, roasting and grinding, 16 with \$19,681,455;
- (8) Electrical machinery, apparatus and supplies, 37 with \$15,712,040;
- (9) Druggists' supplies and patent medicines, 41 with \$11,465,809;
- (10) House furnishing goods, not elsewhere classified, 31 with \$10,330,811;
- (11) Furniture, 77 with \$10,116,538;
- (12) Musical instruments and parts, 7 with \$7,551,783;
- (13) Steam fittings and heating apparatus, 12 with \$7,003,481;
- (14) Tobacco, cigars, etc., 23 with \$6,517,171;
- (15) Food preparations, not elsewhere classified, 22 with \$6,009,994;
- (16) Slaughtering and meat packing, wholesale, 11 with \$5,194,207;
- (17) Copper, tin and sheet-iron work, 41 with \$5,143,343.

The above-named industries are all that show a product value of \$5,000,000 or more.

Largest number of establishments (i. e., 375) also highest product value in printing and publishing industry. (From Mass. Dept. of Labor and Industries, Division of Statistics.)

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 19.

SATURDAY, MAY 21, 1927.

No. 21

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, May 23, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month. Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped areas for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the regulation of street traffic; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city:

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts; also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE SCHOOLHOUSE COMMISSIONERS, Room 1007, City Hall Annex, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down of buildings.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, the building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 906, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

EXTRA WORK UNDER CONTRACT.

Henry F. Malley has been directed to perform the following extra work under contract for considering artificial stone sidewalks in Aldie street, Farrington avenue, Louis Prang, St. John and Elton streets, dated November 1, 1926. Items ordered: Haul excavated material from St. John street and deposit it in Louis Prang street, between Huntington avenue and Evans way; to be paid for under Section 1 (c) of contract. Although this is in addition to the work contemplated in the original contract, it is incidental thereto. Estimated cost of extra work, \$100.

POLICE LISTING RESULTS.

Mayor Nichols announced on May 17 that the police listing, as of April 1, 1927, showed the following results:

WARD.	Men.	Women.	Total.
1.....	17,874	16,265	34,139

Totals..... 241,525 254,242 495,767

DAMAGES AWARDED.

The Mayor has approved the following votes of the Board of Street Commissioners:

That in the matter of Marie A. St. Laurent, petitioner for damages for the taking of an easement for highway purposes in 1,170 square feet of land on Gertrude road, under the order of the Street Commissioners and Mayor of May 29, 1923, after consultation with the Law Department, and on its advice, the Board assesses the petitioner's damages in the sum of \$550 and consents that the Corporation Counsel agree to judgment in said case on the terms herein stated.

That in the matter of Mary Cicco, petitioner for damages occasioned her estate by the laying out and construction of Ashley street under the order of the Street Commissioners and Mayor of February 1, 1924, after consultation with the Law Department, and on its advice, the Board assesses the petitioner's damages in the sum of \$1,200 flat; and consents that the Corporation Counsel agree to judgment in said case on the terms herein stated.

That in the matter of Julius Price and Garfield L. Charlton, petitioner for damages for the taking of an easement in 1,329 and 811 square feet of land for the widening and relocation of Kneeland street under the order of the Street Commissioners and Mayor of October 26, 1925, after consultation with the Law Department, and on its advice, the Board assesses the petitioner's damages in the sum of \$90,000 flat and consents that the Corporation Counsel agree to judgment in said case on the terms herein stated.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.]

Copies for sale at News-stand, Court Square, north corner, and at the Statistics Department, Room 78, City Hall.

MAYOR'S CIRCULAR.

MAYOR'S OFFICE, May 16, 1927.

To the Heads of City and County Departments.

GENTLEMEN,—Section 27 of chapter 486 of the Acts of Massachusetts Legislature of 1909 as amended, provides that every officer and board in charge of a department of the city or county shall, on or before the sixth day of June in each year, prepare and furnish to the City Auditor a list of the officials and employees under said officer or board and paid by the city or county on the first day of June preceding, giving the name, residence by street and ward, designation, compensation and date of election or appointment of each of said officials and employees, and the date when each first entered the employ of the city or county.

In order to facilitate compliance with the provisions of this law the City Auditor has prepared uniform blanks to be used by every department making a return, and you are directed to obtain these forms and to use them in making the return required.

The preparation of these lists is a matter of considerable importance and should command your personal attention.

Very truly yours,

MALCOLM E. NICHOLS, *Mayor*.

Lally, B. Manning, M. Page, R. Reidl, P. Walsh, J. McHugh, L. McGahan, H. McCarron, J. F. Brown, J. A. Carr, J. Daley, L. Davis, J. Doherty, T. Donovan, J. Driscoll, J. Foley, J. Gehm, J. Hanley, R. Jennings, P. F. Joyce, L. V. Kilduff, R. H. Kilduff, D. Kobyski, J. Kramer, D. Lehan, J. Lyons, J. McDonald, W. McGlynn, T. McGuinness, J. McLean, W. T. Maloney, B. F. Murphy, J. Slattery, 1 day at \$5.
Chauffeurs.—P. McCormick, W. Rose, R. Scannell, J. McCabe, 1 day at \$5.50; T. Earl, J. Dooley, 1 day at \$5.
Teamster-Laborers.—B. Doherty, 2 days at \$5; E. Noonan, M. Ryan, H. Barry, $\frac{1}{4}$ day at \$5; J. McMenimen, C. Sweeney, $\frac{1}{2}$ day at \$5.

Public Works Department (Sewer Service).

For the week ending Monday, May 9:
Mason.—James Duffy, $2\frac{3}{4}$ days, \$16.63.
Firemen.—John Doherty, James Conlon, Patrick Gleason, Edward Collins, 2 days, \$12 each.

Chauffeur.—Charles F. Caffrey, $\frac{3}{4}$ day, \$3.75.

Sewer Cleaners.—Dennis Callaghan, John O'Connor, $1\frac{1}{2}$ days, \$7.50 each; Richard F. Connolly, $1\frac{1}{2}$ days, \$6.88; Dennis J. Collins, Hugh Clark, 1 day, \$5 each; James Clancy, Thomas Flaherty, Michael Foley, Daniel McKenna, $\frac{3}{4}$ day, \$3.75 each.

Laborers.—Patrick McDonough, Peter Potenza, Anthony Alioto, $2\frac{1}{2}$ days, \$11.88 each; John Joyce, 2 days, \$10; Thomas Duffy, $1\frac{1}{2}$ days, \$9.38; Thomas F. Casey, Daniel A. Donovan, Joseph Clougherty, John F. Collins, Michael Mooney, $1\frac{1}{2}$ days, \$7.50 each; Thomas M. Flaherty, Martin J. Day, Joseph Faretro, $1\frac{1}{2}$ days, \$6.88 each; James L. Curry, John J. Lynch, Bartholomew Norton, Joseph E. Brown, Michael Mullin, 1 day, \$5 each; Louis Paglia, Pasquale DeFeo, Frank J. Everett, $\frac{3}{4}$ day, \$3.75 each; Richard J.

Graham, Stephen Connolly, Louis Brunetto, Joseph M. Conlon, Charles Stoll, Thomas McDonough, John A. McDonald, $\frac{3}{4}$ day, \$1.88 each; James P. Barrett, Daniel Sullivan, $\frac{1}{4}$ day, \$1.25 each.

For the week ending Monday, May 16:
Chauffeurs.—Charles F. Caffrey, $3\frac{1}{4}$ days, \$18.75.

Sewer Cleaners.—Dennis Callaghan, John O'Connor, $5\frac{1}{4}$ days, \$28.75 each; James Clancy, Michael Foley, Thomas Flaherty, $3\frac{1}{4}$ days, \$18.75 each; Stephen Manning, Michael Neary, Thomas Byrne, 2 days, \$10 each; Jeremiah O'Brien, Hugh Clark, Nathan F. O'Neil, 1 day, \$5 each.

Laborers.—Thomas F. Casey, Daniel A. Donovan, $5\frac{1}{4}$ days, \$28.75 each; Patrick Gorman, 2 days, \$10; Daniel J. Kane, Thomas Duffy, Michael J. Norton, Patrick McDonough, $1\frac{1}{2}$ days, \$7.50 each; Thomas J. Foley, William J. Barry, James P. Barrett, Patrick Foley, Bartholomew Norton, Daniel Sullivan, Herman L. Hodapp, Jeremiah Coleman, James F. McCarthy, Thomas H. Kelly, 1 day, \$5 each; Mark T. Cunniff, $\frac{1}{2}$ day, \$2.50.

Public Works Department (Water Service).

For the week ending Monday, May 9:
Chauffeurs.—J. Broderick, F. Bonang, T. Kelleher, J. O'Brien, 1 day, \$5 each; T. Norton, M. Walsh, $1\frac{1}{2}$ days, \$7.50 each; J. Burke, $2\frac{1}{2}$ days, \$13.13.

Repairers.—W. Scanlon, M. Burke, T. Crowley, P. Flynn, $1\frac{1}{2}$ days, \$7.88 each; T. Thurson, $1\frac{1}{2}$ days, \$8.25; P. Linehan, $2\frac{1}{2}$ days, \$11.33; J. Casey, $3\frac{1}{2}$ days, \$18.70; M. Daley, $3\frac{1}{2}$ days, \$19.59; E. Cunningham, $\frac{3}{4}$ day, \$1.97; H. Campbell, $3\frac{1}{2}$ days, \$19.59; D. Hanlon, 1 day, \$5.50; J. Leonard, $2\frac{1}{2}$ days, \$11.34; M. O'Day, $\frac{1}{8}$ day, \$5.16; S. Mariani, $2\frac{1}{2}$ days, \$11.34; E. Sullivan, $3\frac{1}{2}$ days, \$19.59; P. Dolan, $\frac{1}{2}$ day, \$2.63; G. Goodwin, $2\frac{1}{2}$ days, \$13.78; J. O'Toole, $3\frac{1}{2}$ days, \$18.70; W. Donovan, $\frac{1}{2}$ day, \$3.09; J. Sheehan, $3\frac{1}{2}$ days, \$18.70; W. Shields, $\frac{3}{4}$ day, \$1.48; J. Feeley, $\frac{3}{4}$ day, \$2.34; T. Byrnes, $7\frac{3}{4}$ days, \$40.50; C. Ring, $3\frac{3}{4}$ days, \$18.75; F. Keefe, $\frac{1}{4}$ day, \$3.75; W. Dolan, $\frac{1}{4}$ day, \$3.75; G. DeGrann, $2\frac{1}{2}$ days, \$14.06; W. Corbett, $1\frac{1}{2}$ days, \$6.89; J. Gallagher, A. McDougall, $2\frac{1}{2}$ days, \$10.83 each; R. Bolster, $2\frac{1}{2}$ days, \$10.30; W. Johnson, $1\frac{1}{2}$ days, \$6.56; T. Rose, $\frac{3}{4}$ day, \$4.13; J. Manning, $2\frac{1}{2}$ days, \$12.81; J. McLean, $1\frac{1}{2}$ days, \$5.91; J. Lonergan, B. Lyons, F. Laskey, $\frac{1}{2}$ day, \$2.81 each; M. Matthews, M. Rizzo, $1\frac{1}{2}$ days, \$3.94 each.

Laborers.—A. LoPilato, M. Barron, F. Dolan, B. Doherty, W. Gannon, S. LoPilato, M. Connolly, E. De Angelis, T. McGuinness, E. McLaughlin, J. Carroll, 1 day, \$5 each; J. Curtin, J. Horgan, E. Kitley, P. Mulkern, $1\frac{1}{2}$ days, \$7.50 each; J. Daley, $\frac{3}{4}$ day, \$1.88; C. Joyce, $2\frac{1}{2}$ days, \$10.33; C. King, 1 day, \$5.25; A. Martin, $\frac{3}{4}$ day, \$1.88; F. Kernan, $\frac{3}{4}$ day, \$3.75; S. Mickiewicz, $\frac{1}{2}$ day, \$3.09; J. O'Toole, E. Pyne, P. Waters, F. Willhauck, 1 day, \$5 each; J. McCauley, $2\frac{1}{2}$ days, \$13.13; J. Slattery, $2\frac{1}{2}$ days, \$11.25; J. Sullivan, $1\frac{1}{2}$ day, \$4.69; J. Wall, $2\frac{1}{2}$ days, \$13.13; C. Driscoll, $\frac{1}{2}$ day, \$2.81.
 Total, \$609.55.

For the week ending Monday, May 16:
Chauffeurs.—J. Broderick, F. Bonang, T. Kelleher, J. O'Brien, 1 day, \$5 each; R. Fitzgerald, $\frac{1}{2}$ day, \$2.50; J. Burns, $1\frac{1}{2}$ days, \$5.63; J. Burke, $1\frac{1}{2}$ days, \$7.50.

Repairers.—M. Burke, W. Scanlon, 1

day, \$5.50 each; T. Crowley, J. C. Dolan, A. Brennan, G. Goodwin, J. Durand, C. Magee, $1\frac{1}{2}$ days, \$7.88 each; G. Cunningham, J. O'Hara, J. McGee, J. Sheehan, W. Dunderdale, M. Matthews, M. Rizzo, $\frac{3}{4}$ day, \$1.97 each; M. Donovan, C. Driscoll, J. McKenney, $\frac{3}{4}$ day, \$1.97 each; P. Linehan, $1\frac{1}{2}$ days, \$8.25; J. Casey, $1\frac{1}{2}$ days, \$9.84; J. Leonard, S. Mariani, P. Ippolite, S. Mickewicz, $\frac{1}{2}$ day, \$5.16 each; H. Campbell, M. Daley, E. Sullivan, $1\frac{1}{2}$ days, \$10.31 each; M. O'Day, J. Dolan, $2\frac{1}{4}$ days, \$12.38 each; J. Lonergan, $1\frac{1}{2}$ days, \$10.50; J. O'Toole, $1\frac{1}{2}$ days, \$9.84; P. Clougherty, T. Rose, $\frac{3}{4}$ day, \$4.13 each; C. King, $1\frac{1}{2}$ days, \$9.19; J. Slattery, $1\frac{1}{2}$ days, \$9.38; W. Shields, $\frac{1}{2}$ day, \$2.95; J. Glennon, $\frac{3}{4}$ day, \$3.61; T. Byrnes, $5\frac{1}{2}$ days, \$28.88; J. Gallagher, $3\frac{3}{4}$ days, \$19.69; C. Ring, $3\frac{3}{4}$ days, \$18.75; W. Corbett, $5\frac{1}{2}$ days, \$27.56; W. Dolan, $3\frac{3}{4}$ days, \$18.75; A. McDougall, $4\frac{1}{2}$ days, \$25.59; A. Rolfe, 3 days, \$15.75; J. Blesington, $\frac{1}{2}$ day, \$2.95.

Laborers.—A. LoPilato, M. Barron, J. Carroll, F. Dolan, B. Doherty, W. Gannon, S. LoPilato, T. McGuinness, J. M. O'Toole, E. Pyne, P. Waters, F. Willhauck, 1 day, \$5 each; J. Horgan, J. Wall, C. Driscoll, P. Coleman, T. Casey, R. Bolster, A. DiCarlo, J. McCauley, $1\frac{1}{2}$ days, \$7.50 each; T. Gallagher, J. Sullivan, J. Grant, $\frac{3}{4}$ day, \$3.75 each; C. Joyce, $\frac{1}{2}$ day, \$4.67; J. Feeley, $1\frac{1}{2}$ days, \$7.03; F. Keefe, 3 days, \$15; D. DeGrann, $2\frac{1}{4}$ days, \$11.25; B. McManus, P. Clougherty, J. Reilly, F. Kernan, $\frac{1}{2}$ day, \$2.81 each; M. Botte, J. Brady, J. Lonergan, F. Laskey, $1\frac{1}{2}$ day, \$4.69 each.

Total, \$619.15.

Schoolhouse Department.

For the week ending Thursday, May 19:

Raymond E. Delaney, architectural draughtsman, $22\frac{1}{2}$ hours, \$19.37; John J. Cassidy, heating and ventilating engineer, 30 hours, \$29.36; John T. Stone, heating and ventilating draughtsman, $60\frac{1}{2}$ hours, \$54.69; Joseph A. Harrington, heating and ventilating draughtsman, 59 $\frac{1}{2}$ hours, \$51.02; Leo A. Hartnett, heating and ventilating draughtsman, 37 $\frac{1}{2}$ hours, \$33.76; John J. Peers, electrical draughtsman, 72 hours, \$61.44; John B. Bjorklund, electrical draughtsman, 37 $\frac{1}{2}$ hours, \$38.16. Total, \$287.80.

Street Laying-Out Department.

For the week ending Thursday, May 19:

William E. Hannan, 2 days, \$13.15; William G. Joy, 2 days, \$12.05; James J. Kelly, 3 days, \$17.26.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

LIBRARY DEPARTMENT.

The Public Library Trustees have approved a contract with Richard Gibson & Son, to perform the work described in the specification below, furnishing all materials required therefor, for the sum of \$52.

At the Faneuil Branch of the Boston Public Library, at the direction of the architects, Messrs. Fox and Gale, make alterations in the heater room to secure protection from fire hazard, including changes in foundations, walls, flooring, ceiling, as per specification and plan,

wiring in conformity to requirements of the Wire Department of the city and rules of the company furnishing the current.

Furnish all labor and materials and execute the alterations at the above mentioned library in accordance with the following schedule and as shown on the plan, for the sum of \$952.

Take down and remove the wood partition around heater room and partition forming coal storage space.

Take down and remove the present galvanized ceiling. Remove present floor.

Excavate for footings for brick walls and for concrete floor.

Provide concrete footing for brick walls and lay concrete floor 4 inches thick, laid over a bed of cinders; surface of concrete left smooth and level.

Form step and granolithic threshold at door opening.

Build 8-inch brick walls around heater room with 8-inch wall subdividing same for coal storage space. Brick laid in cement mortar and all exposed joints pointed. Walls shall be carried up to underside of first floor. Provide steel lintel over door opening.

Cement shall be Portland cement of standard manufacture; sand shall be clean sharp sand, free from all clay, loam and organic matter. Broken stone shall be clean, hard, broken haphrock, properly graded in size.

All concrete shall be 1 : 2 : 4 mix.

Mortar for brickwork shall be 1 : 3 mix.

Fur ceiling with 1-inch by 2-inch furrings, 12 inches on center, and provide and put up expanded metal lath weighing not less than 3.4 pounds per square yard; cover lath with two coats cement plaster. The lath and plaster shall be carried around the wood beam.

Provide and set kalamein frame and paneled door to opening of heater room, and install necessary hardware including door check. Kalamein strips to be provided behind wood door trim.

Build frame with removable planks to opening of coal storage space.

Fur the brick wall on the lecture room and toilet room side for four nailings, and sheath from floor to ceiling with sheathing similar to present. Provide molding at intersection with floor and ceiling as necessary; provide plain architraves to door.

Do all necessary patching to floor and finish of lecture room and toilets where disturbed by these alterations.

Paint new sheathing, and both sides of kalamein door and frame, three coats lead and oil paint, color to match surrounding finish.

Remove all surplus material, rubbish, etc., leaving the premises clean and in proper condition.

Conceal as much of the present wiring as possible by placing it within the depth of furrings on ceiling. Install the necessary armored cable and switch to operate the present light.

All wiring shall conform to the rules and regulations of the Wire Department of the City of Boston, and with all requirements of the company furnishing the current.

All work and materials shall be satisfactory to the architects.

Public Library Trustees have approved a contract with Gibson & Williams, Inc., to perform the work described in the specification below, furnishing all materials required therefor, for the sum of \$695.

At the Brighton Branch of the Boston Public Library make thorough repairs to window sash, furnishing all materials

required, including new lights and window cords and corner irons where needed, as well as white pine sash primed when delivered. Window openings are to be protected at all times after removal of sash.

Remove glazed sash in ceiling of main room and replace with Linabestos board cut to required size and secure to main frame, which need not be removed; all connections to be safe and strong, ready for painting. The repair of paneling around the reveal of the ceiling light is not included in this contract; all else is to be completed, with due protection of the building and contents during progress of the work, to the full satisfaction of the architects, and premises freed from rubbish and surplus material.

PARK DEPARTMENT.

Upon May 17 the Mayor approved a contract with Michael Solimando for furnishing and spreading loam on John Winthrop Playground, Dorchester. Bids, opened Thursday, May 12, were as follows:

Martino DeMatteo, \$1,890.50; M. McGinnis Company, \$1,871.50; A. G. Tomasello & Son, Inc., \$1,567.50; Michael Solimando, \$1,330.

Upon May 17 the Mayor approved a contract with the Miller Contracting Company for repairs to Savin Hill Bath House and Shelter, Dorchester. Bids, opened Thursday, May 12, were as follows:

W. F. Condon & Sons Company, \$1,890; Joseph A. Singarella, \$1,835; McLean Company, \$1,674; Walter E. MacEachern, \$1,666; Miller Contracting Company, \$1,643.

Upon May 17 the Mayor approved a contract with Walter Curley & Son for alterations and repairs to L Street Bath House, South Boston. Bids, opened Thursday, May 12, were as follows:

McLean Company, \$8,374; Lamont Brothers Company, \$7,300; Walter E. MacEachern, \$6,608; Guiney & Hanson Construction Company, \$6,300; M. S. Kelliher Company, \$5,732; Joseph A. Singarella, \$4,800; D. F. Reardon & Sons, \$4,644; Walter Curley & Son, \$3,964.

PUBLIC WORKS DEPARTMENT (Bridge Service).

Upon May 16 the Mayor approved a contract with the Rendle Corporation for repairing draw and fender pier of Summer Street Bridge. Bids, opened May 9, were as follows:

The Rendle Corporation, Inc., \$3,100; Roy B. Rendle Company, \$3,383; W. H. Ellis & Son Company, \$3,430; Buck-MacDonald Company, \$3,839.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Upon May 13 the Mayor approved a contract with C. Struzziery for sewerage works in Roslindale avenue, from Beech street to Dudley avenue, West Roxbury. Bids, opened April 14, were as follows:

C. Struzziery, \$6,830.50; DeCristofaro Brothers Company, \$6,865.55; A. Cefalo, \$7,115.40; C. Russo, \$7,254; N. DiBartolomeo Company, \$7,500.50; J. Todesca, \$7,544; P. Guarino & Co., \$7,724.75; J. Capone, \$7,726.90; D. Vozzella, \$7,762; S. J. Tomasello, \$7,849.25; J. Williams, \$8,309; M. DeSisto Company, \$8,774.75; J. J. Conway, \$8,995.50; Zoppo & Civitarese, \$9,222.50.

PUBLIC WORKS DEPARTMENT (Water Service).

Upon May 16 the Mayor approved a contract with L. P. Federico & Co. for laying and relaying water pipes in Elkins street, South Boston; Summer terrace, Upham avenue, Wilder road, Delmont street, Blakeville street, Greenmount street, Dorchester; and Grenville place, city proper. Bids, opened May 10, were as follows:

L. P. Federico & Co., \$3,541.25; C. Russo, \$3,657.50; John Williams, \$3,875.50; N. DiBartolomeo Company, \$3,877.50; M. DeSisto Company, \$4,770; Cook Construction Company, \$5,202.50.

Upon May 18 the Mayor approved a contract with John Williams for laying and relaying water pipes in Southern Artery, from Dorchester avenue to Hallet street, Dorchester. Bids, opened May 10, were as follows:

John Williams, \$14,605; A. Grande, \$15,815; De Cristofaro Brothers Company, \$16,038.50; C. Struzziery, \$16,315; A. Cefalo, \$16,595; M. DeSisto Company, \$17,957.50; J. C. Coleman & Son Company, \$18,731; C. Russo, \$19,035; L. P. Federico & Co., \$21,605.

Upon May 18 the Mayor approved a contract with M. De Sisto Company for laying and relaying water pipes in Columbus street, Hosmer street, Norfolk terrace, Owencroft road, Dorchester; Chilton road, Hodgdon terrace, New Park avenue, Parkvale road, West Saville street and Wolfe street, West Roxbury. Bids, opened May 13, were as follows:

M. DeSisto Company, \$4,255; C. Struzziery, \$4,277.50; C. Russo, \$4,665; L. P. Federico & Co., \$4,683; N. Di Bartolomeo Company \$4,785.75; A. Grande, \$4,925.

SCHOOLHOUSE DEPARTMENT.

Upon May 17 the Mayor approved a contract with the Nichols-Egan Company for finish hardware for the Continuation School, Boys' Unit. There was but one bid, opened April 25.

Upon May 17 the Mayor approved a contract with the Nichols-Egan Company for finish hardware for the Henry Grew District School. There was but one bid, opened May 2.

Upon May 17 the Mayor approved a contract with Walter Curley & Son for building and erecting gun racks at the Mechanic Arts High School, Scotia street. Bids, opened on April 25, were as follows:

Walter Curley & Son, \$1,885; Herbert W. Doten, \$2,483; John F. Hynes, \$2,675; Lamont Brothers Company, \$2,700; J. Slotnik Company, \$3,000; Leo J. Nawn, Incorporated, \$3,982.

SUPPLY DEPARTMENT.

Upon May 17 the Mayor approved a contract with George McQuesten Company for furnishing 21,000 feet B. M. 3-inch by 6-inch hard pine to the Park Department. Bids, opened May 9, were as follows:

Twenty-one Thousand Feet B. M. 3-inch by 6-inch.—N. E. Wood Preserving Company, \$103.50 per M. feet; discount, ten days, 1 per cent; Downes Lumber Company, \$126 per M. feet discount, ten days, 1½ per cent; George

McQuesten Company, \$103 per M. feet, immediate delivery; \$90 per M. feet, delivery within four weeks; 74 per M. feet, delivery within six weeks; discount, ten days, 1 per cent.

WITHOUT ADVERTISING.

The Mayor has approved the following contracts awarded without advertising; requests of heads of departments to do the work with the department forces without advertising; additions to and deductions from contracts.

FIRE DEPARTMENT.

Upon May 17 the Mayor approved a contract with the Bethlehem Ship Building Corporation for work on Fireboat Engine No. 31. A communication from E. C. Hultman, Fire Commissioner, was as follows:

BOSTON, May 16, 1927.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

DEAR SIR,—On May 11, 1927, Fireboat Engine 31 was placed in drydock at the Bethlehem Shipbuilding Corporation, Ltd., for the purpose of annual underwater inspection by the United States steamboat inspectors, and for the painting of the bottom.

After the inspection had been made the following work was found necessary:

Renew flooring in lower engine room, \$125; ship rudder and renew lead sleeve in rudder trunk, \$265; install one nipple in boiler leg and renew iron plates on side of boiler, \$50; renew woodwork on port side of coal bunker, \$15; install new east-iron galvanized chock on starboard rail, \$35; repair small work boat, \$100; calk seams on port and starboard bows above water line, \$75; total, \$665.

An order was given to the Bethlehem Shipbuilding Corporation, Ltd., to do this work, and most of it has been completed.

As work progressed and the rudder was unshipped and lead sleeve removed, which was to be renewed, it was then discovered that the stern post which was covered by the lead sleeve was found to be rotted to such an extent that it required renewal. This is imperative to place the vessel in a seaworthy condition as ordered by the United States steamboat inspectors.

The Bethlehem Shipbuilding Corporation, Ltd., proposes to do this work for the sum of \$395.

When the boiler makers got into the work of installing a new nipple in the leg of the boiler and renew the iron side plates it was discovered that the chair which supports the leg of the boiler had deteriorated to such an extent as to require additional support and in order to make this work satisfactory it will require additional labor and material. The chair will be welded and the price submitted by the Bethlehem Shipbuilding Corporation, Ltd., is \$65.

The total cost of this additional work will be \$460. This is in addition to the original estimate of \$665, making a total cost of the work \$1,125.

As this will be in excess of \$1,000, I respectfully request your Honor's permission to make a contract with the Bethlehem Shipbuilding Corporation, Ltd., to perform this work, without advertising, inasmuch as the vessel is now at this yard and it will mean an additional expense to float the vessel as well as considerable delay if we are obliged to advertise for bids. Any delay in awarding

the contract will result in lay-day charges for keeping the boat in drydock.

Yours very truly,

E. C. HULTMAN,
Fire Commissioner.

PARK DEPARTMENT.

Upon May 12 the Mayor approved a contract with John J. Paget for the concession privilege of letting swan boats and rowboats on the Public Garden. A communication from Daniel J. Byrne of the Park Department was as follows:

BOSTON, May 9, 1927.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

DEAR SIR,—At a meeting of the Board of Park Commissioners on May 5, 1927, it was voted, subject to your approval, to lease to John J. Paget, 15 Mapleton street, Brighton, the concession privilege of letting swan boats and rowboats on the pond in the Public Garden, Boston, for the sum of \$1,000 per year for a term of five years.

It is the policy of the Board to advertise for proposals for the different kinds of concession privileges controlled by the Park Department, but the Board believes that this lease should be awarded to Mr. Paget for the reason that the swan boats cannot be duplicated, as Mr. Paget is the only one in the country who makes them, and this concession on the Public Garden has been controlled by the Paget family for about forty-five years.

Mr. Paget has paid a rental of \$605 per year during the past five years. The new lease requires a rental of \$1,000 per year.

Very truly yours,

DANIEL J. BYRNE,
Secretary.

PUBLIC WORKS DEPARTMENT (Paving Service).

Upon May 16 the Mayor approved a contract with Testa A. Scurto Engineering Company for the construction of artificial stone sidewalks. A communication from J. H. Sullivan of the Public Works Department was as follows:

BOSTON, May 12, 1927.

To the Mayor of Boston.

Permission to award a contract for the construction of artificial stone sidewalks in the public streets, without advertising, to Testa A. Scurto Engineering Company, 22A Hanover street, Boston, is hereby requested on the ground that this contractor is not selected by the city in the first instance but by the abutters; secondly the expense of construction is to be divided by the city and abutters; also because such contracts vary greatly in amounts and seldom involve one thousand (1,000) dollars.

Respectfully yours,

JAMES H. SULLIVAN,
Commissioner of Public Works.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved:

HOSPITAL DEPARTMENT.

Matthew Cummings Company, contractor for erection and completion of Nurses' Home, Boston City Hospital, for City of Boston, acting by Board of Trustees, Boston City Hospital, owner, has been instructed to add to the contract the sum of \$402.50 for oiling brickwork on

outside of new Nurses' Home with a mixture of one half boiled and one half raw linseed oil, all as per letter of April 27, 1927. Original contract, \$405,422; corrected contract, as per order No. 1423, \$414,574.66; now added, \$402.50; corrected contract, \$414,977.16; total added, \$14,138.16; total deducted, \$4,583.

PUBLIC WORKS DEPARTMENT (Paving Service).

An addition, amounting to \$600, on contract with M. DeMatteo for laying sheet asphalt pavement in Greylock road, Walk Hill street and Hollingsworth street, on account of connecting the broken house drains with the existing sewer where directed. Original contract, \$47,686.80; total additions, \$1,725; contract as standing, \$49,411.80.

An addition, amounting to \$10, on contract with Henry F. Malley for laying sheet asphalt pavement in Glenburne street, Montcalm avenue, Regina road and Verdun street, on account of removing the guttermouth stones from the two catch-basins. Original contract, \$33,859; total additions, \$20; contract as standing, \$33,879.

PUBLIC WORKS DEPARTMENT (Water Service).

An addition, amounting to \$28, on contract with C. Russo for laying and relaying water pipes in Donald road, Milton avenue, Dorchester; Dana road, Knoll street, Roslindale avenue, Sanborn avenue and Walworth street, West Roxbury, on account of replacing defective post hydrant; searching for buried gates and salvaging 8-inch cap. Original contract, \$3,851.25; total addition, \$28; contract as standing, \$3,879.25.

P. J. Cantwell has been allowed to deduct from the contract for R. G. Shaw School addition the following for hardware allowance, per architect's letter of April 27, 1927; and the amount of \$600 will be deducted therefor, making the account as follows: Contract price, \$34,000; total deductions, \$600; amount of contract, \$33,400.

Lamont Brothers' Company have been allowed to deduct from the contract for the various schools, moving four portables, for heating and ventilating work, per Civil Engineer Patterson's letter of April 29, 1927, and the amount of \$800 will be deducted therefor, making the account as follows: Contract price, \$4,790; total additions, \$300; total deductions, \$800; amount of contract, \$4,290.

Lamont Brothers Company have been allowed to deduct the following for heating and ventilating work from the contract for the various schools, moving four portables, per Civil Engineer Patterson's letter of April 29, 1927, and the amount of \$800 will be deducted therefor, making the account as follows: Contract price, \$5,789; total deductions, \$800; amount of contract, \$4,989.

Matthew Cummings Company have been allowed to deduct from the contract for the Henry Grew District School: Allowance for hardware, \$2,400; allowance for shrubbery, \$500; total deduction, \$2,900, per architect's letter of April 23, 1927, and the amount of \$2,900 will be deducted therefor, making the account as follows: Contract price, \$165,620; total deductions, \$3,800; amount of contract, \$161,820.

Joseph Rugo has been allowed to deduct from the contract for hardware allowance, for the Continuation School (Boys' Unit),

per Architect's letter of April 26, 1927; and the amount of \$15,000 will be deducted therefor, making the account as follows: Contract price, \$593,000; total deductions, \$23,900; amount of contract, \$539,100.

Joseph Rugo has been allowed to deduct from the contract for erection and completion of fire escapes for present building at the Continuation School to be located later, per architect's letter of April 26, 1927, and the amount of \$10,000 will be deducted therefor, making the account as follows: Contract price, \$593,000; total deductions, \$33,900; amount of contract, \$559,100.

LAND-TAKING IN BOSTON PROPER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the widening and construction of Arlington street, Boston proper, as a highway, from Columbus avenue and Grenville place to Winchester street, bounded and described as follows:

The highway named Arlington street is hereby widened, on the easterly side, between Grenville place and Piedmont street, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is taken in the following described land, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Boston Consolidated Gas Company, bounded:

Northerly by Grenville place, thirty and 1-100 feet; easterly by the easterly line of Arlington street as widened under this order, one hundred thirty-five and 96-100 feet (said easterly line being coincident with building line established by an order of the Street Commissioners and Mayor of May 28, 1926), southerly by Piedmont street, thirty and 1-100 feet; and westerly by the easterly line of Arlington street as it at present exists, one hundred thirty-five and 78-100 feet, containing forty hundred and seventy-six square feet, more or less.

Trees or structures standing upon or affixed to the aforesaid described land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Said Arlington street as hereby widened is bounded and described as follows:

Northerly by Grenville place, thirty and 1-100 feet; easterly by the easterly line of Arlington street as hereby widened, one hundred thirty-five and 96-100 feet (said easterly line being coincident with building line established by an order of the Street Commissioners and Mayor of May 28, 1926); southerly by Piedmont street, thirty and 1-100 feet; and westerly by the easterly line of Arlington street as it at present exists, one hundred thirty-five and 78-100 feet, containing forty hundred and seventy-six square feet, more or less.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lot of abutting land on the easterly side of Arlington street (as widened under this order), between Piedmont street and Grenville place, and the lot of abutting land on the westerly side of Arlington street, at the corner of Colum-

bus avenue, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Arlington Street, Boston Proper, Assessment Plan, March 17, 1926, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Lot.	Amount.
1. Boston Consolidated Gas Company.....	\$21,219
2. Veterane' Association of the Independent Corps of Cadets.....	16,500
Total	\$37,719

Voted, That this Board determines that the undermentioned estate sustains damages by the making of the public improvement, consisting of the widening and construction of Arlington street, Boston proper district, as a highway, on the easterly side, between Grenville place and Piedmont street, under the order of the Board, in the amount hereinafter set against it, and awards said amount therefor.

Lot.	Amount.
Boston Consolidated Gas Company, 4,076 square feet.....	\$122,280

EXTRA WORK UNDER CONTRACT.

Charles Capone has been directed to perform the following extra work under contract for constructing Portland cement concrete pavement in Floyd street and Norwell street, dated November 3, 1926. Items ordered: Cut long straight edgestone to set on curves in Norwell street, to be paid for by force account. Although this is in addition to the work contemplated in the original contract, it is incidental thereto. Estimated cost of extra work, \$25.

Henry F. Malley has been directed to perform the following extra work under contract for laying sheet asphalt pavement in Glenburne street, Montcalm avenue, Regina road and Verdun streets, dated October 26, 1926. Items ordered: Construct concrete retaining wall as directed in Regina road at Alpha road; price to be paid \$150. Although this is in addition to the work contemplated in the original contract, it is incidental thereto.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land on the north-westerly side of Centre street, West Roxbury district, adjoining and running southeasterly from Pershing road for a distance of about 315 feet, for school purposes, including the trees, buildings and other structures standing upon or affixed thereto.

A parcel of land, supposed to belong to Mary E. McNally, bounded:

Southwesterly by Centre street, by three measurements, one hundred twenty-one and 28-100 feet, five and 6-100 feet, and one hundred sixty-seven and 41-100 feet; southwesterly by land supposed to belong to Charles H. Curtis, one hundred feet; northwesterly by land supposed to belong to the City of Boston, three hundred eighteen and 68-100 feet; and northeasterly by Pershing

road, by two measurements, nineteen and 65-100 feet and eighty and 40-100 feet, containing thirty-one thousand one hundred and eighty square feet, more or less.

Said parcel is shown on plan marked "City of Boston, Pershing Road, West Roxbury, May 13, 1926, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that the undermentioned person sustains damages by the taking of her estate on Centre street and Pershing road, West Roxbury, for school purposes, under the order of the Board, in the amount hereinafter mentioned, and awards said amount therefor.

Mary E. McNally, 31,180 square feet..\$25,726.32

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 10-inch pipe in Caspar street, from Lasell street 67 feet northwesterly, and in Lasell street, between 105 feet northeast of Caspar street and 305 feet southwesterly, in the West Roxbury district, at an estimated cost of \$1,700.

A sanitary sewer of 8-inch pipe in Sedgwick street, between 210 feet east of South street, and a point 130 feet westerly, in the West Roxbury district, at an estimated cost of \$1,000.

A sanitary sewer and surface drain of 10-inch pipe in West Roxbury Parkway, between Centre street and New York, New Haven and Hartford Railroad, in the West Roxbury district, at an estimated cost of \$1,200.

A sanitary sewer of 10-inch pipe and a surface drain of 10-inch, 15-inch, 18-inch, 20-inch and 24-inch pipe in West Border road, between Pelton street and Martin street, in the West Roxbury district, at an estimated cost of \$12,400.

LOCATION OF STREETS.

The Mayor has approved the following vote of the Board of Street Commissioners:

That the location, direction, width and grade of the private way, in the South Boston district, designated as Hardy street, from Marine road to East Eighth street, as shown on a plan approved in writing by the Board of Street Commissioners, and on file in the office of the Street Laying-Out Department, be and the same hereby are approved.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

SCHOOL CUSTODIAN, LYNN SCHOOL DEPARTMENT, MAY 28, 1927.

Salary, \$3,000 per year.

This examination is open to all residents of Massachusetts.

Applicants must be not less than thirty nor over forty-five years of age at the time of filing application.

A certificate of date of birth must be filed with the application.

The duties of this position are to have custody of the school buildings and

grounds, to recommend repairs, alterations and additions, and have supervision of same. The custodian should be able to construct plans for ordinary repair work, to draw definite, careful specifications, to estimate costs of minor repairs, to read blueprints, check jobs as per specifications, guard against waste by contractors, etc. He is required to visit and inspect the school buildings and is immediately responsible for the work of the janitors, engineers, and firemen. He also keeps or supervises the keeping of definite records covering the above activities.

Subjects and weights: Training and experience, 4; practical questions, 4; personality and fitness, as determined by an oral interview, 2; total, 10.

Applicants will be required to obtain at least 65 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

SALES AGENT (MALE), DEPARTMENT OF EDUCATION, DIVISION OF THE BLIND, MAY 28, 1927.

Salary, \$30 per week and expenses, and 5 per cent commission on all sales over \$200 a week.

It is desirable that applicants have a thorough knowledge of the broom trade and experience in selling brooms and mops.

Subjects and weights: Training and experience, 5; report, 1; special questions on salesmanship, 4; total, 10.

Successful applicants will be required to file a certificate, satisfactory to the commissioners, from a reputable physician as to their physical fitness for the position.

NUTRITIONIST AND HEALTH EDUCATOR, BOSTON HEALTH DEPARTMENT, MAY 31, 1927.

Requisition is for a female but the examination is open to both males and females.

Salary, \$1,800 per year.

Applicants must be not more than forty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application. It is desirable that applicants be graduates of a college or a recognized school of home economics or have equivalent training and education.

The duties of this position are the development and carrying out of a nutritional and educational program in the health units of the Boston Health Department; to teach proper food habits and home economics, and to conduct food and cooking classes at the health units; to be present at the health units when pre-school age clinics are functioning and during the periodic health examinations, so that the physicians in charge may refer to her diet problems; to work in connection with the prenatal clinics; to promote a general health educational program at the units tending to emphasize personal hygiene and proper health habits, which is to be carried out through poster work, playlets, organized games, and visual education.

Subjects and weights: Training and experience, 4; practical questions, 3; personality and fitness, as determined by an oral interview, 3; total, 10.

Applicants will be required to obtain at least 50 per cent in practical questions, and at least 65 per cent in training and experience, in the oral interview, and in general average in order to become eligible.

Successful applicants will be required to file a certificate, satisfactory to the commissioners, from a reputable physician as to their physical fitness for the position.

CLERICAL SERVICE, STATE AND CITIES, JUNE 11 AND JUNE 25, 1927.

This is an examination for the clerical service of the state and of all cities and of such towns in the state as are classified under civil service. On June 11 the examination will be held in various centrally located cities. On June 25 the examination will be held in Boston, and all persons who reside within commuting distance will be notified for examination on this day. Certification may be made from the eligible lists established by this examination for office, institutional, or other positions of a similar nature at the discretion of the Commissioner of Civil Service. Special qualifications in bookkeeping, stenography, typewriting, cataloguing, filing, etc., and in foreign languages may be recognized by the commissioner in certifying persons for positions demanding such qualifications. Persons qualifying in the examination may have their names placed on the state list as well as on the list for the city or town in which they reside.

This examination will be given to fill positions in all grades of the Clerical Service except Grade V (chief clerk, secretary). All applicants will be given the same examination, and will be placed on the list in the order of marks received, and will be certified for any and all clerical positions in the order of standing on the list, unless in the opinion of the Commissioner of Civil Service the mark attained is lower than is proper for the particular position to be filled.

Applicants must be not less than sixteen years of age at the time of filing application, and must have attended high school for at least two years.

All applicants will be marked on each subject of the examination; and will be given a general average on such marks according to the following schedule: Training and experience, 5 points; spelling, 2; letter writing, 2; arithmetic, multiplication, division and decimals, 1; arithmetic problems, 1; word knowledge, 1; sentence meaning, 1; grammar, 1; reasoning, 1; total 15.

Applicants will be required to obtain a mark of at least 64 per cent in spelling, and at least 65 per cent in general average in order to become eligible. For positions paying \$1,200 or more, only clerks who receive a mark of at least 65 per cent in experience will be certified.

The usual entrance salary for clerks for state service is \$840.

Sample questions for clerks available.

OFFICE BOY OR OFFICE GIRL, STATE AND CITIES, JUNE 16, 1927.

The entrance salary for office boy or office girl is usually \$600 per year.

Applicants must be not less than 14 nor over 18 years of age at the time of filing application.

The subjects of examination with their respective weights will be as follows: Training and experience, 3; spelling, 3; arithmetic, 2; letter writing, 2; total, 10.

Applicants will be required to obtain a mark of at least 65 per cent in general average in order to become eligible.

OWNED AND RENTED HOMES, 1920.

Total owned, 30,132 or 19,609 mortgaged, 9,998 free, 525 unknown; total rented, 132,658; tenure unknown, 1,995. Largest number of rented houses in Ward 5, or 11,611 and only 574 owned. Smallest number of rented homes in Ward 23 (West Roxbury) or 2,773, this ward showing the largest number of owned homes, or 3,207, the only ward with more owned than rented.

FIRE DEPARTMENT ORDERS.

General Order No. 27.

I. TRAFFIC REPRESENTATIVE.

Deputy Chief Alfred J. Caulfield has been designated as the official representative of the Fire Department on the Mayor's Traffic Committee. In connection with his duties in this position he will study all situations relating to traffic in the city pertaining to the Fire Department.

II. EXAMINATION FOR PROMOTION TO RANK OF DISTRICT CHIEF.

The Massachusetts Department of Civil Service and Registration has announced an examination for promotion to the rank of district chief in the Boston Fire Department to take place May 31, 1927.

The examination is open to the captains in the Boston Fire Department who have served as such, in accordance with civil service rules, at least one year immediately preceding the date of examination.

The subjects of examination with their respective weights will be as follows: Training and experience, 9; report, 3; practical questions, 8; total, 20.

Application blanks may be secured from the Department of Civil Service and Registration, Division of Civil Service, Rooms 148-152, State House, Boston, or at Fire Headquarters. The vouchers on these blanks need not be filled out. When completed, applications should be returned to the civil service office to be placed on file not later than May 24, 1927.

Applicants will be notified of the precise time and place of examination.

Section 2, paragraph II, General Orders No. 24, c. s., relating to examinations in telegraphy and motor pump operation will not apply to this examination.

II. CORRECTIONS.

On page 4, General Orders No. 25, c. s., in the description of the layout under Test No. IV: "500 feet of 2½-inch hose at eighteenth floor" should read "50 feet of 2½-inch hose at eighteenth floor."

In section 2, paragraph II, General Orders No. 26, the name of Hoseman Edward Farley should be substituted for the name of "Edward Kelley."

IV. FIRE ALARM BOX RELOCATED.

Fire alarm box No. 7422, formerly located at Columbia road and H street, has been relocated at East Eighth and H streets.

V. COMMENDATIONS.

The name of the fireman referred to in the letter of Miss Mary Eloise Pinkham in General Order No. 26, c. s., has been found to be Ladderman James F. McGonagle of Ladder Company 1. Ladderman McGonagle is hereby commended for the service rendered by him on this occasion.

Ladderman Gilbert W. Jones of Ladder Company 15 is hereby commended for the excellent service performed by him on the occasion of the ammonia leak at 238 St. Botolph street, still alarm, April 29, 1927.

By order of Fire Commissioner E. C. Hultman.

DANIEL F. SENNOTT,
Chief of Department.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the widening and construction of Centre avenue, Dorchester district, as a highway, on the southerly side, at the corner of Dorchester avenue, bounded and described as follows:

The highway named Centre avenue is hereby widened on the southerly side, at the corner of Dorchester avenue, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is taken in the following described land, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land supposed to belong to Standard Oil Company of New York, situated at the southwesterly corner of Dorchester avenue and Centre avenue, bounded and described as follows:

Easterly by the westerly line of Dorchester avenue, thirty-four and 88-100 feet; southerly by other land supposed to belong to said company, forty-two and 1-100 feet on a curve of twenty feet radius; and northerly by the southerly line of Centre avenue, thirty-four and 88-100 feet, containing two hundred and seventy-eight square feet, more or less.

Trees or structures standing upon or affixed to the aforesaid described land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Said widening of said highway is bounded and described as follows:

Northerly by the southerly line of Centre avenue as it existed previous to this widening, thirty-four and 88-100 feet; easterly by the westerly line of Dorchester avenue as it existed previous to this widening, thirty-four and 88-100 feet; and southerly by the southerly line of Centre avenue as hereby widened, forty-two and 1-100 feet; containing two hundred and seventy-eight square feet, more or less.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the widening and construction of Centre avenue, Dorchester district, as a highway, on the southerly side, at the corner of Dorchester avenue, under the order of the Board, and awards no damages therefor.

Standard Oil Company of New York,

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order
of the Board of Street Commissioners
for the taking of land for sewerage works
to be constructed as follows:

The right and easement is taken to
lay and maintain sewerage works in the
following described lands, exclusive of
any interest in trees, buildings or other
structures standing thereon, reserving to
the owners thereof the right to use the
lands for any purpose except such as
may injure or obstruct said works, and
except for placing or maintaining any
structure on said lands not authorized
in writing by the Mayor of said city;
trees, buildings or other structures stand-
ing upon or affixed to the land in which
an easement is hereby taken are to be
removed therefrom within sixty days
following a notice of the city's intention
to enter upon said taking for the pur-
pose of constructing said sewerage works.
Said lands are in that part of Boston
formerly West Roxbury, and are bound-
ed as follows:

A parcel of land, owners unknown,
being part of the private way known as
Perham street, bounded:

Southeasterly by Vermont street, six

feet; southwesterly by another part of
Perham street, three hundred forty-nine
and 50-100 feet; northwesterly by land
hereinafter described as taken from own-
ers unknown (Keith street), six and 1-
100 feet; and northeasterly by another
part of Perham street, three hundred
forty-nine and 77-100 feet, containing
twenty hundred and ninety-eight square
feet, more or less.

A parcel of land, owners unknown,
being part of the private way known as
Keith street, bounded:

Southeasterly by land hereinbefore de-
scribed as taken from owners unknown
(Perham street), six and 1-100 feet;
southwesterly by another part of Keith
street, twenty-three and 4-100 feet;
northwesterly by the same, six and 1-100
feet; and northeasterly by the same,
twenty-three and 4-100 feet, containing
one hundred and thirty-eight square feet,
more or less.

The sewerage works to be constructed
are as follows: 380 linear feet of 10-inch
pipe sanitary sewer, in the above de-
scribed premises, being part of the pri-
vate way known as Perham street, from
Vermont street to Keith street, and part
of the private way known as Keith
street, adjoining Perham street.

This Board determines that no person
sustains damages in his estate by the
taking of the aforesaid easement and con-
struction of said sewerage works and
awards no damages therefor.

Betterments are to be assessed for the
making of the aforesaid improvement.

Ordered, That this Board estimates
that the lots of abutting land on both
sides of Perham street, from Vermont
street to Keith street, excluding the lot
at the westerly corner of Vermont and
Perham streets, will receive benefit or
advantage, beyond the general advan-
tage to all real estate in said city, from
the improvement herein ordered, each
of said lots to the amount hereinafter
respectively set against it; said lots and
the supposed owners being shown on a
plan marked "City of Boston, Plan No.
747, Sewerage Works, Perham street,
West Roxbury, March 22, 1927, William
J. Sullivan, Chief Engineer, Street Lay-
ing-Out Department," and on file in the
office of said department.

PETITIONS ALLOWED.

The Mayor has approved the follow-
ing petitions received from the Board of
Street Commissioners:

N. E. T. & T. Co. and Edison Co.,
Gladstone street, Ward 1, erect one pole.

N. E. T. & T. Co., Centre street, Ward
19, erect and remove one pole.

Boston Elevated Railway Co., Hyde
Park avenue, Hyde Park, erect one pole.
Cummings Machine Works, 255 At-
lantic avenue, Ward 3, acetylene and
oxygen.

Charles Street Garage Company, 144
Charles street, Ward 5, acetylene and
oxygen.

Albert Wynne, 278 Cambridge street,
Ward 5, oxygen.

Fred J. Betzger, 11 Norfolk street,
Ward 17, oxygen.

Lawyers Building Corporation, 11
Beacon street, Ward 3, 10,000 gallons of
fuel oil.

Coleman Brothers, Inc., 25 Bradlee
street, Ward 18, 300 pounds of dynamite.

Edison Company, Duncan street, Ward
15, erect one pole.

Boston Elevated Railway Company,
Meridian street, Ward 1, right-hand
cross-over.

Modern Battery & Tire Service, 1031
Blue Hill avenue, Ward 14, 1,000 gallons
of gasoline.

Edison Company and N. E. T. & T.
Co., Kittredge street, joint ownership,
nine existing poles.

Boston Elevated Railway Company,
Cambridge street, further time extended.

Boston Elevated Railway Company,
Harrison avenue, further time extended.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of
the Board of Street Commissioners for
the taking of land for sewerage works
to be constructed as follows:

The right and easement is taken to
lay and maintain sewerage works in the

following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Dorchester and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Violante street, bounded:

Southerly by River street, seven and 46-100 feet; northwesterly by another part of Violante street, by two measurements, eighty-nine and 43-100 feet and one hundred and seventy-six feet; north-easterly by the same, six feet; and south-easterly by the same, by two measurements, one hundred seventy-four and 76-100 feet and eighty-three and 76-100 feet, containing fifteen hundred and seventy-two square feet, more or less.

The sewerage works to be constructed are as follows: 292 linear feet of 10-inch pipe sanitary sewer, in the above described premises, being part of the private way known as Violante street, leading northeasterly from River street for a distance of approximately 26 feet.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered. That this Board estimates that the lots of abutting land on both sides of that part of Violante street, leading northeasterly from River street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 738, Sewerage Works, Violante Street, Dorchester, February 7, 1927, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

BOSTON AS A TOWN.

From its foundation until 1755, or a period of 125 years, Boston was not only the most outstanding but the most populous town in the American colonies. In 1760, Philadelphia's population was ahead, viz. 18,756, Boston's then being 15,631 and New York's about 14,000. In the last year of town government, viz., 1821, Boston's population was about 45,000 and its public debt \$100,000, all incurred for new county buildings.

The history of Boston as a town during a period of nearly two centuries surpasses in civic interest that of Boston as a city because of the untiring zeal and successful efforts of its townsmen to realize more of true democracy than had ever been attained before. Their obligations were held as sacred as their liberties.

ALTITUDES IN BOSTON.

(1) Highest, Custom House tower, 510.71 feet, *i. e.*, top of finial above mean low water (same as "City base") or 495 feet from surface of street; (2) Bellevue Hill, West Roxbury, 376.3 feet to top of new reservoir, or about 320 feet to top of hill (3); Bunker Hill Monument, 307.84 feet, or top of Breed's' Hill, Charlestown, at base of monument, 86.44 feet; (4) Slocum Hill, near Allandale street, Jamaica Plain, about 300 feet; (5) High Fort Observatory, Highland Park, Roxbury, 291 feet, on top of hill at base of tower, 158 feet; (6) Revolution Memorial Monument, Telegraph Hill, South Boston, 270 feet, or top of hill at base of monument, 145 feet; (7) State House, top of dome, 261 feet; (8) Hill between Poplar and Dale streets, West Roxbury, near Hyde Park boundary line, about 258 feet; (9) Peters Hill, Arnold Arboretum, 237 feet; (10) Fairmount Hill, Hyde Park, about 220 feet. Beacon Hill, now 107.89 feet (*i. e.*, at corner Mt. Vernon and Joy streets), was originally about as high as the base of the State House dome.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SHEET ASPHALT OR BITULITHIC PAVEMENT IN DUDLEY STREET, WARDS 8 AND 12, FROM HARRISON AVENUE TO BLUE HILL AVENUE.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sheet asphalt or bitulithic pavement in Dudley street, Wards 8 and 12, from Harrison avenue to Blue Hill avenue. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of twenty thousand (20,000) dollars, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sheet Asphalt or Bitulithic Pavement, Dudley Street," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Wednesday, June 1, 1927, with a certified check for two thousand (2,000) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JAMES H. SULLIVAN,
Commissioner of Public Works.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR HAY, GRAIN AND STRAW.

Sealed proposals will be received at the office of the Superintendent of Supplies, Room 801, City Hall Annex, until 12 m., Friday, May 27, 1927, at which time and place they will be publicly opened and read, for furnishing hay, grain and straw to the various departments during the month of June, 1927. The bidder must include the cost of delivery. The bidders are requested to bid on domestic United States No. 2 timothy hay, United States No. 2 light grass mixed, United States No. 2 light clover mixed, large and medium size bales. The straw to be rye straw in good condition. The grade of hay must comply with Federal hay grades and straw must comply with the National Hay Associations. The bidders are requested to bid on No. 2 white oats, thirty-six pounds or over, graded under the Federal standards. The hay and oats must be weighed by a sworn weigher. The bidder must use the form of proposal to be obtained at Room 801, City Hall Annex. Proposals must be accompanied by a certified check for \$200. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The successful bidder must furnish a bond for one quarter the total amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder. No reservations or stipulations submitted by the various bidders will be considered by the Superintendent.

HERBERT S. FROST,
Superintendent of Supplies.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR FURNISHING COMBINATION SPRINKLING AND FLUSHING MOTOR TRUCKS FOR WATERING AND FLUSHING STREETS.

The Commissioner of Public Works of the City of Boston invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States for furnishing combination sprinkling and flushing motor trucks for watering and flushing streets in Districts Nos. 1, 2, 3, 4, 5, 6-9, 7, 8 and 10. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of fifteen thousand (\$15,000) dollars, to secure the due performance of the contract and the full protection of the city. Forms of proposal may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Furnishing Combination Sprinkling and Flushing Motor Trucks for Watering and Flushing Streets," and left at Room 508, City Hall Annex, before 12 m., on Tuesday, May 31, 1927, with a certified check for two thousand (\$2,000) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the price bid appears to the Commissioner to be abnormally high or low it may lead to the rejection of the proposal containing such price. The bidder must furnish at least two trucks, but the Commissioner reserves the right to increase the number of trucks if he deems it necessary. Each truck must have a capacity of at least 1,200 gallons, and all trucks must be equipped with a pressure device satisfactory to the Commissioner. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interests of the city so to do.

TRANSIT DEPARTMENT.

PROPOSALS FOR LAYING SHEET ASPHALT OR BITULITHIC PAVEMENT AND ARTIFICIAL STONE SIDEWALKS IN COLUMBIA ROAD NEAR THE BRIDGE OVER DORCHESTER RAPID TRANSIT TRACKS, SECTION ONE.

The Transit Department of the City of Boston, 1 Beacon street, seventh floor, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for laying about 500 square yards sheet asphalt or bitulithic pavement and artificial stone sidewalks in Columbia road near the bridge over Dorchester Rapid Transit tracks, Section One. If the bidder is successful a bond of an approved surety company will be required for the faithful performance of the contract in a sum of 35 per cent of the bid. Proposals should be filled out and signed by the bidder on forms to be obtained at this office, inclosed in a sealed envelope, indorsed "Proposal for Paving Columbia Road," and left at the above address before 12 o'clock noon on Wednesday, June 1, 1927, at which time and place they will be publicly opened and read. A properly certified check in the sum of one thousand (\$1,000) dollars, payable to the city must accompany the proposal. The check shall become the property of the city if the contract is not executed by the bidder within the time prescribed after the date of the notification by the department of the acceptance of the proposal and the readiness of the contract for signature. Proposals must be made in duplicate. The sealed duplicate, without check, is to be deposited by the bidder with the City Auditor, Room 20, City Hall, previous to the time named for opening the proposals. Specifications and forms of contract can be obtained at this office.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

(May 21.) A. D. ADAIR,

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 19.

SATURDAY, MAY 28, 1927.

No. 22

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, June 6, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped areas for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the regulation of street traffic; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts; also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE SCHOOLHOUSE COMMISSIONERS, Room 1007, City Hall Annex, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down of buildings.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, the building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 906, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MAYOR AIDS CHILDREN'S OUTING.

Mayor Nichols announced that in response to the request of Chester I. Campbell in charge of the twentieth annual outing to Nantasket on Wednesday, June 8, 1927, for crippled, orphaned and destitute children, arranged by the Boston Automobile Dealers Association, Inc., he has made arrangements whereby the city will provide seventeen automobiles on this occasion, these cars having a total seating capacity, exclusive of drivers, of seventy-eight children, and in notifying Mr. Campbell to this effect expressed his sincere approval of this work and conveyed to him the wish that his response would be most generous.

BELIEVES SCHOOL APPROPRIATIONS EXCESSIVE BY \$500,000. ORDER RETURNED UNSIGNED.

On May 21 the Mayor addressed the following letter to the School Committee:

BOSTON, May 21, 1927.

To the School Committee of the City of Boston.

I return herewith appropriation order of the School Committee, dated May 9, 1927, amounting to \$7,259,293.05, without my signature, for the reason that I believe the appropriations voted by your Honorable Committee are at least \$500,000 in excess of the necessary requirements for the fiscal year.

Nearly a month before the adoption of your appropriation order I communicated to you under date of April 16 upon the subject of school appropriation for the year, and I think it would have been a wise procedure for you to have considered this matter with me prior to the passage of your vote. Early in the year I called to your attention the questionable policy of appropriating money without recourse to sound budgetary procedure, and requested the City Auditor and the Budget Commissioner to discuss informally with your Business Agent the advisability of reduced appropriations. Inasmuch as their conference indicated the need of further consideration of this subject, I communicated with you as stated above on April 16, and pointed out the extraordinary increase in school expenditures during the last five years as well as the mounting surplus at the end of each year.

A study of the appropriations and expenditures of the School Committee for the past five years, as well as the surplus remaining at the end of each of these years, indicates that in recent years School Committee appropriations have been made with a view to having substantial balances carried forward to the new year, which, under the law, may be added to your appropriating power. As you undoubtedly know, maintenance appropriations should be based upon the estimated expenditures for the year. Any other procedure is contrary to sound municipal finance.

It is interesting to note that four members of your committee voted for the appropriations and that one member is recorded as not voting. A fair inference is that at the time the vote was taken at least one member doubted the wisdom of appropriating too much money. This is encouraging. It would be more encouraging to know that the other four members voted as they did only after they had been thoroughly convinced that the appropriations voted for the expenses of the year were not to produce a surplus so large as to be indefensible.

This surplus last year amounted to \$739,000, raised in large part from the tax levy of last year, but utilized for school maintenance this year. At the end of this year if your budget becomes

(Continued on page 570.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

A rate of \$2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at News-stand, Court Square, north corner, and at the Statistics Department, Room 73, City Hall.

BOARD OF ZONING ADJUSTMENT HEARING.

FRIDAY, JUNE 3, 1927, CITY HALL.

Petition No. 137, at 2 p. m.—Public hearing on petition of Uphams Corner Market Company, Inc., by Irving Bertman, attorney, to extend the present B-80 district so as to include properties on the easterly side of Belden street, between Dudley street and Hamlet street, and on the southerly side of Hamlet street, between Belden street and Columbia road, said properties now being in R-65 zone. (Zoning sheet No. 7.)

Petition No. 138, at 2.30 p. m.—Public hearing on petition of Lawrence S. Joslin *et al.*, to extend the boundary lines of the L-40 district in a westerly direction from Granite avenue along Adams street to Granville street and to a depth of 100 feet on either side of the new street lines as established by the Commonwealth for the new Southern Artery, said area being at the present time in an R-35 district. (Zoning sheet No. 8.)

Petition No. 139, at 3 p. m.—Public hearing on petition of Andrew J. Peters, trustee, *et al.*, that the general business district (B-65) be extended so as to include the property lying between

Hyde Park avenue and the present zoning boundary line along the New York, New Haven & Hartford Railroad from Lot No. 149, as shown on Plat 14 of the Bromley Atlas of the West Roxbury district of Boston of 1924, to

Ashmore road, as shown on said Plat 14, said area being at the present time in a local business (L-40) district, or such extension or modification of this area or use as may appear advisable to the Board. (Zoning sheet No. 9.)

man, 52½ hours, \$47.26; John J. Peers, elec- trical draftsman, 66 hours, \$56.32; John B. Bjorklund, electrical draftsman, 48

hours, \$48.84; Bernard V. Cullen, elec- trical draftsman, 45 hours, \$38.40. Total,

\$362.19.

Street Laying-Out Department.

For the week ending Thursday, May 26:

James J. Kelly, 3 days, \$17.26.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

FIRE DEPARTMENT.

Upon May 21 the Mayor approved a contract with the Franklin Engineering Company for repairing fireboat wharf of Engine 44, Northern avenue. Bids, opened April 29, were as follows:

Franklin Engineering Company, \$2,041; William H. Ellis & Son Company, \$2,594; Roy B. Rendle Company, \$2,662; the Rendle Corporation, \$2,875; John P. Cavanaugh, \$3,465.

PARK DEPARTMENT.

Upon May 19 the Mayor approved a contract with Fred K. Mougey for leasing for a term of three years the concession privilege for furnishing weighing machines in convenience stations and buildings of the Park Department. Bids, opened Thursday, May 12, were as follows:

Colonial Scale Company, \$1,017; Edward E. Adams, \$1,150; Fred K. Mougey, \$1,268.

Upon May 19 the Mayor approved a contract with the American Coin Lock Company for leasing for a term of three years the coin lock privileges in the convenience stations on Boston Common. Bids, opened Thursday, May 12, were as follows:

Hygienic Coin Lock Company, \$3,000 per annum; Hygienic Coin Lock Com- pany, \$100 per annum and will furnish and

maintain three attendants to care for convenience stations; American Coin Lock Company, \$500 per annum and will furnish and maintain three attendants to care for convenience stations, and will also furnish such cleaning material as may be necessary for the Park Street Men's Convenience Station.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Upon May 20 the Mayor approved a contract with James J. Conway for sewerage works in Southern Artery, from Neponset avenue 150 feet southwesterly, Dorchester. Bids, opened May 17, were as follows:

James J. Conway, \$4,976.80; C. Struzziery, \$5,405; N. DiBartolomeo Company, \$5,887.50; A. Grande, \$5,958; Zoppo & Civitarese, \$6,072.20; C. Russo, \$5,984.46; M. Guarino, \$6,843.10; M. DeSisto Company, \$7,141.50.

Upon May 25 the Mayor approved a contract with V. Barletta for sewerage works in West Border road, West Roxbury Parkway, New Park avenue, Lasell street and Sedgwick street, West Roxbury. Bids, opened May 20, were as follows:

V. Barletta, \$10,305.90; A. Cefalo, \$10,430.65; J. Todesca, \$11,775.75; A. Grande, \$12,582.60; Cook Construction Company, \$12,941.20; C. Struzziery, \$13,096.07; M. Guarino, \$13,213.20; C. Russo, \$13,222.57; J. Capone, \$13,576; Zoppo & Civitarese, \$13,610.86; J. J. Conway, \$14,456.70; DeCristofaro Brothers Company, \$14,497.82; M. DeSisto Company, \$15,078.50.

PUBLIC WORKS DEPARTMENT (Water Service).

Upon May 25 the Mayor approved a contract with C. Russo for laying and re-laying water pipes in southern artery and Owen street, Dorchester. Bids, opened May 19, were as follows:

C. Russo, \$1,203; J. Capone, \$1,212.50; A. Grande, \$1,370; M. Guarino, \$1,669; L. P. Federico & Co., \$1,735; N. Di Bartolomeo Company, \$2,160.

SCHOOL COMMITTEE.

The School Committee has approved contracts with bidders, as indicated, for furnishing manual arts supplies for the Boston public schools. Bids, opened Wednesday, March 23, were as follows:

E. E. Babb & Co., B. L. Makepeace, Milton, Bradley Company, P. & P. Chemical Company, Barrett, Brown, Inc., Ryan & Buker, Eugene Dietzgen Company, Terminal Supply Company, J. L. Hammett & Co., Wemco Products Company, Holliston Mills, Inc., C. T. Wheelock & Co., Kenney Brothers & Wolkins, White Son Company.

Awards were made to the lowest bidders in accordance with specifications and contracts executed as follows:

May 6, 1927, Milton, Bradley Company, \$19,877.76; May 4, 1927, J. L. Hammett Company, \$3,919.75; May 2, 1927, E. E. Babb & Co., \$2,079.95; May 2, 1927, Ryan & Buker, \$985.50; May 6, 1927, Kenney Brothers & Wolkins, \$811.12.

The School Committee has approved a contract with George Coleman Company for rebinding books for the schools. Bids, opened Monday, February 28, were as follows:

National Library Bindery Company, 31 cents each book; 50 cents each geography; George Coleman Company, 35

cents each book; F. J. Barnard & Co., Inc., 34.5 cents each book.

SCHOOLHOUSE DEPARTMENT.

Upon May 17, the Mayor approved a contract with the Nichols-Egan Company for finish hardware for the Henry Grew District School. There was but one bid, opened May 2, in the sum of \$2,650.

Upon May 17 the Mayor approved a contract with the Nichols-Egan Company for finish hardware for the Continuation School, Boys' Unit. There was but one bid, opened April 25, in the sum of \$8,200.

SUPPLY DEPARTMENT.

Upon May 25 the Mayor approved a contract with the Jennison-Wright Company for furnishing approximately 45,000 wood blocks to the Bridge Service. Bids, opened May 17, were as follows:

Three and One Half Inches Deep by Four Inches Wide, by Eight Inches Long, per M. Delivered.—New England Wood Preserving Company, \$68 per M.; the Jennison-Wright Company, \$62.81 per M.; discount, ten days, 2 per cent; C. & R. Construction Company, \$73 per M.; discount, ten days, 3 per cent.

Upon May 25 the Mayor approved a contract with William R. Farrell for furnishing approximately 5,000 tons beach gravel to the Public Works Department. Bids, opened May 16, were as follows:

William R. Farrell, \$1.37 per ton; discount, ten days, $\frac{1}{2}$ of 1 per cent.

Upon May 25 the Mayor approved a contract with the New England Wood Preserving Company for furnishing approximately 410 pieces 4-inch by 10-inch by 35-foot 6-inch hard pine to the Bridge Service. Bids, opened May 17, were as follows:

New England Wood Preserving Company, \$88.75 per M. feet; discount, ten days, 1 per cent; the Jennison-Wright Company, \$101.75 per M. feet; discount, ten days, 2 per cent; George McQuesten Company, \$93.75 per M. feet; discount, ten days, 1 per cent.

WITHOUT ADVERTISING.

The Mayor has approved the following contracts awarded without advertising; requests of heads of departments to do the work with the department forces without advertising; additions to and deductions from contracts.

LIBRARY DEPARTMENT.

Upon May 19 the Mayor approved a contract with Walter A. Wentworth Company for work as indicated. A communication from the Board of Trustees was as follows:

BOSTON, May 13, 1927.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

SIR,—In a report submitted to the director May 10, 1927, Messrs. Fox & Gale, architects, review (a) conditions pertaining to the necessity of pointing the stone masonry of the facades of the Central Library Building, Copley square; (b) the impossibility of determining or estimating in advance the quantity of defective joints and the amount of repairs necessary; (c) and therefore the impracticability of advertising for bids for the work; (d) also the request of the Board July 19, 1926, seeking your authorization to employ a contractor, without competi-

tion, to do the necessary work, and (e) the subsequent approval of your Honor of the said request.

The architects further review the circumstances which subsequently arose and caused postponement of the undertaking which was the subject of the Board's request above referred to.

In view of your previous authorization concerning the work (and the subsequent postponement of the undertaking) and of the recommendations now submitted to the Board by Messrs. Fox & Gale concerning the work, as of this year, and the contractor by them named, the Trustees respectfully request your authorization to employ Messrs. Walter A. Wentworth Company, 107 Pacific street, Cambridge, Mass., without competition, to rake out and repoint, and grout and point where necessary, the deteriorated or defective joints of the stone masonry, above the stone platform and seat of the exterior facades of the Central Library Building, Copley square, and upon the basis here summarized:

The contractor shall be allowed and paid by the city a sum equal to the costs of labor and materials incorporated into the structure together with such other sums for reimbursement and profit as are set forth herewith, except that the scope of the work shall be limited to not exceed in total cost to the city the sum of \$6,000. The sum to be allowed and paid to the contractor by the city shall be computed (as will be scheduled in detail in the contract) on the following basis:

Labor and materials; special gutter hooks and fittings which upon completion remain the property of the city; bonds, permits, fees and insurance. Reimbursement of net costs: Each swinging stage and usual equipment (covering depreciation, renewal of equipment, liability for damage, etc.), an allowance of \$15 per week; truck and driver, an allowance of \$3 per hour; for contractor's services and profit, and all incurred expenses of every nature other than those above named, including all overhead, an allowance of a sum equal to 20 per cent of the sum reimbursed the contractor for net costs, necessarily incurred by him and by him directly paid, of labor and materials furnished in accordance with the agreement and properly incorporated into the structure.

I inclose herewith report and recommendations, herein above referred to, of the architects under date of May 10.

Trusting for your favorable consideration of this request as being in the best interest of the department, I beg to remain,

Respectfully yours,

THE BOARD OF TRUSTEES OF THE PUBLIC
LIBRARY OF THE CITY OF BOSTON,
by ARTHUR T. CONNOLLY,
President.

PUBLIC WORKS DEPARTMENT (Paving Service).

Upon May 19 the Mayor approved a contract with the Homes Company for the construction of artificial stone sidewalks. A communication from James H. Sullivan of the Public Works Department was as follows:

BOSTON, May 18, 1927.

To the Mayor of Boston:

Permission to award a contract for the construction of artificial stone sidewalks in the public streets, without advertising, to the Homes Company, 108 Homes avenue, Boston, is hereby requested on the ground that this contractor is not selected by the city in the first instance, but by the

abutters; secondly, the expense of construction is to be divided by the city and abutters; also because such contracts vary greatly in amounts and seldom involve one thousand (1,000) dollars.

Respectfully yours,

JAMES H. SULLIVAN,
Commissioner of Public Works.

Upon May 19 the Mayor approved a contract with the Phandor Company for the construction of artificial sidewalks. A communication from James H. Sullivan of the Public Works Department was as follows:

BOSTON, May 18, 1927.

To the Mayor of Boston.

Permission to award a contract for the construction of artificial stone sidewalks in the public streets, without advertising, to the Phandor Company, 18 Tremont street, Boston, is hereby requested on the ground that this contractor is not selected by the city in the first instance but by the abutters; secondly, the expense of construction is to be divided by the city and abutters; also because such contracts vary greatly in amounts and seldom involve one thousand (1,000) dollars.

Respectfully yours,

JAMES H. SULLIVAN,
Commissioner of Public Works.

SCHOOLHOUSE DEPARTMENT.

Upon May 25 the Mayor approved a contract with the Boston Buick Company for one five-passenger sedan. A communication from F. E. Slattery of the Schoolhouse Department was as follows:

BOSTON, May 24, 1927.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

DEAR SIR,—The Reo car, model 1922, owned by this department, has outlived its usefulness, and is not safe to drive without excessive repair charges, which would be unwarranted. Permission is respectfully requested to award a contract, without advertising, to Boston Buick Company, Inc., 97 Massachusetts avenue, for one five-passenger sedan with equipment complete, at a cost of one thousand six hundred and twelve (1,612) dollars net—one thousand seven hundred and twelve (1,712) dollars less allowance of one hundred (100) dollars for present Reo car—delivered in Boston.

As the above named concern is the manufacturer, no advantage would be gained by publicly advertising for bids.

Respectfully yours,

F. E. SLATTERY,
Chairman.

SUPPLY DEPARTMENT.

Upon May 20 the Mayor approved a contract with the New England Coal and Coke Company for furnishing 500 tons, more or less, of semibituminous coal for the pumping station, Sewer Service. A communication from Herbert S. Frost of the Supply Department was as follows:

BOSTON, May 19, 1927.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising for same, to the New England Coal and Coke Company for furnishing 500 tons, more or less, semibituminous coal to the pumping station, Sewer Service, at a price of \$7.47 per gross ton.

Under date of April 27, 1927, permission was received from your Honor to award

a contract, without publicly advertising for same, to the New England Coal and Coke Company for 300 tons of semibituminous coal to be delivered to the pumping station at the same price mentioned above, for the reason that extensive repairs to the oil-burning boilers were in operation and it was estimated that this original amount of 300 tons would be an adequate supply until the necessary repairs had been made. After the work had progressed for a short time it was discovered that more extensive repairs would be necessary than was originally estimated, and the Sewer Service has notified this department that they will need this additional 500 tons to carry them through for the time necessary to make repairs to the oil-burning apparatus.

The New England Coal and Coke Company has agreed to furnish this additional 500 tons, more or less, at the same price that they submitted at a publicly advertised bid of April 21, 1927, for coal delivered to the Long Island Hospital, viz., \$7.47 per gross ton delivered in the bins.

In view of the actual emergency that exists, and the danger to the public health which might result from a cessation of activities at this pumping station, I respectfully request that the permission asked for be granted.

Respectfully yours,

HERBERT T. FROST,
Superintendent of Supplies.

EXTENSION OF CONTRACTS.

PUBLIC WORKS DEPARTMENT.

Charles Caponi has been granted an extension of the time of completion of the contract for constructing Portland cement concrete pavements in Floyd street, Ward 14, from Lucerne street to Callender street; and in Norwell street, Ward 14, from Washington street 1,396 feet southerly; contract dated November 3, 1926, from June 1 to August 1, 1927.

A. Piatelli and C. Andreasse have been granted an extension of the time of completion of the contract for the building of sewerage works in Winton street outlet, West Roxbury, from May 2, 1927, to May 16, 1927 (fourteen days).

The Boston Bridge Works, Inc., have been granted an extension of the time of completion of the contract for repairing running mechanism of draw span of Chelsea Bridge, over North channel of Mystic river, from March 23, 1927 to April 20, 1927.

A. Piatelli and C. Andreasse have been granted an extension of the time of completion of the contract for laying and relaying water pipes in Fessenden, Floyd and other streets, dated November 1, 1926, from May 1, 1927, to June 1, 1927.

M. DeSisto Company have been granted an extension of the time of completion of the contract for the building of sewerage works in La Grange street, Casper street, Varick road, Worley street and Beech street, West Roxbury, from April 30, 1927, to June 30, 1927 (sixty-one days).

SUPPLY DEPARTMENT.

The Foran Foundry and Manufacturing Company have been granted an extension of the completion date of the contract for furnishing B castings (hydrant and gate stock) to the Water Service, from April 1, 1927, to June 1, 1927. The reason for this request is that the pattern furnished by the City of Boston to the contractor was in such bad condition that repairs to same took considerable time and prevented the contractor from starting the work promptly.

ACTION OF BOARD OF ZONING ADJUSTMENT ON PETITIONS HEARD.

Petition No. 126.—Patrick R. Kenney, to extend the I-65 zone in an easterly direction from Goodenough street, Brighton district, so as to include the area at present designated as R-40, lying between the L-65, R-35 and I-65 districts, or such modification or extension of this area or use as appeared advisable to the Board. (Public hearing April 8, 1927.) Granted.

Petition No. 127.—Almon J. Furbush to establish an L-40 district in the area bounded by Faneuil street, Hobart street and Harriet street, Brighton district, containing approximately 16,000 square feet of land, said area being at the present time in an R-35 district, or such extension or modification of this area as appeared advisable to the Board. (Public hearing April 8, 1927.) Withdrawn.

Petition No. 128.—Julius I. and Israel Nesson, to extend the L-65 zone in a northerly direction from Washington street along the westerly side of Commonwealth avenue to a depth of 100 feet for a distance of approximately 500 feet beyond the present zoning boundary line, to the land owned by the Commonwealth of Massachusetts, or such extension or modification of this area or use as might be deemed advisable by the Board. (Public hearing April 8, 1927.) Dismissed.

Petition No. 129.—John D. Lyons, represented by Bernard P. Casey, to establish an L-35 district at the intersection of Codman and Washington streets, Dorchester district, for a distance of about 100 feet back from each street frontage, or such modification or extension of this area as might be deemed advisable by the Board. (Public hearing April 8, 1927.) Granted.

Petition No. 132.—Elizabeth L. Dowling to extend the L-40 district in a westerly direction along both sides of Oakland street, from Oakland place to a depth of 100 feet to Haven avenue, or such modification or extension of this area or use as appeared advisable to the Board (Public hearing May 6, 1927.) Under advisement.

Petition No. 133.—Withdrawn.

Petition No. 134.—George L. Lamb to extend the R-40 district on Washington street, West Roxbury, so as to include area now zoned as L-40 in the vicinity of Grouse street, Cottage avenue and Washington street, or such extension or modification of this area or use as appeared advisable to the Board. (Public hearing May 6, 1927.) Under advisement.

Petition No. 135.—Sumner Hill Association, for an extension of the R-35 zone from the present boundary line 100 feet north of Sedgwick street in a southerly direction to the center line of Carolina avenue, from John A. Andrew street westerly for a distance of approximately 400 feet; thence following the boundary line between Lot 78 and Lot 82 in a northerly direction to the rear property line between Carolina avenue and Sedgwick street; thence in a westerly direction for a distance of approximately 300 feet; thence in a northerly direction to the present aforesaid boundary line, said area being at the present time in an R-40 district, or

such extension or modification of this area as appeared advisable to the Board. (Public hearing May 6, 1927.) Under advisement.

Petition No. 136.—Catherine W. Fraser, by William I. Schell, attorney, to extend the L-65 district along Walnut avenue in a southwesterly direction to a depth of 100 feet on either side from Buena Vista street to Rockland street, or such extension or modification of this area or use as appeared advisable to the Board. (Public hearing May 6, 1927.) Under advisement.

LAND-TAKING IN ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Westminster road, Roxbury district, as a highway, from Westminster avenue to Walnut park, with the name of Wardman road or some other distinctive name, bounded and described as follows:

A highway named Wardman road is hereby laid out, from Westminster avenue to Walnut park, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northeasterly by Westminster avenue, by two measurements, thirty-five and 91-100 feet and four and 74-100 feet; southeasterly by the southeasterly line of said Wardman road as hereby laid out, three hundred twenty-eight and 87-100 feet; southwesterly by the southerly line of Walnut park, forty feet; and northwesterly by the northwesterly line of said Wardman road as hereby laid out, three hundred twenty-three and 13-100 feet.

Trees or structures standing upon or affixed to the aforesaid described land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Included in the above described land (taken hereunder) are parts of certain parcels of land registered in the Land Court, said parcels being shown on the plan hereinbefore referred to, and said parts being the portions of said registered parcels which lie between the side lines of said Wardman road and the middle line thereof; the owners of said portions, the number of the certificate of title and the book and page where the same is registered is as follows:

Sarah P. Epstein, Certificate No. 15,473, Book 73, page 73.

Minnie E. Parsons *et al.*, Trustees, Certificate No. 21,133, Book 101, page 103.

Samuel M. Pravatiner, Goldie Pravatiner, Certificate No. 19,828, Book 95, page 28.

Benjamin H. Cohen and Robert Levine, Certificate No. 21,260, Book 102, page 60.

Bessie Shpak, Certificate No. 18,032, Book 86, page 32.

Sarah Siminofsky, Certificate No. 15,582, Book 73, page 182.

Ida Levine, Louis Levine, Certificate No. 16,408, Book 78, page 8.

Bessie Kopel, Certificate No. 16,943, Book 80, page 143.

Mamie Katz, Certificate No. 15,062, Book 71, page 62.

Annie Levine, Certificate No. 18,435, Book 88, page 35.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that

the lots of abutting land on both sides of Westminster road, from Westminster avenue to Walnut park, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "Wardman road, Roxbury, Assessment Plan, March 17, 1927, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Lot.	Amount.
1. Sarah P. Epstein	\$337 56
2. Sarah P. Epstein	448 00
3. Maurice E. Parsons <i>et al.</i> , trustees,	224 00
4. Samuel M. and Goldie Pravatiner	448 00
5. Benjamin H. Cohen and Robert Levine	353 82
6. Bessie Shpak	71 88
7. Sarah Siminofsky	223 52
8. Ida and Louis Levine	207 36
9. Bessie Kopel	232 00
10. Mamie Katz	674 32
11. Annie Levine	252 00
Total	\$3,472 46

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Wardman road (formerly Westminster road), Roxbury district, as a highway, from Westminster avenue to Walnut park, under the order of the Board of even date herewith, and awards no damages therefor.

LOCATION OF STREETS.

The Mayor has approved the following votes of the Board of Street Commissioners:

That the location, direction, width and grade of the private way, in the West Roxbury district, designated as Forest Hills circle, leading from Forest Hills street, as shown on a plan approved in writing by the Board of Street Commissioners, and on file in the office of this department, be and the same hereby are approved.

That the location, direction, width and grade of the private way, in the Dorchester district, designated as Gene street, from Humphreys street to Holden street, as shown on a plan approved in writing by the Board of Street Commissioners, and on file in the office of the Street Laying-Out Department, be and the same hereby are approved.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Mildred avenue, Dorchester district, as a highway, from Babson street to the Norfolk Street Playground, bounded and described as follows:

A highway named Mildred avenue is hereby laid out, from Babson street to the Norfolk Street Playground, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is taken in the following described land, exclusive of trees or structures standing upon or affixed thereto:

A part of a parcel of land, supposed to belong to Charles Fineberg and Ida Breger, situated at the northerly corner of Babson street and Mildred avenue, and bounded and described as follows:

Westerly by Babson street, thirty-five and 36-100 feet; northerly by the northerly line of Mildred avenue, and laid out under this order, thirty-five and 9-100

feet on a curve of fifteen feet radius, and southeasterly by the northwesterly line of Mildred avenue, thirty-five and 36-100 feet, containing two hundred and sixty-seven square feet, more or less.

The land, owners unknown, being the private way known as Mildred avenue, from Babson street to the Norfolk Street Playground.

Trees or structures standing upon or affixed to the aforesaid described land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Said highway is bounded and described as follows:

Westerly by Babson street, by two measurements, thirty-five and 2-100 feet and fifty-five and 45-100 feet; northerly by the northerly line of said Mildred avenue as hereby laid out, thirty-five and 9-100 feet on a curve of fifteen feet radius; northwesterly by the northwesterly line of said Mildred avenue as hereby laid out, seven hundred eighty-eight and 72-100 feet, northeasterly by the northeasterly line of said Mildred avenue as hereby laid out, forty and 2-100 feet; and southeasterly by the southeasterly line of said Mildred avenue as hereby laid out, eight hundred and sixty-two feet.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lots of abutting land on both sides of Mildred avenue, from Babson street to the Norfolk Street Playground, and land of the City of Boston (Norfolk Street Playground) will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Mildred Avenue, Dorchester, Assessment Plan, March 1, 1927, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Lot.	Amount.
1. Charles Fineberg and Ida Breger,	\$265 10
2. Morris R. Kaplan	235 34

Voted, That this Board determines that the undermentioned persons sustain damages in their estate by the making of the public improvement, consisting of the laying out and construction of Mildred avenue, Dorchester district, as a highway, from Babson street to the Norfolk Street Playground, under the order of the Board, in the amount hereinafter mentioned, and awards said amount therefor.

Charles Fineberg and Ida Breger, 267 square feet..... \$80 10

SCHOOL APPROPRIATIONS.

(Continued from page 561.)

a law there will again appear, as you admit in your communication to me under date of May 9, a large surplus included in this year's tax levy, to be utilized for school maintenance in the year 1928. This policy offers a temptation to overstate the needs of the School Committee in every item of its maintenance. It is time to correct this procedure, and as a help thereto I submit herewith certain facts, figures and comments that I trust will prove of value to you in consideration of this veto, which is intended to assist you in adopting a new appropriation order that will more nearly approximate the proper expenditures for the year 1927.

The increase in average day and evening school attendance has been negligible in recent years, as is shown by the following:

Year.	Average Day and Evening.
1923-24.....	125,733
1924-25.....	125,837
1925-26.....	126,568

The figures for 1926-27 are not yet available.

The rapidity of increased school costs (exclusive of new building construction) is shown by the following:

Year.	Expenditures.
1923-24.....	\$12,421,826 16
1924-25.....	13,131,300 13
1925 (eleven months).....	12,769,323 05
1926.....	15,118,502 40

These expenditures show a trend in rising costs that is positively alarming, against a negligible increase in average attendance. The taxpayer may well demand the reasons for an increase of a million dollars a year in maintenance costs as shown above, and it will be your privilege to comply with his demand.

I wonder how you can ever explain the story told in your own words on page VII of your budget, wherein you show "increases in appropriations for 1927 over expenditures for 1926" of \$1,442,385.74 exclusive of the appropriations for Pensions to Teachers and Alterations and Repairs, etc.

The reasons advanced by you for the increase of \$1,011,590.90 in the item "salaries of instructors" are so lacking in detail as to be valueless. From an examination of the auditor's records it will be seen that the expenditures in this item for four months of the current year as compared with the same months of last year show an increase of \$188,457.24, and on this basis would represent approximately \$565,000 increase for the year. This accounts for a little more than one half of your million dollars under the item of salaries of instructors. How you account for the other one half million it is impossible for me to determine, and I think likewise impossible for you. The additional half million can be accounted for only under the salary increases and appointments. On the basis of the first four months of this year for salaries of instructors you will have spent at the end of the year \$697,779 less than the amount appropriated by you for this purpose. Deducting \$130,000 for salary increases estimated by you as necessary for this purpose when you appeared before the Legislature, you will have a balance of \$567,779 to be devoted to new appointments for the last four months of the year. In order to utilize this enormous sum for this purpose it will be necessary for you to actually appoint a number of teachers equal to 16 per cent of your

entire teaching force. This on the face of it is ridiculous. Your estimate of \$130,000 is grossly exaggerated. Indeed, it is my opinion that a reasonable figure covering both salary increases and appointments would be liberally represented by the sum of \$150,000 for the last four months of the year. Add \$150,000 to the sum of \$565,000, approximate increase for the year, and you will have \$715,000 against the increase of over one million dollars estimated by you or a difference in round numbers of \$300,000, which I believe represents a moderate statement of excess money which you do not need.

The foregoing figures are clearly indicative of an inflation in the appropriations necessary for school maintenance during the current year. I do not think that you should desire such an inflation although it may produce an attractive sum for future use. I am sure that a careful consideration of the discussion that has been going on for a long time of the relief of taxation and a careful consideration of every item of expenditure will emphasize to you the importance of a thorough examination of your budget for the purpose of taking from it such sums as may appear to be unnecessary.

Your tabulation on page VII further shows that the appropriation for "Supplies, Equipment, and Incidentals," exceeds by \$153,603.04 the expenditures of last year. Keeping in mind that the average school attendance has not appreciably increased for several years, it would seem that \$100,000 of this amount could well be saved and still allow over \$53,000 for increased expenditures. You also show an increased appropriation of \$99,764.31 over the expenditures of last year for "Fuel and Light." From this there should be a saving of at least \$70,000, and still allow for increased expenditures of approximately \$30,000 for "Fuel and Light." In view of your own experience during the last three years I doubt if any increase in "Fuel and Light" will be necessary.

The \$30,000 remaining of the \$500,000, which I deem in excess of your requirements, should be saved from the other appropriation items, without unduly curtailing the necessary activities of the School Committee. Were this saving of \$500,000 to be accomplished on the appropriations already made by you, it would still leave available in your present budget \$942,000 in excess of your expenditures for the same purposes last year.

You were in doubt last year about a remaining balance which at the end of the year appeared as a surplus of \$739,000. On April 13 last you stated that you would be glad to co-operate with me in the reduction of the tax rate if you could determine that a substantial sum could be left unappropriated, and you again expressed a doubt that there would be a remaining balance. On May 9 last you were no longer in doubt, as your letter and the accompanying budget provide for another substantial surplus for 1928 appropriations. This year I believe the surplus will equal three quarters of a million dollars. I have shown you where your appropriations are too high by \$500,000. This great sum does not belong among the burdens of the 1927 taxpayers. It should be promptly removed from your appropriations.

In your letter of May 9 you speak of having no reserve fund upon which drafts may be made in case of necessity. This reference lacks force from the fact that there are large reserves throughout your estimates. Your surplus in the eleven

months' year of 1925 was \$589,000. In 1926 it rose to \$739,000. By this two years' record as well as by a study of the present budget it appears that even with a \$500,000 reduction, which I recommend, you will still have reserves so ample that a surplus will result.

The School Committee has been given an unusual grant of power by the Legislature. It not only makes but adopts its own budget and by a vote of four of its five members may pass a budget notwithstanding the objection of the Mayor.

It is the desire of the public that the School Committee shall be given great freedom in carrying on its important work, and that every proper school activity shall be fully supported. Such a policy demands a budget which provides for no more than the year for which it makes provision. If it does more than this it tends to defeat rather than to aid the committee by encouraging unwise expenditures and ill-advised changes in plans which ought to be carefully made and consistently followed.

Please be assured that I deeply appreciate the profound sense of responsibility that must be yours in the performance of so high a duty as supervising the school system of a great city. I am not unmindful of your difficulties and have always endeavored to assist you in meeting them. In this spirit I transmit this communication, with an expression of the hope that you may give further consideration to your appropriations for the current year, and that you may be able to present to me thereafter a budget which I may approve.

Respectfully yours,

MALCOLM E. NICHOLS, Mayor.

ASSESSMENT OF DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

That in the matter of Kate I. Huntington, petitioner for damages on account of the taking of 675 square feet of land for the widening and relocation of Kneeland street, under the order of the Street Commissioners and Mayor of October 26, 1925, after consultation with the Law Department, and on its advice, the Board assesses the petitioner's damages in the sum of \$19,000 flat; and consents that the Corporation Counsel agree to judgment in said case on the terms herein stated.

That in the matter of Ezra F. Pratt, petitioner for damages occasioned his estates by the taking of 496, 670 and 702 square feet of land for the widening, relocation and construction of Kneeland street, under the order of the Street Commissioners and Mayor of October 26, 1925, after consultation with the Law Department, and on its advice, the Board assesses the petitioner's damages in the sum of \$51,000 flat; and consents that the Corporation Counsel agree to judgment in said case on the terms herein stated.

POLICE RETIREMENT.

Mayor Nichols announced on May 17 that he had approved the retirement of the following members from service in the Police Department for age limit: Capt. John F. Ahearn, Lieut. Frank Arnold, Lieut. Patrick J. O'Neil, Lieut. John E. Hughes, Sergt. Patrick J. McNealy, Patrolman William F. Moore, Patrolman William H. Robinson, Patrolman Gustave Rosenfeld.

MAYOR NICHOLS INVITES LINDBERGH TO BOSTON.

Mayor Nichols announced on May 24 that through Gardiner Fiske, vice chairman of the Municipal Air Board, who is in Europe, he had invited Captain Lindbergh to visit Boston on his return.

The Mayor cabled as follows:

Boston extends its most cordial greetings and the wish that it may have the opportunity it earnestly desires to accord you a real Boston welcome.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 10-inch earthen pipe in Ormond street (to be built in old taking), between 15 feet southeast of Byers road and a point 224 feet southeasterly, in the Dorchester district, at an estimated cost of \$1,800.

A sanitary sewer of 10-inch pipe and a surface drain of 12-inch pipe in Knoll street (to be built in old taking), between 455 feet southeast of Centre street and a point 200 feet northwesterly, in the West Roxbury district, at an estimated cost of \$2,400.

A sanitary sewer of 8-inch pipe in Prescott street, between 202 feet northeast of Hawthorne street and a point 75 feet southwesterly, in the Hyde Park district, at an estimated cost of \$450.

A sanitary sewer of 10-inch pipe and a surface drain of 10-inch, 15-inch, 18-inch, 20-inch and 24-inch pipe in West Border road, between Pelton street and Martin street, in the West Roxbury district, at an estimated cost of \$12,400.

A sanitary sewer of 8-inch pipe in Sedgwick street, between 210 feet east of South street and a point 130 feet westerly, in the West Roxbury district, at an estimated cost of \$1,000.

A sanitary sewer and surface drain of 10-inch pipe in West Roxbury Parkway, between Centre street and New York, New Haven and Hartford Railroad, in the West Roxbury district, at an estimated cost of \$1,200.

TO FREE STREETS OF STRAY DOGS.

Mayor Nichols announced on May 24 that following a report made to him by Police Commissioner Wilson relative to complaints regarding unlicensed and uncollared dogs running at large in the city, he had sent the following communication to Henry C. Merwin, Esq., 51 Carver street; Frank J. Sullivan, Esq., 109 Northampton street, and Julian Codman, Esq., 51 Carver street:

I wish to call your attention to a report made to me by Police Commissioner Wilson in which he states that his department has received numerous complaints regarding the great number of unlicensed and uncollared dogs running at large in this city.

You have been appointed a dog officer and constable of the City of Boston under a warrant issued by me on July 7, 1926, with full authority to kill, or cause to be killed, all dogs within this city not licensed and collared and to enter complaint against owners or keepers, and you are further directed to use the utmost diligence to remedy this condition.

Very truly yours,

MALCOLM E. NICHOLS, Mayor.

TO REMOVE BUILDINGS.

The Mayor has approved the request of the Public Works Department to enter or remove the following structures as fire menaces or nuisances:

To enter the building at 9-13 Oak Grove terrace, Ward 9, and secure or remove the rear piazza and stairs.

The owner, Morris Galer of 213 Walnut avenue, has been served with a notice relative to the unsafe condition of same but neglects to remove the cause for complaint.

The rear piazza and stairs are in such a condition as to constitute a fire menace and a nuisance.

To enter the building at 46 Kneeland street, Ward 3, and secure or remove same.

The owner, the James D. Casey estate, care of Edward J. Casey of 201 Devonshire street, has been served with a notice relative to the unsafe condition of the building, but neglects to remove the cause for complaint.

The building is in such a condition as to constitute a fire menace and a nuisance.

To enter the building at 83 Williams street, Ward 9, and secure or remove same.

The owner, Joseph Liffand of 107 West Cottage street, has been served with a notice relative to the unsafe condition of the building, but neglects to remove the cause for complaint.

The building is in such a condition as to constitute a fire menace and a nuisance.

To enter the building at 57 Fay street, Ward 3, and secure or remove same.

The owner, Reddick J. Royster of 7 Water street, has been served with a notice relative to the unsafe condition of the building, but neglects to remove the cause for complaint.

The building is in such a condition as to constitute a fire menace and a nuisance.

To enter the buildings at 39-45 Bradford street, Ward 3, and secure or remove same.

The owner, Reba Paeff of 9 Joy street, has been served with notices relative to the unsafe condition of the buildings but neglects to remove the cause for complaint.

The buildings are in such condition as to constitute fire menaces and nuisances.

To enter the building at 30 Winchester street, Ward 5, and vacate and secure building and shore floors and walls.

The owner, Isaac Endlar of 27 School street, has been served with a notice relative to the unsafe condition of the building, but neglects to remove the cause for complaint.

The building is in such a condition as to constitute a fire menace and a nuisance.

PETITIONS ALLOWED.

The Mayor has approved the following petitions received from the Board of Street Commissioners:

W. F. Schrafft & Sons, Corporation, 160 Washington Street North, Ward 3, acetylene and oxygen.

Hub Sheet Iron Works, 67 Broad street, Ward 5, acetylene and oxygen.

Couture & Leahy, Inc., 1362 Blue Hill avenue, Ward 18, acetylene and oxygen.

Couture & Leahy, Inc., 1357 Blue Hill avenue, Ward 14, acetylene and oxygen.

PLANS FOR RANDIDGE EXCURSIONS.

Mayor Nichols announced on May 24 that he had appointed Penal Institutions Commissioner Philip A. Chapman to take charge of the Randidge excursions for the coming year.

These are the annual outings by the city from the income of the fund left by the late George L. Randidge held during the months of July and August in accordance with his will.

Two hundred and fifty children are taken every day excepting Saturdays and Sundays during these months on the steamer "Michael J. Perkins" to Rainsford Island where they enjoy a day's outing and lunch furnished by the city out of this fund. For many of the children this is their only outing of the year and they look forward to it with great anticipation.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

CLERICAL SERVICE, STATE AND CITIES, JUNE 11 AND JUNE 25, 1927.

This is an examination for the clerical service of the state and of all cities and of such towns in the state as are classified under civil service. On June 11 the examination will be held in various centrally located cities. On June 25 the examination will be held in Boston, and all persons who reside within commuting distance will be notified for examination on this day. Certification may be made from the eligible lists established by this examination for office, institutional, or other positions of a similar nature at the discretion of the Commissioner of Civil Service. Special qualifications in bookkeeping, stenography, typewriting, cataloguing, filing, etc., and in foreign languages may be recognized by the commissioner in certifying persons for positions demanding such qualifications. Persons qualifying in the examination may have their names placed on the state list as well as on the list for the city or town in which they reside.

This examination will be given to fill positions in all grades of the Clerical Service except Grade V (chief clerk, secretary). All applicants will be given the same examination, and will be placed on the list in the order of marks received, and will be certified for any and all clerical positions in the order of standing on the list, unless in the opinion of the Commissioner of Civil Service the mark attained is lower than is proper for the particular position to be filled.

Applicants must be not less than sixteen years of age at the time of filing application, and must have attended high school for at least two years.

All applicants will be marked on each subject of the examination; and will be given a general average on such marks according to the following schedule: Training and experience, 5 points; spelling, 2; letter writing, 2; arithmetic, multiplication, division and decimals, 1; arithmetic problems, 1; word knowledge, 1; sentence meaning, 1; grammar, 1; reasoning, 1; total 15.

Applicants will be required to obtain a mark of at least 64 per cent in spelling, and at least 65 per cent in general average in order to become eligible. For positions paying \$1,200 or more, only clerks who receive a mark of at least 65 per cent in experience will be certified.

The usual entrance salary for clerks for state service is \$840.

Sample questions for clerks available.

THE CONTROL OF BUILDING OPERATIONS IN THE CITY OF BOSTON THROUGH LICENSED MECHANICS.

Building Commissioner has prepared the following article in explanation of Boston's efforts to control building operations through licensed mechanics.

The first attempt to regulate building mechanics in the City of Boston was made by Mayor Green in 1882, who petitioned the Legislature for an enabling act permitting the city by ordinance to require the registration of all persons carrying on the business of plumbing. In consequence of his petition a legislative act was passed, and the city by ordinance required the registration of all persons carrying on the business of plumbing and further prescribed rules and regulations for materials, construction, alteration and inspection of all pipes, tanks, faucets, valves and other fixtures through which water and sewage are used and carried and required the approval by the Building Department before being installed.

In 1893 a difference arose between master and journeyman plumbers relative to the registration required under this law, and an act was passed which only required the licensing of persons thereafter engaged in the business of plumbing. Finally, in 1909, the Legislature passed an act which established a State Board of Examiners of Plumbers.

In March of 1897 a gas explosion in the subway under construction on Tremont street aroused the city to the dangers from gas. Civic investigations were started and it was found that there were many gas leaks at various locations which were due to the careless and dangerous way the piping had been installed and that it was very evident that gas fitting was often performed by persons with no knowledge of the art. In October, 1897, an act was passed by the Legislature relative to the licensing of gas fitters and to the supervision of the business of gas fitting in the City of Boston. Under this act the commissioner formulated regulations for the installation of gas in buildings. The act provided for a Board of Examiners of Gas Fitters which consists of the Building Commissioner, the Health Commissioner and a third member who must be a journeyman gas fitter, and every mechanic who does gas fitting work in the City of Boston must be licensed by this Board.

In 1914 an act was passed by the Legislature requiring the licensing of all elevator operators. This licensing is in the hands of the Building Commissioner, and since its adoption a fatal accident in the operation of elevators is a rare occurrence.

In the year 1912 several accidents occurred in building operations in the city and the then mayor, John F. Fitzgerald, appointed a committee representing the Master Builders, Architects and Engineers Associations for the purpose of suggesting to the Massachusetts Legislature the passage of a law requiring all building operations in the City of Boston to be under the control of a competent person. As a consequence the Legislature passed an act permitting the City of Boston to prescribe by ordinance the qualifications which should be required of those having charge of the erection, alteration, removal or tearing down of buildings or structures in said city. As a result of this act we have today the Revised Ordinances of 1914, chapter 8, amended to date, which reads as follows:

BOARD OF EXAMINERS.

SECTION 3. There shall be in the building department a board of examiners, consisting of three members, who shall exercise the powers and perform the duties hereinafter provided. Each member shall receive ten dollars for every day or part thereof of actual service but not more than one thousand dollars in any year.

EXAMINATIONS.

SECTION 4. The board shall hold examinations, under reasonable rules and regulations adopted by it, of persons desiring to be registered as qualified to have charge or control of the construction, alteration, removal, or tearing down of buildings or structures. Due notice of such examinations shall be posted in the offices of the building department and of the board of examiners and published in the *City Record*.

REGISTRATION.

The Board shall establish various classes of persons to be registered, shall determine the qualifications required for each class, and after examination shall register in each class the persons found to possess the requisite qualifications therefor. The name and address of each person so found to be qualified, with the designation of the class in which he is registered, shall thereupon be certified by the Board to the Building Commissioner who shall make a record of the same which shall be open to public inspection.

QUALIFICATIONS OF PERSONS IN CONTROL OF BUILDING OPERATIONS.

SECTION 5. All work of construction, alteration, removal or tearing down of buildings or structures in the city of Boston shall, hereafter, be under the charge, control and personal supervision of a licensed mechanic, qualified by education, training or experience for the performance of that duty in a manner which shall preserve public safety and conform to the laws, ordinances, rules and regulations relating to the construction, alteration, removal or tearing down of buildings and structures in the city of Boston.

PERMITS TO PERSONS LICENSED.

SECTION 6. The qualifications of such persons shall be determined by the board of examiners, and no permit for the doing of work described in section five of this chapter shall be issued by the building commissioner unless the application for a permit therefor contains the name, address and signature of a person who is duly licensed, as herein provided, to take personal charge or control of such work; provided, however, that a permit may be granted if no person licensed as aforesaid has been named in the application therefor whenever the work in question is of minor importance, and, in the opinion of the building commissioner, stated in writing with his reasons therefor upon the application for such permit, the work is of such simple character that its execution will not endanger the safety of the public, or of any person engaged thereon.

EXEMPTION FROM EXAMINATIONS.

SECTION 7. Any person who shall by affidavit, together with such other evidence as may be required by the board, show to the board that he has had charge or control of the construction, alteration,

removal or tearing down of buildings or structures in the class in which he applies to be registered, and shall satisfy the board that he is qualified by education, training or experience to have charge or control of such work, may, without any other examination, be registered in such class and be certified to the building commissioner as a person qualified within such class.

FEES FOR BUILDING LICENSES.

SECTION 8. The board shall issue a license to each person so certified by the board to the building commissioner. All licenses hereafter issued, or issued less than one year prior to the passage of this ordinance, shall expire in one year from the date of issuance; and all licenses issued more than one year prior to the passage of this ordinance shall expire on the date in the year 1921 corresponding to the date in the year of issuance. The board may renew a license upon any expiration thereof, for the further period of one year from the date of renewal, with or without re-examination, as the board may determine. The fees to be paid to the board for such licenses and renewals shall be as follows: new license — five (5) dollars; and each yearly renewal thereof two (2) dollars. The first renewal of a license heretofore granted — five dollars and each yearly renewal thereof two (2) dollars. Special license — one (1) dollar. The fees received by the board shall be paid to the city collector at least once a week.

REVOCATION OF LICENSE.

SECTION 9. A person who has been duly licensed as aforesaid shall be entitled to have charge or control of any work described in section five of this chapter, in the class in which he is registered, until his license is revoked or suspended by the building commissioner upon the order of the board. No license shall be revoked or suspended except upon proof of charges, filed with the board by the building commissioner or other person, specifying that the licensee has been careless or negligent in the performance of his duty in connection with work under his charge or control, or has caused or permitted a violation of the building laws in connection therewith, or that such laws have been violated in connection with such work when the licensee knew, or, in the exercise of due diligence, should have known, that such violation had occurred. Upon learning of such carelessness, or neglect of duty, or of such violation of law, the building commissioner shall file charges with the board and prosecute the same. Upon the filing of such charges by the building commissioner or other person, the board shall give to the licensee notice of a hearing upon the charges which shall be held by the board not less than seven days after the date of said notice. The notice shall be by personal service or by registered mail, and shall state the time and place of the hearing and contain a copy of the charges. At such hearing the licensee may be represented by counsel, and the building commissioner may be assisted by a representative of the law department of the city.

STOPPING WORK.

SECTION 10. If, for any cause, a person licensed as herein provided shall cease to have charge or control of any work described in section five of this chapter before such work is finished, the work shall stop until another person duly licensed for the doing of such work has been placed in charge thereof.

PENALTY.

SECTION 11. Whoever violates any provision of sections five, eight or ten of this chapter shall be punished by a fine of not more than fifty dollars for each offence.

The first Board of Examiners appointed in 1913 under the above ordinance consisted of an architect, a labor representative and a construction engineer. Members of the Architects, Engineers and Builders Associations were requested to assist the Board in the establishment of rules and regulations for the examination of applicants. Six classes of registration were decided upon:

Class A entitles the holder to take charge of the construction or alteration of first-class buildings.

Class B to take charge of the construction or alteration of second-class buildings.

Class C to take charge of the construction or alteration of third-class buildings.

Class D to take charge of the moving and shoring of buildings.

Class E to take charge of the razing of buildings.

Class F to take charge of the construction of elevators, signs, and all light iron-work.

Special licenses are issued for the construction of work of a minor nature.

The enforcement of such a law immediately following its passage would be practically impossible because of the interruption to construction which would follow such a revolutionary action, and in order to pass upon the hundreds of applications which were immediately received February 1, 1914, was set as the date when the ordinance should become operative. In the interim the Board qualified approximately 1,500 applicants.

In May, 1920, the Examining Board was of the opinion that a reclassification of building mechanics was necessary and canceled all licenses issued prior to the year 1920 and required a renewal of the same by the licensees, thus affording a means of examining license holders of questionable ability and reclassifying the applicants according to the line of work in which they were actively engaged. This work of re-examination was begun in October, 1920, and up to January 1, 1922, thirty-five hundred (3,500) licensees have been before the Board for examination or re-examination.

A great number of applicants for licenses were found to lack the necessary technical knowledge, although having had acceptable practical experience. To assist this type of men the Examining Board was instrumental in having established at Franklin Union and Wentworth Institute classes of instruction in subjects especially adapted for their particular need. The Board also held at its office classes of preliminary instruction. These classes were addressed by builders, architects and engineers, on subjects having to do directly with their work. Many of the applicants after these courses of study made application for re-examination and passed to higher grades and the number of license holders was being increased by groups of capable competent men. Each license holder is given to understand that he is part of the organization of the Building Department and must co-operate with it and represent it as well as protect the interest of the owner and contractor and the public.

Although strictly not under the subject of this paper, section 8, Article "a" of the Boston Building Code, reads as follows:

"The commissioner shall not delay the issuance of a building permit if the plans submitted conform to the laws as to egress,

class of construction and general arrangements, provided that the plans are accompanied by drawings showing the structural design and by a statement that the plans and designs conform to all the requirements of the law as to strength, stresses, strains, loads and stability and are signed and sworn to by the architect or engineer who made the calculations."

In some cases when the department had accepted the affidavit of an architect or an engineer as outlined above, the building inspectors in the course of their inspection had found some deviation from the plans submitted and sworn to, and on the engineer's or architect's attention being called to this his usual statement would be that he had nothing to do with the execution of the work, he had merely made the plans and calculations. To correct this situation, the department now demands as a condition of accepting affidavits that the engineer or architect who makes such affidavit shall give the work sufficient inspection so that on its completion he can then take a final affidavit that the work has been carried out according to his plans and calculations.

L. K. ROURKE.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of an extension of St. Joseph street, West Roxbury district, as a highway, Woodman street to Arborway, bounded and described as follows:

An extension of the highway named St. Joseph street is hereby laid out, from Woodman street to Arborway, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is taken in the following described lands, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to James O'Neil, situated on the southerly side of St. Joseph street as extended under this order, bounded:

Westerly by Arborway, ten and 11-100 feet; northerly by land hereinafter described as taken from the City of Boston, ninety-four and 20-100 feet; easterly by land hereinafter described as taken from Margaret T. Lemist, ten and 53-100 feet; and southerly by other land supposed to belong to said O'Neil, ninety-nine and 34-100 feet, containing nine hundred and sixty-eight square feet, more or less.

A parcel of land, supposed to belong to Margaret T. Lemist, situated on the southerly side of St. Joseph street as extended under this order, bounded:

Westerly by land hereinafter described as taken from James O'Neil, ten and 53-100 feet; northerly by land hereinafter described as taken from the City of Boston, fifty-six feet; easterly by land hereinafter described as taken from John W. Flynn, ten and 27-100 feet; and southerly by land supposed to belong to said Lemist, fifty-five and 4-100 feet, containing five hundred and fifty-five square feet, more or less.

A parcel of land, supposed to belong to John W. Flynn, situated on the southerly side of St. Joseph street as extended under this order, bounded:

Westerly by land hereinafter described as taken from Margaret T. Lemist, ten and 27-100 feet; northerly by land hereinafter described as taken from the City of Boston, fifty-four feet; easterly

by land hereinafter described as taken from Mary M. English, nine and 54-100 feet; and southerly by other land supposed to belong to said Flynn, by two measurements, nineteen and 38-100 feet and thirty-three and 7-100 feet, containing five hundred and twenty-eight square feet, more or less.

A parcel of land, supposed to belong to Mary M. English, situated on the southerly side of St. Joseph street as extended under this order, bounded:

Westerly by land hereinafter described as taken from John W. Flynn, nine and 54-100 feet; northerly by land hereinafter described as taken from the City of Boston, fifty-five feet; southeasterly by land hereinafter described as taken from Catherine Kelley and from James English, twenty and 15-100 feet; and southerly by other land supposed to belong to said Mary M. English, thirty and 84-100 feet, containing three hundred and eighty-seven square feet, more or less.

A parcel of land, supposed to belong to James English, situated on the southerly side of St. Joseph street as extended under this order, bounded:

Northwesterly by land hereinafter described as taken from Mary M. English, fifteen and 31-100 feet; easterly by land hereinafter described as taken from Catherine Kelley, six and 57-100 feet; and southerly by other land supposed to belong to said James English, nineteen and 17-100 feet, containing sixty-three square feet, more or less.

A parcel of land, supposed to belong to Catherine Kelley, situated on the southerly side of St. Joseph street as extended under this order, bounded:

Westerly by land hereinafter described as taken from James English, six and 57-100 feet; northwesterly by land hereinafter described as taken from Mary M. English, four and 84-100 feet; northerly by land hereinafter described as taken from the City of Boston, thirty-nine and 70-100 feet; easterly by land hereinafter described as taken from George H. Dornhofer, seven and 14-100 feet; and southerly by other land supposed to belong to said Kelley, forty-three and 89-100 feet, containing three hundred and thirty-six square feet, more or less.

A parcel of land, supposed to belong to George H. Dornhofer, situated on the southerly side of St. Joseph street as extended under this order, bounded:

Westerly by land hereinafter described as taken from Catherine Kelley, seven and 14-100 feet; northerly by land hereinafter described as taken from the City of Boston, twenty-five and 30-100 feet; northeasterly by land hereinafter described as taken from Mary C. MacDonald, twelve and 83-100 feet; and southerly by land supposed to belong to said Dornhofer, thirty-six and 57-100 feet, containing two hundred and nine square feet, more or less.

A parcel of land, supposed to belong to Mary C. MacDonald, situated on the southerly side of St. Joseph street as extended under this order, bounded:

Southwesterly by land hereinafter described as taken from George H. Dornhofer, twelve and 83-100 feet; northerly by land hereinafter described as taken from the City of Boston, two hundred five and 70-100 feet; southeasterly by land hereinafter described as taken from John and Mary McCarnay, five and 36-100 feet; and southerly by other land supposed to belong to said MacDonald, one hundred eighty-nine and 38-100 feet, containing seven hundred and sixty-five square feet, more or less.

A parcel of land, supposed to belong to John and Mary McCarney, situated on the southerly side of St. Joseph street as extended under this order, bounded:

Northwesterly by land hereinbefore described as taken from Mary C. MacDonald, five and 36-100 feet; northerly by land hereinafter described as taken from the City of Boston, fifty-two and 40-100 feet; and southerly by other land supposed to belong to said McCarney *et al.*, fifty-seven and 58-100 feet, containing thirty-eight square feet, more or less.

A parcel of land, supposed to belong to Mary C. MacDonald, situated on the northerly side of St. Joseph street as extended under this order, bounded:

Easterly by Woodman street, ten and 17-100 feet; southerly by land hereinbefore described as taken from the City of Boston, two hundred twenty-eight and 70-100 feet; westerly by land hereinafter described as taken from Halloran *et al.*, four and 13-100 feet; and northerly by other land supposed to belong to said MacDonald, two hundred twenty-six and 57-100 feet, containing seventeen hundred and thirty-four square feet, more or less.

A parcel of land, supposed to belong to Joseph A. and Rose E. Halloran, situated on the northerly side of St. Joseph street as extended under this order, bounded:

Easterly by land hereinbefore described as taken from Mary C. MacDonald, four and 13-100 feet; southerly by land hereinafter described as taken from the City of Boston, fifty feet; westerly by other land hereinafter described as taken from said Halloran *et al.*, two and 86-100 feet; and northerly by other land supposed to belong to said Halloran *et al.*, forty-nine and 86-100 feet, containing one hundred and seventy-three square feet, more or less.

A parcel of land, supposed to belong to Joseph A. and Rose E. Halloran, situated on the southerly side of St. Joseph street, as extended under this order, bounded:

Easterly by land hereinbefore described as taken from said Halloran *et al.*, two and 86-100 feet; southerly by land hereinafter described as taken from the City of Boston, eighty-two and 60-100 feet; westerly by land hereinafter described as taken from owners unknown (Goldsmith street), 76-100 feet; and northerly by other land supposed to belong to said Halloran *et al.*, eighty-two and 35-100 feet, containing one hundred and forty-nine square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Goldsmith street, bounded:

Easterly by land hereinbefore described as taken from Halloran *et al.*, 76-100 feet; southerly by land hereinafter described as taken from the City of Boston, thirty and 24-100 feet; and northerly by another part of Goldsmith street, thirty and 15-100 feet, containing eleven square feet, more or less.

A parcel of land, supposed to belong to the City of Boston, between Woodman street and the Arborway, bounded:

Easterly by Woodman street, twenty and 75-100 feet; southerly by land supposed to belong to McCarney *et al.*, to MacDonald, to Dornhofer, to Kelley, to English, to Flynn, to Lemist, and to O'Neil, five hundred eighty-two and 30-100 feet; westerly by the Arborway, twenty and 30-100 feet; and northerly by land supposed to belong to O'Leary, to owners unknown (Goldsmith street), to Halloran *et al.*, and to MacDonald, by two measurements, one hundred and eighty-two feet and three hundred ninety-one and 54-100 feet.

Trees or structures standing upon or affixed to the aforesaid described land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Said extension of said highway as hereby laid out is bounded:

Easterly by Woodman street, thirty and 92-100 feet; southerly by the southerly line of said extension of St. Joseph street as hereby laid out, by two measurements, three hundred ninety-six and 81-100 feet and one hundred eighty-seven and 45-100 feet; westerly by Arborway, thirty and 41-100 feet; and northerly by the northerly line of said extension of St. Joseph street as hereby laid out, by two measurements, one hundred and eighty-two feet and three hundred eighty-eight and 93-100 feet.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lots of abutting land on both sides of St. Joseph street as extended under this order, the land supposed to belong to the heirs of Michael Flynn, approximately 2,470 square feet, and the land supposed to belong to George H. and Mary Dornhofer, approximately 2,551 square feet, both of said parcels being portions of land located on Jamaica street; also the lots of land on the westerly and easterly sides of Ballard way, at the dead end thereof, supposed to belong to Annie and Catherine McCarthy and James Sullivan, will receive benefit or advantage beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, St. Joseph Street Extension, West Roxbury, Assessment Plan, February 28, 1927, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Lot.	Amount.
1. Arthur A. O'Leary.....	\$255 60
2. Arthur A. O'Leary.....	181 20
3. Joseph A. Halloran, Rose E. Halloran.....	210 00
4. Joseph A. and Rose E. Halloran.....	373 84
5. Mary C. MacDonald.....	1,199 52

CLAIMS ALLOWED.

Upon recommendation of the Corporation Counsel, the Mayor has approved the following claims:

Alexander H. Copley, 1169 Washington street, Dorchester, in the sum of \$36.83, as refund of sewer assessment paid in error.

Philip C. Cleary, 52 Alleghany street, in the sum of \$7.10, as compensation for damage to automobile by defective highway at corner of Beacon and Charles streets, January 7, 1927.

George Nelson Jacobs, 9 Bosworth street, in the sum of \$50, as refund of fee paid the Building Department for permit at 10 Otis place, and on which no action was taken by the department sufficient to warrant the charging of a fee.

Grand Gardens Restaurant, corner Beach and Washington streets, in the sum of \$9.15, as refund on sixty-one unused ash tickets.

John J. Keegan, 7 Oakman street, Neponset, in the sum of \$50, as compensation for personal injuries received June 28, 1926, by defect in sidewalk in front of 96 Neponset avenue, Dorchester.

W. J. Jakstos, 308 Fourth street, South Boston, in the sum of \$1.10, as refund on ten unused ash tickets.

David J. Segel, 484 Blue Hill avenue, in the sum of \$19.40, as compensation for damage to automobile by defective highway on Blue Hill avenue, near Talbot avenue.

Carmela Sardina, 235 Leyden street, East Boston, in the sum of \$250, as compensation for damage to property at that address by bursting of meter on sidewalk, March 28, 1926.

Ruth M. O'Brien, 28 Aldworth street, Jamaica Plain, in the sum of \$100, as compensation for damage to automobile by a truck of the City of Boston, corner South and Eliot streets, Jamaica Plain, October 28, 1925.

Dupee & Meadows, 262 Summer street, in the sum of 90 cents, as refund on six unused ash tickets.

Michael J. McGrath, 257 Princeton street, East Boston, in the sum of \$58, as compensation for loss of clothing caused by fire in the Boston Fire Department repair shop, October 10, 1925.

PETITIONS ALLOWED.

The Mayor has approved the following petitions received from the Board of Street Commissioners:

J. Sunner Draper, 821 Columbia road and 50 Buttonwood street, Ward 13, 2,000 gallons of gasoline.

Violet F. Humphrey, 2377 and 2379 Washington street, Ward 9, 380 gallons of gasoline (additional).

Lussier Paint and Wall Paper Company, 40 Moore street, Ward 8, 4,500 gallons of oils.

City of Boston, Continuation School, Common and Warren streets, Ward 3, 4,300 gallons of fuel oil.

Victory Used Auto Parts Company, 1204 Dorchester avenue, Ward 15, acetylene and oxygen.

The Truck Tire Service, Inc., 160 Charles street, Ward 5, acetylene and oxygen.

FIRE DEPARTMENT ORDERS.

General Order No. 29.

I. NAMES OF CITY EMPLOYEES.

In accordance with section 27, chapter 486, of the Acts of 1909, the Superintendents of the Wire Division, Fire Alarm Division, Fire Prevention Division and the Maintenance Division and company commanders will have the accompanying blanks filled out with the name, residence by street and ward, designation, compensation, date of appointment to present position, also the date of first entry into the employ of the city of all men under their command as of June 1, 1927.

These lists must be forwarded to Headquarters not later than Friday, May 27, 1927.

The names of the deputy and district chiefs will be placed on the lists of the companies where they are stationed.

The list must be typewritten. The names of the persons on each sheet should be arranged in their proper order according to the nature of their employment. If the nature of the employment of two or more persons is the same and they receive the same salary, their names should be arranged in alphabetical order.

Enter names thus: "John H. Smith"—not "Smith, John H." Give first names in full and middle initial, if any, except in the following cases:

a. If a person, in signing his name customarily uses the initial of his first name and his second name in full (for example, "J. Henry Smith"), enter the name in that manner.

b. If a person ordinarily uses both his given names (for example, "John Henry Smith"), enter the name in that way.

Give not only the street on which the person resides, but also the number on that street and the ward.

Give civil service rating in all cases under "Designation."

If compensation is fixed at an annual rate, give the compensation per year. If compensation is fixed on the per diem basis, enter it that way. Do not in any case give compensation per week.

Under the heading "Date of Election or Appointment" will be placed the date of the last promotion, excepting hosemen, ladder men and assistant engineers, in which case the date of their original appointment as probationers in the department will be entered. If a member has been reinstated in the department or was in the employ of the city in some other department prior to entering the Fire Department, the date of his last appointment should appear under "Date of Election or Appointment" and the date of his first appointment in the column so designated.

In giving the month, write the month, do not use figures.

If impossible to have the list typewritten, have it written by one who writes a clear, legible hand. Each company is to be on a separate sheet, and company commanders will sign it on the top of the sheet.

The preparation of these lists is a matter of importance and officers shall give this matter prompt attention.

II. COMMENDATION.

Capt. William Hart of Engine Company 46 is hereby commended for extinguishing a fire at 17 Bruce street, May 14, 1927, while off duty and making it unnecessary to call out the fire apparatus.

By order of Fire Commissioner E. C. Hultman.

DANIEL F. SENNOTT,
Chief of Department.

BUILDING PERMITS ISSUED MAY 19 TO MAY 25.

FIRE DEPARTMENT ORDERS.

General Order No. 28.

I. FIREWORKS PERMITS.

The attention of district chiefs is called to the fact that no permit for the sale of fireworks is to be approved unless the location complies in every way with the rules and regulations of the State Fire Marshal governing the sale of fireworks.

The right to possession of the premises to be licensed should be shown by the applicant to the district chief and must be in the nature of a rent receipt, lease or other written evidence in each case satisfactory to the district chief. No permit is to be forwarded unless this right of occupancy is shown to the district chief, and a report to that effect forwarded with the permit.

II. DANIEL T. MCINNESS.

It is with deep regret that the Fire Commissioner announces the death of Hoseman Daniel T. McInness of Engine Company 4 on Tuesday, May 17, 1927.

Hoseman McInness was appointed to the department February 2, 1914.

The funeral will be held from his late residence, 15 Marion street, Charlestown, at 8.15 a. m., Thursday, May 19, followed by services at St. Catherine's Church, Hayes square, Charlestown, at 9 a. m.

The chief of department will arrange for the customary detail to represent this department and Engine Company 4 will be excused from duty in order to attend the funeral. The detail will report at the quarters of Engine Company 36 at 8 a. m., to District Chief Hamilton A. McClay of Fire District No. 2 who will be in command. The uniform will be sack coat with white gloves.

Members of the department who are off duty on that date are invited to join the detail from this department.

III. CLARENCE A. WIECK.

The Fire Commissioner regrets to announce the death of Clarence A. Wieck, inspector in the Wire Division of this department, on May 16, 1927.

Inspector Wieck was appointed to this department August 3, 1923.

The funeral was held from his late home 18 Beane street, Allston, May 18, 1927, followed by services at St. Columbkille's Church. A detail of inspectors from the Wire Division represented this department at the funeral.

By order of Fire Commissioner E. C. Hultman.

DANIEL F. SENNOTT,
Chief of Department.

General Order No. 30.

I. RETIREMENT.

The following retirement is hereby announced to take effect at 8 a. m., Monday May, 23, 1927:

Deputy Chief Edward J. Shallow, Division 1.

Deputy Chief Shallow was appointed to this department on November 23, 1888. His promotions were as follows: Lieutenant, June 28, 1895; captain, February 8, 1901; district chief, August 22, 1913; deputy chief, May 1, 1922.

After almost thirty-nine years of service Deputy Chief Shallow leaves the department with an excellent record and retires with the best wishes of his associates.

II. PROMOTIONS.

The following promotions are hereby announced to take effect at 8 a. m., Monday, May 23, 1927:

District Chief John J. Kelley, District 7, to be deputy chief; Capt. John F. Murphy, Engine Company 6, to be district chief.

III. TRANSFERS.

The following transfers are hereby announced to take effect at 8 a. m., Monday, May 23, 1927:

Deputy Chief John J. Kelley, from District 7 to Division 1.

District Chief William F. Quigley, from District 12 to District 7.

District Chief John F. Murphy, from Engine 6 to District 4.

District Chief Victor H. Richer, from District 5 to District 8.

District Chief John F. Watson, from District 4 to District 5.

District Chief Dennis Driscoll, from District 8 to District 12.

By order of Fire Commissioner E. C. Hultman.

DANIEL F. SENNOTT,
Chief of Department.

AUTHORITY TO DO WORK.

The Mayor has approved the request of the Public Works Department for authority to resurface with asphalt macadam Linden street, Brighton, from Cambridge street to Commonwealth avenue, with department forces, without advertising, the estimated cost for labor and material being \$6,000.

The Mayor has approved the request of the Public Works Department for authority to resurface with asphalt macadam Gaston street, from Warren street to Blue Hill avenue, with division forces, without advertising, the estimated cost for labor and material being \$3,000.

The Mayor has granted the request of the Public Works Department for authority to resurface with asphalt macadam, Elm street, West Roxbury, from Sedgwick street to Green street, with division forces, without advertising, the estimated cost for labor and material being \$3,500.

The Mayor has granted the request of the Public Works Department for authority to resurface with asphalt macadam, Dale street, West Roxbury, from Poplar street to Hyde Park line, with division forces, without advertising, the estimated cost for labor and material being \$4,000.

EXTRA WORK UNDER CONTRACT.

Samuel J. Tomasello has been directed to perform the following extra work under contract for constructing sheet asphalt pavements in Gordon street, Williston road, Walworth street and Roslindale avenue, dated November 29, 1926. Items ordered: Remove two stumps in Gordon street not shown on plan. Price to be paid, \$35. Estimated cost of extra work, \$35.

C. & R. Construction Company have been directed to perform the following extra work under contract for building sewerage works in Faneuil Hall square, Dock square and Union street, city proper, dated April 13, 1927. Items ordered: Remove old 24-inch water pipe in Faneuil Hall square at Elm street and remove about 22 feet of old brick sewer, to be replaced with about 22 feet of 30-inch Akron pipe encased in concrete. Although this is in addition to the work contemplated in the original contract it is incidental thereto. Estimated cost of extra work, \$500.

CITY AND COUNTY OFFICIALS AND EMPLOYEES.

Total number (receiving pay) on June 1, 1926, 18,729 (about 5,800 being women), or 302 more than in 1925, of which increase 143 were for the schools. Of the 40 departments, the largest is the Dept. of School Committee, 5,884; (2) Public Works Dept., 3,237; (3) Police Dept., 2,202; (4) Fire Dept., 1,667; (5) Hospital Dept., 1,123; (6) County of Suffolk, 954; (7) Park Dept., 867; (8) Library Dept., 628; (9) Institutions Dept., 267; (10) Boston Sanatorium, 267; (11) Health Dept., 267; (12) Public Buildings Dept., 218; (13) Assessing Dept., 130; (14) Transit Dept., 122; (15) Building Dept., 114; (16) Printing Dept., 108; 24 other departments (each under 100) 674.

Notable changes since 1920:—Increase of 1,269 in Dept. of School Committee; 282 in Police Dept.; 60 in Public Works Dept.; 294 in Fire Dept.; 325 in Hospital Dept.; 47 in Boston Sanatorium; 82 in Health Dept.; 52 in Transit Dept.; 16 in Election Dept.; 42 in Institutions Dept.; 192 in County of Suffolk; 24 in Public Buildings Dept.; 19 in Collecting Dept.; 16 in Soldiers' Relief Dept.; 14 in Assessing Dept.; 21 in Building Dept.; 21 in Schoolhouse Dept.; 66 in Library Dept.; 16 in Park Dept. Decrease of 2 in City Clerk Dept. Total net increase 1920 to 1926 was 2,955, of which 1,766 were in departments not under Mayors' control.

Total payroll disbursements in fiscal year 1925 (11 months), were \$30,779,903.

Per cent of salaries and pensions to total maintenance cost in Police Dept. in 1925 was 89.23; Park Dept., 70.95; Hospital Dept., 51.14. In addition to those mentioned above there were 82 officials who served on various municipal boards and commissions without pay.

Total paid for pensions to retired employees, etc., in year 1925 was \$1,069,131 (\$84,302 less than in 1924) or \$246,035 by Fire Dept.; \$180,224 by Police Dept.; \$134,360 by School Committee; \$364,330 by Boston Retirement Board (third year of this new system); \$75,875 by Public Works Dept.; \$39,605 by Suffolk County; \$28,752 by other departments.

Total number of pensioners, December 1, 1926, 1,878, divided as follows: Teachers, etc., 301; firemen, 360; various, under new retirement system, 702; police, 247; laborers, 147; war veterans, 75; county officers, etc., 45; others, 1. Of the laborers 115 were from the Public Works Dept. and 32 from the Park and several other departments.

SCHOOLHOUSE DEPARTMENT.

New Schoolhouses finished and opened in year 1925.

Morrison House, Roxbury... Addition to Frank V. Thompson, Dorchester...	12	225,567
	9	204,931
Aggregate Cost.....		\$2,818,249

TRUST FUNDS AND BEQUESTS.

Number of permanent funds and bequests held by the City, January 1, 1926, for various purposes, 153, representing a total value of \$20,769,952. The earliest dates back to 1674, viz., Gibson School Fund. The largest fund is the bequest of the late George F. Parkman, consisting of various parcels of real estate now sold and reinvested in bonds, all valued at \$5,455,653, the income from which is used for the upkeep and improvement of the older parks.

Nearly as large a bequest is that of the late George Robert White, consisting of first-class realty valued at \$4,922,400, also an invested fund amounting to \$330,000. Revenue in 1925 from White bequest, \$401,574, of which \$155,248 was expended for new Health Unit building in East Boston and \$68,000 towards new Health Unit in South Boston. (3) 3 Boston Retirement System funds, \$4,145,064; (4) 10 Cemetery funds, \$1,041,818; (5) 18 funds in charge of Public Welfare Overseers, amounting to \$1,022,756; (6) Public School Teachers' Retirement, \$938,328; (7) 3 Franklin and Franklin Union, \$839,710; (8) 49 Public Library funds, \$719,694; (9) Permanent School Pension, \$677,218; (10) Police Charitable, \$207,550; (11) 23 School funds, \$172,481; (12) 24 City Hospital funds, \$126,742; 18 others, \$170,538. Average annual income from all invested funds, nearly 4 per cent.

PORT OF BOSTON.

Boston Harbor comprises an area of about 47 square miles, (exclusive of the islands) including all the expanse of tidewater within a straight line from Point Allerton to Point Shirley and extending therefrom to the mainland. It is the best of natural harbors, near open sea, sheltered and spacious for anchorage; main ship channel 35 feet in depth at mean low water, increasing to 40 feet from President Roads to open sea; new dredging operations in charge of U. S. engineers are under way for increasing depth of said main channel to 40 feet; waterfront (i.e., lineal pier space) 40 miles, 6 miles fronting on 30 feet depth at low water.

Commonwealth Pier No. 5, South Boston 1,200 feet long, 400 feet wide, accommodating five 600-foot ships at one time, 40 feet depth at mean low water on both sides, with three 2-story fireproof buildings of steel and concrete construction, containing 900,000 square feet of floor space, total cost of this enterprise to State, \$4,500,000. Commonwealth Pier No. 6, South Boston, (Fish Pier), buildings on same erected by lessee, Boston Fish Market Corporation, cost to State, \$1,487,361. Commonwealth Pier, No. 1, East Boston, 900 feet long, costing State \$764,600 for site and \$426,674 for construction. New dry dock at South Boston, (probably the largest in world), completed in 1919, 1,200 feet long and 120 wide, costing \$3,169,651 and taken by U. S. Government at total cost.

Islands in Boston Harbor over 3 acres in area, 17, with total area of 965 acres; Long Island the largest, or 215.5 acres. Owned by United States, 392 acres; by City of Boston, 334 acres. Number of wharves, 143, of which 8 are owned by the City.

There are 32 foreign steamship lines with regular sailings to and from Boston and 18 coastwise lines (5 to Pacific ports).

In 1915 a revision of the harbor lines was made and the project undertaken whereby 600 acres of flats between Governor's Island and Jeffries Point, will be filled in and used for extensive commercial developments under State control. About 175 acres of flats have recently been filled in and added to the land area of East Boston and 160 acres to that of South Boston.

In April, 1918, the Government decided to establish its Army Supply Base on a portion of the Commonwealth lands in South Boston. About 57.6 acres were purchased of the State, the price being \$1,317,510, soon followed by the construction of two pier sheds, each 920 feet long, a wharf shed and other buildings, including one of the largest storehouses in the world, built of reinforced concrete, eight stories high, 1,638 feet long, 126 feet wide and with floor space of over 1,650,000 square feet. The total outlay for the plant was \$26,000,000.

Total expenditures by State for improvement of Boston Harbor \$22,160,342, from 1859 to 1925, inclusive; in the same period, there was expended additionally \$843,676 on small channels; total Federal expenditure from 1790 to June 30, 1925, \$13,046,044 (corrected figure).

EXPORTS AND IMPORTS, 1925.

For Mass. Customs District (Boston and eight minor ports) in calendar year, 1925, the total value of exports was \$47,473,803 or \$9,881,843 less than in 1924; of imports, \$321,563,908 or \$67,712,375 more than in 1924; total foreign trade, \$369,037,711 or \$57,830,532 more than in 1924. Boston's total foreign trade for year 1925 ranked sixth among American ports, New York, Galveston, New Orleans, Seattle and San Francisco exceeding the former in value. As to imports alone, Boston ranked second, Seattle taking third place, and as to exports alone, 18th (the unusual decline in exports due largely to discrimination against Boston in through railroad freight rates). Tonnage of vessels in foreign trade in year 1925, entered 3,896,383; cleared, 2,457,605; number of vessels entered, 1,540; number cleared 1,082.

For the fiscal year ending June 30, 1926, the total imports at Boston reached \$327,860,000 in value.

VALUATION AND TAX RATES OF GREATER BOSTON.

Total valuation of taxable property in District on April 1, 1925, \$3,430,298,752 or an increase of \$167,103,259 (5.12 per cent) over the 1924 total. Of said 1925 valuation 54.30 per cent applied to property in Boston and 45.70 per cent to that in the 13 cities and 26 towns outside.

The 13 cities in the Metropolitan District outside of Boston all had higher tax rates than Boston's (\$26.70) in 1925. The highest of these was Revere's, \$48.80; (2) Chelsea's, \$38.80; (3) Lynn's, \$35.80; (4) Medford's, \$33.20; (5) Woburn's, \$33.20; (6) Cambridge's, \$32.50; (7) Everett's, \$32.20; (8) Malden's, \$32.20; (9) Melrose's, \$32.20; (10) Waltham's, \$31.40; (11) Newton's, \$27.40; (12) Somerville's, \$27.40; (13) Quincy's, \$27.00. Average tax rate of the 13 cities of Metropolitan District other than Boston, \$33.24 or \$6.54 more than Boston's rate. Said average tax rate was \$1.99 more than in 1924.

MORTALITY REPORT.

For the week ending May 21, 1927:
Population estimated, July, 1927,
United States Census estimate, 793,000;
number of deaths (stillbirths excluded):
Residents, 180; nonresidents, 33; total,
213.

Death rate per 1,000 of population: All
deaths, 14.01; nonresidents deducted,
11.84.

Death rate per 1,000 of population:
Last week, 17.03; corresponding week last
year, 16.23.

Deaths by age periods, sex, etc.: Under
one year, 25; one year to five years, in-
clusive, 9; sixty years and over, 88.
Total deaths: Male, 120; female, 93;
deaths in hospitals and institutions, 121;
deaths of colored, 5.

PROCEEDINGS OF CITY COUNCIL.

Monday, May 16, 1927.

Regular meeting of the City Council in the
Council Chamber, City Hall, at 2 p. m., President
HEFFERNAN in the chair, and all the members
present.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council the fol-
lowing appointments were received from the Mayor
for the term ending April 30, 1928, viz.:

Weighers of Coal: Fred W. Thielscher, 36 Walter
street, Roslindale; William F. Maguire, 385 Adams
street, Dorchester; J. E. Lahey, 187 Bernard
street, Dorchester.

Weighers of Goods: Alex F. Morgan, 403 Med-
ford street, Somerville; Donald G. Morse, 66
Norfolk avenue, Roxbury.

Constables: John Arthur Nestor, 75 Decatur
street, Charlestown; Thomas Joseph McElaney,
Savin street, Ward 12; Frederick DeCicco, 220
Hanover street, Ward 3.

Severally laid over a week under the law.

SHOWER BATHS AT AQUARIUM.

The following was received:

City of Boston,
Office of the Mayor, May 11, 1927.
To the City Council.

Gentlemen,—I transmit herewith communica-
tion from the Park Department in reply to your
order of May 2, 1927, in relation to shower baths at
the Aquarium, South Boston.

Respectfully yours,
MALCOLM E. NICHOLS, Mayor.

City of Boston,
Park Department, May 10, 1927.
Hon. Malcolm E. Nichols,
Mayor of Boston.

Dear Sir,—I have your memorandum of May 4,
with inclosure, order from the City Council rela-
tive to shower baths at the Aquarium, South
Boston.

In reply I desire to say that these showers will
be put in condition for use at once.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

SALE OF REFRESHMENTS IN PARKS.

The following was received:

City of Boston,
Office of the Mayor, May 11, 1927.
To the City Council.

Gentlemen,—I transmit herewith communica-
tion from the Park Department in reply to your

order of May 2, 1927, in relation to sale of refresh-
ments in the parks.

Respectfully yours,
MALCOLM E. NICHOLS, Mayor.

City of Boston,
Park Department, May 10, 1927.
Hon. Malcolm E. Nichols,
Mayor of Boston.

Dear Sir,—I have your memorandum of May 4,
with inclosure, order from the City Council that
the Park Department be requested, through his
Honor the Mayor, to include in the requirements
which must be observed by the successful bidders
for refreshment and other concessions in the parks
of the City of Boston, a stipulation that all articles
shall be sold at the prevailing price charged through-
out the city for similar merchandise.

In reply I desire to say that the Board will be
pleased to insert in the lease being advertised at
the present time such stipulations as will control
all commodities.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

QUARTERS FOR THOMAS J. FITZGERALD POST.

The following was received:

City of Boston,
Office of the Mayor, May 9, 1927.
To the City Council.

Gentlemen,—I transmit herewith communica-
tion from the Fire Department in reply to your
order of May 2, 1927, in relation to provision of
permanent quarters for Thomas J. Fitzgerald Post
veterans.

Yours very truly,
MALCOLM E. NICHOLS, Mayor.

City of Boston,
Fire Department, May 6, 1927.
Hon. Malcolm E. Nichols,
Mayor of Boston.

Dear Sir,—I return herewith the following order
passed by the City Council on May 2, 1927:

"Ordered, That the Fire Commissioner be re-
quested, through his Honor the Mayor, to provide
permanent quarters for Thomas J. Fitzgerald Post,
Veterans of Foreign Wars, in the building owned
by the Fire Department at Dorchester and Fourth
streets, South Boston, and now used as a place for
storage.

In City Council May 2, 1927. Passed.

Attest:

W. J. DOYLE,
Assistant City Clerk."

I am inclosing herewith a copy of a report from
the Superintendent of Maintenance in regard to
this building, and I agree with the statements
made in his report.

This department is pressed for storage space and
we have no other building where this material can
be stored. As the superintendent states in his
report, if the department is obliged to give up this
building it will be necessary to rent floor space
somewhere else.

Yours very truly,

E. C. HULTMAN,
Fire Commissioner.

Boston, May 5, 1927.

From The Maintenance Division.

To The Fire Commissioner.

Subject: Old Ladder No. 5 Building.

The old building, formerly occupied by Ladder
Company No. 5, located on West Fourth near
Dorchester street, South Boston, is a two-story
brick building.

At the present time we are using the first floor
of this building for the storage of all spare ladders
used in this department, several spare salt and hose
pumps, spare heating equipment for emergency use
in buildings, extra beds, steamfitting and plumbing
supplies.

The second floor of this building contains a hall
which is used as a meeting place for the Major
O'Connor Camp of Spanish War Veterans and a
G. A. R. Post.

The storage space on the first floor, which we
are using for the purposes above named, is abso-
lutely essential for the proper storage of necessary
material for the operation of this department.

This department is handicapped in the matter of
storage facilities and I do not deem it advisable to
give up any of our present storage space. If,
however, the use of the first floor of this building
should be taken away it will mean that we shall
have to hire or rent storage space in order that our
material may be adequately stored.

Respectfully submitted,

EDWARD E. WILLIAMSON,
Superintendent of Maintenance.

Placed on file.

AMBULANCE SERVICE.

The following was received:

City of Boston,
Office of the Mayor, May 10, 1927.
To the City Council.

Gentlemen,—I transmit herewith communica-
tion from the Police Department in reply to your
order of December 6, 1926, in relation to includ-
ing in budget estimates for year 1927 a sum to
provide for ambulance service in various sections
of the city.

Respectfully yours,
MALCOLM E. NICHOLS, Mayor.

May 9, 1927.

Mrs. Ida Hibbard, Mayor's Office.

Dear Madam,—In reply to your note together
with order of the City Council that the Police
Commissioner be requested to include in his
budget estimates for the year 1927 a sum sufficient
to provide for ambulance service at the various
police stations, such as East Boston, Charlestown,
South Boston and Roxbury, I wish to state that I
provided such sum in my budget and the same
has been cut out by the Budget Commissioner and
the City Council.

Yours respectfully,

HERBERT A. WILSON,
Police Commissioner.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and
severally referred to the committees named, viz.:

Claims.

Jesse H. Brown, for compensation for damage to
automobile caused by an alleged defect at 146
Cambridge street.

The report of the committee was accepted, and the question came on the passage of the orders as submitted by the committee.

Coun. PARKMAN—Mr. President, the Appropriation Bill for the year 1927 was submitted to the Council by his Honor the Mayor on April 18, 1927. This date was the latest on which the bill was ever submitted to the City Council since the adoption of the city charter—due to the long delay in the fixing of the tax limit for the year by the Legislature. As a result of this delay many departments had already expended close to the amount which they were authorized to spend prior to the passage of the budget. The necessity for prompt consideration was never more urgent in order to avoid a suspension of the pay rolls and a cessation of the city's services, and accordingly the committee at once began its hearings which have proceeded continuously with daily sessions and for one week evening sessions, the last hearing having been held on Friday afternoon last. In spite of this fact, the long delay of the Legislature in fixing the tax limit has resulted in the pay of six departments being held up, and the rest have now reached the danger line. I believe, however, that the work of the committee has been accomplished in the shortest possible time consistent with the thoroughness that a review of the budget requires. Full and fair public hearings have been given to every department head of the city, at most of which representatives of the Finance Commission have attended, and at some of which civic and business organizations have also been represented. The bill as submitted by his Honor the Mayor called for a total of \$30,523,463.93 to be raised by taxes, outside of the city debt requirements. This amount represented a figure \$2,783,615.37 less than the departmental estimates, and included a second reduction made by the Mayor of \$780,529.78, necessitated by the action of the Legislature in cutting by 50 cents the Mayor's tax limit request of \$13.50. This last reduction was made almost entirely in the special appropriations and not in the budget proper. The bill as reported by the committee represents a further reduction of \$222,785.86, all but \$25,000 of which has been effected in the body of the budget, and an additional \$10,210.05 in the Water Service, an income producing branch of the Public Works Department. The committee's bill, unanimous except for one item on which a very substantial majority was recorded, calls for a total of \$30,300,678.12 available for appropriation inside the tax limit, and represents an ultimate reduction of a little over 12 cents in the tax rate. The reduction of about \$28,000 in the budget for the County of Suffolk, usually included in the Appropriation Bill, but this year submitted and passed separately, increases the measure of saving effected by this year's Committee on Appropriations to a total of about \$261,000. The reductions recommended by the committee do not affect by one penny the salary of a single city employee, nor curtail in the slightest degree a single one of the city's services. The reported charge made by his Honor the Mayor that the committee's action involved a lack of regard "for faithful service rendered by city employees and for the prosperity, health, comfort and convenience" of the citizens can be explained only as a deliberate attempt to mislead in the hopes of changing votes in this body, or on the assumption of a complete lack of knowledge on his part of the committee's work.

The cuts recommended in Schedule A, the Personal Service Schedule, represent solely the taking out of the appropriation the excess over the amount required to pay a full force in each department for the full year; not a single salary increase of the more than 3,100 allowed is refused; not a single position is abolished, every new position is allowed, and all vacancies which have been filled remain filled, or if still to be filled the money is provided. The amounts which the committee recommends taking out of Schedule A, if allowed to remain in the budget, would simply lie dead in the appropriation until the end of the year, adding a needless burden to the taxpayer of money appropriated which could not be spent. In this state of the case, I reject on behalf of the committee with all the power at my command the imputation which has been made, and resent the attempt to make it, whether it was deliberate or in careless ignorance of the facts. Schedule A-1 this year shows an increase of about \$700,000 over last year. Of this amount \$150,000 represents salary increases for clerks, inspectors, foremen, mechanics, institution employees, nurses and professional men, \$45,000 represents new positions, \$462,000 represents salary overlay from 1926, and \$50,000 is for increases in the Fire and Police Departments. The salary increases are partly in accordance with the report of the Classification Committee and on the scale recommended by them, partly step-rate increases, and partly on the individual recommendations of department heads. With the theory of standardization of salaries, of increase in salaries up to the maximum for the group and grade in return for merit and faithful service, and of a fair and adequate remuneration for city employees as compared with private employ, the committee is in entire accord. The addition of new positions represents to my mind the absolute minimum necessary to keep up with the needs of a growing city, and more than half the amount required is for institutional help. The wholesale and sweeping recommendations of the Finance Commission that no salary increases be allowed, and that no new positions be created are in my opinion not worthy of one moment's serious consideration. Such policies could result only in discontent and stagnation. The committee has made many recommendations for reductions in other schedules. Some reductions are based on a change in price since the estimates and original allowances were made. Others are based on a falling off in the need for certain services since the beginning of the year. All of them have been carefully weighed from all points of view in consultation with department heads, resulting in almost every case in the assent of the department head involved to the reduction either at the hearing or afterwards. All of them have been carefully figured, checked and rechecked in every way, having always in mind the impossibility of absolute accuracy in estimating in advance the cost of any item, and always with a view to leaving a fair margin of safety. In no case has any appropriation been pared to the bone; in no case has the committee's knife been sharpened so that it cuts too fine. There is not a single instance where any service will be hampered or curtailed, and any suggestion that the cuts will result in a reduction of service must be made either for its political effect or from ignorance. Such a suggestion has absolutely no foundation in fact. The committee is well aware of the fact that operation under the budget system is a continuous process,

necessitating constant revision throughout the year, and realizes that before this budget was submitted it had already received a second revision which resulted in the increase of some items and the reduction of others. The Council has no power under the charter to increase, but only the power to reduce or reject. The committee urges that this power be exercised, with the full and complete assurance that it will not result in the slightest reduction of service. In so urging the committee is unanimous with the single exception of Item B-6 in the Sanitary Service of the Public Works Department. One of the recommendations of the committee is a reduction of \$5,000 from \$115,000 to \$110,000 in Item B-17, Care of Persons in the Health Department. This item covers payment by the city for the care of sick persons who are legal residents of the city, and is mostly for tuberculosis cases cared for in State Sanatoria. Last year's expenditure was \$110,000; the Health Commissioner stated in answer to questioning that this year was comparable with last; and the figures for the first quarter showed that the expenditure is running at the rate of \$4,000 per annum less than last year. Furthermore, last year's experience showed that the first quarter, the winter months, was the largest. The committee recommends the same allowance as last year, leaving an adequate margin of safety. As for snow removal the impression appears to have been circulated and to have gained some ground that the committee advocates removing all protection and provision for the contingency of a December snowstorm. Of course, this is not true, Mr. President. No member of the committee, nor any member of this body having the interest of the city at heart, would think of even suggesting such a thing. Here, again, the effort to create such an impression which has no basis in fact whatever can only be regarded as a smoke screen, calculated perhaps to detract from the work of the committee. In the first place, the committee has not touched one dollar of the amount remaining available in the Public Works Department, and still unspent, namely, \$25,000 for the hire of temporary employees and for overtime work by city employees in snow removal. In addition, the committee has left \$1,500 in the Park Department for the same purpose. The contingency of such a severe December snowfall as to call for the hire of outside teams and contractors may be and was regarded by the committee as essentially an emergency for which resort should properly be had to the Reserve Fund which is set up for just such purposes. One thousand dollars has been left in the item for the hire of teams, and \$10,000 is recommended as a reduction. In the Park Department the same procedure is recommended, \$1,000 is left for the hire of teams and a reduction of \$2,500 is recommended. This item is particularly unassailable as the total expenditure for three months this winter was only \$1,072.50 and approximately that amount is left. Not an instant's delay need be anticipated in case the emergency should arise and a transfer be required. The charter specifically provides that the City Auditor "may also, with the approval of the Mayor, at any time between November 15 and January 1 make transfers from any appropriation to any other appropriation." After November 15 the City Council need not be consulted for a transfer. If the emergency arises all that is required to put outside teams to work is a telephone call from the Mayor to the Public Works Commissioner. I urge you not to be misled by any such attempt as has been made to confuse the issue. The Reserve Fund is also the place to find the money for any extraordinary repairs that may be required in Item B-39. The committee's report has simply removed the padding of \$10,000 out of a request for \$110,000 in the Park Department. The committee believes that the Council should not appropriate large sums of money blindly, but has a right to be consulted before an expenditure is made. (It is furthermore to be remembered that the Parkman Fund provides an income of \$250,000 a year for which no budget has as yet been submitted and which may be spent on the parks existing in 1887.) Here, again, if an unforeseen expenditure arises requiring the expenditure of additional money in the Park system a transfer may be requested and obtained from the Council. But I see no reason for giving any department head \$10,000 over which the Council retains no control whatever. That is not the purpose of the city charter nor of the budget principle. In regard to street signs it was the original intention of the administration to provide and spend \$25,000 per year for four years in remedying the condition which has for long been a disgrace to the city. For that purpose \$25,000 was appropriated and provided last year, but not spent. The Public Works Department spent the entire year in experimenting, drawing specifications, etc., only to result in a throwing out of bids received from a contract advertised in December. The committee is in entire accord with the policy of remedying the situation; on the other hand it has the interests of the taxpayers in mind. It does not intend to recommend unnecessarily the appropriation of money that will not be spent. The auditor has carried over the sum of \$25,000 from last year which remains unspent. The committee was assured in public hearing by the Commissioner of Public Works that it would be a physical impossibility to spend \$50,000 in the seven months remaining; that he did not have an adequate force to do it.

Under those circumstances, what other alternative was open to the committee? The fault, if any there is, for a delay in the program in putting up the street signs does not lie with the committee, and will not rest with the Council. It rests squarely with the administration. The only item of these reductions which did not receive the unanimous support of the committee (and there was only one dissenting vote) is Item B-6 in the Sanitary Service of the Public Works Department. That item has two branches, one for the hire of eleven teams from a contractor for the removal of ashes and garbage in the North and West Ends, for which \$22,000 was allowed, and the other for the hire of six truck flushers from the same contractor to be used in flushing the streets of the whole city. In regard to the hire of teams the position of the committee is that the purchase of the sixty additional large trucks, of which forty-five are assigned to the Sanitary Service, should release sufficient single teams of the city to do the work necessary in the narrow streets and alleys of these congested districts. On the admission of the head of the division each truck will haul five times as much as any single team, and make at least three trips a day, the equivalent of fifteen single team hauls as against seven now made. These figures show that the use of forty-five trucks should release at least ninety single teams and these ninety can be so redistributed as to do the work required. The only argument to the contrary was advanced by the foreman of the yard in the form of an admission that city labor was not so reliable as contract labor and that it was reassuring to be able to rely on contract teams! Such an admission places the burden on the department head to secure the necessary discipline and is no valid argument for the expenditure of \$22,000 of the city's money in the hire of outside teams. The committee left the sum of \$12,000 in this item, sufficient to pay for the teams furnished up to date and to carry the department for a time long enough to effect the necessary redistribution. It recommends a reduction of \$10,000 in the item. As to the truck flushers, for which the sum of \$68,000 was allowed in the budget as against an expenditure of less than \$61,000 in 1926, it appears there is a contract to supply these to the city, six of them in all, at a rental of \$34 a day, or \$68 for a day of two shifts. The rate is high; so high as to seem exorbitant when the chief of the division states that the city could buy the same equipment, for \$6,500 per unit, and the Commissioner of Public Works admits that \$10,000 would be the outside price. Under no conceivable circumstances could the overhead charges on this equipment, including interest, charges, depreciation and the necessary hire of labor to operate them, approach such a sum. It was the sense of the committee that the economical method to pursue was for the city to buy the equipment and operate it with its own labor forces, and this seemed to be the opinion of the Public Works Commissioner also. The committee's decision was strengthened when on a further hearing of the department upon this item it was found that there are in storage six municipally-owned units bought a few years ago and since dismantled and put out of commission. Under the present administration the pumps were removed and leased to the contractor now doing the work at a nominal rental. The committee leaves in the item the sum of \$15,000 which the department stated would be sufficient to carry it under the present contract until the first of July. It recommends the reduction of \$53,000 on this branch of the item or a total of \$63,000 in all. In addition to the foregoing reductions the committee has found numerous instances where a reduction could be made without affecting the services of the city in the slightest degree. Such other reductions total more than \$100,000 in all schedules. In the items for the purchase of gasoline and fuel, for example, changed conditions have enabled the committee to make reductions. So, too, with lower prices for building and other materials. Certain allowances for the hire of experts were found to be unnecessary. Reductions in the pension rolls have helped to swell the total, as has also a reduction in the amount of Soldiers' Relief. The reductions recommended total \$222,785.86 plus \$10,210.05 in the Water Service. This, it is true, represents only a portion of the cut recommended by the Finance Commission, in its voluminous report to the City Council. The Finance Commission was represented at almost every hearing and was given every opportunity to substantiate its recommendations. This, in the opinion of the committee, it has utterly failed to do. Its recommendations in regard to Schedule A were either absolutely impossible of accomplishment, or would result in a crippling of essential governmental service. To take only some examples. It recommended the abolition of the Dairy Inspection Service of the Health Department. Not only is this required by statute, but we cannot conceive of a service more necessary to the protection of the public than the safeguarding of a pure and clean supply of milk. It recommended a crippling of the City Planning Board which has its duties prescribed by statute. It recommended leaving to the Public Service Corporation the inspection of poles and wires. This service must under statute and should from every consideration of fire protection be performed by the Fire Department. It recommended the substitution of student nurses at the Sanatorium which is in fact impossible as the nurses will not go to a specialized hospital

for study; the abolition of outside registrars in the Election Department which are required by statute—and so on down the list. In many cases its showing was so vague and based on such a general argument that no weight could possibly be given to its recommendations, such as in the case of the Sanitary Service of the Public Works Department. The committee feels that the Finance Commission's activities along these lines are wasted effort, and actually harmful to the morale of the personnel. Its showing on the other schedules was no better. Their report was full of inaccuracies, and seemed to be based largely on the assumption that the city was at a standstill and that its needs would never increase. Among some of its recommendations which helped to swell its total and make an apparent showing were an elimination of all items for automobiles in almost all departments on the assumption that a taxicab service was to be adopted, but with no offsetting allowance made for taxicab hire. This apparent reduction, which was no reduction at all, amounted to about \$110,000. It failed to consider bills carried over to the amount of \$40,000; general repairs admittedly necessary to the extent of \$158,000; recommended an impossible reduction in care of dependents and children and soldiers' relief totalling \$190,000, and a reduction in food at the hospital and Long Island of \$35,000. Even in the departments in which it purported to have made its most thorough study through the use of outside experts, it failed lamentably to support its contentions. In the Public Buildings Department, for example, the expert of the real estate firm employed to make the survey was wholly unable to back up his figures on the consumption of fuel upon being examined. The report on the personnel failed to consider the state law requiring the eight-hour day and forty-eight-hour week for municipal employees and the fact that City Hall Annex is run on a twenty-four hour basis. It also assumed that the City of Boston was in a position to go out in the labor market and bid for labor on terms which would not provide a living wage. In very few instances had the Finance Commission consulted with department heads, and no effort was apparently made by conference to remedy conditions which it imagined existed. Such information as was obtained must have been obtained from subordinates. Such methods the committee believes subversive to discipline and can serve no good purpose. This report would not be complete without an attempt to acknowledge properly the aid and assistance rendered to the committee by the Budget Commissioner. He sat at our right hand throughout the hearings with figures and information in regard to the various departments at his tongue's end. It was the third time that he had been over this budget. The record bears witness to the painstaking thoroughness of his second revision in the number of instances where the closeness of the figurings was at once apparent and put an end to further inquiry. The budget is a tribute to his accuracy and good judgment. I want also to thank the members of the committee and other members of the Council who by their attendance at the hearings and aid and assistance in the examination have all contributed to the committee's report. The reductions which the committee herewith recommends have, I repeat, been considered with care. They do not affect the salary of a single employee, nor reduce the service to be rendered by the city to the citizens in any particular. I accordingly press upon you the passage of the orders as reported by the committee.

Coun. WARD—Mr. President, I feel that the chairman of the Committee on Appropriations has acted sincerely and has placed before this body the situation as he views it, in the report, but difference of opinion makes horse races, and I cannot agree with the committee, inasmuch as my views are at variance with those that they hold in regard to certain items. Perhaps this has been due to misunderstanding or a lack of information, or other facts the committee was possibly unaware of. In the Park Department, for instance, I was surprised in going over the list of items to find certain cuts made by the committee and I am going to explain each item that I believe should not be decreased. Item A-3. Overtime services for employees of the Park Department. I have never yet voted against money necessary to be expended for just compensation to employees and on this matter I cannot agree with the committee and I believe the full amount asked for by the Park Department should be allowed. Item B-39, General Plant Repairs. The Committee on Appropriations have decreased this item by \$10,000. This simply means that some of our beautiful parks and playgrounds will have to go without repairs for the coming year and I know that there are many playgrounds and two in my own district that I feel may deteriorate by reason of lack of repairs and with this thought in mind I am much opposed to the decrease under this item. Item B-12, Band Concerts. The only pleasure that some of our citizens get on warm summer nights is to listen to a band concert. Those financially unable to go to beach resorts and summer homes find great pleasure in sitting out on warm nights listening to the strains of Chopin or Wagner and to deprive these people of this little pleasure in my opinion is not right and I cannot agree in cutting down this item for this reason. Item C-7, Furniture and Fittings. This item is probably nearer to my skin than any other. It is for towels in the Park Department. I have seen times at Cabot

Street, Dover Street, Brookline Street and L Street, and various other bath houses throughout the city when the towel supply had been exhausted. It is not for us to determine now whether we are going to have a cool or warm summer, but it remains for us to be prepared and to that end in our public bath houses there should always be enough towels so that no one may be deprived of this necessity. Item B-28, Expert. During the study of Copley square and Governor square and the study of the Fens as works of art, no member of the Council or any city official regardless of how able he may be is able to determine as to the needs respecting them, but it is the work of an expert and since our fens and our parks are probably the most beautiful in the world it is not for us to deprive the Park Department of this \$10,000 to maintain them as the most beautiful and picturesque in the world. Another item and one that affects the children. If the Board of Park Commissioner see fit to spend a certain amount of money for recreational material for the pleasure and enjoyment of children, I do not feel that I can consistently vote to chop this item even one dollar. Therefore, I am strenuously opposed to the cut in this item for recreational material in the Park Department. In the Hospital Department there has been some decreases made by the committee in the personal service. I believe today that our hospitals are undermanned and I do not see why we should make any decrease in the Hospital Department to encourage the officials of that institution to lay off any more employees or reduce the present number of competent and capable employees. There is one item in the budget that possibly the Committee on Appropriations have overlooked. I would like to see \$3,000 taken from Item C-16, Wearing Apparel, in the Health Department, which in my mind is a useless expenditure of the city's money. The city nurses have gone to their business and work and their work and the work of the department has been no less satisfactory while these same nurses were dressed as ordinary nurses, than it would be if they were dressed in uniforms. I do not feel that the whim of any individual in dressing nurses up in uniforms to meet the fancy of the moment should be encouraged. I, therefore, respectfully request that Item C-16 be cut from \$3,100 to \$100 in the Health Department. This is just a presentation of one department in the city service. I could take every department in this budget, the Public Works Department or the Hospital Department and find unjust cause for decreasing these items. With this thought in mind, I cannot be a party to any attempt to economize, within our city department, since the only thing we can accomplish is to permit our city to deteriorate in progress and beauty. With this idea in mind, I am opposed to the budget as presented by the Committee on Appropriations, and feel that the budget as presented by the Mayor should be substituted.

Coun. WILSON—Mr. President, I have read with interest the flattering newspaper articles with reference to Coun. Parkman's intensive work on the 1927 city budget. I have attended various meetings of the Committee on Appropriations and observed department heads of our city government struggling under the searching cross examination of the able and persistent attorney for the prosecution. I have listened today with interest to the chairman's exhaustive report of his financial "Pilgrims Progress." First of all, without the least attempt at levity, I want to go on record as frankly admitting that I realize full well that the councilor from Ward 5 has performed a painstaking, conscientious task. His work has been a record of courteous but efficient labor well done, as he sees the right. The time he has unselfishly spent, and the pains he has taken, both reflect credit on his ability, his personality and his industry. And therefore there is nothing personal in anything I may have to say this afternoon. He is big enough to realize that. On the other hand, I feel, that quite appropriately reflecting the mental attitude of his own Back Bay district, with its beautiful Charles River Esplanade, its many completed improvements, its Public Garden, its broad, smooth and well-lighted boulevards with an obliging traffic officer at every point of danger or congestion, the councilor from Ward 5 has microscopically scrutinized each department estimate of proposed progress for the current year, primarily, if not solely, with the idea of cutting current expenditures to the bone and reducing the tax rate on Back Bay apartment houses and palatial Commonwealth avenue homes a further twelve or thirteen cents at any cost. I was elected from Ward 17, Dorchester, a growing residential district, urgently requiring more parks and more street lights, improved police protection, more sidewalks and more street repairs; I come from a district less well lighted than the little town of Norwood, and a district that for its dusty uneven streets requires oil and sprinkling in the summer and every assurance of prompt snow removal in the winter. These things cost money, and while I, too, am opposed to any raid on the city treasury, or any reckless squandering of the people's money, there is a vast distinction between this Council acting as the Board of Directors of a Penny Arcade, and this city government functioning in a manner becoming the capital city of New England. Dorchester, in common with other outlying wards in this city, urgently requires many pressing city improvements, and many absolutely necessary conveniences. I know that the house owners in my district must bear their

share of the burden of taxation,—and it is not a small share,—and I know only too well that Coun. Parkman has taken the side of this issue that first his popular fancy, particularly in a Back Bay ward which requires few, if any, further improvements, and therefore is quite ready to call a halt on any and all expenditures over and above present absolute necessities. But when all is said and done, ask the average house owner in Hyde Park or West Roxbury of Dorchester if he wants his street accepted or a granite sidewalk laid,—even if it means a direct additional assessment on his property, and what is his answer? The average man may groan at each dollar in taxes, but he wants police protection and a well-kept decent neighborhood to live in. And so I say there is a happy medium. To be sure, a number of suggestions by the councilor from Ward 5, six months after the making of city department advance estimates for the full year 1927, are doubtless well made. Hindsight is obviously better and more accurate than foresight. With the year almost half over, we naturally now have a better perspective than had the Mayor last January or February, and certain original estimates may now be pared down to a certain extent. Coun. Keene, as I understand, considered some such items and I understand the administration is ready to act in accord with such estimates as may now be properly revised by what time may have corrected. But again I say there is a happy medium. There is a point beyond which we cannot safely go if we place any substantial reliance at all in the Chief Executive of this city, the Budget Commissioner, the heads of our city departments, and last but not least, in the future growth and healthy normal expansion of the City of Boston. When the 1926 budget came to us on March 15, 1926, city department heads had requested \$32,400,000 and the Mayor had reduced that amount one and one half millions to \$30,800,000. The 1927 budget came to us this year as late as April 18, largely due to the not infrequent desire of the state authorities to run our business for us as well as their own. Department heads, after making a study of their requirements, had requested \$33,300,000. His Honor, the Mayor, in conjunction with the Budget Commissioner, after a fair comparison with other recent years, and yet having some vision for the reasonable requirements of the present and the future, cut these estimates not one and one half millions, as in 1926, but two millions of dollars to \$31,300,000. To be sure, this figure exceeded 1926 reduced estimates, in some degree due to the full \$300,000 now required for three hundred additional patrolmen and \$175,000 additional to cover 1926 increases to over 2,000 city employees. In addition to this two million cut from department estimates, the Legislature in its wisdom in effect knocked off an additional \$680,000. And so the somewhat emaciated budget was carried into this Council Chamber by loving hands on April 18 for any further operations and X-ray treatment. Dean Carr of the Finance Commission Medical College promptly advised the further amputation of another one and one half million dollars; and now the chairman of the Committee on Appropriations, while not specifically recommending a further major operation, advises the general chipping of an ear here and an eye there, totaling over a quarter of a million additional. And so today we are to have a final clinic over what remains. I personally feel that there is honest room for some difference of opinion, and I know that of course the chairman of the committee has every regard for the independent judgment of each member of this body. I know full well that he neither asks nor expects the other twenty-one members of this Council to stand as one and chant unanimously as the parade goes by "There's our boy Henry, he's the only one in step!" Every man is entitled to exercise his own independent thought and judgment. We even find the chairman failing to agree with the experts of the Finance Commission who appealed for another one and one half million cut. But on the other hand, to my surprise, I find his committee disclosing, under its microscope, financial cancers that got by even the eminent experts themselves. When Doctor Carr and his associate surgeons finally completed their amputations and operations and blood-letting, and turned off the gas, and laid aside their gory, dripping pruning knives, most of us believed there was very little left of the moaning patient but memories; most of us, I think, pictured the body as nearer ready for the undertaker than a convalescent home. But to our surprise the chiropractic councilor from the medical center of Ward 5 promptly finds a Park Department fallen arch and two that the Finance Commission operating table failed to touch. Apparently the Finance Commission Board of Censorship suppressed "Elmer Gantry," but according to our chairman they left one William Shakespeare's "Venus and Adonis," and "The Rape of Lucrece" still staring boldly at us from the library shelf. And so it is that under Health Department C-10 the library appropriation is to be cut down and our medical staff is to read fewer medical current magazines and fewer unexpurgated medical books. The appropriation for the new Chardon Street Home for Women and Children, under C-7 in Public Welfare Department, is to be cut \$50, which will eliminate the purchase of one of these modern

new-fangled ideas called the vacuum cleaner. After all, what do new floors and new rugs, if any, need of a broom or a vacuum cleaner; the time to dress up a rug, it would seem, is just prior to making a favorable dieker with the ragman for its final disposal. Law Department Item B-13 for telephones we learn is to be cut \$100 to a figure less than even last year's expense. Of course this step will to that extent at least minimize the possibilities of any "listening-in" by the Telephone Company so far as our own law office is concerned. The furniture item under Public Buildings C-7 is to be cut \$3,000. Elimination of modern filing cabinets, plan cases and desks obviously will leave our city records and documents always ready to the hand of the eager city department clerk, provided the windows are kept closed on windy days. Not only that, but discouraging the purchase of additional chairs by the various heads of our departments will keep the boys always on their toes instead of the seats of their trousers; and incidentally fewer members of the City Council will cool their heels in the outer offices of certain departments when the present wooden benches have at last worn out. This year, as his Honor the Mayor has already suggested, our committee—through unusual co-operation with the Weather Man, who up to this time like Caesar's wife has never been above suspicion—has assured us of no snow-fall until 1928. To the bitter disappointment of the many children who always long for a white Christmas Day, arrangements have been made for a suspension of all further snow precipitation until after December 31, 1927. Accordingly we are able to cut \$10,000 from Park Department Items A-3 and B-21, incidentally eliminating \$4,000 for possible December employment of extra men for emergency snow shoveling. Those who would criticize the Mayor for recently starting a Franklin Park sidewalk first, and daring to come to the City Council to ratify the expenditure afterward, of course will consistently oppose any unscheduled snowstorm with consequent emergency snow removal work to be paid for after the work is done. Logically I submit the budget estimates should reasonably take care of the 1927 requirements in advance. So let our boys and girls hang up their skates and put away their sleds until New Year's Day and make the best of it. As a still further evidence of the unselfish interest of the Weather Man in our local financial structure, it would also appear that the summer precipitation has likewise been taken care of. Fortunate are those who have been able to take a winter vacation at Palm Beach, because continual rain and showers to lay the dust during the next few months will allow us ample time to renovate or replace our obsolete and discarded city-owned street sprinklers with a saving of some \$30,000, if in fact a similar rain arrangement can be made for other summers and sprinklers thus be made superfluous altogether. The deciding vote of Speaker Hull in the Legislature prevented a state-wide Volstead referendum, but this summer Boston at least will be wet. And, therefore, so long as we are to have a rainy summer season, the committee quite consistently asks us also to lop off \$2,000 from Park Department, B-40, thereby reducing the proposed appropriation for band concerts. While there are those who believe that municipal band concerts are a boon to the many outside the Back Bay unable to attend Symphony concerts or buy a box at the opera, nevertheless who really wants to stand on the Common in the rain on a warm summer night even to hear music? Boston is becoming such a wonderful place to live in, it appears that few if any of our citizens will leave our city limits during the balance of the year and accordingly we are to cut from Health Department, B-17, the sum of \$5,000 which might otherwise be expended on Boston residents stricken outside our city limits with contagious disease. I understand this quarter of a million dollars additional can be lopped off the department estimates by the City Council,—in addition to the \$2,680,000 paring already accomplished,—in view of the fact that numerous department heads have been frank enough and honest enough to admit that there are certain items which they can get along without and still not close City Hall and lock the city gates. For example, take the Park Department, C-7. The Park Commissioner asked an appropriation of \$7,500 for use in the city public baths, which figure was not criticised even by the Finance Commission College faculty, perhaps due to the fact that bath towels are not a dead loss to the city, inasmuch as a charge is made to bathers for their use, and perhaps due to the fact that in some quarters bath towels have erroneously been considered a necessity. Last year, to be sure, the expenditure amounted to \$6,100, but for 1927 the committee has recommended cutting the item to \$4,500 or \$2,500 under the Mayor's proposed budget. Very likely the Park Commissioner frankly admitted to the gentlemen from the Back Bay the undoubted fact that a man can get along after a shower bath without the use of a bath towel, if the bathier will only shake or shiver a sufficient length of time to dry off. While I am informed that no suggestion direct or indirect was fortunately made to eliminate soap yet who can successfully argue that a bathier can't conceivably get along without the spending of a penny or two for the use of a city towel? With such a frank and open admission on the part of the Park

Commissioner what could any committee do but cut down on city bath towels! I was glad to hear that our genial friend George Johnson, the Collector of Taxes and Director of Public Celebrations, directly or inferentially, was forced to admit under searching cross examination that he can get along without an automobile and presumably, if it has become a question of bare necessity in city finances, can perambulate the city limits indefinitely, so long as his arches hold out. Of course if the day ever should arrive when prompt transportation becomes an actual necessity to our Collector of Taxes, by all means let us continue to eliminate the automobile. The old reliable horse and buggy will undoubtedly prove more economical and incidentally assist in delaying the arrival of the evil day for the delinquent taxpayer, who as a practical matter, might well prove to be your constituent, Mr. President, or even mine. I am inclined to believe, Mr. President, that if time permitted, I could go on indefinitely pointing out the logic of many of the cuts proposed by the chairman of Committee on Appropriations. As a matter of information I wonder how many individuals on the committee which has recommended cutting another \$232,000 from the 1927 budget make that suggestion because they have patiently sat hour after hour with the councilor from the Back Bay and agree with his position, and how many of the members really so voted as a direct means of taking a slap at the administration. Perhaps, Mr. President, there are no unaccepted streets in Ward 22 and no crying need for any further improvements in Brighton. From my own selfish viewpoint, Mr. President, let me say that in Ward 17, Dorchester, there are scores of streets still unaccepted. Many and many a street needs resurfacing. Many a neighborhood is urging for the installation of some sort of sidewalks and some degree of adequate street lighting. If the weather should unexpectedly clear up during a few days this summer I want my streets oiled or sprinkled and the dust laid. Once upon a time it did snow during the month of December, and if conceivably snow should fall in Boston before next New Year's, despite the understanding between the chairman and the Weather Bureau, I want a 1927 duplication of the wonderful snow removal work done this past winter in my ward as a result of not taking a gamble, and as a direct and very significant result of showing a little foresight. Even if the equipment did cost over \$400,000 and was objected to by the Finance Commission. During the past year and a half no one called me. I have consistently signed on any dotted line. I don't agree with every project proposed by his Honor the Mayor, in every detail. None of us is infallible. The present Mayor of this city may not be a practical and smooth politician, but neither is he an exponent of any spoils systems. I believe he has a clear conscience and executive ability. At the last city election in Ward 17 he received only 88 votes less than all the other nine candidates for Mayor combined. He had the confidence of my district then, and I believe my people still rely upon him conscientiously to administer the affairs of this city with such reasonable economy as may be consistent with progressive business efficiency. This is not East Burlingame; Boston is the capital city of New England. We won't get far going around in a bathing suit—especially without any towels. As yet no one has successfully shown me that you can ever get \$2 worth of anything for a dollar,—unless there is a catch in it,—or that you can eat your cake and have it too. The employees of this city and the citizens of this city are more vitally interested in seeing a fair and reasonable budget passed promptly than they are in reading about any quarrel between the City Council and the Mayor. When his Honor the Mayor insists on the inadvisability of cutting \$232,000 more from the 1927 budget,—in addition to his own voluntary cut of two million and the later \$680,000 cut by the Legislature,—I am constrained to admit my reliance on his integrity, his business ability and his faith in the City of Boston. And, so I say rather selfishly, to you, Mr. President, and to you, Mr. Councilor from Hyde Park, and to you gentlemen from Roxbury, West Roxbury and South Boston, and to my four fellow councilors from the great Dorchester district, if the streets in your ward are already like Beacon street and Commonwealth avenue, if your parks and playgrounds very forcibly remind you of the Charles River Esplanade and the Public Garden, if you already have in your ward the adequate street lighting and police protection of the Back Bay, and if the local improvement associations in your district have disbanded for want of anything further to do, then by all means vote with the gentleman from Beacon street to cut the 1927 budget another quarter of a million dollars, unless perhaps you believe in his Honor the Mayor, or earnestly believe in the future of the entire City of Boston. I move accordingly, to substitute for the committee's budget the Mayor's budget, as originally submitted.

President HEFFERNAN—The motion is made that the budget as submitted by his Honor the Mayor be substituted for the committee's budget.

Coun. McGRATH—Mr. President, after listening to the rather frivolous review by the councilor who has just taken his seat, I might suggest to him that I cannot get in the same frame of mind that he has, because with 60,000 unemployed men walking our streets, I find that it takes most of

my time trying to do something constructive. So that, Mr. President, prevents my getting into a jocular frame of mind. After the effort that he must have put in on such a speech, let me suggest to him that he keep it, because it can be used on political rallies or anywhere else, covering, as it does, bath towels, listening in on telephones and other topics. It would be too bad if such a speech were to be used only once; so, if I were he, I would keep it handy for repetition on other occasions. As for myself, however, in considering a budget involving over \$30,000,000, the one really important thing that we have to vote on each year, I find myself in a serious frame of mind because we are not only passing on an appropriation of \$30,000,000, but we are exercising today in this Council the most important function we have in the course of the year. I think we should meet the problem as the directors of a bank would meet it. Looking at it from that point of view and analyzing it, let us see briefly where we differ from the Mayor of Boston. We hear of the cut of a quarter of a million dollars, and yet practically 70 per cent of that cut comes from two departments, the Public Works Department and the Park Department; and out of that 70 per cent, or a little better than \$150,000, \$63,000 cannot be defended on the floor of this body by any member of the Council. I refer to the money that the B. E. Grant Company is about to steal from the citizens of Boston, at a time when there is more unemployment than we have known for years, at a time when there are more people walking the streets asking for a bare pittance on which to live than has been the case in our recent history. And we find that contractor using flushing apparatus bought and paid for by the citizens of Boston, which has been given over into the hands of this man, and getting \$650 a day for 100 days, and rainy days included. You would be charged for a day like today, or the people of this city would be \$650 for watering the streets of downtown Boston! You talk of Dorchester, you talk of Hyde Park, not one dollar of it is to be expended in those sections; and I defy any member of this Council, Mr. President, from you down, to talk here in favor of that \$63,000 and then go back to your ward's next October, when the tax bills are coming out, and try to explain your position, in voting to give to a contractor the use of city-owned equipment, city water, and go out on rainy days supposedly to water your streets. Let any man who has the courage to do so get up here and defend that appropriation of \$63,000, most of which will be stolen from the people in our wards, who pay taxes and who elect men who will stand on this floor and fight for Grant and fight for those who are controlled by Grant and control Grant. Let those who will fight for that \$63,000 item, let those who will stand up here today and vote against this chance to make a cut of 13 cents in our tax rate, a cut in our tax bills which will be made possible by the chairman of the committee and the committee on each thousand dollars for the people in every ward of the city. Let those who will fight for these favored contractors. But I say this to you, I have never quarreled with a man in this body on any vote he has ever cast. That was his prerogative and his privilege. I am not now going to so quarrel, but I will say to every man in this body to whom promises have been made since last Friday that there has never been such a promising young man in my day in politics in this city as this gentleman who is now Mayor of the city. He is very promising, but the promises are never kept. And remember, gentlemen, that when you vote against the report of this committee here today you are voting to defeat an earnest and honest effort on the part of this committee to have the taxes imposed on our citizens lowered. You owe more to the people who sent you here, gentlemen. When you come to look over the various items here you see that most of them are for such things as motor vehicles, new automobiles or repair of automobiles, for experts, items of that kind, items which the heads of the departments themselves admitted could be reduced or cut out, and which the committee was amply warranted in cutting, in view of the statements made. You will find in the Law, Health and Hospital Departments items for money to be spent for experts. The committee acted wisely in reducing those items. How often are the recommendations of those experts carried out? We could appropriate \$100,000 for experts for every department; we could encourage a great deal of such work as we saw put in on standardization by men held in high regard in this city, spending day after day on investigations, only to see the results of their work thrown aside. We could bring in here architects who could show you what you should do to Copley square, treating it in every possible phase and from every possible standpoint, producing designs that will depict wonderful monuments and gardens, accompanied by very substantial bills for their professional services. But their proposed plans are never adopted. Those are not the things that people want to have done at this time. This is a serious time. So far as the \$12,500 for snow removal is concerned, if the exigency existed we could get that sum tomorrow; and next December, if we should have occasion to worry about snow, how long do you think it would take this body to pass an item for snow removal? So far as the \$25,000 for street signs is concerned, Mr. Atwood and the others representing the department said that if they had it they could not spend it this year, that they already have \$25,000 that they have not yet

spent, and that they could not this year spend that additional \$25,000. So that is not a thing that is up to us. The councillor from Dorchester spoke of street surfacing and of sidewalks. Although I am not a member of the Committee on Appropriations, Mr. President, I attended every meeting to see what was going on and to see how our city was being run. I was interested to that extent and I feel that I now have a right to talk about what went on in that committee because I devoted my time to listening. The chairman of the Finance Commission said it was a catastrophe for the present administration to have cut the item for reconstructing and repairing streets from \$1,000,000 to \$250,000, and to cut the granolithic sidewalk item from \$200,000 to \$50,000. The Commissioner of Public Works was asked if the streets of Boston would be in as good condition at the end of this year as they were last year, and he said he didn't know. I think it is generally conceded, of course, that they will not be—that they certainly will not be with the cut to 25 per cent of the street reconstruction and repair item and the sidewalk item. But that cut was made downstairs by his Honor the Mayor, and not a dollar of either of those items was cut by the committee. We don't want to be misled, gentlemen. If we are supposed to take the blame for anything that may happen here, I want to assume my share of the blame when it is properly attributable to me. But I say this, it is not any feeling of opposition to the Mayor's office that actuates me in speaking in behalf of the budget as reported by the committee today, because I don't mind telling you, Mr. President, having in mind the Committee on Appropriations that you selected, and knowing the time that they gave to consideration of the subject, that if they had brought back the budget without one item changed, I would have been with the budget as reported by them. I say that, Mr. President, because I had ample opportunity to be cognizant of the diligent work, the patient work, that they gave to this matter. I saw them sitting here day and night. I saw them here on the opening day of the ball game, giving up their time to this matter, when they did not have to do so. I saw them sitting here until late at night wrestling with the problem, under the faithful chairman of the committee. And, sir, if anything would justify the existence of this City Council, I say it was amply justified by the work of the chairman of such a committee. You, sir, are to be congratulated on the Committee on Appropriations that you selected this year. If any noteworthy service to the city has been rendered in this body, it has been rendered by the members of the Committee on Appropriations. They came out with this report, unanimous except on one item, where one man was off. The rest of the membership of this body should certainly stand by such a committee. You must stand with it, Mr. President, because you selected it, and you cannot go back on your own committee. I don't care how much log-rolling there has been here in this hall, and we all know how much there has been, we should never, Mr. President, turn our backs on the chairman of that committee or on the committee. I certainly, as a member of this body, will not turn my back on them. If there is no justification for these cuts, let those who say there is not, stand up and meet the committee like men. Let there be a stop to these telephone calls coming in from Tom, Dick and Harry, from every ward in the city, from men who don't amount to a snap of the finger, politically. If the man downstairs believes in this sort of thing, he has a right to come here, sir, and I ask you to send for him, so that he may stand up there where you are, Mr. President, and tell the members of this Council what he thinks, for example, of Bernie Grant's \$60,000 steal. If he has the courage of his convictions, sir, he will stand up there where the President stands and defend his attitude on this budget. I would not ask the Council to bear with me too long, but I will simply say, so far as action taken on appropriations for different departments is concerned, that on the Hospital, Health, Fire and Police Departments we have been taught for years that there is no tampering with them. The Police Commissioner comes down here and, no matter what item he asks for, we have to grant it under the law. It is the same with the Licensing Board and the Schoolhouse Commission. And yet the Police Commissioner allowed a cut of something over \$4,000, although the chairman of the committee knew that he couldn't get it unless it were agreed to by the commissioner. There is an official who did not have to give up a dollar of his appropriation. But he did. In the Fire Department there were some cuts, for instance, in wearing apparel and fuel, but the Fire Commissioner agreed that they could be made. In most of the other departments there were some cuts in motor apparatus, in one way and another. A man, for instance, might want a new automobile, not wishing to continue with a machine that was one, two or six years old, or perhaps wanting a more expensive car for his own pleasure. There have been some cuts in such items. But the people of Boston are not concerned with questions of that sort. If a man has a little Ford, even if he is paid \$6,000 or \$7,000 a year, it will not injure him any to ride around in it a whole lot. And, after all, I think we have to keep in mind the people who have sent us here, the people who pay the bills, the people who keep us here, and we now have an opportunity, through the report of this committee, to say to the people in every ward, from East Boston to Hyde Park, "There is a reduction of 13 cents per thousand on

your tax bill." In the controversy between the Governor of the Commonwealth and the Mayor of Boston, we saw whole columns in the newspapers on the question of the difference of 50 cents in the tax limit, representing the different points of view of both men. All of Massachusetts was aroused upon that matter. And now here is an opportunity to obtain a quarter of that saving in one afternoon, something that will benefit every man who owns a home and who has to pay taxes, thanks to this committee and to the chairman of the committee. And, as representing my ward, I will thank that committee because in making this saving not a single man's salary has been cut and not a single man's position has been taken away. There were rumors that when the Finance Commission came down here and demanded the cuts which they asked for the chairman would yield. But he did not yield so as to allow the cutting of a dollar from a salary. And if this report is accepted and the budget accompanying it is adopted, there will be no more talk, if these items are eliminated, of graft and petty thievery, because every item from A-1 down has been gone into carefully, the result emphasizing the thoroughness with which the committee examined into every item of the budget, making as a result in the aggregate a sum that is decidedly commendable and worth while. I say again, in closing, that I would now vote for the recommendations of his Honor the Mayor if they had been supported by the committee, because of the faith I have in the way in which the committee performed its duty. So far as the Finance Commission is concerned, I sat here on the day when questions were asked of the Health Department on the proposition advocated by the Finance Commission, of cutting out every single inspector who dealt with the milk supply of this city. I saw the Acts of the Commonwealth brought in here and read to Mr. Carr, the chairman of the Finance Commission, showing that those inspectors were created by law. He evidently then knew for the first time that they were a state-constituted body and took issue with his investigator. And, sir, Doctor Mahoney said this: "Before we had these inspectors, who inspect the source of supply of milk coming to Boston from the country districts, we found milk filled with manure," and he said that if that condition were to be brought back again through the discharge of these men he would no longer want to be commissioner. The Finance Commission still thought, however, that those inspectors should be discharged, and when I found that these men were so avaricious in their desire to cut down the budget, no matter how close to the quick it came, with the inevitable resulting pollution to the source of supply of milk furnished to infants of this city, filled with manure and other impurities, because of the discharge of those fourteen men who were protecting that source of supply, I paid no further attention to their reports. I also saw them sitting here day after day admitting that they had not given the matters upon which they were reporting study; that they had perhaps telephoned to some one in some department, for instance, getting their information about the fourteen inspectors from someone in the State House, I paid no further attention to them. But seeing, as I did see each day, the work done by the committee, I sincerely believe it is the duty of every councillor here to justify the existence of this body by going through this committee, unless his Honor the Mayor will come here and stand where you are, Mr. President, and point out defects in what I consider a splendid report by the committee through its chairman. If his Honor the Mayor will do that, Mr. President, I would like to suggest that you offer to him the chair of this Council for that purpose for the next half hour. I make that, sir, as a motion.

President HEFFERNAN—The motion is made that his Honor the Mayor be invited to attend the meeting of the Council this afternoon.

The motion was declared carried.

President HEFFERNAN—The City Messenger will so inform his Honor the Mayor.

(City Messenger Leary retired for this purpose.)

Coun. GUILD—Mr. President, I move that we take a recess until the return of the City Messenger.

Coun. PARKMAN—Mr. President, I object to our taking a recess at this time. It seems to me there is no necessity whatever of our taking a recess. Let us go through with the budget and get through with it. I object, and ask for a roll call.

Coun. Guild's motion to take a recess until the return of the City Messenger was lost, yeas 1, nays 21, Coun. Guild voting yea.

Coun. GUILD—Mr. President, an hour ago I could have wished that I came into this body with a prepared speech with reference to the budget which we have under consideration. Since that time has elapsed, I am glad that I did not do so. To Oliver Wendell Holmes is ascribed the saying that a pun is the meanest form of wit. I take exception to Holmes and say that, in my opinion, sarcasm is the meanest form of wit. However abject an apology may be made for it, it can never remove the meanness, bordering on scurrility, of the attack that has been made on the chairman of the Appropriations Committee by a previous speaker. I sat here thoroughly ashamed to hear it go on, and I am almost surprised that the President of the Council allowed such a personal attack to be made.

City Messenger Leary returned to the Chamber at this point, and said: Mr. Chairman, Mr. Reid, the Mayor's secretary, said the Mayor had left to go to lunch, and he could not say at what time he would return.

Coun. GUILD—Mr. President, I think I have sat through as many hearings of the Committee on Appropriations as any member of the Council save the chairman, and I have heard substantially all the testimony that has been offered in regard to the various items of the budget as submitted by the Mayor. I think I probably have as good an idea as anybody except the chairman of the Appropriations Committee of what it is all about. While I have attended those meetings and have been courteously permitted by the chairman of the Committee on Appropriations to ask questions from time to time, and have the greatest admiration for the monumental work which the committee has accomplished, I do not hesitate to state that I am prepared to disagree with some of the judgments of that committee. I think it is wrong to assume that a member who is voting differently from the committee is doing so because of some promises that have been made. There have been no promises tendered to me on any occasion when I have voted in this Council. I have used my own independent judgment, and I don't look to others to exercise judgment for me. I do not look to the chairman of the Committee on Appropriations to exercise judgment for me, or to the Mayor of the city or to any other individual. I am elected here as a member of this body to exercise my own judgment on these matters, and I do so. My votes on the various matters that may come before us represent my own judgment, not that of anybody else, and are not based on anybody's promises. There have been many items of greater or less import referred to by the previous speaker. One of the items, of which I wish to speak briefly, is that of snow removal. It has been stated that we need have no worry whatever in regard to the matter of snow removal next December in case the city suffers from a heavy snowfall, because at a moment's notice the Mayor and the auditor, acting jointly, may act; but I would call the attention of the Council to the fact that, in order to transfer money to that item, there must be money in some other item that you can take it out of. The budget has been pared down by the efforts of various men—by the Budget Commissioner, the department heads, the Mayor and the Committee on Appropriations. We are taking a gamble if we leave it in the way suggested by some of the previous speakers, trusting that there will be some item in which there is money which may be transferred in case we do have snow next December. They suggest that there will be such funds available, but the gamble is there, just the same. I think the purchase of the snow removing equipment last year, and the way the thing has worked out, is a sufficient answer to any city councilor who suggests taking a gamble of that sort. The district that the chairman of the Committee on Appropriations represents is a district in which I am somewhat interested, although not in an official capacity. I believe the people of that district will suffer fully as much as the people of the Dorchester district in the event of a heavy snowfall that cannot be removed because of lack of money. The chairman of the Committee on Appropriations is willing, in order to make the burden of the taxpayers as light as possible, to take that gamble. In that my judgment differs from his, and I say again that it is purely and simply a question of judgment. I think he is sincere in making the recommendation, and I trust that he gives me credit for being equally sincere when I say that my judgment is otherwise. All these items to a certain extent are a question of judgment. The Committee on Appropriations sat here, as indicated by the record, in day and evening session, and in attendance the staff of the Finance Commission, representatives of the Boston Chamber of Commerce, the Boston Real Estate Exchange, and other people who had, or thought they had, interest in the city budget. The situation was very difficult for anyone to handle, but it was handled as gracefully by the chairman of the Committee on Appropriations as I can imagine anybody handling it. Those men were there watching every move and making their notes. I am not at all surprised at the recommendations of the Committee on Appropriations through its chairman, but when it comes to voting, I must frankly say that in some instances my judgment is different from the conclusions they have arrived at. I want at the same time to give all credit to the committee for its wonderful and painstaking piece of work, as indicated by other speakers. In closing, I wish to say that I hope the occasion will never arise here again where we will be obliged to listen to any such sarcastic outpouring in regard to any man who has done such a good, conscientious piece of work as the chairman of this committee has done.

Coun. DOWD—Mr. President, while the Committee on Appropriations has brought in a report reducing the Mayor's budget some \$232,000, the one item that I believe the members of the City Council are mainly interested in is the item of \$63,000 which we have taken away from a contractor. I do not believe it is the wish of the Council to spend five or six hours here arguing over \$50 or \$100 items. The main item to be decided this afternoon is whether the members of the City Council desire to give to Grant the same steal that he had last year, through a present of \$68,000 for watering the streets of Boston. After all is said and done, the only thing that the members of the Council can and should go by is the records of the Appropriations Committee, and the records of one of the meetings of the committee absolutely show where Coun. Dowd asked the

commissioner whether or not it would be good business for the city to purchase his own equipment, and the commissioner answered, "Absolutely, yes," and two days later, last Friday, he tried to change his statement on that matter, showing that somebody had reached him and told him what to say at the next meeting. But the records show squarely that Commissioner Sullivan admitted, as head of the Public Works Department, that in his opinion it would be good business for the City of Boston to purchase its own trucks and its own equipment, which could be bought at a price not exceeding \$60,000, a price less than was paid Grant last year and \$5,000 less than it is desired to give him this year. And then the committee went into the matter a little deeper, and what did they find? They found that in the last year of the former Mayor's administration, six of these truck flushers had been bought for \$21,000 or \$3,500 apiece, and that upon this administration coming into power those outfits were stored in the South End yard and some of them loaned to Grant at a merely nominal charge of \$200 per year, despite the fact that they cost the City of Boston \$3,500 apiece. I wonder if there is any business man in the City of Boston who would pay \$3,500 for an outfit of this sort and then make a contract with a man to sprinkle the streets and allow him the use of that outfit for \$200 a year? And what else do we find? In the course of this year and next year, if this Council passes this all-important item, Grant will have received some \$204,000 for sprinkling the streets of Boston for three years—and when I say "the streets of Boston," I mean the streets in the downtown section, because Roxbury, Dorchester, Jamaica Plain and all other such outlying sections will not see a watering cart once a month. No doubt the argument will be advanced this afternoon, "Why not allow Grant to have the six sprinklers, as usual, and use them in the outlying districts?" They had the opportunity last year, but did they do it? Of course, they did not, and we have no reasonable assurance that they will do it. Grant will have received in three years \$204,000. The figures show that we can supply six of our own trucks for \$21,000. The upkeep of the trucks will be something like \$3,000 a year, which means \$24,000 or for three years a total cost of about \$75,000, as against \$204,000, which will mean approximately, if we pass the budget as submitted by the Mayor this afternoon, that in this item the taxpayers of Boston will be absolutely robbed, through this contract system, of this enormous difference. Don't you think, gentlemen, that the old system of contracts should be done away with, and the taxpayers who have sent us here, given a square deal in this matter? Not one of us, if this were our own private business, would think for a moment of letting this contract, or any such contract to this gentleman. Sixty-four dollars a day is a lot of money, when they don't pay a nickel outside of upkeep and help, don't have to buy the sand and gravel, and use the city's water. I am absolutely against this item of \$63,000 in the budget. I believe there are various items in the budget which should be restored, small items, that do not mean much financially, but that might improve the efficiencies of the city departments affected. But I do firmly believe that at this time we should take the necessary steps to remove from our rolls these favored contractors who for the last twenty years have been robbing the people at every opportunity.

Coun. FITZGERALD—Mr. President, there is one item here in which everybody seems to be vitally interested, and that is street watering. That seems to be the burning issue of the hour. It has been charged around here that I am interested in the Grant contract, that I am part of the Grant outfit, and that Mr. Lomasney is another part of the Grant outfit; that we are the owners of this concern, that we are the ones who are robbing the treasury and getting all of this glittering gold. As far as I am concerned, I am not interested in the Grant contract, and it is immaterial to me whether you vote for it or against it. I am voting for it. There are several reasons, and I will give them. In the \$63,000, \$10,000, I understand, is for the hiring of teams. My only concern is that I want to see the people of this city, the poor people, get a fair show. The gentleman who spoke last knows perfectly well, so far as the Commissioner of the Public Works Department is concerned, that he has no street watering equipment in that department, and that if they did buy it for \$34,000, as he states, or \$3,400 for each truck, those trucks are not now fit for this purpose. Since time immemorial, street watering in this city has been done by contract, and everybody knows it. This is not a new thing. Even before the days of the automobile we had the horse-drawn watering carts all over the city. Everybody knows that. The city cannot maintain its existence without resorting to contracts. We once had a mayor of this city, the late Josiah Quincy, who undertook to revolutionize the entire work of the city. He installed in City Hall a department to do all the work. But it couldn't be done. It had to be abolished, and they had to resort to contract work. In this case this man Grant has been selected as a target by members of this Council. The question is, are the streets of the city to be watered this summer or not? The chairman of the committee stands up here and tells us that there is money enough to provide for the watering of the streets until July. Then, I ask him and other speakers why it is that the watering carts have been laid off, if there is money to supply this

need? If we were today in a terrific hot spell, no watering could be done in the city if we lay off these trucks that are now doing the work. These watering carts of the city that they talk of do not exist. The only things that Mr. Grant hires from the city, I understand, are two pumps. Those are pieces of junk, up there. Who is the man who started dismantling these so-called watering carts? What administration dismantled them, and for what purpose? It was certainly not done under this administration, certainly was not done by Grant. The fact is that it has been admitted here that the city cannot do it. Mr. Murphy said that possibly he would be able to supply two watering carts along the middle of July. What are we to do in the hot days of June? Then, these people here say that we will have no snow in December. What do they know about it? We may have the most terrific hot spell in the history of the city in the next few days, and we may very well have heavy snow in December. Now, the streets of this city will have to be watered. The city cannot possibly do it, because it would cost \$10,000 to \$12,000 apiece for proper apparatus. This apparatus of the city that has been referred to was purchased by the preceding administration, that the previous speaker grew fat and rich under (laughter). Certainly Grant did not ask for it. When the previous administration bought it, there was no question then. Where was the great purifier then? Why didn't he protest, under the previous administration? Oh, no, he was growing fat and rich, enjoying the fruits of victory, and it was another story. But I believe in being charitable, in victory or defeat, just the same. And now Grant is on his sick bed, unable to fight, and his money is invested in this proposition, and the city cannot do the work itself. The Mayor says so and the Commissioner of Public Works says he cannot do it. It is an impossibility. Certain people in their arrogance, last week, said that the North and West Ends shouldn't be taken care of. We were told in committee about the situation, and how eleven or twelve men in the city employ were sick at times and wouldn't show up. And we are told about city men being laid off last Saturday, but nothing is said about married men with families working for the contractor. They have their babies, too, and they may have no bread to put on their tables. They are to be thrown out ruthlessly, without an opportunity to be hired, are to be fired out of employment. Personally, I am not concerned, and Mr. Lomasney is not concerned. It is said that a ledge owned by Mr. Lomasney is hired by these contractors. But that has nothing to do with this case; and Mr. Lomasney has nothing to do with this concern, and I have nothing to do with the concern. Hasn't a man a right to invest his money as he sees fit? But he has no concern in it and I have no concern in it. Personally, it is immaterial to both of us what you do here. I am reminded of the time when Mr. Lomasney was a lamplighter and left his job. They were trying the experiment of putting up electric lights, and the lamplighters held a protest meeting in Faneuil Hall against installing the electric light service. But Mr. Lomasney said, "I am going to retire. We cannot stop progress, and the time has come when the streets are to be lighted by electricity." So he became a health inspector. He was far ahead of his time. He does own a ledge that Grant has a building on, and he is charged on that account with being interested in this matter. He does not deny that he owns that ledge, and I don't deny it, but neither he nor I have any concern whatever in this contract. I do think, however, that the men employed are entitled to consideration. The Commissioner of Public Works knows that he cannot do this work without his department. Both he and the Deputy Superintendent admit that, Mr. President. They have not got apparatus that will do this work. When six trucks are referred to, I wonder if anyone thinks that we can water all the streets of this city with six trucks. Before the advent of the automobile there were 100 watering carts, under contract, and this work has always been under contract. The city cannot buy these trucks equipped at less than \$10,000 or \$12,000 apiece, and if it should have six of them it could not do the work without help. We were told in the committee that they had to call on the contractor, and they will have to call on contractors in the future, as they have had to do from time immemorial. They always had and always will have contracts for this work; they will have them when you and I have passed out and somebody else has taken our places. We have heard reformers before, and still the city goes on just the same, as it will when you and I are gone. And so it will be with the street watering. I have no concern whatever in this contract, but I know that the street watering cannot be done during the coming season without the aid of contractors. When you talk about the city getting an outfit to do this work, that will take time. An order would have to come in and go through various stages, and then the apparatus would have to be purchased, obtained and equipped. You all know it, and those things take money and take time. But there are some who want to pick this man out. They think that they have here a chance to get back at me, to get back at Lomasney. But we have no concern in this. None of my money is invested, and none of his is invested; and, no matter what action is taken on this matter, he will go on getting his three squares, and I will, too. There is no danger on that score.

Coun. KEENE—Mr. President, throughout the

study of the budget since it left the hands of the Mayor and has been considered by the Finance Commission and afterwards considered by the Governor and the members of our Legislature, it would seem to me that there has been plenty of room for difference of opinion. I think that is true with the exception of one item in the Fire Department, C-16, Wearing Apparel, where an error in computation was made, which is not to be wondered at in a budget comprising approximately \$41,000,000. But the time has now arrived when each member must express himself personally. In other words, it is now a matter of the opinion of each member of the Council. I do not believe there is a man in this body who has been promised anything to vote for this budget; neither do I think there is a man in the Council who needs any one to speak for him. I don't think any member need fear voting in accordance with the dictates of his own personal opinion. But after a study of the budget as submitted by the Committee on Appropriations I personally cannot agree with the committee. There are several items which, it seems to me, should be given careful and particular attention and which should be considered from every angle before a decision is arrived at. In the budget as submitted by the Health Department, under B-17, Care of Persons, the committee has recommended a reduction of \$5,000. This covers the payments which the city is called upon to make during the year for the care of sick persons with communicable diseases domiciled outside of Boston, but who are legal residents of the city. The largest payments under this item are made to the State of Massachusetts for the care of citizens who are patients in the state sanatoria at Westfield, North Reading, Rutland and Lakeville. Bills for this service are rendered quarterly by the state, and the records of the Health Department indicate that for the three months ending March 31, 1927, 183 citizens of Boston were patients at the four institutions and that the charge rendered by the state for their care totaled \$27,965. In addition, fifty-five citizens were given medical care in private hospitals throughout the state, and bills covering sixty-two cases of undetermined settlement were pending in the Health Department. The actual payments on these 117 cases for the first three months totaled \$1,000, making a total expenditure for the first quarter of the year under this item of \$28,965. The expenditure for the full year at this rate would be \$115,860. The Mayor's allowance under this item was \$115,000. The Committee on Appropriations, guided largely by the fact that the expenditure for 1926 under this item was \$110,017.14, has reduced the item to \$110,000. In so doing, the committee has removed from the item the small margin of safety which was present in the Mayor's allowance, and in view of actual expenditures for the first quarter of the year has reduced the item below the probable total expenditure for the year. Even though it may be said that any deficit at the end of the year may be met by transfers either from unexpended balances within the appropriations of the Health Department or from the Reserve Fund it does not appear logical or sound budget procedure to reduce below what appear to be the irreducible minimum an item involving the care of the sick. The city's obligation in this matter is clearly fixed by statute and this Council would be ill-advised if it was to vote a reduction which is certain to limit and interfere with the Health Department in its fulfillment of the obligation. Items 2, 3, 7 and 8 (Park Department, A-3, Unassigned for Overtime, reduced \$1,000; B-21, Removal of Snow, a reduction of \$2,500; Paving Service, B-21, Removal of Snow, a reduction of \$10,000; and Sanitary, A-3, Unassigned, a reduction of \$3,000) represent emergency appropriations allowed within the budgets of the Park and Public Works departments to meet the almost certain demands which the winter months of this year will present in the matter of removal of snow from our city streets and parkways. In making these reductions the committee was influenced by the statement of the engineer of the Finance Commission that within his thirty years experience in snow removal work in only three years have snowstorms of over four inches occurred in December. It is not my intention to question or impugn the experience of Mr. Emerson, but the happenings of last December are too fresh in my mind to permit me to accept unqualifiedly the inference that the city will not be called upon this year to spend any more money on snow removal work. New England winters have a reputation for disregarding tradition and experience and it is a brave man indeed who will attempt to prophesy so far in advance. We know from the experience of the past two years that a single snowstorm may place a burden of \$150,000 on the treasury of the city. In view of this fact, emergency appropriations totalling \$16,500 appear very modest. The citizens and merchants of this city are vitally concerned in this matter and to my mind this Council would be taking a step backward in voting to eliminate these items. Executives in other Massachusetts cities may be content to let Nature take its course in the event of the occurrence of a snowstorm but such a penny-wise and pound-foolish policy of economy should never be adopted in the capital city of the Commonwealth. Items 4 and 6 (Park Department, B-39, General Plant, a reduction of \$10,000; and Cemetery Division, B-39, General Plant, a reduction of \$5,000) involve reductions in appropriations for plant repairs in the Park Department and Cemetery Division. The original budget estimates of these divisions included requests for

appropriations under this head totaling \$204,000. After a careful examination of all the items involved the Mayor fixed the appropriation for the Park Department at \$110,000 and for the Cemetery Division at \$20,000 a total reduction of \$74,000. Of the Park Department allowance, \$100,000 was specifically allocated to definite items representing necessary repairs on the twenty-four parks and forty-three playgrounds maintained by the city, and \$10,000 was allowed as an emergency appropriation to cover contingencies bound to arise during the year. The purpose of this emergency appropriation was to ensure the definite fulfillment of the repair program covered by the \$100,000 appropriation. In the absence of such an emergency allowance contingencies could only be financed by the postponement of some item in the regular program. The Committee on Appropriations has seen fit to eliminate this emergency appropriation. Since at the present time no definite label is attached to the item no individual councillor can complain. In the event of an emergency arising, however, and in view of the extensive park system of Boston who will question the fact that unforeseen contingencies are bound to arise, it will have to be met through the deferring or postponing of some badly needed district repair. For this reason I strongly urge the members of this Council who have an interest in the maintenance and upkeep of the parks and playgrounds in their respective districts to consider the fact that a vote in favor of the elimination of this emergency item may lead directly to the elimination, for this year at least, of a local repair item in their own district. Over \$25,000,000 has been spent in acquiring and developing the park system of Boston. Surely a plant repair appropriation representing less than one half of 1 per cent of the capital cost of the park system can not be termed extravagant or unwarranted. In the Cemetery Division the committee has eliminated \$5,000 which was to be spent for permanent roads in the Fairview Cemetery, Hyde Park. At the present time most of the roads in this cemetery are ordinary dirt roads and after a heavy storm naturally become rutted and gutted. I know every councillor will agree with me when I say that one thing a cemetery should have is decent roads. Surely the sorrow which surrounds the people who go there should not be augmented by the discomfort and inconvenience of riding over rough and uneven roads. The principal private cemeteries in this vicinity, like Mt. Auburn and Forest Hills, all have permanent roads. In view of the small amount of money involved I feel that it would be unwise for this Council, as a body, to support the recommendation of the Committee on this item. A reading of the transcript of the hearing at which the appropriations of the Park Department were considered will prove conclusively that the allowance voted by the Committee on Appropriations under Item 5 is wholly inadequate. This is Budget Item C-7, Furniture and Fittings. Under this item come such articles as bathing-suits, towels, attendant's uniforms, etc. On page 575 of the transcript the minimum requirement of the department for this year was stated by Chairman Long to be

Attendant's uniforms.....	\$1,407 36
Towels.....	4,300 00
Total.....	\$5,707 36

The committee in spite of this testimony voted an allowance of \$4,500, which is \$1,200 less than the minimum requirements of the department, and a reduction of \$2,500 from the Mayor's allowance of \$7,500. The excess represented by the difference between this latter figure and the minimum requirements stated by Chairman Long is to cover the purchase of bathing suits for use at the different bathing places maintained by the department. Here is an item directly affecting the comfort and convenience of the patrons of the baths and pools of the city. No more famous institution exists in this country than the L Street Baths. The cut recommended by the committee under this item directly affects the quality of service to be rendered by this famous watering place. I feel certain that this Council knowing the facts concerning this item will not vote to support the committee in its recommendation. The largest cut made by the committee is that indicated under Item No. 9. This is Budget Item B-6, covering the hire of teams in the North and West End sections of the city and of flushing trucks for use on the macadam and granite block streets of the city. Under the Mayor's allowance \$22,000 was provided for the hire during the year of eleven single horse-drawn teams, and \$68,000 for the hire of flushers during six months of the spring and summer seasons, making a total allowance of \$90,000 under the item. The committee has reduced the allowance to \$27,000, of which \$12,000 represents the actual expenditure to date for single teams and \$15,000 is the estimated expense of maintaining contract flushers until July 1. The committee's action, if approved, will prohibit any further hire of teams and will force the city to find some substitute for the flushing trucks after July 1. The North and West End sections are the most populous and congested sections of the city. Because of the large number of stores and mercantile establishments within the limits of these sections it is imperative that the removal of waste be completed early in the day in order to avoid the congestion on the streets, which naturally follows the opening of business. Because of the narrow and tortuous

condition of the streets and alleys in these sections it is not feasible to use large trucks. Single teams have been found to render the most efficient service. Because of the limited time in which removal of waste is possible dependability of service is of vital importance. Under the contract system dependability is assured, whereas if the districts are forced to depend entirely on the day labor forces of the city, efficiency of service is bound to be lowered, since the number of teams which may be sent out each day depends directly on the number of men reporting for duty. Department records indicate that this number is never constant from day to day, hence the number of teams available for service would constantly vary. It may be interesting to members of the Council, as long as reference has been made to work in various parts of the city, that Ward 3, represented here by the Hon. John I. Fitzgerald, pays 43 per cent of the entire tax levy of this city. According to the testimony of the Division Engineer of the Sanitary Service all of the city-owned teams are now in use in the various districts of the city. This being so, to transfer teams to the North and West End sections, which will be necessary if the hire of teams in these sections is to be discontinued, will naturally reduce the service now being rendered in the suburban sections. Thus the action of the committee in prohibiting the further hire of contract teams is bound to interfere and possibly cripple service in residential districts and it is highly questionable whether the present efficient service maintained by contractors' teams can be equalled by the city teams transferred to the North and West End sections. The removal of ashes, dirt and garbage is of primary importance to every citizen, be he rich or poor, property owner or tenant. This Council should proceed with caution before it approves any action which tends to lower efficiency in this service. A mistaken impression seems to exist in the minds of the committee relative to the number of flushers which the city owns and which it is in a position to put on the street. According to the records of the Public Works Department, three flushers were purchased by the city in 1922 and three more in 1923. This equipment was used until 1925 when the flushers were dismantled, the flushing equipment stored away and dump bodies attached to the truck chassis. Thus as matters stand today the original flushing chassis are five and six years old and because of their age are constantly under repair. Many of the original parts, fittings, etc., have been lost or used for other purposes throughout the department. Consequently, from the equipment purchased in 1922 and 1923, department officials are of the opinion that not more than two complete units can be rehabilitated for use on the streets. There can be no question as to the necessity and desirability of carrying on the work of flushing and sprinkling our city streets. Experience has shown that the minimum number of trucks needed for this purpose is six. The action of the committee in refusing to provide funds for this work after July 1 will seriously cripple this service, since only two trucks will be available for use after this date. No provision has been made in the budget for the purchase of additional flushing units and even though such an appropriation existed it is highly problematical whether specifications could be prepared, contracts advertised, and the equipment delivered in time to be of any service this year. One question relating to street signs. I am advised that in opening the bids today it appears that if \$50,000 is made available, for 5,400 signs, there will be a quantity saving of 50 cents per unit, amounting to about \$2,700. I am familiar with the evidence of the department head before the Committee on Appropriations, expressing some doubt as to the desirability of using the full sum, or a smaller sum, but I submit to the members of the Council that a policy of that nature is a thing properly to be decided by the Mayor, and if it is his opinion that the needs of the city require a certain number of signs, the policy of the Mayor as outlined should be given greater consideration than the opinion of a department head. I want to say for the information of this Council that in the particular district in which I live, if there is one thing that we need almost as much as streets and sidewalks, it is proper designating signs. I had experience not very long ago in advising a man how to come to the house where I live. I told him to take the parkway, going up West Border road until he came to Bellevue street. But there were no signs, and no policeman, and he finally went clear down to Roslindale village, where they told him to go to the fire house and inquire, and they then told him where it was. I think if the streets were properly taken care of in the matter of signs it would assist to a great extent in relieving traffic congestion that we are getting in this city. In other words, a man might find a street by referring to the signs, instead of blundering around and having to locate it through a policeman or in some other way. Economy and efficiency are two desirable ends in municipal government. In seeking to reach these goals, however, we should not lose sight of the fact that over-emphasis on either one is bound to defeat the other. Over-emphasis on economy is certain to result in a lowering of efficiency, and vice versa. The Committee on Appropriations in eliminating the appropriation for truck flushers has evidently lost sight of this fact. In so far as reference has been made to the flushing contract, my mind goes back to the discussion we had at the time we passed the loan for the purchase of snow equipment, and at this time I am satisfied

that that was one of the wisest acts of this body. That is evidenced by the fact that a great many people not only in my ward but in adjoining wards and people all over the city, have stated that during the entire time they have lived in the City of Boston last year was the first year when they were able to get in and out of the streets on which they lived in a reasonable length of time. I cannot help being of the opinion that we should hesitate before taking any action that will materially cut any item in this budget until we are personally satisfied that the amount of the appropriation, as recommended by his Honor the Mayor, is in excess of the needs of the people.

Coun. RUBY—Mr. President—

Coun. WARD—Mr. President, will the gentleman from Dorchester yield for a moment? Since reference has been made to some remarks uttered here earlier in the afternoon, I wish to say that, even if I had the power of oratory, I could not adequately express my feeling of admiration and respect for the chairman of the Committee on Appropriations. I feel that Mr. Parkman is honorable and square, that he has gone over this budget carefully and scrupulously, and that he has acted honestly and with his conscience dictated. I therefore move you now, sir, that the remarks made by the Mayor of Beverly Hills be expunged from the record this afternoon.

Coun. RUBY—Mr. President, about one year ago today—to be exact, the 24th day of May, 1926—his Honor the Mayor presented a loan order to this body for \$400,000 for the purchase of the now famous snow equipment. At that time the Finance Commission of Boston commenced not only an exhaustive study, but started an unwarranted attack upon his Honor the Mayor because of the presentation of that order to this body. The loan order was discussed in the body for several weeks and during the course of that discussion and study there was presented to each member of the Council a long thesis by the Finance Commission with reference to the unnecessary purchase of that equipment. As a result, this body voted some time in July to purchase the snow equipment for approximately \$400,000. I don't think there is a man in the body today who voted against the purchase of that equipment at that time who would at this time, knowing all the conditions as they have developed since, not vote for the purchase of the equipment, after the wonderful work that has been accomplished by those trucks in the snowstorms of last December and January. When this budget was being prepared by his Honor the Mayor and by one of the most capable and efficient department heads we have in the employ of this city, our Budget Commissioner, in November the Finance Commission started another investigation, and this time employed sleuths, detectives, inspectors and everything else. As a result of their investigation, a book of over two hundred pages was published and presented to every member of this body, showing the possibility of a cut in the budget of 1927 amounting to two and a half million dollars from the amount presented by his Honor the Mayor with the assistance of our vigilant Budget Commissioner. Up to this time not only had the Budget Commissioner been in consultation with department heads, not only had they been warned to keep their budget appropriations down, but immediately after that it became necessary for his Honor the Mayor to go to the Legislature of this Commonwealth with Mr. Fox in connection with the city's tax limit. In spite of the fact that the Legislature had passed in 1926 a \$14 tax limit, his Honor the Mayor this year asked simply for a \$13.50 tax limit, and the famous controversy arose between his Excellency the Governor of Massachusetts and his Honor the Mayor of Boston. The Governor attempted to reduce the tax limit of Boston to \$12.50, but there was not a single vote with his Excellency the Governor in the House of Representatives or the Senate, and his Honor the Mayor of Boston was permitted a \$13 tax limit. That, however, represented a cut in the amount necessary to properly run the city, and it then became necessary for the Mayor to cut certain items. For instance, he was compelled to cut several hundred thousand dollars from street repairs not because, as I understand it, he felt that they were not greatly needed this year, but because of the fact that the necessary amount would have to be replaced and supplied through a loan order, to offset the \$450,000 which was cut from the budget. Although not a member of the Committee on Appropriations, I sat in with the committee several days during the course of the budget investigation, and I want to say now that if some of our department heads had had the courage to present their situation to the Committee on Appropriations as it was presented by other department heads showing the necessity of the money originally provided in the Mayor's budget, we would not now be confronted with this cut of the Appropriations Committee aggregating some \$232,000. It was only after we were asked to give some money back to the Committee on Appropriations that they said, "Well, if you think you ought to have it, take it." And they were told, at that time, if I remember correctly, that, if these amounts were needed, they could be given back to them in another appropriation. I say, Mr. President, that that is, in my opinion, not a proper cut in a budget. I believe that a proper cut in a budget is such an amount as the City of Boston can spare and will not be replaced during that year in any other appropriation. After all, Mr. Chairman, what has his Honor the

Mayor of Boston to cut from when an appropriation budget comes in? Approximately \$30,000,000 is asked for in this year's budget by the Mayor. Eighteen million dollars of that will go for the salaries of the employees of the city; so that there is only \$12,000,000 left for street improvements, street betterments, the police and other departments outside of their salaries and of that \$12,000,000 a careful study must be made in each department before these sums are submitted. And I want to say, both in justice to the Committee on Appropriations and to his Honor the Mayor that, in my opinion, his Honor the Mayor, with the assistance of those heads of departments who must have used pretty good judgment if, after the Committee on Appropriations had spent that length of time as they did, and having before them a proposed two and a half million dollar cut both in taxi service and automobiles and sundry fees elimination, only \$200,000 and some odd could be found by the Committee on Appropriations to cut, and of that sum, Mr. President, I am reminded of an item which is not included here but which was originally suggested during the course of the hearings to be cut, but was replaced last Thursday, a \$2,000 cut in temporary salaries in the Park Department, and when the question was asked as to where that amount was to be taken from, we were told that some twenty-five temporary men who are engaged for five to six months a year under that particular item and are then discharged until the following spring, and if this \$2,000 was eliminated from the budget those twenty-five men could be fired, so that they work for five months and are compelled to loaf for seven months. I say, Mr. President, that items of that kind are directly taken from the salaries of employees. A lot of stress has been laid with reference to Park Department cuts. There is a \$10,000 elimination cut there that is in the Appropriations Committee's suggestions for a cut. I know if that cut goes into effect certain improvements in some of the parks of Boston that are needed will of necessity be eliminated. I am going to be selfish for a minute. I have tried for several months to secure for the young men and women in my district an additional number of tennis courts on Franklin Field. I was promised six additional courts on Franklin Field a year ago last March. They have never been forthcoming because of the fact that the Park Department did not have sufficient maintenance amount in their department, and I was told that, if the budget went through this year as recommended, those tennis courts would be made this year. In my opinion, there isn't a greater need in any section of the city than park improvements, outside, of course, of the major departments, Police, Health, Fire Departments; and I am told that, if this \$10,000 still remains in the cut, those tennis courts must of necessity be postponed another year. Five thousand dollars is cut off Care of Persons. You have heard the councilor from Ward 20 speak about that. It is exactly so. If I may use his name, Doctor Mahoney has stressed the fact that he needed \$15,000 but permitted the committee to make the cut on the \$5,000 item because he was told that, if it became necessary for him to use that \$5,000, he would get it. I say that is not the kind of cut that ought to be made in any department. The snow removal cut must, of course, be put aside as ridiculous. Nobody can guarantee to us that, during the month of December of this year, we won't have as severe a snowstorm as we had last December; and I want to remind those of you gentlemen who live in a district such as I do where during the previous years several streets were never free of snow, if the snowfall came in December, in May it still was on the ground, and this is the first year in a number of years that snow has been removed almost immediately after it fell, and I say that the Public Works Department will have a right to say to you next December, when we are asking for employment for those who are trying to earn their daily bread and the Public Works Commissioner sends in \$10,000 to put snow removal equipment and employees on the streets, they will have a right to say it was you and I who helped to eliminate that item so that those men could not be employed. I believe, to come down to all the facts as stated this afternoon, there is not a \$75,000 cut that should be made in this budget of close on to \$31,000,000, and I want to say that, regardless of how we feel, I think his Honor the Mayor, whether we like his methods or we do not like his methods, whether we like his procedure or we do not like his procedure, if all our committee could find was \$75,000 or \$100,000 that might in some way embarrass him, nothing can be saved from the tax levy of Boston regardless of what you did, nothing can be saved by this proposed cut because, if they do not come to us now, it will come back to us through loan orders, and if we do not pay it this year we will pay it next year, and we ought not to fool ourselves or our constituents. The budget has been pruned and pruned, it has been cut and cut, by his Honor the Mayor as well as by department heads, and I believe that the original budget as presented by his Honor the Mayor in its entirety ought to be passed on today.

Coun. McMAHON—Mr. Chairman, not being a member of the committee that went through the budget but being one of the members of the Council and invited to sit there, I sat at every hearing that the committee had on the budget, and, at this time, I think the committee ought to be congratulated for the amount of work that they put in on

that budget. As the chairman knows, I sat in there and a couple of cuts that he wanted to make, I could not very readily see, and I argued there in the committee and was successful in getting one or two of the items back before it came in here today. But, as I go over the budget and notice what is on this pamphlet we have here in front of us today, I see quite a few items that I do not think ought to be allowed to be taken out of the Mayor's budget. I will take my ward alone. When I was running for the honorable position of city councilor, I gave the people of my ward my promise that when it came to garbage and ashes collection that would be one of the first items I would see was put right back in A-1 condition, and I can honestly stand here today before this body and say that it is the first year of a great many years that Ward 15 has been taken care of by regular collections of garbage and ashes, and in this item alone there was a cut on the Sanitary Service of \$3,000. So I feel, Mr. Chairman, that this afternoon when we pass on this budget with the members that come from the different sections of the city, the same as I do, they will look over those items very carefully. Another item there that is very important to me, and I know it is very important to all the Dorchester councilors, is the removal of snow. As I said with regard to the collection of garbage and ashes, last winter was the first time in the history of Dorchester when we could say right after a snowstorm that the streets were cleared and open for traffic, and in this item alone, in B-21 of the Paving Service, there is a cut of \$10,000. They say if they do not have any snow they don't spend it, but I feel, Mr. President and members of the Council, that that item being left in there alone, if we do not spend it, then it will still be there at the end of the year, and I feel as a lot more of the councilors feel, that if you do not pass the budget, you probably will be licked for election next year. Well, I do not feel that way. I know where I come from I will get hammered and knocked on high tax rates, but I feel from the service that was returned for the taxes we paid in the last year, I am well satisfied, and I think the people from my section are well satisfied, also. There is one more item that they did not seem to care much to put back in, which went back. It was an item in the Park Department, Cemetery Division, employment for these men that go to work on temporary employment. We sat here and the item was cut out, \$2,000. I made a fight in front of the committee, and after some talk with the Park Commissioner he tells me, "Well, if I don't have it," he says, "I will have to lay the men off or I won't put them to work." And right down through this that we have here this afternoon you will see in A-1, A-2 and A-3 the same items that would be cut out, but the commissioner said before the committee he must have them and, if he did not have them, he would have to lay men off. He does not have to worry. But if he came from my ward and had a string of men on his neck like I have, there wouldn't be an item in that sheet that would be cut whether it was not spent or going to be spent. I believe if it is not going to be spent, we should leave it there in case we have an emergency. We must have the money to pay them, and I think the councilors in this body have the same experience that I have when I go to a department head and want a man put on temporary employment or permanent employment, the first thing he says is, "I haven't got the money to do it," and when he tells me that, why, the man does not go to work. It was only last summer that the question was raised of a transfer, and I know one transfer was held up for four or five weeks, and the only way they could get the money to pay a certain contract was to take it out of the temporary employees item of \$15,000, and I was instrumental in holding it up for three or four weeks, and they finally did come in and say where they had paid it off on other items. If that was not taken out of the other items we still would have men put to work for the city, and I feel that the budget, as the Mayor has presented it to us to pass on, with all due respect to the committee, and I have nothing to say personally to any member of the committee, but, after sitting at the hearings as I did, I think I got a good idea of the budget and, as far as any cuts are concerned, I will vote for the budget as they sent it to us without any of the cuts.

Coun. GILBODY—Mr. President, this is my sixth year sitting here in this body. I probably am the senior member in the body, and I have listened most respectfully to all the various arguments and remarks that have been made this afternoon on the various items, and I am of the mind that the most important thing that comes before this body in its entire function of duties is this budget. The City of Boston, Mr. President, is not composed of suburban Boston, the police, the Old South Church, School street, City Hall, or any other building or thing. It is composed of the men, women and children of this city. They are the ones to whom we owe our duty. Now, I have watched this administration for the last year and some five months, and the Land of Promise has been held forth but has never materialized, and I warn you in accounting for your stewardship for the next election that I hope you will not vote for the Mayor's budget as originally submitted because there is contained therein by admission of his own department heads, two hundred thirty-two thousand odd dollars worth of graft. I sit here as a member of the legislative branch of this city, Mr. President, and the Mayor has in his

cabinet—I have no quarrel with the Mayor or his cabinet—but he chooses this man for that position and that man for this position, and I do not care what has happened since the last budget until today. Every cut in the budget was acquiesced in by the department heads, and, as a member of this branch of the government, the City Council, I do not say that I am greater than the Commissioner of the Department of Public Works, or that I know more about the Park Department than the Park Commissioner does, or that I know more about the Health Department than the Health Commissioner does, or any other department there. They all said, "Yes, we can save it." The majority of the members of this Council know that they said it because they were here and listened. We are attacking a particular item of \$63,000 worth of plain, ordinary, up and down graft. Why? We find out since the last budget that certain trucks that were in a certain yard have not been there. They were there last Friday, but now, through some mysterious means, they have disappeared so that there are only two left now in that yard, and we are letting them give away \$63,000 worth of the children's, women's and men's money of this city. I introduced, in December of last year, an order calling for a tax rate of \$28 for this year, and it passed this body unanimously. There was not a single dissenting vote, Mr. President, on that order. Now, I like everybody in this Council, and I hope they won't be humiliated and bluffed in the last few busy hours of the work that has been put in by the steering committee. Reference has been made to streets. This year we were bumped again. We passed an order for \$1,000,000 for new highways, and I now have the authority of the man in charge of the expenditure of that money that there will not be a single dime of that \$1,000,000 spent under the item of highways for the suburban construction of Boston. Reference has been made to police protection. I opposed the budget last year because I was of the opinion that taxes were too high for the pocket-book of every person in the city, and one of the chief arguments was that there would be more police protection, and after the budget was passed the outlying sections got three new cops at least. They raised the taxes of the city to \$31.30, and that was all the principal argument advanced in the meeting last year consisted of. We are experienced enough, after one year in the Council, to know that if a snowstorm comes next December, there is half a million of dollars now in the Reserve Fund, and we are practical enough to know that we can save at least \$100,000, or more, to provide for that eventuality. I do not know whether it is going to snow in December next or not. I am no prophet, nobody is, but we are shrewd enough when we are dealing with a thirty odd million dollar budget to save enough for the event of a snowstorm. Reference has been made to the snow removal proposition. When the reports came out, the only streets and the only section of Boston that was provided for in that report to be covered by the trucks was the city proper. That is their fault, if they make that proposition and led some of us in the Council to believe it to be true. I will say a great change was made in snow removal during the past winter in my ward, and I do not talk for any other ward here. Let me briefly say that, this year, there was an unexpended balance of \$1,000,000 in the budget that we passed last year. That represents a saving of 50 cents. Half of it, roughly speaking, is in our own departmental expenditures here in City Hall and the other half million is the School Department. I think that half dollar could well have been put into the pockets of the poor folks in my ward, who went without coal this winter because they had to pay a higher tax rate and could not afford to buy coal to heat their homes, and that is a positive truth, Mr. President. I know that this body is up in the air and excited and probably aroused, and I am sorry. I thought the only people in the world and the United States, at least, that fight were the Democrats, but since the Republicans are having their difficulties, and there are all kinds of battles being waged in this body this afternoon, I appreciate that it is not as quiet a party in city as it is in state and national affairs. So we are all in the midst of a series of controversies, and I hope and pray, as I said, that these members won't be led to the Land of Promise. I want them all to be re-elected at the next election, whether it be in November or whatever month it comes in. They have all had a pleasant and honorable service, and don't be bugged. I ask them not to be bugged the last few hours and run chances for election because we want them all back here. Speaking to the report of the Committee on Appropriations submitted so ably and well by the distinguished gentleman from the Back Bay, I will say I come from a Dorchester ward where we do not have the Charles River Esplanade. I come from the ward next to the distinguished speaker that so very ably presented a report in behalf of the Mayor here. I will say for the gentleman from the Back Bay that he was very, very fair; that he had consideration for every part of Boston and the Back Bay was not his only concern, and also for the committee, and in my six years' experience in this body I never saw a better, more exhaustive job done in behalf of the men, women and children of Boston to save them money in their tax rates so that next winter they will be able to live comfortably and pleasantly as do some of the official families of this City of Boston today.

Coun. DOWD—Mr. President, if I may take just a few minutes to read, for the benefit of Coun.

Fitzgerald, from the record of a hearing which was held by the Committee on Appropriations, which record he evidently doubts, as follows:

"Coun. DOWD—How much would it cost to equip our trucks?

"Mr. SULLIVAN—I think it would cost as much as to buy them afresh, right out.

"Coun. DOWD—Don't you think yourself it would be good policy for the city to buy them outright?

"Mr. SULLIVAN—I think so. We have the other equipment, and I don't see why we shouldn't have that equipment."

That is the statement of the man that heads the Public Works Department—that, in his opinion, it would be good business for the City of Boston to dispense with the contract with Bernard E. Grant and to purchase the trucks and the equipment outright. At a later date, on adjournment of the committee, Chairman Parkman said this:

"There is one question I would like to ask at the outset, and that is whether the city did not purchase the flushing equipment, which I understand consists of tanks and pumps, under the Curley administration. Is that correct?

"Mr. SULLIVAN—Yes, they did.

"Chairman PARKMAN—And whether that equipment now does not exist, in storage?

"Mr. SULLIVAN (to Mr. Murphy)—How much of that equipment is available?

"Mr. MURPHY—We have been installing two of those tanks on the old Pierce-Arrow trucks. We had six.

"Chairman PARKMAN—Where are the others?

"Mr. MURPHY—In the South End yard.

"Chairman PARKMAN—Not in use?

"Mr. MURPHY—No, sir.

"Chairman PARKMAN—In other words, it would not be necessary to purchase the equipment?

"Mr. MURPHY—Well, we can install six tanks on the old Pierce-Arrow trucks, and use them in the suburban districts. I think the Finance Commission speak of that in their report.

"Coun. FITZGERALD—Under the Curley administration, how many trucks did you have?

"Mr. MURPHY—Six of these flushers.

"Coun. FITZGERALD—And how many from contractors?

"Mr. MURPHY—Oh, I don't know.

"Coun. FITZGERALD—Weren't there twenty-four trucks in the Curley administration, twelve from contractors and twelve of the city?

"Mr. MURPHY—No. There were six working days and six working nights. That would double up the apparent number."

I bring that fact out to show you gentlemen that trucks and equipment purchased under the last administration were used by the last administration and were junked by this administration. Now it is not my intention to allow the names of Lomasney or Curley to enter into any controversy in this Council Chamber, but I do say that, if Mr. Curley and Mr. Lomasney have any difference of opinion, we should allow them to settle it themselves. Mr. Curley has met Mr. Lomasney on different occasions, and Mr. Curley has sat in the Mayor's office despite Mr. Lomasney, and within two years, if he so desires, Mr. Curley will again sit in the Mayor's chair despite Mr. Lomasney. Gentlemen, the councilor from the West End, who has been in the political game for a long time, has made the assertion that I have "grown fat" and have "grown rich." Well, if I have put on fifteen or twenty pounds, I hardly think it is within the province of any councilor to criticize me. He accuses me of growing rich. Well, John, perhaps when I have served at the public crib the great number of years that you have, why, I may consider myself rich. It has been an old story in town that, when Coun. Fitzgerald rises to talk, the younger members who have just come in, should sit down, should be terribly scared of him; but, John, I want to assure you that nothing you can say, no bluff that you can throw, will ever scare Coun. Dowd. You remind me of the old saying by one of our most famous writers of the day: "He is like the lilies of the field and the birds of the air, who toil not, neither do they spin, yet are clad in fine raiment and feast upon the wealth of the land, so that Solomon in his glory would have been put to shame by his sartorial splendor." And yet, he does all that without any visible means of income or sustenance besides that which he receives from the public treasury. In closing, John, I would be rich if my motto was, "Say it with water," but, unfortunately, it is not. My motto is, "Say it with flowers."

Coun. GUILD—Mr. President, as I understand it, the motion before us is a blanket motion to substitute the Mayor's budget for the report of the Committee on Appropriations.

President HEFFERNAN—That is correct.

Coun. GUILD—And I should like to state that it would be much more pleasant to me, and I find by inquiry that it would probably be more pleasant to everyone else, if particular items could be taken up, because I find that some people are in favor of the report of the Appropriations Committee on some items and are in favor of the Mayor's budget on others. I am, therefore, opposed to the blanket motion. I find myself in that predicament. There are some items in the report of the Committee on Appropriations which I should like to see go through, and there are some items in the Mayor's budget which I should like to see go through.

Coun. DOWLING—Mr. President, the statement made by the last speaker suggests we are about ready for the battle, but I hope that, before

the vote is taken, an opportunity will be given to the chairman of the Committee on Appropriations to offer what he has in rebuttal. I agree with every member of the Council that the work done by the Committee on Appropriations this year has been a splendid piece of work, and I know that Coun. Parkman must have something to offer in rebuttal, and I hope the opportunity will be given him.

Coun. PARKMAN—Mr. President, I am not afraid to have a vote taken on the substitution of the Mayor's budget. The last thing in the world that I can imagine would be to have this body adopt such a motion. I have here in my hand the public statement of the Mayor in regard to the budget reductions recommended by the Committee on Appropriations. He states: "With the majority of these reductions I have no quarrel since they appear to be based on changes and savings which have developed and become evident since the compilation of my original budget." In the face of that statement, Mr. President, I defy any member of this body, and I include those who joined the parade to the Mayor's office on Saturday and again this morning, to vote for the Mayor's budget in its entirety, without reduction. Speaking on the committee's report, if all the ammunition of the opposition has already been fired, the committee report should have nothing to fear. Several of the councilors, a large number of them, seemed to have picked on the toweling. Let me read you the testimony in regard to toweling in the Park Department. Here is Item C-7, and I am quoting from the page which another councilor referred to:

"We should have an additional supply of towels—bought them cheap enough this year.

"Q. You have bought them already, you say?

A. Contracted for them, yes, sir.

"Q. How much? A. Massachusetts State Reformatory.

"Q. How much? A. (To Mr. Byrne.) What does this bill for towels amount to?

"Mr. BYRNE. Between \$4,200 and \$4,300—70,000 yards.

"Q. According to your estimates here you expected to pay ten cents a yard for 70,000 yards? A. Well, it was cut down to about 6 or 7 cents."

Mr. President, the estimate of the Park Commissioner on which the allowance in the Mayor's budget was based was on a price of ten cents a yard for 70,000 yards, and when they came to get their bids, which came in later in the year, it was found that the price was between 6 and 7 cents a yard. Multiply 6 or 7 cents by 70,000 yards, and you have \$4,200 or \$4,300; multiplied by ten cents, you have a difference of \$2,700 or \$2,800, and the committee took out \$2,500 and left an additional \$200 over the amount that was required in the estimate of the Commissioner of the Park Department. In the face of that, I defy any member of this Council to vote against that reduction. On Item E-12 in the Park Department, of which one of the councilors spoke, a reduction of \$2,000 in material, on page 586 of the transcript of record, the following occurs:

"Q. You said here when you first submitted your estimate: 'We believe that we can get along with \$30,000 for the year 1927.' A. We made that remark?

"Q. Yes,—isn't that signature, 'William P. Long'? A. Yes, but I don't remember ever making such a remark as that, saying I could get along with \$30,000.

"Q. That is what it says here on page 17: 'We believe that we can get along with \$30,000 for the year 1927.'

"Mr. CARR—That was the original request. We don't dispute them on that.

"Chairman PARKMAN—Well, we don't dispute them on that statement, either.

"Mr. LONG—Well, make it \$30,000.

"Chairman PARKMAN—Much obliged. It is the first free gift we have had around here for some time."

On Item B-42, for band concerts and music, of course, a city should have its band concerts. The question is, How many? We have allowed the same amount as last year, and I do not recall any serious question in regard to the music that was given in the parks last year. The councilor from Dorchester, evidently, did not attend the meetings, but I do recall he made some reference, at one time, in regard to street poles and lighting. The burden of his remarks, such of them as were serious, was in regard to street lights and street repairs. Mr. President, there is not one item in this proposed reduction by the Committee on Appropriations which affects street lights or street repairs. On the contrary, every dollar that this Committee on Appropriations saved is so much saved that can be used for other purposes. Every dollar that can be saved by the Committee on Appropriations can be used for street reconstructions, for example, and will save the city from the unsound method of financing which, apparently, is contemplated in a prospective loan order. Other councilors spoke of the elimination of \$2,000 in Item A-2, Unassigned, in the Cemetery Division of the Park Department. If the committee will take the trouble to refer to the sheets which are before them showing the reductions which have been made, I will ask them to point out to me, if they can, where any such reduction appears. That reduction is not there, Mr. President, and it was all wasted breath to talk about it. In regard to the snow removal, as another member of the com-

mittee has stated, of course we are not prophets; of course we cannot say whether we shall have a December snowstorm; but all we do say is this,—that in five years out of thirty only has there been a snowfall over 5 inches in December, which is the figure that is agreed upon as the amount which requires snow to be removed. We have left in the item, as I stated in my opening remarks, \$25,000 in the Paving Service for temporary employees, for overtime work of the city employees, which the commissioner stated on the record would be used for snow removal if required; in other words, \$25,000 is left for snow removal by the city teams. The same provision was made in the Park Department. The amount of \$1,500 was left in the item for removal of snow by the hire of teams, and \$1,500 was left in the item for the hire of temporary employees and for overtime in the hire of labor and the removal of snow. Any amount necessary above that for the hire of outside teams and contractors is essentially an emergency, and emergencies may be provided for out of the Reserve Fund at a moment's notice. One of the councilors stated that there was no assurance that there would be any item from which money can be transferred. Mr. President, that is what the Reserve Fund is for. All the committee recommends to remove from the item for snow removal is \$10,000 in the Paving Service and \$2,500 in the Park Department. Those items simply represent the balance unspent after the winter's snowstorms. In regard to B-6, Sanitary, there again, of course, the city must be served; of course, the downtown district and the North and West Ends must have their garbage and ashes removed; but, with forty-five new snow removal trucks which are used on garbage and ashes in the outlying districts, releasing ninety single teams for the city service, is there any excuse whatever for continuing a contract for the hire of forty-one teams to remove the garbage and the ashes? The committee could see none whatever. The argument that was advanced was advanced by the yard foreman in the following language. I hope the Council will bear with me while I read the record.

"Chairman PARKMAN.—That is out of the question. The point at issue is simply whether the single teams cannot be released by the use of the large trucks so as to put single teams of the city down there in those narrow streets and alleys rather than teams of the contractor.

"Coun. FITZGERALD.—I would like to ask a question of Mr. McNulty. For instance, if you want to use some of these teams tomorrow morning, and say twelve of your men don't show up, may get sick tonight or something of the sort, can't you call for the contractor's teams and be sure of getting them? And then don't you have to use them in connection with some of the city's men on the teams, in order to accomplish your work down there?

"Mr. McNULTY.—I would like to explain the situation. The question has been asked why, if there are to be some trucks that would be available for the West End this summer, and we didn't have them last summer, we should have hired teams. On each Monday last summer I got six teams from East Boston to help me out; on each Thursday five teams from the South End, and three others, a total of eight, and on Friday, if necessary, I would get some teams from Charlestown and East Boston. I have arranged my work this year so that, with the four trucks I am able to use, and all the teams that we hire, we plan to do all the work of taking up the ashes each night without leaving a barrel out. . . . The reason for hiring the teamsters on them is at times thirteen, fourteen, or sixteen men, city men, will not show up. But the contractor will send the teams right along with a teamster, and then we will send another man along, also."

If that is not a confession of weakness in the discipline and management of that department, Mr. President, I do not know what is. That is a question of the internal discipline of the department, and this Council should not be a party to any such arrangement as requires the use of outside teams in order to obtain reliability. On the question of street signs, the city has long been without a proper supply. Last year, the millennium had, apparently, arrived. An appropriation was made for \$25,000 as a first year program in a \$100,000 expenditure. Month after month went by, and when I sought for some knowledge on this item, because I was interested in it—I am interested in seeing that the streets are properly marked with signs—I thought it ought to be the subject of investigation during the year, in fact, I was ready during the past few months of the year to introduce an order into the Council for an investigation, but I held it up only because each time I was headed off, headed off. I was told that the contract was to be let—the bids were to be opened—specifications were to be drawn—the street sign work would proceed. December came along. The contract was let. It was found there were forty specifications. The contract was thrown out. This year, they came back and \$25,000 was held over by the auditor for use in putting up street signs. The item of \$25,000 again appears in the budget. Let me read you this:

"Chairman PARKMAN.—As I understand it, the first part of December. They just got the contracts in under the wire, and then there was something wrong.

"Mr. ATWOOD.—The middle of December.

"Coun. McGRATH.—Have you an accepted design for signs now?

"Mr. SULLIVAN.—A design has been made up.

"Coun. McGRATH.—I understand that they are to be different in the downtown streets from the streets in the suburban section.

"Chairman PARKMAN.—Blue enamel, with white lettering.

"Mr. SULLIVAN.—Yes, what is called the New York sign.

"Mr. CARR.—May I ask if the specifications have been revamped? I understand that under some of the specifications that were drawn up last year some of the signs would have been about 6 feet long.

"Mr. SULLIVAN.—Yes, the thing is now in new shape.

"Chairman PARKMAN.—How far along have you got on the matter? Have you let the contract?

"Mr. SULLIVAN.—No, the bids are not opened.

"Chairman PARKMAN.—You won't spend \$50,000 this year? Can you?

"Mr. SULLIVAN.—I don't see myself how we can.

"Chairman PARKMAN.—Let us take out \$25,000, and leave it as it was.

"Mr. SULLIVAN.—Is \$50,000 in?"

He didn't even know that that \$50,000 was available for use on the signs.

"Chairman PARKMAN.—I understand that there is \$50,000 available.

"Mr. SULLIVAN.—Well, it is on an alternative proposition. Of course, if the prices are anywhere near reasonable, we will do more than we otherwise might.

"Chairman PARKMAN.—Well, last year's experience wouldn't show it, would it?

"Mr. SULLIVAN.—Not very well."

On that showing, Mr. President, we are asked to appropriate \$25,000. The money cannot be spent. After that hearing, I personally talked with the division engineer of that department and was informed that the money could not be spent. I believe, Mr. President, that the Committee on Appropriations has done an honest and conscientious job. No items have been cut that would result in any dangerous condition, or would result in the impairing of the service of the city in any degree. It is the first time in years, I am told, that the Committee on Appropriations of this Council has done a thorough job. If the Council fails to support the Committee on Appropriations, in my judgment, they are voting themselves out of the purpose for which they were elected to this body, and I cannot conceive how such a vote can be reconciled with their consciences or explained to their constituents.

Coun. GUILD.—Mr. President, if it is in order—I inquire whether it is or not—I should like to substitute for the motion which is now before us a motion to restore the item which appears in the record on page 2 of the schedule of the appropriations committee—"Street Signs, \$25,000." I should like to substitute for the motion now before us a motion that that item of \$25,000 be allowed in accordance with the Mayor's budget.

President HEFFERNAN.—The Chair will rule that the question first comes on the motion to substitute, and that any individual items can be restored in a motion afterwards, provided the first motion does not prevail.

The question came on substitution of the original budget submitted by the Mayor for the report of the committee, and the original budget was substituted for the committee report, years 13, years 9.

Yeas—Coun. Arnold, Bush, Donovan, Englert, Fitzgerald, Freely, Green, Keene, McMahon, Ruby, Ward, Wilson, Wragg—13.

Nays—Coun. Dowd, Dowling, Gilbody, Guild, Heffernan, Lynch, Mahoney, McGrath, Parkman—9.

President HEFFERNAN.—The question now comes on the passage of the orders as submitted by the Mayor.

Coun. DOWD.—Mr. President, I now move you, sir, that Item B-6, Sanitary Service, on page 34, be reduced from \$90,000 to \$27,000.

The roll was called and the motion was lost, yeas 8, nays 14:

Yeas—Coun. Dowd, Dowling, Gilbody, Heffernan, Lynch, Mahoney, McGrath, Parkman—8.

Nays—Coun. Arnold, Bush, Donovan, Englert, Fitzgerald, Freely, Green, Guild, Keene, McMahon, Ruby, Ward, Wilson, Wragg—14.

Coun. DOWD.—Mr. President, I move you, sir, that Item C-16, Health Department, page 17, Wearing Apparel, \$3,100, be stricken from the budget. And, Mr. President, in behalf of that motion I might say that that is an item to provide uniforms, and we would have to supply 105 nurses in the Health Department. This year is the first time in the history of the department that the Health Division has seen fit to uniform the nurses. A committee waited on the commissioner last Friday and informed him they did not object to wearing uniforms. But can any sane man tell me how you can equip 105 nurses for \$3,100? Commissioner Mahoney stated to the girls that the money was not sufficient to equip them—it would take at least \$10,000 or \$12,000. Well, if the \$3,100 is not enough to equip the girls, then I desire to know where the \$3,100 is going before I vote on that item. Commissioner Mahoney has made an engagement with a committee of the girls for next Friday afternoon to inspect their uni-

forms which the girls are going to present to him, but for which the girls cannot pay out of their salary of \$29.45 a week, and, for that reason, and for the reason that these girls do not engage in bedside nursing, I hardly see why it is necessary for them to wear uniforms when the same nurses in the School Department, receiving \$1,940 a year, are not compelled to wear uniforms.

Coun. McMAHON.—Mr. President, on this particular item, for the last week or two I have had quite a few conversations with different nurses on this particular item. It is all right for us to vote it out, but, if the Health Commissioner puts an order out that they must wear the uniforms, these particular people will have to go out and buy the uniform out of their own pockets, and I feel, if this item of \$3,100 is left in there, it does not necessarily say that these people have to wear that uniform. The bone of contention is, Do we wear a uniform or don't we? And I say if we leave the item in there, the \$3,100, it is really up to the Commissioner of Health whether these young ladies wear the uniform or not, and I feel that that item of wearing apparel, \$3,100, should be left right there as it is. It is really up to the Health Commissioner whether those girls wear them or don't wear them.

Coun. GILBODY.—Mr. President, I just want to say that putting a uniform on a nurse might put a poor family in any poor district in a bad light. It might put them in a light that the neighbors should not know about. A certain disease, for instance, tuberculosis, might be inflicted upon some member of a family in a neighborhood or corner street, and the moment that nurse goes down with that uniform on, gossip immediately starts. If she goes down in plain, ordinary civilian clothes, nobody has any inkling that misfortune has visited any home, and I am going to vote against this item.

Coun. WARD.—Mr. President, I move that on that order that \$100 be left in that item, because there is such a thing as rubber boots, etc., wearing apparel, that are necessary.

President HEFFERNAN.—The question comes on the larger amount first, the motion made by Coun. Dowd.

The roll was called and the motion was lost, yeas 4, nays 18:

Yeas—Coun. Dowd, Dowling, Gilbody, Ward—4.

Nays—Coun. Arnold, Bush, Donovan, Englert, Fitzgerald, Freely, Green, Guild, Heffernan, Keene, Lynch, Mahoney, McGrath, McMahon, Parkman, Ruby, Wilson, Wragg—18.

The question then came on the passage of the budget as submitted by the Mayor and the roll was called. The budget was passed, yeas 17, nays 5:

Yeas—Coun. Arnold, Bush, Donovan, Dowd, Englert, Fitzgerald, Freely, Green, Guild, Keene, Lynch, Mahoney, McMahon, Ruby, Ward, Wilson, Wragg—17.

Nays—Coun. Dowling, Gilbody, Heffernan, McGrath, Parkman—5.

EXECUTIVE COMMITTEE REPORTS.

Coun. GILBODY, for the Executive Committee, submitted report, as follows:

I. Reports on petitions (referred today) for children under fifteen years of age to appear at places of public amusement, viz.: Mrs. Katherine Danehy, Practical Arts High School, May 17; Anthony Miezewski, Symphony Hall, June 5; Cecile A. Mara, Jordan Hall, May 26; Mary West, Roxbury Ladies' Club, May 20; Grace M. Marden, Howard Temple, June 2; Ruth M. McShane, Municipal Building, South Boston, May 20; Orin F. Gallagher, Mechanics Hall, May 25—that leave be granted.

Report accepted; said permits granted under usual conditions.

SOLDIERS' RELIEF.

Coun. ENGLERT, for the Committee on Soldiers' Relief, submitted report recommending passage of order for payment or aid to soldiers and sailors and their families in the City of Boston for the month of May.

Report accepted; said order passed.

CLEANING OF CATCH-BASINS, WARD 10.

Coun. FREELEY offered the following: Ordered, That the Commissioner of Public Works be requested, through His Honor the Mayor, to have cleaned all catch-basins in Ward 10. Passed under suspension of the rule.

ACCEPTANCE OF STREETS, WARD 16.

Coun. GILBODY offered the following: Ordered, That His Honor the Mayor request the Street Commissioners to lay out and accept as public highways Redwood, Althea, Clematis and Lafield streets, Ward 16, Dorchester. Passed under suspension of the rule.

SIDEWALK ON PAXTON STREET, DORCHESTER.

Coun. RUBY offered the following:
Ordered, That the Commissioner of Public Works make a sidewalk along 10 Paxton street, Dorchester, Ward 14, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

SIDEWALK ON HARVARD STREET, DORCHESTER.

Coun. RUBY offered the following:
Ordered, That the Commissioner of Public Works make a sidewalk along 356, 360, 364, 368 Harvard street, Dorchester, Ward 14, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

ROOM FOR BABY CLINIC.

Coun. McMAHON offered the following:
Ordered, That the Superintendent of Public Buildings be requested, through his Honor the Mayor, to assign for the use of the Baby Clinic and the district nurses, in the old Dorchester Courthouse, Arcadia street, Ward 15, the room formerly occupied by the judges, and the adjoining room, which have an entrance separate and entirely apart from the entrance to the branch library.

Passed under suspension of the rule.

GENERAL RECONSIDERATION.

Coun. RUBY moved a general reconsideration of all business transacted at the meeting. Lost.

Adjourned, on motion of Coun. ARNOLD, at 5.25 p. m., to meet on Monday, May 23, at 2 p. m.

POLICE DEPARTMENT ORDERS.

General Order No. 1080.

The following-named persons are hereby appointed patrolmen, to take effect Friday, May 20, 1927, at ten o'clock a. m., and they are assigned as follows:

James L. Bowe, Thomas J. Durkin, William F. Heffernan, James F. Wallace, assigned to Division 6.

Joseph B. Curley, Francis V. McBrine, assigned to Division 7.

Walter J. Bunszel, William J. Fallon, assigned to Division 9.

Charles J. Donovan, Thomas H. Tierney, assigned to Division 10.

James W. Elwell, George A. Sanford, John J. White, assigned to Division 11.

George Francoeur, Walter G. Jones, Edward A. Walden, assigned to Division 12.

Archibald N. Rintoul, assigned to Division 13.

Herbert H. Campbell, Joseph F. McManus, Jr., assigned to Division 15.

Fred S. Bemis, John J. Danahy, Walter J. Greenough, assigned to Division 17.

Frank E. Chaplain, assigned to Division 18.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

General Order No. 1081.

The resignation of Patrolman James L. Bowe of Division 6 having been presented, it is hereby accepted, to take effect Wednesday, May 25, 1927, at 7.45 o'clock a. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

PROCEEDINGS OF CITY COUNCIL.

Monday, May 23, 1927.

Regular meeting of the City Council, held in the Council Chamber, City Hall, at 2 p. m., President HEFFERNAN in the chair and all the members present.

PARKING ON WEST NEWTON STREET.

The following was received:

City of Boston,

Office of the Mayor, May 18, 1927.

To the City Council.

Gentlemen,—I transmit herewith communication from the Street Laying-Out Department in reply to your order of April 7, 1927, in relation to records on the use of any part of West Newton street for parking purposes.

Respectfully yours,
MALCOLM E. NICHOLS, Mayor.

Boston, April 7, 1927.

Hon. Malcolm E. Nichols,
Mayor of Boston.

Dear Sir,—Replying to the order of the City Council relating to the use of any part of West Newton street by private individuals for parking purposes.

The following papers are of record in this office relating to this matter:

1. An order of the Board dated April 17, 1922, making the said place "a parking space for automobiles."

2. An order of the Board dated May 3, 1923, for the same purpose and marked "Renewal."

3. An order of the Board dated February 4, 1924, rescinding former orders establishing "a parking space for automobiles."

Please find inclosed copies of orders of record as recited above.

Respectfully,

For the Board of Street Commissioners,
THOMAS J. HURLEY, Chairman.

[COPY.]

City of Boston,

In Board of Street Commissioners,
April 17, 1922.

Ordered, That the part of West Newton street, city proper, abutting the property of the Massachusetts Charitable Mechanics Association (Mechanics Building), for an average distance of 100 feet southeasterly of the Boston & Albany Railroad yard, be and the same is hereby established as a parking space for automobiles, the parking of vehicles to be under the control and direction of William T. Kenney, 1054 Washington street, city.

Attest:

JOSEPH F. SULLIVAN, Secretary.

[COPY.]

City of Boston,

In Board of Street Commissioners,
May 3, 1923.

(Renewal.)

Ordered, That the part of West Newton street, city proper, abutting the property of the Massachusetts Charitable Mechanics Association (Mechanics Building), for an average distance of 100 feet southeasterly of the Boston & Albany Railroad yard, be and the same is hereby established as a parking space for automobiles, the parking of vehicles to be under the control and direction of William T. Kenney, 1054 Washington street, city.

Attest:

JOSEPH F. SULLIVAN, Secretary.

[COPY.]

City of Boston,

In Board of Street Commissioners,
February 4, 1924.

Voted, That the order of the Board of Street Commissioners establishing that part of West Newton street, city proper, abutting the property of the Massachusetts Charitable Mechanics Association (Mechanics Building), for an average distance of 100 feet southeasterly of the Boston & Albany Railroad yard, as a parking space for automobiles, the parking of vehicles to be under the control and direction of William T. Kenney, 1054 Washington street, be and the same hereby is rescinded.

Attest:

JOSEPH F. SULLIVAN, Secretary.

Placed on file.

EXECUTIVE APPOINTMENTS.

The following communications were received from the Mayor making the following appointments:

Constables: Arthur Glass, 18 Warner street, Dorchester, Mass.; Carl F. White, 97 Pinckney street, Ward 5, Boston; Harry Butters, 1179 Boylston street, Ward 5, Boston; Peter C. Foy, 41 Roxbury street, Ward 9, Boston.

Weigher of Goods: John J. Mahoney, 156 O street, South Boston; Philip A. Dormin, 112 St. Botolph street.

Severally laid over to the next meeting, under the rule.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named:

Claims.

Dr. Harry Braverman, for compensation for damage to automobile by city cart.

William H. Curley, for compensation for damage to automobile caused by an alleged defect at 101 Templeton street, Dorchester.

F. C. Hutchings, for compensation for injuries caused by an alleged defect at 573 Washington street.

Norma Kaston, for refund on victualler's license.

Nathan Kirshen, for refund on victualler's license.

Thomas and Helen Kyrou, for compensation for injuries caused by being struck by city truck.

Loretta Lawless, for compensation for injuries caused by an alleged defect at 50 Causeway street.

Hyman M. Lendman, for compensation for injuries caused by fire apparatus.

Charles F. Mahoney, for compensation for loss of clothing at City Hospital.

Marie R. Mowery, for compensation for damage to automobile caused by an alleged defect in Walk Hill street.

David J. Segal, for compensation for damage to automobile caused by an alleged defect in Morton street, Dorchester.

Annie M. F. Sherman, for compensation for injuries caused by an alleged defect in Stuart street.

Benjamin Solomon, for compensation for injuries and damage to property, caused by an alleged defect at 153 Warren street, Brighton.

Anthony F. Spinelli, for return of fee paid for garage license at 40 Danube street, Dorchester.

Joseph T. Wagner, for compensation for damage to automobile caused by an alleged defect in Washington street, Brighton.

Annie Warner, for compensation for injuries caused by an alleged defect at 9 Downing street, Roxbury.

James A. Watson, for compensation for damage to automobile caused by an alleged defect at 231 Tremont street.

Arthur Weil, for compensation for damage to automobile caused by an alleged defect at 181 Washington street, Dorchester.

Mary L. Patterson, for compensation for injuries and damage to clothing caused by an alleged defect at corner of Roseclair and Mt. Vernon streets and Dorchester avenue.

Executive.

Marion Hennessy, for children to appear at Jordan Hall on May 25, 1927.

Mrs. Percy R. Crowell, for children to appear May 24, 1927, at Repertory Theater, pageant and entertainment.

Florence Stevenson, for children to appear at Recital Hall, June 23, 1927.

J. J. Richards, for children to appear at Richards Hall on June 10, 1927.

Alice McInfire, in favor of North Station bus line.

APPROVAL OF APPOINTMENTS.

Certificates were received of approval by the Civil Service Commission of the following appointments by the Mayor, viz.:

Overseers of Public Welfare: Morris Bronstein, Sophie M. Friedman and James J. Moynihan.

Board of Appeal: John D. Marks, 44 Quint avenue, Allston.

Transit Commissioners: James B. Noyes, 186 Bay State road, Boston; Nathan A. Heller, 41 Howland street, Roxbury, and Thomas F. Sullivan, 1736 Columbia road, South Boston.

Severally placed on file.

STREET TRAFFIC REGULATIONS.

A revision of the Street Traffic Regulations adopted by the Board of Street Commissioners and filed with the City Clerk May 23, 1927, was received and placed on file.

PAY ROLL OF REGISTRY OF DEEDS.

The pay roll of the Registry of Deeds was received, from April 18 to May 14, 1927, inclusive, amounting to \$8,606.14.

Approved and ordered paid.

STORAGE AND SALE OF GASOLINE.

Notice was received from the Street Laying-Out Department of the Board of Street Commissioners of hearings on Monday, June 6, 1927, on the following petitions for the storage and sale of gasoline:

Georgiana Cavanaugh, 3826 Washington street, Ward 19, 1,000 gallons.
City of Boston Fire Department, Broadway-Warrenton, Ward 3, 1,000 gallons.
James H. Clinton, 500 Hyde Park avenue, Ward 18, 1,000 gallons.
John F. Coleman, 50 Old Colony Parkway, Ward 16, 5,000 gallons.
Nathaniel Dane, 991 Washington street, Ward 3, 2,000 gallons.
Jenney Manufacturing Company, 800-804 Adams street, Ward 16, 1,000 gallons.
Herbert L. Lawrence, 3992 Washington street, Ward 19, 1,000 gallons.

CONSTABLES' BONDS.

The bonds of the following named constables, having been duly approved by the City Treasurer, were received and approved by the City Council, viz.:

Aleck Berg, Carl Birger Berg, James L. Brooks, Joseph P. Cutter, Louis L. Dubrow, Louis Ebb, Edmund C. Grady, Salvatore Maffei, Bernard H. Magee and Francis J. Tobin.

ARC LIGHTS IN HYDE PARK.

Coun. WRAGG offered an order—That the Commissioner of Public Works be requested to install five additional arc lights on Hyde Park avenue, between Pine street and Everett street, Ward 18, at locations on plan submitted to Public Works Department.

Passed under suspension of the rule.

WORK ON HOLLINGSWORTH STREET, WARD 18.

Coun. WRAGG offered an order—That the Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Hollingsworth street, Ward 18, between Randolph road and Caton street, as a public highway, a distance of approximately 222 feet, which will complete Hollingsworth street, now under construction.

The order was passed under suspension of the rule.

ADVERTISING TRAFFIC REGULATIONS.

Coun. KEENE offered the following:

Ordered, That the expense incurred by the City Clerk, for the advertising of the Revised Traffic Regulations, be charged to the Reserve Fund.

Passed under suspension of the rule.

ARC LIGHT ON ANAWAN AVENUE.

Coun. KEENE offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to provide for the installation of an arc light at the corner of Anawan avenue and Allenwood street, West Roxbury.

Passed under suspension of the rule.

EDITION OF BOSTON YEAR BOOK.

Coun. KEENE offered the following:

Ordered, That the Superintendent of Printing be hereby authorized to print an edition of 1,750 copies, bound in cloth, of "Boston Year Book for 1926 and 1927," and that the expense of the same be charged to the appropriation for city documents.

Further Ordered, That this edition shall be distributed under the direction of the Statistics Department, and that any income received through such distribution be credited to the appropriation mentioned above.

Referred to the Executive Committee.

SMOOTH PAVING FOR BLUE HILL AVENUE.

Coun. RUBY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving Blue Hill avenue from Columbia road to Canterbury street, Ward 14.

Passed under suspension of the rule.

BUS LINE FROM COOLIDGE CORNER.

Coun. WILSON offered the following:

Ordered, That the Jitney Committee of the City Council be requested to report forthwith as to the advisability of revoking the permit of the Boston Elevated Railway Company to operate a jitney bus line from Coolidge Corner, Brookline, along Beacon street, to School street, to Washington street, to State street, to Bowdoin square, to Cambridge street, to Charles street, and thence returning by Beacon street,—so far as said route is within the Boston city limits.

Coun. WILSON—Mr. President, on the 18th of April I introduced an order in this Council asking the Jitney Committee to investigate and report with reference to a proposition by the Boston Elevated Street Railway Company to run a so-called de luxe line of jitney buses from Coolidge Corner into the downtown district of the City of Boston, charging a 25-cent fare. We have heard no report from the Jitney Committee to date, but I understand, commencing last Monday, the Elevated Railway commenced running this de luxe line with a 25-cent fare in face of the flat denial by last year's Jitney Committee, disallowing the requested permit to do this very thing. I said a month ago, and I repeat today, that if the Elevated treasury is sufficiently full to be able to furnish this equipment, the place to spend the money is in the outlying districts, lying three times the distance from the center of Boston than Brookline lies, geographically, and it certainly appears to me that the people of the Coolidge Corner district, living within ten or fifteen minutes of the Kenmore Station, have no especial need for de luxe buses, that their transportation needs are certainly much less than those of the people in the outlying districts of the City of Boston. I fail to follow the argument that the introduction of these de luxe buses will eliminate a large number of limousines and privately owned automobiles from the streets of the City of Boston, although I appreciate what a terrific blow it will be if the day ever comes when not only de luxe buses but limousines and other privately owned automobiles shall be barred from our downtown streets, and the people of Brookline, comprising many leading stockholders in the Boston Elevated Company, will actually have to ride on an ordinary car from Kenmore Station to the Park Street station. I raise a further point, and it is this. I feel that the initiation of this 25-cent fare for the short distance from Coolidge Corner to downtown Boston is only an entering wedge for a general increase of fares when the jitney business reaches the point which it probably will reach in the course of the next two years or so. I fear that we will then find, for instance in connection with our new rapid transit system, the Shawmut Branch, that the people of the Mattapan district will have to pay a 10-cent fare to ride in a bus to Peabody square and another 10-cent fare from Peabody square into the South Station. Therefore, it seems to me that this move of the Elevated Railway, which may very likely be simply an entering wedge, introducing these buses with a 25-cent fare, will be nipped in the bud, particularly in view of the fact that it has been done absolutely contrary to the action of last year's Jitney Committee.

The order was passed under suspension of the rule.

DE LUXE BUSES FROM BROOKLINE.

Coun. WILSON offered the following:

Ordered, That the Jitney Committee of the City Council investigate forthwith and advise the Council with reference to a persistent report that the Boston Elevated Railway, commencing Monday, May 16, 1927, is operating de luxe buses from Brookline into the business district of the City of Boston and charging a 25-cent fare therefor.

Passed under suspension of the rule.

SLAG BLOCK FLOOR CONSTRUCTION QUESTIONS.

Coun. WILSON offered the following:

Ordered, That the Schoolhouse Department, through his Honor the Mayor, be requested to advise the City Council forthwith whether the slag block system of floor construction in the three new schoolhouses of our city is a violation of the building code of the City of Boston.

Coun. WILSON—Mr. President, last week in Roxbury there was a serious accident, due I believe to the collapse of some of the floors in a Roxbury building, and some people were seriously injured in the building, which presumably complied with the building law requirements of the City of Boston. Yet, if I

am correctly informed, there is now being installed in three new schoolhouses of the City of Boston flooring, with a slag block system, which will not pass even the building law requirements. I understand that in certain quarters the statement has been made, so far as returning any answer to my inquiry is concerned, that "Wilson can chase himself." My only reply is that the chasing in reference to the floors of these new schoolhouses, so far as I am concerned, will not be in a circle, and it won't be away. I feel very strongly that the flooring of the schoolhouses of the City of Boston is a question for the contractor, the architect, and the builder, and not for the advertising man or the florist.

The order was passed under suspension of the rule.

SMOOTH PAVING FOR F STREET.

Coun. MAHONEY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving F street, from First street to Eighth street, Ward 6.

Passed under suspension of the rule.

LEASE TO THOMAS J. FITZGERALD POST.

Coun. MAHONEY offered the following:

Ordered, That his Honor the Mayor be and he hereby is authorized in the name and behalf of the City of Boston, and in form satisfactory to the Law Department, to execute a lease to Thomas J. Fitzgerald Post 561, Veterans of Foreign Wars of the United States, of the room in the Municipal Building, South Boston, formerly occupied by the American Red Cross, for a term of one year beginning June 1, 1927, at a rental of \$1 per annum.

Referred to the Committee on Public Lands.

PAYMENT TO MRS. DANIEL T. McINNESS.

Coun. GREEN offered the following:

Ordered, That an annuity of \$600 be allowed and paid to the widow of Daniel T. McInness, late member of the Fire Department, who died from injuries received in the performance of his duty, said annuity to continue so long as said widow remains unmarried and to be charged to the appropriation for Fire Department, Pensions and Annuities.

Referred to the Executive Committee.

SMOOTH PAVING FOR SHERMAN STREET.

Coun. BUSH offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving Sherman street, Ward 12.

Passed under suspension of the rule.

AMOUNT FOR NURSES' UNIFORMS. HEALTH DEPARTMENT.

Coun. DOWD offered the following:

Ordered, That the Health Commissioner be requested, through his Honor the Mayor, to advise the City Council of how the \$3,100 appropriated in the budget for uniforms for nurses will be spent.

Coun. DOWD—Mr. President, some time ago, during the hearings before the Appropriations Committee, Commissioner Mahoney of the Health Department appeared and informed us that it was his desire to have the nurses uniformed, because of the fact that they wore fur coats and other coats belonging to themselves and went in town shopping when they should have been on business of the City of Boston. Last week the Council passed an item of \$3,100 for that department, the purpose of which was to provide such uniforms, but I understand that last Friday Commissioner Mahoney met the nurses at the North End and informed them that they would have to buy their own uniforms, because of the fact that they were given a raise of \$100 this year. I want to point out the fact that this is the first time in three years that the nurses have been given a raise of this sort, and we now find the commissioner telling them that they must buy their own uniforms. I think it is hardly fair to ask a group of one hundred and five nurses making only \$1,600 to \$1,700 to spend approximately \$65 to \$75 for their nurses' uniforms,

especially after this Council has given the Commissioner \$3,100 to purchase the same. If that money is not sufficient, I believe there should be an order introduced here by his Honor the Mayor to give a larger sum, and there can be no doubt that the Council would pass the order providing the necessary sum. The nurses in the School Department, Mr. President, get \$1,940 a year and all uniforms provided. Why should these nurses be expected to buy summer and winter uniforms, especially after Commissioner Mahoney told the Committee on Appropriations, and it is on record, that he desired this sum in order to provide uniforms for the nurses,—although five days after he gets the money he tells those girls that they must purchase their own uniforms?

Coun. McMAHON—Mr. President, referring to the councilor's order, I think it would have been a good thing to invite the commissioner down here this afternoon in executive session, so that we might get the whole story on the uniform. I would move, therefore, that Commissioner Mahoney be invited to come before us in executive committee in regard to the matter.

The order was referred to the Executive Committee, and it was understood that Commissioner Mahoney would be invited to appear before the committee at its session today.

SEMI-WEEKLY REFUSE COLLECTIONS.

Coun. DOWD offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to advise the City Council if it is possible to make semi-weekly collections of ashes and garbage throughout the city.

Coun. DOWD—Mr. President, I think there is hardly anything more important to the taxpayers of the City of Boston than to have their garbage and ashes removed as quickly as possible. During the hearings before the Committee on Appropriations Mr. Sullivan admitted that there were sections—Brighton and the Back Bay—where the garbage was removed twice a week. We are spending here in Boston over a million and a half dollars combating, through our Health and other departments, disease in the congested districts, and still under the very windows of our citizens garbage and ashes are allowed to remain for two, three and four weeks. Certainly if garbage and ashes can be removed from Brighton and the Back Bay on an average of twice a week, according to Mr. Sullivan, there would seem to be no reason why in East Boston, South Boston, Charlestown, Roxbury and Dorchester the situation cannot be properly taken care of in the same way.

The order was passed under suspension of the rule.

EDITION OF THE MUNICIPAL REGISTER FOR 1927.

Coun. LYNCH offered the following:

Ordered, That the Statistics Department be authorized, under the direction of the Committee on Rules, to prepare and have printed the Municipal Register for the current year, including therein a map of the city with ward lines, and that the Clerk of Committees be authorized to prepare and have printed a pocket edition of the organization of the city government, the expense of said register and organization to be charged to the appropriation for City Documents.

Passed under suspension of the rule.

MARKING THROUGH AUTOMOBILE ROUTES.

Coun. FREELEY offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to mark plainly at appropriate points all through automobile routes passing through the City of Boston.

Coun. FREELEY—Mr. President, in these days when traffic congestion is one of the most pressing problems confronting municipal authorities, many automobiles can be diverted from the narrow downtown streets by the proper marking of the through routes. In Worcester a few signs properly placed takes Springfield and New York traffic along a side street and out of the congested center. Throughout Rhode Island and Connecticut through traffic is thus routed by the use of signs. This plan not only relieves the down-

town streets but keeps traffic moving and avoids delays. I move a suspension of the rule and passage of the order.

INCREASE OF FEES FOR INTELLIGENCE OFFICES.

Coun. FREELEY offered the following:

Ordered, That the Licensing Board be requested, through his Honor the Mayor, to increase the fee charged for intelligence offices of the second class from \$35 to \$350, and of the first class from \$75 to \$750.

Coun. FREELEY—Mr. President, by licensing intelligence offices, or employment bureaus as they are better known, the City of Boston allows its citizens to be charged exorbitant rates for the privilege of getting a job. These agencies prey upon the unfortunate and the needy. Those who are skilled and expert in any line do not need the services of the agencies. A girl in my neighborhood secured, through a licensed employment bureau, a temporary position addressing envelopes; she received \$7 for this work and out of this tiny amount she was compelled to pay the bureau \$1.75, or 25 per cent of her wages. Compared with agencies who charge this rate, Shylock was a charitable institution; \$35 and \$75 is too small a rate to charge these leeches for the right to prey upon our wage earners. Let us put up their license fees, and either drive them out of business or contribute more of their ill-gotten gains to the public treasury. We have in Pemberton square a free employment bureau, paid for by the taxpayers and maintained by the city, manned by competent, trained employees, and well capable of caring for the unemployed, but handicapped by the advertising of the private agencies conducted for profit. There are 300 of these in the city. Many concerns who hire large numbers apparently are not aware that the city maintains this free employment bureau. The pay roll of our municipal bureau is \$375 weekly; there are seven telephones available for this work. I move a suspension of the rule and passage of the order.

Coun. GUILD—Mr. President, I rise for information before voting on this order. I want to know to whom the fees to which the councilor has referred are now payable, and when they are payable?

Coun. FREELEY—Mr. President, I did not get the question.

Coun. GUILD—The councilor in his remarks referred to certain fees paid by these agencies, and my question is, to whom are they payable, and at what time are they payable?

Coun. FREELEY—In answer to the councilor's question, Mr. President, I might state that I have never been unfortunate enough to apply to one of these agencies. To the best of my knowledge, however, from hearing different people speak about them, they tell me that the employment agencies are run on the installment plan. If a job lasts for seven weeks, the person getting it is compelled to give the first week's pay back to the employment agency.

Coun. GUILD—Mr. President, I think the councilor misunderstands my question. I am not referring to the fee paid by the individual who gets the job at the office, but to the license fee that is paid to somebody, allowing the concern to operate as an employment agency. Are such fees paid to the city, the county or the state, and when are they now payable?

Coun. FREELEY—There are two classes of agencies, those dealing with skilled and with unskilled labor, and they receive their licenses from the Licensing Board. The license fees are payable every year.

Coun. GUILD—Mr. President, if these fees are paid into the city treasury of Boston it seems to me this is a matter that should be referred along with the other matters which were taken up on an order of Councilor Parkman two or three weeks ago, to the special committee for study and revision of all license fees now collected by the City of Boston, rather than interfering with the work of whatever commission or committee was appointed under Councilor Parkman's order. I should prefer to see this matter referred along with the question of the other fees to that committee or commission. It would seem to me improper for the Council to suspend the rule and pass the order, when work concerning different fees that are paid is being done under another order that has already been passed.

President HEFFERNAN—Do I understand the councilor to make a motion that this be referred to a committee?

Coun. GUILD—Mr. President, I move that the order in its present form be referred to the Executive Committee for further discussion.

The motion was carried and the order was referred to the Executive Committee.

LOAN FOR BATHING BEACH, EAST BOSTON.

Coun. DONOVAN offered the following:
Ordered, That the sum of one hundred and fifty thousand dollars be and hereby is appropriated, to be expended under the direction of the Park Commission, for the establishment of a bathing beach in the Fourth Section of the East Boston district, and that to meet such expense the City Treasurer be authorized to issue from time to time, upon the request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Referred to the Committee on Finance.

CLEANING AND REPAIRING BRIGHTON HIGHWAYS.

Coun. DOWLING offered the following:

Ordered, That the Commissioner of Public Works, through his Honor the Mayor, be requested to assign to the Brighton Paving Division a sufficient number of men to enable the district foreman to carry on the usual cleaning and repairs to highways.

Coun. DOWLING—Mr. President, in the Brighton district a force of about thirty-five men are now doing to the best of their ability what a force of 125 men used to do when our genial clerk was Superintendent of Streets in this city. The force has been greatly reduced, and the men are largely employed in an asphalt plant which supplies other parts of the city with materials necessary for street repairs in the different districts. As a result of such employment the district foreman in Brighton has practically no men for street work in Wards 21 and 22, in which you and I, Mr. President, are vitally interested. I hope the order will pass and that the request will be complied with.

The order was passed under suspension of the rule.

RECESS.

On motion of Coun. MAHONEY the Council voted at 2.33 p. m. to take a recess, subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by President HEFFERNAN at 3.52 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. GILBODY, for the Executive Committee, submitted the following:

(1) Reports on petitions, referred today, for children to appear at public places of amusement, recommending that leave be granted, as follows:

Marion Hennessy, Jordan Hall, May 25, 1927; Mrs. Percy R. Crowell, May 24, Repertory Theater, pageant and entertainment; Florence Stevenson, Recital Hall, June 23, 1927; J. J. Richards, Richards Hall, June 10, 1927.

Reports accepted; leave granted on the usual conditions.

(2) Report on petition of Alice McIntire (referred today) in favor of North Station bus line,—recommending reference to the Committee on jitney licenses.

Report accepted; petition referred to the Committee on jitney licenses.

(3) Report on order (referred today) authorizing the Superintendent of Printing to print an edition of 1,750 copies, bound in cloth, of "Boston Year Book for 1926 and 1927," etc.—that the same ought to pass.

Coun. KEENE—Mr. President, I move that the order as reported by the committee be amended, and that the number of Year Books be increased to 2,500. It seems to me that a Council of twenty-two members should have at least as many copies as were had by members of the former smaller Council. Therefore, I would move that amendment.

The amendment, striking out 1,750 copies and inserting in place thereof 2,500 copies, was adopted, the report was accepted, and the order as amended was passed.

4. Report on the order (referred today) requesting the Licensing Board, through his Honor the Mayor, to increase the fee charged for intelligence offices of the second class from \$35 to \$350, and of the first class from \$75 to \$750,—recommending the passage of the order in the accompanying new draft:

Ordered, That the Budget Commissioner be requested, through his Honor the Mayor, to consider increasing the fee charged for intelligence offices of the first and second class.

Report accepted; said order passed.

INCREASE OF BUDGET COMMISSIONER'S SALARY.

Coun. DOWLING, for the Committee on Ordinances, submitted a report on ordinance (referred April 18) amending section 5 of chapter 3 of the Revised Ordinances of 1925, in the clause establishing the salary of the

Budget Commissioner, by striking out the words "six thousand" and inserting in place thereof the words "sixty-five hundred"—that the same ought to pass.

Report accepted; said order passed.

PAVING OF WEST CANTON STREET.

Coun. RUBY, for Coun. Ward, offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth pavement West Canton street, Ward 9, from Washington to Tremont street and West Springfield street, Ward 9, from Tremont street to Columbus avenue.

Passed under suspension of the rule.

BATTLESHIP FOR LINDBERGH'S RETURN.

Coun. WARD offered the following:

Ordered, That his Honor the Mayor be requested to ask the President of the United States to send a battleship of the United States Navy to France for the purpose of bringing Captain Charles A. Lindbergh back to the United States.

Coun. DOWD—Mr. President, while I realize the feeling in this body against memorializing other legislative bodies or the President of the United States, at the same time I think the City of Boston should go on record in a matter on an occasion of this kind. It is not necessary for any member to speak of the great feat that has been accomplished by the youthful Captain Lindbergh, and I believe if other cities follow the same course in this matter that I hope we will now follow in Boston, it will help impress on the mind of the President of the United States the importance of sending officially to the shores of France a battleship in order to conduct Captain Lindbergh back to the United States. Therefore I ask the suspension of the rule and the passage of the order.

The order was passed under suspension of the rule.

SIDEWALK ON LA GRANGE STREET, WARD 20.

Coun. KEENE offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along La Grange street, from Centre street to Vermont street, both sides, Ward 20, in front of the estates bordering thereon, said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width and to be built of artificial stone with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

CONFIRMATION OF WEIGHERS.

President HEFFERNAN called up, under unfinished business, Nos. 1 and 2 on the calendar, viz.:

1. Action on appointments submitted by the Mayor May 16, 1927, of Fred W. Thielscher, William F. Maguire and J. E. Lahey, to be Weighers of Coal, and Alex F. Morgan and Donald G. Morse, to be Weighers of Goods.

2. Action on appointments submitted by the Mayor May 9, 1927, of F. S. Hopkins, to be a Weigher of Goods, and Albert E. Robertson, to be a Weigher of Coal and a Weigher of Goods.

The question came on confirmation. Committee, Coun. McMahon and Englert. Whole number of ballots, 16; yeas 16, and the appointments were confirmed.

CONFIRMATION OF CONSTABLES.

Coun. GILBODY—Mr. President, pursuing a new policy, on behalf of the Executive Committee, I will now call up under unfinished business, Nos. 3, 4 and 5 on the calendar, with the exception of the names of Allen Libby, Nathan Mazur and Frederick DeCicco. The only reason that these names are held up is because they failed to appear before the Executive Committee this afternoon for examination.

The numbers referred to are as follows:

3. Action on appointments submitted by the Mayor April 25, 1927, of the following—named to be constables—William A. Iannone, Caetano Lopez, James S. Duval, Max Wortsman, Allen Libby, Nathan Mazur and Alexander Goodman.

4. Action on appointments submitted by the Mayor May 2, 1927, of Leslie P. Mann, Albert J. Homsy and James H. Waugh to be constables.

5. Action on appointments submitted by the Mayor May 16, 1927, of John A. Nestor, Thomas J. McElaney, Frederick DeCicco, and George R. Alcott to be Constables.

The question came on confirmation. Committee—Coun. Mahoney and Ruby.

The appointments (with the exception of the names of Allen Libby, Nathan Mazur and Frederick DeCicco) were confirmed, yeas 16, nays 0.

RECESS TAKEN.

On motion of Coun. GILBODY, the Council at 4 p. m. took a recess, subject to the call of the Chair, so that Health Commissioner Mahoney might be called into conference in regard to the item appropriated for nurses' uniforms.

The members reassembled in the Council Chamber at 4.03 p. m. and were called to order by President HEFFERNAN.

COMMITTEE TO CONFER WITH DOCTOR MAHONEY.

Coun. DOWD—Mr. President, I move that a committee of three be appointed to confer with Doctor Mahoney in regard to the \$3,100 passed by the Council last week for nurses' uniforms, and ask him to buy the uniforms for the nurses out of said appropriation, and that the committee, if necessary, be also authorized to wait upon his Honor the Mayor in order to enforce our demands.

Coun. GUILD—Mr. President, speaking to that motion, it seems to me that we should, before authorizing such a committee of three to take any steps such as are proposed, have the committee report back to the Executive Committee or the City Council what they have found the situation to be with respect to these uniforms. The suggestion was made in the Executive Committee room that there was possibly some legal objection to having the money spent for those uniforms, in which case it would be futile for the committee to make recommendations to the Mayor's office. In the absence of knowledge as to what the situation is, because of our inability to confer with Doctor Mahoney this afternoon, I am loath to authorize the committee to do more than report back to the City Council what they find the situation to be.

President HEFFERNAN—Coun. Dowd moves that a committee of three be appointed to wait on Health Commissioner Mahoney and find out why the \$3,100 provided in the budget is not to be used to furnish uniforms for the nurses, and then to wait on his Honor the Mayor and find out, if the reason is that the amount appropriated is not sufficient, whether more money can be provided for the purpose.

Coun. Dowd's motion was carried and President HEFFERNAN appointed Coun. Dowd, McMahon and Guild as said committee.

COMMITTEE ON INCINERATORS.

President HEFFERNAN appointed as the Special Committee on Incinerators, under the order passed May 9, Coun. Lynch, Wilson, Gilbody, Dowling and McGrath.

GENERAL RECONSIDERATION.

On motion of Coun. ARNOLD, a general reconsideration of all action taken today was refused.

Adjourned at 4.05 p. m., on motion of Coun. BUSH, to meet on Monday, June 6, at 2 p. m.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

NUTRITIONIST AND HEALTH EDUCATOR,
BOSTON HEALTH DEPARTMENT,
MAY 31, 1927.

Requisition is for a female but the examination is open to both males and females.

Salary, \$1,800 per year.

Applicants must be not more than forty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application. It is desirable that applicants be graduates of a college or a recognized school of home economics or have equivalent training and education.

The duties of this position are the development and carrying out of a nutri-

tional and educational program in the health units of the Boston Health Department; to teach proper food habits and home economics, and to conduct food and cooking classes at the health units; to be present at the health units when pre-school age clinics are functioning and during the periodic health examinations, so that the physicians in charge may refer to her diet problems; to work in connection with the prenatal clinics; to promote a general health educational program at the units tending to emphasize personal hygiene and proper health habits, which is to be carried out through poster work, playlets, organized games, and visual education.

Subjects and weights: Training and experience, 4; practical questions, 3; personality and fitness, as determined by an oral interview, 3; total, 10.

Applicants will be required to obtain at least 50 per cent in practical questions, and at least 65 per cent in training and experience, in the oral interview, and in general average in order to become eligible.

Successful applicants will be required to file a certificate, satisfactory to the commissioners, from a reputable physician as to their physical fitness for the position.

OFFICE BOY OR OFFICE GIRL, STATE AND CITIES, JUNE 16, 1927.

The entrance salary for office boy or office girl is usually \$600 per year.

Applicants must be not less than 14 nor over 18 years of age at the time of filing application.

The subjects of examination with their respective weights will be as follows: Training and experience, 3; spelling, 3; arithmetic, 2; letter writing, 2; total, 10.

Applicants will be required to obtain a mark of at least 65 per cent in general average in order to become eligible.

BOSTON BANK STATISTICS, 1925.

Bank clearings or exchanges in calendar year 1925, \$22,481,915,310 the largest on record in Boston or \$1,158,503,640 (5.43 per cent) increase over 1924.

The clearings for first six months of 1926 amounted to \$12,411,900,000 (approx.) or 13.77 per cent more than in corresponding period of 1925.

The Boston Clearing House, established in 1856, ranks fourth among leading cities in total clearings.

On April 12, 1926, the 12 national banks showed aggregate capital of \$46,650,000; surplus and undivided profits, \$53,664,039; deposits, \$612,061,573; loans and discounts, \$537,226,278.

The 13 trust companies showed aggregate capital of \$23,850,000; surplus, undivided profits and guaranty fund, \$34,404,402; deposits, \$309,950,864; loans and discounts, \$266,868,421; 11 trust companies each have a savings department with total deposits of \$38,621,299.

Total resources of the national banks on April 12, \$905,327,247 or \$80,249,747 more than in 1925; of the trust companies (both commercial and savings) \$446,983,462; grand total of the 25 banks \$1,352,310,709.

Savings banks, 24 with \$489,969,046 deposits (as of Oct. 31, 1925); co-operative banks, 50 with total assets of \$94,988,736 (as of same date).

Among the twelve Federal Reserve banks that of Boston on June 30, 1926, ranked fifth as to total resources (i. e., \$373,837,000); fifth as to total deposits, surplus and capital paid in, combined; sixth as to F. R. notes in actual circulation.

MASSACHUSETTS BAY COLONY.

The first chartered colony in New England, charter granted by Charles I on March 4, 1629. About a year before, a patent had been granted to six prominent men of Dorchester, west of England, among whom was Capt. John Endicott. He sailed in June, 1628, with a party of 50 or 60 persons, arriving in September and settling at Naumkeag, afterward named Salem. In the spring of 1629, the Bay Company fitted out three ships conveying about 400 persons and arriving at Salem in June. Endicott sent a small party to effect a settlement on the Bay in Mishawum, afterward named by the settlers Charlestown, the first town in New England to assume the town policy. Plymouth and Salem being governed by a Governor and Council. Endicott was appointed in London as the first resident Governor on April 20, 1629. The Massachusetts Bay Company was reorganized in London on October 20, 1629, when John Winthrop was chosen as Governor. He arrived at Salem on June 12, 1630, soon proceeded to Charlestown with a large following and finding that place unsuitable, finally settled in Boston. Winthrop served 13 years as Governor in four different periods ending in 1649 and Endicott 15 years at various times ending in 1665. Other governors were Thomas Dudley, Richard Bellingham, John Haynes, Henry Vane, John Leverett and Simon Bradstreet, the latter serving 12 years until 1692 when the Bay Colony and the Plymouth Colony were merged, becoming the Royal Province of Massachusetts Bay, which existed 82 years to 1774, the governors being appointed by the King.

The name, Massachusetts, is Indian and signifies "near the big hills."

THE BOSTON AIRPORT.

An interesting and very informative article on The Boston Airport and Commercial Aviation appeared in Boston Year Book, 1924-1925, a publication issued by the Boston Statistics Department.

The year 1926 witnessed the inauguration of an air mail system between Boston and New York, with Hartford as a way station. The Colonial Air Transport, Inc., are the present operators over a distance of 185 miles.

On the morning of July 1, 1926, a Fokker Universal and a Curtiss Lark landed at the airport with the first load of air mail, and on the afternoon of the same day, in the presence of five thousand persons assembled, three hundred and thirty-seven pounds of mail left Boston for Hartford, New York and points west.

The airplane leaves Boston daily at about 2.45 P. M.

By chapter 275 of the acts of 1926 the aircraft landing field has been leased to the United States until 1947. In October, 1926, a fireproof hangar large enough to house about ten of the small commercial type planes was completed for the Boston Airport Corporation.

The Weather Bureau has an agent stationed regularly at the Airport to make daily tests of aerological conditions at the field.

On October 30, 1926, a public-spirited gentleman presented the city, through the Mayor, with a revolving beacon light on the top of a down-town building for the guidance of aviators on their way to Boston after dark.

Eventually, the Airport is to be equipped with flood lights which will give an impetus to commercial air transportation here.

MUNICIPAL YEAR.

From 1926 the municipal year begins on the first Monday in January. This change is in accordance with the City Charter amendments of 1921.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REPAVING CHELSEA BRIDGE NORTH DRAW SPAN OVER MYSTIC RIVER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for repaving Chelsea Bridge North Draw Span over Mystic river, and giving bonds therefor of a surety company approved by the Commissioner in the sum of five thousand (\$5,000) dollars, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex, after Tuesday, May 31, 1927. Each proposal should be inclosed in an envelope, sealed, marked "Bid for Chelsea Bridge North Draw Repaving," and left at Room 508, fifth floor, City Hall Annex, before 12 o'clock m. on Tuesday, June 7, 1927, with a certified check for six hundred (\$600) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the bid containing such price. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interest of the city so to do.

JAMES H. SULLIVAN,
(May 28.) Commissioner of Public Works.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SHEET ASPHALT OR BITULITHIC PAVEMENTS IN BENNETT STREET, WARD 22, FROM 333 FEET WEST OF PARSONS STREET TO OAKLAND STREET; HALFORD ROAD, WARD 20, FROM CHURCH STREET TO THEODORE PARKER ROAD; OLMSTEAD STREET, WARD 11, FROM FOREST HILLS STREET TO PETER PARLEY ROAD; AND SUMNER TERRACE, WARD 7, FROM SUMNER STREET 190 FEET WESTERLY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sheet asphalt or bitulithic pavement in Bennett street, Ward 22, from 333 feet west of Parsons street to Oakland street; Halford road, Ward 20, from Church street to Theodore Parker road; Olmstead street, Ward 11, from Forest Hills street to Peter Parley road; and Sumner terrace, Ward 7, from Sumner street 190 feet westerly. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of seventeen thousand (\$17,000) dollars, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sheet Asphalt or Bitulithic Pavement, Bennett Street, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Monday, June 6, 1927, with a certified check for seventeen hundred (\$1,700) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JAMES H. SULLIVAN,
(May 28.) Commissioner of Public Works.

CITY OF BOSTON.

SCHOOLHOUSE DEPARTMENT.

TO WOODWORKING MACHINERY CONTRACTORS.

The Schoolhouse Commissioners of the City of Boston invite sealed proposals to furnish and deliver woodworking machinery in the Gilbert Stuart School, Richmond street, Dorchester, Mass., giving bond of a surety company approved by the Commissioners in the sum of 45 per cent of the entire contract price. Only proposals obtained at the office of the Commissioners, Room 1009, City Hall Annex, signed by the bidder and left before 12 o'clock m. of Thursday, June 9, 1927, at said office, with a certified check for \$150, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, and the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Commissioners reserve the right to reject any or all proposals. A deposit of \$5 in cash or by certified check will be required for a complete set of specifications, said sum to be refunded on return of specifications. Mutilation of the specifications will be deemed sufficient cause for the forfeiture of the said deposit.

FRANCIS E. SLATTERY,
CHARLES P. NORTON,
JAMES W. H. MYRICK,
(May 28.) Commissioners.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN CEDAR STREET, HAYES STREET, WOLFE STREET, SUMMIT ROAD, STELLMAN ROAD AND SEANAR ROAD, WEST ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Cedar street, Hayes street, Wolfe street, Summit road, Stellman road and Seanar road, West Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 50 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Cedar Street, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Tuesday, June 14, 1927, with a certified check for one thousand (\$1,000) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JAMES H. SULLIVAN,
(May 28.) Commissioner of Public Works.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING LEAD COVERED CABLE.

The Supply Department of the City of Boston invites proposals for furnishing to the Fire Department:

Lead-covered cable as per specifications.

Blank proposals to be obtained at the Supply Department, Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The bidder must leave his proposal with a certified check for \$400, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Wednesday, June 8, 1927, at Room 801, City Hall Annex, at 12 o'clock noon. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

HERBERT S. FROST,
(May 28.) Superintendent of Supplies.

CITY OF BOSTON.

FIRE DEPARTMENT.

TO CONSTRUCTION CONTRACTORS.

The Fire Commissioner of the City of Boston invites sealed proposals to erect and complete, including all trades, a fire station, Parish street, Meeting House Hill, Dorchester, giving bond of a surety company approved by the Fire Commissioner in the sum of 45 per cent of the entire contract price. Only proposals obtained at the office of the Commissioner, Bristol street, Boston, signed by the bidder, and left before 12 o'clock m. of Friday, June 3, 1927, at said office, with a certified check for \$10,000, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bid must be made in duplicate, the one with the check to be submitted as indicated above and the other to be deposited with the City Auditor, City Hall, before the time named for opening bids. The Commissioner reserves the right to reject any or all proposals. A deposit of \$25 will be required for a complete set of plans and specifications, said sum to be refunded on return of drawings and specifications. Mutilation of the plans or specifications will be deemed sufficient cause for the forfeiture of the said deposit.

EUGENE C. HULTMAN,
Fire Commissioner.

(May 28.)

TRANSIT DEPARTMENT.

PROPOSALS FOR WOVEN WIRE FENCE, CONCRETE FENCE POST FOUNDATIONS AND CURBS.

The Transit Department of the City of Boston, 1 Beacon street, seventh floor, invites proposals from citizens of the United States and corporations or legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States for furnishing and erecting Sections B, C and E of woven wire fence with concrete fence post foundations and curbs along the right of way of the Dorchester Rapid Transit. Proposals will be received for any or all of the sections. If the proposal is accepted a bond of an approved surety company will be required for the faithful performance of the contract in a sum of 35 per cent of the total price bid. Proposals should be filled out and signed by the bidder on forms to be obtained at this office, inclosed in an envelope, sealed, indorsed "Proposal for Woven Wire Fence, Concrete Fence Post Foundations and Curbs," and left at the above address before 12 o'clock noon on Wednesday, June 8, 1927, at which time and place they will be publicly opened and read. A properly certified check in the sum of \$5,000, payable to the city, must accompany the proposal. The check shall become the property of the city if the contract is not executed by the bidder within the time prescribed after the date of the notification by the department of the acceptance of the proposal and the readiness of the contract for signature. Proposals must be made in duplicate. The sealed duplicate, without check, is to be deposited by the bidder with the City Auditor, Room 20, City Hall, previous to the time named for opening the proposals. Specifications and forms of contract can be obtained at this office.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

A. D. ADAIR,
Acting Secretary.

(May 28.)

TRANSIT DEPARTMENT.

PROPOSALS FOR STRUCTURAL STEEL.

The Transit Department of the City of Boston, 1 Beacon street, seventh floor, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for furnishing and delivering, freight prepaid, f. o. b. cars, 14 Cypher street, South Boston, about 330 tons of structural steel, consisting of beams, channels and rolled steel slabs. A bond of an approved surety company will be required for the faithful performance of the contract in a sum of 20 per cent of the total bid price. Proposals should be filled out and signed by the bidder on forms to be obtained at this office, sealed in an envelope, indorsed "Proposals for About 330 Tons of Structural Steel," and delivered to the department or to its secretary before 12 o'clock noon on Wednesday, June 15, 1927, at which time and place they will be publicly opened and read. A properly certified check in the sum of \$2,000, payable to the city, must accompany this proposal. The check shall become the property of the city if the contract is not executed by the bidder within the time prescribed after the date of the notification by the department of the acceptance of the proposal and the readiness of the contract for signature. Proposals must be made in duplicate. The sealed duplicate, without check, is to be deposited by the bidder with the City Auditor, Room 20, City Hall, previous to the time named for opening the proposals. Specifications and forms of contract can be obtained at this office.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

A. D. ADAIR,
Acting Secretary.

(May 28-June 4.)

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REPAIRS TO MARGINAL STREET SIDEWALK, EAST BOSTON.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for repairs to Marginal street sidewalk, East Boston, and giving bonds therefor of a surety company approved by the Commissioner in the sum of fifteen hundred (1,500) dollars, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex, after Tuesday, May 31, 1927. Each proposal should be inclosed in an envelope, sealed, marked "Bid for Marginal Street, East Boston," and left at Room 508, fifth floor, City Hall Annex, before 12 o'clock m. on Tuesday, June 7, 1927, with a certified check for three hundred (300) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the bid containing such price. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interest of the city so to do.

JAMES H. SULLIVAN,
Commissioner of Public Works.

(May 28.)

CITY OF BOSTON.

SCHOOL COMMITTEE.

PROPOSALS FOR FURNISHING SWEATERS FOR THE BOSTON PUBLIC SCHOOLS.

The School Committee invites bids for furnishing and delivering at the Supply Room of the School Committee, in accordance with specifications, sweaters for the public schools. Only proposals obtained at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street, signed by the bidder and left before 12 o'clock m. on Monday, June 6, 1927, at said office with a certified check for fifty dollars (\$50), payable to the city if the proposal is not carried out, will then and there be publicly opened and read. Each envelope containing a proposal should be plainly marked "Proposal for Furnishing Sweaters for the Public Schools." The bid must be made in duplicate, the one with the check to be sent as above, and the other filed with the City Auditor, City Hall, previous to the time named for opening bids. The bidder awarded the contract will be required to deposit a surety bond or a certified check for not less than 25 per cent of the contract, which check shall become the property of the city unless the bidder carries out his agreement in accordance with the specifications. The School Committee reserves the right to reject any or all bids, or to accept such bid or part of bid as may be deemed best for the interests of the city. All bids are received and accepted subject to appropriations by the School Committee to meet the cost thereof.

ALEXANDER M. SULLIVAN,
Business Manager of the School Committee.

(May 28.)

CITY OF BOSTON.

SCHOOLHOUSE DEPARTMENT.

TO METAL WORKING MACHINERY CONTRACTORS.

The Schoolhouse Commissioners of the City of Boston invite sealed proposals for furnishing and installing metal working machinery in the Winship School, Dighton street, Brighton district, Boston, and giving bond of a surety company approved by the Commissioners in the sum of 45 per cent of entire contract price. Only proposals obtained at the office of the Commissioners, Room 1009, City Hall Annex, signed by the bidder and left before 12 o'clock m. of Thursday, June 9, 1927, at said office with a certified check for \$200, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above and the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Commissioners reserve the right to reject any or all proposals. A deposit of \$5, in cash or by certified check, will be required for a set of specifications, said sum to be refunded upon return of specifications. Mutilation of the specifications will be deemed sufficient cause for the forfeiture of the said deposit.

FRANCIS E. SLATTERY,
CHARLES P. NORTON,
JAMES W. H. MYRICK,
Commissioners.

(May 28.)

CITY OF BOSTON.

SCHOOLHOUSE DEPARTMENT.

TO WOODWORKING MACHINERY CONTRACTORS.

The Schoolhouse Commissioners of the City of Boston invite sealed proposals for furnishing and installing hand saws and benches in the new Dorchester High School for Boys, Dunbar avenue, Dorchester district, Boston, and giving bond of a surety company approved by the Commissioners in the sum of 45 per cent of entire contract price. Only proposals obtained at the office of the Commissioners, Room 1009, City Hall Annex, signed by the bidder and left before 12 o'clock m. of Thursday, June 9, 1927, at said office with a certified check for \$500, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above and the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. A deposit of \$5, cash or certified check, will be required for a set of specifications, said sum to be refunded upon return of specifications. Mutilation of the specifications will be deemed sufficient cause for the forfeiture of the said deposit. The Commissioners reserve the right to reject any or all proposals.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REPAIRING HULL, ETC., OF FERRY-BOAT "GENERAL SUMNER."

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for repairing hull, etc., of ferryboat "General Sumner." A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of twenty-seven hundred (2,700) dollars, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Ferryboat General Sumner," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Monday, June 6, 1927, with a certified check for two hundred seventy (270) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JAMES H. SULLIVAN,
Commissioner of Public Works.

(May 28.)

CITY OF BOSTON.

SCHOOLHOUSE DEPARTMENT.

TO WOODWORKING MACHINERY CONTRACTORS.

The Schoolhouse Commissioners of the City of Boston invite sealed proposals to furnish and deliver woodworking machinery in the Quincy School, Tyler street, Boston, Mass., giving bond of a surety company approved by the Commissioners in the sum of 45 per cent of the entire contract price. Only proposals obtained at the office of the Commissioners, Room 1009, City Hall Annex, signed by the bidder and left before 12 o'clock m. of Thursday, June 9, 1927, at said office, with a certified check for \$150, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, and the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Commissioners reserve the right to reject any or all proposals. A deposit of \$5 in cash or by certified check will be required for a complete set of specifications, said sum to be refunded on return of specifications. Mutilation of the specifications will be deemed sufficient cause for the forfeiture of the said deposit.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 19.

SATURDAY, JUNE 4, 1927.

No. 23

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, June 6, at 2 p. m.

A regular meeting of the School Committee of the City of Boston will be held in the Administration Building, 15 Beacon street, on Monday, June 6, at 6.30 o'clock p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped areas for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the regulation of street traffic; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter

houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts; also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE SCHOOLHOUSE COMMISSIONERS, Room 1007, City Hall Annex, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down of buildings.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, the building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 906, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

CIRCULAR LETTER NO. 30.

MAYOR'S OFFICE,

BOSTON, May 27, 1927.

To the Heads of City Departments.

GENTLEMEN,—You are hereby directed to grant leave of absence, without loss of pay, to all employees in your department who are delegated United Spanish War veterans, to attend the twenty-eighth annual department encampment to be held in Marlboro, Mass., June 17, 18 and 19, 1927.

Very truly yours,
MALCOLM E. NICHOLS, Mayor.

SAFETY COMMITTEE NAMED FOR BOSTON STATE-WIDE CONTEST.

Mayor Nichols announced on May 28 that he had appointed a Safety Committee to represent Boston in connection with the contest between the cities and towns of Massachusetts which began on Memorial Day. All cities and towns in the Commonwealth with a population of more than 10,000 are eligible. The members of the Board selected by the Mayor are members of the Boston Automobile Club Safety Committee. Prizes will be offered to the three cities and towns showing the greatest reduction in accidents during the six months' period beginning June 1. The following are the members:

THE OFFICERS OF THE BOSTON AUTOMOBILE CLUB.

Miner H. Paddock, Jr., president.
Roy J. Foster, first vice president.
John W. Bowman, second vice president.
Kenneth H. Erskine, third vice president.
E. Arthur Robinson, treasurer.
Hon. James F. Cavanagh, counsel.
Maj. Paul Hines, secretary-manager.

BOARD OF GOVERNORS.

William E. Chamberlin.
George E. Crittenden.
James J. Curry.
Harry Eisner.
Allen M. Fay.
Dr. George W. Goode.
O. C. Hopper.
Roy Klomprens.
Frank V. Lennon.
Will J. Loomis.
William R. Martineau.
Clifford O. Mason.
George Melhado.
Harry E. Moore.
Daniel A. Nolan.
John E. Prouty.
Charles W. Restarick.
George L. Schubarth.
James T. Sullivan.

Ex-Mayor Andrew J. Peters.
Ex-Mayor James M. Curley.
Ex-Mayor John F. Fitzgerald.
Postmaster Roland M. Baker of Boston.
Maj.-Gen. Edward L. Logan of Boston.
Ex-Governor Channing H. Cox of Boston.

Registrar Frank A. Goodwin, Registrar of Motor Vehicles.

A. C. Ratshesky, President United States Trust Company.

Walton L. Crocker, president John Hancock Life Insurance Company.

Mrs. Frances Slattery.

Capt. Travers D. Carmen of Boston.

Edgar Pinto, head of Salada Tea Company of United States.

Attorney Charles O'Connor, formerly of Boston School Committee.

Lawrence Shea of Chambers & Wiswell Advertising Agency.

(Continued on page 599.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.]

CITY RECORD.

ASKS PRESIDENT TO SEND BATTLESHIP FOR CAPTAIN LINDBERGH.

Mayor Nichols announced on May 26 that he had sent the following letter to President Coolidge requesting that, battleship be designated to bring Captain Lindbergh home.

HIS EXCELLENCY CALVIN COOLIDGE,
President, White House, Washington,
D. C.

DEAR MR. PRESIDENT,—I have the honor to present to you a request, made by the Mayor and Council in behalf of the citizens of Boston, that a battleship of the United States Navy be designated for the purpose of bringing back to the United States Capt. Charles A. Lindbergh.

It is indeed a great pleasure to convey this message and to say that all Boston will rejoice if this mark of tribute can be paid to a real American hero.

With every assurance of my high regard and esteem, I am,

Sincerely yours,

MALCOLM E. NICHOLS, *Mayor*.

the allowance for shrubs, section 4, page 31, \$1,000; for finish hardware, section 12, page 113, \$15,000; for rock blasting and excavation, section 4, page 28, \$50,000; total deduction, \$66,000, per architect's letter of May 2, 1927, and the amount of \$66,000 will be deducted therefor, making the account as follows: Contract price, \$1,084,613; total deductions, \$66,000; amount of contract, \$1,018,613.

POLICE DEPARTMENT ORDERS.

General Order No. 1082.

A trial board consisting of Captains Rooney, Laffey and Anderson, having heard by reference a complaint against Patrolman John S. Granger of Division 20, charging him with neglect of duty, has reported to the commissioner a finding of guilty. In accordance with which, it is hereby ordered that the said Patrolman John S. Granger perform one hundred and forty hours' punishment duty.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

General Order No. 1083.

Albert F. Gould, patrolman assigned to Division 10, was on May 24, 1927, dismissed from the Police Department for conduct unbecoming an officer, disobedience of orders and neglect of duty.

Due written notice of such dismissal with the reasons therefor was duly and specifically given in hand on May 24, 1927, to the said Albert F. Gould.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

General Order No. 1084.

Charles L. Moore, patrolman assigned to Division 10, was on May 24, 1927, dismissed from the Police Department for conduct unbecoming an officer and neglect of duty.

Due written notice of such dismissal with the reasons therefor was duly and specifically given in hand on May 24, 1927, to the said Charles L. Moore.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

General Order No. 1085.

The following transfers are hereby ordered, to take effect Friday, June 3, 1927, at 7.45 o'clock a. m.:

Patrolman William F. Hemsworth, from Division 1 to Division 21.

Patrolman John J. McDermott, from Division 1 to Division 20.

Patrolman Hugh F. Ahern, from Division 3 to Division 20.

Patrolman Alfred C. Gorman, from Division 3 to Division 20.

Patrolman Frederick G. Kahler, from Division 5 to Division 21.

Patrolman Charles F. Kerrigan, from Division 5 to Division 20.

Patrolman Clarence H. Leavitt, from Division 6 to Division 21.

Patrolman Joseph P. O'Handley, from Division 6 to Division 20.

Patrolman Myer Astrofsky, from Division 7 to Division 21.

Patrolman Joseph H. Tierney, from Division 7 to Division 20.

Patrolman John J. Cullity, from Division 7 to Division 20.

Patrolman Charles H. Clapp, from Division 9 to Division 21.

Patrolman Everett A. Hutchinson, from Division 9 to Division 20.

Patrolman Theodore J. Berger, from Division 10 to Division 20.

Patrolman Carleton D. Sproul, from Division 10 to Division 20.

Patrolman Raymond H. Strout, from Division 10 to Division 21.

Patrolman John J. Butler, from Division 11 to Division 21.

Patrolman Ernest A. Lindberg, from Division 11 to Division 20.

Patrolman John J. Dever, from Division 1 to Division 5.

Patrolman John J. Gorham, from Division 1 to Division 5.

Patrolman Frederick L. Regan, from Division 1 to Division 16.

Patrolman Joseph A. Buccigross, from Division 2 to Division 6.

Patrolman Joseph A. O'Malley, from Division 2 to Division 10.

Patrolman John M. Brauneis, Jr., from Division 3 to Division 17.

Patrolman William A. Cohen, from Division 3 to Division 16.

Patrolman Antonio DeFranco, from Division 3 to Division 6.

Patrolman Albert R. Gildersleeve, from Division 3 to Division 16.

Patrolman Jerome F. Laskey, from Division 3 to Division 5.

Patrolman James H. Leonard, from Division 3 to Division 9.

Patrolman John J. O'Connor, from Division 4 to Division 11.

Patrolman William Shea, from Division 4 to Division 7.

Patrolman James Brickley, from Division 5 to Division 1.

Patrolman William J. Collins, from Division 5 to Division 3.

Patrolman John W. Conway, from Division 5 to Division 10.

Patrolman John Crawford, from Division 5 to Division 7.

Patrolman Gaetano G. DeGiacomo, from Division 5 to Division 11.

Patrolman Charles Flanders, from Division 5 to Division 13.

Patrolman Robert C. Garnett, from Division 5 to Division 10.

Patrolman Roland W. Garrison, from Division 5 to Division 9.

Patrolman Benjamin Goodman, from Division 5 to Division 15.

Patrolman Owen Heaney, from Division 5 to Division 19.

Patrolman Walter P. Heffernan, from Division 5 to Division 15.

Patrolman Joseph G. Hudson, from Division 5 to Division 17.

Patrolman John L. Hunt, from Division 5 to Division 6.

Patrolman Edward L. Kelley, from Division 5 to Division 3.

Patrolman Joseph F. Lawless, from Division 5 to Division 7.

Patrolman Theodore F. Lenz, from Division 5 to Division 17.

Patrolman Charles E. McCloskey, from Division 5 to Division 9.

Patrolman Carl L. Miner, from Division 5 to Division 11.

Patrolman Cyril Montgomery, from Division 5 to Division 1.

Patrolman Thomas W. Noble, from Division 5 to Division 19.

Patrolman Charles H. Price, Jr., from Division 5 to Division 9.

Patrolman Raymond A. Purrington, from Division 5 to Division 12.

Patrolman James A. Redington, from Division 5 to Division 10.

Patrolman James J. Weldon, from Division 5 to Division 19.

Patrolman Denis M. Downing, from Division 6 to Division 5.

Patrolman Patrick J. Morrissey, from Division 6 to Division 5.

Patrolman Frank J. Spitz, from Division 6 to Division 3.

Patrolman Bernard P. Tierney, from Division 6 to Division 16.

Patrolman Albert S. Anderson, from Division 7 to Division 6.

Patrolman Samuel C. Hutchins, from Division 9 to Division 2.

Patrolman William J. Mason, from Division 9 to Division 5.

Patrolman Edward M. Peardon, from Division 9 to Division 17.

Patrolman William Brauneis, from Division 10 to Division 5.

Patrolman Edward J. Galvin, from Division 10 to Division 5.

Patrolman Charles L. Kreinsen, from Division 10 to Division 5.

Patrolman William P. Lyons, from Division 10 to Division 16.

Patrolman Felix F. Sharkey, from Division 10 to Division 5.

Patrolman Wayland F. Tripp, from Division 10 to Division 13.

Patrolman Edward Fallon, from Division 11 to Division 5.

Patrolman Joseph P. Lynch, from Division 11 to Division 16.

Patrolman Francis P. McGuire, from Division 11 to Division 5.

Patrolman John V. Miller, from Division 11 to Division 5.

Patrolman Martin J. J. O'Donnell, from Division 11 to Division 16.

Patrolman Clarence C. Strange, from Division 11 to Division 16.

Patrolman Benjamin Hulke, Jr., from Division 12 to Division 7.

Patrolman Richard R. O'Meara, from Division 12 to Division 16.

Patrolman Harry E. Beatty, from Division 13 to Division 5.

Patrolman John L. Pimental, from Division 13 to Division 5.

Patrolman Willie H. Bures, from Division 14 to Division 21.

Patrolman Francis J. O'Connor, from Division 15 to Division 5.

Patrolman John S. Wellings, from Division 15 to Division 5.

Patrolman John Allen, from Division 16 to Division 9.

Patrolman William Belle, from Division 16 to Division 5.

Patrolman Joseph F. Boland, from Division 16 to Division 5.

Patrolman Patrick J. Creighton, from Division 16 to Division 12.

Patrolman John J. Crimmins, from Division 16 to Division 19.

Patrolman John J. Devine, from Division 16 to Division 5.

Patrolman George E. Doherty, from Division 16 to Division 14.

Patrolman Robert H. Ennis, from Division 16 to Division 12.

Patrolman George M. Fish, from Division 16 to Division 1.

Patrolman Herbert H. Haskins, from Division 16 to Division 14.

Patrolman Sidney Hodges, from Division 16 to Division 11.

Patrolman William J. Hodgkinson, from Division 16 to Division 3.

Patrolman Clarence E. Hyde, from Division 16 to Division 1.

Patrolman Norman A. Mortimer, from Division 16 to Division 10.

Patrolman Harold E. Nickerson, from Division 16 to Division 5.

Patrolman James P. Welch, from Division 16 to Division 6.

Patrolman Louis B. Hennessey, from Division 17 to Division 5.

Patrolman Laurence J. McNamara, from Division 17 to Division 16.

Patrolman Thomas F. O'Malley, from Division 18 to Division 3.

Patrolman John F. Adley, from Division 19 to Division 5.

Patrolman Edward J. Fitzpatrick, from Division 19 to Division 16.

Patrolman John F. McElhinney, from Division 19 to Division 16.

Patrolman Maurice P. Sheehy, from Division 19 to Division 16.

Patrolman Charles M. Walker, from Division 19 to Division 5.

Patrolman Charles P. Wonderly, from Division 19 to Division 16.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

BOSTON AS A TOWN.

From its foundation until 1755, or a period of 125 years, Boston was not only the most outstanding but the most populous town in the American colonies. In 1760, Philadelphia's population was ahead, viz. 18,756, Boston's then being 15,631 and New York's about 14,000. In the last year of town government, viz., 1821, Boston's population was about 45,000 and its public debt \$100,000, all incurred for new county buildings.

The history of Boston as a town during a period of nearly two centuries surpasses in civic interest that of Boston as a city because of the untiring zeal and successful efforts of its townsmen to realize more of true democracy than had ever been attained before. Their obligations were held as sacred as their liberties.

BUILDING PERMITS ISSUED MAY 26 TO JUNE 1.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of
the Board of Street Commissioners for
the taking of land for sewerage works to
be constructed as follows:

The right and easement is taken to lay
and maintain sewerage works in the fol-
lowing described lands, exclusive of any
interest in trees, buildings or other struc-
tures standing thereon, reserving to the
owners thereof the right to use the lands
for any purpose except such as may in-
jure or obstruct said works, and except
for placing or maintaining any structure
on said lands not authorized in writing
by the Mayor of said city; trees, build-
ings or other structures standing upon or
affixed to the land in which an easement
is hereby taken are to be removed there-
from within sixty days following a notice
of the city's intention to enter upon said

taking for the purpose of constructing
said sewerage works. Said lands are in
that part of Boston formerly Dorchester
and are bounded as follows:

A parcel of land, owners unknown, be-
ing part of the private way known as
Hazleton street, bounded:

Northwesterly by easement taken by
the City of Boston for sewerage purposes
October 14, 1926, eight and 9-100 feet;
northeasterly by another part of Hazleton
street and by Hillsboro road, by three
measurements, one hundred eighty-four
and 66-100 feet, sixteen and 23-100 feet
and nine and 48-100 feet; southeasterly
by another part of Hazleton street, seven-
teen and 71-100 feet; northeasterly by
the same, by two measurements, one
hundred ninety-nine and 62-100 feet and
two hundred eight and 50-100 feet; south-
easterly by the same and by easement

taken November 10, 1926, eight feet;
and southwesterly by another part of
Hazleton street, by three measurements
two hundred eight and 19-100 feet, two
hundred five and 89-100 feet and one
hundred eighty-four and 3-100 feet, con-
taining forty-eight hundred and ninety-
nine square feet, more or less.

A parcel of land, owners unknown, be-
ing part of the private way known as
Hillsboro road, bounded:

Southwesterly by Hazleton street, nine
and 48-100 feet; northerly by another
part of Hillsboro road, by two measure-
ments, seventy-two and 77-100 feet and
one hundred and two feet; easterly by
the same, six feet; and southerly by the
same, by two measurements, one hun-
dred three and 19-100 feet and sixty-six
and 63-100 feet, containing ten hundred
and thirty-four square feet, more or less.

The sewerage works to be constructed
are as follows: In Hazleton street, 605
linear feet of 10-inch pipe sanitary sewer
and in Hillsboro road, 195 linear feet of
10-inch pipe sanitary sewer.

This Board determines that no person
sustains damages in his estate by the
taking of the aforesaid easement and con-
struction of said sewerage works and
awards no damages therefor.

Betterments are to be assessed for the
making of the aforesaid improvement.

Ordered, That this Board estimates that
the lots of abutting land on the easterly
and westerly sides of Hazleton street, be-
tween Westmore road and easement taken
by the City of Boston November 10, 1926,
and the lots of abutting land on the north-
erly and southerly sides of Hillsboro road,
between Hazleton street and a point ap-
proximately 200 feet easterly, will receive
benefit or advantage, beyond the general
advantage to all real estate in said city,
from the improvement herein ordered,
each of said lots to the amount herein-
after respectively set against it; said lots
and the supposed owners thereof being
shown on a plan marked "City of Boston,
Plan No. 757, Sewerage Works, Hazleton
Street, Hillsboro Road, Dorchester, April
1, 1927, William J. Sullivan, Chief Engi-
neer, Street Laying-Out Department,"
and on file in the office of said department.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works, to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston, formerly Dorchester, and are bounded as follows:

A parcel of land, owners unknown being part of the private way known as Ormond street, bounded:

Northwesterly by Wellington Hill street eight and 10-100 feet; northeasterly by another part of Ormond street, two hundred forty-four and 44-100 feet; southeasterly by easement taken by the City of Boston for sewerage purposes October 25, 1926, eight feet; and southwesterly by another part of Ormond street, two hundred forty-five and 69-100 feet, containing nineteen hundred and sixty-one square feet, more or less.

The sewerage works to be constructed are as follows: 230 linear feet of 10-inch pipe sanitary sewer and 230 linear feet of 12-inch pipe surface drain, in the above described premises, being part of the private way known as Ormond street, leading southeasterly from Wellington Hill street for a distance of approximately 245 feet.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lots of abutting land on the northeasterly side of Ormond street for a distance of approximately 250 feet southwesterly from Wellington Hill street, and the lot of abutting land at the westerly corner of Ormond street and Byers road, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 761, Sewerage Works, Ormond Street, Dorchester, April 1, 1927, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Catherine G. Foley, addressograph operator, from \$1,500 to \$1,600 a year, effective June 3.

LAND-TAKING IN BRIGHTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works, to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Brighton and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Gardner street, bounded:

Easterly by easement taken by the City of Boston for sewerage purposes in January, 1894, ten feet; southerly by another part of Gardner street, one hundred and fifty feet; westerly by the same, ten feet; and northerly by the same, one hundred and fifty feet, containing fifteen hundred square feet, more or less.

The sewerage works to be constructed are as follows: 150 linear feet of 10-inch pipe sanitary sewer and 150 linear feet of 18-inch and 20-inch pipe surface drain, in the above-described premises, being part of the private way known as Gardner street, leading westerly from Alcorn street for a distance of approximately 150 feet.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lot of abutting land on the southerly side of Gardner street, supposed to belong to the Transportation Buildings Corporation of Massachusetts, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, said lot to the amount herein-after mentioned; said lot being shown on a plan marked "City of Boston, Plan No. 763, Sewerage Works, Gardner Street, Brighton, May 16, 1927, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Lot.	Amount.
2. Transportation Buildings Corporation of Massachusetts.....	\$750 00

EXTRA WORK UNDER CONTRACT.

The Gow Company, Inc., have been directed to perform the following extra work under contract for raising and underpinning boiler foundations, Calf Pasture, dated April 5, 1927. Items ordered: Remove westerly brick wall of single boiler setting on account of interference with jacking operations, \$262; remove fire damaged section of middle wall of double setting and replace with reinforced concrete, foundation wall to conform to work in progress, \$388; widen and bond exterior pipe trench to concrete masonry of boiler setting, \$69. This work though not contemplated in the original contract is incidental thereto. Estimated cost of extra work, \$719.

C. & R. Construction Company have been directed to perform the following extra work under contract for laying 48-inch water pipes in Beacon street, Charles street, Park square, Columbus avenue, Arlington street, Tremont street, etc., dated October 21, 1926. Items ordered: Cut out and remove car rails, frogs, switches in Park square; haul pipe and specials from Metropolitan water yards, etc. Although this is in addition to the work contemplated in the original contract it is incidental thereto. Estimated cost of extra work, \$1,000.

John Williams has been directed to perform the following extra work under contract for laying and relaying water pipes in Barlow street, Cedar road, Forest Hills street, Pond place, Rhoda street, Walnut road, West Roxbury Parkway, West Roxbury; Church street and Hillside street, Hyde Park, dated April 5, 1927. Items ordered: Repairs to defective hydrant, repairing drain, removal of materials and cleaning street to allow shift in location of underground conduits. Although this is in addition to the work called for in the original contract it is incidental thereto. Estimated cost of extra work, \$100.

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following claims:

Mrs. Carolyn Graham, 25 Falmouth street, Belmont, in the sum of \$103, as compensation for personal injuries received August 24, 1926, by being shot by Police Officer Morrison at Atlantic avenue and Summer street.

Mary L. Becker, 62 Tremont street, Brighton, in the sum of \$50, as compensation for damage to property at that address by lawn being destroyed in the installation of granolithic sidewalks, during July and August, 1926.

Mary E. T. Healy, 112 Cedar street, Roxbury, in the sum of \$61.40, as compensation for damage to property at that address caused by tree breaking in front of 105 Cedar street, July 22, 1926.

Mary E. T. Healy, 112 Cedar street, Roxbury, in the sum of \$50, as compensation for damage to property at that address by tree breaking in front thereof, February 20, 1927.

Mrs. Maria Nardo, 81 Eutaw street, East Boston, in the sum of \$200, as compensation for personal injuries received July 17, 1926, by defective sidewalk in front of 60 Fleet street.

PETITIONS ALLOWED.

The Mayor has approved the following petitions received from the Board of Street Commissioners:

Edison Company and N. E. T. & T. Co., Davitt street, Ward 13, erect one pole.

Emma J. Finnegan, 4 Savin Hill avenue and 80 Pleasant street, Ward 13, 2,000 gallons of gasolene.

Ellen A. Williams Morrill, 82-98 Hampden street, Ward 8, 2,000 gallons of gasolene.

S. M. Howes, 519 Medford street, Ward 2, acetylene and oxygen.

Mathison & Co., 145 A street, Ward 6, acetylene and oxygen.

E. L. Fitzhenry Company, 48 Beverly street, Ward 3, acetylene and oxygen.

SALE OF OLD SODA FOUNTAIN.

Authority has been granted to sell at public auction an old soda fountain stored in the Franklin Park yard for the last three years and is of no practical use to the department.

ON DEATH OF JOHN A. SULLIVAN.

Mayor Nichols, on learning of the death of John A. Sullivan, paid tribute to his citizenship as follows:

In character and ability, John A. Sullivan ranked among the foremost of his fellow citizens. The loss caused by his death can hardly be measured. He was active in national, state and municipal affairs, and left upon them the stamp of a strong personality. One of the qualities which made him strong in friendship was his fairness and his regard for the feelings of others. It was this quality which was conspicuous on the personal side. Mr. Sullivan was human all the way through, a thoughtful husband, a kind father and an upright citizen. It was my privilege to have called him my friend for many years, and I am more grieved at his death than I can say.

ADDITIONAL DAMAGES AWARDED.

The Mayor has approved the following order of the Board of Street Commissioners:

Whereas, An award of \$8,615 for the taking of an easement for highway purposes in 386 square feet of land from Cyrus Sargent *et al.*, for the widening and relocation of Cambridge and Court streets, was made to said Sargent *et al.* under the order for said improvement dated August 20, 1924; and

Whereas, Said sum (\$8,615) was accepted by said Sargent *et al.* not in full satisfaction of all damages so sustained but as payment *pro tanto* without prejudice to any right to have the remainder of said damages, if any, assessed by the appropriate tribunal; and

Whereas, Said Sargent *et al.* petitioned the Superior Court for a jury to determine said damages in excess of the amount (\$8,615) so awarded, accepted and paid; now, therefore, it is

Voted, After consultation with the Law Department, and on its advice, that additional damages in the amount of \$5,385 flat be and the same hereby is awarded to Cyrus Sargent *et al.*, and it is further ordered that the Corporation Counsel agree to judgment in said case on the terms herein stated.

FIRE DEPARTMENT ORDERS.*General Order No. 31.***I. RETIREMENTS.**

The following retirements are hereby announced to take effect at 8 a. m. Friday, May 27, 1927:

Captain Thomas J. Lannary, of Engine Company 40.

Captain Edwin F. Richardson, of Engine Company 32.

Captain Walter S. Eaton, of Engine Company 31.

Captain George A. Carney, of Engine Company 14.

Captain Lannary was appointed to this department October 15, 1886. He was promoted to lieutenant May 8, 1896, and to captain April 10, 1903.

Captain Richardson was appointed to this department August 19, 1887, as a call man and became a permanent member January 9, 1888. He was promoted to lieutenant August 28, 1896, and to captain March 2, 1906.

Captain Eaton was appointed to this department July 31, 1891. He was promoted to lieutenant December 14, 1899, and to captain October 14, 1909.

Captain Carney was appointed to this department February 10, 1893. He was promoted to lieutenant September 2, 1904, and to captain January 2, 1920.

These officers have given many years of faithful service to the city and leave the department with the respect and best wishes of their associates.

II. MEMORIAL FIELD SERVICE.

Members of the department who are veterans of the Spanish-American and World Wars, and who are desirous of participating in the Memorial Field service on Sunday, May 29, 1927, at Fenway Park, on their off-time, will report to Coleman C. Curran, Ladder 4, in the rear of the Copley Plaza Hotel, Stuart and Dartmouth streets, not later than 2 p. m.

Because of the large number of members of the department who served in these two wars, who may desire to attend the Memorial Field service, permission is granted to exchange periods of duty.

The regulation uniform of this department, with sack coat and white gloves will be worn. Organization badges, war service medals and ribbons may be worn side of the corporation badge.

III. PUMP SCHOOL.

Announcement having been made by the Department of Civil Service and Registration that in future examinations officers will be examined in the operation of pumping engines, applications to attend pump school will be received by the Fire Commissioner from all members of the department up to and including June 10, 1927.

IV. HOUSE JOURNALS.

Company commanders will report on Form 5 the number of journals that will be required by them for the use of the company for one year beginning June 1, 1927. They will also state the number of journals (unused) they have on hand at the present time. District chiefs will also report the number of unused journals they have on hand at the present time.

These reports are to be forwarded not later than Tuesday, May 31, 1927.

By order of Fire Commissioner E. C. Hultman.

DANIEL F. SENNOTT,
Chief of Department.

*General Order No. 32.***I. PROMOTIONS.**

The following promotions are hereby announced to take effect at 8 a. m. Saturday, May 28, 1927:

Lieut. John J. Devine, Ladder 7, to be captain.

Lieut. Edward N. Montgomery, Engine 22, to be captain.

Lieut. Dennis J. Coughlin, Tower 3, to be captain.

Lieut. William A. Donovan, Engine 43, to be captain.

Lieut. John F. Good, Headquarters, to be captain.

Lieut. Hugh J. Goodfellow, Ladder 22, to be captain.

Chief of Department.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Dorchester and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Norfolk terrace, bounded:

Southeasterly by Norfolk street, six feet; southwesterly by another part of said terrace, one hundred and seventy feet; northwesterly by the same, six feet; and northeasterly by the same, one hundred and seventy feet, containing ten hundred and twenty square feet, more or less.

The sewerage works to be constructed are as follows: 163 linear feet of 10-inch pipe sanitary sewer, in the above described premises, being part of the private way known as Norfolk terrace, leading northwesterly from Norfolk street for a distance of about 170 feet.

Betterments are to be assessed for the making of the aforesaid improvement.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

Ordered, That this Board estimates that the lots of abutting land on the northeasterly and southwesterly sides of Norfolk terrace, excluding the lots at the corners of Norfolk street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 759, Sewerage Works, Norfolk Terrace, Dorchester, May 14, 1927, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of this department.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said work, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Atlantic street, bounded:

Northwesterly by land hereinafter described as taken from owners unknown (Glenham street), ten and 4-100 feet; northeasterly by another part of Atlantic street, two hundred fifty-three and 73-100 feet; southeasterly by easement taken by the City of Boston for sewerage purposes, November 21, 1922, ten feet; and southwesterly by another part of Atlantic street, two hundred fifty-two and 86-100 feet, containing twenty-five hundred and thirty-three square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Glenham street, bounded:

Southeasterly by land hereinafter described as taken from owners unknown (Atlantic street), ten and 4-100 feet; southwesterly by another part of Glenham street, twenty-three and 9-100 feet; northwesterly by the same, ten and 4-100 feet; and northeasterly by the same, twenty-three and 9-100 feet, containing two hundred and thirty-one square feet, more or less.

The sewerage works to be constructed are as follows: 300 linear feet of 10-inch pipe sanitary sewer, in the above described premises, being part of the private way known as Atlantic street, leading southeasterly from Glenham street for a distance of approximately 253 feet, and part of the private way known as Glenham street, adjoining Atlantic street.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lots of abutting land on both sides of Atlantic street, leading southeasterly from Glenham street for a distance of approximately 253 feet, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 746, Sewerage Works, Atlantic Street, West Roxbury, March 22, 1927, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

RETIREMENT BOARD REPORT.

At a meeting of the Boston Retirement Board held on Friday, May 13, 1927, the retirement from active service of the following named members of the Boston Retirement System was approved to become effective at close of business, Tuesday, May 31, 1927.

ASSESSING DEPARTMENT.

A. S. Parker Weeks, first assistant assessor, salary at time of retirement, \$1,700 a year.

HEALTH DEPARTMENT.

Joseph M. Harrington, sanitary inspector, salary at time of retirement, \$2,100 a year.

POLICE DEPARTMENT.

Francis E. Kennedy, custodian, salary at time of retirement, \$1,500 a year.

PUBLIC WORKS DEPARTMENT.

Paving Service.

Arthur O. Hickey, laborer, salary at time of retirement, \$1,560 a year.

John P. Leach, laborer, salary at time of retirement, \$1,560 a year.

Sewer Service.

Hugh Shannon, subforeman, salary at time of retirement, \$1,900 a year.

Street Cleaning Service.

John McDonough, helper, salary at time of retirement, \$1,560 a year.

John J. Fahey, inspector, salary at time of retirement, \$1,800 a year.

Patrick H. Hogan, yardman, salary at time of retirement, \$1,560 a year.

ACCEPTS MAINE DUCKS FOR CITY ZOO.

Mayor Nichols announced on May 26 that he had accepted for the city, some ducks proffered by Mrs. Rose Severance of Bangor, Me. A copy of the Mayor's letter of acceptance follows:

BOSTON, May 26, 1927.

MRS. ROSE SEVERANCE, Valley Avenue, Bangor, Me.:

DEAR MRS. SEVERANCE,—In reply to your letter of the 20th instant, I assure you it will be a pleasure to receive, for the City of Boston, the ducks you so very kindly offered. May I suggest that if entirely agreeable to you, they be forwarded to the Franklin Park Bird House, Humboldt avenue entrance, by the American Express and the Park Department will be glad to place your name among the donors of birds and animals contributed to the Boston Zoo.

Please be assured of the thanks of the city for your generous offer.

With kind regards, I am,

Sincerely yours,

MALCOLM E. NICHOLS, Mayor.

PROCEEDINGS OF CITY COUNCIL.

Tuesday, May 31, 1927.

Special meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., President HEFFERNAN in the chair. Absent, Coun. McMahon.

The meeting was held pursuant to the following call:

City of Boston,
Office of the Mayor, May 27, 1927.
To the Members of the City Council.

Gentlemen,—You are hereby requested to assemble in the City Council Chamber, City Hall, on Tuesday, May 31, 1927, at 2 p. m., for the purpose of taking action on a proposed loan for repairing and reconstructing streets by contract.

Respectfully yours,
MALCOLM E. NICHOLS, Mayor.
The call was placed on file.

STREET LOAN OF \$500,000.

The following was received:

City of Boston,
Office of the Mayor, May 28, 1927.
To the City Council.

Gentlemen,—I transmit to you herewith a loan order in the sum of \$500,000 for permanent pavement. This loan is required by reason of a tax limit lower than the one petitioned for the Mayor. This lower tax limit caused a serious reduction in the item for reconstructing and repairing of streets by contract.

The policy contained in the budget was to provide for the raising of all sums for permanent paving in the tax levy of the current year. I believe it preferable to reconstruct and repair streets from the tax levy although most of the large cities throughout the country follow consistently the policy of borrowing money for this purpose because of the permanent nature of the work and its identity with capital expenditure.

The only sum available for the comprehensive street program laid out by the Commissioner of Public Works for the year 1927 amounts to \$250,000 provided in the budget.

The additional sum of \$500,000 proposed in the loan will permit the city to undertake work of extreme necessity. This work includes such streets as Boylston, from Exeter across Berkeley, and from Park square to Tremont street; Columbus avenue, from Northampton to Dartmouth street; Stuart street, from Huntington avenue to Dartmouth street; Beacon street, from Massachusetts avenue to Raleigh street; Washington street, from Massachusetts avenue to Dover street, a street in South Boston; North Harvard street, from Charles river to Cambridge street; Brookline avenue, from Audubon road to the Brookline line, and Longwood avenue, from Brookline avenue to the Parkway. These streets are cited because they are heavily traveled traffic highways whose surfacing demands immediate renewal.

The importance of smooth streets to the transaction of business in a great city can hardly be over estimated. Some of our principal thoroughfares have not been repaved for a period of eighteen to twenty years during which time street traffic has quadrupled in volume.

I believe that this matter is such as to require prompt attention and I have therefore called your honorable body together in special session so that it may secure the advantage of an early and favorable consideration, which I earnestly recommend.

Respectfully yours,
MALCOLM E. NICHOLS, Mayor.

Ordered, That the sum of \$500,000 be and hereby is appropriated to be expended by the Commissioner of Public Works for Permanent Street Pavement, and that to meet said appropriation, the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the city, to said amount.

Coun. KEENE—Mr. President, I move that the rule be suspended, and that this matter be referred to the Executive Committee.

The rule was suspended and the communication from the Mayor, with the accompanying order, was referred to the Executive Committee.

Coun. McGRATH—Mr. President, I would like to make a motion at this time that we send for Public Works Commissioner Sullivan and for Mr. Hurley, chairman of the Board of Street Commissioners, asking that they bring with them whatever data or information they have available for the Executive Committee.

President HEFFERNAN—The Executive Committee will take notice.

The Council voted at 2.15 p. m., on motion of Coun. McGRATH, to take a recess, subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by President HEFFERNAN at 3.45 p. m.

EXECUTIVE COMMITTEE REPORT.

Coun. GILBODY, for the Executive Committee, submitted a report on the order transmitted by the Mayor (referred today) appropriating \$500,000, to be expended by the Commissioner of Public Works for Permanent Street Pavement, etc.,—that said order ought to pass.

The report was accepted, and the question came on the first reading and passage of the order.

Coun. McGRATH—Mr. President, I think there are one or two phases of this situation that ought to be cleared up so far as the Council is concerned. My understanding is that his Honor the Mayor requested in the budget of this year \$250,000 for the reconstruction of streets, and that that was the only item that we have had an opportunity to vote upon. It was originally a million dollars, but because of the action of the Legislature it was cut to \$250,000. An article in one of the Boston papers, in which it says that the delay on the budget caused this situation may be misconstrued, and I would like to have it go into the records that the first time this Council has had an opportunity this year to vote on over \$250,000 for this purpose is at this special meeting today, when we get a request for an appropriation of \$500,000. I too, feel that we should say something about what has been done today in the Executive Committee. A committee of three was appointed by the chairman to wait on his Honor the Mayor, to ask the Mayor to increase this appropriation to a million dollars to take care of some forty residential streets, the expense for which would amount to about \$700,000, that are not taken care of under this order. Because of the condition of the streets in this city, every member of the Council appreciates the fact that any money properly spent on the streets is wisely spent. For that reason, I am going to be with this \$500,000 order. The Mayor says that some time later, perhaps in September, he may apply for another \$500,000 so that the plans may be worked out for next year; but it does seem to me that the necessity of improving the streets in the residential section is such a vital one that action should be taken in that direction as soon as possible. I am very sorry that something of the sort cannot be done today, so far as the suburban wards are concerned. The streets in certain sections are in deplorable condition, and the Council would be warranted in voting for an order to raise a million dollars for the purpose. The order before us, however, simply provides for \$500,000 for certain streets, a few streets that it is proposed to take care of. While I am very sorry that it does not provide for a larger amount, including money for the care of streets in the outlying district, I shall vote for the order.

Coun. PARKMAN—Mr. President, to my mind there are at least two questions presented to us today, and the correct solution depends on weighing one in the balance against the other. On the one hand, there is the question of the wisdom of borrowing money for the reconstruction and repair of streets, and on the other hand, we have to consider the necessity of repairing the streets which everyone admits is a crying one. The policy of borrowing for the repair and reconstruction of streets is one that is pretty thoroughly discredited, and one that for many years has not been followed in the City of Boston except on a few occasions when an emergency arose such as confronts us at the present time. There is also the practical question that arises, back of these questions of policy, and that is the question of how much work can actually be done in the course of the year. If we grant that the policy is a bad one, we should not consider voting a loan of any more money than can be used. Last year there was some \$631,000 worth of work done on the streets, out of an appropriation of \$1,000,000, which left a balance of \$369,000. Of that balance, \$254,000 is under contract, and of that \$254,000 only \$48,000 has actually been spent this year. Those are the figures given to the body in Executive Committee by the Commissioner of Public Works. In the budget there is an appropriation of \$250,000, so that there is money available for over \$500,000 worth of work, almost \$600,000, practically the equivalent of the work that was done last year. The commissioner stated that the only reason why more work was not done last year was because of failure of the Boston Elevated Railway to co-operate in ripping up the tracks, and this year he states that he has some evidence of better co-operation. But I think the Council should satisfy itself that that is in fact the case and that the money can actually be spent and the work actually be done. A further question before the Council—and I am only treating these questions in very brief form this afternoon—is the fact that, I believe, a majority of the Council is satisfied, in spite of the vote on the budget, that there is approximately \$200,000 to \$250,000 of slack in the budget which could be used for the repair and reconstruction of streets. If the policy of borrowing money for the repair of streets is a bad one, money is available in the budget

by transfer, and should be appropriated in that way, for this purpose. Those are some of the questions which the Council should consider in voting upon this loan order. There is no question that money is needed to expend on the streets, the only question being how much money can be spent and how that money should be raised. I intend to vote for the passage of this loan order this afternoon, but I do so reserving all rights as to my vote on the second reading of the order.

Coun. GUILD—Mr. President, I think all of us in the City Council recognize that whatever responsibility there is in the City of Boston for the deplorable condition of the streets in the suburban district, which must continue for the next few months, can be fairly and squarely placed on Beacon Hill and not upon the Boston City Council or the Mayor's office. For a period of several months the Mayor used all diligence to get the Massachusetts Legislature and the Governor to give him sufficient money so that he would be able to take care of these streets without resorting to any such method as he is now forced to adopt in order to give the citizens of Boston streets to which they are entitled. The time which was passed in those negotiations has now brought about such a situation that this is the only way in which it is possible for the Mayor to carry out the program he desired to carry out and which he is willing to carry out if he is given the means to do so. I am in favor of this loan order, although I know and recognize the fact that there are those who will question the correctness of the financial methods involved; but I feel that any censure because of faulty financial methods should fall upon Beacon Hill, where we were delayed and tied up until we have been forced into such a position that, in order to give the citizens of Boston what they are entitled to, we must resort to this method. I hope every member of the City Council will support this loan order.

Coun. WILSON—Mr. President, I wish to say at this time that I agree with very many of the reasons given by Mr. Parkman which would lead me to hesitate to vote in favor of this order. I do, however, intend to vote for the passage of the order at this time. According to the figures given us in Executive Committee, in 1926 the department spent \$530,221. According to their figures they intend to spend in 1927 over a million dollars. I shall vote for this particular order solely on the assurance of Commissioner Sullivan that he will spend approximately \$1,000,000 on these streets during this year. I was surprised to see the call for the special meeting, which seems to have been prompted by the idea that an emergency confronted us, because in looking at last year's figures I find that of the \$900,000 in last year's budget only \$530,000 was actually spent, and that \$254,000 was contracted for, but has not yet been spent, and that at the close of the year over \$100,000 had neither been spent nor contracted for. Apparently, we are now turning over a new leaf; apparently we are going to make some progress on the streets this year, and we now have an assurance that the money will be spent and the work done. That is the only reason why I am voting for the loan order at this time. I feel that there is a vast distinction between finding ourselves at the end of 1926 with \$254,000 raised from the tax levy, contracted for but not spent, and finding ourselves at the end of 1927 with a quarter to half a million raised by loan, and on which we are paying interest, in our treasury. I shall certainly be surprised and disappointed if we find later that the estimates of Mr. Sullivan are incorrect, and if we find ourselves at the end of this year with as much money unspent for this purpose as at the end of last year—the distinction being this year that we would be paying interest on the money that was left at the close of the year, besides facing the fact that the work had not been done.

Coun. McGRATH—Mr. President, I would like to say just a word in closing. One of the previous speakers has blamed Beacon Hill, the Legislature and the Governor, for the situation that now confronts us. I don't think that is a correct statement of the situation. I think the sentiments expressed by my colleague from Dorchester are perhaps truer when he refers to the unexpended balance after last year. I feel in this way about the situation: Last year this administration was fast asleep. There was nothing being done. Of the million dollars half a million was not contracted for until later than the time when most administrations would have had the work done. We had a situation where, when we called up the head of the department, he could not even tell us when the streets were to be fixed or what streets were to be fixed, and until such time as his Excellency the Governor, showing his usual wisdom and good sense, jacked up this administration and placed the responsibility exactly where it belonged, saying to the Mayor, "You promised to the citizens of Boston an administration of economy and efficiency, and you have given them neither," nothing was done. It was Governor Alvan Fuller who finally woke up the chief magistrate of this city, and who

has brought about the situation where the Commissioner of Public Works this year says that he will spend the money appropriated for this purpose. So we should thank Beacon Hill for rendering, this time, at least, a service to every citizen of Boston by performing a service that neither the members of the Council, individually or collectively, could perform, by waking up, temporarily at least, some of the heads of departments and the gentleman whom they call Mayor, who sits in the corner office. So I say, rather than blame Beacon Hill, we ought to give a vote of thanks to Beacon Hill, for waking up the man who has been elected Chief Executive of this city, so that we now find the administration, late as it is, apparently realizing at last that for eighteen or twenty years no work such as should have been done has been done on our streets. So we now have a special meeting called, and we will have another \$500,000 appropriated, which will enable some work to be done. But the most cheering part of it is the fact that the Commissioner of Public Works, upon being called on today, says he will do twice as much work this year as he did last year.

Coun. ARNOLD—Mr. President, I don't know whether his Excellency the Governor will appoint our friend to office or not, but I am sure, after such a speech we all hope so. I recall very distinctly the fact that during the last municipal campaign very weighty arguments were used setting forth the deplorable conditions of the streets of the City of Boston, and I for one said that I would be very glad to support the next Mayor of Boston in his street program. I am sorry that I have to support him on a loan order in order to carry through that program, but support him I shall, regardless of how this money is raised. We need the money in the City of Boston, we need it badly. Repairs have been delayed too long already; and when the time comes to take care of other streets in the City of Boston, I will be just as ready to support that program as I am now ready to support the program before us this afternoon.

The report was accepted and the order was given its first reading and passage, yeas 21, nays 0.

On motion of Coun. DONOVAN, reconsideration of the action taken was refused.

President HEFFERNAN—The purpose for which the meeting was called having been accomplished, the Council stands adjourned.

The Council stood adjourned at 4.20 p. m. to Monday, June 6, at 2 p. m.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

OFFICE BOY OR OFFICE GIRL, STATE AND CITIES, JUNE 16, 1927.

The entrance salary for office boy or office girl is usually \$600 per year.

Applicants must be not less than 14 nor over 18 years of age at the time of filing application.

The subjects of examination with their respective weights will be as follows: Training and experience, 3; spelling, 3; arithmetic, 2; letter writing, 2; total, 10.

Applicants will be required to obtain a mark of at least 65 per cent in general average in order to become eligible.

CITY OF BOSTON.

SCHOOL COMMITTEE.

EXAMINATION FOR ADMISSION TO COURSES IN THE TRAINING SCHOOL FOR TEACHERS OF MECHANIC ARTS.

On Saturday, June 11, 1927, the Board of Examiners will conduct an examination for the admission of students to the one-year and two-year courses in the Training School for Teachers of Mechanic Arts.

This examination will be given in the Parkman School, Broadway, between B and C streets, South Boston, beginning promptly at 9 o'clock a. m.

For full particulars as to eligibility requirements, apply to the Board of Examiners, 15 Beacon street, Boston.

(June 4.)

JOEL HATHEWAY,
Chief Examiner.

CITY OF BOSTON.

SCHOOLHOUSE DEPARTMENT.

TO PRINTING MACHINERY CONTRACTORS.

The Schoolhouse Commissioners of the City of Boston invite sealed proposals for furnishing and delivering printing equipment at the Joseph H. Barnes School, Marion street, corner of Saratoga street, East Boston, Mass., and giving bond of a surety company approved by the Commissioners in the sum of 45 per cent of the entire contract price. Only proposals obtained at the office of the Commissioners, Room 1009, City Hall Annex, signed by the bidder and left before 12 o'clock m. of Thursday, June 16, 1927, at said office, with a certified check for \$100, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above and the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Commissioners reserve the right to reject any or all proposals. A deposit of \$5 in cash or by certified check will be required for a complete set of specifications, said sum to be refunded on return of specifications. Mutilation of the specifications will be deemed sufficient cause for the forfeiture of the said deposit.

FRANCIS E. SLATTERY,
CHARLES P. NORTON,
JAMES W. H. MYRICK,
Commissioners.

(June 4.)

CITY OF BOSTON.

SCHOOLHOUSE DEPARTMENT.

TO GENERAL CONTRACTORS.

The Schoolhouse Commissioners of the City of Boston invite sealed proposals for domestic science suite in the Gilbert Stuart School, Richmond street, Dorchester Center, Boston, Mass., giving bond of a surety company approved by the Commissioners in the sum of 45 per cent of the entire contract price. Only proposals obtained at the office of the Commissioners, Room 1009, City Hall Annex, signed by the bidder and left before 12 o'clock m. of Monday, June 13, 1927, at said office with a certified check for \$500, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, and the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Commissioners reserve the right to reject any or all proposals. A deposit of \$10 in cash or by certified check will be required for a complete set of plans and specifications, said sum to be refunded on return of plans and specifications. Mutilation of the plans or specifications will be deemed sufficient cause for the forfeiture of the said deposit.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR ARTIFICIAL STONE SIDEWALKS IN SUMMER STREET, WARD 6, NORTHERLY SIDE, FROM BRIDGE OVER A STREET TO BRIDGE OVER NEW YORK, NEW HAVEN & HARTFORD RAILROAD

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for artificial stone sidewalks in Summer street, Ward 6, northerly side, from bridge over A street to bridge over New York, New Haven & Hartford Railroad. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of one thousand (1,000) dollars, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Artificial Stone Sidewalks in Summer Street," and left at Room 508, fifth floor, City Hall Annex, before 12 m., of Wednesday, June 15, 1927, with a certified check for one hundred (100) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JAMES H. SULLIVAN,
Commissioner of Public Works.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

NOTICE.

The Board of Street Commissioners in accordance with chapter 393 of the Acts of 1906 has passed orders for the laying out and construction of the following highways:

BRIGHTON.

Bennett street, from 333 feet west of Parsons street to Oakland street.

WEST ROXBURY.

Westover street, northwest from Weld street, for 510 feet.

Olmstead street, from Forest Hills street to Peter Parley road.

Halford road, from Church street to Theodore Parker road.

DORCHESTER.

Ferndale street, from Norfolk street to Southern avenue.

Crowell street, from Norfolk street to Evans street.

Sumner terrace, westerly from Sumner street, for 190 feet.

Notice is hereby given that the Public Works Department is about to do the work contemplated in said order, and that all work to be done in said highways by all persons or corporations having rights in the same to lay or repair either sewer, gas, water or other pipes must be done before Saturday, July 2, 1927, as after that time no permits for openings will be granted until two years after said highways are completed.

PROPOSALS FOR STRUCTURAL STEEL.

The Transit Department of the City of Boston, 1 Beacon street, seventh floor, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for furnishing and delivering, freight prepaid, f. o. b. cars, 14 Cypher street, South Boston, about 330 tons of structural steel, consisting of beams, channels and rolled steel slabs. A bond of an approved surety company will be required for the faithful performance of the contract in a sum of 20 per cent of the total bid price. Proposals should be filled out and signed by the bidder on forms to be obtained at this office, sealed in an envelope, indorsed "Proposals for About 330 Tons of Structural Steel," and delivered to the department or to its secretary before 12 o'clock noon on Wednesday, June 15, 1927, at which time and place they will be publicly opened and read. A properly certified check in the sum of \$2,000, payable to the city, must accompany this proposal. The check shall become the property of the city if the contract is not executed by the bidder within the time prescribed after the date of the notification by the department of the acceptance of the proposal and the readiness of the contract for signature. Proposals must be made in duplicate. The sealed duplicate, without check, is to be deposited by the bidder with the City Auditor, Room 20, City Hall, previous to the time named for opening the proposals. Specifications and forms of contract can be obtained at this office.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN CREIGHTON STREET, DUDLEY STREET AND WARREN STREET, ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Creighton street, Dudley street and Warren street, Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 50 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Creighton Street, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Thursday, June 16, 1927, with a certified check for three hundred (300) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JAMES H. SULLIVAN,
Commissioner of Public Works.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 19.

SATURDAY, JUNE 11, 1927.

No. 24

MUNICIPAL CALENDAR.

Meeting of the City Council Tuesday, June 14, at 2 p. m.

A special meeting of the School Committee of the City of Boston will be held in the Administration Building, 15 Beacon street, on Monday, June 13, at 6.30 o'clock p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped areas for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the regulation of street traffic; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter

houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts; also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE SCHOOLHOUSE COMMISSIONERS, Room 1007, City Hall Annex, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down of buildings.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, the building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 906, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

LINDBERGH INVITED TO BOSTON JUNE 17.

Mayor Nichols sent the following cablegram to Capt. Charles A. Lindbergh inviting him to come to Boston on Bunker Hill Day.

BOSTON, June 4, 1927.

CAPT. CHARLES A. LINDBERGH, U. S. S. "Memphis."

Boston desires greatly to greet you on Bunker Hill Day and hopes that you can arrange your plans to fly from New York to Boston on the morning of the seventeenth if only for a brief time.

MALCOLM E. NICHOLS, Mayor.

MAYOR SENDS BOSTON INVITATION TO COLONEL LINDBERGH BY AIRPLANE.

Mayor Nichols sent the following letter on June 8 to Capt. Charles A. Lindbergh: CAPT. CHARLES A. LINDBERGH, Washington, D. C.

DEAR CAPTAIN LINDBERGH,—This invitation will be presented to you by my personal representatives, Capt. Gardiner H. Fiske, Vice Chairman of the Municipal Air Board, and Maj. Charles H. Woolley of the Massachusetts National Guard, who have, at my request, flown from Boston to Washington for the purpose of renewing in the most emphatic way the cordial greeting of the City of Boston.

They will say to you that the City of Boston, in the pride of its traditions and in the romance of its great history, is most anxious to have you be its guest on June 17, or at any other time that you may find it convenient.

You have so many friends and admirers in this city that this invitation is presented in the name of all of our citizens, great and small. The last great city in America from which you departed upon your romantic flight was the City of Boston. It ought to be one of the first to be given an opportunity to extend to you a true American welcome.

Capt. Gardiner H. Fiske, Vice Chairman of the Municipal Air Board, and Maj. Charles H. Woolley, Massachusetts National Guard, left Friday morning at 10 a. m., stopping at Mitchell Field for an hour, then proceeding on to Washington, arriving there at three o'clock in the afternoon. They travelled in a Douglas O-2 plane.

BROADCAST LINDBERGH RECEPTION.

Mayor Nichols announced on June 8 that he had instructed Chairman Long of the Park Department to arrange to broadcast from the Parkman Bandstand the exercises held in Washington today, in connection with the official welcome to be extended by Washington to Capt. Charles A. Lindbergh upon his arrival. This broadcast begins at 12 noon.

CHAMBERLIN AND LEVINE CONGRATULATED.

Mayor Nichols announced on June 6 that he had sent the following cablegram to Clarence Chamberlin and Charles A. Levine, care of American Embassy, Berlin, Germany: "The people of Boston send you heartiest congratulations upon the accomplishment of your marvelous flight through the air to Berlin and sincerely hope that upon your return to the country it may have the occasion it earnestly desires to extend to you a real Boston welcome."

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.]

A rate of \$2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at News-stand, Court Square, north corner, and at the Statistics Department, Room 73, City Hall.

COMMENT OF MAYOR NICHOLS ON THE COMMUNICATION OF THE FINANCE COMMISSION RELATIVE TO THE \$500,000 LOAN FOR PERMANENT STREET IMPROVEMENTS.

I hold the Finance Commission responsible for the inability of the city this year to pay for the reconstruction of its streets from current taxes. For months the commission has bombarded the Legislature, the Governor, the City Council and the newspapers with its grotesque advice. The only success accomplished by this bombardment lay in having street pavements urgently required charged to loans.

The Finance Commission is not proud of this pale achievement, and now agrees with me that the other would have been the better way.

Its latest advice is twofold.

First, reopen the city budget by transfer. This is a pitiful gesture toward the City Council, which did on the budget a creditable piece of work, of which the Finance Commission did not approve.

Second, use the collections of back taxes. This is a weak drive at the Legislature, which decided that back taxes should not be applied in the manner favored by the Finance Commission to produce a shortage at the end of the financial year.

What Boston needs now is better streets, less talk, more action.

LIST OF GARAGE PETITIONS FOR HEARING BEFORE THE BOARD OF STREET COMMISSIONERS.

POLICE DEPARTMENT ORDERS.

General Order No. 1087.

The police officers hereinafter listed, having arrived at the age of sixty-five years or more, and having performed faithful service in the Police Department for the number of years respectively stated, it is hereby

Ordered, His Honor the Mayor, having approved the same, that they be retired from active service and their names placed upon the department pension roll with pay at the rate in each case respectively set out; said sum being one half of the amount of compensation received by each in the office from which he is retired.

Captain (Inspector of Claims).

(Amount of pension, \$1,750 per annum, payable monthly.)

John F. Ahearn, Office of the Inspector of Claims; age, 65 3-12 years; length of service, 40 5-12 years.

Capt. John F. Ahearn was appointed a patrolman in this department on January 11, 1887, and assigned to Division 14; promoted to a sergeantcy on February 8, 1908, and assigned to Division 2. On February 8, 1912, he was transferred to the Office of the Inspector of Claims, where he has since served continuously, being promoted to the grade of lieutenant on March 22, 1919, and to the grade of captain on May 13, 1924, and designated as inspector of claims as of the latter date.

Upon the retirement of Captain Ahearn, I desire in behalf of this department and myself personally to thank him for his honest, conscientious, and intelligent

service in the special work of inspection of claims against the City of Boston.

Lieutenants.

(Amount of pension, \$1,250 each per annum; payable monthly.)

John E. Hughes, Division 6; age, 65 7-12 years; length of service, 38 11-12 years.

Patrick J. O'Neil, Division 13; age, 65 5-12 years; length of service, 33 10-12 years.

Frank Arnold, Division 18; age, 65 4-12 years; length of service, 32 2-12 years.

Sergeant.

(Amount of pension, \$1,150 per annum; payable monthly.)

Patrick J. McNealy, Division 7; age, 65 2-12 years; length of service, 33 years.

Patrolmen.

(Amount of pension, \$1,000 each per annum; payable monthly.)

William H. Robinson, Division 2; age, 65 10-12 years; length of service, 34 5-12 years.

Gustave Rosenfield, Division 16, age, 65 2-12 years; length of service, 42 2-12 years.

William F. Moore, City Prison; age, 65 3-12 years; length of service, 40 7-12 years.

This order will take effect at 7.45 o'clock a. m. Monday, June 6, 1927.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

PROPOSALS ADVERTISED.

Bids have been asked for by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time for the receipt of such proposals. This will be published weekly.

HOSPITAL DEPARTMENT.

Advertises for proposals for whitening ceilings and painting walls at the Sanatorium Division. Surety bond will be required in the amount of \$800.
